PROFILE

UEM Edgenta Berhad ("UEM Edgenta") is one of the region's largest Total Asset Solutions entities. Listed on the Main Market of Bursa Malaysia Securities Berhad with market capitalisation of RM2.3 billion as at 30 August 2017, we are a leader in Total Asset Solutions with businesses providing 3 key offerings - **Consultancy, Services and Solutions**.

We offer the **healthcare, infrastructure, real estate and water** sectors a full suite of services throughout their asset life cycles. These include consultancy, procurement and construction planning, operations and maintenance, as well as optimisation, rehabilitation and upgrades. Our combined expertise and ability to provide end-to-end solutions create opportunities for both our clients and ourselves.

Innovation is at the heart of what we do. It leads us to offer smarter answers to a wide and varied array of asset and infrastructure questions. We aim to set new industry benchmarks and optimise our clients' assets throughout their life cycles.

UEM Edgenta has developed standards of practice that are recognised and adopted by the industry in several countries and multilateral agencies such as the World Bank and the Asian Development Bank. Our global presence and internal knowledge sharing enable us to share and apply our wealth of experience and expertise collaboratively across multiple disciplines.

We are able to be there for our clients throughout the entire asset life cycle because accessibility, understanding and collaboration are our trademarks. We are our clients' advisors and partners from the very first asset blueprints, right up to the management and maintenance of the day-to-day operations of the assets.
