A1. Accounting Policies and Basis of Preparation (cont'd)

MFRSs, Interpretations and amendments effective for annual periods beginning on or after a date yet to be confirmed

The initial application of the accounting standards, amendments or interpretations is not expected to have any material financial impact to the financial statements of the Group.

A2. Auditors' Report on Preceding Annual Financial Statements

The Auditors' Reports on the financial statements of the Company and its subsidiaries for the financial year ended 31 August 2020 were not qualified.

A3. Seasonality or Cyclicality of Operations

The Group's business operations are exposed to seasonality patterns as the Group generally experiences the highest quarterly sales in the second financial quarter (December to February) and lowest quarterly sales in the fourth financial quarter (June to August) in every financial year. This is primarily caused by the timing of the start of the academic year for national schools, which may adversely impact the Group's quarterly revenue, profit and cash flow.

Nevertheless, the Group takes the seasonality patterns into consideration in our cash flow planning. In addition, the Group has implemented strategies to reduce the seasonality patterns such as expanding our market shares for non-academic segment which is less prone to seasonality, and entering into new market segments.

A4. Unusual Items Affecting the Financial Statements

The World Health Organisation (WHO) declared COVID-19 a global pandemic on 11 March 2020. Following this, the Government of Malaysia had imposed a series of Movement Control Order ("MCO") pursuant to the Prevention and Control of Disease Act 1988 ("PCDA"), which resulted in major disruptions to the Company's business operations all round.

There were no significant items affecting the assets, liabilities, equity, net income, or cash flows of the Group that were unusual in nature, size or incidence during the current financial quarter.

A5. Changes in Estimates

There were no material changes in the estimates that have a material effect in the current financial quarter and financial year-to-date.

A6. Debt and Equity Securities

Employees' Share Option Scheme ("ESOS")

The Company has implemented an ESOS of up to ten percent (10%) of the Company's issued and paidup share capital (excluding treasury shares, if any) for eligible employees and executive directors of the Group effective from 1 September 2016. On 6 December 2019, the Company offered 10,000,000 options at an exercise price of RM0.17 each to its eligible employees under the ESOS. These options have expired on 5 December 2020 and none of the options granted were exercised.

On 17 February 2021, the Board of Directors have approved the extension of the ESOS which will be expiring on 31 August 2021, for a further period of five (5) years from 1 September 2021 to 31 August 2026. Of even date, the Company offered another 10,000,000 options at an exercise price of RM0.12 each to its eligible employees under the ESOS. None of the options granted under this tranche have been exercised as at the date of this report.

B1. Review of Performance

Current Quarter ended 28 February 2021 against Preceding Financial Year's Corresponding Quarter ended 29 February 2020

The Group recorded a revenue of RM24.184 million for the current financial quarter as compared to RM22.961 million for the preceding financial year's corresponding quarter. This represents an increase of RM1.223 million (equivalent to 5.33%) mainly contributed by our Print Publishing Division, which showed an increase of RM1.787 million.

The increase in revenue was due to the delay in starting the new school term and rescheduled commencement of physical classes on a staggered basis during the current financial quarter, which resulted in book orders for the current academic year being delayed from the first quarter to the second quarter.

The Group recorded a profit before tax ("PBT") of RM5.536 million for the current financial quarter visà-vis a PBT of RM3.045 million for the preceding financial year's corresponding quarter. This represents an increase of RM2.491 million (equivalent to 81.81%) due to the higher revenue, coupled with the lower expenses incurred during the period as a result of various cost cutting measures implemented by the Group.

Current Financial Year-to-Date ended 28 February 2021 against Preceding Financial Year's Corresponding Year-to-date ended 29 February 2020

The Group recorded a revenue of RM38.671 million for the current financial year-to-date as compared to RM50.706 million for the preceding financial year-to-date, representing a decrease of RM12.035 million (equivalent to 23.73%), mainly attributable to Print Publishing Division, which showed a revenue decrease of RM11.438 million as our business operations have yet to recover fully from the impact of COVID-19. In addition, the delay in starting the new school term and physical classes as mentioned above have also resulted in the delay of book orders.

The Group recorded a PBT of RM5.812 million for the current financial year-to-date vis-a vis a PBT of RM8.922 million for the preceding financial year-to-date. This represents a decrease of RM3.110 million (equivalent to 34.86%) due to the lower revenue achieved. This was partly set-off by the lower expenses incurred during the period as a result of various cost cutting measures implemented by the Group.

B2. Variation of Results for the Current Financial Quarter ended 28 February 2021 against the Immediate Preceding Financial Quarter

	Current Quarter 28.02.2021 RM'000	Preceding Quarter 30.11.2020 RM'000	Change RM'000
Revenue	24,184	14,487	9,697
Profit Before Tax	5,536	276	5,260

The Group recorded a revenue of RM24.184 million for the current financial quarter as compared to RM14.487 million for the immediate preceding financial quarter, representing an increase of RM9.697 million (equivalent to 66.94%). The increase is mainly due to a higher revenue of RM23.326 million recorded by the Print Publishing Division as compared to RM13.209 million in the preceding quarter, due to the delay in starting the new school term as well as the rescheduled commencement of physical classes as mentioned above.

Similarly, the Group recorded a PBT of RM5.536 million for the current financial quarter as compared to a PBT of RM0.276 million for the immediate preceding financial quarter due to the higher revenue earned and cost cutting measures implemented.

B3. Group's Prospects for the financial year ending ("FYE") 31 August 2021

The COVID-19 pandemic has presented significant challenges to the Group's operations during the financial year ended 31 August 2020. Although we expect the impact of the pandemic to be less adverse for this financial year ending 31 August 2021, we will remain vigilant while conducting the operations of the Group particularly in view of the uncertainties with regards to recent developments and the nation's vaccination progress.

During the course of this pandemic, we have seen the importance of incorporating digital elements into the teaching and learning processes. As such, under our print publishing segment, we have stepped up our efforts by offering a diverse range of educational products which combine both the conventional print media and digital solutions. We have been receiving an increase in demand for our hybrid print publishing products in the run-up to the new academic year and are expecting this trend to continue.

The demand for our English competency assessment product, Linguaskill by Cambridge Assessment English also continues to be well received by the institutions for higher learning especially during the new intake season for the 2021 academic year.

The Group has conducted a soft launch for our new online tuition platform, "Tutor2U". Through Tutor2U, students in Malaysia would be able to receive on-demand, e-tuition services from teachers across the country, as well as subscribe to an array of learning resources and videos prepared by teachers. The launch of this platform represents the Group's first step into the gig economy business and we are hopeful that it will be well received by both tutors and students.

Riding on the wave of the 10-year National Reading Decade 2021-2030 programme launched by the Minister of Education with the aim to transform Malaysia into a Reading Nation by 2030, the Group has launched a major series of CEFR English Readers with 200 titles targeting pre-schoolers and primary school year 1-3 students. We are optimistic in growing our share in the early childhood education market. Further to that, as a testament to the quality of the Group's products, 5 titles published by the Group won in multiple categories of the coveted *Anugerah Buku Malaysia 2020* awards presented by the Malaysian Book Publishers Association ("MABOPA") in conjunction with the Kuala Lumpur World Book Capital 2020 programme.

The Group aims to expand its market share going forward as we expect the market to consolidate further and our diverse range of products will be able to meet its diverse demands. The Group also aims to make bigger inroads into the digital education business with the launch of our Tutor2U online tuition platform by riding on the call to accelerate the digitalisation of the education system by the Prime Minister recently. We will continue to monitor our risk management strategies which include cost reduction measures and liquidity management. This would benefit the Group as it further strengthens its economies of scale and financial position. All things considered, we are hopeful about the Group's prospects for FYE 31 August 2021.
