The Group reported a loss of RM27.82 million for the current quarter ended 30 September 2019, compared to a profit before tax of RM8.83 million in the preceding year's corresponding quarter. The substantial reduction in revenue and profit before tax mainly derived from construction division.

The Group reported a loss before tax of RM44.11 million as compared to a profit before tax of RM46.01 million in the preceding year's corresponding period.

Construction

Individual quarter

Construction division reported a revenue of RM93.23 million and operational loss of RM34.77 million in the current third quarter, compared to revenue of RM173.78 million and profit before tax of RM0.84 million in the preceding year's corresponding quarter.

Cumulative quarter

For the nine (9) months ended 30 September 2019, the Construction division reported a revenue of RM360.85 million, a reduction of RM215.85 million (37.4%) compared to RM576.70 million reported in the nine (9) months of 2018. Construction division reported a loss of RM65.43 million in the current financial period ended 30 September 2019.

This current quarter has reported a lower revenue due to reduction in number of on-going projects in 2019. Construction division secured four (4) projects with total contract sum of RM430 million in 2018 and 2019 as of today.

The loss of this division is due to the following factors:

- finance cost is still substantial due to delay in payment collection and retention money has yet to be released from the completed projects. There is a 24-months defect liability period for most of our completed projects.
- depreciation charges for idling assets. The Division has incurred CAPEX of RM140.5 million on construction equipment for the past 4 years and depreciation charges incurred for 9 months of 2019 amounting to RM20.53million.
- lower finalised contract sum upon account finalisation with project awarders as compared to progressive revenue recognised over the construction period.

B4 Prospects for the current financial year ending 31 December 2019

The Construction division has been operating in a highly competitive and challenging business environment since the past 1 year. The current outstanding order book is RM852.59 million which can sustain the division until mid-2022. This division has been working aggressively on various projects tender to replenish our construction order book. Concurrently, the review of current fixed overhead cost is carried out to ensure our Construction division's cost structure is competitive and sustainable.

The Property Development division had completed and handed over phase 1 (Block B & C) of Wangsa 9 Residency in March 2019. The take up rate for phase 1 consisting of 338 units condominium was 76.9%. Phase 2 consisting of 227 units in Block A achieved take up rate of 7.9%. Due to the soft local property market condition, we will continue to target the overseas market to boost sales. The current unbilled sales for this division amounts to RM82.06 million.

Under the Property Development division, we are working on the proposed residential development for 305 double storey terrace houses located at Bukit Sentosa, Rawang. We expect to launch phase 1 consisting of 67 units of double storey terrace houses in 2020. Besides, there is another project under early planning stage which is the proposed mixed development project for service apartments (unit size of 845 to 1,000 sq ft) and affordable service apartments (unit size of 550 sq ft) on 22.2 acres land located at Kota Warisan in Sepang.

The Group expects lower revenue contribution from our investment in South Africa in 2019 as all vacant stands in Blue Valley Golf & Country Estate were fully sold. As of today, there are remaining 2 units of completed bungalow houses unsold. Current unbilled sales for this division is RM1.34 million. This division is currently working on development of the remaining land to residential units. Expected completion of 42 units of serviced apartment in 2020 will contribute positively to the Group's revenue and profit in the coming years.
