PROLINTAS INFRA BT RECORDS STEADY 2QFY2026 PERFORMANCE, DECLARES 3.18 SEN DISTRIBUTION PER UNIT

Kuala Lumpur, 24 August 2026 – Prolintas Infra Business Trust ("Prolintas Infra BT" or the "Trust") today announced its unaudited financial results for the second quarter ended 30 June 2026 ("2QFY26") and declared a first-half distribution of 3.18 sen per unit for the six-month period ended 30 June 2026 ("1HFY26"). The Trust continued to deliver resilient operational performance, supported by sustained traffic growth across its highway portfolio and disciplined financial management.

During the period, the Trust benefited from positive traffic performance across its four highways, namely Ampang–Kuala Lumpur Elevated Highway, Guthrie Corridor Expressway, Lebuhraya Kemuning–Shah Alam and Sistem Lingkaran Lebuhraya Kajang, with toll revenue recording year-on-year aggregate growth of 2.3%, demonstrating the strength and stability of its highway portfolio amid the prevailing operating environment.

For 2QFY26, highway operations revenue remained broadly stable at RM80.2 million, compared with RM80.8 million in 2QFY25. Profit before tax for the quarter stood at RM11.5 million, compared with RM15.9 million in the corresponding quarter last year.

For 1HFY26, the Trust recorded a Distributable Amount of RM38.7 million. The Trustee-Manager, Prolintas Managers Sdn. Bhd. ("PMSB"), declared a first-half distribution of RM35.0 million, equivalent to 3.18 sen per unit, representing 90% of the Trust's Distributable Amount, meeting its minimum distribution policy. The distribution will be payable on 29 September 2026 to Unitholders registered in the Record of Depositors as at 10 September 2026.

Chief Executive Officer of PMSB, Mohamad Idros Mosin, said the Trust's performance reflected the strength of its core highway portfolio, underpinned by sustained traffic demand and prudent financial management. This has supported the Trust's consistent distribution track record, with total distributions of RM177 million declared since its listing in March 2024. He added that the Trust remains focused on operational excellence, preserving asset quality and delivering sustainable distributions to Unitholders while creating long-term value for Unitholders.

Looking ahead, the Trustee-Manager remains confident in the long-term fundamentals of the Trust's assets, supported by continued urbanisation and sustained commuter demand across the Klang Valley. It will continue to focus on enhancing operational efficiency, maintaining financial discipline and strengthening the Trust's position as a provider of sustainable long-term returns to Unitholders.
