For the 3-month period ended 30 June 2015, the Group recorded a revenue of RM28.33 million and profit before tax of RM4.68 million after taking into consideration the listing expenses of RM0.68 million. The revenue was mainly derived from land transport operations which accounts for approximately 90.13% of the Group's revenue.

For the cumulative financial quarter under review, the Group recorded revenue of RM57.44 million and profit before tax of RM10.76 million which was arrived at after taking into consideration the listing expenses of RM0.68 million.

Our revenue is derived mainly from our land transport operations which comprise cargo transportation services and container haulage services. For the 3-month period ended 30 June 2015, our cargo transportation services accounted for approximately 55.22% of our Group's total revenue and approximately 53.65% of our Group's total PBT whilst our container haulage services accounted for approximately 34.91% of our Group's total revenue and approximately 26.78% of our Group's total PBT. In aggregate, our land transport operations accounted for approximately 90.13% of our Group's total revenue and 80.43% of our Group's total PBT.

Warehousing and distribution operations accounted for approximately 9.82% of our Group's total revenue and 19.48% of our Group's total PBT for the 3-month period ended 30 June 2015.

Our revenue from the warehousing and distribution operations is derived mainly from the provision of warehousing services with a capacity of 17,530 pallets and distribution operations. The period of warehousing varies between customers and the warehousing rental rate is charged based on a weekly or monthly basis. For the financial quarter under review, the rental rate of our warehousing services has remained relatively constant.

Revenue derived from other services which comprise freight forwarding and customs brokerage services as well as manufacturing and fabrication of trailers accounted for approximately 0.05% of our Group's total revenue and 0.09% of our Group's total PBT for the 3-month period ended 30 June 2015.

B2. Variation of Quarterly Results Compared To the Results of the Preceding Quarter

	3 Months Ended		Deviation	
	31 Mar 2015	30 Jun 2015	Amount	
	RM'000	RM'000	RM'000	%
Revenue	29,106	28,330	(776)	(2.67)
Profit After Tax	4,840	4,051	(789)	(16.30)

The Group's revenue decreased by 2.67% from approximately RM29.11 million recorded in the immediate preceding quarter to approximately RM28.33 million in the current financial quarter. This was due mainly to the reduction in revenue generated by warehousing and distribution operations which was partly affected by the implementation of Goods & Services Tax effective 1 April 2015. Profit before tax of the Group decreased correspondingly by 16.30% from approximately RM4.84 million in the previous financial quarter to RM4.05 million in the current financial quarter.
