3. Group's Prospects

Whilst there was a drop in domestic sales, the Group is still optimistic on the long term growth for the demand of its product locally. The export sales meanwhile recorded an increase of 26.07% as compared to the previous corresponding period. The Group expects the growth in sales is sustainable as the economy is slowly gaining momentum after the pandemic-induced economic shock, although the business environment will still be challenging due to the expected escalation in product and operational costs.
