The Group's revenue for the current quarter ended 30 September 2021 decreased by 16% to RM10.194 million compared to RM12.152 million in the preceding corresponding quarter ended 30 September 2020. The decrease was mainly due to reasons as explained below.

During the current quarter ended 30 September 2021, Animal Health Product Division recorded revenue of RM6.867 million as compared to RM7.855 million in the preceding corresponding quarter ended 30 September 2020. The decrease of approximately 13% was due to decrease in demand by customers.

The decrease of approximately 23% was mainly due to lower demand by customers as compared to the preceding year quarter which was seriously undermined by the nationwide total lockdown imposed on 1st June and the subsequent initial phases of the National Recovery Plan (NRP).

During the current quarter ended 30 September 2021, Food Manufacturing Division recorded revenue of RM0.009 million as compared to RM0.007 million in the preceding year quarter 30 September 2020.

During the current year to date ended 30 September 2021, Foodservice Equipment Division recorded revenue of RM10.415 million as compared to RM11.531 million in the preceding year ended 30 September 2020. The decrease of approximately 10% was due to overall decreased demand for our food service equipment and food supplies by our customers caused by the Covid-19 pandemic.

During the current year to date ended 30 September 2021, Food Manufacturing Division recorded revenue of RM0.019 million as compared to RM0.010 million. The increase of 90% was due to increase in demand from customers during the current year to date.

	3 months ended		
	30/09/2021	30/06/2021	Change

Profit/(Loss) after tax	195	(321)	161%

For current quarter ended 30 September 2021, the Group recorded a profit before tax of approximately RM0.368 million as compared to a loss before tax of RM0.290 million in the immediate preceding quarter ended 30 June 2021. The significant increase in profit before taxation compared to the immediate preceding quarter was mainly due to decrease in operating expenditure during the current quarter.

B3. Prospects

The economy is expected to gain a better recovery momentum in the coming quarter and experience expansion in 2022, driven by the largest ever budget targeting to ramp up spending, reopening of interstate travel and the highly successful National Immunisation Programme that boosted a vaccine coverage that is among the best in the world.

However, the pace of recovery remains closely tied to the domestic and global developments surrounding the Covid-19 pandemic.

Nevertheless, as economic activities have largely returned to normality, the Group is confident of its long-term sustainability.

The Board of Directors would exercise extra caution in conducting their duties during these periods and are optimistic of the Group's long-term prospect.

B4. Profit forecast

No profit forecast has been issued by the Group previously in any public document.
