### **1. Accounting policies and methods of computation**

The quarterly consolidated financial statements have been prepared by applying accounting policies and methods of computation consistent with those used in the preparation of the most recent audited financial statements of the Group and are in accordance with FRS 134, Interim Financial Reporting and Paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"), except for the adoption of the following amendment to Financial Reporting Standards ("FRSs") and interpretation which are applicable to the Group with effect from 1 January 2014 as disclosed below:

#### **Malaysian Financial Reporting Standards (MFRS Framework)**

On 19 November 2011, the Malaysian Accounting Standards Board (MASB) issued a new MASB approved accounting framework, the MFRS Framework.

The MFRS Framework has been applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 Agriculture (MFRS 141) and IC Interpretation 15 Agreements for Construction of Real Estate (IC 15), including its parent, significant investor and venturer (herein called 'Transitioning Entities').

Transitioning Entities are allowed to defer adoption of the new MFRS Framework for an additional five years. Consequently, adoption of the MFRS Framework by Transitioning Entities are mandatory for annual periods beginning on or after 1 January 2017.

The Group falls within the scope of Transitioning Entities and have opted to defer adoption of the new MFRS Framework. Accordingly, the Group is required to prepare financial statements using the MFRS Framework in its first MFRS financial statements for the year ending 31 December 2017.

In presenting its first MFRS financial statements, the Group is required to restate the comparative financial statements to amounts reflecting the application of MFRS Framework. The majority of the adjustments required on transition will be made retrospectively, against opening retained profits. The financial statements could be different if prepared under the MFRS Framework.

### 11. Contingent liabilities

There are no changes in the contingent liabilities as at the date of this announcement since the preceding financial year ended 31 December 2013 except as disclosed below:

#### (a) Income tax assessment

On 3 October 2011, Bandar Nusajaya Development Sdn. Bhd. ("BND"), an indirect subsidiary of the Company, received a notice of additional assessment from Inland Revenue Board ("IRB") for additional tax and penalty of RM50.9 million and RM22.9 million respectively in respect of the year of assessment 2006.

On 4 September 2012, the Kuala Lumpur High Court had allowed BND's judicial review application to quash and set aside the additional tax assessment. The High Court ruled in favour of BND and declared that the IRB had no legal basis to raise the additional assessment. Following the decision by the High Court, the IRB had filed an appeal to the Court of Appeal against the decision made.

The Court of Appeal, having heard and considered the submissions by both parties on 19 and 20 May 2014, unanimously decided that there are no merits in the appeal by the IRB and thus agreed with the decision of the High Court which ruled in favour of BND. The IRB had on 18 June 2014 filed an application for leave to the Federal Court to appeal against the decision of the Court of Appeal.

On 26 January 2015, the Federal Court heard the oral submission of both parties in respect of the IRB's application for leave and unanimously decided to allow the IRB's application. The Federal Court will set a date for hearing on the merit of the case with respect to the interpretation of Section 22(2)(a) of the Income Tax Act, 1967.

#### (b) Potential compensation payable to the previous land owners

There are a total of fifty (50) cases referred to High Court involving claims against the State Government for additional compensation by the previous landowners of lands acquired for the Second Malaysian Crossing Project.

After hearing the 50 cases, the High Court maintained the amount of compensation awarded by the District Land Administrator ("DLA") in 15 cases, and increased the amount of compensation in the remaining 35 cases. The parties involved however, made further appeals to the Court of Appeal for higher compensation. However, the Court of Appeal ordered that all land acquisition appeals to be transferred to the Federal Court.

Of these 50 cases:

- (i) 1 has been heard and dismissed by the Court of Appeal;
- (ii) 4 have been heard and dismissed by the Federal Court;
- (iii) 2 have accepted out-of-court settlements proposed by the State Legal Advisor Johor;
- (iv) 4 have withdrawn the case against DLA;
- (v) 2 have been heard and granted additional compensation amounting to RM19.5 million by the Federal Court; and
- (vi) 1 has withdrawn its appeal to the Court of Appeal.

## V. NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (CONT'D)

### 11. Contingent liabilities (cont'd)

- (b) Potential compensation payable to the previous land owners (cont'd)

The remaining thirty six (36) cases, which the plaintiffs are seeking compensation with a total amount of RM68.3 million, are pending hearing at the Federal Court.

BND is not directly involved in these litigations but by virtue of the Novation Agreement, is responsible for the additional land cost of land alienated to it, which includes the amounts claimed by the previous landowners.

The State Legal Adviser Johor had on 27 October 2014 confirmed that the matter has been resolved.

The Group's effective tax rate (excluding share of net results of associates and joint ventures) for the current quarter is lower than the statutory tax rate mainly due to deferred tax asset recognised and net deferred tax liability of 1% revision due to the reduced corporate income tax rate from 25% to 24% for year of assessment 2016 onwards. The High Court at Kuala Lumpur had on 28 August 2014 dismissed Rakyat Holdings' Claim against Aurora Tower and awarded costs of RM75,000 to be paid to Aurora Tower. ### 20. Comparison between the current quarter and the immediate preceding quarter

	Current quarter 31/12/2014 RM'000	Immediate preceding quarter 30/09/2014 RM'000
Revenue	1,341,350	471,137

Share of results of associates and joint ventures	38,792	33,391
Profit before income tax	349,191	88,521

The Group recorded higher revenue in the current quarter as compared to the immediate preceding quarter. This is mainly due to the completion of land sales to FASTrack Iskandar Sdn. Bhd. and Scope Energy Sdn. Bhd. in Gerbang Nusajaya as disclosed in Note 14(f) and 14(g) above.

Higher profit before income tax recorded in the current quarter is in line with the revenue recognition from land sales as above. Property development also has contributed to higher revenue and higher margin by 23% and 20% respectively in the current quarter as compared to immediate preceding quarter.

**V. NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (CONT'D)**

**21. Detailed analysis of the performance for the current quarter and year**

Profit before income tax	349,191	38,294	609,167	686,265

Current year quarter against preceding year corresponding quarter

The Group recorded higher revenue for the current quarter as compared to preceding year corresponding quarter is primarily due to Gerbang land sales to FASTrack Iskandar Sdn. Bhd of RM248.3 million and Scope Energy Sdn. Bhd. of RM522.7 million. Both the land sales condition precedent were met in the current quarter under review.

The higher profit before income tax in the current quarter as compared to the preceding year corresponding quarter is in line with the higher revenue as mentioned above. In addition, the Group recorded higher cost in previous year corresponding quarter following overall review of project cost estimates.

Year-to-date against preceding year

The revenue contribution from both property development and land sales has increased by approximately 10% or RM158 million and RM80 million respectively as compared to last financial year.

The land sales in the current year are mainly from Gerbang Nusajaya as mentioned in the current year quarter against preceding year corresponding quarter above while land sales in previous year are mainly from sales of Puteri Harbour land to Liberty Bridge Sdn. Bhd. and Southern Marina Development Sdn. Bhd.

The lower profit before income tax for the year despite of higher revenue as compared to previous year is mainly due to lower margin from land sales mitigated by higher profit from property development.

### 23. Prospects for the next financial year

The Malaysian property market is expected to remain challenging in 2015 with concerns on oversupply of properties, a tight lending environment and the general economic uncertainties all contributing to create a cautious and pessimistic outlook. However, the Group will be able to sustain its performance in 2015 on the back of the existing unrecognized revenue of RM3.9 billion (as at 31 December 2014) from on-going projects that will continue to contribute towards the Group's revenue and earnings.

In addition, the Group is also planning to launch several new projects in 2015. In the Southern region, the new projects include a new high end landed residential development called Estuari, two new affordable homes developments called Denai Nusantara and Gerbang Nusantara as well as new phases of development in East Ledang and Nusa Bayu. The Group also plans to open for sale the third and final phase of industrial lots in our Southern Industrial & Logistics Clusters project. Planned new launches for the Central region include a mid-market landed residential development called Serene Heights, a high end landed residential development called Artisan Hills, as well as a new condominium development in Mont'Kiara called Sefina.

Internationally, following on from the success of the Group's maiden project, Aurora Melbourne Central, the Group is now targeting to launch Conservatory, its second Australian project in the second half of 2015. With all these plans in place, the Group has set a sales target of RM2.0 billion for 2015.

Moving forward, the Group is also looking to expand its geographical presence to other locations in Malaysia, particularly in the Klang Valley and Penang to provide greater flexibility to roll out new products in line with market demand and support the Group's long term growth aspirations.
