To: Our Shareholders

Dear Sir/Madam,

- I. PROPOSED ACQUISITION;**
- II. PROPOSED CALL/PUT OPTIONS; AND**
- III. PROPOSED DIVERSIFICATION**

1. INTRODUCTION

On 28 February 2018, RHB Investment Bank, on behalf of your Board, announced that our Company had on even date entered into the following agreements:-

- (i) the SSA with the Sellers for the proposed acquisition by our Company of 3,000,000 Trackwork Shares, representing 60% equity interest therein from the Sellers, for a total purchase consideration of RM43.50 million which will be satisfied through a combination of cash amounting to RM20.00 million and the balance RM23.50 million through the issuance and allotment of new AWC Shares; and
- (ii) the Shareholders' Agreement with Trakniaga and Trackwork for the following:-
 - (a) to govern the management and operation of Trackwork between the shareholders of Trackwork upon completion of the Proposed Acquisition;
 - (b) the granting by Trakniaga of a call option for our Company to require Trakniaga to dispose all the Option Shares to our Company; and

- (c) the granting by our Company of a put option for Trakniaga to require our Company to acquire all the Option Shares.

In conjunction with the Proposed Acquisition, our Company proposes to undertake a diversification of the principal activities of our Group to include rail related works as our Company envisages that the eventual contribution arising from the Proposed Acquisition will be more than 25% of the net profits of our Group and as such will result in a diversification of our Group's existing core business.

On 3 May 2018, RHB Investment Bank had, on behalf of your Board, announced that Bursa Securities had vide its letter dated 2 May 2018, approved the listing of and quotation for up to 51,500,000 Consideration Shares and up to 96,666,667 Option Consideration Shares on the Main Market of Bursa Securities, subject to the conditions set out in Section 8 of Part A of this Circular.

On 25 May 2018, RHB Investment Bank had, on behalf of your Board, announced that our Company and the Sellers had vide a letter dated 25 May 2018 mutually agreed to extend the Cut-Off Date by one (1) month from 28 May 2018 until 27 June 2018 to satisfy the Conditions set out in the SSA.

On 5 June 2018, your Board announced that the Sellers have notified our Company that Trackwork and one (1) of its international principals have received a demand letter from a customer claiming that some of the machines supplied by them are defective and is therefore claiming a sum of RM19,002,815.74 comprising, *inter-alia*, liquidated agreed damages, cost of rental and expenses for replacement machines. For information purposes, this relates to a claim from Fajarbaru Builder Sdn Bhd ("**Fajarbaru**") against Gemac Engineering Co. Ltd ("**Gemac**") and Trackwork for a sum of RM19,002,815.74 ("**Claim**") pursuant to the supply agreement dated 18 July 2016 between Fajarbaru, Gemac and Trackwork ("**Gemac Principal Agreement**") as supplemented by a first supplemental agreement dated 19 July 2017 and a second supplemental agreement dated 15 January 2018 (collectively referred to as the "**Supply Agreements**") for Gemac and Trackwork to supply, among others, a mainline Tamping Machine and an On Track Turnout Tamping Machine (Switch Tamping) (collectively referred to as the "**Tamping Machines**").

On 5 June 2018, your Board also announced that the extraordinary general meeting held on even date to consider and approve all the proposed Ordinary Resolutions set out in the Notice of Extraordinary General Meeting dated 21 May 2018 was adjourned to a later date.

Subsequently, Fajarbaru, Gemac and Trackwork had on 11 June 2018 entered into a third supplemental agreement for the settlement of the Claim ("**Gemac Third Supplemental Agreement**"), where Gemac and Trackwork agreed to settle the Claim in the following manner:-

- (i) to pay RM14,112,443.08 to Fajarbaru in the manner set out below:-
- (a) RM3,528,110.77 to be paid to Fajarbaru within 14 days from the date of the Gemac Third Supplemental Agreement ("**First Settlement Sum**");
 - (b) RM4,939,355.08 to be paid to Fajarbaru within three (3) months from the date of the Gemac Third Supplemental Agreement ("**Second Settlement Sum**"); and
 - (c) RM5,644,977.23 to be paid to Fajarbaru within six (6) months from the date of the Gemac Third Supplemental Agreement ("**Final Settlement Sum**"),
- (the First Settlement Sum, Second Settlement Sum and Final Settlement Sum are collectively referred to as the "**Settlement Sum**");
- (ii) to waive and dispense with the payment from Fajarbaru in relation to purchase orders dated 20 April 2017 and one (1) variation order dated 11 October 2017, up to the sum of RM1,291,712.39, which has been deducted from Fajarbaru's claims in relation to the Tamping Machines to arrive at the Settlement Sum; and

- (iii) to waive and dispense with the payment from Fajarbaru under the Gemac Principal Agreement of RM3,841,899.84, being 20% of the price of two (2) Ballast Cleaning Machines and one (1) On Track Turnout Tamping Machine (Switch Tamping), which has been deducted from Fajarbaru's claims in relation to the Tamping Machines to arrive at the Settlement Sum.

In addition, Gemac had on 14 June 2018 issued a letter of undertaking and indemnity in favour of Trackwork ("**Letter of Undertaking and Indemnity**") wherein Gemac acknowledged that, among others, Gemac shall be solely responsible for the full payment of the Settlement Sum, shall fully comply with the terms of the Gemac Third Supplemental Agreement, shall discharge Trackwork from all liabilities and obligations under the Supply Agreements and the Gemac Third Supplemental Agreement and shall not make any claims whatsoever against Trackwork pursuant to the Supply Agreements and/or the Gemac Third Supplemental Agreement.

On 12 June 2018, RHB Investment Bank had, on behalf of your Board, announced that our Company and the Sellers had on 12 June 2018 mutually agreed to a further extension to the Cut-Off Date by three (3) months from 27 June 2018 until 26 September 2018 to satisfy the Conditions (as defined herein) set out in the SSA.

On 26 July 2018, RHB Investment Bank had, on behalf of your Board, announced that our Company and the Sellers had on even date entered into a Supplemental Agreement for the purpose of supplementing and amending the provisions in the SSA, subject to and upon the terms and provisions contained in the Supplemental Agreement.

THE PURPOSE OF PART A OF THIS CIRCULAR IS TO PROVIDE YOU WITH THE RELEVANT DETAILS OF THE PROPOSALS AND TO SEEK YOUR APPROVAL FOR THE RESOLUTIONS TO BE TABLED AT OUR FORTHCOMING ADJOURNED EGM.

YOU ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF PART A OF THIS CIRCULAR BEFORE VOTING ON THE RESOLUTIONS BY WAY OF POLL TO GIVE EFFECT TO THE PROPOSALS TO BE TABLED AT OUR FORTHCOMING ADJOURNED EGM.

Comprising 11,500,000 Tranche 2 Consideration Shares to be issued on the Completion Date.

(vi)

In accordance with the terms of the SSA, in the event Trackwork achieves the Year 1 Profit Guarantee and Year 2 Profit Guarantee, our Company will issue and allot the Tranche 3 Consideration Shares and the Tranche 4 Consideration Shares to the Sellers at an issue price which will be determined based on the five (5)-day VWAP of AWC Shares after the date of the signed audited financial statements of Trackwork for the respective financial years. For purposes of Part A of this Circular, the Tranche 3 Consideration Shares and Tranche 4 Consideration Shares are assumed to be issued at RM1.00 per Consideration Share, being the Issue Price for the Tranche 2 Consideration Shares. Further details on the Cumulative Profit Guarantee are set out below.

THE REST OF THIS PAGE HAS BEEN INTENTIONALLY LEFT BLANK

2.1.1 Cumulative Profit Guarantee by the Sellers

In accordance with the terms of the SSA, the Sellers have guaranteed that Trackwork will achieve the Cumulative Profit Guarantee for the FYEs 30 September 2018 and 30 September 2019. As a pledge for the Cumulative Profit Guarantee, such cumulative number of Consideration Shares worth RM12.00 million ("**Retention Sum**") will be withheld and shall be dealt with in the following manner:-

(i) Year 1 Profit Guarantee

In the event the Year 1 Profit Guarantee is exceeded, such excess PAT shall be taken into account in determining the achievement of the Year 2 Profit Guarantee.

In the event the Year 1 Profit Guarantee is achieved, our Company will issue and allot such cumulative number of Consideration Shares worth RM6.00 million ("**Tranche 3 Retention Sum**") to the Sellers.

In the event the Sellers are unable to meet the Year 1 Profit Guarantee, the shortfall to the Year 1 Profit Guarantee ("**Year 1 Shortfall**") (after deducting the Tax Recovery (as set out in Section 2.1.11(iv)(c) of Part A of this Circular), if any) will be dealt with in the following manner:-

- (a) if the Year 1 Shortfall is less than the Tranche 3 Retention Sum, such shortfall will be deducted from the Tranche 3 Retention Sum and the balance of the Tranche 3 Retention Sum thereafter will be used to determine the number of Tranche 3 Consideration Shares to be issued to the Sellers; or
- (b) if the Year 1 Shortfall exceeds the Tranche 3 Retention Sum, such shortfall will firstly be fully deducted from the Tranche 3 Retention Sum and the remaining shortfall thereafter shall be paid by the Sellers in cash to our Company within five (5) Business Days of the date of the written notice by our Company. Solely for illustrative purposes, assuming that the Year 1 Shortfall is RM8.00 million, the amount payable by the Sellers to our Company in cash shall be determined as follows:-

$$\begin{aligned}\text{Amount payable in cash} &= \text{RM8,000,000 (Year 1 Shortfall)} - \\ &\quad \text{RM6,000,000 (Tranche 3 Retention Sum)} \\ &= \underline{\text{RM2,000,000}}\end{aligned}$$

(ii) Year 2 Profit Guarantee

In the event the Year 2 Profit Guarantee is exceeded, such excess PAT shall be taken into account in determining the achievement of the Cumulative Profit Guarantee.

In the event the Year 2 Profit Guarantee is achieved, our Company will issue and allot such cumulative number of Consideration Shares worth RM6.00 million ("**Tranche 4 Retention Sum**") to the Sellers.

For the avoidance of doubt, if our Company has deducted and/or the Sellers have paid for the Year 1 Shortfall and Trackwork achieves the Cumulative Profit Guarantee, our Company shall issue and allot the Consideration Shares equivalent to the amount deducted from the Tranche 3 Retention Sum and to issue and allot the Tranche 4 Consideration Shares to the Sellers, in the manner set out in Section 2.1.11(iv)(d) of Part A of this Circular. For information purposes, such Consideration Shares equivalent to the amount deducted from the Tranche 3 Retention Sum shall be issued and allotted at an issue price to be determined based on the five (5)-day VWAP after the date of the signed audited financial statements of Trackwork for the FYE 30 September 2019.

In the event the Sellers are unable to meet the Year 2 Profit Guarantee, the shortfall (after deducting the Tax Recovery, as set out in Section 2.1.11(iv)(d) of Part A of this Circular, if any) will firstly be deducted against any excess from the Year 1 Profit Guarantee and the remaining shortfall thereafter ("**Remaining Shortfall**") will be dealt with in the following manner:-

- (a) if the Remaining Shortfall is less than the Tranche 4 Retention Sum, such shortfall will be deducted from the Tranche 4 Retention Sum and the balance of the Tranche 4 Retention Sum thereafter will be used to determine the number of Tranche 4 Consideration Shares to be issued to the Sellers; or
- (b) in the event the Remaining Shortfall exceeds the Tranche 4 Retention Sum, such shortfall will firstly be fully deducted from the Tranche 4 Retention Sum and the remaining shortfall thereafter shall be paid by the Sellers in cash to our Company within five (5) Business Days of the date of the written notice by our Company.

For the avoidance of doubt, all sums payable by the Seller shall be made or effected within 30 days from the date of the signed audited financial statements of Trackwork for the respective financial years. In the event the Sellers fail to pay the remaining shortfall in cash to our Company, this will amount to a breach of the SSA and our Company will be able to initiate legal action against the Sellers.

Pursuant to the Shareholders Agreement, our Company, Trakniaga and Trackwork have also agreed on the following:-

- (i) the granting by Trakniaga of the Call Option which shall only be exercised by our Company at any time from the expiry of the Cumulative Profit Guarantee period up to the fifth (5th) anniversary of the Completion ("**Call Option Period**"); and
- (ii) the granting by our Company of the Put Option which shall only be exercised by Trakniaga at any time during a period of six (6) months, commencing from the expiry of the Call Option Period.

The Option Price shall be calculated in the following manner:-

$$\text{Option Price} = [A \times 7.25] \times B$$

Where:-

A = PAT (excluding any unusual or non-recurring or exceptional items) based on the latest audited financial statements of Trackwork

B = The percentage of the Option Shares in the equity of Trackwork

The Option Price shall be satisfied in cash and/or through the issuance of the Option Consideration Shares at an issue price to be determined based on the five (5)-day VWAP of AWC Shares as at the date of the Exercise Notice. The mode of settlement of the Option Price shall be at the absolute discretion of our Company.

For information purposes, the Proposed Call/Put Options, if exercised, shall be in respect of all of the Option Shares held by Trakniaga and shall be acquired free from all encumbrances, together with all rights, interests, benefits and entitlements attaching thereto as at completion of the Proposed Call/Put Options.

2.1.2 Mode of settlement of the Purchase Consideration and the Option Price

As set out in Section 2.1 of Part A of this Circular, the Purchase Consideration will be settled through a combination of the Cash Consideration and Consideration Shares. In the event the Proposed Call/Put Options is exercised, the Option Price is expected to be settled through a combination of cash and/or the Option Consideration Shares, the exact proportion of which is yet to be determined at this juncture.

The mode of settlement of the Purchase Consideration was determined after taking into consideration the prevailing cash flow position, gearing and working capital requirements of our Group. In addition, the issuance and allotment of the Consideration Shares to the Sellers will introduce them as shareholders of our Company and through their equity participation, our Company believes that we will be able to leverage on the Sellers' rail related experience to grow the business of Trackwork.

In determining the mode of settlement of the Option Price, our Company will take into consideration the prevailing cash flow position, gearing and working capital requirements of our Group immediately preceding the exercise of the Proposed Call/Put Options.

2.1.3 Basis of and justification for the Purchase Consideration and the Option Price

The Purchase Consideration was arrived at based on a "willing buyer-willing seller" basis after taking into consideration the following:-

- (i) the rationale and benefits of the Proposed Acquisition set out in Section 3.1 of Part A of this Circular;
- (ii) the outlook and prospects of the rail industry set out in our Company's announcement dated 28 February 2018, circular to shareholders dated 21 May 2018 and as updated in Section 4.2 of Part A of this Circular;
- (iii) Trackwork's historical financial performance and its track record in successfully bidding and tendering for new projects and executing/delivering the same on a timely basis;
- (iv) Trackwork's then existing orderbook (based on contract value) of approximately RM120.00 million for the next two (2) FYEs 30 September 2018 and 30 September 2019;
- (v) the Cumulative Profit Guarantee of RM20.00 million as guaranteed by the Sellers, which yields an average Cumulative Profit Guarantee of RM10.00 million for each of the FYEs 30 September 2018 and 30 September 2019; and
- (vi) the lower end of the price earning ("PE") multiples of the Comparable Companies, as at 21 February 2018, being the latest practicable date prior to the signing of the SSA, which ranges between 7.18 times to 31.67 times, further details are set out in the table below.

The management of our Company ("**Management**") is not aware of any company listed on Bursa Securities that is directly comparable to Trackwork in terms of business activities. In determining an indicative and/or benchmark valuation for your Board's consideration, your Management had relied on information available in the public domain to identify public listed companies in Malaysia which have been awarded/have carried out rail related projects, as proxies.

Your Board noted that the public companies listed on the Main Market of Bursa Securities with involvement in railway related works or projects ("**Comparable Companies**") are predominantly made up of construction companies which may have diversified businesses and are also significantly larger in terms of, among others, scale of operations and capital structure.

The PE multiples of the Comparable Companies as referred to in Section 2.1.3(vi) above are set out below:-

Notes:-

⁽ⁱ⁾ The EPS is extracted from the latest audited financial statements of the respective Comparable Companies.

⁽ⁱⁱ⁾ Computed based on the closing price as at 21 February 2018 over the audited EPS of the respective Comparable Companies.

THE REST OF THIS PAGE HAS BEEN INTENTIONALLY LEFT BLANK

The Purchase Consideration PE multiple of 7.25 times was agreed upon based on negotiations between our Company and the Sellers after taking into consideration the trading PE multiples of the Comparable Companies.

Your Board deems the Purchase Consideration PE multiple accorded to Trackwork as reasonable after taking into consideration the following:-

- (i) the issue price of RM1.00 per Tranche 2 Consideration Share represents a PE multiple of approximately 11.96 times based on the audited EPS of our Company of 8.36 sen for the FYE 30 June 2017, which is higher than the Purchase Consideration PE multiple;
- (ii) the issuance of the Tranche 2 Consideration Shares at a relatively higher PE multiple as compared to the Purchase Consideration PE multiple. This reduces the number of AWC Shares to be issued to satisfy the Purchase Consideration and accordingly results in a lower dilution to our existing shareholders' percentage shareholdings in our Company; and
- (iii) the Purchase Consideration PE multiple is at the lower end of the range of PE multiples of the Comparable Companies immediately preceding the signing of the SSA, which ranges between 7.18 times to 31.67 times and also represents a discount of approximately 61.58% to the simple average PE multiple of the Comparable Companies of 18.87 times, as set out in the table above.

Notwithstanding the recent developments affecting the outlook of the rail industry as set out in Section 4.2 of Part A of this Circular, your Board is of the view that the Purchase Consideration remains fair and reasonable as the Proposed Acquisition provides AWC Group with a foothold in the rail industry.

Similarly, the Option Price was also arrived at on a "willing buyer-willing seller" basis and will be based on the following:-

- (i) the same PE multiple of 7.25 times as ascribed to the Purchase Consideration;
- (ii) the latest PAT of Trackwork at the point the Exercise Notice is served; and
- (iii) the percentage of Option Shares in the equity of Trackwork.

Your Board is also of the view that the Cumulative Profit Guarantee is reasonable and realistic after taking into consideration, among others, the following:-

- (i) the overview and outlook of the rail related industry in which Trackwork is operating in set out in Section 4.2 of Part A of this Circular as well as the prospects of Trackwork set out in Section 4.3 of Part A of this Circular;
- (ii) Trackwork's historical financial performance and its track record in successfully bidding and tendering for new projects and executing/delivering the same on a timely basis; and
- (iii) Trackwork's existing unbilled orderbook of approximately RM70.51 million for the supply of track materials/machineries/fittings including secured sales commission income of approximately RM8.85 million (on the back of a total contract value of approximately RM90.55 million) from contracts secured by their international principals for the next two (2) FYEs 30 September 2018 and 30 September 2019. Further details on Trackwork's historical projects are set out in Section 7 of Appendix I of Part A of this Circular and Trackwork's on-going and future projects are set out in Section 8 of Appendix I of Part A of this Circular.

2.1.4 Basis of and justification for the Issue Price of the Consideration Shares and the Option Consideration Shares

The Issue Price for the Tranche 2 Consideration Shares represents a premium of approximately 24.41% to the five (5)-day VWAP of AWC Shares up to and including 27 February 2018, being the last trading day prior to the date of the SSA, of RM0.8038.

In determining the issue price of RM1.00 per Tranche 2 Consideration Share, your Board had considered the following:-

- (i) the Cumulative Profit Guarantee given by the Sellers which spans across two (2) financial years; and
- (ii) the historical VWAP of AWC Shares up to and including 27 February 2018, being the last trading day prior to the date of the SSA, as follows:-

Period	VWAP	Premium/(Discount)	
	(RM)	(RM)	(%)
Five (5)-days	0.8038	0.1962	24.41
One (1)-month	0.7961	0.2039	25.61
Three (3)-months	0.8293	0.1707	20.58
Six (6)-months	0.9202	0.0798	8.67
One (1)-year	1.0170	(0.0170)	(1.67)

Your Board had decided to fix the issue price for the Tranche 2 Consideration Share at RM1.00, based on the one (1)-year VWAP of AWC Shares up to and including 27 February 2018, of RM1.0170, rounded down to the nearest RM.

Your Board believes that the Issue Price of RM1.00 for the Tranche 2 Consideration Share is reasonable given that it approximates the highest VWAP in the last 12-months period and the issuance of the Tranche 2 Consideration Shares at the Issue Price will minimise the dilution in the percentage shareholdings of our shareholders, as opposed to a lower issue price.

Your Board also notes that the Issue Price represents a premium of RM0.46 or approximately 85.19% over the audited NA per AWC Share of RM0.54 as at the FYE 30 June 2017 and a PE multiple of approximately 11.96 times calculated based on the audited EPS of our Company of 8.36 sen for the FYE 30 June 2017.

The issue price for the Tranche 3 Consideration Shares and Tranche 4 Consideration Shares will be determined at a later date based on the five (5)-day VWAP of AWC Shares after the date of the signed audited financial statements of Trackwork for the respective FYEs 30 September 2018 and 30 September 2019.

The issue price per Option Consideration Share (if applicable) will be determined at a later date based on the five (5)-day VWAP of AWC Shares as at the date of the Exercise Notice.

2.1.5 Ranking of the Consideration Shares and the Option Consideration Shares

The Consideration Shares and the Option Consideration Shares shall, upon issuance and allotment, rank equally in all respects with the then existing AWC Shares, save and except that they shall not be entitled to any dividend, right, allotment and/or any other form of distribution which may be declared, made or paid to the shareholders of our Company, the entitlement date of which is prior to the date of issuance and allotment of the respective tranche of the Consideration Shares and the Option Consideration Shares.

2.1.6 Listing of and quotation for the Consideration Shares and the Option Consideration Shares

The Consideration Shares and Option Consideration Shares will be listed and quoted on the Main Market of Bursa Securities.

2.1.7 Source of funding

For the avoidance of doubt, the Cash Consideration and Option Price (whether satisfied partially or fully in cash) are expected to be funded via internally generated funds and/or bank borrowings, the exact proportion of which has yet to be determined at this juncture.

2.1.8 Assumption of liabilities

There is no liability, including any contingent liability and guarantee, to be assumed by our Company pursuant to the Proposed Acquisition and the Proposed Call/Put Options.

2.1.9 Information on Trackwork

2.1.11 Salient terms of the SSA and Supplemental Agreement

(i) Conditions

The obligations of the Sellers to sell and our Company to buy the Sale Shares on the terms of the SSA are conditional on the following being satisfied or obtained or waived (as the case may be) on or before the date, no later than the Cut-Off Date:-

- (a) the passing of an ordinary resolution by the shareholders of our Company at a general meeting:-
 - (I) approving the Proposed Acquisition pursuant to the terms of the SSA; and
 - (II) approving the issuance and allotment of the Consideration Shares.
- (b) the approval of Bursa Securities for the listing of and quotation for the Consideration Shares on the Main Market of Bursa Securities which was obtained on 2 May 2018;
- (c) our Company receiving the written letter of consent issued by each of the financial institutions set out in the SSA to be addressed to Trackwork subject to the terms reasonably acceptable by our Company and Trackwork in respect of the following:-
 - (I) change to the shareholders or directors of Trackwork pursuant to the SSA; and
 - (II) alteration of the Constitution of Trackwork in accordance with the Shareholders' Agreement.

For information purposes, the required written letters of consent were obtained on 31 May 2018.

(Collectively referred to as the "Conditions").

(ii) Obligations to fulfill Conditions

- (a) Each party undertakes to use all reasonable endeavours to ensure that the respective Conditions for which it is responsible are fulfilled to the satisfaction of the other party before the Cut-Off Date. If, at any time prior to the Completion Date, our Company and/or the Sellers become aware of a fact or circumstance which might prevent any of the Conditions from being satisfied, it shall immediately inform the other party of the same by written notice.
- (b) Notwithstanding the foregoing our Company undertakes to convene an Adjourned EGM for our shareholders to consider approving the Proposed Acquisition and the issuance and allotment of the Consideration Shares for the purpose of fulfilling a Condition as soon as practicable upon the execution of the SSA and in any event on or before the Cut-Off Date.
- (c) The Sellers shall cause Trackwork to apply for (or continue its application for) the issue of a manufacturing licence (“**Manufacturing Licence**”) from the Ministry of International Trade and Industry and Malaysian Investment Development Authority (“**MIDA**”) for its business activity i.e. assembly of insulated glued joint kit (“**said Activity**”) and upon the issue of the Manufacturing Licence, issue a notification to MIDA of the sale of the Sale Shares by the Sellers and the change to the shareholders/directors of Trackwork in accordance with the SSA and the Shareholders’ Agreement (if notification is required under the terms of the Manufacturing Licence). In the event the Manufacturing Licence is not obtained by Trackwork at Completion, the Sellers shall at any time thereafter, at the request of our Company only carry out the said Activity at each relevant project site. For information purposes, the Sellers had on 6 September 2018 notified our Company that Trackwork had on 17 August 2018 obtained the Manufacturing Licence.

(iii) Cut-Off Date

In the event that any of the Conditions set out in Section 2.1.11 of Part A of this Circular are not obtained/fulfilled by our Company or the Sellers (as the case may be), or are not waived by our Company on or before the Cut-Off Date, our Company shall have the absolute right not to proceed to the completion of the SSA and the Sellers’ solicitors shall refund to our Company the Deposit, together with interest accrued in full. Upon termination, neither party shall have any claim against the other party in respect of the subject matter of the SSA save for any antecedent breach.

(iv) Purchase Consideration

The Purchase Consideration shall be paid in the following manner:-

(a) Tranche 1

upon signing of the SSA, the Deposit to be paid in cash to the Sellers’ solicitors to hold as stakeholders in an interest bearing account and the Sellers’ solicitors shall confirm the receipt of the Deposit to our Company and our Company’s solicitors. For the avoidance of doubt, the Deposit shall be released to the Sellers on the Completion Date in their respective proportion or refunded to our Company in the event any of the Conditions are not fulfilled, and such Conditions are not waived by our Company before the Cut-Off Date.

(b) Tranche 2

on the Completion Date:-

- (I) the Deposit shall be released by the Sellers’ solicitors to the Sellers in their respective proportion.

- (II) the Balance Cash Consideration shall be paid by our Company to our Company's solicitors to hold as stakeholders in an interest bearing account.
- (III) subject to the terms of the SSA, the Balance Cash Consideration shall be paid by our Company's solicitors to the Sellers' solicitors together with the interest accrued thereon, if any, for their immediate onward transmission to the Sellers in the tranches and proportion set out in Section 2.1 of Part A of this Circular, subject always that the Sellers shall furnish to our Company a copy of each letter indicating each payment made to Fajarbaru towards the Settlement Sum, duly acknowledged by Fajarbaru.
- (IV) pursuant to the Letter of Undertaking and Indemnity, Gemac has authorised Trackwork to withhold the sum of RMB12,479,909.60 ⁽ⁱ⁾ ("**Withholding Sum**"), which is an amount payable by Trackwork to Gemac pursuant to an agreement dated 27 June 2016 between Gemac and Trackwork in relation to the supply of a new bogie ballast hopper wagon and bogie rail wagon ("**Gemac Agreement**"), and to utilise the Withholding Sum towards the payment of the Settlement Sum to Fajarbaru according to Gemac's orders. Subsequently, Gemac had on 20 June 2018, instructed Trackwork in writing to utilise part of the Withholding Sum to pay Fajarbaru the First Settlement Sum ("**Instruction Letter**").

Note:-

⁽ⁱ⁾ Equivalent to approximately RM7,481,511.66 based on the exchange rate of RM1.0000: RMB1.6681, being the middle rate as at 5.00pm on 25 July 2018 as published by Bank Negara Malaysia.

- (V) subject to the indemnity compensation set out in Section 2.1.11(vii) of Part A of this Circular, the Parties acknowledge that Trackwork may agree with Gemac to settle the Settlement Sum in various methods set out in the Supplemental Agreement. Depending on Gemac and Trackwork's agreed arrangements as to the method of settling such Settlement Sum in the said manner, the Sellers agree to cause Trackwork to procure confirmation in writing from Gemac of such set-off arrangement, waivers, deemed payments or repayments for each tranche of settlement of the Settlement Sum.
- (VI) for information purposes, the First Settlement Sum has been paid by Trackwork to Fajarbaru on 25 June 2018 and the receipt of such payment was duly acknowledged by Fajarbaru on even date.
- (VII) the Parties hereby agree that the Balance Cash Consideration shall be released by our Company's solicitors to the Sellers' solicitors in the following manner:-

	Conditions for release of Balance Cash Consideration	Balance Cash Consideration (RM)
1	seven (7) Business Days upon receipt of the Payment Confirmation for the payment of the First Settlement Sum; or on the Completion Date, whichever is later	3,528,110.77

	Conditions for release of Balance Cash Consideration	Balance Cash Consideration
		(RM)
2	seven (7) Business Days upon receipt of the Payment Confirmation for the payment of the Second Settlement Sum; or on the Completion Date, whichever is later	4,939,355.08
3	seven (7) Business Days upon receipt of the Payment Confirmation for the payment of the Final Settlement Sum; or on the Completion Date, whichever is later	5,644,977.23
4	On the Completion Date	3,887,556.92
	Total	18,000,000.00

For the avoidance of doubt, the Parties acknowledge and agree that, upon receipt of any of the portions of payments set out above, the Sellers' solicitors shall be authorised to immediately release the relevant portions to the Sellers in the proportions set out in the settlement schedule Section 2.1 of Part A of this Circular.

- (VIII) if Gemac fails to pay all or any of the Settlement Sum due and payable to Fajarbaru and consequently Fajarbaru makes a claim against Trackwork for all or any Settlement Sum, the Sellers shall notify our Company in writing of such claim within one (1) Business Day of Trackwork receiving such claim following which, the Sellers shall be given 20 Business Days from the date of such notification to our Company to cause Trackwork to confer with Fajarbaru and Gemac. If Trackwork fails to make such alternative arrangements within the said timeframe, our Company's solicitors shall then be authorised to pay to Fajarbaru such Settlement Sum due and payable to Fajarbaru ("**Gemac Default Payment Sum**") from the Balance Cash Consideration.

Notwithstanding the above, in the event Fajarbaru issues a letter of demand to or initiates legal action/proceedings against Trackwork, our Company's solicitors shall then be authorised to immediately pay the Gemac Default Payment Sum to Fajarbaru from the Balance Cash Consideration.

However, if Gemac repays Trackwork the whole or part of the Gemac Default Payment Sum at any time within the period of three (3) years from the date our Company's solicitors pay the Gemac Default Payment Sum or any portion of the same to Fajarbaru, our Company shall cause Trackwork to pay to the Sellers the said amount received from Gemac.

- (IX) the Gemac Default Payment Sum paid to Fajarbaru on behalf of Trackwork shall be deemed payment made towards the Purchase Consideration. Our Company's solicitors shall release the Balance Cash Consideration less the Gemac Default Payment Sum, if any, to the Sellers' solicitors for their immediate onward transmission to the respective Sellers as may be directed by the Sellers.
- (X) 11,500,000 AWC Shares being the Tranche 2 Consideration Shares shall be issued and allotted to the Sellers and/or their nominees.

(c) Tranche 3

- (I) the Tranche 3 Consideration Shares will form part of the Tranche 3 Retention Sum and all or part of the Tranche 3 Consideration Shares will be issued and allotted by our Company at the expiry of the Year 1 Profit Guarantee period subject to the achievement of the Year 1 Profit Guarantee and the adjustment as set out in Section 2.1.1(i) of Part A of this Circular to the Tranche 3 Retention Sum, if any;
- (II) the number of Tranche 3 Consideration Shares will be determined based on the following formula:-

$$\text{Number of Tranche 3 Consideration Shares} = \frac{\text{RM6,000,000} - X}{\text{Issue Price}}$$

rounded down to the nearest one whole AWC Share.

Where:-

Issue Price = the five (5)-day VWAP after the date of the signed audited financial statements of Trackwork for the FYE 30 September 2018

X = Year 1 Shortfall, if any, after taking into account any tax recovery which is allowed by the tax authorities arising from the additional taxes and penalties on Trackwork's tax audit on 2012, 2013, 2014 and 2015 amounting to a total of RM1,797,903.58 ("Tax Recovery"), if any, and which was not already used under the tax indemnity provided by the Sellers pursuant to the SSA ("Tax Indemnity")

(d) Tranche 4

- (I) the Tranche 4 Consideration Shares will form part of the Tranche 4 Retention Sum and all or part of the Tranche 4 Consideration Shares will be issued and allotted by our Company at the expiry of the Year 2 Profit Guarantee period subject to the achievement of the Year 2 Profit Guarantee and the adjustment to the Tranche 4 Retention Sum, as set out in Section 2.1.1(ii) of Part A of this Circular, if any.

(II) the number of Tranche 4 Consideration Shares will be determined based on the following formula (where applicable):-

1. If Year 2 Profit Guarantee is met:-

$$\begin{array}{l} \text{Number} \\ \text{Tranche} \\ \text{Consideration} \\ \text{Shares} \end{array} \begin{array}{l} \text{of} \\ 4 \end{array} = \frac{\text{RM6,000,000} + X^*}{\text{Issue Price}}$$

** (If the Cumulative Profit Guarantee is met)*

2. If Year 2 Profit Guarantee is not met and there is Year 1 Excess Profit:-

$$\begin{array}{l} \text{Number} \\ \text{Tranche} \\ \text{Consideration} \\ \text{Shares} \end{array} \begin{array}{l} \text{of} \\ 4 \end{array} = \frac{(\text{RM6,000,000} - T)}{\text{Issue Price}}$$

3. If Year 2 Profit Guarantee is not met and there is no Year 1 Excess Profit:-

$$\begin{array}{l} \text{Number} \\ \text{Tranche} \\ \text{Consideration} \\ \text{Shares} \end{array} \begin{array}{l} \text{of} \\ 4 \end{array} = \frac{\text{RM6,000,000} - Y - Z}{\text{Issue Price}}$$

rounded down to the nearest one (1) whole AWC Share.

Where:-

Issue Price = the five (5)-day VWAP after the date of the signed audited financial statements of Trackwork for the FYE 30 September 2019

Y = Year 2 Shortfall and any Tax Recovery which was not already used in meeting the Year 1 Profit Guarantee, if any and under the Tax Indemnity

Z = Any Year 1 Shortfall which was not topped up by the Sellers

T = Any shortfall of the Year 2 Profit Guarantee after taking into account Year 1 Excess Profit (as defined below) and any Tax Recovery which was not already used in meeting the Year 1 Profit Guarantee, if any and under the Tax Indemnity

(v) Completion

Subject to the satisfaction of the Conditions or the waiver of any such Conditions, completion shall take place on the Completion Date or such earlier or later date as the Parties may mutually agree upon which the Sellers shall deliver to our Company the following:-

- (a) a confirmation or undertaking letter from the Sellers that:-
 - (I) all warranties have been complied with in all material respects, and are true and accurate as at the Completion Date;
 - (II) there is no change of circumstances which makes it unlawful for the Sellers to sell the Sale Shares to our Company; and
 - (III) the sale of the Sale Shares as well as the obligation of our Company to purchase the Sale Shares are not being prohibited or impeded by any statute, order, rule, directive or regulation promulgated by any legislative, executive or regulatory body or authority of Malaysia on or before the Completion Date;
- (b) such waivers, consents, notification or other documents as may be required as part of the conditions to give good title to the Sale Shares and to enable our Company to become the registered holder and beneficial owner of the Sale Shares provided that our Company shall be responsible to pay stamp duty in respect of the transfer of the Sale Shares;
- (c) the original share certificates in respect of the Sale Shares in favour of the Sellers to be cancelled together with duly completed and signed instruments of transfer of the Sale Shares in favour of our Company or its nominee;
- (d) the board resolution of Trackwork approving the transfer of the Sale Shares to Trackwork or its nominee and all other necessary documents to effect the transfer of the Sale Shares in favour of our Company or its nominee;
- (e) the original Tax Indemnity executed by each of the Sellers;
- (f) the duly signed and dated resignation letters of Mr. Chong Kim Loong and Mr. Goh Poey Hong ("**Outgoing Directors**") as the Directors and employees of Trackwork and the Outgoing Directors have no claim against Trackwork in respect of breach of contract, compensation for loss of office, redundancy or unfair dismissal or on any other grounds whatever;
- (g) the board resolution of Trackwork for the appointment of up to three (3) new directors nominated by our Company to the board of Trackwork, and the resignation from the Outgoing Directors;
- (h) if required by our Company, the resignation of the existing auditor of Trackwork, with a written confirmation from the existing auditor of Trackwork, confirming that they have no outstanding claims of any kind;
- (i) if required by our Company, the appropriate forms to amend the mandates given by Trackwork to its bankers and to include signatories to such person(s) as nominated by our Company in lieu of the existing signatories and the signatory mandates given to the Trackwork's banker(s) and securities firm(s) in accordance with the signing matrix set out in the SSA; and
- (j) the management accounts of Trackwork up to the most recent month preceding the Completion or such other period as may be required by our Company.

(vi) Limitation of liability

- (a) Save for the Tax Indemnity and the Special Indemnity (as defined below), the maximum aggregate liability of the Sellers in respect of all warranties, indemnities under or in connection with the SSA shall not exceed the amount of RM22,000,000.
- (b) Save for the Tax Indemnity and the Special Indemnity, no liability shall attach to the Sellers in respect of a claim under a warranty or indemnity unless the amount of each claim exceeds RM150,000 (“**Minimum Threshold**”), such claims being ignored for the purposes of calculating the liability of the Sellers under SSA. If cumulatively, such claim RM300,000 in aggregate, the Sellers shall be liable for the whole amount of any claim made by our Company and not just the amount in excess of Minimum Threshold.
- (c) For the avoidance of doubt, the limitation shall not apply:-
 - (I) in any case where the relevant claim or claims has arisen by reason of fraud, wilful concealment or dishonesty on the part of the Sellers; or
 - (II) breach of warranties given by the Sellers.

“Special Indemnity” means:-

- (a) to fully indemnify our Company at all times against losses, damages, costs, claims, proceedings, demands and expenses indemnified which our Company may suffer, incur, or pay as a result of or by reason of any breach of any of the warranties given by the Sellers or any other material breach by any of the Sellers of his undertakings, covenants or obligations under the SSA; and:-
- (b) to keep our Company indemnified against:-
 - (i) any diminution in value of the assets of Trackwork or Trackwork Shares;
 - (ii) any payment made or required to be made by Trackwork or our Company;
 - (iii) any costs and expenses incurred by Trackwork or our Company;as a result of or in connection with:-
 - (A) any tax claim pursuant to the Tax Indemnity;
 - (B) any liability or penalty which may be imposed by the Ministry of International Trade and Industry and/or MIDA in relation to the breach of not obtaining the manufacturing licence prior to conducting the business activities (as a result of the matter set out in Section 2.1.11(ii)(c) of Part A of this Circular);
 - (C) non-compliance of Sections 12(2) and 60F of the Employment Act 1955;
 - (D) non-compliance of the terms and conditions of the letters of offer dated 3 August 2015 and 5 January 2011 in relation to the banking facilities granted to Trackwork and technology license agreement dated 30 June 2016 entered into by Trackwork as set out in the SSA;

- (E) any losses incurred or suffered by Trackwork arising from the failure to take-up and/or maintain insurance policies required for the operation of its business and/or carrying out the contracts in relation to projects entered into by Trackwork prior to Completion; and
- (F) any stamp duties payable and penalties, in the event any of the contracts and/or agreements of Trackwork which were entered into by Trackwork prior to the Completion, are required to be stamped for use as evidence in court or for any other legal or valid reason purposes.

(vii) Indemnity compensation

The Sellers shall, on Completion, jointly and severally (i) indemnify our Company fully at all times from and against all losses, damages, costs, claims, proceedings demands and expenses which our Company may suffer, incur or pay as a result of or by reason of any breach of any of the warranties or any other material breach by any of the Sellers of his undertakings, covenants or obligations under the Supplemental Agreement; and (ii) keep our Company indemnified against:-

- (a) any diminution in value of the assets of Trackwork or Trackwork Shares;
- (b) any payment made or required to be made by Trackwork or our Company; and
- (c) any costs and expenses incurred by Trackwork or our Company,

as a result of or in connection with any liability which Trackwork may suffer, incur or pay as a result of the breach or non-compliance by Gemac and/or Trackwork of the terms of the Gemac Third Supplemental Agreement, the Letter of Undertaking and Indemnity, Instruction Letter and/or such other agreements or arrangements in writing between Fajarbaru, Gemac and/or Trackwork relating to Fajarbaru's claims in relation to the Tamping Machines and/or the methods of settlement of the Settlement Sum as set out in Section 2.1.11(iv)(b)(V) of Part A of this Circular, up to a specific indemnity sum of RM10,000,000 ("Specific Indemnity Sum"). In the event the Specific Indemnity Sum is not sufficient to settle such claims and/or disputes, our Company shall have the right to claim any excess of such liability from the Sellers provided such excess shall be subject to the limitation of RM22,000,000 as set out in the SSA. For the avoidance of doubt, the specific indemnity set out in the Supplemental Agreement shall be provided by the Sellers to our Company for a period three (3) years from the Completion Date.

(viii) Event of termination by our Company

Any of the following events of default by the Sellers:-

- (a) the Sellers materially breach all or any of the provisions of the SSA or any of the warranties and (if the breach is capable of being remedied) the defaulting party fails to remedy the breach within 45 days, following the issuance of the notice by the non-defaulting party to the defaulting party; or
- (b) any of the Sellers becomes insolvent; or
- (c) the Sellers do not complete the transfer of all or any of the Sale Shares; or
- (d) if it appears that any of the warranties is or has become materially inaccurate or misleading,

and on such notice being given, the termination consequences set out in Section 2.1.11(x) of Part A of this Circular shall apply.

(ix) Event of termination by the Sellers

Any of the following events of default by our Company:-

- (a) our Company becomes insolvent; or
- (b) our Company does not make payment of the Cash Consideration and/or issue and allot the Consideration Shares in favour of the Sellers on the Completion Date.

(x) Termination consequences

- (a) If the SSA is terminated in accordance with Section 2.1.11(viii) of Part A of this Circular, all obligations and liabilities of the Parties shall cease and determine and the Sellers' solicitors shall refund to our Company the Deposit, together with interest accrued in full and pay in full RM1,000,000 being our Company's breakeven fee. Thereafter no party shall have any claim against the other, save for any antecedent breach of the SSA.
- (b) If the SSA is terminated in accordance with Section 2.1.11(ix) of Part A of this Circular, all obligations and liabilities of the Parties shall cease and determine and the Sellers' solicitors shall refund to our Company the Deposit, together with interest accrued in full after deducting RM200,000, being the Sellers' breakeven fee. Thereafter no party shall have any claim against the other, save for any antecedent breach of the SSA.

(xi) Additional warranty

Save for Fajarbaru's claims in relation to the Tamping Machines, there is no existing claim or dispute and to the Sellers' knowledge, there is no other impending or potential claim or dispute arising in connection with a cause of action or facts which occurred or existed prior to Completion arising out of such contracts and/or agreements entered into by Trackwork with its suppliers, customers and/or any third party.

2.1.12 Salient terms of the Shareholders' Agreement

(i) Shareholding structure

Save and except as otherwise agreed between Trakniaga and our Company (collectively referred to as the "Shareholders") in writing or where any change in the shareholding ratio is expressly permitted under the Shareholder's Agreement, the Shareholders' respective shareholdings in Trackwork shall at all times during the effective duration of the Shareholders' Agreement, after Completion, be as follows:-

Shareholder	Trackwork Shares	Shareholding proportion (%)
Trakniaga	2,000,000	40.00
AWC	3,000,000	60.00
Total	5,000,000	100.00

(ii) Constitution of the Board of Directors of Trackwork ("Board of Trackwork")

Each of the parties agrees that the Board of Trackwork shall at all times consist of five (5) Directors (excluding alternate directors). Our Company shall be entitled to appoint three (3) Directors ("AWC Appointed Directors") and the remaining two (2) Directors shall be appointed by Trakniaga. For the avoidance of doubt, Goh Tse Woei and Kong Keat Voon shall be the initial two (2) Directors in the Board of Trackwork for a period of at least five (5) years after the Completion.

(iii) Chairman

The Chairman shall be appointed from one (1) of the AWC Appointed Directors who shall preside over the meetings of the Board of Trackwork and the shareholders of Trackwork. The Chairman so appointed shall not be entitled to a casting vote.

(iv) Determination

- (a) The Managing Director, Chief Financial Officer or the Head of Finance or similar designations with such roles, duties and responsibilities shall be determined and appointed by our Company.
- (b) Our Company agrees that, during the Profit Guarantee period, our Company shall not take or cause Trackwork to take any action (other than actions in the ordinary course of business which is consistent with the past business and accounting practices of Trackwork prior to the Completion of the SSA) which will have the effect of reducing the PAT of Trackwork or preventing Trackwork from achieving the Profit Guarantee. For the avoidance of doubt, accounting practices of Trackwork has to comply with the prevailing laws, regulatory requirements and accounting standards.
- (c) Our Company agrees not to require Trackwork to pay any centralised management fees or charges to our Company or any company within our Group or any third party for any management or other services provided by our Company or other party or arising as a result of Trackwork being a member of our Group during the Profit Guarantee period without the prior written consent of Trakniaga.

(v) Dividend

- (a) Trackwork may pay cash dividend or capitalise its retained earnings or its other distributable reserves and distribute them as cash dividend, as recommended by the Board of Trackwork to the shareholders of Trackwork in proportion to their shareholdings. Trackwork shall ensure that the distribution will not result in a breach of any debt covenants, debt equity ratio, debt servicing credit ratio and any other ratio imposed by any security documents of Trackwork.
- (b) In deciding whether in respect of any accounting period Trackwork had profits available for distribution, the parties shall procure Trackwork's auditors to certify whether such profits are available or not and such amount (if any). In giving such certificate, Trackwork's auditors shall act as experts and not arbitrators and their determination shall be binding on the parties. In addition, Trackwork may make distribution out of profits only if Trackwork is solvent. Trackwork will be regarded as solvent if Trackwork is able to pay its debts as and when the debts become due within 12 months immediately after the distribution is made.
- (c) Notwithstanding the provisions above, the parties hereby agree that, the shareholders of Trackwork shall not without prior written consent of all shareholders of Trackwork, declare any dividend for the FYEs 30 September 2018 and 30 September 2019 respectively.

(vi) Financing

If and to the extent that Trackwork requires funds to meet its capital requirement within the limits set out in the budget approved by the Board of Trackwork (“**Funding Requirement**”) Trackwork shall, subject to mutual agreement by the shareholders of Trackwork, meet the Funding Requirement by any one (1) or more of the following methods (and in the following order of priority):-

- (a) from Trackwork’s internally generated funds;
- (b) loans, facilities, borrowings, overdraft or other forms of financing from banks, financial institutions or third parties. To the extent required by such financial institutions, the shareholders of Trackwork shall severally guarantee the credit facility. The proportions in which the shareholders of Trackwork shall each be required to guarantee Trackwork’s obligations shall not exceed the proportion in which the shareholders of Trackwork, respectively hold shares at the time the guarantee is given. In the event a joint guarantee is required to be given by the financial institution, each shareholder of Trackwork shall indemnify the other shareholders of Trackwork for any breach of their obligation to make payment to the financial institution for their respective proportion of guarantee;
- (c) shareholders’ loans or advances mutually agreed to by the shareholders of Trackwork in writing which shall be provided by the shareholders of Trackwork in accordance to their respective shareholding proportions (unless otherwise agreed by the shareholders of Trackwork); and/or
- (d) increase in the issued shares of Trackwork and each shareholder of Trackwork shall be responsible to subscribe new shares in proportion to their shareholding proportions.

(vii) Proposed Call/Put Options

- (a) Trakniaga hereby grants to our Company a Call Option.
- (b) Our Company hereby grants to Trakniaga a Put Option.
- (c) Trakniaga and our Company agree that the Proposed Call/Put Options shall only be exercised in the manner set out below:-
 - (I) Our Company may exercise the Call Option during the period from the expiry of the Cumulative Profit Guarantee period up to the fifth (5th) anniversary of the Completion to require Trakniaga to sell the Option Shares held by Trakniaga at the price determined below by serving a notice in writing to Trakniaga of the exercise of the Call Option.
 - (II) Trakniaga may exercise the Put Option during the period of six (6) months, commencing from the expiry of the Call Option Period (“**Put Option Period**”) to require our Company to purchase the Option Shares held by Trakniaga at the price determined below by serving a notice in writing to our Company of the exercise of the Put Option.

The parties will be required to obtain the approvals of the shareholders of the parties and other relevant authorities for the transfer of the Option Shares or the issue of shares in our Company in full satisfaction for the payment of the Option Shares within 120 days from the date of the exercise of the Call Option or the Put Option (as the case may be) or such other time periods as may be agreed by the parties from time to time.

- (d) The Proposed Call/Put Options shall be exercised in relation to all Trackwork Shares then held by Trakniaga.
- (e) The Shareholders shall calculate the Option Price as follows:-

$$\text{Option Price} = [A \times 7.25] \times B$$

Where:-

A = PAT (excluding any unusual or non-recurring or exceptional items) based on the latest audited financial statements of Trackwork

B = The percentage of the Option Shares in the equity of Trackwork

The Option Price shall be satisfied via cash and/or the issuance and allotment of Option Consideration Shares at an issue price to be determined based on the five (5)-day VWAP of the existing AWC Shares as at the date of the Exercise Notice.

Upon completion of the transfer of the Option Shares to our Company, Trakniaga shall cease to be a party to the Shareholders' Agreement and shall be released from all further obligations under the Shareholders' Agreement, save for any antecedent breaches.

2.1.13 Estimated additional financial commitment

Our Company does not expect to incur additional financial commitments in putting Trackwork on-stream as it is already in operation and is profit generating.

2.2 Proposed Diversification

Presently, our Group is principally involved in the following:-

- (i) provision of group-level corporate services;
- (ii) provision of an integrated range of maintenance services for office, commercial, industrial, residential and administrative buildings;
- (iii) provision of various mechanical and electrical engineering services for the building industry; and
- (iv) provision of environmentally-friendly solutions to waste collection system management.

Pursuant to the Cumulative Profit Guarantee arising from the Proposed Acquisition, our Company expects that the eventual contribution arising from the Proposed Acquisition will be more than 25% of the PAT of our Group and as such will result in a diversification of our Group's existing core business.

In this regard, our Company is proposing to seek the approval of our shareholders for the Proposed Diversification at the forthcoming Adjourned EGM.

For information purposes, two (2) of Trackwork's existing directors, namely Goh Tse Woei and Kong Keat Voon had, on 28 February 2018 entered into a service agreement with Trackwork ("Service Agreement") which will be effective from the Completion Date and shall remain in the employment of Trackwork for a period of at least five (5) years commencing from the Completion Date.

The brief profiles of Goh Tse Woei and Kong Keat Voon are set out below:-

(i) Goh Tse Woei

Goh Tse Woei, aged 38, graduated from Queensland University of Technology with a Bachelor in Business majoring in Public Relations.

He started his career with Inthemix, Australia in 1999, where he was involved in the marketing and promotion of artists, brands and events. Subsequently, he joined Alpha Platform PR Sdn Bhd in 2004, a Malaysian public relations consultancy firm where he manages key accounts to provide public relations consultancy services including government initiatives, national issues, crises management, advocacy and mergers and acquisitions.

He then joined Trackwork as its Sales and Marketing Manager in 2008 where he is in charge of the development of sales and marketing of Trackwork's products and services in South East Asia, mainly on urban light railway transit operators and metro projects.

(ii) Kong Keat Voon

Kong Keat Voon, aged 47, graduated from the University of Malaya, Malaysia in 1994 with a Bachelor of Engineering (Civil).

He started his career with Jurutera Perunding Tegap Sdn Bhd as a design engineer in 1994 where he was involved in structural and design works. Subsequently, he joined Greenwell Engineering Sdn Bhd, which specialises in oleochemical turnkey project as an Assistant Project Manager in 1995 where he was involved in planning, designing, controlling the cost of the project and project management for the construction of chemical plants.

He then joined Loh & Loh Constructions Sdn Bhd as a Project Engineer in 1997, where he managed heavy engineering constructions projects and was involved in project implementation, tendering for projects and business development. He was then tasked to lead, manage and develop the Railway Division and Turnkey Department in 2002.

Subsequently, he joined Trackwork as its Chief Executive Officer in 2012, where he oversees administrative functions and is responsible for leading the development, planning, implementation and integration of the strategic direction of Trackwork.

Moving forward, our Group may expand our staff force for the rail division and may employ additional personnel with relevant rail related works experience.

Premised on the above, the Proposed Acquisition is expected to provide an additional source of revenue and profits to our Group. Notwithstanding the Proposed Diversification, our Company intends to continue operating our Group's existing businesses and is continuously evaluating ways to improve our Group's performance.

3. RATIONALE OF THE PROPOSALS

3.1 Proposed Acquisition

Our Group is presently involved in, among others, the provision of an integrated range of maintenance services for office, commercial, industrial, residential and administrative buildings, provision of various mechanical and electrical engineering services for the building industry and provision of environmentally-friendly solutions to waste collection system management. It has been our Group's strategy to diversify into other related businesses with growth prospects in order to diversify and sustain our Group's earnings.

In light of the promising prospects of the rail industry set out in Section 4.2 of Part A of this Circular, your Board has identified rail related works as an area of growth and the Proposed Acquisition will give our Group the opportunity to do so through Trackwork. Trackwork has over 18 years of rail experience in the areas of rail related industry services and they have been involved in, rail welding (through the utilisation of flash butt welding), fabrication of points and crossings of railway tracks, rail grinding and monitoring of maintenance effectiveness services.

As Trakniaga still holds 40% equity interest in Trackwork upon completion of the Proposed Acquisition, the Proposed Call/Put Options have been put in place to ensure that Trakniaga does not dispose their shareholdings in Trackwork to other parties and to minimise unnecessary disputes moving forward. Further, the Proposed Call/Put Options are to safeguard the interests of our Company in Trackwork and accords our Company with the option to obtain full control of Trackwork.

3.2 Proposed Diversification

The Proposed Diversification will allow our Company to diversify into a new viable business which provides it with another stream of income, which may in turn improve our Company's shareholder value.

Your Board believes that the Proposed Diversification will contribute positively to our Group's future earnings. Consequently, the Proposed Diversification may reduce our Group's reliance on its existing core business.

4. INDUSTRY OVERVIEW AND PROSPECTS

4.1 Overview and outlook of the Malaysian economy

The Malaysian economy expanded at a slower pace of 4.5% in the second quarter ("2Q") of 2018 (First quarter ("1Q") 2018: 5.4%). Growth was slower on account of supply disruptions in the mining sector and lower agriculture production. The latter is due to supply constraints and adverse weather conditions. On the demand side, growth was dampened by lower public investment and net export growth. Private sector spending remained resilient, expanding further by 7.5% (1Q 2018: 5.2%). In particular, private consumption increased strongly by 8.0% (1Q 2018: 6.9%). On a quarter-on-quarter seasonally-adjusted basis, the economy grew by 0.3% (1Q 2018: 1.4%).

Domestic demand recorded a stronger growth of 5.6% (1Q 2018: 4.1%), as the higher private sector activity (7.5%; 1Q 2018: 5.2%) more than offset the decline in public sector spending (-1.4%; 1Q 2018: -0.1%). Private consumption expanded at a stronger pace of 8.0% (1Q 2018: 6.9%), the highest since 1Q 2015. This was driven by continued strength in income and employment. Consumer spending was also boosted by the lower inflation during the quarter following the zerorisation of the Goods and Services Tax ("GST") rate and stronger consumer sentiments.

Private investment growth was higher at 6.1% (1Q 2018: 0.5%), driven mainly by capital spending in the manufacturing and services sectors. The better performance was supported by positive business sentiments, favourable demand conditions and continued high capacity utilisation during the quarter. Public consumption registered a higher growth of 3.1% (1Q 2018: 0.4%), supported by improvement in supplies and services and sustained growth in emoluments.

Public investment continued to contract during the quarter (-9.8%; 1Q 2018: -1.0%). This was in part due to the near completion of ongoing projects and lower government of Malaysia ("**Government**") development expenditure. Growth in gross fixed capital formation improved to 2.2% (1Q 2018: 0.1%), attributed to higher private sector investment activity. By type of assets, capital spending on machinery and equipment rebounded to 3.6% (1Q 2018: -3.6%). Investment in structures expanded at a slower pace of 2.1% (1Q 2018: 2.8%), due mainly to a slower expansion in investments in non-residential property such as office and retail space. Investment in other types of assets contracted by 2.9% (1Q 2018: -0.2%).

On the supply side, growth was affected by commodity-specific shocks. Major economic sectors, notably the services and manufacturing sectors (77.5% of gross domestic product), remained supportive of growth. Growth in the services sector was sustained during the quarter, driven primarily by the wholesale and retail trade sub-sector arising from increased household spending following the zerorisation of the GST rate. Growth was further supported by the information and communication sub-sector, following continued strong demand for data communication services. Growth in the finance and insurance sub-sector was driven by continued strength in lending activity.

The manufacturing sector grew at a more moderate pace supported by continued strength in the electronics and electrical, consumer and construction-related clusters. This can be attributed to the continued demand from fast growing semiconductor segments e.g. automotive and Internet of Things, and the zerorisation of the GST rate. These gains partly offset the slower performance in the primary-related cluster which was affected by the commodity-specific shocks upstream.

Growth in the construction sector continued to moderate in the 2Q. In the civil engineering sub-sector, growth was supported by the ongoing transportation, petrochemical and power plant projects. In the residential and non-residential sub-sectors, growth continued to decline. The development partly reflected the significant number of unsold residential properties and oversupply of office spaces and shopping complexes.

Headline inflation, as measured by the annual percentage change in the Consumer Price Index ("CPI"), declined to 1.3% in the 2Q of 2018 (1Q 2018: 1.8%). The lower inflation outcome mainly reflected the zerorisation of the GST rate. As a result, inflation declined to 0.8% in June (May: 1.8%, April: 1.4%). The decline in prices was broad-based where more than 90% of the items that were previously taxed at the standard-rate under the GST were observed to register price declines ranging between 0.06% and 6.75%. As a result, the percentage of items in the CPI basket that registered inflation of more than 2% declined to 18% in the 2Q (1Q 2018: 28%). However, the extent of price decline in June was smaller than anticipated. Prices of standard-rated items in the CPI basket only declined by an average of 2.3%. The impact from the GST zerorisation, however, was offset by higher transport inflation. While the domestic RON95 petrol price was maintained at RM2.20 per litre since 22 March 2018, the lower prices in the base period of the 2Q of 2017 resulted in higher inflation in the transport category. Nevertheless, the fixed RON95 petrol price has helped to contain further increases in fuel inflation during the quarter. Core inflation, excluding the impact of the GST zerorisation, also moderated during the quarter to 1.5% (1Q 2018: 1.9%). This was mainly due to lower inflation in the food away from home sub-category, contributed by the stronger ringgit exchange rate in the first half of 2018 relative to the second half of 2017. Demand-driven inflation remained stable.

The Malaysian economy continued to expand in the first half of 2018. Private sector activity remained firm. Going forward, growth is expected to be broadly sustained, supported mainly by private sector spending. While the Department of Statistics, Malaysia's Composite Leading Index indicated mixed performance in recent months, the strong improvements in the Malaysian Institute of Economic Research ("MIER") Consumer Sentiments Index and MIER Business Conditions Index are expected to be supportive of private sector spending. Private consumption will be underpinned by continued wage and employment growth, with an additional impetus from higher household spending due to the zerorisation of GST.

Investment activity will be driven by capacity expansion mainly in the export-oriented industries and ongoing infrastructure projects, particularly in the transport and utilities subsectors. Nevertheless, overall growth may be partially weighed down by lower public sector spending. On the external front, trade activity will continue to benefit from the continued expansion in global growth. As such, Malaysia is still expected to achieve a healthy current account surplus of 2% to 3% of gross national income for the year. Greater certainty in domestic policy in the coming months is expected to provide support to growth prospects. Malaysia's macroeconomic fundamentals remain strong, and thus provides the country with the requisite buffers to effectively manage potential shocks to the economy.

4.2 Overview and outlook of the rail industry

The civil engineering subsector continued to record a double-digit growth of 13.7% (January – June 2016: 17.7%) supported by major infrastructure projects under the Eleventh Malaysia Plan. Among the rail projects were the MRT Sungai Buloh – Serdang – Putrajaya (“SSP”) line and the Electrified Double Track Gemas – Johor Bahru line. Public transport and connectivity were improved to increase mobility and ease traffic congestion in the country. In this regard, the construction of the MRT and the extension of LRT systems within the Greater Klang Valley were implemented. While the MRT line from Sungai Buloh to Kajang was operational on 17 July 2017, the MRT line connecting SSP, and LRT 3 from Bandar Utama to Klang are under construction.

The LRT 3 will link Bandar Utama to Klang within 58 minutes. The line has an overall distance of 37 kilometres (“km”) which targets to serve 2 million people. The LRT 3 will have 26 stations and is the first rail project with green technology in Malaysia, where the features include noise reduction system, improved energy management system, natural ventilation and rainwater harvesting technology at its stations.

The MRT SSP Line is the second line to be developed under the Klang Valley MRT project. The line will form a critical component of Klang Valley’s public transport system by providing better rail coverage along a corridor stretching from Sungai Buloh to Putrajaya. The proposed alignment of 52.2 km consists of 38.7 km of elevated tracks and 13.5 km of underground tracks with a total travelling time of about one hour and 24 minutes. It will have 35 stations, where 24 are elevated and 11 underground. The SSP Line is expected to have a ridership of 529,000 passengers per day once full service starts in the second quarter of 2022.

Although the Government has recently cancelled the East Coast Rail Link (“ECRL”) project and put on hold the High Speed Rail (“HSR”) and the MRT 3 (Circle Line) projects, your Board is of the view that there is still a pressing need to improve Malaysia’s existing railway infrastructure. Further, your Board also believes that the Government will continue to assess and perhaps negotiate better terms for the HSR and the MRT 3 (Circle Line) projects which have been postponed and such projects may resume when the Government’s financial standing improves.

4.3 Prospects of Trackwork

Based on our audited consolidated financial statements, our Group has recorded growth in revenue for the past five (5) financial years, save for FYE 30 June 2014. Similarly, our Group has also recorded an annual growth in PAT for the same period which saw our PAT grow from RM4.56 million in FYE 30 June 2013 to RM22.02 million for the FYE 30 June 2017. For FYE 30 June 2017, our Group achieved another year of strong financial performance, which surpassed our record breaking results achieved in FYE 30 June 2016. Our facilities division remained the mainstay of our Group and contributed approximately 39.00% of revenue, while the engineering and environment divisions contributed approximately 37.70% and 23.30% respectively. Notwithstanding this, it has been our Group’s strategy to diversify into other related businesses with growth prospects in order to diversify and sustain our Group’s earnings and your Board has identified Trackwork as a platform to venture into rail asset management.

Trackwork has over 18 years of experience in rail related services and its business segments include supplying track materials and rolling stock, maintenance of railway tracks, supplying and commissioning of track tools, equipment and machineries, supplying depot equipment and tools, as well as track diagnostics and monitoring systems. Rail related works, on the other hand, have been a key theme within the domestic construction industry for the past several years and Trackwork is expected to be well positioned for further growth as the Government is looking to further expand Malaysia’s railway connectivity.

Trackwork has an existing unbilled orderbook of approximately RM70.51 million for the supply of track materials/machineries/fittings including secured sales commission income of approximately RM8.85 million (on the back of a total contract value of approximately RM90.55 million) from contracts secured by their international principals for the next two (2) FYEs 30 September 2018 and 30 September 2019.

Its track record of securing and executing rail related projects on its own as well as its agency role of partnering with local and international principals are positive indicators that Trackwork will be a keen contender in the domestic rail related industry services work segment and is adept in securing new rail related works in Malaysia.

Notwithstanding the Government's present stance on rail-related infrastructure investment plans, a steady growth for the rail industry is still expected from the potential Penang LRT and Singapore Rail Link. Further, there will also be continued demand for machine spare parts and track materials as the existing infrastructure, projects and machinery will require on-going maintenance. Trackwork intends to continue tendering for new railway works such as those relating to the Gemas-Johor Bahru double tracking project as well as the Klang Valley Double Track Project (Phase 2) and our Company believes that Trackwork would be able to bid for contracts to maintain Keretapi Tanah Melayu Berhad's railway assets.

Premised on the above, your Board believes that given Trackwork's expertise and experience, Trackwork remains well positioned to secure additional projects to replenish its orderbook and hence, the prospects of the enlarged AWC Group are expected to be reasonably optimistic moving forward.

5. RISK FACTORS

The potential risk factors which may arise from the Proposed Acquisition includes, but are not limited to the following:-

5.1 Non-completion risk

The completion of the SSA is conditional upon the satisfaction or waiver, as the case may be, of the Conditions. There can be no assurance that the Conditions will be fulfilled or obtained in a timely manner or at all. In the event any of the Conditions cannot be fulfilled or waived on or before the stipulated timeframe and/or in the event of any breach of the terms and conditions set out in the SSA and the Supplemental Agreement, the SSA shall lapse or become null and void, and hence, the Proposed Acquisition will not be completed.

Nevertheless, the Parties will take all reasonable steps to ensure the satisfaction and/or waiver of the Conditions in order to facilitate the timely completion of the SSA.

5.2 Acquisition and integration risks

The Proposed Acquisition is expected to enhance the earnings of our Group. However, this is dependent on the successful integration of the operations of our Company and Trackwork. Given that Trackwork has its own policies and practices, corporate cultures, management styles as well as accounting, performance management and reward systems, there is no assurance that our Company and Trackwork will be successfully integrated and/or without operational disruptions.

Further, there is no assurance that the anticipated benefits of the Proposed Acquisition will be realised or that our Group will be able to generate sufficient revenue and earnings in our Company to offset the associated acquisition/integration costs incurred. There is also no assurance that our Group, moving forward will be able to secure contracts, maintain or improve the quality of services currently offered or that the financial performance of Trackwork could be maintained.

In mitigating this risk, in addition to the Cumulative Profit Guarantee, our Management, together with the management team of Trackwork will oversee the integration process, daily operations and be involved in the decision making of strategic matters in Trackwork as governed by the Shareholders' Agreement.

5.3 Diversification risk

The Proposed Acquisition is expected to result in a business diversification by our Group to include rail related works and general trading specifically in trading and rail welding works, ranging from the supply of materials to the actual completion of rail related works and provision of rail related industry services which our Group has no prior experience. Our Group will be subjected to new challenges and risks arising from the diversified business which our Group has not been participating in the past.

Our Group seeks to mitigate the diversification risk by, among others, leveraging on the experience and expertise of Goh Tse Woei and Kong Keat Voon. In addition, our Group may also recruit other personnel with relevant expertise and experiences, specifically in the area of rail related works upon completion of the Proposals. Our Group may also seek the services of external professional consultants to advise its senior management and/or its Directors to assist at the operational level. Nonetheless, our Group's ability to succeed and compete in the area of rail related works may be adversely affected by any loss in key personnel in Trackwork.

In addition to the above, our Group may also face risks in relation to the rail related business, including, among others, the following:-

5.3.1 Construction risk

As Trackwork is involved in rail related construction activities, our enlarged Group may face certain risks inherent to the construction industry such as shortages of materials, skilled workers, price increase in raw materials, labour disputes, unavailability and/or inefficiency of equipment, adverse weather conditions, natural disasters, accidents and failure and/or delays in obtaining/renewing of licenses, permits and approvals.

Timely completion and hand-over of any project undertaken by Trackwork is also critical in ensuring costs are contained and our Group's reputation is safeguarded.

Our Group seeks to mitigate these risks through proper project planning, working closely with suppliers and contractors as well as closely monitoring work progress in order to ensure timely completion of projects. Our Group further endeavors to promptly rectify any setback, and liaise with the relevant authorities or parties proactively.

5.3.2 Unexpected termination of contracts or delays in the completion of projects

Trackwork's ability to satisfy the Cumulative Profit Guarantee is dependent on the timely completion of those contracts and projects already awarded to it. In the event any such contracts are terminated and/or completion of one (1) or more projects is delayed due to unforeseen circumstances beyond the control of Trackwork, Trackwork may not be able to satisfy the Cumulative Profit Guarantee and in turn, this may affect the financial performance of our Group.

Our enlarged Group will closely monitor the progress of all contracts awarded and will continue to engage in constant communication with the project owners in order to keep abreast with any potential development affecting our enlarged Group. Further, our enlarged Group will also be able to leverage on the expertise of Goh Tse Woei and Kong Keat Voon in relation to project management of the projects undertaken or to be undertaken by Trackwork.

5.3.3 Competition risk

Moving forward, our enlarged Group's rail related works segment is expected to face competition from existing players and new entrants into the industry. There can be no assurance that we will be able to compete effectively or that the tendering process will not intensify for our enlarged Group in the future. In order to remain competitive, we may also face considerable pressure to adjust our pricing downwards which could affect our profit margins and ultimately our overall financial performance.

Notwithstanding the above, our Group will continue to keep abreast with any development affecting our industry and actively participate in bidding processes and negotiations. Our Group will also continuously review our procurement processes as well as our overall business strategies to remain competitive.

5.4 Dependency on key personnel

In diversifying our Group's business into rail related works, our Group will, to a certain extent be relying on the experience of Goh Tse Woei and Kong Keat Voon as well as the employees of Trackwork. The loss of any key personnel may adversely affect our Group's rail related works business. Our Company recognises the importance of attracting and retaining the key personnel of Trackwork and will continue to review its human resource strategies and key personnel retention policies accordingly. However, there is no assurance that the loss of these key personnel will not have a material adverse effect on our Group's business, financial performance and prospects.

In mitigating this risk, the key personnel, namely Goh Tse Woei and Kong Keat Voon had entered into the Service Agreement with Trackwork which will be effective for a period of five (5) years from the Completion Date.

5.5 Goodwill on acquisition

Pursuant to the requirements of the Malaysian Financial Reporting Standard ("MFRS") 3, the Proposed Acquisition is expected to result in our Group having to recognise a goodwill on acquisition. Goodwill as of the Completion Date shall be measured as the excess of the consideration transferred over the fair values of the identifiable assets and liabilities acquired and other separately identifiable intangible assets. MFRS 136 also requires goodwill to be subjected to annual impairment reviews. In the event the goodwill is impaired, this will have an adverse effect on the financial performance of the enlarged AWC Group.

For the avoidance of doubt, goodwill, if any, will be measured upon the listing of and quotation for the Consideration Shares and hence, there can be no assurance that the annual review of any goodwill arising from the Proposed Acquisition will not result in any adverse financial impact to our Company.

5.6 Non-achievement of the Cumulative Profit Guarantee

While your Board has taken reasonable steps to assess the achievability of the Cumulative Profit Guarantee, there can be no assurance that the Cumulative Profit Guarantee will be met.

In order to mitigate this risk, our Group shall withhold the Retention Sum and in the case where the Cumulative Profit Guarantee is not met, our Company shall deduct any shortfall from the Retention Sum and/or to procure the Sellers to jointly and severally pay the balance of such shortfall in cash, in the manner set out in Sections 2.1.11(iv)(c) and (d) of Part A of this Circular. However, there can be no assurance that our Company will be able to successfully procure the Sellers to pay the balance of such shortfall in cash.

5.7 Non-settlement of the Settlement Sum by Gemac

In accordance with the terms of the Gemac Third Supplemental Agreement, Gemac and Trackwork had agreed to pay Fajarbaru the Settlement Sum in the manner set out in Section 1 of Part A of this Circular. Subsequently, Gemac had, in the Letter of Undertaking and Indemnity, acknowledged, among others, that Gemac shall be solely responsible for the full payment of the Settlement Sum and shall discharge Trackwork from all liabilities and obligations under the Supply Agreements and the Gemac Third Supplemental Agreement.

Notwithstanding the above, there can be no assurance that Gemac will settle the Settlement Sum in full, which in turn may result in Fajarbaru claiming all or part of the Settlement Sum from Trackwork. Under such circumstances and in the event its attempts to procure Gemac to fulfil its obligations under the Gemac Third Supplemental Agreement is unsuccessful, Trackwork may be required to settle the Gemac Default Payment Sum with Fajarbaru.

However, as the terms of the Supplemental Agreement allows for our Company's solicitors to pay Fajarbaru the Gemac Default Payment Sum from the Balance Cash Consideration, such risk is not expected to negatively impact Trackwork's financial performance moving forward.

5.8 Exercise of Proposed Call/Put Options

In accordance with the terms of the Shareholders' Agreement, our Company and Trakniaga are entitled to exercise the Proposed Call/Put Options (as the case may be) at any time during the Call Option Period or the Put Option Period. In the event either party exercises the Proposed Call/Put Options, our Company will be required to acquire all the Option Shares and assume all obligations of Trackwork. There can be no assurance that our Company will possess or will be able to raise sufficient funding or reallocate resources or obtain the necessary approvals within the notice period to complete the acquisition of the Option Shares and meet any additional obligations arising therefrom. Nevertheless, our Company will continuously monitor its obligations and performance under the Shareholders' Agreement in order to prepare for such events before they arise.

6. EFFECTS OF THE PROPOSALS

The Proposed Diversification will not have any effect on the total issued share capital, substantial shareholders' shareholdings, consolidated NA, gearing, earnings and EPS of our Company.

For illustrative purpose, the pro forma financial effects of the Proposed Acquisition and exercise of the Proposed Call/Put Options (assuming the Option Price is fully satisfied by way of the Option Consideration Shares) have been prepared based on the following scenarios:-

- | | | | |
|-------------------------|---|------|---|

6.4 Earnings and EPS

The Proposed Acquisition is not expected to have a material effect on the earnings and EPS of our Group for the FYE 30 June 2019. However, in view of the Cumulative Profit Guarantee of RM20.00 million for the FYEs 30 September 2018 and 30 September 2019 as well as the prospects of Trackwork set out in Section 4.3 of Part A of this Circular, the Proposed Acquisition is expected to contribute positively to the future consolidated earnings of our Company.

The Proposed Call/Put Options can only be exercised after the expiry of the Cumulative Profit Guarantee Period. As the Option Price and the resulting Option Consideration Shares to be issued are determined based on the latest available audited financial statements of Trackwork at the point the Proposed Call/Put Options are exercised, the effects of the Proposed Call/Put Options on the earnings and EPS of our Company cannot be determined at this juncture.

For illustrative purposes, based on our Group's latest audited consolidated financial statements for the FYE 30 June 2017 and assuming the Proposed Acquisition and the exercise of the Proposed Call/Put Options had been completed on 1 July 2016, the pro forma consolidated earnings and EPS of our Company for the FYE 30 June 2017 would be as follows:-

	Audited as at 30 June 2017 (RM)	After the Proposed Acquisition		After the exercise of the Proposed Call/Put Options	
		Minimum Scenario (RM)	Maximum Scenario (RM)	Minimum Scenario (RM)	Maximum Scenario (RM)

Notes:-

- ⁽ⁱ⁾ After taking into consideration 60.00% of Trackwork's PAT attributable to our Company for the FYE 30 September 2017 of approximately RM1.75 million.
- ⁽ⁱⁱ⁾ After taking into consideration the number of AWC Shares in issue as at LPD and the issuance of 11,500,000 Tranche 2 Consideration Shares.
- ⁽ⁱⁱⁱ⁾ Based on Trackwork's PAT of approximately RM2.91 million for the FYE 30 September 2017.
- ^(iv) After taking into consideration the issuance of Tranche 3 Consideration Shares, Tranche 4 Consideration Shares and the Option Consideration Shares.
- ^(v) Excluding a total of 3,326,800 AWC Shares bought back and retained as treasury shares.

6.5 Convertible securities

Save for the 17,710,532 ESOS Options outstanding which are exercisable into new AWC Shares, our Company does not have any other existing and outstanding convertible securities as at LPD.

The Proposals will not have any effect on the terms and conditions of the outstanding ESOS Options.

7. INTERESTS OF DIRECTORS, MAJOR SHAREHOLDERS AND/OR PERSONS CONNECTED TO THEM

None of the directors, major shareholders and/or persons connected to them has any interest, whether direct or indirect, in the Proposals.

8. APPROVALS REQUIRED

The Proposals are conditional upon the following approvals being obtained:-

- (i) Bursa Securities, for the listing of and quotation for up to 51,500,000 Consideration Shares and up to 96,666,667 Option Consideration Shares on the Main Market of Bursa Securities, which was obtained vide its letter dated 2 May 2018, subject to, among others, the following conditions:-

3.	AWC to furnish Bursa Securities with a written confirmation of its compliance with the terms and conditions of Bursa Securities' approval once the Proposals is completed; and	To be complied.
4.	AWC to furnish Bursa Securities with a certified true copy of the resolution passed by shareholders at extraordinary general meeting for the Proposals.	To be complied.

- (ii) our shareholders for the Proposals, at an Adjourned EGM to be convened;
- (iii) financiers of Trackwork for the change of the shareholders and Directors of Trackwork and the amendment to the Constitution of Trackwork. For information purposes, the required written letters of consent were obtained on 31 May 2018; and
- (iv) any other relevant authorities, if required.

The Proposed Acquisition, the Proposed Call/Put Options and the Proposed Diversification are inter-conditional.

The Proposals are not conditional upon any other corporate proposals undertaken or to be undertaken by our Company.

9. DIRECTORS' STATEMENT AND RECOMMENDATION

Your Board, after having considered all aspects including but not limited to the prospects, rationale and effects of the Proposals, is of the opinion that the Proposals are in the best interest of our Company.

Accordingly, your Board recommends that you vote in favour of the resolutions to be tabled at our forthcoming Adjourned EGM.

10. CORPORATE PROPOSALS ANNOUNCED BUT PENDING COMPLETION

Save for the Proposals and the proposed grants of options pursuant to our Company's ESOS Scheme to our Independent Non-Executive Directors set out in Part B of this Circular, there is no other corporate exercise which has been announced by our Company but is pending completion.

11. HISTORICAL SHARE PRICES

5.1 Commentaries on past performance**(i) FYE 30 September 2015 compared to FYE 30 September 2014**

Revenue increased by approximately RM8.88 million or 44.04% for the FYE 30 September 2015 mainly due to the recognition of a significant portion of revenue from a two (2) year contract which Trackwork secured in 2013 for the supply of track geometry recording vehicles and the supply of monoblock wheels amounting to approximately RM22.00 million and RM16.00 million respectively. The contract was completed in FYE 30 September 2015.

Despite the notable increase in revenue, gross profit only increased by approximately RM1.27 million or 34.72% due to higher cost of materials for the supply of monoblock wheels to Keretapi Tanah Melayu Berhad and cable troughs for Klang Valley MRT Line 1 ("KVMRT Line 1").

PBT increased marginally by approximately RM0.18 million or 10.40% as Trackwork incurred higher losses on foreign exchange and higher administrative costs compared to FYE 30 September 2014.

INFORMATION ON TRACKWORK (Cont'd)

(ii) FYE 30 September 2016 compared to FYE 30 September 2015

Revenue increased by approximately RM29.36 million or 101.10% for the FYE 30 September 2016 mainly due to revenue of approximately RM29.99 million derived from a contract to install the emergency walkway system for KVMRT Line 1.

Despite the significant increase in revenue, gross profit increased by only approximately RM3.72 million or 75.59% for the FYE 30 September 2016 due to higher costs relating to the installation of the emergency walkway system for KVMRT Line 1.

PBT increased by approximately RM2.72 million or 140.10% for the FYE 30 September 2016 as a result of the improvement in gross profit and the marginal increase in operating expenses of RM0.56 million to approximately RM3.50 million.

(iii) FYE 30 September 2017 compared to FYE 30 September 2016

Revenue decreased by approximately RM28.49 million or 48.78% for the FYE 30 September 2017 mainly due to the completion of works for KVMRT Line 1.

Despite the decline in revenue, gross profit increased by approximately RM3,708.00 or 0.04% for the FYE 30 September 2017 mainly due to better margins for the supply contracts to Fajarbaru and Emrail Sdn Bhd.

PBT increased by approximately RM0.68 million or 14.62% to approximately RM5.34 million for the FYE 30 September 2017 due to the successful refund of liquidated and ascertained damages (LAD) that was imposed on the supply of the track geometry recording vehicle to Prasarana Malaysia Berhad ("Prasarana"), amounting to approximately RM0.85 million.

(iv) FPE 30 June 2018 compared to FPE 30 June 2017

Revenue increased by approximately RM23.03 million or 123.54% higher for the FPE 30 June 2018 mainly due to revenue recognised from the supply of wagons to the Ministry of Transport of Malaysia and the supply of steel sleepers (and fastenings) to Fajarbaru.

Gross profit improved by approximately RM6.60 million or 98.26% for the FPE 30 June 2018 mainly due to better margins arising from the supply of steel sleepers (with fastenings) to Fajarbaru and the increase in commission income received from Trackwork's international principals.

PBT increased by approximately RM5.60 million or 110.78% to approximately RM10.65 million for the FPE 30 June 2018 as a result of the improvement in gross profit and the marginal increase in operating expenses of RM0.43 million to approximately RM3.13 million.

5.2 Changes in accounting policies and estimates

For the past three (3) FYEs 30 September 2015 to 30 September 2017, Trackwork has not adopted any accounting policy which is peculiar to Trackwork due to the nature of its business or the industry in which it is involved in.

5.3 Audit qualification

There were no audit qualifications on the audited financial statements on Trackwork for the FYEs 30 September 2015 to 30 September 2017.

INFORMATION ON TRACKWORK (Cont'd)

6. MATERIAL COMMITMENTS AND CONTINGENT LIABILITIES**6.1 Material commitments**

The Board of Trackwork is not aware of any material commitment incurred or known to be incurred by Trackwork which, may have a substantial impact on the financial position of Trackwork.

6.2 Contingent liabilities

Save for the remaining amount of RM15,717,944.54 to be settled by Gemac and Trackwork with Fajarbaru pursuant to the Gemac Third Supplemental Agreement, the Board of Trackwork is not aware of any contingent liability incurred or known to be incurred by Trackwork which, upon becoming enforceable, may have a material impact on the financial position of Trackwork. For information purposes, RM15,717,944.54 represents the total amount to be settled by Gemac and Trackwork under the Gemac Third Supplemental Agreement less the First Settlement Sum amounting to RM3,528,110.77 which was paid to Fajarbaru on 25 June 2018.

INDEMNIFYING DIRECTORS, OFFICERS OR AUDITORS

No indemnities have been given to or insurance effected for, during or since the end of the financial year, any person who is or has been the director, officer or auditor of the Company.

OTHER STATUTORY INFORMATION

Before the Statement of Comprehensive Income and the Statement of Financial Position of the Company were made out, the directors took reasonable steps :-

- (a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and had satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and
- (b) to ensure that any current assets which were unlikely to be realised at their book values in the ordinary course of business have been written down to their estimated realisable value.

At the date of this report, the directors are not aware of any circumstances :

- (a) which would render the amount written off for bad debts or the amount of the allowance for doubtful debts inadequate to any substantial extent in the financial statements of the Company; or
- (b) which would render the values attributed to current assets in the financial statements of the Company misleading; or
- (c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Company misleading or inappropriate; or

AUDITED FINANCIAL STATEMENTS OF TRACKWORK FOR THE FYE 30 SEPTEMBER 2017
(Cont'd)

Company No. 498057-X

- (d) not otherwise dealt with in this report or financial statements which would render any amount stated in the financial statements of the Company misleading.

As of the date of this report, there does not exist :

- (a) any charge on the assets of the Company which has arisen since the end of the financial year which secure the liability of any other person; or
- (b) any contingent liability of the Company which has arisen since the end of the financial year.

No contingent liability or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of financial year which, in the opinion of the directors, will or may substantially affect the ability of the Company to meet its obligations as and when they fall due.

In the opinion of the directors,

- (a) the results of the operations of the Company during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature.
- (b) No item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of operations of the Company for the financial year in which this report is made.

AUDITORS' REMUNERATIONS

Total amounts paid to or receivable by the auditors as remunerations for their services as auditors of the Company are as follows :-

	2017 RM

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
TRACKWORK & SUPPLIES SDN. BHD. (498057-X)
 (Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Trackwork & Supplies Sdn. Bhd. which comprise the statement of financial position as at 30th September, 2017 of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 14 to 34.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as of 30th September, 2017 and of its financial performance and its cash flows for the financial year then ended in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Companies Act, 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the Financial Statements and Auditors' Report thereon

The directors of the Company are responsible for the other information. The other information comprises the Directors' Report but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon. *te*

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
TRACKWORK & SUPPLIES SDN. BHD. (498057-X)
 (Incorporated in Malaysia)

In connection with our audit of the financial statements of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Companies Act, 2016 in Malaysia. The directors are also responsible for such internal control as the directors determines is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of the audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also :-

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF

TRACKWORK & SUPPLIES SDN. BHD. (498057-X)

(Incorporated in Malaysia)

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis of our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by directors.

Conclude on the appropriateness of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements of the Company, including the disclosures, and whether the financial statements of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entity or business activities within the Company to express an opinion on the financial statements of the Company. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 2016 in Malaysia, we also report that in our opinion the accounting and other records and the Registers required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30TH SEPTEMBER, 2017

1. CORPORATE INFORMATION

The Company is a private limited liability company domiciled and incorporated in Malaysia. The registered office of the Company is located at 88-A (Suite 1), Jalan SS 21/35, Damansara Utama, 47400 Petaling Jaya, Selangor Darul Ehsan, Malaysia.

The principal place of business of the Company is situated at No. 31-5, Level 5, Dataran Prima Block F2, Jalan PJU 1/42A, 47301 Petaling Jaya, Selangor Darul Ehsan, Malaysia.

There financial statements of the Company are presented in the functional currency, which is the currency of the primary economic environment in which the entity operates. The functional currency of the Company is Ringgit Malaysia as the business transactions are mainly denominated in Ringgit Malaysia and receipts from operations are usually retained in Ringgit Malaysia and funds from financing activities are generated in Ringgit Malaysia.

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with the Malaysian Private Entities Reporting Standard ("MPERS") and the requirements of the Companies Act, 2016 of Malaysia.

Basis of Preparation

The financial statements have been prepared on the historical cost basis, except as otherwise stated in the financial statements where certain assets and liabilities are revalued.

The principal accounting policies adopted are set out below :-

Property, Plant and Equipment

The cost of an item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. After recognition as an asset, an item of property, plant and equipment are measured at cost less any accumulated depreciation and any accumulated impairment losses, except for freehold land and buildings.

Assets stated at valuation

After recognition as an asset, freehold land and buildings are carried at their revalued amount, being their fair value at the date of the revaluation, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluation are made with sufficient regularity to ensure that carrying amounts do not differ materially from that which would be determined using fair value at the end of the reporting period.

A revaluation increase arising from a revaluation is recognised in other comprehensive income and accumulated in equity under the heading of property revaluation surplus, except when the increase is recognised in the profit or loss to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss.

AUDITED FINANCIAL STATEMENTS OF TRACKWORK FOR THE FYE 30 SEPTEMBER 2017
(Cont'd)

Company No. 498057-X

A revaluation decrease arising from a revaluation is recognised in profit or loss, except when the decrease is recognised in other comprehensive income to the extent of any credit balance existing in the property revaluation surplus in respect of that asset. The decrease recognised in other comprehensive income reduces the amount accumulated in equity under the heading of property revaluation surplus.

Except for freehold land and properties under construction which are not depreciated, depreciation is provided on a straight-line method so as to write off the depreciable amount of the following assets over their estimated useful lives, as follows :-

Office Equipment	15%
Tools and Equipment	15%
Plant and Machinery	15%
Motor Vehicles	20%
Air Conditioners	15%
Computer Systems	20%
Furniture and Fittings	10%
Office Renovation	20%
Freehold Building	2%

Depreciation of an asset begins when it is ready for its intended use.

If there is an indication of a significant change in factors affecting the residual value, useful life or asset consumption pattern since the last annual reporting date, the residual values, depreciation method and useful lives of depreciable assets are reviewed, and adjusted prospectively.

The carrying amounts of items of property, plant and equipment are derecognized on disposal or when no future economic benefits are expected from their use or disposal. Any gain or loss arising from the derecognition of items of property, plant and equipment, determined as the difference between the net disposal proceeds, if any, and the carrying amounts of the item, is recognized in profit or loss. Neither the sale proceeds nor any gain on disposal is classified as revenue.

Impairment of Assets, Other Than Inventories and Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the recoverable amounts of the asset is estimated.

When there is an indication that an asset may be impaired but it is not possible to estimate the recoverable amount of an individual asset, the Company estimate the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset and a cash-generating unit is the higher of the fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset or a cash-generating unit is less than its carrying amount, an impairment loss is recognised to reduce the carrying amount to its recoverable amount. An impairment loss for a cash generating unit is firstly allocated to reduce the carrying amount of any goodwill allocated to the cash-generating unit, and then, to the other non-current assets of the unit pro rata on the basis of the carrying amount of each appropriate asset in the cash-generating unit.

(Cont'd)

Company No. 498057-X

Impairment loss is recognised immediately in profit or loss, unless the asset is carried at a revalued amount, in which case it is treated as a revaluation decrease.

The recoverable amount is the higher of an asset's or cash-generating unit's fair value less to sell, value in use and zero.

An impairment loss recognised in prior financial periods for an asset or the appropriate assets of a cash-generating unit is reversed when there has been a change in the estimates used to determine the asset's recoverable amount. An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised in prior periods. A reversal of an impairment loss is recognised immediately in profit or loss, unless the asset is carried at revalued amount, in which case it is treated as a revaluation increase.

Financial Assets

Financial assets are recognised in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, financial assets are measured at transaction price, include transaction costs for financial assets not measured at fair value through profit or loss, unless the arrangement constitutes, in effect, a financing transaction for the counterparty to the arrangement.

After initial recognition, financial assets are classified into one of three categories : financial assets measured at fair value through profit or loss, financial assets that are debt instruments measured at amortised cost, and financial assets that are equity instruments measured at cost less impairment.

(a) Financial Assets At Fair Value Through Profit or Loss

Financial assets are classified as at fair value through profit or loss when the financial assets are within the scope of Section 12 of the MPERS or if the financial assets are publicly traded or their fair value can otherwise be measured reliably without undue cost or effort.

Changes in fair value are recognised in profit or loss.

If a reliable measure of fair value is no longer available for an equity instrument that is not publicly traded but is measured at fair value through profit or loss, its fair value at the last date that instrument was reliably measured is treated as the cost of the instrument, and it is measured at this cost amount less impairment until a reliable measure of fair value becomes available.

(b) Financial Assets That Are Debt Instruments Measured At Amortised Cost

After initial recognition, debt instruments are measured at amortised cost using the effective interest method. Debt instruments that are classified as current assets are measured at the undiscounted amount of the cash or other consideration expected to be received.

Effective interest method is a method of calculating the amortised cost of financial assets and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimate future cash receipts through the expected life of the financial assets or, when appropriate, a short period, to the carrying amount of the financial assets.

Company No. 498057-X

(c) Financial Assets That Are Equity Instruments Measured At Cost Less Impairment

Equity instruments that are not publicly traded and whose fair value cannot otherwise be measured reliably without undue cost or effort, and contracts links to such instrument that, if exercised, will result in delivery of such instruments, are measured at cost less impairment.

(d) Impairment of Financial Assets

At the end of each reporting period, the Company assesses whether there is any objective evidence that financial assets that are measured at cost or amortised cost, are impaired.

Objective evidence could include :-

- Significant financial difficulty of the issuer; or
- A breach of contract; or
- The lender granting to the borrower a concession that the lender would not otherwise consider; or
- It becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- Observable data indicating that there is measurable decrease in the estimated future cash flows from the financial assets since the initial recognition of those assets.

(e) Derecognition of Financial Assets

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire, or are settled, or the Company transfers to another party substantially all of the risks and rewards of ownership of the financial assets.

On derecognition of financial assets in their entirety, the differences between the carrying amounts and the sum of the consideration received and any cumulative gains or losses are recognised in profit or loss in the period of the transfer.

Foreign Currencies – Foreign Currency Transactions

Transactions in foreign currencies are initially recognised in the functional currency by applying to the foreign currency amount the spot exchange rates between the functional currency and the foreign currency at the date of the transactions.

At the end of each reporting period, foreign currency monetary items are translated using the closing rate. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rates at the date of the transactions. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Exchange differences are recognised in profit or loss in the period in which they arise except when a gain or loss on a non-monetary item is recognised in other comprehensive income. If so, any exchange differences relating to that gain or loss is recognised in other comprehensive income.

Cash and Cash Equivalents

Cash and cash equivalents in the statement of cash flows comprise cash and bank balances, short-term bank deposits and other short term, highly liquid investments that have a short maturity of three months or less from the date of acquisition, net of bank overdraft.

Liabilities and Equity

(a) Classification of Liabilities and Equity

Financial liabilities and equity instruments are classified in accordance with the substance of the contractual arrangement, not merely its legal form, and in accordance with the definitions of a financial liability and an equity instrument.

(b) Equity Instruments

Ordinary shares are classified as equity.

Equity instruments are any contracts that evidence a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company, other than those issued as part of a business combination or those accounted for in paragraph 22.15A to 22.15B, are measured at the fair value of the cash or other resources received or receivable, net of transaction costs. If payment is deferred and the time value of money is material, the initial measurement shall be on a present value basis.

The Company accounts for the transaction costs of an equity as a deduction from equity. Income tax relating to the transaction costs is accounted for in accordance with Section 29 of the MPERS.

Distributions to owners are deducted from the equity. Related income tax is accounted for in accordance with Section 29 of the MPERS.

Provisions

A provision is recognised when the Company has an obligation at the reporting date as a result of past event, it is probable that a transfer of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The risks and uncertainties are taken into account in reaching the best estimate of a provision. When the effect of the time value of money is material, the amount recognised in respect of the provision is the present value of the expenditure expected to be required to settle the obligation.

Leases

(a) Finance Leases

Leases of property, plant and equipment are classified as finance lease where substantially all the risks and benefits incidental to the ownership of the assets, but not the legal ownership, are transferred to the Company.

The Company initially recognises its rights of use and obligations under finance leases as assets and liabilities in the statement of financial position at amounts equal to the fair value of the leased assets or, if lower, the present value of the minimum lease payments, determined at the inception of the leases. Any initial direct costs are added to the amount recognised as an asset.

AUDITED FINANCIAL STATEMENTS OF TRACKWORK FOR THE FYE 30 SEPTEMBER 2017
(Cont'd)

Company No. 498057-X

Minimum lease payments are apportioned between the finance charge and the reduction of the outstanding liability using the effective interest method. A finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent rents are charged as an expense in the period in which they are incurred.

The depreciation policy for the depreciable leased assets is consistent with that of depreciable assets that are owned. If there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the leased assets are fully depreciated over the shorter of the lease terms and their useful life. At each reporting date, the Company assesses whether the assets leased under the finance lease are impaired.

(b) Operating Leases

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership. Lease payments under operating leases are recognised as an expense on a straight-line basis over the lease term.

Financial Liabilities

Financial liabilities are recognised in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, financial liabilities are measured at transaction price, include transaction costs for financial liabilities not measured at fair value through profit or loss, unless the arrangement constitutes, in effect, a financing transaction for the Company to the arrangement.

After initial recognition, financial liabilities are classified into one of three categories : financial liabilities measured at fair value through profit or loss, financial liabilities measured at amortised cost, or loan commitments measured at cost less impairment.

(a) Financial Liabilities Measured At Fair Value through Profit or Loss

Financial liabilities are classified as at fair value through profit or loss when the financial liabilities are within the scope of Section 12 of the MPERS or if the financial liabilities are publicly traded or their fair value can otherwise be measured reliably without undue cost or effort.

If a reliable measure of fair value is no longer available for an equity instrument that is not publicly traded but is measured at fair value through profit or loss, its fair value at the date that instrument was reliably measurable is treated as the cost of the instrument, and it is measured at this cost amount less impairment until a reliable measure of fair value becomes available.

(b) Financial Liabilities Measured At Amortised Cost

After initial recognition, financial liabilities other than financial liabilities at fair value through profit or loss are measured at amortised cost using the effective interest method. Gains or losses are recognised in profit or loss when the financial liabilities are derecognised or impaired.

AUDITED FINANCIAL STATEMENTS OF TRACKWORK FOR THE FYE 30 SEPTEMBER 2017

Company No. 498057-X

Effective interest method is a method of calculating the amortised cost of financial liabilities and of allocating the interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimate future cash payments through the expected life of the financial liabilities or, when appropriate, a shorter period, to the carrying amount of the financial liabilities.

(c) Loan Commitments Measured At Cost Less Impairment

Commitments to receive loan that meet the conditions of Section 11 of the MPERS are measured at cost less impairment.

(d) Derecognition of Financial Liabilities

Financial liabilities are derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Any difference between the carrying amounts of the financial liabilities derecognised and the consideration paid is recognised in profit or loss.

Revenue

Revenue is measured at the fair value of the consideration received or receivable, net of any trade discounts, prompt settlement discounts, volume rebates and indirect taxes applicable to the revenue. Revenue is recognised in profit or loss based on the following :-

(a) Sales of Goods

Revenue from sales of goods is recognised when all the following conditions are satisfied :

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

(b) Rendering of Services

Revenue from rendering of services is recognised by reference to the stage of completion of the transaction at the end of the reporting period when the outcome of the transaction can be estimated reliably. Stage of completion is determined based on the proportion that costs incurred for services rendered to date bear to the estimated total costs..

(c) Commission Income

Commission income are recognised on an accrual basis in accordance with the substance of the relevant agreement.

AUDITED FINANCIAL STATEMENTS OF TRACKWORK FOR THE FYE 30 SEPTEMBER 2017
(Cont'd)

Company No. 498057-X

(d) Construction Contracts

When the outcome of a construction contract activity can be estimated reliably, contract revenue and contract costs associated with the construction contract are recognised as revenue and expenses respectively by reference to the stage of completion of the contract activity at the end of the reporting period. Stage of completion is determined based on the proportion that contract costs incurred for work performed to date bear to the estimated total contract costs.

When the outcome of the construction contract cannot be estimated reliably, contract revenue are recognised only to the extent of contract costs incurred that it is probably recoverable and the contract costs are recognised as an expense in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately, with a corresponding provision for an onerous contract.

Employee Benefits

(a) Short Term Employment Benefits

Short-term employment benefits, such as wages, salaries, bonuses and other benefits are recognised at the undiscounted amount as a liability and an expense when the employees have rendered services to the Company.

The expected cost of accumulating compensated absences are recognised when the employees render services that increase their entitlement to future compensated absences. The expected cost of non-accumulating compensated absences, such as sick and medical leaves, are recognised when the absences occur.

The expected cost of accumulating compensated absences are measured at the undiscounted additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period.

The expected cost off profit-sharing and bonus payments are recognised when the Company has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made. A present obligation exists when the Company has no realistic alternative but to make the payments.

(b) Defined Contribution Plan

Contributions payable to the defined contribution plan are recognised as a liability and an expense when the employees have rendered services to the Company.

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in the income statement as incurred.

Borrowing Costs

All borrowing costs are recognised as an expense in profit or loss in the period in which they are incurred.

Income Tax

Tax expense is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised in other comprehensive income.

Tax payable on taxable profit for current and past periods is recognised as a current tax liability to the extent unpaid. If the amount paid in respect of the current and past period exceeds the amount payable for those periods, the excess is recognised as a current tax asset.

Current tax assets and liabilities are measured at the amounts expected to be paid or recovered, using the tax rates and laws that have been enacted or substantially enacted by the reporting date.

Current tax liabilities and assets are offset if, and only if the Company has a legally enforceable right to set off the amounts and plan either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax is provided in full on temporary differences which are the differences between the carrying amounts in the financial statements and the corresponding tax base of an asset or liability at the end of the period.

Deferred tax liabilities are recognised for all taxable temporary differences that are expected to increase taxable profit in the future. Deferred tax assets are recognised for all deductible temporary differences that are expected to reduce taxable profit in the future and the carryforward of unused tax losses and unused tax credits.

Deferred tax liabilities and assets are not recognised in respect of temporary differences associated with the initial recognition of an asset or a liability in a transaction that is not a business combination and at the time of the transactions, affect neither accounting profit nor taxable profit. Deferred tax liabilities are also not recognised for temporary difference associated with the initial recognition of goodwill.

Deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the Company expects to recover or settle the carrying amounts of their assets and liabilities and are measured at the tax rates and laws that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantially enacted by the reporting date.

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, other than those disclosed in the Notes, are as follows :-

AUDITED FINANCIAL STATEMENTS OF TRACKWORK FOR THE FYE 30 SEPTEMBER 2017
(Cont'd)

Company No. 498057-X

Current Tax Liabilities

Inland Revenue Board ('IRB') has disqualified certain direct cost (which the Company has treated as deductible cost of sales), and raised additional income tax assessment on the chargeable income and imposed penalties for inaccurate Returns. The additional tax payable on the chargeable income, including the consequential penalties for the financial years ended 30th September 2012 to 2015 amounts to RM1.8 million. However, the Company has made an appeal to the IRB on this decision but a full provision has been made in the books for the additional tax liabilities.

The Company recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether additional taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax and deferred tax provisions in the period in which such determination is made.

Depreciation of plant and equipment

The estimates for the residual values, useful lives and related depreciation charges for the equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions.

The Company anticipates that the residual values of its equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount.

Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

Impairment of Non-Financial Assets

When the recoverable amount of an asset is determined based on the estimate of the value-in-use of the cash-generating unit to which the asset is allocated, the management is required to make an estimate of the expected future cash flows from the cash-generating unit and also to apply a suitable discount rate in order to determine the present value of those cash flows.

Impairment of Trade and Other Receivables

An impairment loss is recognised when there is objective evidence that a financial asset is impaired. Management specifically reviews its receivables financial assets and analyses historical bad debts, customer concentrations, customer creditworthiness, current economic trends and changes in customer payment terms when making a judgement to evaluate the adequacy of the allowance for impairment losses. Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. If the expectation is different from the estimation, such difference will impact the carrying value of receivables.

To: Our Shareholders

Dear Sir/Madam,

PROPOSED GRANTS

1. INTRODUCTION

On 1 October 2015, we had obtained the approval of our shareholders to establish the ESOS Scheme for five (5) years.

On 9 April 2018, we announced that our Company proposes to seek the approval of our shareholders for our Board to grant an aggregate of 900,000 ESOS Options to the following eligible Independent Non-Executive Directors of our Company under the ESOS Scheme in the following manner:-

No.	Independent Non-Executive Director	No. of ESOS Options intended to be granted
(i)	Yang Mulia Tunku Puan Sri Dato' Hajjah Noor Hayati Binti Tunku Abdul Rahman Putra Al-Haj	300,000
(ii)	Dato' Ahri Bin Hashim; and	300,000
(iii)	Sureson A/L Krisnasamy.	300,000
		900,000

Further details of the Proposed Grants are set out in the ensuing section.

THE PURPOSE OF PART B OF THIS CIRCULAR IS TO PROVIDE YOU WITH THE RELEVANT DETAILS OF THE PROPOSED GRANTS AND TO SEEK YOUR APPROVAL FOR THE RESOLUTIONS TO BE TABLED AT OUR FORTHCOMING ADJOURNED EGM.

YOU ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF PART B OF THIS CIRCULAR BEFORE VOTING ON THE RESOLUTIONS BY WAY OF POLL TO GIVE EFFECT TO THE PROPOSED GRANTS TO BE TABLED AT OUR FORTHCOMING ADJOURNED EGM.

2. DETAILS OF THE PROPOSED GRANTS

Our Company proposes to grant an aggregate of 900,000 ESOS Options under the ESOS Scheme to the Proposed Grantees, who were appointed to our Board after the establishment of the ESOS Scheme on 9 October 2015 provided always that:-

- (i) they must not participate in the deliberation or discussion of their own ESOS Options allocation;
- (ii) not more than 10% of the Shares available under ESOS Scheme shall be allocated to any individual Proposed Grantee, who, either singly or collectively through persons connected with them holds 20% or more of the issued share capital (excluding treasury shares) of our Company; and
- (iii) the allocation is in compliance with any prevailing guidelines issued by Bursa Securities, the Listing Requirements or any other relevant authorities.

In accordance with the Bylaws, a Director of our Company shall be eligible to participate in the ESOS Scheme provided that not more than 70% of the Shares available under the ESOS Scheme shall be allocated, in aggregate, to the eligible executive directors, non-executive directors and senior management personnel of our Group. For information purposes, as at LPD, the allocation to the eligible executive directors, non-executive directors and senior management personnel of our Group are as follows:-

	ESOS Options			
	Granted	Exercised	Lapsed	Outstanding as at LPD
Executive Directors	3,000,000	1,800,000	-	1,200,000
Non-Executive Directors	1,700,000	960,000	120,000	620,000
Senior management personnel	4,205,000	1,374,000	700,000	2,131,000
Total	8,905,000	4,134,000	820,000	3,951,000

Further, the ESOS Option Price shall be based on the five (5)-day VWAP of AWC Shares immediately preceding the date on which an offer is made by the ESOS Committee in writing, with a discount of not more than 10% at the ESOS Committee's discretion.

The Proposed Grantees shall not sell, transfer or assign the AWC Shares obtained through the exercise of the ESOS Options offered to him/her within one (1) year from the date of the offer of the ESOS Options.

The Proposed Grantees will not be entitled to any voting right or participation in any form of distribution and/or offer of further securities until and unless the Proposed Grantees exercise their ESOS Options into new AWC Shares.

The new AWC Shares arising from the exercise of the ESOS Options shall, upon issuance and allotment, rank equally in all respects with the then existing issued AWC Shares, except that the new AWC Shares will not be entitled to any dividends, rights, allotments and/or other distributions declared, made or paid to shareholders, for which the entitlement date is prior to the date of issuance and allotment of such new AWC Shares.

3. RATIONALE FOR THE PROPOSED GRANTS

The Proposed Grants are intended to reward and retain the Proposed Grantees whose capabilities and contributions are essential to our Group in light of their oversight responsibilities as non-executive members of our Board which are considered vital to the corporate governance of our Group.

4. EFFECTS OF THE PROPOSED GRANTS

4.1 Share capital

The Proposed Grants are not expected to have any immediate effect on the issued share capital of our Company. The issued share capital of our Company will increase progressively, depending on the number of new Shares to be issued pursuant to the exercise of the ESOS Options.

4.2 NA and gearing

The Proposed Grants will not have an immediate effect on the NA, NA per Share and gearing of our Group until such time when the ESOS Options granted pursuant to the Proposed Grants are exercised.

The effect on our Group's NA would depend on the number of ESOS Options granted and the fair value of the ESOS Options after taking into account, the ESOS Option Price, which will only be determined at the point of the offer. Whilst the granting of the ESOS Options under the Proposed Grants are expected to result in a charge to the income statements of our Group pursuant to the Financial Reporting Standard 2 on Share-Based Payment as issued by the Malaysian Accounting Standard Board ("FRS 2"), the recognition of such FRS 2 charge would not have any material impact on the NA of our Group as the corresponding amount will be classified as an equity reserve which forms part of the shareholders' equity.

In the event that none of the ESOS Options are exercised within the duration of the ESOS Scheme, the amount outstanding in the said equity reserve would be transferred into our Company's retained earnings. On the other hand, if the ESOS Options are exercised, the amount outstanding in the said equity reserve would be transferred into our Company's share capital account.

Further, the NA per Share immediately following the exercise of the ESOS Options will increase if the ESOS Option Price exceeds the NA per Share, at the point of exercise of the ESOS Options and *vice versa*.

4.3 Earnings and EPS

The Proposed Grants are not expected to have any material effect on the consolidated earnings and EPS of our Group for the financial year ending 30 June 2019 save for the possible impact of FRS 2. Any potential effect on the consolidated earnings and EPS of our Group in the future would depend on the number of ESOS Options granted and exercised at the relevant point in time, and the ESOS Option Price payable upon the exercise of the ESOS Options as well as the impact of FRS 2.

Under FRS 2, the cost arising from the issuance of the ESOS Options is measured by the fair value of the ESOS Options, which is expected to vest at each date of offer and is recognised in the income statement over the vesting period of the ESOS Options, thereby reducing the earnings of our Group.

The fair value of the ESOS Options is determined after taking into consideration, amongst others, the historical volatility of AWC Shares, the ESOS Option Price of the ESOS Options and time to maturity of the ESOS Options from the vesting date of the ESOS Options. Hence, the potential effect on the EPS of our Group, as a consequence of the recognition of the said cost, cannot be determined at this juncture.

Nevertheless, our Company has taken note of the potential impact of FRS 2 on our Group's future earnings and shall take into consideration such impact when determining the size of allocation and the vesting period for the ESOS Options to the Proposed Grantees.

4.4 Substantial shareholders' shareholdings

The Proposed Grants will not have any immediate effect on the shareholdings of the substantial shareholders of our Company. Any potential effect on the shareholdings of the substantial shareholders would depend on the number of new AWC Shares to be issued pursuant to the exercise of ESOS Options by the Proposed Grantees at the relevant point in time.

4.5 Convertible securities

Save for the 17,710,532 ESOS Options outstanding which are exercisable into new AWC Shares, the Company does not have any other existing and outstanding convertible securities as at LPD.

5. HISTORICAL SHARE PRICES

The monthly high and low transacted market prices of AWC Shares as traded on Bursa Securities for the past 12 months are as follows:-

	High (RM)	Low (RM)
2017		
September	1.080	0.980

6. APPROVALS REQUIRED

The Proposed Grants are subject to the approval of our shareholders at our forthcoming Adjourned EGM.

For the avoidance of doubt, approvals have been obtained from the following parties for our Company's ESOS Scheme:-

- (i) Bursa Securities, vide its letter dated 3 September 2015, for the listing of and quotation for the new AWC Shares to be issued pursuant to the exercise of ESOS Options; and
- (ii) our shareholders, at the extraordinary general meeting convened on 1 October 2015.

7. INTER-CONDITIONALITY OF THE PROPOSED GRANTS

The Proposed Grants are not conditional upon any other corporate proposal undertaken or to be undertaken by our Company.

8. CORPORATE EXERCISES ANNOUNCED BUT PENDING COMPLETION

Save for the corporate proposals as set out in Part A of this Circular, there is no other corporate exercise which has been announced by our Company but is pending completion.

9. INTERESTS OF DIRECTORS, MAJOR SHAREHOLDERS AND/OR PERSONS CONNECTED WITH THEM

Save as disclosed below, none of the Directors, major shareholders and/or persons connected with them, as defined in the Listing Requirements, has any interest, direct or indirect, in the Proposed Grants.

The Proposed Grantees, by virtue of their eligibility to participate in the ESOS Scheme and their allocations under the Proposed Grants, are deemed interested in the Proposed Grants. Accordingly the Proposed Grantees have abstained and shall continue to abstain from all Board deliberations and voting on their respective entitlements under the Proposed Grants. The Proposed Grantees shall also abstain from voting in respect of their direct and/or indirect shareholdings in our Company on any resolution pertaining to their respective entitlements under the Proposed Grants, at our forthcoming Adjourned EGM.

The Proposed Grantees have undertaken to ensure that any person connected with them will abstain from voting (in respect of their direct and/or indirect shareholdings in our Company, if any) on any resolution pertaining to their respective entitlements under the Proposed Grants, at our forthcoming Adjourned EGM.

As at LPD, the direct and indirect shareholdings of the Proposed Grantees in our Company are as follows:-

Directors	Direct		Indirect	
	No. of Shares	%	No. of Shares	%
Yang Mulia Tunku Puan Sri Dato' Hajjah Noor Hayati Binti Tunku Abdul Rahman Putra Al-Haj	10,000	*	-	-

10. DIRECTORS' STATEMENT AND RECOMMENDATION

Your Board (save for the Proposed Grantees), after having considered all aspects including but not limited to the rationale and effects of the Proposed Grants, is of the opinion that the Proposed Grants are in the best interest of our Company.

Accordingly, your Board (save for the Proposed Grantees), recommends that you vote in favour of the resolutions to be tabled at our forthcoming Adjourned EGM.

11. DIRECTORS' RESPONSIBILITY STATEMENT

Part B of this Circular has been seen and approved by your Board and they collectively and individually accept full responsibility for the accuracy of the information contained herein and confirm that after making all reasonable enquiries, and to the best of their knowledge and belief, there are no other facts, the omission of which would make any statement herein false or misleading.

12. DOCUMENTS FOR INSPECTION

A copy of the Bylaws is available at the registered office of our Company at Third Floor, No. 79 (Room A), Jalan SS21/60, Damansara Utama, 47400 Petaling Jaya, Selangor Darul Ehsan, Malaysia during normal business hours from Monday to Friday (except public holidays) from the date of this Circular up to and including the date of the Adjourned EGM.

13. ADJOURNED EGM

Our Adjourned EGM, the notice of which is enclosed in this Circular, will be held at Resort Ballroom 1, Tropicana Golf & Country Resort, Jalan Kelab Tropicana, 47410 Petaling Jaya, Selangor Darul Ehsan, Malaysia on Tuesday, 25 September 2018 at 10.00a.m., or at any further adjournment, for the purpose of considering and if thought fit, passing the resolutions to give effect to the Proposed Grants.

If you are unable to attend and vote in person at our Adjourned EGM, please complete, sign and send the enclosed Proxy Form in accordance with the instructions therein as soon as possible and in any event so as to arrive at our Share Registrar's office at Unit 32-01, Level 32, Tower A, Vertical Business Suite, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur, Malaysia, not less than 48 hours before the time appointed for holding our Adjourned EGM or any further adjourned meeting. The Proxy Forms which were completed and submitted by our shareholders prior to the extraordinary general meeting on 5 June 2018 ("EGM") will continue to be valid for the purpose of the Adjourned EGM, provided that the names of our shareholders remain on the record of depositors as at 17 September 2018. Shareholders who had not completed a Proxy Form for the EGM, and shareholders who wish to change the details in the Proxy Forms that were submitted earlier may do so by completing a new Proxy Form enclosed in this Circular and depositing the Proxy Form to our Share Registrar's office. The lodging of the Proxy Form will not preclude you from attending and voting in person at our Adjourned EGM should you subsequently wish to do so.

Yours faithfully
For and on behalf of the Board

NOTICE OF ADJOURNED EXTRAORDINARY GENERAL MEETING

NOTICE IS HEREBY GIVEN THAT an adjourned Extraordinary General Meeting (“EGM”) of AWC Berhad (“AWC” or the “Company”) will be held at Resort Ballroom 1, Tropicana Golf & Country Resort, Jalan Kelab Tropicana, 47410 Petaling Jaya, Selangor Darul Ehsan, Malaysia on Tuesday, 25 September 2018 at 10.00 a.m. or at any further adjournment thereof, for the purpose of considering and if thought fit, passing with or without any modification the following resolutions:-

ORDINARY RESOLUTION 1

PROPOSED ACQUISITION BY AWC OF 60% EQUITY INTEREST IN TRACKWORK & SUPPLIES SDN BHD (“TRACKWORK”) FOR AN AGGREGATE PURCHASE CONSIDERATION OF RM43,500,000, WHICH WILL BE SATISFIED THROUGH A COMBINATION OF CASH AMOUNTING TO RM20,000,000 AND THE BALANCE RM23,500,000 THROUGH THE ISSUANCE AND ALLOTMENT OF NEW ORDINARY SHARES IN AWC (“AWC SHARES”) (“CONSIDERATION SHARES”) (“PROPOSED ACQUISITION”)

“THAT subject to the passing of Ordinary Resolution 2 and Ordinary Resolution 3, the relevant conditions as stipulated in the share sale agreement dated 28 February 2018 (“SSA”) and the supplemental share sale agreement dated 26 July 2018 (“Supplemental Agreement”) between the Company and Goh Poey Hong, Chong Kim Loong, Goh Tse Woei, Kong Keat Voon, Shaun Chan Thiam Eng, Chong Chong Hong and Lim Huey Yih (collectively the “Sellers”) for the Proposed Acquisition being met or waived (as the case may be) and the approvals of all relevant parties and/or authorities being obtained (where required), authority be and is hereby given to the Board of Directors of AWC (“Board”) to acquire from the Sellers, 3,000,000 ordinary shares in Trackwork (“Sale Shares”), representing 60% equity interest in Trackwork for an aggregate purchase consideration of RM43,500,000 which will be satisfied through a combination of cash amounting to RM20,000,000 and the balance of RM23,500,000 through the:-

- (i) issuance and allotment of 11,500,000 new AWC Shares (“**Tranche 2 Consideration Shares**”) at an issue price of RM1.00 per Tranche 2 Consideration Share; and
- (ii) RM6,000,000 in value of Consideration Shares for each of the financial year(s) ending 30 September 2018 and 30 September 2019 respectively, to be issued and allotted to the Sellers at an issue price which will be determined based on the five (5)-day volume weighted average market price of AWC Shares after the date of the signed audited financial statements of Trackwork for the respective financial years,

in accordance to the terms and conditions of the SSA and Supplemental Agreement including any modifications, variations, amendments and additions thereto from time to time in relation to the Proposed Acquisition;

THAT approval be and is hereby given for the issuance and allotment of the Consideration Shares which shall, upon issuance and allotment, rank equally in all respects with the then existing AWC Shares, save and except that they shall not be entitled to any dividends, rights, allotments and/or other forms of distribution which may be declared, made or paid to the shareholders of AWC, the entitlement date of which is prior to the date of issuance and allotment of the respective tranche of the Consideration Shares;

THAT the Board be and is hereby authorised to do or procure all acts, deeds and things as are necessary and to execute, sign and deliver on behalf of AWC, all such documents as it may deem necessary, expedient and/or appropriate to implement, give full effect and to complete the Proposed Acquisition, with full power to assent to any condition, modification, variation and/or amendment thereto as the Board may deem fit in connection with the Proposed Acquisition;

AND THAT any and all previous actions taken by the Board for the purpose of or in connection with the Proposed Acquisition be and are hereby approved, ratified and confirmed.”

ORDINARY RESOLUTION 2

PROPOSED GRANTING BY TRAKNIAGA SDN BHD (“TRAKNIAGA”), A SHAREHOLDER OF TRACKWORK HOLDING 40% EQUITY INTEREST THEREIN, OF A CALL OPTION FOR AWC TO REQUIRE TRAKNIAGA TO DISPOSE ALL THE REMAINING ORDINARY SHARES IN TRACKWORK HELD BY IT (“OPTION SHARES”) TO AWC (“CALL OPTION”) AND THE GRANTING BY AWC OF A PUT OPTION FOR TRAKNIAGA TO REQUIRE AWC TO ACQUIRE THE OPTION SHARES (“PUT OPTION”) (“PROPOSED CALL/PUT OPTIONS”)

“**THAT** subject to the passing of Ordinary Resolution 1 and Ordinary Resolution 3, and subject to the approvals of all relevant parties and/or authorities being obtained (where required), approval be and is hereby given for the following:-

- (i) granting by AWC of the Put Option to Trakniaga;
- (ii) upon exercise of the Put Option by Trakniaga, for AWC to acquire the Option Shares from Trakniaga; and
- (iii) AWC to exercise the Call Option and acquire the Option Shares from Trakniaga,

for cash and/or issuance and allotment of new AWC Shares (“**Option Consideration Shares**”) pursuant to the terms and conditions of the shareholders’ agreement dated 28 February 2018 between AWC, Trakniaga and Trackwork;

THAT approval be and is hereby given for the issuance and allotment of the Option Consideration Shares to Trakniaga to satisfy the purchase consideration for the acquisition of the Option Shares from Trakniaga either in full or in part, where the Option Consideration Shares are determined to be issued and allotted by AWC;

THAT the Option Consideration Shares shall, upon issuance and allotment, rank equally in all respects with the then existing AWC Shares, save and except that they shall not be entitled to any dividends, rights, allotments and/or other forms of distributions which may be declared, made or paid to the shareholders of AWC, the entitlement date of which is prior to the date of issuance and allotment of the Option Consideration Shares;

AND THAT the Board be and is hereby authorised to do or procure all acts, deeds and things as are necessary and to execute, sign and deliver on behalf of AWC, all such documents as it may deem necessary, expedient and/or appropriate to implement, give full effect and to complete the Proposed Call/Put Options and the acquisition of the Option Shares, with full power to assent to any condition, modification, variation and/or amendment thereto as the Board may deem fit in connection with the Proposed Call/Put Options.”

ORDINARY RESOLUTION 3

PROPOSED DIVERSIFICATION OF THE PRINCIPAL ACTIVITIES OF AWC AND ITS SUBSIDIARIES (“AWC GROUP”) TO INCLUDE RAIL RELATED WORKS (“PROPOSED DIVERSIFICATION”)

“**THAT**, subject to the passing of Ordinary Resolution 1 and subject to the approvals of all relevant parties and/or authorities being obtained (where required), authority be and is hereby given to AWC Group to diversify its principal activities to include rail related works;

THAT the Board be and is hereby authorised to do or procure all acts, deeds and things as are necessary and to execute, sign and deliver on behalf of AWC, all such documents as it may deem necessary, expedient and/or appropriate to implement, give full effect and to complete the Proposed Diversification, with full power to assent to any condition, modification, variation and/or amendment thereto as the Board may deem fit in connection with the Proposed Diversification;

AND THAT any and all previous actions taken by the Board for the purpose of or in connection with the Proposed Diversification be and are hereby approved, ratified and confirmed.”

ORDINARY RESOLUTION 4
