The Group achieved revenue of RM315.4 million for the current quarter ended 30 June 2019, an increase of approximately 86% from the previous year's corresponding quarter of RM170.0 million. The increase was mainly attributable to the higher amount of revenue recognised from the Vietnam EPC construction works in the Construction division of RM226.4 million as compared to RM63.5 million achieved in the preceding year's corresponding quarter following the higher amount of works done.

The main contributor to the Group's revenue for the current quarter was from the Construction division with revenue of RM316.8 million. The Property Development & Investment division contributed lower revenue of RM10.5 million to the Group in the current quarter as compared to RM37.2 million in the preceding year's corresponding quarter in line with the billing stage. However, with the provision for liquidated ascertained damages ("LAD") charges of RM12.2 million (Q2 2018 – RM8.3 million LAD charges) which was netted off against the gross revenue achieved on application of the accounting standards,

B. ADDITIONAL INFORMATION ON INTERIM FINANCIAL REPORT REQUIRED BY THE BURSA SECURITIES LISTING REQUIREMENTS (Cont'd)

MFRS 15 *Revenue*, there was a deficit in revenue of RM1.7 million in the Property Development & Investment division. The preceding year revenue has been adjusted to net off against the provision for LAD in the statement accordingly.

With an overall higher revenue achieved, the Group recorded a higher profit before tax of RM24.4 million in the current year's second quarter as compared to RM6.0 million achieved in the preceding year's comparative quarter.

The Construction division recorded a profit before tax of RM53.4 million in the quarter under review as compared to RM17.5 million achieved in the preceding year's corresponding quarter. The higher profit achieved was mainly attributed by the higher progress billings and profit recognised from the Vietnam EPC construction works.

The Property Development & Investment division recorded a higher loss before tax of RM26.8 million in the quarter under review as compared to a loss before tax of RM10.2 million in the second quarter of 2018. The higher loss was mainly due to lower revenue achieved and the provision for LAD. In addition, in the preceding year's corresponding quarter, the Group had included a RM5.8 million gain arising from the disposal of land held for development.

The Investment Holding & Others division recorded a higher loss before tax of RM2.1 million in the current quarter under review as compared to a loss before tax of RM1.3 million incurred in the preceding year's corresponding quarter mainly due to the additional legal cost provided.

2. Variation of Results against Preceding Period.

	Current Year Quarter 1/4/19-30/6/19	Immediate Preceding Quarter 1/1/19 – 31/1/19	Changes
	<u>RM'000</u>	<u>RM'000</u>	<u>%</u>
Revenue	315,430	297,798	6
Profit/(Loss) before tax	24,413	22,767	7

The Group achieved RM315.4 million revenue for the current quarter, an increase of 6% from the revenue of RM297.8 million in the preceding quarter ended 31 March 2019. Correspondingly, the Group recorded a higher profit before tax of RM24.4 million in the second quarter as compared to RM22.8 million achieved in the preceding quarter ended 31 March 2019.

The higher profit before tax in the current quarter was derived mainly from the profit of the Vietnam EPC construction works of RM54.3 million but dragged down by the losses in the Property Development & Investment division with delay in the progress of recognition in property development and higher LAD provided in the current year second quarter.

B. ADDITIONAL INFORMATION ON INTERIM FINANCIAL REPORT REQUIRED BY THE BURSA SECURITIES LISTING REQUIREMENTS (Cont'd)

3. Prospects

The Construction division will continue to be the main contributor in the second half of the financial year 2019 as construction works for Vietnam EPC is expected to meet the scheduled work plan and will continue to deliver positively to the Group until its completion.

For the Property Development and Investment division, delivery of some of the developed properties have been delayed resulting in the expensing of LAD charges and the Group will work to complete the property development project as soon as possible.

The Board will remain vigilant and continue to exercise due care and prudence in the running and administration of the Group's business.

4. Profit Forecast / Guarantee.

The Company did not issue any profit forecast or guarantees.

5. Taxation.

Included in the taxation are the following:

	Current Quarter Ended 30 Jun 2019 RM'000	Year-to-date Ended 30 Jun 2019 RM'000
Taxation	511	2,036
	=====	=====

The tax provision was based on the estimated taxable amount. The tax charge of the Group is mainly from profitable subsidiaries' taxation, and for tax purposes, cannot be utilised to set off against losses of other companies within the Group. The effective tax rate was lower as most of the Group's profit generated were derived from the Vietnam operations with low tax rate of 1 to 2%.

6. Group Borrowings.
