Q4 FY2023 Results

The Group registered a revenue of RM801.0 million for Q4 FY2023; 2.2% higher than the immediate preceding quarter at RM783.9 million and 13.21% higher Y-o-Y than the same quarter in FY2022 of RM707.5 million.

Profit Before Tax (“PBT”) for Q4 FY2023 stood at RM85.9 million; a 76.7% increase compared to the preceding quarter at RM48.6 million, and a nearly threefold increase compared to the same quarter in FY2022. The synergy of these factors, coupled with a project mix boasting better margins, played a crucial role in achieving higher profitability.

The Group's order book stood at RM3.1 billion, comprising RM2.9 billion in the Energy Services segment and RM263.4 million in the Bioenergy Services segment. The order book of the Group has remained strong and it is expected to continue generating positive results for the Group in the coming quarters.

The **Energy Services Segment's** revenue for the Q4FY2023 stood at RM722.5 million compared with RM610.9 million in the corresponding period in 2022. FY2023 Full Year Results & Performance

Both of Wasco's Energy Services and Bioenergy Services business segments registered revenue and profit growth for the year, resulting in revenue of RM2.6 billion and PBT of RM218.3 million which represents a Y-o-Y increase of 10.1% and more than 100% compared to FY2022's RM 2.4 billion and RM 74.8 million respectively. In FY2023, the Group also booked in profits of RM154.8 million.

As at end-2023, Wasco's net gearing reduced to below 0.5x, which has put the Group's balance sheet on solid footing. As a result of increasing profitability for the Group, return on equity improved over 100% to 15% compared to FY2022.

The **Energy Services Segment** of the Group achieved a remarkable 12.4% Y-o-Y growth in full-year revenue, reaching RM2.3 billion. This substantial increase can be primarily attributed to the successful acquisition of new contracts secured. Additionally, the segment demonstrated commendable financial performance with a PBT surging to RM217.3 million in FY2023, marking more than 100% increase. This notable growth is attributed to higher revenue generated through efficient project execution from a robust order backlog.

Wasco's **Bioenergy Services division** recorded a respectable performance in terms of both revenue and PBT, registering a Y-o-Y increase of 8.2% to RM288.8 million and 29.7% to RM48.4 million in revenue and PBT respectively, despite challenges faced in the operating environment. The division witnessed an uptick in revenue for the year under review, primarily fuelled by the increase in biomass energy boiler projects, enhanced industrial boiler sales, and a growing demand for steam turbines and other agro-tech equipment. The synergy of these factors, coupled with a project mix boasting better margins, played a crucial role in achieving higher profitability.

Outlook for FY2024

Wasco concluded the year with a robust order book across all business divisions, maintaining a work-in-hand of RM3 billion as of the end of FY2023. Emphasising its commitment to energy transition initiatives, the group has an order backlog of RM203 million in energy transitioning projects which includes the coating of pipelines for the carbon capture and storage sector. The Group recently upgraded its UK pipe coating facility at the Port of Hartlepool to offer additional coating services from the buoyant demand from this sector. This upgrade is set to conclude in March 2024, followed by a testing phase, with full-scale production commencing in April 2024. The Group recently secured the first CCS pipeline project in the UK last year, to supply coating services for the Porthos Project.
