STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

At the 21st AGM held on 16 December 2021, the Company had obtained shareholders' authorisation to purchase up to 10% of the total number of issued shares in the ordinary share capital of the Company. The said authorisation shall, in accordance with the Listing Requirements, continue in force until the conclusion of the forthcoming 22nd AGM of COASTAL which will be held on 1 December 2022 unless renewal is obtained from the shareholders of the Company at the forthcoming AGM.

On 11 October 2022, the Company announced that it proposes to seek shareholders' approval for a renewal of the authority to enable the Company to purchase up to 10% of the total number of issued shares in the ordinary share capital of the Company as quoted on Bursa Securities at any point in time.

The purpose of this Statement is to provide you with details and information pertaining to the Proposed Share Buy-Back, together with the Board's recommendation, and to seek your approval for the resolutions to be tabled at the forthcoming AGM of the Company, to be convened at Block G, Lot 3B, Bandar Leila, 90000 Sandakan, Sabah on Thursday, 1 December 2022 at 10.00 a.m.

YOU ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF THIS STATEMENT TOGETHER WITH THE APPENDICES CONTAINED HEREIN BEFORE VOTING ON THE RESOLUTION TO GIVE EFFECT TO THE PROPOSED SHARE BUY-BACK AT THE FORTHCOMING AGM.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

2.1 Details

As at 23 September 2022, the issued and paid-up share capital of the Company, before adjusting for treasury shares, was RM312,146,460 comprising 539,485,231 COASTAL Shares. The Company has 44,567,000 unexercised ESOS options which entitle the ESOS options holders to subscribe for 44,567,000 new COASTAL Shares at an exercise price of RM0.99 per COASTAL Share.

Based on the Company's issued and paid-up capital as at 23 September 2022, the Proposed Share Buy-Back will enable the Company to purchase up to a maximum of 46,541,875 Shares, representing 10% of the pro forma enlarged issued and paid-up share capital. However, the total number of shares that may be purchased including the treasury shares held shall not exceed 10% of the total number of issued shares in the ordinary share capital of the Company at any point in time.

The Company has purchased 12,801,500 COASTAL Shares which are held as treasury shares as at 23 September 2022. The Shares purchased may be cancelled or retained as treasury shares or a combination of both; the proportion of which will be determined by the Board at the appropriate time. The Board may decide to cancel the COASTAL Shares so purchased if it is of the opinion that, in foreseeable future, there are no investment opportunities that would result in gains adding value to the Company and hence, the value of the COASTAL Shares. If the Board decides to retain the COASTAL Shares so purchased as treasury shares, it may distribute the treasury shares as dividends to the shareholders of the Company and/or resell them on Bursa Securities and/or subsequently cancel them.

In the event the Company decides to resell or transfer the Company's treasury shares, the Company is required to release an announcement on the day the resale or transfer is made providing the following information:

- (a) The number of shares resold or transferred.
- (b) In the case where the shares are resold, the minimum and maximum resale price and the total consideration received.
- (c) In the case where the shares are transferred -
 - the purpose of the transfer, transfer price and basis for the price;
 - direct and indirect interests of the directors and major shareholders and any person connected with the directors or major shareholders in the transfer, if any; and
 - if the treasury shares are transferred as purchase consideration, details of the vendor as set out in paragraph 7(d), Part A of Appendix 10A of the Listing Requirements.

In the event the Company decides to cancel the shares purchased and/or the treasury shares, the Company is required to release an announcement on the day the cancellation is made, providing details of the number of shares cancelled, the date of cancellation and the outstanding and paid-up share capital of the Company after cancellation.

The actual number of COASTAL Shares to be purchased, the total amount of funds involved for each purchase, and the timing of the purchase(s) will depend on, inter alia, market conditions and sentiments of the stock market as well as the available financial resources of the COASTAL Group.

2.2 Salient Terms

2.2.1 Duration

The authority from the shareholders of COASTAL to undertake the Proposed Share Buy-Back, if granted, shall be effective upon the passing of the relevant ordinary resolution for the Proposed Share Buy-Back until:

- (a) the conclusion of the next AGM of COASTAL at which time it shall lapse, unless the authority is renewed by a resolution passed at that meeting; or
- (b) the expiration of the period within which the next AGM after the date it is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders of COASTAL at a general meeting;

whichever occurs first.

The shareholders' approval for the Proposed Share Buy-Back does not impose an obligation on the Company to purchase its own Shares. However, it will further allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period.

2.2.2 Funding

The Proposed Share Buy-Back may be funded through internally-generated funds and/or bank borrowings as long as the purchase is backed by an equivalent amount of retained earnings of the Company, subject to compliance with the prevailing laws. As at LPD, COASTAL has not determined the source of funding for the Proposed Share Buy-Back.

The actual amount of funds to be utilised for the Proposed Share Buy-Back will only be determined later depending on the actual number of COASTAL Shares to be purchased, the availability of funds at the time of purchase(s) and other relevant cost factors.

The Proposed Share Buy-Back, if funded through internally-generated funds, is not expected to have a material impact on the cashflow position of the Company. In the event the Proposed Share Buy-Back is to be financed by bank borrowings, the Company will ensure it is capable of repaying such borrowings and that such repayment will not have a material effect on its cashflow.

Based on COASTAL's latest consolidated audited financial statements as at 30 June 2022, the retained earnings of COASTAL is RM723,459,390.

2.2.3 Purchase price

Pursuant to Paragraph 12.17 of the Listing Requirements, the Company may purchase its own shares on Bursa Securities at a price which is not more than fifteen percent (15%) above the WAMP for the COASTAL Shares for the five (5) market days immediately preceding the date of any purchase(s).

2.2.4 Treatment of Purchased Shares

In accordance with Section 127(4) of the Act, the Directors of the Company may deal with the Purchased Shares in the following manners:

- (a) cancel the Purchased Shares; or
- (b) retain the Purchased Shares as treasury shares for distribution as share dividends to the shareholders of the Company and/or resold through Bursa Securities in accordance with the relevant rules of Bursa Securities and/or be cancelled subsequently; or
- (c) retain part of the Purchased Shares as treasury shares and cancel the remainder.

Accordingly, based on Section 127(7) of the Act, where such Purchased Shares are held as Treasury Shares, our Directors may, at their discretion:

- (a) distribute the Treasury Shares as dividends to shareholders, such dividends to be known as "share dividends";
- (b) resell the Treasury Shares or part thereof on Bursa Securities in accordance with the relevant rules of Bursa Securities;
- (c) transfer the Treasury Shares or any part thereof for the purpose of or under an employees' share scheme;
- (d) transfer the Treasury Shares or any part thereof as purchase consideration;

- (e) cancel the treasury Shares or any part thereof; or
- (f) sell, transfer or otherwise use the Treasury Shares for such other purposes as the Minister may by order prescribe.

The Board may decide to retain the Purchased Shares as treasury shares and subsequently resell them on Bursa Securities if the opportunity arises for the Company to realise gains from the resale on Bursa Securities. On the other hand, the Board may distribute the Purchased Shares as share dividends, which will depend on the availability of, amongst others, retained earnings of the Company, or cancel the Purchased Shares if the Board decides to change the capital structure of the Company.

In the event the Purchased Shares are held as treasury shares, the rights attaching to them in relation to voting, dividends and participation in any other distribution or otherwise, would be suspended and the treasury shares would not be taken into account in calculating the number or percentage of shares, or of a class of shares in the Company for any purposes including the determination of major shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for meetings and the result of a vote on resolution(s) at meetings.

According to Paragraph 12.18 of the Listing Requirements, in the case of a resale of treasury shares, the Company may only resell any treasury shares on Bursa Securities or transfer of treasury shares pursuant to Section 127(7) of the Act, at:

- (a) a price which is not less than the WAMP for the COASTAL Shares for the five (5) market days immediately prior to the resale or transfer; or
- (b) a discounted price of not more than five percent (5%) to the WAMP for the COASTAL Shares for the five (5) market days immediately prior to the resale or transfer provided that:
 - (i) the resale or transfer takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of the COASTAL Shares being resold or transferred.

An immediate announcement will be made to Bursa Securities in respect of the intention of the Directors to either retain the Purchased Shares as treasury shares, resell, transfer or cancel them or a combination of both following any transaction executed pursuant to the authority granted under the Proposed Share Buy-Back.

3. RATIONALE, POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back, will enable COASTAL to utilise any of its surplus financial resources, which is not immediately required for other uses, to purchase its own Shares from the market to:

- (a) stabilise the market price of COASTAL Shares and to prevent against speculation of COASTAL Shares, when undervalued, to enhance investors' confidence;
- (b) strengthen the EPS of COASTAL, allowing long-term and genuine investors to enjoy a corresponding increase in the value of their investments in the Company, if the Purchased Shares are subsequently cancelled;

- (c) realise a potential gain without affecting the total issued and paid-up share capital of the Company, if the Purchased Shares are held as treasury shares and resold on Bursa Securities at a higher price; and
- (d) reward the shareholders of the Company, if the Purchased Shares are held as treasury shares and distributed as share dividends under Section 127 of the Act.

The Proposed Share Buy-Back will reduce the financial resources of the Company for other future investment and future distribution to shareholders. However, the Proposed Share Buy-Back will be implemented only after due consideration of the financial resources of COASTAL, and the resultant impact on the shareholders of the Company. The Board will be mindful of the interests of the Company and its shareholders in undertaking the Proposed Share Buy-Back.

4. IMPLICATIONS OF THE CODE

A person and any person acting in concert with him will be obliged to make a mandatory general offer (MGO) under Paragraph 15(2) of the Code for the remaining COASTAL Shares not already owned by him/them if as a result of the Proposed Share Buy-Back:

- (a) a person obtains control in the Company; or
- (b) a person holding more than 33% but not more than 50% of the voting shares or voting rights of a company, increases his holding of the voting shares or voting rights of the Company by more than 2% in any six-month period.

In addition, according to the Code, if any person or person acting in concert holding more than 33% but less than 50% of the voting shares of a company, as a result of a reduction of the voting shares of a company through a buy back scheme under the Act, has increased his holding of voting shares by more than 2% in any 6 months period, he may apply to the Securities Commission Malaysia for an exemption from the mandatory general offer obligation if the increase in his holding is inadvertent and as a result of any action that is outside his direct participation. However, such exemption will not be granted by the Securities Commission Malaysia if the holder of voting shares has previously acquired voting shares in the knowledge that the company intended to seek permission from its shareholders to purchase its own voting shares.

In the event the Proposed Share Buy-Back is implemented in full and all the shares acquired are cancelled, the pro forma effects of the Proposed Share Buy-Back on the shareholdings of the major shareholder of COASTAL and persons connected to the major shareholder as at LPD are illustrated in Section 8.

As it is not intended for the Proposed Share Buy-Back to trigger the obligation to undertake a mandatory offer under the Code by any of its major shareholders and/or parties acting in concert with them, the Board will ensure that such number of shares are purchased, retained as treasury shares, cancelled or distributed such that the Proposed Share Buy-Back would not result in triggering any mandatory offer obligation on the part of its major shareholders and/or parties acting in concert with them. In this connection, the Board is mindful of the requirements when making any purchase of COASTAL shares pursuant to the Proposed Share Buy-Back.

5. PURCHASES AND REALES MADE IN THE PREVIOUS 12 MONTHS

The following are details of the Company's purchases of its own shares made during the previous twelve (12) months from 25 September 2021 to 23 September 2022 being the latest practicable date prior to the printing of this Statement:

Date of Purchase	No. of Shares Purchased	^Cost (RM)	Lowest price (RM)	Highest price (RM)	^Average price (RM)
6 October 2021	70,000	56,000.00	0.800	0.800	0.800
7 October 2021	50,000	40,000.00	0.800	0.800	0.800

[^] Total cost paid for shares purchased is not inclusive of brokerage fee and stamp duty.

The Shares bought back by the Company during the period since the shareholders' approval at the EGM held on 28 June 2011 up to LPD have been retained as treasury shares. Currently, there are a total of 12,801,500 Shares being kept as treasury shares. There has been no cancellation and/or resale of the treasury shares by the Company in the preceding twelve (12) months.

7. PUBLIC SHAREHOLDING SPREAD

The Proposed Share Buy-Back will be carried out in accordance with the prevailing laws at the time of the purchase including compliance with the 25% shareholding spread in the hands of public shareholders as required under Paragraph 8.02(1) of the Listing Requirements.

As at LPD, the Record of Depositors of COASTAL showed 203,704,771 Shares, representing 38.68% of its issued and paid-up share capital were held by public shareholders. The Company will endeavour to ensure that the Proposed Share Buy-Back will not breach Paragraph 12.14 of the Listing Requirements, which states that a listed company must not purchase its own shares on Bursa Securities if the purchase(s) will result in the listed company being in breach of the public shareholding spread requirements as set out under Paragraph 8.02(1) of the Listing Requirements.

8. EFFECTS OF THE PROPOSED SHARE BUY-BACK

For illustrative purposes, the pro forma effects of the Proposed Share Buy-Back are as follows:

8.1 Issued and paid-up share capital

Based on the issued and paid-up share capital of the Company as at LPD, the pro forma effects of the Proposed Share Buy-Back and assuming the Shares so purchased are cancelled are set out below:

Scenario I : Assuming none of the ESOS Options are exercised.

Scenario II : Assuming all of the ESOS Options are exercised prior to the Entitlement Date.

	Scenario I	Scenario II
	No. of Shares	No. of Shares
Existing issued and paid-up share capital as at 23 September 2022 (before netting-off the treasury shares held as at 23 September 2022)	539,485,231	539,485,231
Shares to be issued upon full exercise of the ESOS (i)	-	53,948,523
Enlarged issued and paid-up share capital	539,485,231	593,433,754
Treasury shares as at the LPD	12,801,500	12,801,500
Assuming COASTAL Shares purchased under the Proposed Share Buy-Back are cancelled (ii)	41,147,023	46,541,875
Resultant issued and paid-up share capital	485,536,708	534,090,379

(i) Based on the exercise of all outstanding ESOS.

(ii) Assuming purchase of the maximum number of COASTAL Shares authorised under the Proposed Share Buy-Back.

The pro forma effects of the Proposed Share Buy-Back on the resultant issued and paid-up share capital of the Company will depend on whether the Purchased Shares are cancelled or retained as treasury shares. The above illustration assumes that the Purchased Shares are cancelled. However, if the Purchased Shares are retained as treasury shares, resold or distributed to its shareholders, the Proposed Share Buy-Back will have no effect on the existing issued and fully paid-up share capital of the Company.

The actual number of COASTAL Shares to be purchased will depend on, inter alia, market conditions and sentiments of Bursa Securities as well as the retained earnings, share premium and financial resources available to the Company at the time of the purchase(s).

8.2 NA per Share and Working Capital

The effect of the Proposed Share Buy-Back on the NA of the COASTAL Group will depend on the actual number of Shares purchased, the prices paid for such Shares, the effective funding cost to the COASTAL Group to finance the purchase of such Shares, if any, or any loss in interest income to the COASTAL Group, and whether the Purchased Shares are cancelled or retained as treasury shares.

If all Purchased Shares are cancelled, the NA of the COASTAL Group would decrease if the purchase price per Purchased Share exceeds the NA per Share at the relevant point in time, and vice versa.

The NA of the COASTAL Group would decrease if the Purchased Shares are retained as treasury shares, due to the requirement for treasury shares to be carried at cost and be offset against equity.

If the treasury shares are resold on Bursa Securities, the NA of the COASTAL Group would increase if the Company realises a gain from the resale, and vice versa. If the treasury shares are distributed as share dividends, the NA of the COASTAL Group would decrease by the cost of the treasury shares.

The Proposed Share Buy-Back will reduce the working capital of the COASTAL Group, the quantum of which will depend on, amongst others, the number of Shares purchased and the purchase price(s) of Shares.

8.3 EPS

The Proposed Share Buy-Back may increase or reduce the EPS of the Group, depending on the number of Shares purchased, the prices paid for the Shares, the effective funding cost to COASTAL to finance the purchase of the Shares, if any, or any loss in interest income to COASTAL or opportunity cost in relation to other investment opportunities.

Assuming that the Purchased Shares are retained as treasury shares and subsequently resold, the extent of the effects on the earnings of the COASTAL Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or the interest savings arising from the exercise.

If the Purchased Shares are cancelled, the Proposed Share Buy-Back will increase the EPS of the Group provided the income foregone and interest expense incurred on the Purchased Shares are less than the EPS before the share purchase.

8.4 Dividends

Assuming the Proposed Share Buy-Back is implemented in full, the Proposed Share Buy-Back will have the effect of increasing the dividend rate of the Company as a result of the reduction in the number of shares which are entitled to participate in the dividend payout. Any future dividend would be paid on the remaining issued and paid-up share capital of COASTAL (excluding the Shares already purchased).

THE REST OF THIS PAGE IS INTENTIONALLY LEFT BLANK

8.5 Effects on shareholdings of Directors and major shareholders

Assumption is made that the Proposed Share Buy-Back of the maximum number of COASTAL Shares (up to ten percent (10%) of the total number of issued shares in the ordinary share capital of the Company) is purchased from shareholders other than the existing major shareholders and Directors of COASTAL, and all such shares purchased are cancelled. Loh Thian Sang @ Lo Thian Siang, Intizam Bin Ayub and Jacob O Pang Su Yin being the remaining directors of COASTAL not included in the tables below, do not have any shareholdings existing as at LPD. The pro forma effects of the full implementation of the Proposed Share Buy-Back on the shareholdings of the Directors and major shareholders of the Company as at 23 September 2022 are set out below:

Scenario I : Assuming that none of the outstanding ESOS options are exercised and the Proposed Share Buy-Back is implemented in full.
