# Sentral REIT (SENTRAL MK)

## Oversupply Situation Catching Up

- **Maintain NEUTRAL, with new DDM-derived MYR0.97 TP from MYR1.00, 4% downside.** 2Q22 results were in line, as Sentral REIT continued to struggle with the oversupply situation in the office segment. This is reflected in the 16% of NLA not renewed in 1H22. With an expected 9.1% increase in office space in the Klang Valley, rental and occupancy levels are anticipated to see downward pressure. We reiterate our preference for prime office assets that can withstand these pressures.
- **2Q22 earnings of MYR18.5m (-9% QoQ, -2% YoY)** brought 1H22 core earnings to MYR38.8m (-2% YoY). At 48% of our and consensus full-year estimates, we deem the results to be in line with expectations. 1H22 revenue was 3.6% lower YoY due to a fall in revenue generated from QB2 and Wisma Technip following the lease expiries of tenants in both buildings. Property operating expenses in the quarter were marginally lower from lower operating expenses, and finance costs declined in 2Q22 by 8.5% YoY due to lower interest on borrowings after completion of the refinancing exercise in Mar 2022. A DPU of 1.7 sen was declared, bringing 1H22 DPU of 3.6 sen (+5% YoY).
- **Occupancy rate falls further to 78% from 86% in 1Q22** as 16% of leases up for expiry this year were not renewed. HSBC Electronic Data Processing did not renew its lease at QB2 in May, and Technip Marine moved out of Wisma Technip in June, leaving both buildings empty at the moment. Recall that Wisma Technip was at 50% occupancy in the previous quarter after its other tenant left. We think the blended occupancy level will remain around the current levels as the incoming supply of office space in the Klang Valley, estimated to be at a 9.1% increase according to Knight Frank, will place downward pressure on occupancy and rental rates.
- **9% of NLA left due for renewal in FY22.** While we are cautious on the outlook for the office segment, management guided that the risk of non-renewals for the remaining 9% of NLA should be minimal as it is mostly by a key tenant in Menara Shell, a competitive prime office building for the REIT. 3% of NLA were renewed at low single digit positive reversions in 1H22, and management is confident that the upcoming renewals should record similar reversions.
- **Maintain NEUTRAL, with a lower TP of MYR0.97.** We lower our FY22F-24F earnings by 7% after adjusting our occupancy rate assumptions. Our TP has a 0% ESG premium or discount applied, since its ESG score of 3.0 is in line with the country median. Key risks would be the oversupply of office properties affecting the portfolio's occupancy and rental rates.
