Chairman's Statement

DEAR SHAREHOLDERS,

On behalf of the Board of Directors of My E.G. Services Berhad (MYEG or the Company), it is my pleasure to present to you the Company's Annual Report and financial statements for the financial year ended 30 June 2012 ("FY2012").

In the year under review, Malaysia's Gross Domestic Product (GDP) in 2011 grew by 5.1%, which was slightly lower than the 7.2% recorded in 2010. Despite the economic turmoil overseas, Malaysia continued to register positive results in the first half of 2012 with 5.4% GDP growth. This was due to stronger-than-anticipated domestic demand.

In the Information and Communication Technology ("ICT") sector, the Malaysian Communications and Multimedia Commission reported that, Malaysia's internet broadband penetration had moved a step higher to 63.7% as at 30 June 2012 which translates to an approximate 6.7 million households nationwide.

These positive indicators created a conducive landscape for the Malaysian Government's plans to encourage greater adoption of online transactions and e-Government initiatives in particular.

Financial Performance

I'm pleased to announce that MYEG has attained yet another outstanding performance in FY2012, with record group net profit of RM27.3 million on the back of its highest-ever group revenue of RM66.9 million.

This showing surpasses the Group's performance in the previous financial year, with group net profit of RM22.1 million on RM58.8 million in group revenue.

Correspondingly, basic earnings per share improved to 4.6 sen in FY2012 compared to 3.7 sen previously, representing 24.3% increase.

Dato' Dr Norraesah binti Haji Mohamad
Executive Chairman

Chairman's Statement cont'd

Among the factors contributing to the the Group's commendable results in FY2012 were the overall increases in transaction volume of our e-Government services, primarily the online Road Tax and Auto-insurance renewal services, as well as the Highway Code test-taking service.

Further, we have observed that a substantial portion of our 10 million strong user base utilised our e-Government services on a repeated basis. This certainly indicates users' preference in using the MYEG portal to transact with the Government.

Indeed, we are happy that the adoption of MYEG's services continues to gain traction.

This is also reflected in our financial results over the years, where group revenues have climbed steadily by 32.3% on a compounded annual basis from FY2007 to FY2012, and group net profits expanded by 31.1% in the same period.

As at 30 June 2012, group shareholders equity rose to RM118.7 million compared to RM100.0 million in the previous year. Total borrowings was slightly higher at RM11.6 million as compared to RM10.5 million previously, due to the Group's further capital expenditure for new e-Government services. Nevertheless, the Group's balance sheet remained healthy, with net gearing of 0.01 time at end of FY2012.

Dividend

MYEG had declared and paid its first interim tax exempt dividend of 0.5 sen per ordinary share on 21 May 2012, in respect of FY2012.

With the Group's positive financial position, the Board has proposed a final tax exempt dividend of 0.9 sen per ordinary share in respect of FY2012 subject to the shareholders' approval at the forthcoming AGM of MYEG.

Shareholders' approval of this final dividend in the upcoming Annual General Meeting would see the Group paying a total of 1.4 sen per ordinary share in respect of FY2012. This will translate to a total dividend payout of RM8.4 million or 30.7% of FY2012 net profit, in line with our dividend policy of minimum 30% of profit.

Corporate Developments

- *Memorandum of Understanding (MOU) between MYEG and National Information Technologies JSC (NIT) of the Republic of Kazakhstan*

On 17 April 2012, the Group signed a new MOU with NIT to build upon the MOU that was signed in previous year. This agreement will see the Group working with NIT on scientific, technological, innovative, and academic activities in Kazakhstan, and augurs well for the Group's expansion plans to overseas markets.

- *Attainment of tax free incentive for My EG Sdn Bhd ("EGSB")*

MYEG's wholly-owned subsidiary, EGSB was granted Pioneer Status incentive under Promotion of Investments Act, 1986 which will qualify the subsidiary for 10 years of Tax Free status commencing from April 2011.

- *Acquisition of shares in My E.G. Capital Sdn Bhd ("MYEGC") and iPidato Sdn Bhd ("ISB")*

On 14 February 2012, MYEG had completed the acquisition of 2 ordinary shares of RM1.00 each in MYEGC, resulting in MYEGC becoming a wholly-owned subsidiary of MYEG. This acquisition is to streamline MYEG's group structure for any expansion of business that may be contemplated in the future.

On 12 March 2012, MYEGC acquired 2 ordinary shares of RM1.00 each in ISB, resulting in ISB becoming a wholly-owned subsidiary of MYEGC, which in turn is the sub-subsidiary of the Company. The ISB's online debate platform provides a portal to the public who wants to debate on a variety of current issues and create awareness amongst the younger generation on current issues affecting the nation.

Future Outlook

The Malaysian Government has identified internet penetration as one of the key milestones towards achieving a knowledge-based economy. The Government's commitment to this objective is demonstrated in various initiatives to improve internet infrastructure in the urban and rural communities, as well as in its constant encouragement of Government agencies to consider providing the online option to complement existing over-the-counter services for enhanced public service delivery.

We believe that our track record in successfully rolling out e-Government services in the past decade places us well in accelerating the pace of expansion going forward. Mindful of this, MYEG will continue its efforts to provide a more positive experience for users, through the introduction of more innovative services to enable members of the public to conveniently transact with the Government.

We will also continue our efforts to make MYEG a household name through our nationwide advertising and promotional campaigns.

We are confident that this twin-pronged approach will reinforce our position as Malaysia's leading e-Government service provider.

Corporate Responsibility ("CR")

As part of CR, MYEG has always been supportive of youth development programmes as we see youth as the next generation leaders and entrepreneurs.

MYEG played an important role in encouraging the young generation to be "technopreneur". With this in mind, we continued with the second season of the television reality show "Make The Pitch" to encourage the birth of new and innovative ideas and the commercialisation of these ideas.

We had also supported the Youth Trust Foundation which organized the Youth Social Business Summit program. This program is dedicated to getting young people involved in social activism and entrepreneurship through social business.

Amongst the major CR initiatives carried out by MYEG in FY12 is to support the Cambodian Muslim Development Foundation which runs training centers set up to provide training and improve the education of Muslim youths in Cambodia.

As a responsible corporate citizen, MYEG has also made donations to charitable organizations, sponsoring underprivileged students and charity events organized by school societies.

Within our organization, we are constantly looking into the welfare of our staff. In additions to the various health and safety policies and programmes, we also provide continuous training activities and have in place

an education subsidy scheme to allow our employees to continually upgrade their knowledge and skills. We believe these initiatives will enhance our employees' capabilities and contribute significantly to MYEG in the long term.

Corporate Governance

The Group will continue to uphold effective corporate governance and maintain the high standards of business practices that are expected of us as a listed entity. We are determined to consistently implement these principles and policies to our daily operational activities to protect our shareholders' value. A review of the Group's corporate governance policies is included in this Annual Report.

Acknowledgements

FY2012 has been a commendable year for the Group and for this, we would like to express our gratitude to the various Government agencies and authorities for their confidence and support in MYEG.

I would also like to thank the Board, management, and employees of MYEG for their tireless contribution to the Group, their unwavering reliability and constant stream of innovative ideas to take the Group one step further.

Our appreciation also goes out to our valued shareholders, business partners, bankers, and clients for their continuous support.

The year ahead looks bright and we promise to provide more innovative e-Government services to further serve the public better.

Dato' Dr Norraesah binti Haji Mohamad
Executive Chairman

Business Review

We are pleased to report that the Group performed favourably in FY2012, with group revenue rising to RM66.9 million from RM58.8 million recorded in FY2011. This is the result of our concerted efforts in enhancing our suite of e-Government services as well as brand building efforts of MYEG.

- **Increasing take-up rates of existing services**

In the year under review, the Group saw significant increases in transaction volumes for our existing services, namely the Road Transport Department (“RTD”) or RTD-related services. For example, our Road Tax renewal service recorded an average of 9,000 transactions per day, indicating users’ trust in our reliable service.

There was also a positive uptrend in adoption of our Insolvency Search services, as well as the online foreign worker permit renewal services despite the freeze of Indonesian and Cambodian maids in the past year.

- **Enhancing the breadth and reach of our suite of services**

While heartened by the public’s growing adoption of e-Government services, the Group constantly endeavoured to introduce new services to benefit a wider community.

To this end, MYEG introduced the Temporary Vehicle Ownership Transfer or “Sistem Tukar Milik Sementara” on 5 December 2011. This new service was introduced to solve all issues concerning the transfer of ownership when the vehicle is sold to a used-car dealer. This service would ensure that the right party will bear the responsibility in the event that traffic summonses or other actions are issued against the vehicle during the “transitional phase”, thereby protecting the seller.

The rollout of new services was accompanied by the corresponding increase in our geographical reach. MYEG has increased the number of E-Service Kiosks in FY2012 to 645, as compared to 495 in the previous year. With this, we hope to further improve user accessibility to our e-Government services.

- **Strengthening the MYEG brand**

In the year under review, MYEG has continued to invest in Marketing, Advertising and Promotional (“A&P”) efforts to increase our visibility amongst the net-savvy generation.

MYEG is the proud sponsor of key sporting events on cable television such as the Barclays Premier League and various contests on television and radio broadcast stations as well as on social media networks such as Facebook.

The Group also participated in numerous entertainment sponsorships namely the “Konsert Kemuncak Raya Suria FM” on 1 October 2011, “Faye Wong 2011 Concert Tour in Kuala Lumpur” on 6 November 2011 and the “Lee Hom: Music Man II” concert on 3 March 2012.

We have also raised the ante on actively engaging with the public via social media sites. We are currently active on the “Friends of MYEG” Facebook page and the “@myegclub” on Twitter, whereby our customers and followers are able to make enquiries about our services. To date, our Facebook site has garnered over 67,000 ‘likes’ and our Twitter account has over 1,000 ‘followers’ with whom we interact regularly.

In addition to users engagement with MYEG, we decidedly wish to encourage meaningful interaction between members of the public in the online sphere. It is with this in mind that we rolled out our new online debating portal, www.iPidato.com in April 2012. This portal would provide users with a convenient platform to discuss topics of interest in a transparent and effective manner.

- **Strengthening the MYEG brand** *(cont'd)*

Since its commencement, www.iPidato.com has played host to numerous debates, including those between politicians from both sides of the fence, witnessed by the general public and decided by online votes. We at MYEG strongly believe that www.iPidato.com would not only promote wholesome debates but also sharpen users' analytical skills and critical thinking.

MYEG is dedicated to spurring the spirit of innovation amongst Malaysians. We are delighted with the overwhelming response to "Make the Pitch", our reality television contest aimed at discovering viable business ideas from Malaysian technopreneurs and giving them a head start to realize the full potential of their business ideas. To date, MYEG has successfully completed two seasons of the series, and are pleased to play a pivotal role in assisting these technopreneurs in their entrepreneurial journey.

FUTURE OUTLOOK

The results in the year under review have demonstrated the Group's continuous efforts to boost the awareness of our brand and business. We certainly believe that with our track record thus far and strategies in place, the Group is set for a stronger year ahead.

MYEG will continue to constantly upgrade the existing e-Government services to provide our users with an increasingly efficient platform to conduct their e-Government transactions.

A case in point is the Voluntary Vehicle Ownership Transfer Service or "Sistem Tukar Milik Sukarela", which was officially launched on 8 August 2012. Unlike the Temporary Vehicle Ownership Transfer Service, this service would allow the seller to undertake online transfers of vehicle ownership directly to the buyers, subject to the necessary online approvals from the RTD and other authorities.

Our commitment to serve the public does not end here, as we are continuously investing in research and development to provide new innovative ideas and services that will be introduced in the future. In the pipeline, and amongst others, is new e-Government services for the Immigration and Customs Departments, amongst others, that would be rolled-out at a later date.

The Group is also dedicated to enhancing our brand equity through A&P efforts. These include the commencement of the third season of "Make The Pitch", as well as other marketing initiatives. Moreover, awareness of our iPidato platform has also risen a notch, as we are currently playing host to the World Universities Peace Invitational Debate ("WUPID") which has seen the participation of top universities around the world. Amongst the top ranked universities are Yale, Sydney Union, Oxford Union, Monash and Harvard.

MYEG is set for a busy year ahead and we strongly believe that by capitalizing on our strengths, we will be able to continue to provide the public with efficient and innovative e-Government services that will propel the nation to the next level.

Events Highlight

Launch of New Online Service

In December 2011, MYEG launched the first phase of its online vehicle ownership transfer service, which is the Temporary Vehicle Ownership Transfer Service or “Sistem Tukar Milik Sementara”. Subsequently, on 8 August 2012, MYEG officially launched its Voluntary Vehicle Ownership Transfer Service, which covers all sale and registration of second hand vehicles. This system allows vehicle owners and eventual buyers the convenient option of transferring vehicle ownership online.

Introduction of Online Debate Portal

In April 2012, as part of our corporate responsibility, ISB, our sub-subsidiary rolled out a debating website www.ipidato.com, an online debate network for people who love debates and love to debate. iPidato was also a sponsor of WUPID.

Sponsorships of Events including Gala Dinners, Contests, Sports Entertainment and Live Concerts

MYEG was a main sponsor of Gala Dinner for Asian Business Angel Forum 2012 (“ABAF”).

MYEG continued to organize the online contest via social media such as “Syoknya Raya 2012” for the second consecutive year.

MYEG continued with its sponsorship of Barclays Premier League for season 2012/2013 which started in August 2012.

MYEG was a presentation sponsor and co-sponsor for live concerts of famous artiste namely Jacky Cheung, Lee Hom, A Mei, Kenny G, Fish Leong and Hacken Lee.

Television Reality Show

Due to the overwhelming response for the television reality show “Make The Pitch” which was launched in July 2011, MYEG continued with the Second Season of this reality show which commenced in July 2012.

Conferences and Exhibitions

MYEG continued to participate actively in exhibitions and road shows organized by the government agencies namely RTD handholding programmes and Malaysia Department of Insolvency (“MDI”) Interactive Day, which was intended to create awareness amongst the Malaysian public especially in the rural areas.

MYEG also sponsored the Asian Business Angel Forum (“ABAF”) to enable a platform to bring the best of Asia’s angel investors, venture capitalists, decision makers, policy leaders and entrepreneurs together in one location.

Corporate Governance Statement

The Board of Directors (“the Board”) of the Company is committed to ensure that the principles and best practices in corporate governance as set out in the Malaysian Code on Corporate Governance (“the Code”) are observed and practised throughout the Group so that the affairs of the Group are conducted with integrity and professionalism with the objective of safeguarding shareholders’ investment and ultimately enhancing shareholders’ value.

The Board is pleased to provide the following statement of how the Group has applied the principles and complied with the best practices outlined in the Code and Paragraph 15.25 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”).

BOARD OF DIRECTORS

The Board

The Group is led by an effective and experienced Board with members from diverse backgrounds and specialisations possessing a wide range of expertise in areas such as finance, corporate affairs, accounting and marketing. Together they bring a broad range of skills, experience and knowledge which gives added strength to the leadership in managing and directing the Group’s operations.

The Board recognises its stewardship responsibilities to effectively discharge their role in charting the strategic direction, development and control of the Group. In summary, this includes the review and monitoring of matters relating to strategy, performance, resource allocation, standards of conduct, financial matters, succession planning, effectiveness and adequacy of the Group’s system of internal controls and risk management practices.

Composition and Board Balance

The Board currently comprising six (6) members; three (3) of whom are Executive Directors (including the Chairman) and three (3) Independent Non-Executive Directors. A brief profile of each Director is presented on pages 13 to 16 of the Annual Report.

The concept of independence adopted by the Board is in tandem with the definition of an independent Director in paragraph 1.01 of the Main Market Listing Requirements of Bursa Securities. The key element for fulfilling the criteria is the appointment of an independent Director who is not a member of management and who is free of any relationship which could interfere with the exercise of independent judgement or the ability to act in the best interest of the Company. The Board complies with Paragraph 15.02 of the Main Market Listing Requirements of Bursa Securities which requires at least two (2) Directors or one third (1/3rd) of the Board of the Company, whichever is the higher, are Independent Directors. If the number of Directors of the Company is not three (3) or a multiple of three (3), then the number nearest 1/3rd shall be used. In the event of any vacancy in the Board resulting in non-compliance with the requirements on Independent Directors, the vacancy must be filled within three (3) months of that event.

The Executive Directors are primarily responsible for the implementation of policies and decisions of the Board, overseeing the Group’s operations as well as co-ordinating the development and implementation of business and corporate strategies. The role of the Independent Non-Executive Directors is to provide objective and independent judgement to the decision making of the Board and as such, provide an effective check and balance to the Board’s decision making process.

With this composition of members, the Board is satisfied that it fairly reflects the investment of the minority shareholders and represents the required mix of skills and experience required for the effective discharge of the Board’s duties and responsibilities.

There is a clear division of responsibilities between the roles of the Chairman and Managing Director to ensure that there is equilibrium of power and authority in managing and directing the Group. The Chairman is primarily responsible for the effective and efficient conduct and working of the Board whilst the Managing Director oversees the day-to-day management of Group’s business operations and implementation of policies and strategies adopted by the Board.

Composition and Board Balance cont'd

The Board is of the opinion that the appointment of a Senior Independent Non-Executive Director to whom concerns can be conveyed is not necessary at this stage as the Chairman fully encourages active participation of each and every Board member at the Board meetings.

Board Meetings

During the financial year ended 30 June 2012, a total of five (5) Board meetings were held. As at the date of this Annual Report, the details of attendance of the Directors who are in office are as follows:

Name of Director	Designation	Meetings Attended
Dato' Dr Norraesah Binti Haji Mohamad	<i>Executive Chairman</i>	5/5
Wong Thean Soon	<i>Managing Director</i>	5/5
Dato' Raja Haji Munir Shah Bin Raja Mustapha	<i>Executive Director</i>	4/5
Datuk Mohd Jimmy Wong Bin Abdullah	<i>Independent Non-Executive Director</i>	5/5
Ng Fook Ai, Victor	<i>Independent Non-Executive Director</i>	5/5
Tan Sri Dato' Dr Muhammad Rais Bin Abdul Karim	<i>Independent Non-Executive Director</i>	5/5

Supply of Information

All Directors are provided with an agenda and a set of Board papers prior to the Board meetings and sufficient notice is given to the Directors to review the papers and agenda for the meeting.

Generally, the Board papers circulated include minutes of the previous meeting, quarterly and annual financial statements, corporate developments, minutes of Board Committees' meetings, acquisition and disposal proposals, updates from the Bursa Securities, list of directors' circular resolutions passed and report on the directors dealings in securities, if any.

The Directors, whether as a full Board or in their individual capacity, have unrestricted access to all information pertaining to the Group's business and affairs to enable them to carry out their duties effectively and diligently. Where considered necessary, the Board may obtain independent professional advice in the furtherance of their duties, at the Company's expense.

Every Director has unhindered access to the advice and services of the Company Secretaries. The Board believes that the current Company Secretaries are capable of carrying out their duties efficiently to ensure the effective functioning of the Board. In the event that the Company Secretaries fail to fulfil their functions effectively, the terms of their appointment permit their removal and appointment of a successor by the Board as a whole.

The Company Secretaries circulate relevant guidelines and updates on statutory and regulatory requirements from time to time for the Directors' reference and brief the board members on there updates quarterly. They also ensure that all Board meetings are properly convened and that accurate and proper records of the deliberations, proceedings and resolutions passed are recorded and maintained in the statutory register at the registered office of the Company. The external auditors also briefed the Board members on any Financial Reporting Standards that would affect the Group's financial statements during the year.

(c) Remuneration Committee ("RC") (cont'd)

The RC will meet at least once a year or at any time when the need arises. The quorum for each meeting shall be two (2) members.

During the financial year, the RC met once which was attended by all its members. The RC had reviewed and recommend to the Board, the remuneration package for the Managing Director and Executive Directors of the Company and further recommended the Non-Executive Directors; fees to the Board to seek shareholders' approval at the Company's Annual General Meeting.

Appointments and Re-election of Directors

Any appointment of a new Director to the Board or Board Committee is recommended by the NC for consideration and approval by the Board.

In accordance with the Company's Articles of Association, all Board members who are appointed by the Board shall be subjected to election by shareholders at the first opportunity of their appointment. The Company's Articles of Association also provide that at least one-third (1/3) of the Directors shall retire by rotation at each Annual General Meeting and that all Directors shall retire once every three (3) years. A retiring Director shall be eligible for re-election.

Directors over seventy (70) years of age are required to submit themselves for re-appointment annually in accordance with Section 129(6) of the Companies Act, 1965. Presently, there is no Director of the Company who is subject to such re-appointment.

Directors' Training

The Board acknowledges the importance of constantly updating itself on the industry's direction and development. They are provided with the opportunity for training and update from time to time, particularly on relevant new laws and regulations, financial reporting, risk management and investor relations to equip themselves with the knowledge to effectively discharge their duties as Directors.

For the financial year under review, the Directors attended various briefings, conferences, exhibitions, seminars and speaking engagements which they considered useful to enhance their business acumen and skills to meet challenging commercial risks and challenges. In addition to the above, all directors also attended a technical briefing on the amendments to the Main Market Listing Requirements of Bursa Securities, the New Corporate Disclosure Guide issued by Bursa Securities on 22 September 2011 and the Corporate Governance Blueprint issued by the Securities Commission Malaysia.

The Directors were also briefed by the Company Secretaries on the various amendments to the Main Market Listing Requirements of Bursa Securities.

Directors' Remuneration

The remuneration package are structured according to the skills, experience and performance of the Executive Directors to ensure the Group attracts and retains the Directors needed to run the Group successfully. The remuneration package of the Non-Executive Directors depends on their contribution to the Group in terms of their knowledge experience.

Details of the aggregate remuneration of Directors for the financial year ended 30 June 2012 are as follows:

For security and confidential reasons, the details of individual Directors' remuneration are not shown. The Board is of the opinion that the transparency and accountability aspects of corporate governance as applicable to Directors' remuneration are appropriately served by the disclosure made above.

RELATIONS WITH SHAREHOLDERS AND INVESTORS

The Group recognises the importance of effective communication with shareholders and the investment community, and adheres strictly to the disclosure requirements of Bursa Securities.

The Annual General Meeting ("AGM") is the principal forum for dialogue with the shareholders. At the AGM, the Board provides for opportunity for shareholders to raise questions pertaining to the business activities of the Group. All Directors are available to respond to questions from the shareholders at the AGM. The external auditors are also present to provide professional and independent clarification on issues and concerns raised by the shareholders.

To keep the shareholders and investors informed on the Group's latest business and corporate development, information is disseminated via Annual Report, circular to shareholders, press releases, quarterly financial results and various announcements made from time to time to Bursa Securities.

ACCOUNTABILITY AND AUDIT

Financial Reporting

In presenting the annual audited financial statements and interim financial statements on a quarterly basis to the shareholders, the Board is responsible to present a clear, balanced and understandable assessment of the Group's performance and position. The Audit Committee assists the Board in reviewing the information to be disclosed, to ensure the completeness, accuracy and adequacy of financial disclosures.

Internal Controls

The Company continues to maintain and review its internal control procedures to ensure, as far as possible, the protection of its assets and its shareholders' investments. The Audit Committee is assigned by the Board with the duty to review the adequacy and effectiveness of control procedures and report to the Board on major findings for deliberation.

The Statement on Internal Control set out on pages 28 to 29 of this Annual Report provides an overview of the state of internal controls within the Group.

SUMMARY OF ACTIVITIES UNDERTAKEN BY THE AC *(cont'd)*

During the financial year under review, the following activities were undertaken by the AC, including the deliberation on and review of: *(cont'd)*

- (h) the re-appointment of internal auditors and made the appropriate recommendation to the Board.
- (i) the AC Report and Statement on Internal Control before recommending the same to the Board for approval.
- (j) the related party transactions entered into by the Group to ensure that they were not detrimental to the interests of minority shareholders.
- (k) the extent of the Group and of the Company's compliance with the provisions set out under the Code for the purpose of preparing the Corporate Governance Statement and Statement of Internal Control pursuant to Listing Requirements of Bursa Securities and the Code.

TRAINING AND EDUCATION

During the financial year, the AC members attended a technical briefing on the amendments to the Listing Requirements of Bursa Securities, the New Corporate Disclosure Guide issued by Bursa Securities on 22 September 2011 and the Corporate Governance Blueprint issued by Securities Commission Malaysia, apart from reading Main Market Bursa's circulars and other technical, professional, financial and business literature to enhance their knowledge and enable them to discharge their duties more effectively.

INTERNAL AUDIT FUNCTION

The internal audit function of the Group is outsourced to an independent professional firm, which reports directly to the AC and assists the Board of Directors in monitoring and managing risks and internal controls. The function is designed to evaluate and enhance risk management, control and governance processes to assist Management in achieving its corporate goals.

The results of the reviews were formally reported to the AC. The internal audit reviews conducted did not reveal significant weaknesses which would result in material losses, contingencies or uncertainties that would require disclosure in the annual report. Senior Management has taken note of the findings and duly acted upon the recommendations made by the internal audit function.

Further details of the internal audit function are set out in the Statement on Internal Control on pages 28 to 29.

Statement on Internal Control

INTRODUCTION

The Board is pleased to provide a statement on the state of the internal control of the Group prepared in accordance with Paragraph 15.26(b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and the Statement on Internal Control: Guidance for Directors of Public Listed Companies ("Internal Control Guidance") in this annual report for the financial year ended 30 June 2012.

BOARD RESPONSIBILITY

The Board acknowledges its overall responsibility for the Group's system of internal controls, risk management and for reviewing the adequacy and integrity of systems of internal controls. The Board is also committed to establishing and maintaining a system of internal control and risk management practices in order to achieve the following objectives:

- Safeguard assets of the Group and shareholders' interest;
- Identify risk and ensuring the implementation of internal control systems to manage risks affecting the Group;
- Compliance with applicable laws, regulations, rules, directives and guidelines; and
- Operational results are closely monitored and substantial variances are promptly explained.

Given the inherent limitations in any system of internal control, such system can only manage the risk rather than eliminate the risk of failure to achieve the Group's corporate objectives. Therefore, the system can only provide reasonable but not absolute assurance against material misstatement or loss, contingencies, fraud or any irregularities.

RISK MANAGEMENT FRAMEWORK

The Board also recognises that risk management should be an integral part of the business operation.

On a day-to-day basis, respective Heads of Departments are responsible for managing risks related to their functions or departments. Weekly management meetings are held to ensure that the risks faced by the Group are monitored and properly addressed. It is at these meetings that key risks and corresponding controls implemented are communicated amongst the senior management team. Significant risks identified are subsequently brought to the attention of the Board at their scheduled meetings.

The abovementioned risk management practices of the Group is an on-going process of identifying, evaluating and managing significant risks that may affect the Group's achievement of its corporate objectives.

INTERNAL AUDIT FUNCTION

The Group's internal audit function is outsourced to an independent professional firm which reports directly to the AC. The internal audit function is guided by its Audit Charter and to assist the Board and AC in providing independent assessment of the effectiveness, adequacy and integrity of the Group's system of internal controls.

During the financial year ended 30 June 2012, the internal audit function carried out audits in accordance with the internal audit plan approved by the AC and also other areas of significance that were recommended by the Management to the AC. The results of the internal audit reviews and the recommendations for improvement were presented to the AC at their quarterly meetings.

In addition, follow up visits were also conducted to ensure that corrective actions have been implemented in a timely manner. Based on the internal audit reviews conducted, none of the weaknesses noted have resulted in any material losses, contingencies or uncertainties that would require separate disclosure in this annual report.

Statement on Internal Control cont'd

INTERNAL AUDIT FUNCTION *(cont'd)*

For the financial year ended 30 June 2012, the amount of fees incurred in respect of the internal audit reviews performed by the professional service firm was approximately RM45,000.

OTHER KEY ELEMENTS OF INTERNAL CONTROLS

The other key elements of the Group's internal control systems are:

- (i) Quarterly review of the financial performance of the Group by the Board and the Audit Committee.
- (ii) Clearly defined and structured lines of reporting and responsibility.
- (iii) Operations review meetings are held to monitor the progress of business operations, deliberate significant issues and formulate corrective measures.
- (iv) Documented internal policies as set out in a series of memorandums to various departments within the Group.

ASSURANCE

The Board is of the view that the Group's system of internal controls is adequate to safeguard shareholders' investments and the Group's assets. However, the Board is also cognizant of the fact that the Group's system of internal controls and risk management practices must continuously evolve to meet the changing and challenging business environment. Therefore, the Board will, when necessary, put in place appropriate action plans to further enhance the system of internal controls.

REVIEW BY EXTERNAL AUDITORS

The external auditors have reviewed this Statement on Internal Control pursuant to Paragraph 15.23 of the Main Market Listing Requirements of Bursa Securities, and have reported to the Board that it appropriately reflects the processes that the Board has adopted in reviewing the adequacy and integrity of the system on internal controls.

The directors propose the payment of a final tax-exempt dividend of 0.90 sen per ordinary share in respect of the current financial year. The proposed dividend is subject to the approval of the shareholders at the forthcoming Annual General Meeting and has not been included as a liability in the financial statements.

RESERVES AND PROVISIONS

All material transfers to or from reserves or provisions during the financial year are disclosed in the financial statements.

ISSUES OF SHARES AND DEBENTURES

During the financial year,

- (a) there were no changes in the authorised and issued and paid-up share capital of the Company; and
- (b) there were no issues of debentures by the Company.

OPTIONS GRANTED OVER UNISSUED SHARES

During the financial year, no options were granted by the Company to any person to take up any unissued shares in the Company.

TREASURY SHARES

The details of the treasury shares purchased and retained by the Company during the financial year are shown in Note 18 to the financial statements.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for impairment losses on receivables, and satisfied themselves that there are no known bad debts and that adequate allowance had been made for impairment losses on receivables.

At the date of this report, the directors are not aware of any circumstances that would require the writing off of bad debts, or the additional allowance for impairment losses on receivables in the financial statements of the Group and of the Company.

CURRENT ASSETS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that any current assets other than debts, which were unlikely to be realised in the ordinary course of business, including their value as shown in the accounting records of the Group and of the Company, have been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

Directors' Report cont'd

CONTINGENT AND OTHER LIABILITIES

The contingent liability is disclosed in Note 37 to the financial statements. At the date of this report, there does not exist:-

- (i) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (ii) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability of the Group and of the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF AN UNUSUAL NATURE

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect substantially the results of the operations of the Group and of the Company for the financial year.

Independent Auditors' Report

to the Members of My E.G. Services Berhad
(Incorporated in Malaysia) Company No: 505639-K

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of My E.G. Services Berhad, which comprise the statements of financial position as at 30 June 2012 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 42 to 94.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as of 30 June 2012 and of their financial performance and cash flows for the financial year then ended.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report the following:-

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- (b) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- (c) Our audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

Notes to the Financial Statements

for the Financial Year Ended 30 June 2012

1. GENERAL INFORMATION

The Company is a public company limited by shares under the Companies Act 1965 in Malaysia. The domicile of the Company is in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad. The registered office and principal place of business are as follows:-

Registered office : Lot 6.05, Level 6, KPMG Tower,
No.8, First Avenue,
Bandar Utama,
47800 Petaling Jaya, Selangor Darul Ehsan.

Principal place of business : Level 8, 1 First Avenue,
Persiaran Bandar Utama, Bandar Utama,
47800 Petaling Jaya, Selangor Darul Ehsan.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors dated 29 October 2012.

2. PRINCIPAL ACTIVITIES

The Company is principally engaged in the businesses of development and implementation of the Electronic Government Services project and the provision of other related services for the Electronic Government Services project, as well as investment holding. The principal activities of the subsidiaries are disclosed in Note 5 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

3. BASIS OF PREPARATION

The financial statements of the Group are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under significant accounting policies, and in compliance with Financial Reporting Standards ("FRS") and the Companies Act 1965 in Malaysia.

- (a) During the current financial year, the Group has adopted the following new accounting standards and IC Interpretations (including the consequential amendments):-

FRSs and IC Interpretations (including the Consequential Amendments)

Amendments to FRS 1 (Revised): Limited Exemption from Comparative FRS 7 Disclosures for First-time Adopters

Amendments to FRS 1 (Revised): Additional Exemptions for First-time Adopters

Amendments to FRS 2: Group Cash-settled Share-based Payment Transactions

Amendments to FRS 7: Improving Disclosures about Financial Instruments

IC Interpretation 4 Determining Whether An Arrangement Contains a Lease

IC Interpretation 18 Transfers of Assets from Customers

IC Interpretation 19 Extinguishing Financial Liabilities with Equity Instruments

Amendments to IC Interpretation 14: Prepayments of a Minimum Funding Requirement

Annual Improvement to FRSs (2010)

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 *cont'd*

3. BASIS OF PREPARATION *(cont'd)*

- (a) The adoption of the above accounting standards and interpretations (including the consequential amendments) did not have any material impact on the Group's financial statements, other than the following:

Amendments to FRS 7 expand the disclosure requirements in respect of fair value measurements and liquidity risk. In particular, the amendments require additional disclosure of fair value measurements by level of a fair value measurement hierarchy, as shown in Note 40(e) to the financial statements. Comparatives are not presented by virtue of the exemption given in the amendments.

Annual Improvements to FRSs (2010) contain amendments to 11 accounting standards that result in accounting changes for presentation, recognition or measurement purposes. These amendments have no material impact on the financial statements of the Group upon their initial application.

Furthermore, the amendments to FRS 101 (Revised) also clarify that an entity may choose to present the analysis of the items of other comprehensive income either in the statement of changes in equity or in the notes to the financial statements. The Group has chosen to present the items of other comprehensive income in the statement of changes in equity.

- (b) The Group has not applied in advance the following accounting standards and interpretations (including the consequential amendments) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial year:-

FRSs and IC Interpretations (including the Consequential Amendments)	Effective Date
FRS 9 Financial Instruments	1 January 2015

3. BASIS OF PREPARATION *(cont'd)*

- (b) The Group has not applied in advance the following accounting standards and interpretations (including the consequential amendments) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial year:- *(cont'd)*

FRSs and IC Interpretations (including the Consequential Amendments)	Effective Date
IC Interpretation 15 Agreements for the Construction of RealEstate	Withdrawn on 19 November 2011
IC Interpretation 20 Stripping Costs in the Production Phase of a Surface Mine	1 January 2013
Annual Improvements 2012	1 January 2013

The Company's next set of financial statements for the annual period beginning on 1 July 2012 will be prepared in accordance with the Malaysian Financial Reporting Standards ("MFRSs") issued by the MASB that will also comply with International Financial Reporting Standards ("IFRSs"). As a result, the Company will not be adopting the above accounting standards and interpretations (including the consequential amendments).

Following the issuance of MFRSs (equivalent to IFRSs) by the MASB on 19 November 2011, the Company will be adopting the new accounting standards in the next financial year. The Company is currently in the process of assessing the impact of the adoption of these new accounting standards and the directors do not expect any significant impact on the financial statements arising from the adoption.

4. SIGNIFICANT ACCOUNTING POLICIES

(a) Critical Accounting Estimates and Judgements

Estimates and judgements are continually evaluated by the directors and management and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and judgements that affect the application of the Group's and the Company's accounting policies and disclosures, and have a significant risk of causing a material adjustment to the carrying amounts of assets, liabilities, income and expenses are discussed below:-

(i) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The details of revenue recognition policies are disclosed in Note 4(r) to the financial statements.

(ii) Depreciation of Equipment

The estimates for the residual values, useful lives and related depreciation charges for the equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions.

The Group anticipates that the residual values of its equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount.

Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 *cont'd*

4. SIGNIFICANT ACCOUNTING POLICIES *(cont'd)*

(a) Critical Accounting Estimates and Judgements *(cont'd)*

(iii) *Income Taxes*

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Group recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax and deferred tax provisions in the period in which such determination is made.

(iv) *Impairment of Goodwill*

Goodwill is tested for impairment annually and at other times when such indicators exist. This requires management to estimate the expected future cash flows of the cash-generating unit to which goodwill is allocated and to apply a suitable discount rate in order to determine the present value of those cash flows. The future cash flows are most sensitive to budgeted gross margins, growth rates estimated and discount rate used. If the expectation is different from the estimation, such difference will impact the carrying value of goodwill.

Information relating to goodwill is disclosed in Note 10 to the financial statements.

(v) *Impairment of Non-financial Assets*

When the recoverable amount of an asset is determined based on the estimate of the value-in-use of the cash-generating unit to which the asset is allocated, the management is required to make an estimate of the expected future cash flows from the cash-generating unit and also to apply a suitable discount rate in order to determine the present value of those cash flows.

(vi) *Amortisation of Development Costs*

Changes in the expected level of usage and technological development could impact the economic useful lives therefore future amortisation charges could be revised.

(vii) *Impairment of Trade and Other Receivables*

An impairment loss is recognised when there is objective evidence that a financial asset is impaired. Management specifically reviews its loans and receivables financial assets and analyses historical bad debts, customer concentrations, customer creditworthiness, current economic trends and changes in the customer payment terms when making a judgement to evaluate the adequacy of the allowance for impairment losses. Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. If the expectation is different from the estimation, such difference will impact the carrying value of receivables.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 cont'd

4. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(b) Financial Instruments

Financial instruments are recognised in the statements of financial position when the Group has become a party to the contractual provisions of the instruments.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

A financial instrument is recognised initially, at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument.

Financial instruments recognised in the statements of financial position are disclosed in the individual policy statement associated with each item.

(i) Financial Assets

On initial recognition, financial assets are classified as either financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables financial assets or available-for-sale financial assets, as appropriate.

- *Financial Assets at Fair Value Through Profit or Loss*

Financial assets are classified as financial assets at fair value through profit or loss when the financial asset is either held for trading or is designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges.

Financial assets at fair value through profit or loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. Dividend income from this category of financial assets is recognised in profit or loss when the Group's right to receive payment is established.

- *Held-to-maturity Investments*

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the management has the positive intention and ability to hold to maturity. Held-to-maturity investments are measured at amortised cost using the effective interest method less any impairment loss, with revenue recognised on an effective yield basis.

- *Loans and Receivables Financial Assets*

Trade and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables financial assets. Loans and receivables financial assets are measured at amortised cost using the effective interest method, less any impairment loss. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 cont'd

4. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(b) Financial Instruments (cont'd)

(i) Financial Assets (cont'd)

- *Available-for-sale Financial Assets*

Available-for-sale financial assets are non-derivative financial assets that are designated in this category or are not classified in any of the other categories.

After initial recognition, available-for-sale financial assets are remeasured to their fair values at the end of each reporting period. Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the fair value reserve, with the exception of impairment losses. On derecognition, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity into profit or loss.

Dividends on available-for-sale equity instruments are recognised in profit or loss when the Group's right to receive payments is established.

Investments in equity instruments whose fair value cannot be reliably measured are measured at cost less accumulated impairment losses, if any.

(ii) Financial Liabilities

All financial liabilities are initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method other than those categorised as fair value through profit or loss.

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges.

(iii) Equity Instruments

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from proceeds.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

(iv) Treasury Shares

When the Company's own shares recognised as equity are purchased by the Company, the amount of the consideration paid, including all costs directly attributable, are recognised as a deduction from equity. Own shares purchased that are not subsequently cancelled are classified as treasury shares and are presented as a deduction from total equity.

Where such shares are subsequently sold or reissued, any consideration received, net of any direct costs, is included in equity.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 cont'd

4. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(c) Functional and Presentation Currency

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency.

The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

(d) Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 30 June 2012.

A subsidiary is defined as a company in which the parent company has the power, directly or indirectly, to exercise control over its financial and operating policies so as to obtain benefits from its activities.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

Intragroup transactions, balances, income and expenses are eliminated on consolidation. Where necessary, adjustments are made to the financial statements of subsidiaries to ensure consistency of accounting policies with those of the Group.

Non-controlling interests are presented within equity in the consolidated statement of financial position, separately from the Company's shareholders' equity, and are separately disclosed in the consolidated statement of comprehensive income. Transactions with non-controlling interests are accounted for as transactions with owners and are recognised directly in equity. Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

At the end of each reporting period, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of consideration paid or received is recognised directly in equity and attributed to owners of the parent.

Upon loss of control of a subsidiary, the profit or loss on disposal is calculated as the difference between:-

- (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest in the former subsidiary; and
- (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the former subsidiary and any non-controlling interests.

Amounts previously recognised in other comprehensive income in relation to the former subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained profits) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under FRS 127.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 *cont'd*

4. SIGNIFICANT ACCOUNTING POLICIES *(cont'd)*

(d) Basis of Consolidation *(cont'd)*

Business combinations from 1 July 2010 onwards

Acquisitions of businesses are accounted for using the acquisition method. Under the acquisition method, the consideration transferred for acquisition of a subsidiary is the fair value of the assets transferred, liabilities incurred and the equity interests issued by the Group at the acquisition date. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs, other than the costs to issue debt or equity securities, are recognised in profit or loss when incurred.

In a business combination achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Non-controlling interests in the acquiree may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets at the date of acquisition. The choice of measurement basis is made on a transaction-by-transaction basis.

Business combinations before 1 July 2010

All subsidiaries are consolidated using the purchase method. At the date of acquisition, the fair values of the subsidiaries' net assets are determined and these values are reflected in the consolidated financial statements. The cost of acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree, plus any costs directly attributable to the business combination.

Non-controlling interests are initially measured at their share of the fair values of the identifiable assets and liabilities of the acquiree as at the date of acquisition.

(e) Goodwill on Consolidation

Goodwill is measured at cost less accumulated impairment losses, if any. The carrying value of goodwill is reviewed for impairment annually. The impairment value of goodwill is recognised immediately in profit or loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Business combinations from 1 July 2010 onwards

Under the acquisition method, any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interests recognised and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities at the date of acquisition is recorded as goodwill.

Where the latter amount exceeds the former, after reassessment, the excess represents a bargain purchase gain and is recognised as a gain in profit or loss.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 cont'd

4. SIGNIFICANT ACCOUNTING POLICIES *(cont'd)*

(e) Goodwill on Consolidation *(cont'd)*

Business combinations before 1 July 2010

Under the purchase method, goodwill represents the excess of the fair value of the purchase consideration over the Group's share of the fair values of the identifiable assets, liabilities and contingent liabilities of the subsidiaries at the date of acquisition.

If, after reassessment, the Group's interest in the fair values of the identifiable net assets of the subsidiaries exceeds the cost of the business combinations, the excess is recognised as income immediately in profit or loss.

(f) Investments in Subsidiaries

Investments in subsidiaries are stated at cost in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable.

On the disposal of the investments in subsidiaries, the difference between the net disposal proceeds and the carrying amount of the investments is recognised in profit or loss.

(g) Investments in Associates

An associate is an entity in which the Group and the Company have a long-term equity interest and where it exercises significant influence over the financial and operating policies.

Investments in associates are stated at cost in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable.

The investment in an associate is accounted for under the equity method, based on the financial statements of the associate made up to 30 June 2012. The Group's share of the post acquisition profits of the associate is included in the consolidated statement of comprehensive income and the Group's interest in the associate is carried in the consolidated statement of financial position at cost plus the Group's share of the post acquisition retained profits and reserves.

Unrealised gains on transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate. Unrealised losses are eliminated unless cost cannot be recovered.

If the unrealised gain is in excess of the Group's equity interest, the excess is deferred through the creation of deferred revenue.

On the disposal of the investments in associates, the difference between the net disposal proceeds and the carrying amount of the investments is recognised in profit or loss.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 cont'd

4. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(h) Equipment

Equipment are stated at cost less accumulated depreciation and impairment losses, if any.

Depreciation is calculated under the straight-line method to write off the cost of the assets over their estimated useful lives. Depreciation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated. The principal annual rates used for this purpose are:-

Motor vehicles	16%
Office and communication equipment	12%
Office furniture and renovation	10%
Computers	20%
Software	20%

The depreciation method, useful lives and residual values are reviewed, and adjusted if appropriate, at the end of each reporting period to ensure that the amounts, method and periods of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of the equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when the cost is incurred and it is probable that the future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of parts that are replaced is derecognised. The costs of the day-to-day servicing of equipment are recognised in profit or loss as incurred. Cost also comprises the initial estimate of dismantling and removing the asset and restoring the site on which it is located for which the Group is obligated to incur when the asset is acquired, if applicable.

An item of equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset is recognised in profit or loss.

(i) Impairment

(i) Impairment of Financial Assets

All financial assets (other than those categorised at fair value through profit or loss), are assessed at the end of each reporting period whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. For an equity instrument, a significant or prolonged decline in the fair value below its cost is considered to be objective evidence of impairment.

An impairment loss in respect of held-to-maturity investments and loans and receivables financial assets is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

An impairment loss in respect of available-for-sale financial assets is recognised in profit or loss and is measured as the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the fair value reserve. In addition, the cumulative loss recognised in other comprehensive income and accumulated in equity under fair value reserve, is reclassified from equity to profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(i) Impairment (cont'd)

(i) Impairment of Financial Assets (cont'd)

With the exception of available-for-sale equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised. In respect of available-for-sale equity instruments, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss made is recognised in other comprehensive income.

(ii) Impairment of Non-Financial Assets

The carrying values of assets, other than those to which FRS 136 - Impairment of Assets does not apply, are reviewed at the end of each reporting period for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount of the assets is the higher of the assets' fair value less costs to sell and their value in use, which is measured by reference to discounted future cash flow.

An impairment loss is recognised in profit or loss immediately.

In respect of assets other than goodwill, and when there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately.

(j) Development Costs

Development expenditure is capitalised if, and only if an entity can demonstrate all of the following:-

- (i) its ability to measure reliably the expenditure attributable to the asset under development;
- (ii) the product or process is technically and commercially feasible;
- (iii) its future economic benefits are profitable;
- (iv) its ability to use or sell the developed asset; and
- (v) the availability of adequate technical, financial and other resources to complete the asset under development.

Development costs that have been capitalised are amortised from the commencement of the commercial service of the product to which they relate on a straight-line basis over the period of their expected benefits but not exceeding 20 years.

Development expenditure that does not meet the above criteria is recognised as an expense when incurred.

4. SIGNIFICANT ACCOUNTING POLICIES *(cont'd)*

(k) Equipment under Hire Purchase and Finance Lease

Leases of equipment where substantially all the benefits and risks of ownership are transferred to the Company are classified as finance leases.

Equipment acquired under hire purchase are capitalised in the financial statements.

Each lease or hire purchase payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding outstanding obligations due under the finance lease and hire purchase after deducting finance charges are included as liabilities in the financial statements.

Finance charges are recognised in profit or loss over the period of the respective lease and hire purchase agreements.

Equipment acquired under finance leases and hire purchase are depreciated over the useful lives of the assets. If there is no reasonable certainty that the ownership will be transferred to the Group, the assets are depreciated over the shorter of the lease terms and their useful lives.

(l) Operating Leases

Leases of assets where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments are made under operating leases (net of any incentives received from the lessor) are recognised in profit or loss on the straight-line basis over the lease period. When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognised as an expense in the period in which termination takes place.

(m) Income Taxes

Income taxes for the year comprise current and deferred tax.

Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences other than those that arise from goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. The carrying amounts of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred tax assets to be utilised.

Notes to the Financial Statements for the Financial Year Ended 30 June 2012 cont'd

4. SIGNIFICANT ACCOUNTING POLICIES *(cont'd)*

(m) Income Taxes *(cont'd)*

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred income taxes relate to the same taxation authority.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transactions either in other comprehensive income or directly in equity and deferred tax arising from a business combination is included in the resulting goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs.

(n) Borrowing Costs

All borrowing costs are recognised in profit or loss as expenses in the period in which they are incurred. Borrowing costs consist of interest and other costs that the Group and the Company incurred in connection with the borrowing of funds.

(o) Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, deposits pledged with financial institutions, bank overdrafts and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(p) Employee Benefits

(i) Short-term Benefits

Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are recognised in profit or loss and included in the development costs, in the period in which the associated services are rendered by employees of the Group.

(ii) Defined Contribution Plans

The Group's contributions to defined contribution plans are recognised in profit or loss and included in the development costs, in the period to which they relate. Once the contributions have been paid, the Group has no further liability in respect of the defined contribution plans.

4. SIGNIFICANT ACCOUNTING POLICIES *(cont'd)*

(q) Related Parties

A party is related to an entity if:-

- (i) directly, or indirectly through one or more intermediaries, the party:-
 - controls, is controlled by, or is under common control with, the entity (this includes parents, subsidiaries and fellow subsidiaries);
 - has an interest in the entity that gives it significant influence over the entity; or
 - has joint control over the entity;
- (ii) the party is an associate of the entity;
- (iii) the party is a joint venture in which the entity is a venturer;
- (iv) the party is a member of the key management personnel of the entity or its parent;
- (v) the party is a close member of the family of any individual referred to in (i) or (iv);
- (vi) the party is an entity that is controlled, jointly controlled or significantly influenced by, or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v); or
- (vii) the party is a post-employment benefit plan for the benefit of employees of the entity, or of any entity that is a related party of the entity.

Close members of the family of an individual are those family members who may be expected to influence, or be influenced by, that individual in their dealings with the entity.

(r) Revenue Recognition

(i) Services Rendered

Revenue is recognised upon delivery of services and solutions when the outcome of the transaction can be estimated reliably. In the event the outcome of the transaction could not be estimated reliably, revenue is recognised to the extent of the expenses incurred that are recoverable.

(ii) Dividend Income

Dividend income from investments is recognised when the right to receive payment is established.

(iii) Interest Income

Interest income are recognised on an accrual basis, based on effective interest rate.

(s) Deferred Revenue

The portion of the unrealised gain from the solution sales, which is deferred and disclosed as deferred revenue, is recognised on a straight-line basis over the period of their expected benefits.

(t) Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

4. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(u) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that an outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

10. GOODWILL ON CONSOLIDATION

Goodwill on consolidation is stated at cost and arose from the acquisition of the subsidiaries.

During the financial year, the Group assessed the recoverable amount of goodwill in relation to each cash-generating unit, and determined that goodwill is not impaired.

The recoverable amount of a cash-generating unit is determined based on value-in-use calculated using cash flow projections based on financial budgets approved by management covering a period of five (5) years. The key assumptions used for value-in-use calculations are:-

	GROSS MARGIN		GROWTH RATE		DISCOUNT RATE	
	2012	2011	2012	2011	2012	2011
Software solutions and other insurance-related services	88%	75%	5%	14%	10.9%	12.5%
E-business activities	91%	64%	5%	42%	10.9%	12.5%

- (a) Budgeted gross margin The basis used to determine the value assigned to the budgeted gross margin is the average gross margins achieved in the year immediately before the budgeted year increased for expected efficiency improvements and cost saving measures.
- (b) Growth rate The growth rates used are based on the expected projection of the software solutions and other insurance-related services and e-business activities.
- (c) Discount rate The discount rates used are pre-tax and reflect specific risks relating to the relevant segments.

The management believes that no reasonable change in the above key assumptions would cause the carrying amount of the goodwill to exceed its recoverable amounts.

19. RETAINED PROFITS

Subject to agreement with the tax authorities, at the end of the reporting period, the Company has tax-exempt income of approximately RM43,375,000 (2011 – RM40,899,000) available for the purpose of paying tax-exempt dividends.

At the end of the reporting period, the Company has not elected for the single tier tax system. When the tax credit balance is fully utilised, or by 31 December 2013 at the latest, the Company will automatically move to the single tier tax system. Under the single tier tax system, tax on the Company's profits is a final tax, and dividends distributed to the shareholders will be exempted from tax.

20. DEFERRED TAXATION

40. FINANCIAL INSTRUMENTS

The Group's activities are exposed to a variety of market risk (including foreign currency risk, interest rate risk and equity price risk), credit risk and liquidity risk. The Group's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(a) Financial Risk Management Policies

The Group's policies in respect of the major areas of treasury activity are as follows:-

(i) Market Risk

(i) Foreign Currency Risk

The Group does not have any transactions or balances denominated in foreign currencies and hence is not exposed to foreign currency risk.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises mainly from interest-bearing financial assets and liabilities. The Group's policy is to obtain the most favourable interest rates available. Any surplus funds of the Group will be placed with licensed financial institutions to generate interest income.

Information relating to the Group's exposure to the interest rate risk of the financial liabilities is disclosed in Note 40(a)(iii) to the financial statements.

Effects on equity				
Increase of 100 bp	11	(63)	3	(63)
Decrease of 100 bp	(11)	63	(3)	63

(iii) Equity Price Risk

The Group does not have any quoted investment and hence is not exposed to any equity price risk.

(ii) Credit Risk

The Group's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables. The Group manages its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. For other financial assets (including cash and bank balances and short-term cash investments), the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of the trade and other receivables as appropriate. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component established for groups of similar assets in respect of losses that have been incurred but not yet identified. Impairment is estimated by management based on prior experience and the current economic environment.

(ii) Credit Risk (cont'd)

Credit risk concentration profile

The Group's major concentration of credit risk relates to the amounts owing by an associate, a major customer and a gateway service provider which constituted approximately 79% of its receivables as at the end of the reporting period.

Exposure to credit risk

As the Group does not hold any collateral, the maximum exposure to credit risk is represented by the carrying amount of the financial assets as at the end of the reporting period.

As the Group operates in Malaysia only, hence there is no exposure of credit risk for trade receivables by geographical region.

Ageing analysis

The ageing analysis of the Group's trade receivables (including amount owing by an associate) as at the end of the reporting period is as follows:-

THE GROUP	GROSS AMOUNT RM'000	COLLECTIVE IMPAIRMENT RM'000	CARRYING VALUE RM'000

(a) Financial Risk Management Policies (cont'd)

(ii) Credit Risk (cont'd)

Ageing analysis (cont'd)

At the end of the reporting period, trade receivables that are individually impaired were those in significant financial difficulties and have defaulted on payments. These receivables are not secured by any collateral or credit enhancement.

The collective impairment allowance is determined based on estimated irrecoverable amounts from the sale of goods, determined by reference to past default experience.

Trade receivables that are past due but not impaired

The Group believes that no impairment allowance is necessary in respect of these trade receivables. They are substantially companies with good collection track record and no recent history of default.

Trade receivables that are neither past due nor impaired

A significant portion of trade receivables that are neither past due nor impaired are regular customers that have been transacting with the Group. The Groups uses ageing analysis to monitor the credit quality of the trade receivables.

(iii) Liquidity Risk

Liquidity risk arises mainly from general funding and business activities. The Group practises prudent risk management by maintaining sufficient cash and bank balances and the availability of funding through certain committed credit facilities.

The following table sets out the maturity profile of the financial liabilities as at the end of the reporting period based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on the rates at the end of the reporting period):-

(b) Capital Risk Management

The Group manages its capital to ensure that entities within the Group will be able to maintain an optimal capital structure so as to support their businesses and maximise shareholders' value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group manages its capital based on debt-to-equity ratio. The Group's strategies were unchanged from the previous financial year. The debt-to-equity ratio is calculated as net debt divided by total equity. Net debt is calculated as borrowings plus trade and other payables less cash and cash equivalents.

(d) Fair Values of Financial Instruments

The following summarises the methods used to determine the fair values of the financial instruments:-

- (i) The financial assets and financial liabilities maturing within the next 12 months approximated their fair values due to the relatively short-term maturity of the financial instruments.
- (ii) The carrying amounts of the hire purchase and lease and term loans approximated their fair values as it is a floating rate instrument that is repriced to the market interest rate on or near the end of the reporting period.

(e) Fair Value Hierarchy

As at 30 June 2012, there were no financial instruments carried at fair values.

8. Explanatory Notes on Special Business

Ordinary Resolution 6

Authority to Allot Shares pursuant to Section 132D of the Companies Act, 1965

The proposed Ordinary Resolution 6, if passed, will give flexibility to the Directors of the Company to issue shares and allot up to a maximum of ten per centum (10%) of the issued share capital of the Company (excluding treasury shares) at the time of such allotment and issuance of shares and for such purposes as they consider would be in the best interest of the Company without having to convene separate general meetings. This authority, unless revoked or varied at a general meeting, will expire at the conclusion of the next Annual General Meeting of the Company.

The rationale for this resolution is to eliminate the need to convene general meeting(s) from time to time to seek shareholders' approval as and when the Company issues new shares for future business opportunities for the purpose of funding investment project(s), working capital and/or acquisitions and thereby reducing administrative time and cost associated with the convening of such meeting(s). No shares had been issued and allotted by the Company since obtaining the said authority from its shareholders at the last Annual General Meeting held on 15 December 2011 and hence no proceeds were raised therefrom.

Ordinary Resolution 7

Proposed Renewal of Authority for Purchase of Own Shares by the Company

The proposed Ordinary Resolution 7 if passed, will empower the Company to purchase and/or hold up to ten per centum (10%) of the issued and paid-up share of the Company. This authority unless revoked or varied by the Company at a General Meeting will expire at the next Annual General Meeting.

Please refer to the Share Buy-Back Statement dated 27 November 2012 for further information.

Special Resolution

Proposed Amendments to the Articles of Association

The Special Resolution, if passed, will render the Articles of Association of the Company to be in line with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and to update the Articles of Association of the Company to be consistent with the prevailing laws, guidelines or requirements of the relevant authorities.

14 December 2012

To: Our Shareholders

Dear Sir/Madam,

**ADDENDUM TO THE NOTICE OF TWELFTH ANNUAL GENERAL MEETING
("12TH AGM")**

We wish to draw the attention of the shareholders of My E.G. Services Berhad ("MYEG" or the "Company") to the Notice of 12th AGM of MYEG which was despatched to the Shareholders of the Company on 27 November 2012.

We wish to inform that an amendment has been made to the proposed Amended Article 63(a) under Appendix I – Amendments to the Articles of Association, to read as follows:-

“At any general meeting, each member shall be entitled to attend and vote in person may appoint up to two (2) proxies or attorneys or authorised representatives. Where a member appoints two (2) proxies, the appointment shall be invalid unless the member specifies the proportion of his shareholding to be represented by each proxy. On a show of hands, every person present who is a member or proxy or attorney or authorised representative shall have one (1) vote and on a poll, every member present in person or by proxy shall have one (1) vote for each ordinary share held.”

In view of the above amendment, the existing Article 63(a) under Appendix I – Amendments to the Articles of Association shall remain unchanged.

This addendum is dated 14 December 2012.
