B. ADDITIONAL INFORMATION REQUIRED UNDER THE LISTING REQUIREMENTS

B1. Review of performance

The comparison of the current year 1st quarter revenue against previous year 1st quarter revenue is set out below:

	Current Quarter Ended 31-Mar-17 RM'000	Corresponding Quarter ended 31-Mar-16 RM'000	Variance RM'000
Revenue - Animal Health Product Division	6,828	7,351	(523)
- Foodservice Equipment Division	7,464	9,222	(1,758)
- Food Manufacturing Division	254	87	167

The Group achieved revenue of RM14.55 million for the current quarter ended 31 March 2017 as compared to RM16.66 million in the preceding year quarter ended 31 March 2016. The decrease in revenue by approximately 12.67% compared to the preceding year corresponding quarter was mainly due to reasons as explained below.

During the current quarter ended 31 March 2017, Animal Health Product Division recorded revenue of RM6.83 million as compared to RM7.35 million in the preceding year quarter ended 31 March 2016. The decrease of approximately 7.07% was due to lower demand from customers and depressed commodity prices of amino acid.

During the current quarter ended 31 March 2017, Foodservice Equipment Division recorded revenue of RM7.46 million as compared to RM9.22 million in the preceding year quarter ended 31 March 2016. The decrease of approximately 19.09% was due to lower demand of sales in equipment and food supplies during the current quarter.

During the current quarter ended 31 March 2017, Food Manufacturing Division recorded revenue of RM0.25 million as compared to RM0.09 million in the preceding year quarter ended 31 March 2016. The increase of approximately 191.95% was due to the increase in our customers' orders during the current quarter.

B2. Material changes in the profit before taxation for the current quarter as compared to the immediate preceding quarter

For current quarter ended 31 March 2017, the Group achieved a profit before tax of approximately RM1.44 million as compared to RM3.41 million in the immediate preceding quarter ended 31 December 2016. The decreased in profit before taxation of RM1.97 million, representing an decrease of approximately 57.78% was mainly due to the increase in administrative expenses by approximately RM2.58 million from approximately RM0.31 million in the immediate preceding quarter ended 31 December 2016 to approximately RM2.87 million in the current quarter ended 31 March 2017. The increase in administrative expenses was mainly due to provision in staff expenses during current quarter.

B3. Prospects

The results of our first quarter of 2017 are of not as excited as we expected, mainly due to lower order from customers and depressed commodity prices of amino acid. However, we foresee our results would start to pick up by mid-end of the second Quarter and towards end of the year.

We will be launching new products during the year under review and also will diversify our business segment into some end-consumer products within the second and third Quarter of 2017. Although the contribution would be small and insignificant initially but we see the potential in these projects and believe they will play an important role in driving the company to greater height.

The Board of Directors will exercise extra caution in conducting their duties during these uncertain and difficult periods. However, we are optimistic of the Group's long term prospect.
