

SUNVIEW CONSORTIUM EXCHANGES RM1.962 BILLION EPCC CONTRACT FOR KENYIR FLOATING SOLAR PROJECT

Petaling Jaya, 3 June 2026 – Sunview Group Berhad (“Sunview” or the “Group”), a prominent renewable energy (“RE”) player principally involved in the engineering, procurement, construction and commissioning (“EPCC”) and related activities, together with its consortium partner, Cypark Renewable Energy Sdn. Bhd., today announced that a document exchange ceremony was held at the Energy Transition Conference 2026 (“ETCON26”) in relation to the RM1.962 billion EPCC Contract between the consortium and TI TNB GENCO Solar Kenyir 1 Sdn. Bhd. (“TI TNB GENCO”) for the development of the 595MWac Hydro Hybrid Floating Solar (“HHFS”) photovoltaic plant integrated with battery energy storage system (“BESS”) at Kenyir Lake, Terengganu (“Kenyir HHFS Project”).

The document exchange ceremony was witnessed by the Deputy Prime Minister of Malaysia and Minister of Energy Transition and Water Transformation (PETRA), YAB Datuk Amar Haji Fadillah bin Haji Yusof. TI TNB GENCO is the special purpose vehicle established by TNB Power Generation Sdn. Bhd. (“TNB GENCO”) and Terengganu Inc Sdn. Bhd. (“Terengganu Inc”) to undertake the development of the Kenyir HHFS Project.

The EPCC Contract, valued at RM1.962 billion, follows the Letter of Acceptance announced on 3 April 2026 and marks the formal transition of the Kenyir HHFS Project from award stage into execution. The project is expected to be completed in 2028 and upon completion, the Kenyir HHFS Project is set to become the largest floating solar photovoltaic development in Southeast Asia, marking a major milestone for the region and reinforcing Malaysia’s leadership in large-scale clean energy infrastructure. As one of Malaysia’s major renewable energy infrastructure developments, the Kenyir HHFS Project carries strategic significance for the country’s energy transition. Beyond its scale, the project will support Malaysia’s energy security, advance clean energy deployment and demonstrate the potential of floating solar integrated with BESS to strengthen the resilience and sustainability of the national power system.

FOR IMMEDIATE RELEASE

Sunview Group Berhad group executive director & group chief executive officer HP Ong said, “We are honoured to commemorate this significant milestone together with our consortium partner and are privileged that the contract exchange was witnessed by Deputy Prime Minister of Malaysia and Minister of Energy Transition and Water Transformation (PETRA), YAB Datuk Amar Haji Fadillah bin Haji Yusof, reflecting the strategic importance of this project in supporting the nation’s energy transition agenda. For Sunview, this represents not only our largest contract to date but also a proud milestone as we venture into large-scale floating solar technology. Through our effort and capabilities towards this project, we look forward to supporting Malaysia’s energy transition agenda and creating sustainable value for our stakeholders.”

First row from left to right:

1. Dato' Shahrir bin Abdul Latiff, Managing Director, TNB Power Generation Sdn. Bhd.
2. Dato' Burhanuddin Hilmi bin Mohamed, President & Group Chief Executive Officer, Terengganu Inc Sdn. Bhd.
3. Dato' Ami Moris, Group Managing Director, Cypark Resources Berhad
4. HP Ong, Group Chief Executive Officer & Group Executive Director, Sunview Group Berhad

About Sunview Group Berhad ("Sunview" or the "Group")

Sunview stands as an investment holding company with a strategic focus on sustainable ecosystems through its subsidiaries. As Sunview endeavours to ascend as the leading RE provider, it is dedicated to further diversify to various clean energy power other than solar. This complements its role in the vertical integration of the solar energy supply chain. The committed workforce at Sunview is geared towards delivering comprehensive solutions in RE, spanning the entire supply chain, from upstream as an aluminium solar mounting manufacturer to midstream activities like engineering, procurement, construction, and commissioning (EPCC) of solar infrastructure, and downstream responsibilities as solar asset owners. Through its 360° sustainability solutions, Sunview is committed to making sustainable energy accessible to all, supporting customers on their environmentally conscious journey.

Sunview is duly registered under the Sustainable Energy Development Authority Malaysia as a solar service provider and solar PV investor. Furthermore, it holds certification as a contractor of Tenaga Nasional Berhad, an electrical contractor, and an energy service company under Suruhanjaya Tenaga. Additionally, it is recognized as a G7 contractor by the Construction Industry Development Board.
