Who Are We

Our subsidiaries are involved in engineering, procurement, construction, and commissioning (“EPCC”) of solar photovoltaic (“PV”) facilities, solar PV construction and installation services, solar power generation and supply as well as associated services and products.

Vision

To create a hopeful future for all life on earth by empowering everyone with affordable, reliable and green energy to participate in the global effort to create a sustainable energy ecosystem.

Mission

In pursuit of our vision, we commit to:

- Investing in upgrading our infrastructure and partnering with green energy producers to build the next renewable energy system generation.
- Creating a 21st-century capable of integrating multiple renewable energy resource for a zero-energy environment.
- Educating on climate change and creating a Malaysia where our children can raise their children for more sustainable generations to come.

Our Brand Story

At Sunview, we are guided by our purpose in **making sustainable living accessible for all.**

So that customers can embrace environmentally conscious lifestyles. With innovative solutions, we provide the services you need to make sustainable choices. By actively reducing waste and our carbon footprint, we're committed to a hopeful future for our planet.

Through community empowerment and collaboration, we drive positive change towards a thriving and sustainable world. Our focus on a circular economy means designing durable, resource-efficient renewable energy ("RE") solutions that minimise waste and maximise resources.

Join us on this transformative journey to shape a brighter future. Together, we can make sustainable choices and inspire others to do the same.

Chairman's Message

“

Dear esteemed shareholders, on behalf of the Board of Directors, it gives me great pleasure to present the Annual Report and Audited Financial Statements of Sunview Group Berhad (“Sunview” or the “Group”) and its subsidiaries for the financial year ended 31 March 2024 (“FYE 2024”).

ECONOMIC AND RE INDUSTRY OUTLOOK

Clean energy is everyone’s favorite kind of energy as it accounted for 10% of global GDP growth – equivalent to more than the value added by the global aerospace industry in 2023, according to the International Energy Agency (IEA). This is especially timely with the increase in global temperature, resulting in the hottest days meteorological teams have ever experienced, extreme weather events such as floods, droughts and storms and increases in tropical diseases. As nations look to end the reliance on fossil fuels, RE is considered the most feasible option as technological advancements improve as well as competitive pricing of raw material.

Malaysia’s RE landscape continues to grow with the support of government schemes and tax relief. Under Phase 1 of the NETR, Economy Minister Mohd Rafizi Ramli estimated that the country’s energy transition could open investment opportunities of RM435.00 billion to RM1.85 trillion by 2050.

With the updated Malaysian RE mix target of 70% by 2050, we look forward to leveraging the existing public sector schemes to drive overall RE adoption, which especially include net energy metering (“NEM”), LSS 5 and CGPP that will provide an RM9.60 billion to RM10.80 billion estimated EPCC job opportunities.

SUNVIEW’S MARKET RESPONSE

As our brand promise, “Hope is Renewable”, symbolises a brighter tomorrow fueled by our RE capabilities and our sustainability commitment, we leveraged the RE momentum since the inception of Sunview, by practicing agility and innovation.

We have evolved from operating in a linear economy where we only provided EPCC services to now working towards operating in a circular economy where we provide 360° solutions beyond solar services as a PV power plant developer, solar PV investor and more. With our capabilities and this support from the public sector, our efforts will contribute to making solar energy one of the nation’s key economic drivers to leverage the energy transition investment opportunities of RM435.00 billion to RM1.85 trillion by 2050.

By optimising market opportunities from public sector initiatives such as NEM, LSS 5 and CGPP, we look forward to the RM9.60 billion to RM10.80 billion estimated EPCC job opportunities it will bring to the RE industry and power Malaysia’s economic and sustainability stance.

DEVELOPMENT PROGRAMMES FOR RE IN MALAYSIA

NEW NOVA	NEW RAKYAT	LSS 5	CBES	ECOS LSS	ECOS SELCO	TPA	CGPP
300MW	100MW	2,000MW	300MW	100MW	100MW	800MW	800MW

In the past financial year, we have completed a total of 220 projects with a total contract value of RM532.90 million and aggregated installation capacity of over 386.53 MWp and 108.00 MWac.

Looking forward to this coming financial year, we look to make completions and great progress in our ongoing projects such as:

- EPCC projects of 34.05 MWp under NEM scheme
- LSS projects of 128.10 MWac
- CGPP projects of 59.98 MWac
- SELCO of 6.71 MWp

As Malaysia remains our key market, we are pleased to share our business diversification plans to expand our global presence in Eastern Europe and Central Asia.

Making strides in the RE market require more than just RE generation and here is how we plan to further our 360° sustainability solutions for all our existing and potential stakeholders to further their carbon neutrality journey with new hopes.

Here are the new initiatives that will aid businesses and investors in achieving carbon neutrality:

- Environmental, Social and Governance ("ESG") Advisory Services
- Battery Energy Storage System ("BESS")
- Renewable Energy Certificate ("REC")
- Global Market Presence

We look to the future because all these initiatives will power a brighter tomorrow where a zero-carbon country and world are possible.

APPRECIATION

During the new financial year, we welcomed our new Chief Financial Officer (CFO), Mr. Chan Yee Leep, and Chief Technical Officer (CTO), Mr. Lim Wee Sheng, to the key senior management team.

On behalf of the Board of Directors ("BODs"), Sunview acknowledges and appreciates all the shareholders and stakeholders who have been supportive of the business from its inception, as well as all the employees of Sunview for their hard work, innovation and commitment to the Group.

While sustainability continues to have accessibility challenges, we know with innovation, commitment and close collaboration with partners we can power a future where Hope is Renewable.

Management Discussion and Analysis

01 Part 1: Overview

A YEAR OF STRATEGIC EXPANSION AND RESILIENCE

As we reflect on the FYE 2024, Sunview has demonstrated remarkable resilience and strategic foresight in navigating a complex global landscape. Our journey this year has been characterised by gradual expansion, innovative problem-solving, and a steadfast commitment to our core competencies.

In FYE 2024, we embarked on a significant global expansion initiative. Our strategic reach has extended to new markets, such as Eastern Europe and Central Asia. This initiative reflects our commitment to diversifying our geographic footprint and adaptability in seeking new growth avenues.

While our global presence has expanded, Malaysia remains the hub of our operations, contributing 100% of the Group's revenue in FYE 2024. Additionally, the Group managed to secure a substantial quota under the CGPP, totalling 59.98 MWac reinforcing our position in the domestic RE sector.

Our expertise in LSS projects has been the primary driver of our performance in FYE 2024. By leveraging our strengths in design and cost optimisation, we have secured more projects and enhanced our execution capabilities, positioning us favourably in this competitive landscape.

REVIEW OF FINANCIAL PERFORMANCE

For FYE 2024, the Company achieved a revenue of RM465.87 million, marking a significant increase of 34.26% from the RM346.99 million recorded in FYE 2023. This substantial growth can be attributed to higher revenue generated from the progress in LSS projects and commercial and industrial ("C&I") rooftop installations. Despite the impressive revenue growth, our profit after tax ("PAT") for FYE 2024 decreased by 25.77% to RM9.65 million, compared to RM13.01 million in FYE 2023. This decline in profitability is due to increased staff costs of RM5.05 million and a rise in finance costs of RM3.76 million, reflecting our rapid operational expansion.

REVIEW OF FINANCIAL POSITION

TOTAL ASSETS

In FYE 2024, the total assets rose to RM379.23 million, representing an increase from RM285.03 million in FYE 2023. This growth underscores our strategic investments and effective asset management.

Our non current assets increased to RM82.42 million in FYE 2024, from RM57.86 million in FYE 2023, primarily driven by increased investments in associates. As of FYE 2024, our current assets increased by 30.65%, rising from RM227.17 million in FYE 2023 to RM296.80 million in FYE 2024. This significant growth is mainly driven by an increase in contract assets and higher trade receivables from our ongoing LSS projects.

TOTAL LIABILITIES

The Company's total liabilities increased to RM238.77 million in FYE 2024 from RM181.52 million in the previous year.

Non-current liabilities expanded to RM40.34 million from RM32.83 million previously, predominantly due to increased borrowings to finance the LSS projects. This strategic borrowing aligns with our commitment to advancing key projects that drive long-term value.

In line with our project development initiatives, our current liabilities have seen a substantial increase of 33.45% compared to FYE 2023, reaching RM198.43 million. This rise is attributable to the recognition of contract costs from ongoing projects, resulting in higher trade payables that align with project progress. Additionally, the increased drawdown of short term borrowings during the current year, primarily to finance our working capital needs, has also contributed to the rise in our current liabilities.

TOTAL EQUITY

The Group's total equity increased to RM140.45 million at the end of FYE 2024 from RM103.51 million in FYE 2023. This notable increase is primarily attributable to the successful issuance of private placement shares. The injection of equity through this strategic initiative has strengthened our capital base, enhancing our financial stability and supporting our growth objectives.

ANTICIPATED RISKS AND MITIGATION

In strengthening our risk management processes, we have identified and analysed the key challenges and risks that could impact our operations, financial performance, and market position. Our systematic approach involves developing comprehensive strategies to mitigate these risks and transform potential threats into opportunities for growth and innovation. By reviewing and assessing risk indicators and adapting our risk management protocols, we strive to safeguard our business continuity, enhance our resilience and reinforce our market standing as a leading player in the industry.

SUPPLY CHAIN DISRUPTION

The global supply chain disruptions presented significant challenges but also opportunities for strategic moves. Our acquisition of a 20% stake in Winstar Aluminium Manufacturing Sdn. Bhd. was a proactive step in securing our supply chain, which was subsequently increased to a 30% stake. This investment allows us to directly source crucial aluminium components, constituting about 10% of our PV systems.

We have also implemented forward-thinking strategies in material procurement, such as forecasting key materials like solar panels and cables. Leveraging bulk purchasing, we aim to achieve economies of scale while maintaining financial flexibility through batch deliveries. This approach optimises our cash flow management by spreading expenses over time, reducing the need for substantial upfront investments and improving overall liquidity.

CURRENCY RISK

The persistent volatility in global currency markets, particularly the continued weakening of the Malaysian Ringgit against major currencies, posed potential cost increases and operational challenges for our business.

In response to these challenges, we have expanded our currency diversification strategy by exploring trading of Renminbi ("RMB") currency as a mitigation measure, aiming to reduce our exposure to adverse movements in any single currency. We continue to monitor global currency trends closely, enabling us to adapt our strategies promptly to changing market conditions.

COMPETITIVE INDUSTRY ENVIRONMENT

Our industry continues to face intensifying competition, presenting challenges to our market position and financial performance. To address this, we are actively pursuing new business opportunities locally and internationally while diversifying our offerings. Our strategy includes streamlining operations to enhance efficiency and manage costs effectively, and leveraging our track record and strong client relationships to secure new LSS projects.

EXTERNAL FACTORS IMPACTING OUR OPERATIONS

Our operations are influenced by a complex interplay of external factors that shape the RE landscape. Understanding and strategically responding to these factors is crucial for our continued growth and success in the evolving RE market.

POLITICAL LANDSCAPE

The implementation of RE policies has been influenced by political stability. While the uncertainties or political issues will lead to some delays, we remain optimistic about the potential for these policies to significantly boost the market once fully realised.

OPPORTUNITIES DRIVING OUR GROWTH

The evolving RE landscape presents significant opportunities for growth and innovation. We have identified several key areas where we can leverage our expertise and market position:

ECONOMIC INCENTIVES

Favourable tax allowances will act as a catalyst for market growth. We have positioned ourselves to capitalise on these economic incentives, which will drive increased adoption of RE solutions.

SOCIAL AWARENESS AND ENVIRONMENTAL CONCERNS

The growing public awareness of RE's importance, coupled with increasing concerns about climate change and global warming, has positively impacted our market. The government initiatives and public discourse have further amplified this trend, creating a more receptive market for our solutions.

BUSINESS CONTINUITY

Across all regions, our focus remains on securing major projects consistently. This approach has enhanced our resilience to market fluctuations and reinforced our standing in the global RE landscape. By balancing growth in established markets with strategic expansion into new territories, we are well-positioned to capitalise on emerging opportunities while ensuring business continuity.

TECHNOLOGICAL ADVANCEMENTS

Ongoing improvements in solar technology have increased system efficiency while reducing costs. This trend expands the solar market and aligns with our commitment to delivering cutting-edge solutions. We are also closely monitoring emerging technologies like hydrogen, which could open new avenues in the RE sector.

REGULATORY ENVIRONMENT AND ESG COMPLIANCE

The stringent ESG requirements set by Bursa Securities and the Securities Commission Malaysia have shaped our operational framework. Additionally, global climate agreements to net-zero carbon emissions have created a favourable environment for our business, aligning our growth strategy with broader sustainability goals.

02

Part 2: Segmental Performance and Operational Highlights

In FYE 2024, Sunview Group Berhad continued to leverage its diverse business model, focusing on two key segments: Engineering and Investment. Each segment plays a crucial role in our overall performance and strategic positioning.

ENGINEERING SEGMENT

ECONOMIC INCENTIVES

Our EPCC segment has emerged as the cornerstone of our operations, becoming the primary revenue contributor for the Group.

In FYE 2024, the EPCC team generated an impressive revenue of RM461.37 million, underscoring its pivotal role in our business model. This represents a significant increase from the RM342.95 million recorded in FYE 2023.

This robust growth highlights the team's exceptional execution capabilities and our strong market position in the EPCC segment.

INVESTMENT SEGMENT

OVERVIEW AND PERFORMANCE

Our Investment segment, primarily focused on asset ownership, has been steadily growing and now represents a significant part of our business strategy.

In FYE 2024, the Investment business generated recurring income of RM4.50 million, an increase from RM4.04 million in FYE 2023.

This growth establishes a stable revenue stream for the Group and positions us for sustained growth in the competitive RE market. The steady increase in recurring income underscores the effectiveness of our investment strategy and our ability to capitalize on opportunities within the RE sector, further strengthening our financial foundation and long-term prospects.

03

Part 3: Outlook & Prospects

From a broader perspective, Sunview Group Berhad finds itself on the cusp of a revolutionary era in the RE landscape. Our optimism is buoyed by a confluence of favourable government initiatives, technological breakthroughs, and a growing global race to sustainability.

The Malaysian government's commitment to sustainable development and carbon dioxide ("CO₂") reduction continues to cultivate fertile ground for growth in the RE sector. With ambitious targets of reducing greenhouse gas emissions by 45% by 2030 and achieving net zero emissions by 2050, the national agenda aligns with our mission and capabilities.

The Energy Commission of Sabah ("EcoS") is set to initiate the bidding process for the large-scale solar photovoltaic power plant project ("LSS-SABAH2024"). The initiative aims to develop LSS PV power plants with a combined capacity of 100 MWac, creating new avenues for expansion in the sector. This regional focus is complemented by the Ministry of Energy Transition and Water Transformation ("PETRA") announcement through the Energy Commission regarding the nationwide fifth round of the LSS, or LSS-Energy Transition SuRIA, competitive bidding process, which features a quota of up to 2 GW with an application limit of up to 500 MW per company. The LSS 5 includes a special 500 MW allocation for floating solar farms, which is expected to accelerate the expansion of clean energy.

The energy landscape is further enriched by the low carbon energy generation programme, with a 400 MW quota under the NEDA mechanism. Simultaneously, the Government established the Energy Exchange Malaysia ("Energem") on 15 April 2024 to facilitate cross border electricity supply ("CBES") with an initial pilot run of 100 MW. This effort contributes to the ASEAN Power Grid Initiative and promotes regional power integration.

At the grassroots level, the Government's commitment to democratising solar energy is evident in the allocation of a 400 MW quota under the NEM programme, designating 100 MW for NEM Rakyat (residential) and 300 MW for NEM NOVA (commercial and industrial). This push towards distributed energy generation is further bolstered by the solar for rakyat incentive scheme ("SolaRIS"). Under SolaRIS, rebates of RM1,000/KWac up to a maximum of RM4,000 are available on a first-come, first-served basis for NEM applications submitted from 1 April 2024 to 31 December 2024.

The launch of commercial trading of REC through the Malaysia green attribute trading system ("mGATS") will also catalyse market demand for RE, resonating with our sustainability goals. Furthermore, the implementation of BESS pilot projects opens up new possibilities for energy storage and grid stabilisation, areas where Sunview is keen to demonstrate our technological prowess.

STRATEGIC MARKET EXPANSION

Beyond energy generation, we are committed to providing 360° sustainability solutions, offering ESG guidance and supporting businesses and individuals on their journey towards environmental consciousness.

Going forward, we aspire to provide a sustainable ecosystem solution catering to all target audiences in the RE sector. Exemplifying this, we have signed a development and cooperation agreement with the Ministry of Energy of the Republic of Uzbekistan for the design, engineering, procurement and construction of a 400 MWac solar PV plant with a 100 MW/200 MWh BESS in the Andijan district and a 200 MWac solar PV plant in the Fergana district.

Building on our success in Central Asia, our indirect wholly-owned subsidiary, Sunview Builders Pte Ltd, has secured a EUR15.60 million (approximately RM79.46 million) EPCC contract from OKOP Solar EOOD in Bulgaria. This milestone agreement positions Sunview as the EPCC provider for a 20 MWac solar photovoltaic power plant ("PVPP") in Bulgaria, marking our inaugural venture into the European RE landscape.

04

Part 4: Acknowledgements

FYE 2024 has been a year marked with significant achievements and growth for Sunview. As such, we would like to take this opportunity to acknowledge and express our heartfelt gratitude to those who have been instrumental in our journey.

We extend our sincere appreciation to the entire Sunview family for their contributions to the Group. From the boardroom to the field, every team member has played a crucial role in driving our company forward. To our valued shareholders, thank you for your continued trust and support. We remain dedicated to creating long-term value and delivering on the faith you have placed in us. This commitment is strengthened by favourable external factors that support our growth.

The progressive policies and initiatives of the Malaysian government have contributed to driving the RE market forward. We are grateful for the supportive regulatory environment that has created numerous opportunities for growth and innovation in our sector, aligning with our mission to create a more sustainable future.

The achievements of FYE 2024 have laid a strong foundation for our continued growth and success. **Together, we are not just powering homes and businesses but energising a greener, brighter future for generations to come.**

02

MATERIALITY ASSESSMENT PROCESS

OBJECTIVES

A materiality assessment is a process used by organizations to identify, prioritise, and understand the significance of ESG matters that may impact the business and stakeholders. The goal of a materiality assessment is to determine which matters are most relevant and significant to the organisation and its stakeholders, helping the company to prioritise its efforts on addressing the most important sustainability and corporate responsibility challenges.

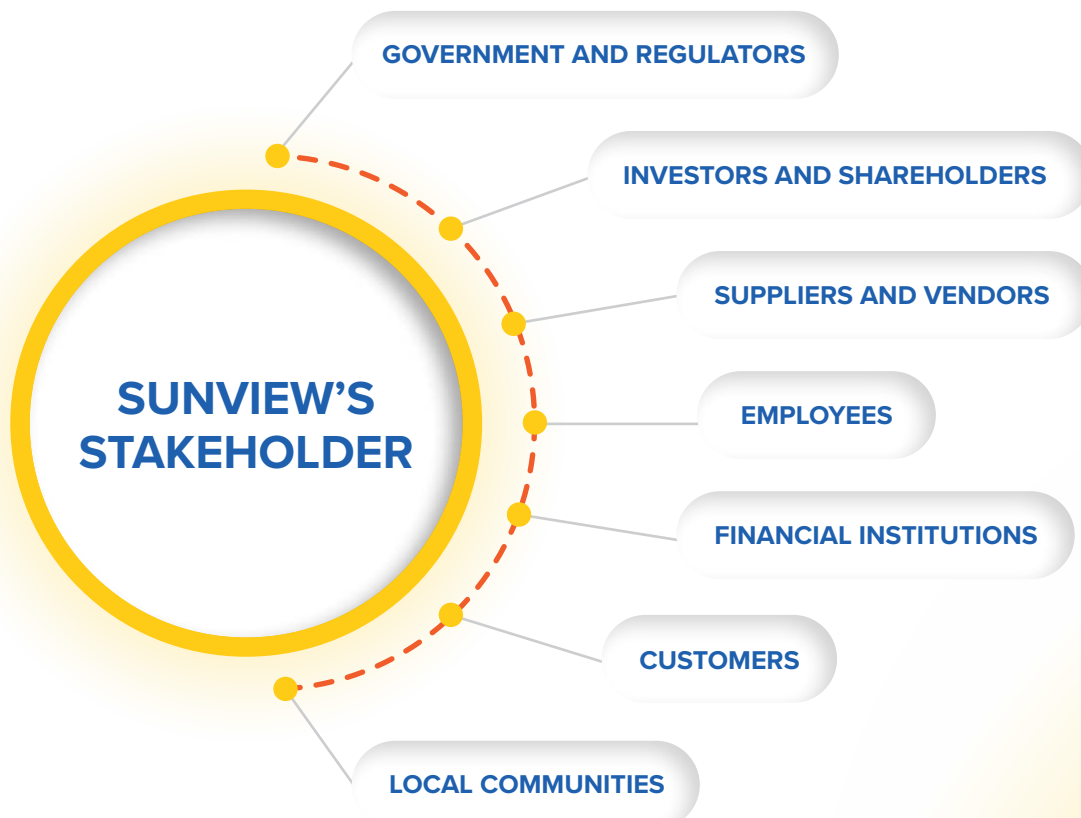

The Board considers that it is appropriate in this regard to limit the scope of materiality assessment and

by extension, the sustainability disclosure of active companies within the Group. The scope to which materiality assessment applies, as far as operations are concerned, is limited to the main activities of its subsidiaries in Peninsular Malaysia and Sabah, involved in EPCC of solar PV facilities, solar PV construction and installation services, solar power generation and supply as well as associated services and products.

STAKEHOLDER ENGAGEMENT

Sunview has a broad range of stakeholder groups that can influence the Group's decision or is impacted by the Group's activities.

The key stakeholder groups include Government and Regulators, Investors and Shareholders, Suppliers and Vendors, Employees, Financial Institutions, Customers and Local Communities. Such stakeholders are identified based on their different levels of influence over and dependence on Sunview Group's businesses.

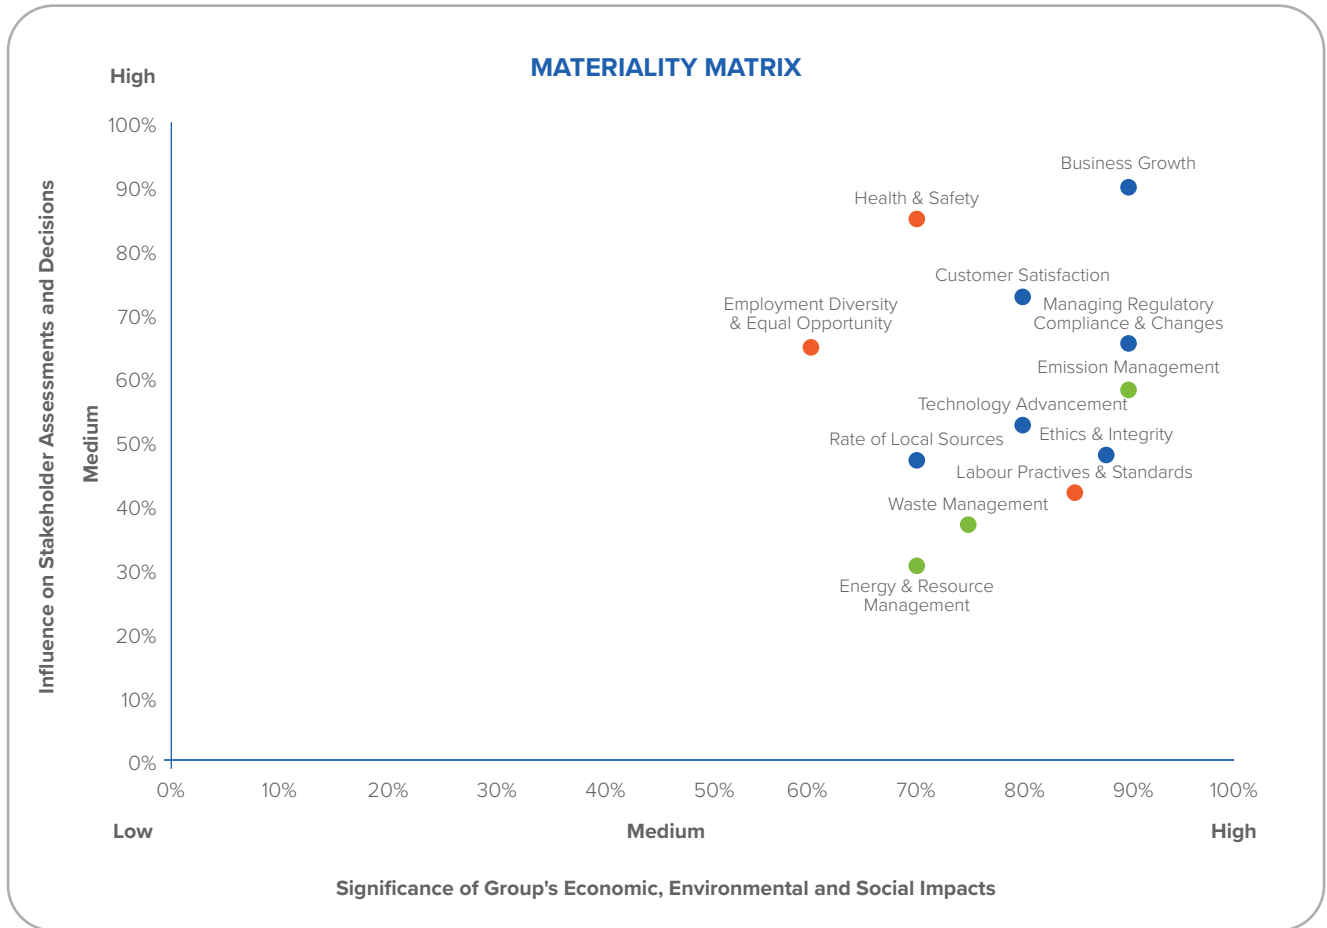

As a Group, we aim to maintain constructive channels of communication with all key stakeholder groups. Thus, regular engagements are held through both formal and informal channels. These interactions help the Group to identify stakeholder's key concerns and provide insights into emerging opportunities and risks whilst responding to ESG needs more effectively.

SUSTAINABILITY ACTIVITIES

ECONOMIC

BUSINESS GROWTH

The Group story began with a vision of revolutionising the RE landscape in Malaysia. Sunview has grown remarkably in RE, with a CAGR exceeding 90% in the past four years.

As Malaysia's partner in RE and sustainable living, the Group has achieved a total of over 770 MWp inclusive of completed and ongoing solar PV projects. We aim to contribute to Malaysia's goal of achieving 70% RE capacity by 2050, as outlined in the Malaysia NETR launched in August 2023.

Over the years, the Group achieved over RM800.00 million in sales and has an unbilled orderbook of RM219.01 million as of 31 March 2024. Sunview is committed to being the top RE partner and sustainable solution for individuals and businesses.

In FYE 2024, Sunview has achieved a total revenue of RM465.87 million, equivalent to 34.26% increase as compared with total revenue of RM346.99 million in FYE 2023.

SUNVIEW'S INTEGRATED VALUE CHAIN APPROACH

Our approach centres around building an integrated value chain, connecting all aspects of customers' operations to create a seamless ecosystem. While solar energy is at the core of our expertise, we recognise the potential for growth and diversification in other RE resources, enabling businesses to explore new opportunities and maximise potential.

UPSTREAM

- We powered Malaysia's RE industry by reducing reliance on international suppliers.
- Enjoy shorter delivery lead times and improved work efficiency.

MIDSTREAM

- EPCC excellence for robust projects.
- A team of skilled engineers provide specialised in cost and design optimisation for seamless projects from inception to execution.
- Achieve the right balance of efficiency and effectiveness through collaborative efforts.
- Secured 324 solar PV projects inclusive of completed and ongoing as of 31 March 2024

DOWNSTREAM

- Embrace asset ownership and harness the power of solar, battery energy storage, and more.
- REC to validate your commitment to clean energy generation.
- Achievement of over 22 solar PV facilities in asset ownership as of 31 March 2024.

SUSTAINABILITY SOLUTIONS

In today's business landscape, sustainable growth is crucial. The Group is working towards offering innovative solutions prioritising profitability and environmental stewardship, allowing businesses to thrive while positively impacting the planet.

SUNVIEW'S 360° SUSTAINABILITY SOLUTIONS

Sunview is committed to providing accessible and affordable sustainable solutions for everyone. We are working towards providing 360° sustainability solutions that offer expert guidance on ESG practices, empowering our customers to make impactful decisions.

With our hardware – climate project development and software – emission trading services, we help optimise energy consumption and streamline operations, making sustainability effortless. We take pride in offering end-to-end solutions and services, reliable after-sales services, energy performance monitoring and maintenance to ensure customer continued success.

SUSTAINABILITY IMPACT

In addition, Sunview prioritises the sustainability impact during the project. Several concerns are taken into consideration during customer engagement and project operation, as below:

- Usage of pre-fabricated container buildings to minimise environmental impact;
- Usage of anti-rust metal resulting in optimising maintenance costs and reducing ground contamination due to rust; and
- Usage of drones during land surveys, topographical surveys, progress tracking and reporting that lead to reduced risk of accidents to our employees.

CUSTOMER SATISFACTION

Sunview takes pride in our commitment to delivering cutting-edge solutions for LSS energy projects. Every landscape is unique, and we've developed a range of innovative solutions to maximise energy generation while addressing specific environmental and terrain challenges. Also, we aim to complete the project as per customer satisfaction and towards the highest standards. In demonstrating to customers that Sunview is committed and able to consistently deliver high-quality products and services, we are ISO 9001: 2015 Quality Management System certified.

Customer satisfaction survey will be conducted upon project completion to collect customer feedback and opinion, and further reflected to drive for continuous improvement.

In FYE 2024, our services surpass the acceptable satisfaction threshold of 70%, with ranging between 85% to 90% in various aspects. Majority of customers are satisfied with the project team's communication, delivery, and handling of materials, with a satisfaction rate of 90%, followed by the quality post-installation which achieved a 89% customer satisfaction level.

ETHICAL AND INTEGRITY

One of the most important principles in sustaining the Group business in the long term is upholding ethics and integrity in business dealings. Sunview's commitment to this core principle has eventually built trust with stakeholders in its journey towards becoming a responsible and trustworthy corporation.

Various policies and communication documents have been established to set out the Group's stance, commitments, or expectations for the stakeholders.

ANTI-BRIBERY AND CORRUPTION

Sunview has established an Anti-Bribery and Corruption Policy ("ABC Policy") which sets out the Group's zero-tolerance towards bribery in all aspects of its businesses. The ABC Policy is not only applicable to Directors and employees but also to the Group's suppliers and business associates in ensuring businesses and operations, including those carried out by third parties, are conducted fairly.

WHISTLEBLOWING POLICY

The ABC Policy is supported by the Whistleblowing Policy, which provides a channel for employees and stakeholders to report in good faith on any illegal, unethical, questionable practices, wrongdoings, or improper conduct committed or about to be committed within the Group, without fear of being subjected to detrimental conduct including reprisal and retaliation.

INCIDENTS OF CORRUPTION

Employees are expected to conduct themselves professionally and with integrity and shall not engage in any form of corrupt or illegal act. Any allegation or suspicion of corruption or illegality is taken seriously, and every employee is to uphold the business ethics promulgated by the Group when carrying out their tasks and responsibilities.

In FYE 2024, there was no bribery and corruption case reported and the Group aims to maintain this record by promoting a positive culture of compliance. None of our employees was penalised or dismissed due to non-compliance with the ABC policy.

MANAGING REGULATORY COMPLIANCES AND CHANGES

Sunview recognises that any actual or potential regulatory non-compliance may affect the Group's reputation and operations. The Group continues to commit to high standards of governance by ensuring the Group's policies and procedures that govern regulatory compliances are continuously adhered to and are updated regularly at appropriate intervals.

Apart from instilling awareness amongst employees, Sunview has also instituted adequate checks and balances such as policies and procedures to preserve and maintain compliance with relevant guidelines, regulations and industry practices to safeguard the Group's interest. We are pleased to report that there is no incident of non-compliance reported in FYE 2024.

CYBERSECURITY AND DATA PRIVACY

Businesses are increasingly relying on Information Technology ("IT") systems and services such as cloud servers, remote access, virtual networks, etc. to enhance business capability and operational efficiency. Thus, safeguarding cybersecurity has become more pertinent to businesses the Group is operating in.

The Group has a dedicated IT function that is responsible for developing and maintaining the integrity of its IT systems, including ensuring appropriate controls such as firewalls, private networks, backup systems, and anti-virus and anti-malware systems are in place and are operating effectively. In FYE 2024, Sunview has not received any complaints concerning data privacy breaches, and the Group has not been alerted to any identified data leak, theft, or loss of customer data.

SUPPORTING LOCAL SOURCES

LOCAL PROCUREMENT

Sunview aims to stand together with the local community it operates in. Sunview prides itself in the support of the local community. The Group prioritises sourcing from local vendors to supply the required items/services for Sunview whenever available.

The proportion of spending on local suppliers is approximately RM273.13 million in FYE 2024 (FYE 2023: RM147.77 million), an 84.83% increase as compared with FYE 2023. Overseas suppliers are engaged mainly for panels and inverters which are imported from China, while mounting structures are mainly sourced from local suppliers.

SOCIAL

HEALTH AND SAFETY

Sunview is committed in providing a safe and healthy working environment for its employees by having in place health and safety policies and protocols for mitigating and managing possible occupational health and safety risks.

All operations of Sunview are required to comply with the relevant safety and health laws and regulations. Proper mechanisms such as occupational health & safety (“OH&S”) Management System are in place to facilitate the identification and assessment of occupational health and safety risks, and this includes identifying personnel, and activities that are potentially vulnerable to safety and health risks.

The Group is guided by the ISO 45001:2018 OH&S Management System Requirement as the principle for designing the OH&S Management System. The establishment of the OH&S Management System is based on the business nature, complexity and interaction of the processes and personnel competency.

There is an assessment made in the organisation’s Hazard Identification, Risk Assessment and Risk Controls which ensures that safety and health risk during design stage is identified and discussed during constructability and value engineering stage before proceeding with a systematic check. This is to ensure that all risks are well managed throughout the entire project duration.

HEALTH AND SAFETY TRAINING

During FYE 2024, health and safety training are provided to employees, especially employees who are exposed to work-related risks. The Group place strong emphasis and briefs its employees on the procedures to remove themselves from hazards or potential hazards, prioritising their safety and health and that of others. Policies and procedures addressing safety and health are also communicated to employees regularly.

A total 16 employees have received training on safety and health, through various avenues which includes OH&S Management Systems Awareness Training and Traffic Management Officer course conducted by CIDB. The total training hours related to health and safety is 152 hours in FYE 2024.

Training is one of pre-emptive actions taken as preventive measures to control potential incident/accident from happening at the workplace. OSHA Act 1994 has mandated employers in providing adequate training to their employees, all site personnel (including workers from subcontractors) shall undergo Safety Induction briefing before commencement of work. Subcontractors need to submit a name list of their workers to be inducted by Safety and Health Officer together with a copy of passport identification, work permit, CIDB green card, NIOSH-Tenaga Safety Passport card and a printed vaccination records for staff and workers.

WORK-RELATED INJURIES

Any incident/accident reported will be investigated to identify potential weaknesses in the Group's operation and procedures. Remedial actions will be developed and implemented to avoid the recurrence and/or occurrence of the incidents/accidents. During FYE 2024, 7 near-miss accidents are reported with zero lost time injuries.

LABOUR PRACTICES AND STANDARDS

HUMAN RIGHTS

As a responsible organisation, Sunview is committed to protecting and respecting human rights across all geographical locations and business operations. The Group also prohibits child labour and believes that equitable human rights practices coupled with fair and ethical treatment improve productivity and promote a healthy working culture.

The Group also understands that addressing human rights and labour standards is an ongoing process where continual evaluation and review of the Group strategy on how best to strengthen the Group's approach is necessary for elevating human rights and labour standards.

Sunview is committed to taking action on the findings arising from such due diligence with proper monitoring and tracking of resolutions, if any. The Group will intensify our efforts to manage human rights to retain the achievement of zero substantiated complaints regarding human rights violations.

EMPLOYEE RETENTION AND ATTRACTION

The Group regards employees as important assets in supporting the Group's business operations. The Group has employment terms and conditions in place that serve as a guide for employees, promote legal compliance, and contribute to the overall well-functioning of the Group. This outlines benefit and entitlement of employees which plays a vital role in motivation, setting expectations, ensuring work consistency, and providing valuable information to both employees and the entities within the Group.

Furthermore, the Group strives to foster a culture of work-life balance, prioritising employee well-being whilst fulfilling work responsibilities. In celebrating our employees' journey with the Group, we hold various gatherings as an appreciation of their commitment to the Group.

TRAINING AND DEVELOPMENT

Training and development are basic components towards the Group's contribution to the collective growth of both individuals and organisations. Adequate training and development ensure that individuals are better equipped to handle their current roles efficiently and effectively, which in return provides value and contribution to the Group's success.

The Group encourages employees to upgrade themselves by attending training to enhance their capabilities and contribute to their future development of the entity they work in. As part of Sunview's commitment to ISO 9001: 2015 Quality Management System that focuses on improving quality management processes, a target of minimum 60% training shall be provided to employees on a yearly basis.

EMPLOYMENT DIVERSITY AND EQUAL OPPORTUNITY

DIVERSITY AND INCLUSION

The Group recognises the importance of workforce diversity and, supports and promotes equal opportunity, fair treatment, gender, and cultural diversity. The Group has a systematic appraisal process where employees are assessed based on their skillsets, capabilities and contribution to the Group.

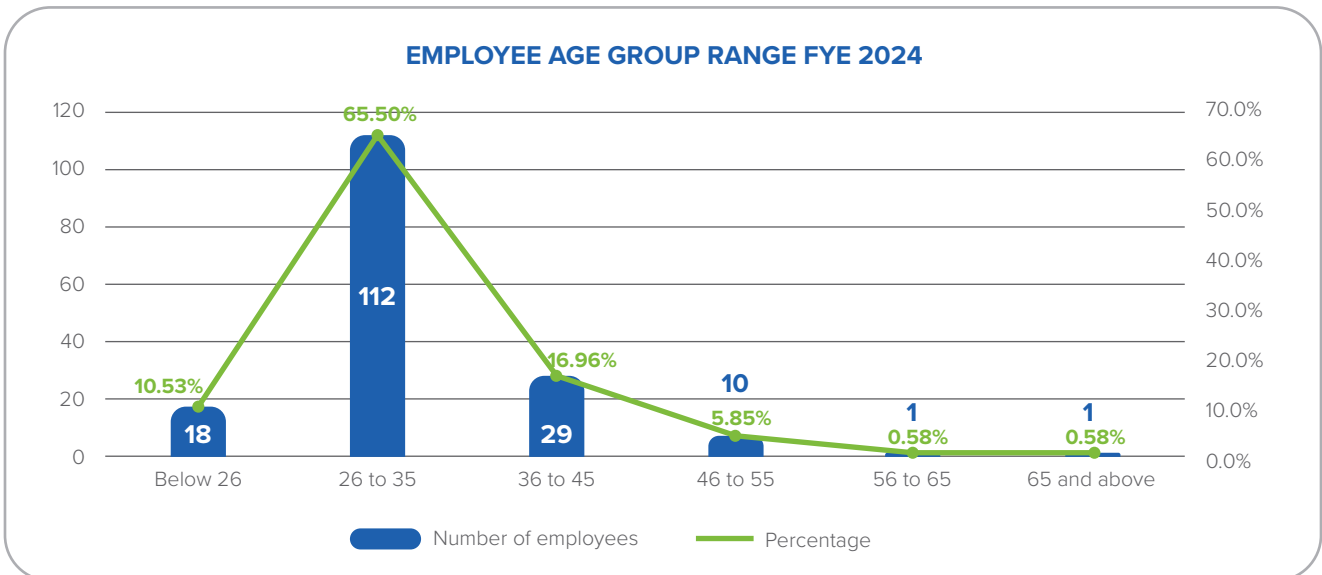

As of 31 March 2024, Sunview Group’s employees are from diverse backgrounds in terms of gender, age groups and ethnicity. The Group’s workforce comprises 56% male employees and 44% female employees respectively.

Among 171 employees, 58.48% are Malay, 35.09% are Chinese, 6.43% are Indian (FYE 2023: Malay 59.68%; Chinese 35.48%; Indian 4.84%).

Sunview’s major workforce is under the age group between 26 to 35 years old which consists of 65.50% of overall employees, followed by 16.96% of employees ranging from 36 to 45 years old and 10.53% of employees below 26 years old.

ENVIRONMENT

ENERGY AND RESOURCE MANAGEMENT

The Group recognises that managing electricity and water consumption is crucial in safeguarding our environment and preserving our resources. Efficient electricity consumption is essential in combating climate change and reducing carbon footprint of the Group, especially in respect of GHG emissions. The Group is also mindful of the need to conserve water in our operations, even though our operations are not located in water-stressed areas.

The head office of Sunview is located at Menara Symphony which is dual-compliant with Multimedia Super Corridor status and Green Building Index certification. The building is built with green features such as centralised air-conditioning zoning and rainwater harvesting system. Thus, Sunview is able to turn on the air conditioners based on zones after working hours. On the other hand, our warehouse and showroom in Shah Alam are equipped with solar panels to showcase to our customers the performance of our solutions and lead as an example in demonstrating sustainability commitment .

ENERGY CONSUMPTION

During FYE 2024, the total energy consumption recorded was 59,556.10 KWH including electricity consumption at Menara Symphony (Levels 8 and 9) and Shah Alam (Unit No. 7 and Unit No. 7-1). The average electricity consumption per employee (KWH) is 348.28 KWH in FYE 2024.

TOTAL ELECTRICITY CONSUMPTION (KWH) **59,556.10**

TOTAL NUMBER OF EMPLOYEES AT THE END OF FINANCIAL YEAR **171**

AVERAGE ELECTRICITY CONSUMPTION PER EMPLOYEE (KWH) **348.28**

WATER MANAGEMENT

The issue of water scarcity is becoming increasingly alarming due to several factors, such as climate change, poor water management and contamination. Although none of the Group operations are in water-stressed areas, Sunview adopts a practical approach to water management, aiming to improve water efficiency and promote water conservation.

The Group consumed approximately 350m³ of water at Shah Alam plant during FYE 2024. The average water usage per employees was recorded at 2.05 m³ in FYE 2024.

TOTAL VOLUME OF WATER USED (m³) **350**

TOTAL NUMBER OF EMPLOYEES AT THE END OF FINANCIAL YEAR **171**

AVERAGE WATER CONSUMPTION PER EMPLOYEE (m³) **2.05**

Note: The water usage in Menara Symphony is charged at a monthly fixed rate.

WASTE MANAGEMENT

Sunview recognises the significance of waste management and recycling in our operations, and we take a proactive approach to minimise waste and promote recycling. We are committed to promoting sustainable living and continue prioritising waste management and recycling in all our projects.

Thus, the Group has taken the initiative to ensure that wood pallets and paper boxes used during supplier shipments are being recycled. In addition, we also request suppliers to use compressed wood pallets that contain recycled materials instead of fresh wood. Compressed wood pallets, also known as moulded wooden pallets, are made of wood byproducts such as waste pallets, raw wood shavings, wood waste, sawdust and any other material containing wooden fibre.

The Group is embarking on a refurbished laptop programme within our operations. By refurbishing laptops, we extend the lifecycle of electronic devices, minimising electronic waste and reducing our carbon footprint.

In addition, the Company is committed to environmental stewardship by utilising recycled paper, contributing to sustainable practices, and reducing our ecological footprint.

EMISSION MANAGEMENT

Sunview's commitment is aligned with Malaysia's objective to achieve 70% RE capacity by 2050. We aim to reach net zero carbon emissions by 2030 through sustainable practices and RE initiatives. Our initiatives include installing solar rooftops at our facilities, owning 21 solar PV facilities nationwide, and contributing to the achievement of net zero carbon.

The measurement of the Group's carbon emissions is currently focusing on Scope 2 emissions. The total carbon emission for FYE 2024 is summarised as per below:

In addition, the Group has initiated a walkathon campaign and a meatless meal challenge within the Group to raise awareness and encourage employee participation in reducing their carbon footprint. Employees of the Group are encouraged to commute to the office using public transport.

Looking Forward

Our dedication to sustainability remains unwavering, and we are committed to build upon the progress we have achieved in reducing our environmental impact. By actively engaging with our stakeholders, we seek to address social and ethical concerns effectively.

Embracing sustainable practices is not only integral to the Group's growth but also aligns with our commitment to being responsible stewards of the environment and the communities we serve. As we move forward, we are focused on integrating circular economy principles throughout our operations. This approach aims to minimise waste, maximise resource efficiency, and create long-term value.

Our journey ahead centres on enhancing sustainability and resilience across our entire business value chain. We are committed to driving improvements that boost our operational efficiency and contribute to the broader goal of sustainable living. By prioritising these efforts, we aspire to foster a thriving ecosystem that benefits our stakeholders, our business, and the planet.

Corporate Governance Overview Statement

The Board of Sunview is committed towards ensuring good corporate governance practices are implemented and maintained throughout the Company and its subsidiaries (“Group”) as a fundamental part of discharging its responsibilities to enhance shareholders’ values and consistent with the principles and recommendations for best practices set out in the Malaysian Code on Corporate Governance (“MCCG”) and the Listing Requirements of Bursa Securities.

This Corporate Governance Overview Statement (“CG Overview Statement”) provides a summary of the corporate governance practice of the Group during the FYE 2024 with reference to the following three (3) principles of good governance practices as set out in the MCCG:

- (a) **Principle A - Board leadership and effectiveness**
- (b) **Principle B - Effective audit and risk management**
- (c) **Principle C - Integrity in corporate reporting and meaningful relationship with stakeholders**

This CG Overview Statement augmented with a Corporate Governance Report (“CG Report”) serves in compliance with Rule 15.25(2) of the Listing Requirements of Bursa Securities to provide a detailed articulation on the application of the Group’s corporate governance practices as set out in the MCCG throughout the FYE 2024. This CG Report is available on the Company’s corporate website at www.sunview.com.my, as well as via an announcement on the website of Bursa Securities at www.bursamalaysia.com.

PRINCIPLE A - BOARD LEADERSHIP AND EFFECTIVENESS

PART I – BOARD RESPONSIBILITIES

1.1 Board and Board Committees

The Board is responsible for overseeing the conduct and sustainability of the Group business, assuming the responsibility for succession planning, reviewing the risk management process and internal control system to minimise the downside risks for the Group, and ensuring compliance with the relevant rules and regulations applicable to the Group. To fulfil this role, the Board determines the strategic objectives and policies of the Group to ensure the sustainability of the business.

The Board has the responsibility of leading and directing the Group towards realising long term corporate objectives and increasing shareholders’ value. An effective Board is made up of a combination of Group Executive Directors (“GEDs”) with intimate knowledge of the business and Non-Executive Directors from diversified industry/business backgrounds to bring broad business and commercial experience to the Group.

In discharging its fiduciary duties and responsibilities, the Board is guided by its Board Charter which outlines the duties and responsibilities of the Board. The Board also delegates certain responsibilities to the following Board Committees to assist the Board in the running of its function:-

- a. Audit and Risk Management Committee (“ARMC”);
- b. Nomination Committee (“NC”); and
- c. Remuneration Committee (“RC”).

Corporate Governance Overview Statement

PART I – BOARD RESPONSIBILITIES (CONTINUED)

1.1 Board and Board Committees (continued)

Each Board Committee operates in accordance with clearly defined terms of reference (“TOR”). These Board Committees are authorised by the Board to deal with and to deliberate on matters delegated to them within their respective TOR and report to the Board on their proceedings and deliberation together with its recommendations to the Board for approval.

Apart from the responsibility of the Board Committees, the GED and other key senior management (“Key Senior Management”) are also delegated certain authorities to enable them to effectively discharge their responsibilities on the day-to-day operations of the Group.

1.2 The Chairman of the Board

The Board is chaired by En. Zulkifly Bin Zakaria, an Independent Non-Executive Chairman who is supported by the Group Executive Director/Group Chief Executive Officer (“GED/GCEO”) and other Board members with experience in a wide range of expertise and they collectively play an important role in the stewardship of the direction and operations of the Group. The Chairman is committed to good corporate governance practices and has been leading the Board towards a high-performing culture.

1.3 The Chairman and GED/GCEO

In line with good corporate practices, there is a clear distinction between the role of the Chairman of the Board and GED/GCEO. This is to ensure that there is a balance of power and authority to promote accountability and unfettered powers in decision-making.

The Independent Non-Executive Chairman is responsible for the leadership, effectiveness, conduct and governance of the Board. The Board has delegated its responsibilities for the day-to-day management of the Group’s operations and business as well as the implementation of the Board’s policies and decisions to the GEDs and senior management of the Company. The GED/GCEO, the GED/Group Chief Operating Officer (“GED/GCOO”), the GED/Group Chief Project Development Officer (“GED/GCPDO”) and GED/Group Chief Business Development Officer (“GED/GCBDO”) (collectively, the GED/GCEO, GED/GCOO, GED/GCPDO and GED/GCBDO are referred to as “Executive Board Members”). They are responsible for the implementation of the Board’s policies and decisions, entrusted by the Board with the responsibility to manage the Group’s day-to-day business operations and resources.

1.4 Qualified and Competent Company Secretaries

The Board is supported by three (3) Company Secretaries, who are experienced and qualified to act as Company Secretaries under Section 235(2) of the Companies Act 2016 (“Act”) and are also registered holders of the Practising Certificate issued by the Companies Commission of Malaysia. All Directors have access to the advice and services of the Company Secretaries.

The Company Secretaries play an important role in facilitating overall compliance with the Act, Listing Requirements and other relevant laws and regulations. The Company Secretaries also assist the Board and Board Committees to function effectively and in accordance with their TOR and best practices and ensure adherence to the existing Board’s policies and procedures. In order to discharge the roles effectively, the Company Secretaries have consistently participated in relevant training programmes, conferences, seminars and/or forums organised by authorities and professional bodies. This ensures they stay updated on corporate governance development and regulatory changes pertinent to their role, enabling them to provide valuable advisory services to the Board.

The Board has direct access to the professional advice and services of the Company Secretaries when performing their duties and discharging their responsibilities.

Corporate Governance Overview Statement

PART I – BOARD RESPONSIBILITIES (CONTINUED)

1.4 Qualified and Competent Company Secretaries (continued)

During the FYE 2024, all Board and Board Committees meetings were properly convened, and accurate and proper records of the proceedings and resolutions passed were taken and maintained in the statutory records of the Company.

Overall, the Board is satisfied with the performance and support rendered by the Company Secretaries and their team to the Board in the discharge of their duties and functions.

1.5 Meeting of Board and Board Committees

To facilitate the Directors' time planning, an annual meeting calendar is prepared in advance of each new year by the Company Secretaries. The meeting calendar provides the Directors with scheduled dates for meetings of the Board and Board Committees as well as the annual general meeting ("AGM"). The closed periods for dealings in securities by Directors and principal officers based on the scheduled dates of meetings for making announcements of the Group's quarterly results were also provided therein.

The notices of Board and Board Committees meetings together with the meeting papers are generally furnished to the Board members within five (5) working days prior to the dates of meetings. This is to ensure that the Directors have sufficient preparation time and information to make an informed decision at each meeting.

The deliberations and conclusions of matters discussed in the Board or Board Committees meetings are duly recorded in the minutes of meetings. The draft minutes are circulated for the Board or Committee Chairman's review within a reasonable timeframe after the meetings. The minutes of meetings accurately captured the deliberations and decisions of the Board and/or the Board Committees, including whether any Director abstains from voting or deliberating on a particular matter.

All the records of proceedings and resolutions passed are kept at the registered office of the Company.

For matters which require the Board's decision on an urgent basis outside of Board meetings, board papers along with Directors' Written Resolution will be circulated for the Board's consideration. All written resolutions approved by the Board will be tabled for notation at the next Board meeting.

1.6 Board Charter

The Company has formalised and adopted a Board Charter which sets out the functions, authority, roles and responsibilities of the Board as well as the various internal processes and principles governing the Board. The Board Charter also serves as a source of reference and primary induction literature, providing insights to new Board members.

In addition to the Board Charter, the governance framework of the Company is supported by the Group's Limit of Authority which defines further the matters as well as the applicable limits specifically reserved for the Board's approval and those delegated to the Executive Board Members and management.

The Board Charter is subject to periodic review and is updated as and when necessary to ensure it remains consistent with the Group's policies and procedures, the Board's overall responsibilities as well as changes to legislation and regulations.

The Board Charter is published on the Company's website at www.sunview.com.my.

Corporate Governance Overview Statement

PART I – BOARD RESPONSIBILITIES (CONTINUED)

1.7 Code of Ethics and Conduct

The Board has adopted a Code of Ethics and Conduct to proactively promote and maintain an ethical corporate culture and enhance corporate governance standards across the Group. The Code of Ethics and Conduct outlines general principles and provides guidance on ethical behavior and professional conduct for Directors and employees, emphasising their duties and obligations. To underscore the importance of the Code of Ethics and Conduct, it has been incorporated into the Company's Board Charter, which sets out the Board's functions, authority, roles, and responsibilities. The Code of Ethics and Conduct also emphasises the expectation of professionalism and trustworthiness from all Directors and employees of the Group.

The Code of Ethics and Conduct is published on the Company's website at www.sunview.com.my.

The Board will review the Code of Ethics and Conduct from time to time to ensure that it continues to remain relevant and appropriate with the prescribed requirements and best corporate governance practices.

1.8 Whistle Blowing Policy

The Group also adopted a Whistle Blowing Policy which provides an avenue for all employees of the Group and members of the public to report or disclose any violations or wrongdoings that may be observed in the Group without fear of retaliation should they act in good faith when reporting such concerns. The Whistle Blowing Policy aligns with the Companies Act 2016 and Section 17A of the MACC Act ("the Acts"), offering protection to individuals who disclosed breaches or non-compliance with the Acts or reported serious offences such as fraud and dishonesty.

The Whistle Blowing Policy is available on the Company's website at www.sunview.com.my.

The Board will review and update the Whistle Blowing Policy at least once every three (3) years to ensure that it remains relevant to the Group's changing business circumstances and/or comply with the applicable laws and regulations.

1.9 ABC Policy

To promote a culture of integrity and transparency in all of the Group's activities, the Company adopted an ABC Policy in accordance with the Malaysian Anti-Corruption Commission (Amendment) Act 2018. This ABC Policy outlines the Company's stance on bribery and corruption and establishes the responsibilities of all individuals working for the Group in observing and upholding this position. The ABC Policy also provides clear anti-bribery and corruption principles that apply to all interactions with the Group's customers, business partners, and other third parties. Furthermore, the ABC policy offers guidelines for the prevention, management, and remediation of bribery and corruption related risks, ensuring that the Company maintains the highest standards of ethical conduct.

The ABC Policy will be reviewed at least once in every three (3) years and in accordance with the needs of the Company to ensure that it continues to remain relevant and appropriate. The ABC Policy is made available on the Company's website at www.sunview.com.my.

Corporate Governance Overview Statement

PART I – BOARD RESPONSIBILITIES (CONTINUED)

1.10 Directors' Fit and Proper Policy

The Board had adopted the Directors' Fit and Proper Policy in accordance with Rule 15.01A of the Listing Requirements of Bursa Securities. The Directors' Fit and Proper Policy serves as a guide to the NC and the Board in their review and assessment of potential candidates for appointment to the Group's Board, as well as retiring Directors seeking re-election at the AGM.

The Directors' Fit and Proper Policy ensures that the NC and the Board adhere to rigorous standards in their evaluation of candidates, enabling them to select Directors who possess the necessary qualifications, experience, and integrity to serve effectively on the Board.

The Directors' Fit and Proper Policy shall be reviewed periodically by the Board and be revised at any time as it may deem necessary to ensure that they remain consistent with the Board's objectives, current law and practices. The Directors' Fit and Proper Policy is available on the Company's website at www.sunview.com.my.

The Board has also adopted the Nomination and Appointment of New Directors Process and Procedures to formalise the process for the nomination and appointment of a new Director to be undertaken by the NC and the Board in discharging their responsibilities in terms of the nomination and appointment of new Directors of the Group.

1.11 Sustainability Governance

The Board recognises the importance of sustainable business practices in creating long-term value, and it believes that responsible business operations are essential to achieving operational excellence.

In terms of structural oversight over sustainability including strategies, priorities and targets, it is reposed at the Board level with Management being responsible for operational execution with respect to Environmental, Social and Governance factors as part of the Group's corporate strategy.

As fiduciaries to the Company's shareholders, the Board is committed to upholding exemplary corporate governance practices, including ethics, integrity, and corporate responsibility. The Board also ensures the Company's internal and external stakeholders are well informed on the sustainability strategies, priorities, targets as well as overall performance which the Sustainability Statement has provided a detailed articulation of the Company's sustainability initiatives and performance in this Annual Report.

The Board has demonstrated its commitment to sustainability by reviewing, revising, and approving relevant amendments, including the assessment of its understanding of sustainability issues as a critical component of the annual performance evaluation. The Board's rigorous evaluation process reflects its commitment to driving sustainable business practices across the Group, which is essential to achieving long-term value for the Company and its stakeholders.

The Board evaluates its understanding of sustainability issues critical to the Company's performance as part of its annual performance evaluation. This helps ensure that the Board remains informed and can make informed decisions that promote long-term value creation for the Company and its stakeholders.

Corporate Governance Overview Statement

PART II – COMPOSITION OF THE BOARD

2.1 Board Composition

The current Board composition of the Company represents a mix of knowledge, skills and expertise which assist the Board in effectively discharging its stewardship and responsibilities. The Board currently has eight (8) members comprising four (4) Independent Non-Executive Directors and four (4) Executive Directors. The Board composition is as follows:-

Name of Board Members	Designation
Zulkifly Bin Zakaria	Independent Non-Executive Chairman
Ong Hang Ping	GED/GCEO
Chow Kian Hung	GED/GCOO
Khoo Kah Kheng	GED/GCPDO
Ng Chee Yee	GED/GCBDO
Yap Chui Fan	Independent Non-Executive Director
Professor Ir. Dr. Nasrudin Bin Abd Rahim	Independent Non-Executive Director
Norashikin Binti Abdul Rani	Independent Non-Executive Director

The current Board composition complies with Rule 15.02 of the Listing Requirements of Bursa Securities, which requires at least two (2) Directors or one-third (1/3) of the Board, whichever is the higher, are Independent Directors.

The Board composition is also in line with Practice 5.2 of the MCCG of having at least half of the Board comprising Independent Non-Executive Directors. This composition is able to provide independent and objective judgement as well as provide an effective check and balance to safeguard the interest of the minority shareholders and other stakeholders, and ensure high standards of conduct and integrity are maintained.

The Board has diverse backgrounds and experiences in various fields. Collectively, they bring a wide range of skills, experience and knowledge to manage the Group's business. The profiles of these Directors are provided in this Annual Report.

2.2 Tenure of Independent Non-Executive Directors

The Board acknowledges the recommendation by the MCCG that the tenure of an Independent Non-Executive Director should not exceed a cumulative term of nine (9) years. However, if the Board intends to retain a Director who has served as an Independent Non-Executive Director of the Company for a cumulative term of more than nine (9) years, the Board must justify its decision and seek the shareholders' approval through a two-tier voting process at a general meeting. Furthermore, the Board recognises that as per the Listing Requirements of Bursa Securities, the tenure of an Independent Non-Executive Director should not exceed a cumulative term of twelve (12) years.

During the FYE 2024, none of our Directors has served the Board as an Independent Non-Executive Director of the Company for a cumulative term of more than nine (9) years.

Based on the assessment carried out during the FYE 2024, the Board is satisfied with the level of independence demonstrated by all the Independent Non-Executive Directors and their abilities to act in the best interest of the Company.

The Company has not adopted a policy that limits the tenure of its Independent Non-Executive Directors to nine (9) years. Notwithstanding that, the Company conducts an annual evaluation of their independence through the Annual Evaluation of Independence of Directors. The evaluation ensures that the Independent Non-Executive Directors remain free from any business or other relationship that could compromise their independent judgement or their ability to act in the best interests of the Company.

Corporate Governance Overview Statement

PART II – COMPOSITION OF THE BOARD (CONTINUED)

2.3 Appointment of Board and Key Senior Management

Appointment to the Board is reviewed by the NC and is made via a formal, rigorous and transparent process, premised on meritocracy and taking into account objective criteria such as qualification, skills, experience, professionalism, integrity and diversity needed on the Board in the context of the Group's strategic direction. In the case of Independent Directors, the NC assesses the candidate's ability to bring the element of detached impartiality and objective judgement to the Board deliberation.

In fostering the commitment of the Board to devote sufficient time to carry out their responsibilities, each Director is required to notify the Chairman of the NC and the Board prior to accepting directorships, his or her directorship in listed issuers other than the Group. All Directors shall not hold more than five (5) directorships in other listed issuers as required under Rule 15.06 of the Listing Requirements of Bursa Securities.

2.4 Board Diversity and Key Senior Management Team

The Board is supportive of the diversity of the Board and Key Senior Management team. The Group strictly adheres to the practice of non-discrimination of any form, whether based on race, age, religion and gender throughout the organisation, including the selection of Board members and Key Senior Management. The Board encourages a dynamic and diverse composition by nurturing suitable and potential candidates equipped with competency, skills, experience, character, time commitment, integrity and other qualities in meeting the future needs of the Group.

Where and when appropriate, the Board will consider female candidates when suitable candidates are identified. However, the selection of new Board members will not be based solely on gender but will also take into account the candidate's skill sets, experience, and knowledge. The Company's top priority in new appointments is to choose the most qualified candidates. Therefore, the selection criteria that prioritise an effective combination of competencies, skills, extensive experience, and knowledge to strengthen the Board remain a priority.

In view of the gained attention of boardroom diversity as an important element of a well functioned organisation, the Board had reviewed and revised the Gender Diversity Policy which provides a framework for the Company to improve its gender diversity at the Board and Key Senior Management level and the same is available on the Company's website at www.sunview.com.my.

The Board currently consists of two (2) female Directors, namely Pn. Norashikin Binti Abdul Rani and Ms. Yap Chui Fan which reflects the Board's commitment towards achieving a more gender diversified board.

To ensure the proficient execution of their responsibilities, the Directors are dedicated to actively engaging in professional development initiatives as required. This unwavering commitment to ongoing learning guarantees that Directors remain abreast of current best practices and emerging trends in their respective fields of expertise. The Company actively promotes and facilitates the Directors' involvement in these programs, acknowledging the significance of maintaining a competent and well-informed Board. By prioritising the enhancement of their skills and knowledge, the Directors are better equipped to make informed decisions and drive the Company's success.

PART III – REMUNERATION

3.1 Remuneration Policy

The Board has in place a formal Remuneration Policy for Directors and/or Key Senior Management. The Remuneration Policy establishes a formal and transparent procedure for developing a structure for determining the remuneration of Directors and/or Key Senior Management of the Company with the objective of supporting and driving business strategy and the long-term interests of the Company.

The Remuneration Policy aims to:

- a. determine the level of remuneration of Directors and Key Senior Management;
- b. attract, retain and reward high performing, experienced and qualified Directors and Key Senior Management by providing remuneration commensurate with their responsibilities and contributions, and being competitive with the industry; and
- c. encourage value creation for the Company by aligning the interests of Directors with the long-term interests of shareholders.

The Board will determine the remuneration package of the Executive Board Members, taking into consideration the recommendations of the RC. The remuneration package for the Executive Board Members is structured in such a way that it links rewards to both corporate and individual performance.

The annual Directors' fees and benefits are payable to the Independent Non-Executive Directors and are endorsed by the Board for approval by the shareholders of the Company at the AGM of the Company.

Each Director shall abstain from the deliberation and voting on matters pertaining to their own remuneration packages.

The Remuneration Policy is available at the Company's website at www.sunview.com.my.

PART III – REMUNERATION (CONTINUED)

3.3 Remuneration of Key Senior Management

The Board is of the view that the disclosure of the Key Senior Management's remuneration components on a named basis would not be in the best interest of the Company as it may be detrimental to the Company's human resource management due to the competitive nature of talents within the construction industry.

The Board also took into consideration of sensitivity and security of the remuneration package of Key Senior Management, hence, opts not to disclose on a named basis the remuneration or in bands of RM50,000.00 for the Key Senior Management.

Alternatively, the Board is of the view that the disclosure of the Key Senior Management's aggregated remuneration on an unnamed basis in the bands of RM50,000.00 in this Annual Report is adequate.

The aggregate remuneration and benefits paid to the Key Senior Management of the Group for the FYE 2024 are as follows:-

PRINCIPLE B - EFFECTIVE AUDIT AND RISK MANAGEMENT

PART I – ARMC

4.1 Effective and Independent ARMC

The ARMC is relied upon by the Board to, amongst others, provide advice and oversee in the areas of financial reporting, external audit, internal control environment and internal audit processes, review of related party transactions as well as conflict of interest situations.

The ARMC is chaired by Pn. Norashikin Binti Abdul Rani, an Independent Non-Executive Director who is distinct from the Chairman of the Board. The majority of the members of the ARMC are financially literate, whilst the Chairperson of the ARMC is a member of the Malaysian Institute of Accountants.

The ARMC comprises three (3) members. The composition of the ARMC complies with Rules 15.09 and 15.10 of the Listing Requirements of Bursa Securities and the recommendation of MCCG whereby all three (3) AC members are Independent Non-Executive Directors. None of the Independent Non-Executive Directors has appointed alternate directors.

None of the members of the ARMC were former key audit partners and to uphold utmost independence, the Board has no intention to appoint any former key audit partner as a member of the ARMC.

The term of office and performance of the ARMC and its members are reviewed by the NC annually to determine whether such ARMC and members have carried out their duties in accordance with the TOR.

Corporate Governance Overview Statement

PART I – ARMC (CONTINUED)

4.2 External Auditors

The Group has established a transparent and appropriate relationship with the External Auditors which has been accorded the authority to communicate directly with the External Auditors. The External Auditors in turn are able to highlight matters which require the attention of the Board to the ARMC in terms of compliance with the accounting standards and other related regulatory requirements.

In addition, during the ARMC meetings, the members were also briefed by the External Auditors on the following:-

- (a) Financial Reporting development;
- (b) Adoption of Malaysian Financial Reporting Standards; and
- (c) Other changes in the regulatory environment.

The Board also has established the External Auditors Assessment Policy together with an Annual Performance Evaluation Form. The Policy is to outline the guidelines and procedures for the ARMC to review, assess and monitor the performance, suitability and independence of the External Auditors.

The ARMC is satisfied with the performance, suitability and independence of the External Auditors of the Company, Baker Tilly Monteiro Heng PLT and had recommended their re-appointment to the shareholders for approval at the forthcoming AGM of the Company.

PART II – RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

5.1 Risk Management and Internal Control Framework

The Board has put in place a structured risk management and internal control framework within the Group as an ongoing process for identifying, evaluating, monitoring and managing the significant risks affecting the achievement of its business objectives.

The Board acknowledges its overall responsibilities in establishing a sound risk management framework and internal control system within the Group. The risk management framework and internal control system are designed to manage the Group's risks within an acceptable risk appetite, rather than eliminate the risk of failure to achieve the policies, goals and objectives of the Group. It provides reasonable assurance against material misstatement of financial information and records or against financial losses or fraud.

Details of the Group's risk management and internal control framework are disclosed in the Statement on Risk Management and Internal Control in this Annual Report.

Corporate Governance Overview Statement

PART II – RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK (CONTINUED)

5.2 Internal Audit Function

During the FYE 2024, the Group's internal audit function was outsourced to an independent professional firm namely Talent League Sdn. Bhd. ("Talent League" or "Internal Auditors") to assist the ARMC in managing the risks and establishing the internal control system and processes of the Group by providing an independent assessment of the adequacy, efficiency and effectiveness of the Group's risk management and internal control system and processes. Talent League reports directly to the ARMC during the ARMC meeting on a half-yearly basis.

The Internal Auditors are free from any relationship or conflict of interest, which could impair their objectivity and independence.

The ARMC had obtained assurance from the Internal Auditors confirming that they are, and have been, independent throughout the conduct of the internal audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

The internal audit functions and activities carried out during the FYE 2024 are as disclosed in the ARMC Report in this Annual Report.

PRINCIPLE C – INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

PART I – COMMUNICATION WITH STAKEHOLDERS

6.1 Continuous Communication with Stakeholders

The Company recognises the need for stakeholders and the wider investment community to ensure that they are kept informed of all material business matters affecting the Group. This is done through the timely dissemination of information on the Group's performance and major developments.

To ensure the effective dissemination of information to the shareholders and stakeholders, the Group makes necessary announcements on the Group's affairs and development in accordance with the Listing Requirements of Bursa Securities through the website of Bursa Securities. In addition to that, the Company also maintains a corporate website at www.sunview.com.my where pertinent information on the Group can be easily accessible by the shareholders and stakeholders in matters as follows:-

- Quarterly interim financial reports on the Group's operations and business development
- Annual audited financial statements and reports on the Group's governance, affairs, financial performance, and cash flows
- Corporate announcements to Bursa Securities on material developments
- Access to the Company's corporate information, such as the Board Charter, TOR for Board Committees, and Whistle Blowing Policy.

6.2 Corporate Disclosure Policy

The Board is committed to provide effective communication to its shareholders and the general public regarding the business, operations and financial performance of the Group and where necessary, that information filed with regulators is in accordance with all applicable legal and regulatory requirements.

The Company has adopted a Corporate Disclosure Policy to promote comprehensive, accurate and timely disclosures pertaining to the Company and the Group to regulators, shareholders and stakeholders.

Corporate Governance Overview Statement

PART II – CONDUCT OF GENERAL MEETING

7.1 Conduct of General Meetings

The AGM is the principal forum to engage with shareholders where they may seek clarifications on the Company's business and reports. Shareholders are encouraged to meet and communicate with the Board at the AGM and to vote on all resolutions.

In line with Practice 13.1 of MCCG, the notice convening the Second AGM ("2nd AGM") of the Company was issued to shareholders at least 28 days before the 2nd AGM date, which gives shareholders sufficient time to prepare themselves to attend the 2nd AGM or to appoint a proxy to attend and vote on their behalf.

Members of the Board and Key Senior Management of the Company as well as the External Auditors of the Company are available to respond to shareholders' questions during the meetings. During the proceedings of the 2nd AGM convened on 26 September 2023, the Chairman ensured that the shareholders are given the opportunity to comment or raise issues and questions pertaining to issues on the agenda, in the annual report, the Group's strategy and business developments. All questions raised by the shareholders were answered and addressed accordingly.

All resolutions set out in the Notice of 2nd AGM were put to vote by poll and the votes cast were validated by an independent scrutineer appointed by the Company. The outcome of all resolutions proposed at the general meetings is announced to Bursa Securities at the end of the meeting day.

7.2 Effective Communication and Proactive Engagement

All Directors had attended the 2nd AGM on a fully virtual basis and be accountable to the shareholders for their stewardship of the Company. The Chairman of the Board and its Board Committees members were available to respond to shareholders' queries concerning the Company and the Group at the 2nd AGM. The External Auditors were also invited to attend the 2nd AGM and assist the Board in addressing relevant queries made by the shareholders.

From the Company's perspective, the AGM serves as a forum for Directors to engage with the shareholders personally to understand their needs and seek their feedback. The Board welcomes questions and feedback from the shareholders during and at the end of shareholders' meetings and ensures their queries are responded to properly and systematically.

The Board had ensured that a reasonable time is provided to the shareholders for discussion at the AGM before each resolution is proposed. The summary of the key matters discussed at the AGM will be published on the Company's website at www.sunview.com.my for the shareholders' information.

STATEMENT BY THE BOARD ON CG OVERVIEW STATEMENT

The Board has deliberated, reviewed and approved this CG Overview Statement. The Board considers and is satisfied that to the best of its knowledge, the Company has fulfilled its obligations under the MCCG, the relevant chapters of the Listing Requirements of Bursa Securities on corporate governance and all applicable laws and regulations throughout the FYE 2024, except for the departures set out in the CG Report.

The Board is committed to ongoing improvement and transparency in its corporate governance practices and will continue to regularly review and enhance its policies and procedures to ensure that the Company operates with the highest level of accountability, transparency, and integrity.

- (a) Reviewed compliance with policies, procedures and standards, relevant external rules and regulations;
- (b) Assessed the adequacy and effectiveness of the Group's system of internal control and recommended appropriate actions to be taken where necessary;
- (c) The internal audits performed met the objective of highlighting to the ARMC the outstanding audit issues which required corrective actions to be taken to ensure an adequate and effective internal control system within the Group, as well as any weaknesses in the Group's internal control system;
- (d) Ensured that those weaknesses were appropriately addressed and that recommendations from the internal audit reports and corrective actions on reported weaknesses were taken appropriately within the required timeframe by the Management; and
- (e) Presentation of audit findings and corrective actions to be taken by Management in the ARMC meetings.

The total costs incurred for the internal audit function of the Group for FYE 2024 was RM24,000.

The ARMC is satisfied that the independence of the internal audit function has been maintained as adequate safeguards are in place. Talent League has performed its audit assignments with impartiality, proficiency and due professional care.

Statement On Risk Management and Internal Control

INTRODUCTION

The Board of Sunview is pleased to present the Statement on Risk Management and Internal Control (“Statement”) of the Group for the FYE 2024 which outlines the nature and scope of risk management and internal control systems of the Group. This statement has been prepared in accordance with Rule 15.26(b) of the Listing Requirements of Bursa Securities guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers (“the Guidelines”) and the MCCG.

BOARD’S RESPONSIBILITY

The Board acknowledges its overall responsibility in maintaining the Group’s system of risk management and internal control to safeguard the interests of shareholders, customers, regulators, and employees while protecting the Group’s assets. Furthermore, the Board recognises its responsibility in reviewing the effectiveness and integrity of these system regularly.

The system of risk management and internal control encompasses various areas, including financial, operational, environmental and compliance controls. The Board recognises the importance of internal audits in establishing and sustaining a sound internal control system. However, due to the inherent limitations of the system of internal control, it can only offer reasonable but not absolute assurance against material misstatement of financial information, loss, or fraud. Despite these limitations, the Board regularly receives and reviews reports on internal control, and is of the view that the internal control system is sufficient to protect shareholders’ interests and the Group’s assets.

The Board, through the ARMC, ensures that the risk management and internal control practices are adequately implemented within the Group. Management is required to apply good judgement in assessing the risks faced by the Group, identifying the Group’s ability to reduce the incidence and impact of risks, and ensuring the benefits outweigh the costs of operating the controls.

RISK MANAGEMENT

The Board acknowledges that Management is continuously engaged in identifying, evaluating, monitoring, assessing, reporting, and managing significant risks faced by the Group. The Group’s risk management system is designed to control and manage risks within an acceptable risk appetite rather than eliminating all risks inherent to the Group’s activities.

The ARMC comprising all Independent Non-Executive Directors to discharge the risk management function of the Group on behalf of the Board. The ARMC reports to the Board in respect of the identified risks and has been delegated to oversee the risk management framework and control framework, to review the risk registry, ongoing risk management implementation and assess effectiveness risk management framework.

The Board is of the view that it is Management’s role to implement the Board’s policies and guidelines on risks and controls, evaluate the risks faced by the Group, and maintain an appropriate system of internal controls to manage such risks.

Statement On Risk Management and Internal Control

INTERNAL AUDIT FUNCTION

The Board had outsourced its internal audit function to an independent professional firm, namely Talent League Sdn. Bhd. (“Talent League”) to assist the Board and ARMC by conducting independent assessment of the adequacy and operating effectiveness of the Group’s internal control system.

Talent League acts as the Internal Auditor and directly reports to the ARMC during the ARMC meeting on a half-yearly basis. Talent League is free from any relationships or conflicts of interest, which could impair their objectivity and independence of the internal audit function. Talent League does not have any direct operational responsibility or authority over any of the activities audited.

Based on the internal audit reviews, observations were presented by Talent League, together with Management’s response and proposed action plans, to the ARMC for review during the ARMC meeting. The internal audit fee incurred for the outsourced internal audit function in respect of the FYE 2024 amounted to RM24,000.

For the FYE 2024, the following subsidiaries of the Group were audited and reported by Talent League:-

Audit Period	Reporting Month	Name of Entity Audited	Audited Areas
1st Half of the Year 2023 (April 2023 – September 2023)	August 2023	Sunview and its subsidiaries	• Corporate Liability Review
		Fabulous Sunview	• Procurement • Inventory Management
2nd Half of the Year 2023 (October 2023 – March 2024)	February 2024	Fabulous Sunview	• Business Development • Credit Risk Management
		Sunview and its subsidiaries	• Risk Management Review

KEY ELEMENTS OF INTERNAL CONTROL

Apart from risk management and internal audit, the Group’s system of internal controls also comprises the following key elements, which have been in place throughout the FYE 2024, and up to the date of this Statement:-

- Organisational Structure

The Group has established a clear and well-defined organisational structure that is tailored to its specific business and operational needs. The structure includes clearly defined lines of accountability, delegation of responsibilities, and levels of authorisation for all aspects of the Group’s operations. This structure has been communicated effectively throughout the Group to ensure that all employees understand their roles and responsibilities within the organisation. The Group also periodically reviews its organisational structure to ensure its continued effectiveness and alignment with business objectives.

- Limits of Authority

The Group has established authorisation limits and approval levels for Management to follow including those requiring approval from the Board.

Statement On Risk Management and Internal Control

KEY ELEMENTS OF INTERNAL CONTROL (CONTINUED)

- Board of Directors/ Board Committee Meetings

The functions, authority, roles and responsibilities of the Board are guided by Board Charter. Board Committees, namely ARMC, NC, and RC are established with TOR clearly outlining their functions and duties delegated by the Board. ARMC assists the Board to review the effectiveness of the ongoing monitoring processes on risk and control matters for areas within their scope of work.

Meetings of the Board and respective Board Committees are carried out on scheduled basis to review the performance of the Group, from financial and operational perspective.

- Monitoring and Review

Management accounts containing key financial results and operational performance are prepared and presented to the management team for monitoring and review on monthly basis. The quarterly financial statements are presented to the Board for their review, consideration and approval.

- Information and Communication

Clear reporting lines are established throughout the Group to facilitate effective communication of critical information necessary for the achievement of the Group's business objectives. This ensures that matters requiring Key Senior Management's attention are promptly highlighted for review, deliberation, and timely decision-making.

- ABC Policy

The ABC Policy outlines the clear anti-bribery and corruption principles that apply to all interactions with the Group's customers, business partners, and other affiliated third parties, indicating the Group's commitment to prevent bribery and corrupt practices in its business operations.

- Whistle Blowing Policy

The Board has implemented a Whistle Blowing Policy that applies to all employees, officers, and Directors of the Group. The Whistle Blowing Policy provides a safe channel for individuals, including members of the public, to raise concerns about potential improprieties. Any allegations of impropriety are reported at the ARMC meeting.

- Annual Budget and Forecasting

Each operating unit prepares an annual budget which is subsequently reviewed and adopted by the Board. The Group then reports, analyses, and monitors the actual performance against the budget.

- Training and Development Programmes

Given the ever-changing technological landscape, the Group has implemented training and development programs to ensure that its staff is equipped with the necessary skills and knowledge to remain competitive in the industry. This is in line with the Group's objective of achieving its business goals.

- Insurance

Major assets are insured and regularly reviewed to align with the Group's risk appetite, while physical security measures are also implemented to safeguard the major's assets.

Statement On Risk Management and Internal Control

REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

Pursuant to Rule 15.23 of the Listing Requirements of Bursa Securities, the External Auditors have reviewed this Statement for inclusion in this Annual Report of the Group for the FYE 2024. Their review was performed in accordance with Malaysian Approved Standard on Assurance Engagement, ISAE 3000 (Revised), Assurance Engagement Other than Audits or Reviews of Historical Financial Information and Audit and Assurance Practice Guide 3 (AAPG 3): Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in this Annual Report issued by the Malaysian Institute of Accountants.

Based on their reviews, the External Auditors have reported to the Board that nothing has come to their attention that causes them to believe this Statement is not prepared, in all material respects:-

- a. In accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers; or
- b. Is factually inaccurate.

ASSURANCE FROM MANAGEMENT

The Board has received assurance from the GEDs and the management team that the Group's risk management and internal control system is operating adequately and effectively in all material aspects, for the financial year under review and up to the date of approval of this Statement for inclusion in this Annual Report.

CONCLUSION

For the FYE 2024 and up to the date of this Statement, the Board is of the opinion that there is an ongoing process of identifying, evaluating, and managing significant risks faced by the Group. The Board will continue to pursue continuous improvement initiatives to strengthen the risk management and internal control system of the Group.

This Statement is made in accordance with the resolution of the Board dated 22 July 2024.

Statement of Directors' Responsibility

In connection with the preparation of the annual audited financial statements of the Group, the Directors are required to ensure that the audited financial statements are drawn up in accordance with the provisions of the Companies Act 2016 ("Act") and the applicable approved accounting standards as prescribed by the Malaysian Accounting Standard Board so as to give a true and fair view of the state of affairs of the Group as at 31 March 2024 and of the results and cash flows of the Company and the Group for the financial year then ended.

In preparing the financial statements for the FYE 2024, the Directors have:-

- responsible in ensuring proper accounting records are kept, which disclose with reasonable accuracy;
- adopted and consistently applied suitable accounting policies;
- made judgements and estimates that are prudent and reasonable;
- ensure applicable financial reporting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepared it on the going concern basis unless it is inappropriate to presume that the Group and the Company will continue in business.

The Board has ensured that the quarterly reports and annual audited financial statements of the Company are released to Bursa Securities in a timely manner in order to keep our investing public informed of the Group's latest performance and developments.

The Board has also ensured that the Company and the Group maintain proper accounting records in accordance with the Act. The Board also has the overall responsibility in taking such steps as are reasonably open to them to safeguard the assets of the Company and of the Group and to prevent and detect fraud and other irregularities.

DIRECTORS' REPORT (CONTINUED)

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were prepared, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and had satisfied themselves that there are no known bad debts had been written off and that adequate allowance had been made for doubtful debts.

At the date of this report, the directors are not aware of any circumstances which would render it necessary to write off any bad debts or render the amount of allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent.

CURRENT ASSETS

Before the financial statements of the Group and of the Company were prepared, the directors took reasonable steps to ensure that any current assets which were unlikely to be realised in the ordinary course of business including their values as shown in the accounting records of the Group and of the Company had been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:

- (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; and
- (ii) any contingent liabilities in respect of the Group or of the Company which has arisen since the end of the financial year.

In the opinion of the directors, no contingent or other liability of the Group or of the Company has become enforceable, or is likely to become enforceable, within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations as and when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF MATERIAL AND UNUSUAL NATURE

In the opinion of the directors,

- (i) the results of the operations of the Group and of the Company for the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

AUDITORS' REMUNERATION AND INDEMNITY

The auditors' remuneration of the Group and the Company during the financial year were RM237,000 and RM88,000 respectively.

The Company has agreed to indemnify the auditors of the Company as permitted under Section 289 of the Companies Act 2016 in Malaysia.

ISSUE OF SHARES AND DEBENTURES

During the financial year, the Company:

- (i) issued 26,843,000 new ordinary shares at price RM0.6422 per ordinary share for a total consideration of RM17,238,575 pursuant to Private Placement and for working capital purposes;
- (ii) issued 4,680,000 new ordinary shares at price of RM0.6784 per ordinary share for total consideration of RM3,174,912 pursuant to Private Placement and for working capital purposes;

2. BASIS OF PREPARATION (CONTINUED)

2.2 Adoption of new MFRS and amendments to MFRSs (continued)

The adoption of the above new MFRS and amendments to MFRSs did not have any significant effect on the financial statements of the Group and of the Company and did not result in significant changes to the Group's and the Company's existing accounting policies, except as discussed below:

Amendments to MFRS 101 Presentation of Financial Statements

The amendments require an entity to disclose its material accounting policy information rather than significant accounting policies. The amendments, amongst others, also include examples of circumstances in which an entity is likely to consider an accounting policy information to be material to its financial statements.

Accordingly, the Group and the Company disclosed their material accounting policy information in these financial statements. However, the amendments did not result in changes to the accounting policies of the Group and of the Company.

2.3 New MFRSs and amendments to MFRSs that have been issued, but yet to be effective

2. BASIS OF PREPARATION (CONTINUED)

2.3 New MFRSs and amendments to MFRSs that have been issued, but yet to be effective (continued)

2.3.1 The Group and the Company plan to adopt the above new MFRSs and amendments to MFRSs when they become effective. A brief discussion on the above significant new MFRSs and amendments to MFRSs that may be applicable to the Group and the Company are summarised below.

MFRS 18 Presentation and Disclosure in Financial Statements

MFRS 18 replaces MFRS 101 Presentation of Financial Statements. It retains many requirements from MFRS 101 without modification.

MFRS 18 introduces two subtotals which are to be presented in the statement of profit or loss – including “operating profit”, which has been specifically defined. Income and expenses shall be presented in five categories: operating, investing, financing, income taxes and discontinued operations.

MFRS 18 requires disclosure of explanations of the entity’s company-specific measures that are related to the statement of profit or loss, referred to as management-defined performance measures (“MPMs”). The entity is required to reconcile MPMs to a total or subtotal required by MFRS 18 or another MFRS Accounting Standards. MFRS 18 also requires other disclosures, including how each MPM is calculated, what the MPM communication about the entity’s financial performance, and any changes made to the MPMs in the year.

MFRS 18 adds new principles for aggregation and disaggregation of information. It requires the entity to classify the expenses in the “operating” category in the profit or loss by nature or function, or both. The entity that classifies operating expenses by functions are required to disclose in the notes to the financial statements, the amount of depreciation, amortisation, employee benefits, impairment losses and write-downs of inventories included in each line in the operating category. Subject to materiality, MFRS 18 requires items presented or disclosed as “other” to be labelled and/or described in as faithfully representative and precise a way as possible.

2. BASIS OF PREPARATION (CONTINUED)

2.3 New MFRSs and amendments to MFRSs that have been issued, but yet to be effective (continued)

2.3.1 (continued)

Amendments to MFRS 16 Leases

The amendments clarify how an entity should subsequently measure the leaseback liability that arise in a sale and leaseback transaction. Although MFRS 16 includes requirements on how to account for a sale and leaseback at the date the transaction takes place, it has not specified how to measure the sale and leaseback transaction when reporting after that date.

The amendments add subsequent measurement requirements for the right-of-use assets and lease liability arising from a sale and leaseback transaction by clarifying that a seller- lessee in a sale and leaseback transaction shall apply paragraphs 29 to 35 to the right-of- use asset arising from the leaseback and paragraphs 36 to 46 to the lease liability arising from the leaseback. The amendments will not change the accounting for leases other than those arising in a sale and leaseback transaction.

Amendments to MFRS 101 Presentation of Financial Statements

The amendments include specifying that an entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period; clarifying that classification of liability is unaffected by the likelihood of the entity to exercise its right to defer settlement of the liability for at least twelve months after the reporting period; clarifying how lending conditions affect classification of a liability; and clarifying requirements for classifying liabilities an entity will or may settle by issuing its own equity instruments.

The latest amendments to MFRS 101 clarify how conditions with which an entity must comply within 12 months after the reporting period affect the classification of a liability. As such, the amendments specify that covenants to be complied with after the reporting date do not affect the classification of debt as current or non-current at the reporting date. Instead, the amendments require an entity to disclose information about these covenants in the notes to the financial statements.

2.4 Functional and presentation currency

The financial statements of each entity in the Group are measured using the currency of the primary economic environment in which they operate (the "functional currency"). The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is also the Company's functional currency, unless otherwise stated.

2. BASIS OF PREPARATION (CONTINUED)

2.5 Basis of measurement

The financial statements of the Company have been prepared on the historical cost basis, except as otherwise disclosed in Note 3.

3. MATERIAL ACCOUNTING POLICY INFORMATION

Unless otherwise stated, the following material accounting policy information have been applied consistently to all the financial period presented in the financial statements of the Group and of the Company.

3.1 Basis of consolidation

(a) Subsidiaries and business combination

The Group applies the acquisition method of accounting except for those business combinations which were accounted for using merger method of accounting. Fabulous Sunview Sdn. Bhd., Suntech Energy Sdn. Bhd., Vafe System Sdn. Bhd. and Solarcity REIT Sdn. Bhd. are accounted for using the merger method of accounting, the rest of the subsidiaries are consolidated using acquisition method of accounting.

Acquisition of entities under a reorganisation scheme does not result in any change in economic substance. Accordingly, the consolidated financial statements of the Company are a continuation of the acquired entity and is accounted for as follows:

- the assets and liabilities of the acquired entity are recognised and measured in the consolidated financial statements at the pre-combination carrying amounts, without restatement to fair value;
- the retained earnings and other equity balances of acquired entity immediately before the business combination are those of the Group; and
- the equity structure, however, reflects the equity structure of the Company and the differences arising from the change in equity structure of the Group will be accounted for in other reserves.

(b) Non-controlling interests

At the acquisition date, components of non-controlling interests of the Group are measured at their acquisition-date fair values.

(c) Associates

Investment in associates is accounted for in the consolidated financial statements of the Group using the equity method.

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.2 Separate financial statements

In the Company's statement of financial position, investment in subsidiaries and associates are measured at cost less any accumulated impairment losses.

Contributions to a subsidiary are amounts for which the settlement is neither planned nor likely to occur in the foreseeable future is, in substance, considered as part of the Company's investment in subsidiaries.

3.3 Financial instruments

Financial assets – subsequent measurements and gains and loss

Financial assets at fair value through profit or loss

The Group subsequently measures these assets at fair value. Net gains and losses, including income are recognised in profit or loss.

Debt instrument at amortised cost

The Group and the Company subsequently measures these assets at amortised cost under the effective interest method. The gross carrying amount is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities – subsequent measurements and gains and loss

The Group and the Company subsequently measures other financial liabilities at amortised cost under the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

3.4 Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

Freehold land has an unlimited useful life and therefore is not depreciated. Assets under construction included in property, plant and equipment are not depreciated as these assets are not yet available for use.

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.4 Property, plant and equipment (continued)

All other property, plant and equipment are depreciated on straight-line basis by allocating their depreciable amounts over their remaining useful lives.

	Useful lives (years)
Freehold building	50
Furniture and fittings	5-10
Computer hardware and software	5
Motor vehicles	5
Office equipment	5
Renovation	5-10
Solar system and site equipment	5-25

3.5 Leases

(a) Lessee accounting

The Group and the Company present right-of-use assets that do not meet the definition of investment property as property, plant and equipment in Note 5 and lease liabilities as loans and borrowings in Note 18.

Short-term leases and leases of low value assets

The Group and the Company have elected not to recognise right-of-use assets and lease liabilities for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. Accordingly, the Group and the Company recognise the lease payments as an operating expense on a straight-line basis over the term of the lease.

Right-of-use assets

The right-of-use assets are measured at cost less accumulated depreciation and any accumulated impairment losses, and adjust for any remeasurement of the lease liabilities. The right-of-use assets are depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

3.5 Leases (continued)

(a) Lessee accounting (continued)

Lease liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the incremental borrowing rate.

The Group and the Company have elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

(b) Lessor accounting

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of revenue. Rental income from sublease properties is recognised as other income.

3.6 Inventories

Inventories are measured at the lower of cost and net realisable value. Cost incurred in bringing the inventories to their present location and condition are accounted as follows:

- raw materials: purchase costs on a first-in-first-out basis.

3.7 Revenue and other income

(a) Engineering, Procurement, Construction and Commissioning (“EPCC”) of Solar PV facilities

Revenue is recognised over time, if (i) the customer simultaneously receives and consumes the benefits provided by the entity’s performance as the entity performs; or (ii) the entity’s performance creates or enhances an asset that the customer controls as the asset is created or enhanced.

Revenue is recognised over the period of the contract by measuring the progress towards complete satisfaction of that performance obligation. Revenue is measured on the basis of the entity’s efforts or inputs to the satisfaction of a performance obligation relative to the total expected inputs to the satisfaction of that performance obligation. The stage of completion is determined by the proportion of contract costs incurred to-date relative to the estimated total contract costs.

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.7 Revenue and other income (continued)

(b) Power generation

Revenue from power generation is recognised over time as the customers simultaneously received and consumed the benefits provided by the Group's performance. The revenue recognised is the amount to which the Group has a right to invoice as it corresponds directly with the value to the customer of the Group's performance that is completed to date. This revenue also includes an estimated value of the electricity delivered from the date of their last meter reading and period end.

(c) Associated services and products

Revenue from associated services and products is recognised at a point in time, if a customer receives and consumes the benefits provided by the entity's performance and if the control of the products has been transferred, being when the customer accepts the delivery of the goods.

Sales are made with a credit term of due from the date of invoices. A receivable is recognised when the customer accepts the delivery of the goods as the consideration is unconditional other than the passage of time before the payment is due.

(d) Interest income

Interest income is recognised using the effective interest method.

(e) Rental income

Rental income is recognised on a straight-line basis over the term of the lease.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with MFRSs requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of the revenue and expenses during the reporting period. It also requires directors to exercise their judgement in the process of applying the Group's and the Company's accounting policies. Although these estimates and judgement are based on the directors' best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity that have the most significant effect on the Group's and the Company's financial statements, or areas where assumptions and estimates that have a significant risk of resulting in a material adjustment to the Group's and the Company's financial statements within the next financial year are disclosed as follows:

(a) EPCC of solar PV facilities revenue

The Group and the Company recognised EPCC and installation of solar PV facilities revenue in profit or loss by the progress towards complete satisfaction of performance obligation. The progress towards complete satisfaction of performance obligation is determined by the proportion that costs incurred for work performed to date bear to the estimated total costs expected to be incurred up to the completion of the EPCC contracts. The estimated total construction and other related costs to be incurred up to the completion of EPCC are based on contracted amounts and experience and knowledge of the management to make estimates of the amounts to be incurred.

The revenue generated from EPCC of solar PV facilities are disclosed in Note 21.

(b) Impairment of financial assets and contract assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rate. The Group and the Company use judgement in making these assumptions and selecting inputs to the impairment calculation, based on the Group's and the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

(b) Impairment of financial assets and contract assets (continued)

The Group and the Company use a provision matrix to calculate expected credit losses for trade receivables and contract assets. The provision rates are depending on the number of days that a trade receivable is past due. The Group and the Company use the grouping according to the customer segments that have similar loss patterns. The criteria include geographical region, product type, customer type and rating, collateral or trade credit insurance.

The provision matrix is initially based on the Group's and the Company's historical observed default rates. The Group and the Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forward- looking estimates and expected credit losses is a significant estimate. The amount of expected credit losses is sensitive to changes in circumstances and of forecast economic conditions over the expected lives of the financial assets and contract assets. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

The information about the impairment losses on the Group's and the Company's financial assets and contract assets are disclosed in Notes 10, 13 and 28.

(c) Impairment of goodwill

Goodwill is tested for impairment annually and at other times when such indicators exist. This requires an estimation of the value-in-use of the cash generating units to which goodwill is allocated.

When value-in-use calculations are undertaken, the Group uses its judgement to decide the discount rates to be applied in the recoverable amount calculation and assumptions supporting the underlying cash flows projections, including forecast growth rates, inflation rates and gross profit margin. Cash flows that are projected based on those inputs or assumptions may have a significant effect on the Group's financial position and results if the actual cash flows are less than the expected.

The carrying amount of the Group's goodwill and key assumptions used to determine the recoverable amount for different cash-generating units, including sensitivity analysis, are disclosed in Note 6.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

(d) Investment in subsidiaries and quasi investment

The Company assesses impairment of investment in subsidiaries and quasi investment whenever the events or changes in circumstances indicate that the carrying amount of subsidiaries and quasi investment may not be recoverable i.e. the carrying amount of subsidiaries and quasi investment is more than the recoverable amount.

The directors' assessment of the recoverable amount involved significant judgement. The recoverable amounts of investment in subsidiaries and quasi investment were determined based on value-in-use which includes the discount rates applied in the recoverable amount calculation and the assumption supporting the underlying cash flow projections which include future sales, gross profit margin and operating expenses.

The carrying amounts of the investment in subsidiaries and quasi investment are disclosed in Note 7.

6. GOODWILL (CONTINUED)

Impairment of goodwill

Management reviews the business performance based on the type of services of the strategic business units which represent its reportable operating segments. For the purpose of impairment testing, goodwill acquired through business combinations is allocated to the Group's CGU which is also reportable operating segment, which represents the lowest level within the Group at which the goodwill is monitored for internal management purposes.

Goodwill is assessed at each reporting date regardless of any indication of impairment by comparing the carrying amount with the recoverable amount of each CGU.

The carrying amounts of goodwill arising from business combination has been allocated to the Group's CGUs identified according to the following segments for impairment testing are as follows:

	Group	
	2024	2023
	RM	RM
Cash-generating unit		
CGU 1 - Power generation	4,298,728	4,801,821
CGU 2 - Provision of products and services related to renewable energy ("EPCC")	<u>12,453,092</u>	<u>12,453,092</u>

The recoverable amount of CGUs has been determined based on value-in-use calculations using cash flows projection from financial budget and forecasts approved by directors. The same method has also been used in the previous financial year. For each of the CGUs with significant amount of goodwill, the value-in-use calculation is most sensitive to the following key assumptions:

	Group
CGU 1 - Power generation	
Gross profit margin	60.1% - 65.5%
Discount rate	<u>9.5% - 14.3%</u>
CGU 2 - EPCC	
Gross profit margin	7.0% - 12.0%
Discount rate	<u>9.5%</u>

CGU 1

In the current financial year, the estimated recoverable amount of the CGU 1 is lower than its carrying amount. Accordingly, an impairment loss of RM503,093 was recognised in the profit or loss.

28. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management

The Group's and the Company's activities are exposed to a variety of financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk and foreign currency risk. The Group's and the Company's overall financial risk management objective is to optimise value for their shareholders. The Group and the Company do not trade in financial instruments.

The Board of Directors reviews and agrees to policies and procedures for the management of these risks, which are executed by the Group's senior management.

(i) Credit risk

Credit risk is the risk of financial loss to the Group and the Company that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group and the Company are exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and foreign exchange transactions. The Group and the Company have a credit policy in place and the exposure to credit risk is managed through the application of credit approvals, credit limits and monitoring procedures.

Trade receivables

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables is represented by the carrying amounts in the statements of financial position.

The carrying amount of trade receivables is not secured by any collateral or supported by any other credit enhancements. In determining the recoverability of these receivables, the Group and the Company consider any change in the credit quality of the receivables from the date the credit was initially granted up to the reporting date. The Group and the Company have adopted a policy of dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

At the end of the reporting period, the Group has concentration of credit risk in the form of two (2) (2023: two (2)) major trade receivables which made up of approximately 32% (2023: 49%) of the Group's total trade receivables.

The Group apply the simplified approach to providing for impairment losses prescribed by MFRS 9, which permits the use of the lifetime expected credit losses provision for all trade receivables and contract assets. To measure the impairment losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The impairment losses also incorporate forward looking information.

Other receivables and other financial assets

For other receivables and other financial assets (including cash and cash equivalents), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties. At the reporting date, the Group's and the Company's maximum exposure to credit risk arising from other receivables and other financial assets is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

The Group and the Company consider the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group and the Company compare the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Especially the following indicators are incorporated:

- internal credit rating
- external credit rating (as far as available)
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- actual or expected significant changes in the operating results of the borrower
- significant increases in credit risk on other financial instruments of the same borrower
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the group and changes in the operating results of the borrower

Macroeconomic information (such as market interest rates or growth rates) is incorporated as part of the internal rating model.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 60 days past due in making a contractual payment.

Some intercompany loans between entities within the Group are repayable on demand. For loans that are repayable on demand, impairment losses are assessed based on the assumption that repayment of the loan is demanded at the reporting date. If the borrower does not have sufficient highly liquid resources when the loan is demanded, the Group and the Company will consider the expected manner of recovery and recovery period of the intercompany loan.

Bank guarantees

The Group is exposed to credit risk in relation to bank guarantees given to customers in respect of performance guarantees for certain solar-related projects. The Company monitors the progress of all related projects on an on-going basis. The maximum exposure to credit risks amount to RM51,324,299 (2023: RM89,887,144) representing the maximum amount the Group could pay if the guarantee is called on as disclosed in Note 28(b)(ii).

As at the reporting date, the bank guarantees have not been recognised as there were no indications that the progress of the solar-related projects would have an impact on the performance guarantees given by the Group, hence triggering the repayment of the performance guarantees.

(ii) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations when they fall due. The Group's and the Company's exposure to liquidity risk arise primarily from mismatches of the maturities between financial assets and liabilities. The Group's and the Company's exposure to liquidity risk arise principally from trade and other payables, loans and borrowings.

The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by facilities. The Group and the Company maintain sufficient liquidity and available funds to meet daily cash needs, while maintaining controls and security over cash movements. The Group and the Company use a series of processes to obtain maximum benefits from its flow of funds, such that they are efficiently managed to maximise income from investment and minimise cost on borrowed funds. The Group's and the Company's treasury department also ensure that there are sufficient unutilised stand-by facilities, funding and liquid assets available to meet both short-term and long-term funding requirements.

Foreign currency risk is the risk of fluctuation in fair value or future cash flows of a financial instrument as a result of changes in foreign exchange rates. The Group's and the Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's and the Company's operating activities (when sales, purchases and borrowings that are denominated in a foreign currency).

Management has set up a policy that requires all companies within the Group and the Company to manage their treasury activities and exposures. In addition, the Group and the Company also takes advantage of any natural effects of its foreign currencies revenues and expenses by maintaining current accounts in foreign currencies.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**33. CAPITAL MANAGEMENT**

The primary objective of the Group's and the Company's capital management is to ensure that they maintain a strong credit rating and healthy capital ratio in order to support their business and maximise shareholder value. The Group and the Company manage their capital structure and make adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group and the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies and processes during the financial period under review.

The Group and the Company monitor capital using gearing ratio. The gearing ratio is calculated as total loans and borrowings divided by total equity. The gearing ratios at 31 March 2024 and 31 March 2023 are as follows:

	Note	Group		Company	
		2024 RM	2023 RM	2024 RM	2023 RM

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Sunview Group Berhad, which comprise the statement of financial position as at 31 March 2024 of the Group and the Company, and the statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 89 to 172.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 March 2024, and of their financial performance and their cash flows for the financial year then ended in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide separate opinion on these matters.

Group

Revenue recognition for engineering, procurement, construction and commissioning of solar photovoltaic facilities (Note 21 to the financial statements)

The amount of revenue and corresponding costs of the Group's construction activities is recognised over the period of contract by reference to the progress towards complete satisfaction of that performance obligation. The progress towards complete satisfaction of performance obligation is determined by reference to proportion of construction costs incurred for works performed to date bear to the estimated total costs for each project (input method).

We focused on this area because significant the Group's revenue recognition for engineering, procurement, construction and commissioning of solar photovoltaic facilities requires the exercise of significant judgement to be made by the directors, particularly in determining the progress towards satisfaction of a performance obligation, the extent of the construction costs incurred, the estimated total construction contracts revenue and costs, as well as the recoverability of the construction contract projects. The estimated total revenue and costs are affected by a variety of uncertainties that depend on the outcome of future events.

Our response:

Our audit procedures on selected projects included, among others:

- reading the terms and conditions of agreements with selected customers;
- understanding of the Group's process in preparing project budget and the calculation of the progress towards anticipated satisfaction of a performance obligation;
- understanding project budget prepared and discussing with project manager;
- checking the Group's computed progress towards complete satisfaction of performance obligation for identified projects against progress billings issued; and
- checking the mathematical computation of recognised revenue for the projects during the financial year.

Key Audit Matters (continued)

Group (continued)

Trade receivables and contract assets (Notes 10 and 13 to the financial statements)

The Group has significant trade receivables and contract assets as at the end of the financial year.

We focused on this area because the Group's expected credit losses assessment requires the exercise of significant judgement to be made by the directors, especially in determining the risk of default and expected credit loss rate, which are based on the Group's past history, existing market conditions as well as forward looking estimates at the end of the reporting period. These judgements and assumptions are inherently uncertain.

Our response:

Our audit procedures on selected projects included, among others:

- understanding the significant credit exposures through analysis of ageing reports;
- obtaining confirmation of balances from selected receivables;
- checking subsequent receipts, customer correspondences, and considering the level of activity with the customers and director's explanation on recoverability with significantly past due balances; and
- testing the mathematical calculation of expected credit losses as at the end of the reporting period.

Key Audit Matters (continued)

Group (continued)

Goodwill (Note 6 to the financial statements)

Goodwill is tested for impairment annually and at other times when such indicators exist.

We focused on this area because the Group's determination of recoverable amount of the cash generating unit to which the goodwill is allocated requires the exercise of significant judgement to be made by the directors, especially in determining the assumptions to be applied in supporting the underlying cash flow projections in the recoverable amount calculation. These judgements and assumptions are inherently uncertain.

Our response:

Our audit procedures on selected projects included, among others:

- comparing the actual results with previous budgets to assess the performance of the business and reliability of forecasting process;
- comparing the director's key assumptions in cash flow forecast to externally derived data, if any;
- discussing with the Group on their assessment in relation to key inputs such as discount rates, inflation rates and gross profit margins;
- testing the mathematical computation of the impairment assessment; and
- performing the sensitivity analysis of key assumptions and the impacts of these key assumptions and inputs that are expected to be most sensitive to the recoverable amount.

Key Audit Matters (continued)

Company (continued)

Investment in subsidiaries and quasi investment (Note 7 to the financial statements)

The Company has a significant balance of investment in subsidiaries and quasi investment. At the end of the financial year, the directors are required to determine if there is any indication of impairment in investment in the subsidiaries. If such an indication of impairment exists, the directors are required to determine the recoverable amount of this investment.

We focused on this area because the Company's determination of the recoverable amount requires significant judgement to be made by the directors, especially in determining the assumptions to be applied in supporting the underlying cash flow projections in the recoverable amount calculation. These judgements and assumptions are inherently uncertain.

Our response:

Our audit procedures on selected projects included, among others:

- comparing the directors' key assumptions in cash flow forecast which include the directors' assessment and consideration of the current economic and business environment in relation to key assumptions;
- testing the mathematical computation of the impairment assessment; and
- performing the sensitivity analysis of key assumptions and the impacts of these key assumptions and inputs that are expected to be most sensitive to the recoverable amount.

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the Directors' Report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Directors' Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group and the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statement of the Group. We are responsible for the direction, supervision and performance of the group audit. We maintain solely responsible for our audit opinion.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' reports unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors, are disclosed in Note 7 to the financial statements.

Other Matters

This report is made solely to the members of the Group and of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the contents of this report.

Notes:

- (a) A member who is entitled to attend, participate, speak and vote at the Meeting shall be entitled to appoint more than one (1) proxy to attend, participate, speak and vote at the Meeting in his/her stead. Where a member appoints more than one (1) proxy, he/she shall specify the proportion of his/her shareholdings to be represented by each proxy.
- (b) A proxy may, but need not, be a member of the Company. A proxy appointed to attend and vote at the Meeting shall have the same rights as the member to speak and vote at the Meeting.
- (c) The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing, or if the appointor is a corporation, either under its common seal or signed by an officer or attorney duly authorised.
- (d) Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, it may appoint one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
- (e) Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account (“omnibus account”), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds. The appointment of multiple proxies shall not be valid unless the proportion of its shareholdings represented by each proxy is specified.

NOTICE OF ANNUAL GENERAL MEETING (CONTINUED)

- (f) To be valid, the instrument appointing a proxy may be made in a hard copy form or by an electronic form in the following manner and must be received by the Company not less than forty-eight (48) hours before the time for holding the Meeting or adjourned meeting:-
- (i) In hard copy form
In the case of an appointment made in hard copy form, the Proxy Form must be deposited at the Company's Share Registrar, Boardroom Share Registrars Sdn. Bhd. at 11th Floor, Menara Symphony, No. 5, Jalan Prof. Khoo Kay Kim, Seksyen 13, 46200 Petaling Jaya, Selangor Darul Ehsan, Malaysia.
 - (ii) By electronic form
The Proxy Form can be electronically submitted via e-mail to bsr.helpdesk@boardroomlimited.com (for Corporate Shareholders, Authorised Nominee and Exempt Authorised Nominee only) or submitted via Boardroom Smart Investor Portal at <https://investor.boardroomlimited.com>.
- (g) For the purpose of determining a member who shall be entitled to attend the Meeting, the Company will be requesting Bursa Malaysia Depository Sdn. Bhd. in accordance with Clause 65 of the Company's Constitution to issue a General Meeting Record of Depositors as at 19 September 2024. Only members whose names appear in the General Meeting Record of Depositors as at 19 September 2024 shall be regarded as members and entitled to attend, participate, speak and vote at the Meeting.
- (h) All the resolutions as set out in this Notice of Meeting will be put to vote by poll.
- (i) The members are advised to refer to the Administrative Notes on the registration process for the Meeting.
- (j) The Broadcast Venue is strictly for the purpose of complying with Section 327(2) of the Companies Act 2016 which requires the Chairman of the Meeting to be present at the main venue of the Meeting and in accordance with Clause 62 of the Company's Constitution. Members or proxies WILL NOT BE ALLOWED to attend the Meeting in person at the Broadcast Venue on the day of the Meeting. Members are advised to refer to the Administrative Notes on the registration and voting process for the Meeting.
- (k) Kindly check Bursa Securities' and Company's website at <https://sunview.com.my/> for the latest updates on the status of the Meeting.

NOTICE OF ANNUAL GENERAL MEETING (CONTINUED)**EXPLANATORY NOTES TO ORDINARY AND SPECIAL BUSINESS****1. Item 1 of the Agenda – Audited Financial Statements for the financial year ended 31 March 2024**

The Agenda is meant for discussion only as the provision of Section 340(1)(a) of the Act does not require the formal approval of the shareholders for the Audited Financial Statements. Hence, this Agenda is not put forward for voting.

2. Item 2 of the Agenda – Directors' Fees and Benefits

Pursuant to Section 230(1) of the Act, the directors' fees and any benefits payable to the directors of a listed company and its subsidiaries shall be approved by the shareholders at a general meeting. This resolution is to facilitate payment of Directors' fees and benefits for the period commencing from the date immediately after the 3rd AGM until the date of the next AGM of the Company.

In the event the proposed amount is insufficient due to more meetings or an enlarged Board size, approval will be sought at the next AGM for such shortfall.

3. Item 3 of the Agenda – Re-election of Directors

Clause 89 of the Company's Constitution provides that one-third (1/3) of the Directors of the Company for the time being or if their number is not three (3) or a multiple of three (3), then the number nearest to one-third (1/3) shall retire from office and be eligible for re-election PROVIDED ALWAYS that all Directors shall retire from office at least once every three (3) years but shall be eligible for re-election. Hence, three (3) out of eight (8) Directors of the Company are to retire in accordance with Clause 89 of the Company's Constitution.

Following thereto, En. Zulkifly Bin Zakaria, Mr. Khoo Kah Kheng and Pn. Norashikin Binti Abdul Rani will retire by rotation pursuant to Clause 89 of the Company's Constitution (collectively referred to as "Retiring Directors"). The Retiring Directors being eligible, have offered themselves for re-election at the 3rd AGM.

The Board has endorsed the Nomination Committee's recommendation to seek shareholders' approval to re-elect the Retiring Directors as they possess the required skill sets to facilitate and contribute to the Board's effectiveness and value.

The Retiring Directors had abstained from all deliberations and decisions on their own eligibility to stand for re-election at the Board meeting.

The details and profiles of the Retiring Directors are provided in the Company's Annual Report 2024.

NOTICE OF ANNUAL GENERAL MEETING (CONTINUED)

EXPLANATORY NOTES TO ORDINARY AND SPECIAL BUSINESS (CONTINUED)**4. Item 5 of the Agenda – General Authority for the Directors to issue and allot shares pursuant to Sections 75 and 76 of the Act**

The Company had at its Second AGM held on 26 September 2023 (“2nd AGM”), obtained a general mandate pursuant to Sections 75 and 76 of the Act from its shareholders, to empower the Directors to issue and allot shares in the Company to such persons, at any time, and upon such terms and conditions and for such purposes as the Directors may, in their absolute discretion, deem fit, provided that the aggregate number of shares to be issued does not exceed ten per centum (10%) of the total number of issued shares of the Company (excluding treasury shares) at any point of time.

The Ordinary Resolution 6 proposed under item 5 of the Agenda, is a renewal of the general mandate for issuance and allotment of shares by the Company pursuant to Sections 75 and 76 of the Act. This Ordinary Resolution, if passed, will empower the Directors to issue and allot new shares in the Company up to an amount not exceeding in total 10% of the total number of issued shares of the Company (10% General Mandate) for such purposes as the Directors consider would be in the interest of the Company. This would avoid any delay and cost involved in convening at a general meeting to approve such an issue of shares. This authority, unless revoked or varied by the Company at a general meeting, will expire at the conclusion of the next AGM or the expiration of the period within which the next AGM is required by law to be held, whichever is earlier.

This general mandate will provide flexibility to the Company for issuance and allotment of shares for any possible fund raising activities, including but not limited to further placing of shares, for the purpose of funding future investment project(s), working capital and/or acquisition(s).

The Company had undertaken a private placement exercise pursuant to the general mandate granted to the Directors at the 2nd AGM (“Private Placement”). As at the date of this Notice, the Company had issued a total of 46,800,000 new ordinary shares under the Private Placement and raised total proceeds of RM29,853,473.10.

The details of utilisation of proceeds from the Private Placement were as follows:-

Details of Utilisation	Amount of Proceeds RM'000	Amount Utilised RM'000	Amount Unutilised RM'000
Working capital for Engineering, Procurement, Construction and Commissioning (“EPCC”) projects	29,453	(29,453)	-
Estimated expenses in relation to the Proposed Private Placement	400	(400)	-
Total gross proceeds raised	29,853	(29,853)	-

Where a member appoints more than one (1) proxy, he/she shall specify the proportion of his/her shareholdings to be represented by each proxy.
- A proxy may, but need not, be a member of the Company. A proxy appointed to attend and vote at the Meeting shall have the same rights as the member to speak and vote at the Meeting.
- The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing, or if the appointor is a corporation, either under its common seal or signed by an officer or attorney duly authorised.
- Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, it may appoint one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
- Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds. The appointment of multiple proxies shall not be valid unless the proportion of its shareholdings represented by each proxy is specified.
- To be valid, the instrument appointing a proxy may be made in a hard copy form or by electronic means in the following manner and must be received by the Company not less than forty-eight (48) hours before the time for holding the Meeting or adjourned meeting:-

i. In hard copy form

In the case of an appointment made in hard copy form, the Proxy Form must be deposited at the Company's Share Registrar, Boardroom Share Registrars Sdn. Bhd. at 11th Floor, Menara Symphony, No. 5, Jalan Prof. Khoo Kay Kim, Seksyen 13, 46200 Petaling Jaya, Selangor Darul Ehsan, Malaysia.

ii. By electronic form

The Proxy Form can be electronically submitted via e-mail to bsr.helpdesk@boardroomlimited.com (for Corporate Shareholders, Authorised Nominee and Exempt Authorised Nominee only) or submitted via Boardroom Smart Investor Portal at <https://investor.boardroomlimited.com>.

- For the purpose of determining a member who shall be entitled to attend the Meeting, the Company will be requesting Bursa Malaysia Depository Sdn. Bhd. in accordance with Clause 65 of the Company's Constitution to issue a General Meeting Record of Depositors as at 19 September 2024. Only members whose names appear in the General Meeting Record of Depositors as at 19 September 2024 shall be regarded as members and entitled to attend, participate, speak and vote at the Meeting.
- All the resolutions as set out in this Notice of Meeting will be put to vote by poll.
- The members are advised to refer to the Administrative Notes on the registration process for the Meeting.
- The Broadcast Venue is strictly for the purpose of complying with Section 327(2) of the Companies Act 2016 which requires the Chairman of the Meeting to be present at the main venue of the Meeting and in accordance with Clause 62 of the Company's Constitution. Members or proxies WILL NOT BE ALLOWED to attend the Meeting in person at the Broadcast Venue on the day of the Meeting. Members are advised to refer to the Administrative Notes on the registration and voting process for the Meeting.
- Kindly check Bursa Securities' and Company's website at <https://sunview.com.my/> for the latest updates on the status of the Meeting.
