The purpose of this Circular is to provide you with details of the Proposed Renewal of Existing Shareholders' Mandate and seek your approval for the ordinary resolution to be tabled at the forthcoming 14th AGM of the Company. Pursuant to Paragraph 10.09(2) of the Listing Requirements, the Company may seek shareholders' mandate in respect of the RRPT, subject to the following:

- (i) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Party than those generally available to the public;

- (iv) in a meeting to obtain the shareholders' mandate, the relevant Related Party must comply with the following:
 - (a) a Related Party with any interest, whether direct or indirect, in the RRPT ("**Interested Related Party**"), must not vote on the resolution in respect of the RRPT;
 - (b) an Interested Related Party who is a Director or Major Shareholder must ensure that the Persons Connected with them abstain from voting on the resolution in respect of the RRPT; and

2.6 Amount due and owing to LFG Group by Related Party

As at LPD, there is no amount due and owing to our Group by Related Party which exceeded the credit terms given arising from the RRPT. Therefore, the disclosures as required under Paragraphs 16A and 16B in Annexure PN12-A of the Listing Requirements are not applicable.

2.7 Review procedures of the RRPTs

The Group has established the review procedures and guidelines to ensure that RRPTs are undertaken on an arm's length basis, on transaction price, and on normal commercial terms that are not more favourable to the Related Parties than those generally available to the public and not to the detriment of the minority shareholders.

The review procedures and guidelines established by the Group are as follows:

- (a) A list of Related Parties shall be circulated within the Group from time to time for reference. In general, the Group shall only enter into RRPTs after taking into account the pricing, quality, delivery schedules, and other related factors, which shall be determined based on prevailing rates/prices of the goods and services according to their usual commercial terms. In the event that quotation or comparative pricing from third parties cannot be obtained, the transaction price will be determined by our Group based on applicable industry norms and at rates not more favourable to the Related Parties than those generally available to the public.
- (b) Any tender, quotation or contract to be submitted for an open tender or proposed to be entered into with the Related Parties will not be approved unless the pricing for the contract/project is determined in accordance with the Group's usual business practices and policies, consistent with the usual margin of the Group for the same or substantially similar type of transactions made by the Group with unrelated third parties.
- (c) Where practical or feasible, at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.

However, for certain transactions, the terms of the transactions (including pricing) cannot be compared with unrelated third parties; the terms of these transactions are negotiated on a willing buyer, willing seller basis and based on the Group's usual business practices. Nevertheless, the Company will ensure that the RRPTs are not detrimental to the Company or LFG Group.

- (d) There are no specific thresholds for approval of RRPTs. All the transactions will be reviewed by (a) the Audit and Risk Management Committee ("**ARMC**") on a quarterly basis, or (b) as and when required and approved by the Board, with the recommendation from the ARMC prior to execution of contracts. In reviewing these transactions, the ARMC, if necessary, may request additional information from independent sources or advisors.
- (e) If a member of the Board or ARMC has an interest (whether direct or indirect) in any RRPTs, he/she (or his alternate, where applicable) shall abstain from any decision-making by the Board or ARMC in respect of such transactions and will continue to abstain from voting on such resolutions approving the transactions.
- (f) The annual internal audit shall incorporate a review of all RRPTs entered to ensure that relevant approvals have been obtained and review procedures are followed. Any divergence will be reported to the ARMC.

2.8 Disclosure in annual report

Disclosure will be made in the Company's Annual Report 2025 on the breakdown of the aggregate value of RRPTs made during the financial year, amongst others, based on the following information:

- (i) the type of RRPTs made; and
- (ii) the names of the Related Parties involved in each type of RRPTs made and their relationship with the Group.

2.9 Statement by the ARMC

The ARMC has reviewed the procedures mentioned in Section 2.7 of this Circular and is satisfied that the said procedures are sufficient to ensure that the RRPTs will be made with the Related Parties in accordance with LFG Group's normal commercial terms and on terms not more favourable to the Related Parties than those generally available to the public, and hence, not prejudicial to the shareholders nor disadvantageous to the Group and are not to the detriment of the minority shareholders.

The ARMC is of the view that the LFG Group has in place adequate procedures and processes to monitor, track, and identify RRPTs in a timely and orderly manner. These procedures and processes are reviewed annually.

3. RATIONALE FOR AND BENEFITS OF THE PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE

The Proposed Renewal of Existing Shareholders' Mandate is intended to facilitate transactions necessary for the day-to-day operations of LFG Group on the best possible terms, maximising operational performance and efficiency. The RRPTs are made in the ordinary course of business of LFG Group which are transacted from time to time with the Related Parties at arm's length basis and on normal commercial terms, not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

The procurement of the Proposed Renewal of Existing Shareholders' Mandate on an annual basis would eliminate the need to convene separate general meetings from time to time to seek shareholders' approval as and when potential RRPTs with the Related Parties arise, thereby substantially reducing administrative time and expenses in convening such meetings, without compromising the corporate objectives and business opportunities available to the LFG Group.

4. EFFECTS OF THE PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE

The Proposed Renewal of Existing Shareholders' Mandate is not expected to have any material effect on the gearing, issued share capital, and Substantial Shareholders' shareholdings of the Company.

However, the Proposed Renewal of Existing Shareholders' Mandate is expected to contribute positively to LFG Group's future earnings and net assets as and when the benefits of the RRPTs are realised.

5. APPROVALS REQUIRED

The Proposed Renewal of Existing Shareholders' Mandate is subject to the approval of our shareholders at the forthcoming 14th AGM to be convened or at any adjournment thereof.

To: Our Shareholders

Dear Sir/Madam,

PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1.0 INTRODUCTION

The Company had on 12 December 2025 obtained the shareholders' approval to purchase its own shares up to ten per centum (10%) of its total number of issued shares. The said authority shall, in accordance with the Listing Requirements, expire at the conclusion of the forthcoming 14th AGM of the Company.

The Company had on 27 April 2026 announced to Bursa Securities its intention to seek the shareholders' approval for the Proposed Renewal of Share Buy-Back Authority at the forthcoming 14th AGM.

The purpose of this Statement is to provide you with relevant details and information of the Proposed Renewal of Share Buy-Back Authority, together with the Board's recommendation and to seek your approval for the Ordinary Resolution in connection to the Proposed Renewal of Share Buy-Back Authority to be tabled at the forthcoming 14th AGM. The Notice of the 14th AGM together with the Form of Proxy is set out in the Annual Report 2025.

YOU ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF THIS CIRCULAR TOGETHER WITH THE APPENDIX CONTAINED HEREIN BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE AT THE FORTHCOMING 14TH AGM TO BE CONVENED.

2.0 DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Board seeks the approval of the shareholders for the renewal of the authority for the Company to purchase its own shares of up to ten per centum (10%) of the total number of issued Shares as quoted on Bursa Securities at any point in time.

The Proposed Renewal of Share Buy-Back Authority is subject to compliance with Section 127 of the Act, the Listing Requirements, and any prevailing laws, rules, regulations, orders, guidelines, and requirements issued by the relevant authorities at the time of the purchase, including compliance with the public shareholding spread as required by the Listing Requirements.

The authority from shareholders, if renewed, shall be effective upon the passing of the ordinary resolution for the Proposed Renewal of Share-Buy Back Authority at the AGM of the Company to be convened and will continue to be in force until:

- (a) the conclusion of the next AGM of the Company, at which time the said authority will lapse, unless by a resolution passed at the general meeting of the Company, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM of the Company is required by law to be held; or
- (c) revoked or varied by an ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first.

The Proposed Renewal of Share Buy-Back Authority does not impose an obligation on the Company to purchase its own shares; instead, it will allow the Board to exercise the power of the Company to purchase its own shares at any time within the abovementioned period.

Nevertheless, the Board will ensure that the Company satisfies the solvency test stated under Section 112(2) of the Act before executing any buy-back of its own shares.

2.1 Quantum

The maximum aggregate number of Shares which may be purchased by the Company shall not exceed ten per centum (10%) of the total number of issued Shares at any point in time.

Based on the minimum scenario, the Company may purchase and/or hold up to 116,924,066 Shares, calculated based on the total issued shares of 1,169,240,661 as at the LPD. The total number of Purchased Shares being held as Treasury Shares up to and including LPD is 792,000. As such, the balance Shares that can be purchased by the Company taking into account the total cumulative Treasury Shares held up to LPD is 116,132,066 Shares, assuming that:-

- (i) no further Shares are issued;
- (ii) none of the outstanding Warrants A as at LPD are exercised by the entitled warrant holders; and
- (iii) none of the outstanding Warrants B as at LPD are exercised by the entitled warrant holders.

For the avoidance of doubt, for illustrative purposes throughout this Statement, including the proforma effects as disclosed in Section 4 below, we have not taken into account:-

- (i) any grant of Options or new Shares to the Eligible Persons after the LPD;
- (ii) any purchase of Shares by LFG pursuant to the share buy-back authority approved by shareholders at the Thirteenth AGM after the LPD; and

- (iii) any issuance of additional Shares pursuant to Sections 75 and 76 of the Act after the LPD; and

Based on the assumption of the full exercise of the 67,975,525 outstanding Warrants A into 67,975,525 new Shares and 116,552,842 outstanding Warrants B into 116,552,842 new Shares as at the LPD, a maximum of 135,376,902 Shares may be purchased and/or held, representing ten per centum (10%) of the enlarged total number of issued Shares. However, after taking into account the total cumulative Treasury Shares held up to LPD of 792,000, the balance Shares that can be purchased by the Company is 134,584,902 Shares.

The actual number of Shares to be purchased and the timing of such purchase will depend on, among others, the prevailing equity market conditions and sentiments of the stock market, as well as the retained profits and financial resources available to the Company at the time of the purchase(s).

2.2 Treatment of Purchased Shares

In accordance with Section 127 of the Act, the Board may, at its discretion, deal with the Purchased Shares in the following manner:

- (i) to cancel the Purchased Shares;
- (ii) to retain the Purchased Shares in Treasury Shares, where such Purchased Shares are held as Treasury Shares, the Board may, at its discretion:
 - (a) distribute the Purchased Shares as dividends to shareholders of the Company, such dividends to be known as “**share dividends**”;
 - (b) resell the Purchased Shares in accordance with the relevant rules of Bursa Securities;
 - (c) transfer the Purchased Shares for the purposes of or under an employees’ share scheme;
 - (d) transfer the Purchased Shares as purchase consideration; or
 - (e) sell, transfer, or otherwise use the Purchased Shares for such other purposes pursuant to Section 127 of the Act; or
- (iii) to retain part of the Purchased Shares as Treasury Shares and cancel the remainder; or
- (iv) to deal in such other manner as Bursa Securities and other relevant authorities may allow from time to time.

The decision whether to retain the Purchased Shares as Treasury Shares, or to cancel the Purchased Shares or a combination of both, or any alternatives as mentioned above, will be made by the Board at the appropriate time.

If such Purchased Shares were held as Treasury Shares, the rights attaching to them in relation to voting, dividends and participation in any other distribution or otherwise would be suspended and the Treasury Shares would not be taken into account in calculating the number or percentage of Shares or a class of shares in the Company for any purposes including the determination of substantial shareholdings, take-overs, notices, the requisitioning of meetings, the quorum for meetings and the result of a vote on resolution(s) at shareholders’ meetings.

2.3 Purchase price

In accordance with Paragraph 12.17 of the Listing Requirements, LFG may only purchase its own shares on Bursa Securities at a price which is not more than fifteen per centum (15%) above the weighted average market price of LFG Shares for the past five (5) Market Days immediately preceding the date of purchase(s).

2.4 Resale or transfer price

In the case of resale or transfer of Treasury Shares (if any), the Company may only resell the Treasury Shares on Bursa Securities or transfer the Treasury Shares pursuant to Section 127(7) of the Act at:

- (i) a price which is not less than the weighted average market price for the LFG Shares for the five (5) Market Days immediately before the resale or transfer; or
- (ii) a discounted price of not more than five per centum (5%) to the weighted average market price for the LFG Shares for the five (5) Market Days immediately before the resale or transfer, provided that:
 - (a) the resale or transfer takes place not earlier than thirty (30) days from the date of purchase; and
 - (b) the resale or transfer price is not less than the cost of purchase of the Purchased Shares being resold or transferred.

2.5 Retained profits

Pursuant to the provisions of Paragraph 12.10(1) of the Listing Requirements, the maximum amount of funds to be utilised for any purchase of LFG Shares must not exceed the aggregate of the retained profit of the Company based on the latest audited financial statements and/or the latest management accounts of the Company (where applicable) available at the time of the purchase.

Based on the Company's audited financial statements for the financial year ended 31 December 2025, being the latest available audited financial statements, the Company's retained profits amounted to RM7,712,082.

2.6 Source of funds

The Proposed Renewal of Share Buy-Back Authority would be financed by internally generated funds and/or bank borrowings.

In the event that the Company decides to utilise external borrowings to finance the purchase of LFG Shares, the Board will ensure that the Company has sufficient financial capability to repay the bank borrowings and that such repayment will not have a material impact on the cash flow of the Company.

3.0 RATIONALE FOR THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority will enable LFG to utilise any of its surplus financial resources to purchase its own shares from the open market when appropriate and at prices that the Board views as favourable. It would also enable the Company to stabilise the supply and demand of the LFG Shares traded on the Main Market of Bursa Securities and thereby support its fundamental value.

All things being equal, the Proposed Renewal of Share Buy-Back Authority, regardless of whether the Purchased Shares are maintained as Treasury Shares or cancelled, will reduce the number of LFG Shares being used to compute the EPS. Therefore, the Proposed Renewal of Share Buy-Back Authority will improve the EPS of LFG, which in turn is expected to have a positive impact on the market price of LFG Shares.

The Purchased Shares can be held as Treasury Shares and resold or transferred on Bursa Securities with the intention of realising a potential gain without affecting the total number of issued Shares. Should any Treasury Shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

4.0 EFFECTS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The effects of the Proposed Renewal of Share Buy-Back Authority on the issued share capital, net assets, earnings, EPS, working capital, dividend and Directors' and Substantial Shareholders' shareholdings are set out below based on the following assumptions:

Minimum scenario : Assuming that none of the 67,975,525 outstanding Warrants A and 116,552,842 outstanding Warrants B as at the LPD are exercised, prior to the implementation of the Proposed Renewal of Share Buy-Back Authority.

Maximum scenario : Assuming that all 67,975,525 outstanding Warrants A and 116,552,842 outstanding Warrants B as at the LPD are exercised prior to the implementation of the Proposed Renewal of Share Buy-Back Authority.

4.1 Share capital

The effects of the Proposed Renewal of Share Buy-Back Authority on the Company's share capital will depend on the intention of the Board as to the treatment of the Purchased Shares.

If all the Purchased Shares are to be cancelled, the effect of the Proposed Renewal of Share Buy-Back Authority on the total number of issued Shares as at the LPD is as follows:

	Minimum scenario No. of Shares	Maximum scenario No. of Shares
Total number of issued Shares as at the LPD	1,169,240,661*	1,169,240,661*
Assuming full exercise of the outstanding Warrants A	-	67,975,525
Assuming full exercise of the outstanding Warrants B	-	116,552,842
	1,169,240,661	1,353,769,028
10% of the total number of Shares being purchased and cancelled	(116,924,066)	(135,376,902)
Total number of issued Shares after the Proposed Renewal of Share Buy-Back Authority	1,052,316,595	1,218,392,126

Note:

*Inclusive of 792,000 Treasury Shares as at LPD.

4.2 Net assets

The effect of the Proposed Renewal of Share Buy-Back Authority on the consolidated net assets of the Group is dependent on the number of Purchased Shares, the purchase prices of the Purchased Shares, the treatment of the Purchased Shares, and the effective funding cost to the Group to finance such purchases or any loss in interest income.

When the Company purchases its own shares, regardless of whether they are retained as Treasury Shares or are subsequently cancelled, the net assets per share of the Group will decrease if the cost per Share purchased exceeds the net assets per share of the Group at the time of purchase. Conversely, if the cost per Share purchased is below the net assets per share of the Group at the time of purchase, the net assets per share of the Group will increase.

If the Purchased Shares are held as Treasury Shares and are resold on Bursa Securities, the net assets per share of the Group will increase if the Company realises a gain from the resale, and vice versa.

If the Treasury Shares are distributed to shareholders as share dividends, the net assets of the Group will decrease by the cost of the Treasury Shares.

4.3 Working capital

The Proposed Renewal of Share Buy-Back Authority will reduce the working capital and cash flow of the Group, the quantum of which will depend on, amongst others, the number of Shares purchased, the purchase price(s) of the Purchased Shares, and the funding cost, if any.

However, the cash flow or working capital position of the Group will be restored if the Purchased Shares are resold at least at the purchase price.

4.4 EPS

The effect of the Proposed Renewal of Share Buy-Back Authority on the EPS of the Group will depend on the number of Shares purchased, the purchase price(s) of the Purchased Shares, and the effective cost or loss in interest income and/or the opportunity cost in relation to other investment opportunities of the Group.

The Proposed Renewal of Share Buy-Back Authority may increase the EPS of the Group if the Company realises a gain from the resale. Similarly, if the Purchased Shares are treated as Treasury Shares and subsequently resold, the extent of the effect on the earnings of the Group will depend on the actual selling price(s), the number of Treasury Shares resold, and the effective gain or interest savings arising from the resale.

4.5 Dividend

The Proposed Renewal of Share Buy-Back Authority is not expected to have any material effect on the Company's dividend payments. The dividend to be declared by the Company in the future would be determined by the Board after considering the Company's solvency, the performance of the Group, and the prevailing economic conditions.

However, as stated in Sections 2 and 3 above, the Board may distribute future dividends in the form of Treasury Shares pursuant to the Proposed Renewal of Share Buy-Back Authority.

4.6 Directors' and Substantial Shareholders' shareholdings

Based on the Register of Directors' Shareholdings and Register of Substantial Shareholders of the Company as at the LPD, the proforma effects of the Proposed Renewal of Share Buy-Back Authority on the direct and indirect interests of the Directors, Substantial Shareholders, and any Persons Connected to the Directors and/or Substantial Shareholders of LFG are illustrated below:

- | | | |
|------------------|---|--|
| Minimum scenario | : | Assuming that none of the 67,975,525 outstanding Warrants A and 116,552,842 outstanding Warrants B as at the LPD are exercised, prior to the implementation of the Proposed Renewal of Share Buy-Back Authority. |

5.0 PUBLIC SHAREHOLDINGS SPREAD

Pursuant to Paragraph 8.02(1) of the Listing Requirements, a listed issuer must ensure that at least twenty-five per centum (25%) of its total listed shares (excluding Treasury Shares) are in the hands of public shareholders.

As at the LPD, the public shareholding spread of the Company was 32.65%. LFG will not undertake any share buy-back if that will result in a breach of Paragraph 8.02(1) of the Listing Requirements, which requires the Company to maintain a shareholding spread of at least twenty-five per centum (25%) of its total listed Shares (excluding Treasury Shares).

The Board is mindful of the shareholding spread requirement and will continue to be mindful of the requirement when making any purchase of LFG Shares.

6.0 POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

6.1 Potential advantages

The potential advantages of the Proposed Renewal of Share Buy-Back Authority are as follows:

- (i) LFG may be able to stabilise the supply and demand of LFG Shares in the open market and thereby support its fundamental value and reduce the volatility of LFG Shares;
- (ii) General investors' confidence in the stability of LFG Shares' price is expected to be enhanced as LFG is empowered to implement the Proposed Renewal of Share Buy-Back Authority;
- (iii) Provides LFG flexibility in achieving the desired capital structure, in terms of debt and equity composition and the size of equity;
- (iv) The Proposed Renewal of Share Buy-Back Authority will help enhance value for shareholders from a resultant reduction in the number of Shares in the market, all things being equal. Further, it may increase the EPS when the Purchased Shares are cancelled, thereby making the Shares more attractive to investors; and
- (v) LFG may utilise the Treasury Shares as future dividend payout to shareholders of the Company and/or for resale in the open market should opportunities arise in the future.

6.2 Potential disadvantages

The potential disadvantages of the Proposed Renewal of Share Buy-Back Authority are as follows:

- (i) The Proposed Renewal of Share Buy-Back Authority, if implemented, would reduce the financial resources of the Group, which may result in the Group having to forgo other feasible investment opportunities that may emerge in the future or deprive the Group of the interest income that can be earned from deposits with the licensed financial institution.
- (ii) As the Proposed Renewal of Share Buy-Back Authority can only be made out of the retained profits of the Company, it may result in the reduction of financial resources available for distribution to shareholders of the Company in the immediate future.

Nevertheless, the Proposed Renewal of Share Buy-Back Authority is not expected to have any potential material disadvantages to the Company and the shareholders, as it will be implemented only after careful consideration of the financial resources of the Group and its resultant impact.

7.0 IMPLICATIONS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY IN RELATION TO THE RULES

Pursuant to the Rules, a person or a group of persons acting in concert will be required to make a mandatory general offer if his/their stake(s) in the Company is/are increased to beyond thirty-three per centum (33%) of its total number of issued Shares or if his/their existing shareholding(s) is/are more than thirty-three per centum (33%) but less than fifty per centum (50%) and it exceeds by another two per centum (2%) in any six (6) months' period.

In the event that the share buy-back exercise results in the shareholdings of any of the above parties being affected, the said person or group of persons acting in concert will be obliged to make a mandatory general offer for the remaining LFG Shares not held by him/them. However, an exemption from a mandatory offer obligation may be granted by Securities Commission Malaysia under the Rules, subject to the affected person and the parties acting in concert complying with certain conditions, if the obligation is triggered as a result of an action outside their direct participation.

As it is not intended for the Proposed Renewal of Share Buy-Back Authority to trigger the obligation to undertake a mandatory offer by any of its Substantial Shareholders and/or persons acting in concert with them, the Company is mindful that only such number of LFG Shares are purchased, retained as Treasury Shares, cancelled or distributed such that the Rules will not be triggered. However, in the event that an obligation to undertake a mandatory offer should arise with respect to any parties resulting from the Proposed Renewal of Share Buy-Back Authority, the relevant parties shall make the necessary application to Securities Commission Malaysia for an exemption from undertaking a mandatory offer under the Rules before a mandatory offer is triggered.

3. MATERIAL LITIGATION

Save as disclosed below, as at the LPD, LFG and its subsidiaries were not engaged in any material litigation, claim, or arbitration, either as plaintiff or defendant, which had or would have a material and adverse effect on the financial position or business of the Group, and the Board is not aware of any proceedings, pending or threatened, against our Group or of any facts likely to give rise to any proceedings, which may materially or adversely affect the financial position or business of our Group:

(i) IOG vs Sarawak Shell Berhad (“**Sarawak Shell**”)

Sarawak Shell’s claim arise from a contract that was to be read together with a Coordination Agreement entered into between multiple parties, including Sarawak Shell and IOG dated 1 June 2018 (“**Contract**”). The Coordination Agreement provided for was for a shared pool of vessels to be utilised for its services and this includes the vessels *Omni Stella* and *Tanjung Biru 1* owned by Omni Stella (L) Inc and Icon Biru 1 (L) Inc respectively, each operating under its respective contract with Sarawak Shell.

During the course of the services, issues arose concerning the vessels in use, necessitating substitution with alternative vessels. However, most of the proposed substitute vessels by IOG were rejected by Sarawak Shell as the vessels suggested allegedly did not meet the specification under the Contract. Following extensive correspondence and meetings between Sarawak Shell and IOG, Sarawak Shell invoked its right under the Contract to charter a third-party vessel, on the purported basis that IOG failed to supply a substitute vessel that met the contractual specifications.

On 8 August 2025, IOG received a Notice of Arbitration from Sarawak Shell’s solicitors in which IOG had filed its Response on 4 September 2025 and nominated its proposed arbitrator. The arbitrators have subsequently been appointed by the Asian International Arbitration Centre (“**AIAC**”). Sarawak Shell filed its Statement of Claim on 23 January 2026, IOG filed its Statement of Defence on 13 March 2026 and Sarawak Shell filed its Reply to Defence on 3 April 2026. Pleadings are closed, and Parties are to propose

further procedural timelines by 8 May 2026. Tentative hearing dates have been fixed from **16.11.2026** to **20.11.2026**.

The solicitors representing IOG is of the view that there are merits to IOG's Defence, in that IOG's obligation to provide substitute vessel does not arise under the Contract between Sarawak Shell and IOG, based on the contractual interpretation. Alternatively, Sarawak Shell has also failed to mitigate its loss, in which case, IOG would be able to mitigate the quantum of any liability award against IOG.

The Board does not anticipate the arbitration and its outcome to have any adverse impact on the financial performance, net assets or operational performance of the Group, given that full provision for the entire disputed claim of RM10.1 million was made in financial year ended 31 December 2024.

4. DOCUMENTS AVAILABLE FOR INSPECTION
