Intended Outcome

Every company is headed by a board, which assumes responsibility for the company's leadership and is collectively responsible for meeting the objectives and goals of the company.

Practice 1.1

The board should set the company's strategic aims, ensure that the necessary resources are in place for the company to meet its objectives and review management performance. The board should set the company's values and standards, and ensure that its obligations to its shareholders and other stakeholders are understood and met.

Application	:	Applied
Explanation on application of the practice	:	<p>The Board of Directors (the "Board") of the asset managers, Sentral REIT Management Sdn Bhd (formerly known as MRCB Quill Management Sdn Bhd) ("SRM" or the "Manager") for Sentral REIT ("SENTRAL") assumes the role of collective leadership whilst safeguarding the best interests of SENTRAL's Unitholders ("Unitholders"). As prudent fiduciaries, the Board and the Management of SRM are committed in carrying out their duties with due diligence, utmost care and skill. The Board endeavours to observe the highest standards of corporate governance that are based on the tenets of accountability, transparency and objectivity.</p> <p>The Board undertakes the primary role of promoting SENTRAL's long term business health and prosperity as a Real Estate Investment Trust ("REIT"). In realising these long-term goals, the Board provides leadership in shaping the strategic direction of SENTRAL. During the financial year under review, the Board has convened regular meetings to discuss on recommendations for investment strategies, business plan, annual budget, sustainable disposal and acquisitions, and financial performance. The Board also seeks to ensure that SRM exercises conscientious supervision on the service providers including the property manager, Zaharin Nexcap Property Management Sdn Bhd (collectively referred as "Property Manager") that performs the day-to-day property management functions for SENTRAL's properties pursuant to the property management agreement signed for each property.</p> <p>The Chief Executive Officer ("CEO") oversees the day-to-day operations of the Manager and SENTRAL within the parameters established under the delegation of authority which set authorisation limits to approve or make recommendations on significant acquisitions, investments, capital expenditure and the operating budget. The CEO reports directly to the Board, and in order to measure and monitor the performance of Management towards achieving the strategic objectives of SENTRAL, the Board has established a predetermined set of Key Performance Indicators ("KPIs").</p> <p>In order to inculcate good values and ethical standards into SENTRAL, the Board has established a Code of Business Ethics. The Code of Business Ethics serves as an internal frame of reference for SRM employees in the conduct of their daily activities as well as an external statement of corporate values and commitment. In ensuring that obligations towards the Unitholders are understood and met, the Board has also established agreed-upon disclosure and transparency standards.</p>

	<p>The Board bears the responsibility of promoting the long-term sustainability and profitability of SENTRAL by managing assets and liabilities of SENTRAL and capitalising them into long-term sustainable distributions of income and competitive investment returns for Unitholders. In identifying, monitoring and managing risks, an effective risk management and internal control framework has been put in place to ensure that the interests of Unitholders remain sacrosanct at all times.</p> <p>SRM, through its Sustainability Report, has reinforced its commitment to sustainability by articulating the integration of financial and non-financial reporting elements in its activities. The Board is cognisant that the formation of a healthy corporate governance culture also hinges on the sound management of economic, environmental, social risks and opportunities. Recognising that corporate governance is organic in nature and aspirational in implementation, the Board has on its own volition produced this Corporate Governance Report for SENTRAL albeit it being a non-mandatory requirement for REITs.</p> <p>The Board believes that timely and effective communication with Unitholders is critical in preserving SENTRAL's longevity. To this end, Unitholders are engaged vide a plethora of fora including SENTRAL's website, annual report and corporate announcements with the information content being curated in a regular, effective, and forthcoming manner.</p>

Application	:	Applied
Explanation on application of the practice	:	<p>The Board believes that accurate and timely dissemination of information is vital for the Board to make informed decisions during Board deliberations and meetings.</p> <p>The Company Secretaries, together with the Management team ensure that notice of Board and Board Committee meetings, full agenda and supporting papers are circulated in advance so that Directors can engage in meaningful discussions during the meetings.</p> <p>In addition, SRM places heightened emphasis on monitoring changes to regulations and legislative promulgations. The board, management, employees and other stakeholders are clear on what is considered acceptable behaviour and practice in the company.

Practice 3.1

The board establishes a Code of Conduct and Ethics for the company, and together with management implements its policies and procedures, which include managing conflicts of interest, preventing the abuse of power, corruption, insider trading and money laundering.

The Code of Conduct and Ethics is published on the company’s website.

Application	:	Applied
Explanation on application of the practice	:	<p>Recognising that ethics is somewhat malleable, the Board has established a Code of Business Ethics which aims to engender a healthy corporate culture and drive ethical conduct within SRM. The Code of Business Ethics serves as the primary reference and guide for all Directors and employees on their daily activities and business conduct.</p> <p>SRM disseminates the Code of Business Ethics to all Directors and employees upon their appointment/employment and is part of the employee’s Terms and Conditions of Service.</p> <p>In order to reinforce the essence of the Code, the Board Charter subjects all Directors to observe the highest ethical standards. This is premised on the need to maintain good business and investment practices as well as protect the reputation of SENTRAL.</p> <p>In order to augment the Code of Business Ethics, every SRM employee is required to commit to the Corruption-Free Pledge by the Malaysian Anti-Corruption Commission. The pledge calls upon employees to not conduct corrupt practices such as money laundering or bribery and foster a healthy working environment that is free from the perils of corruption and abuse of power.</p> <p>In view of SENTRAL’s unequivocal stance against corruption and the enforcement of the corporate liability provision vide Section 17A of the Malaysian Anti-Corruption Commission Act 2009, the Board of SRM approved a formalised Anti-Bribery & Corruption Policy for SENTRAL with effect from 1 June 2020.</p> <p>The Code of Business Ethics and Anti-Bribery & Corruption Policy are published on SENTRAL’s website.</p>

Practice 3.2

The board establishes, reviews and together with management implements policies and procedures on whistleblowing.

Application	:	Applied
Explanation on application of the practice	:	<p>The Board has formalised a Whistleblowing Policy that is applicable to all employees.</p> <p>The Whistleblowing Policy encourages employees to report in a bona fide manner on any known improper, fraudulent or dishonest practices. The Whistleblowing Policy provides a direct channel of escalation for the complainant with clearly designated recipients for whistleblowing reports, including the Chairman and CEO. Confidentiality is strictly preserved so that any employee can report concerns without the fear of reprisal. The investigation of the case will be carried out independently and in good faith.</p> <p>Supplementing the Whistleblowing policy is the establishment of the “Policy on Giving and Receiving Gifts”. The “Policy on Giving and Receiving Gifts” prohibits all directors and employees, whether directly or indirectly, receiving or providing any gifts, kickbacks or guarantees, in any form, that may compromise their judgment and decision making. These policies complement each other and are in place to create a clean, corruption-free corporate environment which is imperative to minimise reputational and operational risks.</p> <p>Whistleblowers can report any improper conduct to the Chairman or the CEO, as appropriate, at the registered office address: Level 33A, Menara NU2, No.203, Jalan Tun Sambanthan, Kuala Lumpur Sentral, Malaysia or email to whistleblowing@sentralreit.com.</p>

Practice 4.1

At least half of the board comprises independent directors. For Large Companies, the board comprises a majority independent directors.

Application	:	Departure
Explanation on application of the practice	:	
Explanation for departure	:	<p>At present, the Board constitutes a total of eight (8) members of which three (3) members are Independent Directors while the rest are Non-Independent Non-Executive Directors in compliance with paragraph 15.02 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.</p> <p>The Board acknowledges the value of having the majority Independent Directors on the Board in promoting objectivity and impartiality during Board deliberations and decision-making process. Furthermore, the impartiality of Independent Directors can provide the necessary checks and balances for the Management team.</p> <p>Moving forward, the Board will seek to promote concerted efforts to reinforce the Board with additional Independent Directors. The Board, with the assistance of the Nomination & Remuneration Committee, will continue to drive efforts to scour the talent market for qualified and experience candidates, especially in the property and fund management field.</p> <p>Currently, the Board comprises exclusively of Non-Executive Directors. Non-Executive Directors are external to the businesses and operational duties of SRM, making them inherently inclined to a paradigm that is detached from Management and the day to day running of the business. By virtue of having all Non-Executive Directors on the Board, a facilitative environment is created for policy making at the Board level.</p> <p>The clear demarcation of responsibilities between Board and Management also allows key operational and investment decisions by the Management to be probed and challenged by the Board in a rigorous manner. The Board believes that the current configuration allows for adequate checks and balances with no disruptive power plays and factionalism in the boardroom.</p>

Measure	:	SRM intends to have a higher proportion of Independent Directors in the boardroom. Timeframe	:	Within 3 years

Intended Outcome

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

The tenure of an independent director does not exceed a cumulative term limit of nine years. Upon completion of the nine years, an independent director may continue to serve on the board as a non-independent director.

If the board intends to retain an independent director beyond nine years, it should justify and seek annual shareholders' approval. If the board continues to retain the independent director after the twelfth year, the board should seek annual shareholders' approval through a two-tier voting process.

The key facets of diversity considered include gender, age, cultural background and skill sets.</p> <p>Currently, the Board comprises members with a diverse and yet germane professional background that includes oil and gas, architecture, property development, real estate, economics and finance. The age dispersion of the Board reflects an encouraging mix of experience with the range being 39 to 75 years old. In terms of cultural composition, the Board reflects the multiracial society of the community that SENTRAL operates in. Overall, the diverse boardroom set up serves to enrich the Board deliberations with varying perspectives and fresh ideas whilst averting "blind spots" and "group think".</p> <p>The appointment of Senior Management is equally based on an objective set of criteria and merit, with close attention being accorded to diversity in skill sets. Practice 4.5

The board discloses in its annual report the company's policies on gender diversity, its targets and measures to meet those targets. For Large Companies, the board must have at least 30% women directors.

Application	:	Departure
Explanation on application of the practice	:	
Explanation for departure	:	<p>The Board recognises the importance of gender diversity and the representation of women on the Board as a source of increased variance in perspectives and ideas for decision-making.</p> <p>Currently, there is no formalised gender policy and target in place relating to women representation on the Board or at Senior Management level. During the year under review, there have been changes to the composition of the Board of Directors and Board Committees of SRM. Po Yih Ming who was appointed to the Board on 17 July 2020 fulfilled the Board's aspiration on gender diversity and skill sets given her experience in the field of accounting and taxation. At present, the Board comprises two women Directors, namely Dato' Dr. Low Moi Ing, who is a Non-Independent Non-Executive and Po Yih Ming, who is an Independent Director and also a member of the Audit Committee and Nomination & Remuneration Committee.</p> <p>Notwithstanding the above, the Board remains cognisant of the need to "cast a wider net" in its directorship search so as to ensure that the dimension of gender is being adequately addressed.</p> <p>The key personnel of the Senior Management team of SRM are currently dominated by women (5 out of the 6 Senior Management members being women). The presence of a female CEO at SRM further serves as a testament in this regard.</p> <p>The Board capitalises on the extensive female representation at the Senior Management level by considering reports and opinions from these personnel into the deliberations and decision-making process. Furthermore, the high percentage of women at the Senior Management level translates to a strong talent pipeline for internal recruitment of future directors.</p>

Measure	:	In the long term, the Board intends to source for high calibre women candidates to achieve 30% women candidates by leveraging on third-party sources such as directors' registry and recruitment firms. Intended Outcome

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

Practice 4.6

In identifying candidates for appointment of directors, the board does not solely rely on recommendations from existing board members, management or major shareholders. The board utilises independent sources to identify suitably qualified candidates.

Application	:	Departure	
Explanation on application of the practice	:		
Explanation for departure	:	At present, the primary means of appointing new Directors are through the recommendations or direct referrals from other Directors or Management.	
		The Board is of the view that this represents a tried and tested method of sourcing high-calibre directors that is suitable to the nature of SENTRAL's business intricacies.	
		The procedures and processes of Director appointments are carried out based on a rigorous and robust process undertaken by the Nomination & Remuneration Committee. Candidates are thoroughly assessed based on core competencies and attributes such as character, competency, experience, integrity, time commitment as stated in paragraph 2.2A of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

Practice 4.7

The Nominating Committee is chaired by an Independent Director or the Senior Independent Director.

Application	:	Applied
Explanation on application of the practice	:	<p>The Nomination & Remuneration Committee is chaired by Datuk Kamalul Arifin bin Othman, an Independent Director. He was redesignated as the Chairman of the Nomination & Remuneration Committee on 15 July 2020.</p> <p>As stipulated in the Terms of Reference, the Chairman of the Nomination & Remuneration Committee should be an independent director that is appointed by the Board. The independence of the said Committee Chairman allows proceedings to be framed and mediated through an objective lens.</p> <p>The Chairman of the Nomination & Remuneration Committee also provides leadership and oversight over Directors' succession planning, election/re-election and the annual Board evaluation. The independence of the Chairman is highly significant in this context considering that the Chairman of the Nomination & Remuneration Committee leads matters relating to the evaluation and succession of the Board Chairman, CEO and CFO.</p>

The board should undertake a formal and objective annual evaluation to determine the effectiveness of the board, its committees and each individual director. The board should disclose how the assessment was carried out and its outcome.

For Large Companies, the board engages independent experts periodically to facilitate objective and candid board evaluations.

Application	:	Applied
Explanation on application of the practice	:	
Explanation for departure	:	<p>During the year 2020, the Board undertook a formal and objective annual evaluation by enlisting an expert service firm, namely KPMG Management & Risk Consulting Sdn Bhd. The Board evaluation was executed independently and the performance of Board, Board Committees and individual Directors' was evaluated using a predetermined set of criteria. Intended Outcome

The level and composition of remuneration of directors and senior management take into account the company's desire to attract and retain the right talent in the board and senior management to drive the company's long-term objectives.

Remuneration policies and decisions are made through a transparent and independent process.

Practice 6.1

The board has in place policies and procedures to determine the remuneration of directors and senior management, which takes into account the demands, complexities and performance of the company as well as skills and experience required. The policies and procedures are periodically reviewed and made available on the company's website.

Application	:	Applied
Explanation on application of the practice	:	<p>The Board believes that remuneration plays an important part in attracting, retaining and motivating high calibre and talented Directors and Senior Management personnel. The Board is also cognisant that remuneration should also be structured in tandem with the nature and complexities of SENTRAL's business. In this regard, the Board has formalised Remuneration Policy and Procedures for Directors and Senior Management. The Nomination & Remuneration Committee periodically reviews the Remuneration Policy and Procedures.</p> <p>SRM has devised the long-held, company-wide annual incentive scheme for the Management team and other employees. In order to attract the best talent and reward high achievers, the framework is anchored on four overarching performance indicators which includes;</p> <ol style="list-style-type: none"> 1. Merit increment; 2. Merit bonus; 3. Acquisition/divestment incentives; and 4. Special corporate exercise incentives. <p>As for individual Directors, remuneration is premised on the number of committee they sit on as well as level of experience and responsibilities in the Board. In relation to Independent Directors, their remuneration packages are structured in a manner such that their independence and objectivity are not impaired.</p> <p>The remuneration policy stipulations outlined above are encapsulated in the Terms of Reference of the Nomination & Remuneration Committee available on SENTRAL's website, www.sentralreit.com</p>

The level and composition of remuneration of directors and senior management take into account the company's desire to attract and retain the right talent in the board and senior management to drive the company's long-term objectives.

Remuneration policies and decisions are made through a transparent and independent process.

Practice 6.2

The board has a Remuneration Committee to implement its policies and procedures on remuneration including reviewing and recommending matters relating to the remuneration of board and senior management.

The Committee has written Terms of Reference which deals with its authority and duties and these Terms are disclosed on the company's website.

Application	:	Applied
Explanation on application of the practice	:	<p>The Board has combined the Nomination Committee and Remuneration Committee into one committee known as Nomination & Remuneration Committee. Currently, the said Committee comprises exclusively of Independent Directors, thus, equipping it with the requisite element of detached impartiality to carry out the entrusted functions effectively.</p> <p>The Board is of the view that since nomination and remuneration policies are often intertwined, it would be more synergistic and pragmatic to combine the two functions into a consolidated Committee. The combined Committee also prevents the unnecessary duplication of Board members, given that there are only three Independent Directors at present. Laconically put, establishing two stand-alone Board Committees for nomination and remuneration matters would be counter-productive as it would result in a "mirror board committee". Hence, the Board believes that the prevailing structure of the Nomination & Remuneration Committee is suitable and reflective of SRM's nuances.</p> <p>The Terms of Reference for the Nomination & Remuneration Committee clearly accords prominence on remuneration matters, besides its focus on nomination matters. The Chairman of the Nomination and Remuneration Committee, with the support of the Secretaries, has also ensured that remuneration matters are given adequate attention and importance in the formulation of meeting agenda and during deliberations.</p> <p>Members of the combined Committee also possess the expertise, experience and skills to oversee nomination and remuneration matters on a consolidated basis. The presence of a wholly independent Nomination and Remuneration Committee also places the said Committee in a good stead to discharge its responsibilities in an objective and impartial manner.</p> <p>The Terms of Reference for the Nomination and Remuneration Committee is made available on SENTRAL's website.</p>
