Ni Hsin Inks Deal With MYUS To Market EBIXON Motorcycles

KUALA LUMPUR: Ni Hsin Group Bhd's wholly-owned subsidiary Ni Hsin EV Mobility Sdn Bhd has signed a master dealer agreement with MYUS Autotech Sdn Bhd to promote and market EBIXON motorcycles in Perlis and Langkawi.

In a statement, Ni Hsin said MYUS will also be promoting the rental of EBIXON motorcycles. It said the rental operations will be based at the Kuala Perlis Jetty where there is a constant stream of visitors and tourists coming in and out from Langkawi.

"In line with the recognition of Perlis as a responsible geopark, the promotion of EBIXON motorcycles also helps to support the vision and mission to improve the geopark's achievements. "This will encourage more locals in Perlis and tourists to use EV motorcycles as a green alternative means of transport in the state of Perlis and Langkawi," said Ni Hsin EV Mobility managing director Khoo Chee Kong.
