## CHAIRMAN'S STATEMENT

#### DEAR VALUED SHAREHOLDERS,

ON BEHALF OF THE BOARD OF DIRECTORS, IT IS MY PLEASURE TO PRESENT TO YOU, THE ANNUAL REPORT AND AUDITED FINANCIAL STATEMENTS OF GADANG HOLDINGS BERHAD ("GADANG" OR THE COMPANY") AND ITS GROUP OF COMPANIES ("THE GROUP") FOR THE FINANCIAL YEAR ENDED 31ST MAY 2010.

#### **OVERVIEW**

The global recession with continuing uncertainties affected all economies and businesses worldwide had an adverse impact on the Malaysian economy in year 2009.

While we anticipated and were prepared for the difficult market conditions, we were surprised by the fast turnaround for the Malaysian economy.

The recovery of the global economy continued to gather pace in the first quarter 2010, with stronger growth performance across most regions, particularly the Asian economies. The recovery of the Malaysian economy is also firmly established, and has managed to register a strong growth of 10.1% in the first quarter of 2010, led by continued expansion in domestic demand and stronger external demand.

#### **FINANCIAL REVIEW**

Despite the challenging operating landscape for the financial year under review, the Group was able to record a credible improvement in its financial performance for the year under review. The Group posted a stronger profit after taxation of RM13.88 million, an increase of 292% from RM3.55 million previously and its revenue increased to RM270.45 million from RM246.69 million recorded in the previous financial year.

In the financial year under review, the Group's shareholders' funds enhanced by 8% to RM184.97 million from RM170.66 million in the previous financial year. The net assets per share further strengthen to RM1.60, up from the previous year of RM1.49.

#### **CORPORATE DEVELOPMENTS**

#### January 2010

On 27 January 2010, Natural Domain Sdn Bhd, an indirect wholly-owned subsidiary of Gadang, entered into a Sale and Purchase Agreement with GSS Properties Sdn Bhd

Water Treatment Plant, Indonesia

("the Vendor") to acquire a parcel of residential land located off Sungai Besi Highway in Sungai Besi, Kuala Lumpur for a purchase consideration of RM33,000,000.

#### **April 2010**

On 5 April 2010, Gadang acquired 1,590,000 ordinary shares of RM1.00 each, representing the remaining 30% of the equity interest in GLP Resources (M) Sdn Bhd ("GLPR") from the minority shareholder, Premierex Sdn Bhd for a nominal cash consideration of RM1.00 ("the Acquisition"), thereby resulting in GLPR becoming a 100% owned subsidiary of Gadang. Following the Acquisition, the principal activity of GLPR was changed from trading in protective and decorative coatings to general trading.

On 27 April 2010, Gadang Land Sdn Bhd, the Company's wholly-owned subsidiary, had acquired two (2) ordinary shares of RM1.00 each representing 100% equity interest in Detik Tiara Sdn Bhd ("Detik Tiara") for total consideration of RM2.00. Detik Tiara was incorporated on 5 March 2010 and its principal activity is property development.

On 30 April 2010, Detik Tiara entered into a joint venture agreement with Abdul Hamid Bin Mohamed, Nik Hamdan Bin Nik Yusoff and Yusoff Bin Yaa'cob (collectively referred to as "the Landowners") for the proposed property development of landed properties in Sungei Penchala Daerah Kuala Lumpur.

Jentayu Residensi, Tampoi Johor Bahru

#### September 2010

As disclosed in the annual report of the previous year, Flora Masyhur Sdn Bhd ("FMSB") had on 11 August 2009 entered into a Share Sale Agreement with Raja Zainal Abidin Bin Raja Hussin ("the Vendor") to acquire from the Vendor, 700,000 ordinary shares of RM1.00 each representing 70% equity interest in the issued and paid-up share capital of Camar Ajaib Sdn Bhd ("CASB") for a purchase consideration of RM200,000 ("Proposed Acquisition").

On 21 September 2010, FMSB had entered into a Supplemental Agreement to the Share Sale Agreement dated 11 August 2009.

Pursuant to the Supplemental Agreement, the parties mutually agreed to modify, amend and/or vary the terms of the Share Sale Agreement dated 11 August 2009 to incorporate the following:

• The supplemental agreement to the joint venture agreement which was entered into between Ridwan Bin Wahi ("the Landowner"), the registered owner of all that freehold land held under HS(D) 2811 PT 165 Bandar Pokok Sena, Negeri Kedah Darul Aman measuring approximately 81.6454 hectares (approximately 201.746 acres) ("the said Land") and CASB on 11 June 2010, to accommodate the purchase of the said Land by CASB from the Landowner; and

 The sale and purchase agreement which was entered into between CASB and the Landowner on 11 June 2010 whereby the Landowner had agreed to sell and CASB had agreed to purchase the said Land on such terms and conditions as appearing therein.

#### **CORPORATE EXERCISE COMPLETED**

During the financial year, the Company announced the following corporate proposals:-

(i) Proposed Renounceable Two-Call Rights Issue of up to 78,677,194 new ordinary shares of RM1.00 each ("Shares") in Gadang ("Rights Shares") on the basis of two (2) Rights Shares for every three (3) existing shares in Gadang ("Gadang Shares") together with up to 19,669,299 Free Detachable Warrants ("Warrants") on the basis of one (1) Warrant for every four (4) Rights Shares held in Gadang at an issue price of RM1.00 per Rights Share, of which the first call of RM0.65 is payable in cash on application and the second call of RM0.35 is to be capitalized from Gadang's Shares Premium and Retained Profits Accounts ("Rights Issue");

- (ii) Proposed Increase in the authorised share capital of Gadang from RM200,000,000 comprising 200,000,000 Gadang Shares to RM400,000,000 comprising 400,000,000 Gadang Shares by the creation of an additional 200,000,000 Gadang Shares;
- (iii) Proposed Amendments to the Memorandum and Articles of Association of the Company; and
- (iv) Proposed Exemption pursuant to Practice Note 2.9.1 ("PN2.9.1") of the Malaysian Code On Take-Overs and Mergers, 1998 ("Code") to Tan Sri Dato' Kok Onn ("TSDKO") and persons acting in concert with him ("PACs") from the obligation to extend a mandatory take-over offer ("MGO") for all the remaining Gadang Shares not already owned by TSDKO and PACs upon the completion of the Proposed Rights Issue ("Proposed Exemption")

The above corporate proposals were approved by the shareholders at an Extraordinary General Meeting held on 12 August 2010. The Company received 100% subscription rate over the total of 78,675,427 Rights Shares together with 19,668,739 Warrants available for subscription under the Rights Issue. The Rights Issue was completed on 4 October 2010 following the admission of the Warrants to the Official List of Bursa Malaysia Securities Berhad ("Bursa Securities"), and the listing of and quotation for the 78,675,427 Rights Shares and 19,668,739 Warrants on the Main Market of Bursa Malaysia Securities Berhad on 4 October 2010.

#### **OUTLOOK AND PROSPECTS**

The year 2010 would see all sectors of the economy regain strength. The New Economic Model recently launched by the Prime Minister will help to promote higher levels of economic investment in the country.

The construction sector was on the road to recovery with the implementation of the Government's first and second stimulus packages coupled with the expected roll out of the 10th Malaysian Plan ("10MP") in 2010 and the overall improvement in the global economy.

The Group will continue to invest in building new capacity and capability to grow our core businesses and to tender for higher value projects under the 10MP, which the Group has technical expertise or which are synergistic with our core operations.

Riding on the strong growth in the property sector, we expect the property division to continue to benefit from its proven track record in its ability to develop affordable properties. As such, we believe that the Group will be able to continue to generate healthy profits for the Group in the current financial year.

#### **ACKNOWLEDGEMENT**

On behalf of my fellow Board members, I would like to extend my heartfelt thanks to our loyal customers who have supported us. Our shareholders and investors, thank you for believing and supporting us. We also extend our gratitude for the invaluable assistance, trust and support from regulatory authorities, business associates, bankers, consultants, contractors and sub-contractors and mass media.

Gadang's financial achievement for the year and continued success of the Group would not have been possible without the dedication and commitment of the employees of the Group to whom I wish to express my heartfelt thanks.

Finally, my thanks to all my fellow Directors who will continue to strive with me as we embrace another year with optimism for sustained growth.

**Datuk Wan Lokman Bin Dato' Wan Ibrahim** Chairman 15 October 2010

# MANAGING DIRECTOR CUM CHIEF EXECUTIVE OFFICER'S REVIEW OF OPERATIONS

#### DEAR SHAREHOLDERS,

THE GROUP RECOGNIZES THAT LONG-TERM BUSINESS SUCCESS DEPENDS ON ITS ABILITY TO BALANCE ECONOMIC RETURNS WITH SUSTAINABLE CONTRIBUTIONS TO SOCIETY. ACCORDINGLY, THE GROUP INITIATED A REORGANIZATION EXERCISE DURING THE YEAR TO REALIGN THE CORPORATE STRUCTURE TO REFLECT OUR NEW ASPIRATIONS TO REBRAND THE GROUP. THE STRONGER FINANCIAL PERFORMANCE ACHIEVED IS THE RESULT OF THE REORGANIZATION PLAN ATTRIBUTED BY THE CORE BUSINESSES MAINLY DUE TO THE IMPROVED GROSS PROFIT MARGIN AND COST MANAGEMENT INITIATIVES IMPLEMENTED.

#### **ENGINEERING AND CONSTRUCTION**

The Engineering and Construction Division continued to be the main thrust of the Group's business activities. For the financial year under review, the Division registered a higher revenue of RM201.26 million and profit after tax of RM10.01 million as compared with RM177.56 million and loss after tax of RM4.14 million in the previous financial year. The improved performance of this Division was mainly due to the higher gross profit margin recorded by the Division.

For the year under review, the Division successfully completed several contracts with value of approximately RM325.77 million, which among others were the construction of Package 1 of the Kemuning-Shah Alam Highway in Shah Alam, Selangor Darul Ehsan; M Avenue, Segambut, Kuala Lumpur which consists of 62 blocks of 3 & 4 storey retail and office suite; Taman Seri Bukit Segambut, Segambut, Kuala Lumpur — a joint-venture development comprising 54 units 3-storey super link houses and Taman Pinggiran Pelangi, Phase 2 in Rawang, Selangor.

Currently the Division's order book stands at more than RM500 million. Major contracts in progress include:

- the construction of the Rehabilitation Hospital Project in Cheras, Kuala Lumpur;
- the contract to construct the runways and taxiways for the new LCC Terminal and Associated Works at KL International Airport, Sepang, Selangor, valued at RM291.18 million; and
- the newly awarded works package on electrical power distribution for LCC Terminal worth RM45.83 million to Datapuri Sdn Bhd, the Mechanical & Electrical ("M&E") Division together with its joint venture partner.

#### PROPERTY DEVELOPMENT

The Property Division posted a revenue of RM55.61 million for the year under review as compared to RM54.82 million recorded in the preceding year. The revenue was mainly contributed from M Avenue and Taman Seri Bukit Segambut projects in Segambut, Kuala Lumpur and Taman Pinggiran Pelangi project in Rawang, Selangor.

Accordingly, the profit after tax had also increased to RM7.09 million for the year under review as compared to RM6.37 million recorded in the preceding year.

# MANAGING DIRECTOR CUM CHIEF EXECUTIVE OFFICER'S REVIEW OF OPERATIONS

The recent completed and on-going projects are:

- M Avenue, Segambut, Kuala Lumpur A commercial development comprising 62 units of 3 & 4 storey retail and office suite located within the vicinity of Mont Kiara and Sri Hartamas with a gross development value ("GDV") of RM56.21 million. The project is completed and handed over vacant possession in May 2010. Sales of more than 97% have been achieved.
- Taman Seri Bukit Segambut, Segambut, Kuala Lumpur – A residential development comprising 54 units of 3-storey super link homes with a GDV of RM40 million. These exclusive and spacious homes are located within the vicinity of Kepong, Desa Park City, Sunway SPK and Mont Kiara. The project is completed and handed over vacant possession in December 2009. All the units were sold.
- Taman Pinggiran Pelangi, Rawang, Selangor A
  residential development with a GDV of RM64 million
  comprising a total of 423 units landed residential
  houses consisting of 363 units of single-storey terrace
  houses; 38 units of 1½ storey semi-detached houses
  and 22 units of 1 storey semi-detached houses.
  - Phase 1 comprising 84 units of single-storey terrace houses has been fully sold.
  - Phase 2 comprising 82 units of single-storey terrace houses, which had handed over vacant possession in January 2010, has achieved sales of 94%.
  - Phase 3 comprising 97 units of single-storey terrace houses, 8 and 22 units of single-storey and 1½ storey semi-detached houses respectively. The single-storey terrace houses were fully sold whereas the semi-detached houses have achieved 77% sales. The project is 82% completed.
  - Phase 4 comprising 100 units of single-storey terrace houses, 14 units and 16 units of singlestorey and 1½ storey semi-detached houses respectively. The single-storey terrace houses and semi-detached houses have recorded sales of 91% and 40% respectively. The project is 46% completed.

The Division is also currently planning to launch several new developments in Johor, Kedah and Klang Valley with a GDV of approximately RM200 million in the coming financial year. The intended developments are as follows:-

- A freehold retail/ residential hybrid development project in the heart of Tampoi, Johor Bahru known as Jentayu Residensi which features a collection of high quality home units and a myriad of retail outlets, aimed to bring together food, fashion, shopping and home in one fine location. The project consists of 2 storeys of retail/shop office and 2 blocks of 17 storeys high service apartments with a total of 512 units. This project will have a GDV of approximately RM119 million;
- Phase 1 comprising 149 units of single storey terrace houses in Pokok Sena, Kedah; and
- Mixed development in Salak South, Sungai Besi, Kuala Lumpur.

#### **GENERAL TRADING**

GLP Resources (M) Sdn Bhd ("GLPR") has changed its principal activity from trading in protective and decorative coatings to general trading.

GLPR acts as the Group Procurement Department in order to centralize the purchasing functions and to be a comprehensive support services provider to all the Group operating companies.

Its objective is to ensure that the required materials, supplies, equipments and services are procured at the most favourable and competitive terms, meeting specified quality and standards, technical requirements and timeliness of delivery.

Artist Impression Jentayu Residensi, Tampoi Johor Bahru

In view of the above, the Division has posted a lower revenue of RM79,021 with a loss before tax of RM616,353 for the financial year under review as compared to a turnover of RM2.93 million and a loss of RM541,390 in the previous financial year.

#### WATER CONCESSION

Having acquired five water supply concessions in the preceding years, the Water Concession Division is currently consolidating its operations to achieve synergy amongst its subsidiaries while at the same time improving the efficiency of its individual operating units.

A key objective of the Division is to enhance the income stream of steady return to the Group. In this regard, the Division will focus on improving the utilization of its water supply capacity.

The Division is also looking for opportunities to diversify its current Indonesian water supply focus to other regions such as Vietnam and China.

The Division had posted higher revenue of RM13.50 million for the year under review, an increase of 18.63% as compared to RM11.38 million recorded in the previous financial year and contributing 5% to the Group's revenue.

#### **PLANTATION**

The Plantation Division is now entering into its second year of new planting programme. The felling and planting works for the first 800 acres had been completed. The balance of the 4,381 acres will be developed in 3 phases. Felling and planting works for the first phase of 1,000 acres commenced in June 2010 and is scheduled for completion by end 2010. Development works for the balance of the land will commence in the 4th quarter 2010 and 2nd quarter 2011. Planting works for the whole area is expected to be completed by end 2011. Harvesting for the 800 acres is expected to commence in early 2013.

The Group is actively seeking to secure more land for its oil palm plantation development to build up a sizable plantation to be a core business of Gadang Group. It is envisaged that plantation activities will contribute a steady and fairly high rate of return to the Group as the oil palm industry is a very resilient industry.

#### IN APPRECIATION

Gadang remains on course in delivering enhanced shareholders' value on a sustained basis. Our success is a team effort and it is our hope that we remain prudent, dedicated and committed to take the Group to greater heights of success. To everyone who has contributed to our success and in helping us to move ahead, I wish to extend my heartfelt thanks and appreciation.

As we move forward into another year, rest assured that we will continue to strive towards improving the Group's financial position, pushing for further growth and profitability and of course, enhancing shareholders' value.

- h. Any other activities, as authorized by the Board.

### SUMMARY OF ACTIVITIES OF THE INTERNAL AUDIT FUNCTION

The Board obtains sufficient assurance of the effectiveness of system of internal control in the Group, through a programme of regular reviews and appraisals conducted by the internal auditor, which reports directly to the Audit Committee. The Group's Internal Audit ("IA") function was outsourced to an independent professional firm, CGRM Infocomm Sdn Bhd. The costs incurred for maintaining the IA function for the year under review were approximately RM58,000 comprising mainly professional fees and disbursements. The IA is responsible to undertake independent, regular and systematic reviews of the systems of financial and operational controls so as to provide reasonable assurance that such systems continue to operate satisfactorily and effectively.

During the financial year, the internal auditor had undertaken reviews of the operating units' compliance with internal control procedures; ascertaining that the Company's and Group's assets were safeguarded and accounted for. Audit reports were issued to the management of the operating units audited, highlighting the findings on any systems and control weakness together with recommendations for improvement. These findings and recommendations together with the management action plan were summarized and reported at the quarterly Audit Committee meetings for deliberations and action.

## STATEMENT OF CORPORATE GOVERNANCE

The Board of Directors of Gadang Holdings Berhad recognizes the importance of the corporate governance and is committed to ensure that the highest standards of corporate governance are practiced throughout the Group as a fundamental part of discharging its responsibilities to protect and enhance shareholders' value and the financial performance of Gadang and its group of companies.

The Board fully subscribes and supports the Malaysian Code on Corporate Governance ("the Code") and the relevant provisions in the Bursa Malaysia Securities Berhad ("Bursa Securities") Listing Requirements.

Set out below is a statement of how Gadang has applied the principles of and compliance with the Best Practices of the Code.

#### A. BOARD OF DIRECTORS

The Company has adopted a number of measures to ensure effectiveness of the Board in discharging its duties and responsibilities.

#### **Board Composition and Balance**

The Board comprises four members; three (3) of whom are Independent Non-Executive Directors and there is one (1) Managing Director cum Chief Executive Officer. A brief profile of each Director is presented on pages 6 and 7 of this Annual Report.

The Directors, with their different backgrounds and specializations, collectively bring with them a wide range of experience and expertise particularly in areas such as law, finance, accountancy, taxation, regulation, business and operations. The presence of a majority of Independent Non-Executive Director will serve to bring objective and independent views, advice and judgement to the decision making of the Board and provide the necessary checks and balances to ensure that the interests of all shareholders and the general public are given due consideration in the decision-making process. The Non-Executive Directors contribute significantly in areas such as policy and strategy. performance monitoring, allocation of resources as well as improving governance and controls. Together with the Executive Director who has in-depth knowledge of the business, the Board is constituted of individuals who are committed to business integrity and professionalism in all its activities.

The roles of the Chairman and Managing Director cum Chief Executive Officer are distinct and separate with a clear division of responsibilities. This ensures a balance of power and authority. The Chairman leads the Board and is responsible for ensuring its effectiveness. The Managing Director cum Chief Executive Officer is responsible for the day-to-day running of the business, implementation of Board policies and decision-making on operational matters.

#### **Board Meetings**

The Board meets at least four (4) times a year at quarterly intervals with additional meetings convened when urgent and important decisions need to be taken between the scheduled meetings. Most of the Directors attended all the Board meetings.

During the financial year ended 31 May 2010, seven (7) Board meetings were held and the attendance of Board members is as follows:-

|   | No. of Meetings |            |  |

#### **Supply of Information**

The Board members are supplied with required and timely information which allows them to discharge their responsibilities effectively and efficiently. Prior to the Board meeting, all Directors are provided with an agenda and a set of Board papers. The Board papers are dispatched to the Directors in advance of Board meetings to enable the Directors have sufficient time to understand issues to be deliberated at the Board meeting and expedite the decision making process.

The Directors are notified of any corporate announcement released to Bursa Securities and the impending restriction in dealing with the securities of the Company prior to the announcement of the financial results or corporate proposals. The Board is also updated by the Company Secretary on new statutory and regulatory requirements concerning their duties and responsibilities as and when necessary.

The Directors have access to all information within the Company whether as full Board or in their individual capacity, in furtherance of their duties. The Directors also have direct access to the Senior Management and the services of the Company Secretary and where necessary, in the furtherance of their duties, take independent professional advice at the Group's expense.

#### **Appointments to the Board**

The Nomination Committee is responsible for reviewing the Board composition and recommending to the Board appointments of new Directors by evaluating and assessing the suitability of candidates for Board membership. In making these recommendations, due consideration is given to the required mix of skills, knowledge, expertise and experience, professionalism and integrity that the proposed Directors shall bring to the Board.

#### **Re-election of Directors**

All Directors including Managing and Executive Directors shall retire from office once in every three (3) years but shall be eligible for re-election. In accordance with the Articles of Association of the Company, one-third (1/3) of the Directors shall retire from office at each annual general meeting ("AGM") and may offer themselves for re-election. The Directors to retire in each year shall be those who have been longest in office since their last election or appointment. To assist shareholders in their decision, sufficient information on each Director standing for re-election is appended to the Notice of the AGM.

#### STATEMENT OF CORPORATE GOVERNANCE

#### C. RELATIONSHIP WITH SHAREHOLDERS AND INVESTORS

#### **Investor Relations and Shareholders Communication**

The Board acknowledges the importance of communication with investors. Various announcements and disclosures to the Bursa Securities made during the year, including the timely release of financial results on a quarterly basis and the distribution of annual reports and circulars, provide shareholders and the investing public with an overview of the Group's performance and operations.

The Company conducts investors briefings with financial analysts, institutional shareholders and fund managers on the Group's financial results, performance and potential new developments or business. In addition, the Group has established a current website at www.gadang.com.my to further enhance investor relations and shareholders' communication, including their access to information about the Company and the Group.

Encik Adam Bin Bachek has been identified and appointed as the Senior Independent Non-Executive Director, to whom any queries and concerns pertaining to the Company may be conveyed.

#### **Annual General Meeting**

The Annual General Meeting ("AGM") is the principal forum for dialogue with the shareholders. Shareholders are notified of the AGM and are provided with a copy of the Company's Annual Report before the meeting. Those who are unable to attend are allowed to appoint proxies to attend and vote on their behalf.

At the AGM, the shareholders are encouraged to ask questions both about the resolutions being proposed or about the Group's operations in general. Additionally, a press conference is normally held immediately after the AGM where the Chairman advises the press of the resolutions passed, and answers questions on the Group's activities and plans. The Chairman, Managing Director cum Chief Executive Officer and the Divisional Heads are also present at the press conference.

#### D. ACCOUNTABILITY AND AUDIT

#### **Financing Reporting**

The Board aims to provide a balanced and meaningful assessment of the Group's financial performance, position and prospects, primarily through the issuance of audited annual financial statements and quarterly announcement of results to the shareholders as well as the Chairman's statement and review of operations in the Annual Report. The Board is assisted by the Audit Committee to oversee the Group's financial reporting processes and the quality of its financial reporting.

#### **Internal Controls**

The Board acknowledges its responsibility to maintain a sound system of internal controls to safeguard shareholders' investment and the Company's assets. Accordingly, the Directors are required to ensure that an effective system of internal control is in place within the Group.

The Audit Committee together with the Board carries out periodical reviews on the effectiveness of the internal control system via the Internal Audit. The Internal Audit reports to the Audit Committee periodically on its assessment of reviews covering the financial, operational and compliance control as well as risk management.

A Statement of Internal Control of the Group is set out on Pages 26 to 27 of the Annual Report.

#### **Relationship with External Auditors**

The Board maintains a formal and transparent relationship with the external auditors in seeking professional advice and ensuring compliance with the relevant accounting standards. The role of the Audit Committee in relation to the external auditors is set out on pages 16 to 19 of the Annual Report.

## STATEMENT ON INTERNAL CONTROL

#### **Board Responsibility**

The Board of Directors ("Board") recognizes the importance of maintaining a sound system of internal controls and risk management practices to good corporate governance. The Board acknowledges its overall responsibility and re-affirms its commitment to maintaining a sound system of internal controls and for reviewing its effectiveness, adequacy and integrity to safeguard shareholders' investments and the Group's assets.

The system of internal controls covers not only financial controls but also controls relating to operational and compliance controls and risk management. The internal control system is designed to manage and mitigate the effects rather than to eliminate the risks. As such the internal control system can only provide reasonable and not absolute assurance against material misstatement of management and financial information or against loss or fraud.

#### **Risk Management**

The Group strives to achieve an appropriate balance between realizing opportunities for gains in meeting corporate objectives whilst minimizing any potential adverse impact. It continues to adopt the Enterprise Risk Management framework which has been implemented since August 2004. The appointed Risk Manager facilitates an ongoing process to identify, evaluate, manage and monitor significant risks the Group faces in its businesses and operations. At the start of the new financial year the Risk Manager will coordinate an exercise for the risk owners

to review the key risks that were reported in the previous financial year to determine their relevancy, to identify new risks and to formulate management action plans to address the key risks identified. On a half-yearly basis the risk owners will provide an update on the progress of the management action plans and report new risk, if any. The Risk Management Committee oversees the risk management activities of the Group. Risk management reports are submitted periodically to the Risk Management Committee on the Key Risks and the progress of action plans to manage these risks. On a half yearly basis the Risk Manager will present a Risk Management report to the Audit Committee highlighting the key risks and summarizing the status of management action plans.

#### **Internal Audit**

The Group has outsourced its internal audit function to an independent professional firm. The Internal Audit assists the Audit Committee in the discharge of its duties and responsibilities to independently review and report on the adequacy and integrity of the Group's internal control systems and risk management practices.

#### Other Key Elements of Internal Control

The Board monitors the continual effectiveness, adequacy and integrity of the internal control system to ensure good corporate governance. Ongoing reviews and appraisals are made by the internal and external auditors and these had been in place in the year under review.

The following key processes are in place in the Group:-

- The Group maintains an appropriate and well defined organisational structure with proper lines of responsibility, delegation of authority and accountability to the Board, Committees, Management and operating units.
- Formalized policies, procedures and guidelines on financial, operational and compliance controls and these are reviewed and updated as necessary. This includes financial authority limits, budgetary planning and monitoring, capital expenditure approval, credit control, recurrent related party transactions and human resources management.
- An appropriate accounting and reporting system to ensure proper and correct recording of financial information and timely generation of up-to-date information including key financial and operational indicators for management's review and action.
- The Board plays an active role in deliberating and reviewing the business plans each business unit submits annually to the Board for approval.
- Tender and Award Committee to review tender evaluation and award to ensure tender exercises are conducted in an effective, transparent and fair manner.
- The Group Management Committee (formerly known as Executive Committee) meets bi-monthly to review and resolve on key operational, corporate, financial, legal and regulatory matters.

- The Audit Committee and the Board monitor and review the Group performance and results at quarterly meetings deliberating on the quarterly financial statements, key financial and operational performance results.
- Internal audit provides independent assurance on the adequacy and integrity of the Group system of internal controls and business processes. Regular reviews on operational units to assess the effectiveness of internal controls and to monitor compliance with policies and procedures are carried out by Internal Audit. Reports on audit findings on the effectiveness of internal controls, significant risks, non compliance and weaknesses observed with recommendations for remedial action are submitted to operating management. The Audit Committee meets quarterly to review internal audit findings and recommendations on internal control improvements and management's response and action thereto.

#### Conclusion

The Board of Directors is committed towards operating a sound system of internal controls and recognized that the system must continuously evolve to support the type of business, size of operations and the environment the Group operates in. The system of internal controls will be continually reviewed and enhanced to embed a risk based approach to the Group business activities.

During the current financial year no major control weaknesses were discovered. Overall the Board is satisfied that the system of internal controls and risk management is adequate and operating satisfactorily in the year under review.

## STATEMENT ON CORPORATE SOCIAL RESPONSIBILITY

The Company and its subsidiaries have always mindful of its Corporate Social Responsibility ("CSR") towards the community, environment, its employees and its stakeholders and view CSR as an extension of the Group's efforts in fostering a strong corporate governance culture.

Gadang Group also believes that CSR is a good business proposition of which CSR helps to enhance corporate image and increase the Group's ability to attract and retain its quality human capital towards improving financial performance.

Towards this end, Gadang Group fully subscribed to the CSR practices and will strive to be in line with the CSR Framework for Public Listed Companies launched by Bursa Malaysia Securities Berhad ("Bursa Securities").

#### **WORKPLACE**

The Group believes that human capital development is very important to ensure that the Group has the right and relevant skill and knowledge in ensuring business sustainability and growth.

Continuous training and development programmes were carried out to equip the employees with relevant skills and knowledge. The Group also emphasized on the importance of the employees' health and well-being at the workplace. Besides providing a health and hospitalization for the staff, health and safety talks were held on a regular basis to

instill a health-conscious mind among the staff. Efforts are continually made to create awareness on the collective responsibility among the employees for the prevention of injuries and occupational health hazards and the assurance of public safety when carrying out its business operations.

The Group seeks to recognize and honor the loyalty of employees who have helped to build the Group over a long period of time. Long Service Awards are presented to those employees serving more than 15 years of service. The awards were presented with the primary objectives of motivating staff to develop their career with the Group and rewarding them for their dedication and commitments towards the development and growth of the Group.

The Gadang Sports Club was established by the Company with the aim to provide sports and leisure activities for its members. # DIRECTORS' REPORT (CONT'D)

#### **DIRECTORS' INTERESTS (CONTD.)**

(1) Indirect interest by virtue of shares held by companies in which the director has interest.

Tan Sri Dato' Kok Onn by virtue of his deemed interest in shares of the Company is also deemed interested in shares of all the Company's subsidiaries to the extent the Company has an interest.

None of the other directors in office at the end of the financial year had any interest in shares in the Company or its related corporations during the financial year.

#### OTHER STATUTORY INFORMATION

- (a) Before the income statements and balance sheets of the Group and of the Company were made out, the directors took reasonable steps:
  - to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful
    debts and satisfied themselves that there were no known bad debts and that adequate provision had been made for doubtful
    debts; and
  - (ii) to ensure that any current assets which were unlikely to realise their values as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the directors are not aware of any circumstances which would render:
  - it necessary to write off any bad debts or the amount of the provision for doubtful debts in the financial statements inadequate to any substantial extent; and
  - (ii) the values attributed to the current assets in the financial statements of the Group and of the Company misleading.
- (c) At the date of this report, the directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

# DIRECTORS' REPORT (CONT'D)

#### OTHER STATUTORY INFORMATION (CONTD.)

- (e) As at the date of this report, there does not exist:
  - (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
  - (ii) any contingent liability of the Group or of the Company which has arisen since the end of the financial year.
- (f) In the opinion of the directors:
  - (i) no contingent liability or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations when they fall due; and
  - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Company for the financial year in which this report is made.

#### **SIGNIFICANT EVENTS**

In addition to the significant events disclosed elsewhere in this report, other significant events during the financial year are disclosed in Note 40 to the financial statements.

#### **SUBSEQUENT EVENTS**

Details of subsequent events are disclosed in Note 41 to the financial statements.

#### **AUDITORS**

The auditors, Ernst & Young, have expressed their willingness to continue in office.

# INDEPENDENT AUDITORS' REPORT

# TO THE MEMBER OF GADANG HOLDINGS BERHAD (INCORPORATED IN MALAYSIA)

#### REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of Gadang Holdings Berhad, which comprise the balance sheets as at 31 May 2010 of the Group and of the Company, and the income statements, statements of changes in equity and cash flow statements of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 41 to 118.

Directors' responsibility for the financial statements

The directors of the Company are responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as at 31 May 2010 and of their financial performance and cash flows for the year then ended.

#### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act, 1965 ("Act") in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.
- (b) We have considered the financial statements and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 19 to the financial statements, being financial statements that have been included in the consolidated financial statements.
- (c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.
- (d) The auditors' reports on the financial statements of the subsidiaries were not subject to any qualification and did not include any comment required to be made under Section 174 (3) of the Act.

#### **OTHER MATTERS**

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

#### 31 MAY 2010

#### 1. CORPORATE INFORMATION

The Company is a public limited liability company, incorporated and domiciled in Malaysia, and is listed on the Main Board of Bursa Malaysia Securities Berhad. The registered office and principal place of business of the Company is located at Wisma Gadang, No. 52, Jalan Tago 2, Off Jalan Persiaran Utama, Sri Damansara, 52200 Kuala Lumpur.

The principal activities of the Company are the provision of management services and investment holding. The principal activities of its subsidiaries are described in Note 19.

There have been no significant changes in the nature of the principal activities of the Group and of the Company during the financial year except for the following:

- GLP Resources (M) Sdn Bhd has changed its principal activities from trading in protective and decorative coatings to general trading; and
- (ii) Desiran Impian Sdn Bhd has changed its principal activities from investment holding to plantation.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 23 September 2010.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

#### (a) Basis of preparation

The financial statements of the Group and of the Company have been prepared under the historical cost convention unless otherwise indicated in the accounting policies below and comply with Financial Reporting Standards ("FRSs") and the Companies Act, 1965.

The Group and the Company adopted a new accounting policy in respect of biological assets as described in Note 2(g).

The financial statements are presented in Ringgit Malaysia (RM).

#### (b) Subsidiaries and basis of consolidation

#### (i) Subsidiaries

Subsidiaries are entities over which the Group has the ability to control the financial and operating policies so as to obtain benefits from their activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group has such power over another entity.

In the Company's separate financial statements, investments in subsidiaries are stated at cost less impairment losses. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in profit or loss.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (b) Subsidiaries and basis of consolidation (contd.)

#### (ii) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the balance sheet date. The financial statements of the subsidiaries are prepared for the same reporting date as the Company.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. In preparing the consolidated financial statements, intragroup balances, transactions and unrealised gains or losses are eliminated in full. Uniform accounting policies are adopted in the consolidated financial statements for like transactions and events in similar circumstances.

Acquisitions of subsidiaries are accounted for using the purchase method. The purchase method of accounting involves allocating the cost of the acquisition to the fair value of the assets acquired and liabilities and contingent liabilities assumed at the date of acquisition. The cost of an acquisition is measured as the aggregate of the fair values, at the date of exchange, of the assets given, liabilities incurred or assumed, and equity instruments issued, plus any costs directly attributable to the acquisition.

Any excess of the cost of the acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities represents goodwill. Any excess of the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition is recognised immediately in profit or loss.

Minority interests represent the portion of profit or loss and net assets in subsidiaries not held by the Group. It is measured at the minorities' share of the fair value of the subsidiaries' identifiable assets and liabilities at the acquisition date and the minorities' share of changes in the subsidiaries' equity since then.

#### (c) Associates

Associates are entities in which the Group has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not in control or joint control over those policies.

Investments in associates are accounted for in the consolidated financial statements using the equity method of accounting. Under the equity method, the investment in associate is carried in the consolidated balance sheet at cost adjusted for post-acquisition changes in the Group's share of net assets of the associate. The Group's share of the net profit or loss of the associate is recognised in the consolidated profit or loss. Where there has been a change recognised directly in the equity of the associate, the Group recognises its share of such changes. In applying the equity method, unrealised gains and losses on transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate. After application of the equity method, the Group determines whether it is necessary to recognise any additional impairment loss with respect to the Group's net investment in the associate. The associate is equity accounted for from the date the Group obtains significant influence until the date the Group ceases to have significant influence over the associate.

Goodwill relating to an associate is included in the carrying amount of the investment and is not amortised. Any excess of the Group's share of the net fair value of the associate's identifiable assets, liabilities and contingent liabilities over the cost of the investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the associate's profit or loss in the period in which the investment is acquired.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (c) Associates (contd.)

When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any long-term interests that, in substance, form part of the Group's net investment in the associate, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

The most recent available audited financial statements of the associates are used by the Group in applying the equity method. Where the dates of the audited financial statements used are not coterminous with those of the Group, the share of results is arrived at from the last audited financial statements available and management financial statements to the end of the accounting period. Uniform accounting policies are adopted for like transactions and events in similar circumstances.

In the Company's separate financial statements, investments in associates are stated at cost less impairment losses.

On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in profit or loss.

#### (d) Jointly controlled entities

The Group has interests in joint ventures which are jointly controlled entities. A joint venture is a contractual arrangement whereby two or more parties undertake an economic activity that is subject to joint control, and a jointly controlled entity is a joint venture that involves the establishment of a separate entity in which each venturer has an interest.

The jointly controlled entities distribute or allocate the entire net profits or losses for the year to the joint venturers. The Group recognises its allocation of profits or losses from the jointly controlled entities in the income statement in the period in which it arises using proportionate consolidation method. Under the proportionate consolidation method, the Group's share of the assets, liabilities, income and expenses of the jointly controlled entities are combined with the equivalent items in the financial statements on a line by line basis.

When the Group contributes or sells assets to the joint ventures, any portion of gain or loss from the transaction is recognised based on the substance of the transaction. When the Group purchases assets from the joint ventures, the Group does not recognise its share of the profits of the joint ventures from the transaction until it resells the assets to an independent party. The joint ventures are proportionately consolidated until the date on which the Group ceases to have joint control over the joint ventures.

#### (e) Goodwill

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost of business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities. Following the initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is not amortised but instead, it is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (f) Property, plant and equipment, and depreciation

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Subsequent to recognition, property, plant and equipment except for freehold land are stated at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land has an unlimited useful life and therefore is not depreciated. Depreciation of other property, plant and equipment is provided for on a straight-line basis to write off the cost of each asset to its residual value over the estimated useful life, at the following annual rates:

| Buildings              | 2%       |
|------------------------|----------|
| Plant and machinery    | 5% - 10% |
| Tools and equipment    | 10%      |
| Office equipment       | 10%      |
| Furniture and fittings | 10%      |
| Renovations            | 10%      |
| Motor vehicles         | 20%      |

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any and the net carrying amount is recognised in profit or loss and the unutilised portion of the revaluation surplus on that item is taken directly to retained profits.

#### (g) Biological assets

#### Oil palm planting expenditure

New planting expenditure incurred on land clearing and upkeep of palms to maturity is stated at cost and capitalised under biological assets. A portion of the indirect overheads which include estate administration and finance cost incurred on immature plantation is similarly capitalised under biological assets until such time when the plantation attains maturity.

No amortisation is considered necessary on oil palm planting expenditure as its value is maintained through replanting programme. Replanting expenditure is recognised in the income statement in the year in which the expenditure is incurred.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (h) Concession assets

Concession assets comprise structures, land and buildings, water treatment plants and equipment, reservoirs, dams and distribution pipes operated and maintained by the Group under the Concession Agreements entered into by the Group.

Concession assets are depreciated over the concession period using the unit of water revenue method as follows:

Cumulative actual water revenue

X Concession assets capitalised to date

Total projected water revenue of the concession

The rationale for using the unit of water revenue method is in line with the pattern in which the assets' economic benefits are consumed by the Group.

The projected total water revenue is estimated based on the scheduled tariff and projected water consumption.

At each balance sheet date, the Group assesses whether there is any indication of impairment. If such indications exist, an analysis is performed to assess whether the carrying amount of the asset is fully recoverable. A write down is made if the carrying amount exceeds the recoverable amount.

#### (i) Investment properties

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Such properties are not occupied by the Group.

Investment properties are stated at cost less accumulated depreciation and impairment losses. Freehold land has an unlimited useful life and therefore is not depreciated.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in profit or loss in the year in which they arise.

#### (j) Property development costs

Property development costs comprise all costs that are directly attributable to development activities or that can be allocated on a reasonable basis to such activities.

When the financial outcome of a development activity can be reliably estimated, property development revenue and expenses are recognised in the income statement by using the stage of completion method. The stage of completion is determined by the proportion that property development costs incurred for work performed to date bear to the estimated total property development costs.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (j) Property development costs (contd.)

Where the financial outcome of a development activity cannot be reliably estimated, property development revenue is recognised only to the extent of property development costs incurred that is probable will be recoverable, and property development costs on properties sold are recognised as an expense in the period in which they are incurred.

Any expected loss on a development project, including costs to be incurred over the defects liability period, is recognised as an expense immediately.

Property development costs not recognised as an expense are recognised as an asset, which is measured at the lower of cost and net realisable value.

The excess of revenue recognised in the income statement over billings to purchasers is classified as accrued billings within trade receivables and the excess of billings to purchasers over revenue recognised in the income statement is classified as progress billings within trade payables.

#### (k) Construction contracts

Where the outcome of a construction contract can be reliably estimated, contract revenue and contract costs are recognised as revenue and expenses respectively by using the stage of completion method. The stage of completion is measured by reference to the proportion of contract costs incurred for work performed to date to the estimated total contract costs.

Where the outcome of a construction contract cannot be reliably estimated, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

When the total of costs incurred on construction contracts plus, recognised profits (less recognised losses), exceeds progress billings, the balance is classified as amount due from customers on contracts. When progress billings exceed costs incurred plus, recognised profits (less recognised losses), the balance is classified as amount due to customers on contracts.

#### (I) Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost is determined on a weighted average cost basis. The cost of raw materials and construction materials at site comprise costs of purchase. The cost of finished goods comprises costs of raw materials, direct labour and an appropriate proportion of fixed and variable production overheads. The cost of unsold properties comprises cost associated with the acquisition of land, direct costs and appropriate proportions of common costs.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (m) Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to passage of time is recognised as finance cost.

#### (n) Leases

#### (i) Classification

A lease is recognised as a finance lease if it transfers substantially to the Group all the risks and rewards incidental to ownership. Leases of land and buildings are classified as operating or finance leases in the same way as leases of other assets and the land and buildings elements of a lease of land and buildings are considered separately for the purposes of lease classification. All leases that do not transfer substantially all the risks and rewards are classified as operating leases, with the following exceptions:

- Property held under operating leases that would otherwise meet the definition of an investment property is classified
  as an investment property on a property-by-property basis and, if classified as investment property, is accounted for
  as if held under a finance lease Note 2(i); and
- Land held for own use under an operating lease, the fair value of which cannot be measured separately from the
  fair value of a building situated thereon at the inception of the lease, is accounted for as being held under a finance
  lease, unless the building is also clearly held under an operating lease.

#### (ii) Finance leases - the Group as lessee

Assets acquired by way of hire purchase or finance leases are stated at an amount equal to the lower of their fair values and the present value of the minimum lease payments at the inception of the leases, less accumulated depreciation and impairment losses. The corresponding liability is included in the balance sheet as borrowings. In calculating the present value of the minimum lease payments, the discount factor used is the interest rate implicit in the lease, when it is practicable to determine; otherwise, the Group's incremental borrowing rate is used. Any initial direct costs are also added to the carrying amounts of such assets.

Lease payments are apportioned between the finance costs and the reduction of the outstanding liability. Finance costs, which represent the difference between the total leasing commitments and the fair value of the assets acquired, are recognised as an expense in the income statement over the term of the relevant lease so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

The depreciation policy for leased assets is in accordance with that for depreciable property, plant and equipment as described in Note 2(f).

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (n) Leases (contd.)

#### (iii) Operating leases - the Group as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the term of the relevant lease. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

In the case of a lease of land and buildings, the minimum lease payments or the up-front payments made are allocated, whenever necessary, between the land and the buildings elements in proportion to the relative fair values for leasehold interests in the land element and buildings element of the lease at the inception of the lease. The up-front payment represents prepaid lease payments and are amortised on a straight-line basis over the lease term.

#### (iv) Operating leases - the Group as lessor

Assets leased out under operating leases are presented on the balance sheets according to the nature of the assets. Rental income from operating leases is recognised on a straightline basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

#### (o) Impairment of non-financial assets

The carrying amounts of assets, other than investment property, construction contract assets, property development costs, inventories, deferred tax assets and non-current assets held for sale, are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated to determine the amount of impairment loss.

For goodwill, the recoverable amount is estimated at each balance sheet date or more frequently when indicators of impairment are identified.

For the purpose of impairment testing of these assets, recoverable amount is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, recoverable amount is determined for the cashgenerating unit ("CGU") to which the asset belongs to. Goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's CGUs, or groups of CGUs, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (o) Impairment of non-financial assets (contd.)

An impairment loss is recognised in profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the impairment loss is accounted for as a revaluation decrease to the extent that the impairment loss does not exceed the amount held in the asset revaluation reserve for the same asset.

Impairment loss on goodwill is not reversed in a subsequent period. An impairment loss for an asset other than goodwill is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of an asset other than goodwill is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset other than goodwill is recognised in profit or loss, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase.

#### (p) Income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the balance sheet date.

Deferred tax is provided for, using the liability method. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is recognised as an income or an expense and included in the profit or loss for the period, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or the amount of any excess of the acquirer's interest is the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of the combination.

#### (q) Employee benefits

#### (i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (q) Employee benefits (contd.)

#### (ii) Defined contribution plan

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities or funds and will have no legal or constructive obligation to pay further contributions if any of the funds do not hold sufficient assets to pay all employee benefits relating to employee services in the current and preceding financial years. Such contributions are recognised as an expense in the profit or loss as incurred. As required by law, companies in Malaysia make such contributions to the Employees Provident Fund ("EPF").

#### (iii) Unfunded defined benefit plan

Foreign subsidiaries in Indonesia operates an unfunded defined benefit plan ("the plan") for its eligible employees in accordance with the local labour law. The defined benefit obligations under the plan, calculated using the Projected Unit Credit Method, is determined based on actuarial computations by independent actuaries. That benefit is discounted to determine its present value.

The amount recognised in the balance sheet represents the present value of the defined benefit obligations adjusted for unrecognised actuarial gains and losses and unrecognised past service costs.

#### (iv) Terminations benefits

Termination benefits are payable when employment is terminated before the normal retirement date or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits as a liability and an expense when it is demonstrably committed to either terminate the employment of current employees according to a detailed plan without possibility of withdrawal or providing termination benefits as a result of an offer made to encourage voluntary redundancy. In the case of an offer made to encourage voluntary redundancy, the measurement of termination benefits is based on the number of employees expected to accept the offer. Benefits falling due more than twelve months after balance sheet date are discounted to present value.

#### (r) Revenue recognition

Revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the Group and the amount of the revenue can be measured reliably. The following specific recognition criteria must also be met before revenue is recognised:

#### (i) Sale of properties

Revenue from sale of properties is accounted for by the stage of completion method as described in Note 2(j).

#### (ii) Construction contracts

Revenue from construction contracts is accounted for by the stage of completion method as described in Note 2(k).

#### (iii) Rental income

Rental income are recognised on an accrual basis.

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (r) Revenue recognition (contd.)

#### (iv) Interest income

Interest income is recognised on an accrual basis.

#### (v) Sale of goods

Revenue from sale of goods is recognised net of sales taxes and discounts upon transfer of significant risks and rewards of ownership to the buyer. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

#### (vi) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

#### (vii) Management fees

Management fees are recognised when services are rendered.

#### (viii) Water concession

Revenue from water concession is recognised upon transfer of treated water as measured by the meter in the water treatment plant.

#### (s) Foreign currencies

#### (i) Functional and presentation currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia (RM), which is also the Company's functional currency.

#### (ii) Foreign currency transactions

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded in the functional currencies using the exchange rates prevailing at the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are translated at the rates prevailing on the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (s) Foreign currencies (contd.)

#### (ii) Foreign currency transactions

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded in the functional currencies using the exchange rates prevailing at the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are translated at the rates prevailing on the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are included in profit or loss for the period except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operation. Exchange differences arising on monetary items that form part of the Group's net investment in foreign operation are initially taken directly to the foreign currency translation reserve within equity until the disposal of the foreign operations, at which time they are recognised in profit or loss. Exchange differences arising on monetary items that form part of the Company's net investment in foreign operation, regardless of the currency of the monetary item, are recognised in profit or loss in the Company's financial statements or the individual financial statements of the foreign operation, as appropriate.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

#### (iii) Foreign operations

The results and financial position of foreign operations that have a functional currency different from the presentation currency (RM) of the consolidated financial statements are translated into RM as follows:

- Assets and liabilities for each balance sheet presented are translated at the closing rate prevailing at the balance sheet date;
- Income and expenses for each income statement are translated at average exchange rates for the year, which
  approximates the exchange rates at the dates of the transactions; and
- All resulting exchange differences are taken to the foreign currency translation reserve within equity.

Goodwill and fair value adjustments arising on the acquisition of foreign operations on or after 1 January 2006 are treated as assets and liabilities of the foreign operations and are recorded in the functional currency of the foreign operations and translated at the closing rate at the balance sheet date. Goodwill and fair value adjustments which arose on the acquisition of foreign subsidiaries before 1 January 2006 are deemed to be assets and liabilities of the parent company and are recorded in RM at the rates prevailing at the date of acquisition.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (t) Financial instruments

Financial instruments are recognised in the balance sheet when the Group has become a party to the contractual provisions of the instrument.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends and gains and losses relating to a financial instrument classified as a liability, are reported as expense or income. Distributions to holders of financial instruments classified as equity are recognised directly in equity. Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

#### (i) Other non-current investments

Non-current investments other than investments in subsidiaries, associates and investment properties are stated at cost less impairment losses. On disposal of an investment, the difference between net disposal proceeds and its carrying amount is recognised in profit or loss.

#### (ii) Marketable securities

Marketable securities are carried at the lower of cost and market value, determined on an aggregate basis. Cost is determined on the weighted average basis while market value is determined based on quoted market values. Increases or decreases in the carrying amount of marketable securities are recognised in the income statement. On disposal of marketable securities, the difference between net disposal proceeds and the carrying amount is recognised in profit or loss.

#### (iii) Receivables

Trade and other receivables are carried at anticipated realisable values. Bad debts are written off when identified. An estimate is made for doubtful debts based on a review of all outstanding amounts as at the balance sheet date.

#### (iv) Payables

Trade and other payables are stated the fair value of the consideration to be paid in the future for goods and services received.

#### (v) Cash and cash equivalents

For the purposes of the cash flow statements, cash and cash equivalents include cash on hand and at bank, deposits at call and short term highly liquid investments which have an insignificant risk of changes in value, net of outstanding bank overdrafts.

#### (vi) Interest-bearing loans and borrowings

All loans and borrowings initially recognised at the fair value of the consideration less directly attributable transaction costs.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (t) Financial instruments (contd.)

#### (vi) Interest-bearing loans and borrowings (contd.)

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. The amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate which is the weighted average of the borrowing costs applicable to the Group's borrowings that are outstanding during the financial year, other than borrowings made specifically for the purpose of acquiring another qualifying asset. For borrowings made specifically for the purpose of acquiring a qualifying asset, the amount of borrowing costs eligible for capitalisation is the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of funds drawdown from that borrowing facility.

All other borrowing costs are recognised as an expense in the income statement in the period in which they are incurred.

#### (vii) Equity instruments

Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

The transaction costs of an equity transaction are accounted for as a deduction from equity, net of tax. Equity transaction costs comprise only those incremental external costs directly attributable to the equity transaction which would otherwise have been avoided.

#### (u) Significant accounting estimates and judgements

The directors are required to make certain estimates, judgements and assumptions that they believe are reasonable based upon the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods presented. Estimates and underlying assumptions are reviewed on an ongoing basis. Actual results may differ significantly from the estimates, the effect of which is recognised in the period in which the facts that give rise to the revision become known.

Significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have significant effect on the amount recognised in the financial statements include the following:

#### (i) Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value-in-use of the cash-generating units ("CGU") to which goodwill is allocated. Estimating a value-in-use amount requires management to make an estimate of the expected future cash flows from the CGU and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of goodwill as at 31 May 2010 was RM17,033,313 (2009: RM17,155,975). Further details are disclosed in Note 22.

31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (u) Significant accounting estimates and judgements (contd.)

#### (ii) Deferred tax assets

Deferred tax assets are recognised for all unused tax losses and unabsorbed capital allowances to the extent that it is probable that taxable profit will be available against which the losses and capital allowances can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Further details are disclosed in Note 23.

#### (iii) Property development

The Group recognises property development revenue and expenses in the income statement by using the stage of completion method. The stage of completion is determined by the proportion that property development costs incurred for work performed to date bear to the estimated total property development costs.

Significant judgement is required in determining the stage of completion, the extent of the property development costs incurred, the estimated total property development revenue and costs, as well as the recoverability of the development projects. In making the judgement, the Group evaluates based on past experience and by relying on the work of specialists. Details of property development costs are disclosed in Note 24.

#### (iv) Construction contracts

The Group recognises contract revenue and contract costs in the income statement by using the stage of completion method. The stage of completion is measured by reference to the proportion of contract costs incurred for work performed to date to the estimated total contract costs.

Significant judgement is required in determining the stage of completion, the extent of the contract costs incurred, as well as the recoverability of the construction projects. In making the judgement, the Group evaluates based on past experience and by relying on the work of specialists. Details of construction contracts are disclosed in Note 25.

#### (v) Projected water revenue of the concession

Significant estimation is involved in determining the projected water revenue of concessions where the concession periods range between 16 to 22 years, commencing from 2005 to 2027. The projected water revenue is estimated based on the scheduled tariff as set out in the Concession Agreement and projected water consumption as assessed by the management.

A projection, in this context, means prospective financial information prepared on the basis of assumptions that include hypothetical assumptions as to future events and management's actions. The projection covers an extended future period for which there are inherent risks; actual results could differ from the projection, which will result in operating results being adjusted in the period in which the revision to assumptions is made.

### 31 MAY 2010 (CONT'D)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

#### (u) Significant accounting estimates and judgements (contd.)

#### (vi) Provision for doubtful debts

The Group makes provision for bad and doubtful debts based on an assessment of recoverability of trade and other receivables. Provisions are made in respect of trade and other receivables where events or changes in circumstances indicate that the balances may not be collectible. Significant jugdgement is required in the assessment of the recoverability of receivables where the expectation is different from the original estimate, such difference will impact the carrying value of receivables and provision for doubtful debts in the period in which such estimate has changed. As at 31 May 2010, the provision for doubtful debts is RM4,674,266 (2009: RM4,407,770).

#### (vii) Allowance for write-down in inventories

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the carrying value of inventories.

#### (viii) Provision for Liquidated Ascertained Damages

Provision for liquidated ascertained damages ("LAD") is in respect of projects undertaken by certain subsidiaries and is recognised for expected LAD claims based on the terms of the applicable sale and purchase agreements. Significant judgement is required in determining the amount of provision for LAD to be made. The Group evaluates the amount of provision required based on past experience, the industry norm and the results from continuous dialogs held with affected customers.

The Group and the Company plan to adopt the above pronouncements when they become effective in the respective financial period.

The new FRSs, Amendments to FRSs and Interpretations above are expected to have no significant impact on the financial statements of the Group and of the Company upon their initial application except for the following:

FRS 3: Business Combinations (revised) and FRS 127: Consolidated and Separate Financial Statements (amended)

FRS 3 (revised) introduces a number of changes to the accounting for business combinations occurring on or after 1 July 2010. These include changes that affect the valuation of non-controlling interest, the accounting for transaction costs, the initial recognition and subsequent measurement of a contingent consideration and business combinations achieved in stages. These changes will impact the amount of goodwill recognised, the reported results in the period that an acquisition occurs and future reported results.

31 MAY 2010 (CONT'D)

#### 3. CHANGES IN ACCOUNTING POLICIES AND EFFECTS OF ADOPTING REVISED FRS (CONTD.)

#### (a) Standards issued but not yet effective (contd.)

FRS 3: Business Combinations (revised) and FRS 127: Consolidated and Separate Financial Statements (amended) (contd.)

FRS 127 (amended) requires that a change in the ownership interest of a subsidiary (without loss of control) is accounted for as a transaction with owners in their capacity as owners and to be recorded in equity. Therefore, such transaction will no longer give rise to goodwill, nor will it give rise to a gain or loss. Furthermore, the amended Standard changes the accounting for losses incurred by the subsidiary as well as loss of control of a subsidiary.

The changes by FRS 3 (revised) and FRS 127 (amended) will be applied prospectively and only affect future acquisition or loss of control of subsidiaries and transactions with non-controlling interests.

#### FRS 8: Operating Segment

FRS 8 replaces FRS 1142004: Segment Reporting and requires a 'management approach', under which segment information is presented on a similar basis to that used for internal reporting purposes. As a result, the Group's external segmental reporting will be based on the internal reporting to the "chief operating decision maker", who makes decisions on the allocation of resources and assesses the performance of the reportable segments. As this is a disclosure standard, there will be no impact on the financial position or results of the Group.

#### FRS 101: Presentation of Financial Statements (revised)

The revised FRS 101 separates owner and non-owner changes in equity. Therefore, the statements of changes in equity will now include only details of transactions with owners. All non-owner changes in equity are presented as a single line labelled as total comprehensive income. The Standard also introduces the statement of comprehensive income: presenting all items of income and expense recognised in the income statement, together with all other items of recognised income and expense, either in one single statement, or in two linked statements. The Group is currently evaluating the format to adopt. In addition, a statement of financial position is required at the beginning of the earliest comparative period following a change in accounting policy, the correction of an error or the reclassification of items in the financial statements. This revised FRS does not have any impact on the financial position and results of the Group and of the Company.

FRS 139: Financial Instruments: Recognition and Measurement, FRS 7: Financial Instruments: Disclosures and Amendments to FRS 139: Financial Instruments: Recognition and Measurement, FRS 7: Financial Instruments: Disclosures

The new Standard on FRS 139: Financial Instruments: Recognition and Measurement establishes principles for recognising and measuring financial assets, financial liabilities and some contracts to buy and sell non-financial items. Requirements for presenting information about financial instruments are in FRS 132: Financial Instruments: Presentation and the requirements for disclosing information about financial instruments are in FRS 7: Financial Instruments: Disclosures.

FRS 7: Financial Instruments: Disclosures is a new Standard that requires new disclosures in relation to financial instruments. The Standard is considered to result in increased disclosures, both quantitative and qualitative of the Group's and of the Company's exposure to risks, enhanced disclosure regarding components of the Group's and of the Company's financial position and performance, and possible changes to the way of presenting certain items in the financial statements.

In accordance with the respective transitional provisions, the Group and the Company are exempted from disclosing the possible impact to the financial statements upon the initial application.

31 MAY 2010 (CONT'D)

#### 3. CHANGES IN ACCOUNTING POLICIES AND EFFECTS OF ADOPTING REVISED FRS (CONTD.)

#### (a) Standards issued but not yet effective (contd.)

Amendments to FRS 1: First-time Adoption of Financial Reporting Standards and FRS 127: Consolidated and Separate Financial Statements: Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate

The amendment to FRS 1 allow first-time adopters to use costs, determined in accordance with FRS 127, or deemed cost of either fair value (in accordance with FRS 139) or the carrying amount under previous accounting practice to measure the initial cost of investments in subsidiaries, jointly controlled entities and associates in the separate opening FRS balance sheet. In the amendment to FRS 127, there is no longer a distinction between pre-acquisition and post-acquisition dividends. The amendment also requires the cost of the investment of a new parent in a group (in a reorganisation meeting certain criteria) to be measured at the carrying amount of its share of equity as shown in the separate financial statements of the previous parent. The amendments also remove the definition of the cost method from FRS 127 and will be applied prospectively that affect only the financial statements of the Company and do not have an impact on the financial statements of the Group.

FRS 132 Financial Instruments: Disclosures and Presentation will be renamed as Financial Instruments: Presentation upon the adoption of FRS 7 Financial Instruments: Disclosures. The amendments provide a limited scope exception for puttable instruments and instruments that impose on the entity an obligation to deliver to another party a pro rata share of the net assets of the entity only on liquidation to be classified as equity. An instrument that meets the definition of a financial liability is classified as an equity instrument only if it fulfils a number of specific features and conditions as stipulated in the Standard.

#### Amendments to FRSs 'Improvements to FRSs (2009)'

- FRS 8 Operating Segments: Clarifies that segment information with respect to total asset is required only if they are included
  in measures of segment profit or loss that are used by the 'chief operating decision maker'.
- FRS 107 Statement of Cash Flows (formerly known as Cash Flow Statements): Clarifies that only expenditures that result
  in a recognised asset in the statement of financial position can be classified as investing activities in the statement of
  cash flows.
- FRS 108 Accounting Policies, Changes in Accounting Estimates and Errors: Clarifies that only implementation guidance that is an integral part of an FRS is mandatory when selecting accounting policies.
- FRS 117 Leases: Clarifies on the classification of leases of land and buildings. The Group is still assessing the potential implication as a result of the reclassification of its unexpired land leases as operating or finance leases. For those land element held under operating leases that are required to be reclassified as finance leases, the Group shall recognise a corresponding asset and liability in the financial statements which will be applied retrospectively upon initial application. However, in accordance with the transitional provision, the Group is permitted to reassess lease classification on the basis of the facts and circumstances existing on the date it adopts the amendments; and recognise the asset and liability related to a land lease newly classified as a finance lease at their fair values on that date; any difference between those fair values is recognised in retained earnings. The Group is currently in the process of assessing the impact of this amendment.

#### 3. CHANGES IN ACCOUNTING POLICIES AND EFFECTS OF ADOPTING REVISED FRS (CONTD.)

#### (a) Standards issued but not yet effective (contd.)

Amendments to FRSs 'Improvements to FRSs (2009)' (contd.)

- FRS 119 Employee Benefits: The amendment revises the definition of 'past service costs', 'return on plan assets' and 'short term' and 'other long-term' employee benefits. It clarifies that the costs of administering the plan may be either recognised in the rate of return on plan assets or included in the actuarial assumptions used to measure the defined benefit obligation. The amendment further clarifies that amendment to plans that result in a reduction in benefits related to future services are curtailments. It also deleted the reference to the recognition of contingent liabilities to ensure consistency with FRS 137 Provisions, Contingent Liabilities and Contingent Assets.
- FRS 123 Borrowing Costs: The definition of borrowing costs is aligned with FRS 139 by referring to the use of effective interest rate as a component of borrowing cost.
- FRS 127 Consolidated and Separate Financial Statements: The amendment clarifies that when a parent entity accounts
  for a subsidiary at fair value in accordance with FRS 139 in its separate financial statements, this treatment continues
  when the subsidiary is subsequently classified as held for sale.
- FRS 128 Investments in Associates: The amendment clarifies that if an associate is accounted for at fair value in accordance with FRS 139, only the requirement of FRS 128 to disclose the nature and extent of any significant restrictions on the ability of the associate to transfer funds to the investor in the form of cash or repayment of loans applies. It further clarifies that an investment in an associate is treated as a single asset for the purpose of impairment testing. Therefore, any impairment loss is not separately allocated to the goodwill included in the investment balance.
- FRS 131 Interests in Joint Ventures: The amendment clarifies that if a joint venture is accounted for 'at fair value through
  profit or loss', in accordance with FRS 139, only the requirements of FRS 131 to disclose the commitments of the venturer
  and the joint venture, as well as summary financial information about the assets, liabilities, income and expense will apply.
- FRS 136 Impairment of Assets: Clarifies that when discounted cash flows are used to estimate 'fair value less cost to sell' additional disclosure is required about the discount rate, consistent with disclosures required when the discounted cash flows are used to estimate 'value in use'. The amendment further clarifies that the largest cash-generating unit for group of units to which goodwill should be allocated for purposes of impairment testing is an operating segment as defined in FRS 8.
- FRS 138 Intangible Assets: Clarifies that expenditure on advertising and promotional activities is recognised as an expense when the Group either has the right to access the goods or has received the service. The amendments also provide guidance regarding valuation techniques to measure the fair value of an intangible asset acquired in a business combination when there is no active market for the asset. In addition, the reference to there being rarely, if ever, persuasive evidence to support an amortisation method of intangible assets other than a straight-line method" has been removed.

#### 3. CHANGES IN ACCOUNTING POLICIES AND EFFECTS OF ADOPTING REVISED FRS (CONTD.)

#### (a) Standards issued but not yet effective (contd.)

Amendments to FRSs 'Improvements to FRSs (2009)' (contd.)

- FRS 139 Financial Instruments: Recognition and Measurement: Clarifies that changes in circumstances relating to derivatives are not reclassifications and therefore may be either removed from, or included in, the 'fair value through profit or loss' classification after initial recognition. It also clarifies on the scope exemption for business combination contracts. The amendments remove the reference in FRS 139 to a 'segment' when determining whether an instrument qualifies as a hedge and requires the use of the revised effective interest rate when remeasuring a debt instrument on the cessation of fair value hedge accounting. It also provides additional guidance on determining whether loan prepayment penalties result in an embedded derivates that needs to be separated. In addition, the amendments state that the gains or losses on a hedged instrument should be reclassified from equity to profit or loss during the period that the hedged forecast cash flows impact profit or loss.
- FRS 140 Investment Property: Property under construction or development for future use as an investment property is classified as investment property. Where the fair value model is applied, such property is measured at fair value. If fair value cannot be reliably determined, the investment under construction will be measured at cost until such time as fair value can be determined or construction is complete. The Group has previously stated investment properties at cost less accumulated depreciation and impairment losses. The amendment also includes changes in terminology in the Standard to be consistent with FRS 108. The change will be applied prospectively.

IC Interpretation 9: Reassessment of Embedded Derivatives and Amendments to IC Interpretation 9 Reassessment of Embedded Derivatives

This IC requires that there should be no subsequent reassessment of whether an embedded derivative should be separated from the host contract after initial recognition, unless there have been changes to the terms of the contract that significantly modifies the cash flows that otherwise would be required under the contract. The amendments to the IC clarifies that on reclassification of a financial asset out of the 'at fair value through profit or loss' category all embedded derivatives within the scope of this IC and FRS 139 have to be assessed and, if necessary, separately accounted for in financial statements. The IC is to be applied retrospectively.

IC Interpretation 14: FRS 119 - The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction

This IC provides guidance on how to assess the limit, under FRS 119 Employee Benefits, on the amount of surplus in a defined benefit scheme that can be recognised as an asset and explains how the minimum funding requirements will affect the defined benefit asset and addresses when minimum funding requirements may give rise to a liability.

#### FRS 1: First-time Adoption of Financial Reporting Standards

This FRS supersedes FRS 1 (issued in 2005 and amended in May 2009). The Standard sets out the procedures that an
entity must follow when it adopts FRSs for the first time as the basis for preparing its financial statements.

#### 3. CHANGES IN ACCOUNTING POLICIES AND EFFECTS OF ADOPTING REVISED FRS (CONTD.)

#### (a) Standards issued but not yet effective (contd.)

#### Amendments to FRS 138: Intangible Assets

The amendments clarify that an intangible asset must be recognised separately from goodwill even if it is separable only together with a related contract, identifiable asset, or liability. Also, if an intangible asset is separable only together with another intangible asset, those assets can be recognised together as a single asset, and if the individual assets in a group of complementary intangible assets have similar useful lives, those assets can be recognised together as a single asset.

#### Amendments to IC Interpretation 9: Reassessment of Embedded Derivatives

The amendments clarifies that the scope of IC 9 which does not apply to embedded derivatives in contracts acquired in a business combination, a combination of entities or businesses under common control as defined in FRS 3 Business Combinations (revised), or the formation of a joint venture as defined in FRS 131: Interests in Joint Ventures.

#### IC Interpretation 12: Service Concession Arrangements

This IC applies to service concession operators and explains how to account for the obligations undertaken and rights received in service concession arrangements. The transitional provision exempts the disclosure of the possible impact to the financial statements upon the initial application of the IC.

#### IC Interpretation 15: Agreements for the Construction of Real Estate

This IC requires that when the real estate developer is providing construction services to the buyer's specifications, revenue can be recorded only as construction progresses. Otherwise, revenue should be recognised on completion of the relevant real estate unit.

#### IC Interpretation 17: Distributions of Non-cash Assets to Owners

This IC provides guidance on the recognition and measurement of liabilities arising from dividends paid in the form of assets other than and clarifies that the dividend payable should measured at the fair value of the assets to be distributed. It also clarifies that the difference between the carrying amount of the assets distributed and the fair value of the dividend paid should be taken to income statement.

#### 22. GOODWILL ON CONSOLIDATION (CONTD.)

The recoverable amount of a CGU is determined based on value-in-use calculations applying a discounted cash flow model based on financial budgets approved by management covering a 5 to 25 years period. Cash flows beyond the five-year period are projected based on the assumptions that the 5th year operating cash flow will be generated by the respective CGUs perpetually. Discount rate used is based on the pre-tax weighted average cost of capital.

Management believes that any reasonably possible change in the key assumptions would not cause the carrying values of the goodwill to materially exceed their recoverable amounts.

#### 27. TRADE AND OTHER RECEIVABLES (CONTD.)

- (a) Included in trade and other receivables of the Group are amounts which have been outstanding in excess of 12 months amounting to RM44,559,180 (2009: RM52,712,947) for which a provision of RM4,674,266 (2009: RM4,407,770) has been made. In assessing the extent of irrecoverable amounts, the directors have given due consideration to all pertinent information relating to the ability of the debtors to settle the amounts owing. Notwithstanding the overdue nature of these debts, the directors of the Company have assessed the amounts due from debtors less provision for irrecoverable amounts as stated in the financial statements, to be fully recoverable.
- (b) The amount from an associate are unsecured, non-interest bearing and repayable on demand.
- (c) Included in trade and other receivables of the Group are balances denominated in Indonesian Rupiah amounting to RM2,204,420 (2009: RM3,089,812).
- (d) The Group's normal trade credit term ranges from 30 to 90 (2009: 30 to 90) days. Other credit terms are assessed and approved on a case-by-case basis.
- (e) The Group has significant concentration of credit risk as approximately 35% (2009: 35%) of the trade receivables as of 31 May 2010 are due from a single debtor.

#### 28. AMOUNTS DUE FROM/TO SUBSIDIARIES

The amounts due from/to subsidiaries are unsecured, non-interest bearing and repayable on demand.

The Company will not demand repayment of amounts due from subsidiaries in so far as it will adversely affect their operations.

- (a) The capital reserve is in respect of share premium of Gadang Engineering (M) Sdn Bhd, a subsidiary of the Company, which was capitalised for a bonus issue.
- (b) The foreign exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign subsidiaries.
- (c) Prior to the year of assessment 2008, Malaysian companies adopt the full imputation system. In accordance with the Finance Act 2007 which was gazetted on 28 December 2007, companies shall not be entitled to deduct tax on dividend paid, credited or distributed to its shareholders, and such dividends will be exempted from tax in the hands of the shareholders ("single tier system"). However, there is a transitional period of six years, expiring on 31 December 2013, to allow companies to pay franked dividends to their shareholders under limited circumstances. Companies also have an irrevocable option to disregard the 108 balance and opt to pay dividends under the single tier system. The change in the tax legislation also provides for the 108 balance to be locked-in as at 31 December 2007 in accordance with Section 39 of the Finance Act 2007.

The Company did not elect for the irrevocable option to disregard the 108 balance. Accordingly, during the transitional period, the Company may utilise the credit in the 108 balance as at 31 December 2007 to distribute cash dividend payments to ordinary shareholdings as defined under the Finance Act 2007. As at 31 May 2010, the Company has sufficient credit in the 108 balance to pay franked dividends out of its entire retained profits.

#### **42. FINANCIAL INSTRUMENTS**

#### (a) Financial risk management objectives and policies

The Group's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's businesses whilst managing its interest rate, liquidity, credit and foreign exchange risks. The Group operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative transactions.

#### (b) Interest rate risk

The Group's primary interest rate risk relates to bank borrowings as the Group had no substantial long term interest-bearing assets as at 31 May 2010. The investments in financial assets are mainly short term in nature and they are not held for speculative purposes but have been mostly placed in fixed deposits which yield better returns than cash at bank.

The information on maturity dates and effective interest rates of financial assets and liabilities are disclosed in their respective notes.

#### (c) Liquidity risk

The Group actively manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that refinancing, repayment and funding needs are met. As part of its overall liquidity management, the Group maintains sufficient levels of cash or cash convertible investments to meet its working capital requirements. In addition, the Group strives to maintain available banking facilities at a reasonable level to its overall debt position.

#### (d) Credit risk

Credit risks, or the risk of counterparties defaulting, are controlled by the application of credit approvals, limits and monitoring procedures. Credit risks are minimised and monitored by limiting the Group's associations to business partners with high creditworthiness. Trade receivables are monitored on an ongoing basis via Group management reporting procedures.

#### (e) Foreign exchange risk

The Group operates internationally and is exposed to various currencies, mainly Indonesian Rupiah and Singapore Dollars. The Group maintains a natural hedge, whenever possible, by borrowing in the currency of the country in which the property or investment is located. Foreign exchange exposures in transactional currencies other than functional currencies of the operating entities are kept to an acceptable level.

- \* It is not practical to estimate the fair values of the Group's non-current unquoted shares because of the lack of quoted market prices and the inability to estimate fair value without incurring excessive costs.
- # The carrying amount of intercompanies balances and advances from directors are repayable on demand and therefore approximate fair value.
- The carrying values of long term borrowings of the Group and of the Company, all of which are variable rate borrowings, is considered to be a reasonable estimate of the fair value as the borrowings will be repriced immediately in the event of any changes to the market interest rates.

The fair values of hire purchase payables are estimated using discounted cash flow analysis, based on current lending rates for similar types of lending arrangements.

#### 43. MATERIAL LITIGATION

(i) Kuala Lumpur High Court Suit No. S3-22-240-2000

#### **Parties:**

L'Grande Development Sdn. Bhd. ("L'Grande") vs Bukit Cerakah Development Sdn. Bhd. ("BCD") ("Original Action")

BCD vs L'Grande and Gadang Engineering (M) Sdn Bhd ("GESB") ("Action By Counterclaim")

GESB vs BCD and Pembinaan Era Dinamik Sdn. Bhd. ("PED") ("Counterclaim Within Counterclaim")

**Nature:** L'Grande has commenced a suit against BCD on 11 April 2000 for the recovery of the sum due and owing to L'Grande arising from a building contract in respect of a particular project. BCD sought a counterclaim against L'Grande. In BCD's defense and counter claim, BCD has made various allegations of defective works done by L'Grande, which included imputing blame on the part of GESB, being the sub-contractor involved in carrying out the earthworks for the said project. GESB applied to Court for an order to be added as a defendant to the counterclaim to be given the right to properly refute the serious allegations made against GESB ("said application"). The said application was granted on 10 June 2002. GESB then sought a counterclaim against BCD and PED on the basis of nonpayment of sums due and owing to GESB. GESB has sought to enter summary judgment against PED for the outstanding sum. The court has dismissed GESB's application against PED on 22 January 2003. GESB has since lodged an appeal on 28 January 2003. GESB's appeal to the Judge in Chambers against that decision was dismissed on 21 June 2004. GESB has since filed its appeal to the Court of Appeal on 23 June 2004, which was called up for hearing on 14 July 2008. After hearing submissions, the Court of Appeal dismissed GESB's appeal. The Court of Appeal was of the view that this case was not suitable for disposal by a summary application.

**Claim:** GESB's claim against PED is for a sum of RM4,746,519.35 whereas the claim against BCD is essentially for a declaration that it is liable for the debts of PED.

**Merits:** The solicitors for this matter are of the opinion that notwithstanding the court's refusal of the application for summary judgement, GESB has a reasonable chance of success at trial in its claim against PED given that the structural damage was caused substantially if not entirely by the defective pilings, according to the case by BCD.

**Status:** When the matter was called up on 29 June 2009 before the Deputy Registrar for case management, the Official Receiver informed the court that L'Grande has been wound up and that they were currently in discussions with L'Grande on the way forward in respect of this action. Accordingly, the Official Receiver requested that the matter be put on hold pending the outcome of their discussions with L'Grande.

GESB's solicitors informed the court that as L'Grande was not involved in the Counterclaim Within Counterclaim, GESB's action against BCD and PED could be proceeded with.

The above matter is fixed for mediation / case management on 27 October 2010.

#### 43. MATERIAL LITIGATION (CONTD.)

(ii) Kuala Lumpur High Court Suit No. S-22-615-2009

#### **Parties:**

GESB vs Bluwater Developments Berhad ("Bluwater")

**Nature:** GESB filed a claim against Bluwater on 25 August 2009 for the amount of RM33,900,543.57 in relation to the works done by GESB for Bluwater with respect to the Mines Heritage Project (Package A and B). The cause papers were served on Bluwater as the defendant in this matter on 16 October 2009. GESB applied for a Mareva injunction against Bluwater and was granted an ex-parte Mareva injunction on 16 October 2009. Bluwater applied for discharge of the injunction order which was allowed on 30 October 2009. GESB appealed to the Court of Appeal against the discharge order and the appeal is pending.

On 4 November 2009, Bluwater applied for a stay pending arbitration. GESB applied for summary judgment on 6 November 2009. The court had, on 10 March 2010, allowed Bluwater's application for stay pending arbitration on condition that the arbitration must be completed within one (1) year, failing which, GESB will be at liberty to proceed with the application for summary judgment. The requests for arbitration have been served on 23 March 2010.

**Claim:** GESB filed a claim against Bluwater for the amount of RM33,900,543.57 in relation to the works done by GESB for Bluwater with respect to the Mines Heritage Project (Package A and B).

Merits: The solicitors acting for GESB are of the opinion that the probable outcome of the arbitration proceedings will be in GESB's favour.

**Status:** By a letter dated 11 May 2010, the President of Persatuan Arkitek Malaysia informed both parties the name and particulars of the appointed arbitrator. By a letter dated 18 May 2010, the Learned Arbitrator requested that both parties attend a preliminary meeting in early June 2010 before the commencement of the arbitration proceedings. At the preliminary meeting held on 3 June 2010, the Learned Arbitrator provided directions for parties to comply in this arbitration proceeding. Pursuant to the Learned Arbitrator's directions, GESB filed its points of claim on 18 June 2010. Bluwater is to reply with its points of defense and counterclaim on 6 August 2010. The next tentative dates for the hearings will be in October 2010 and November 2010 respectively.

## NOTICE OF 17TH ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN THAT the Seventeenth Annual General Meeting (AGM) of Gadang Holdings Berhad (the Company) will be held at Ballroom 1, First Floor, Sime Darby Convention Centre, 1A Jalan Bukit Kiara 1, 60000 Kuala Lumpur on Tuesday, 23rd November 2010 at 10.00 a.m. for the following purposes:-

#### **AGENDA**

#### **AS ORDINARY BUSINESS**

- To receive the Audited Financial Statements of the Company for the year ended 31 May 2010 together with the Reports of the Directors and Auditors thereon. (Ordinary Resolution 1)
- 2. To approve the payment of Directors' fees amounting to RM126,000.00 in respect of the financial year ended 31 May 2010 (FY2009: RM74,000). (Ordinary Resolution 2)
- 3. To re-elect Tan Sri Dato' Kok Onn, who is retiring in accordance with Article 108 of the Company's Articles of Association.

  (Ordinary Resolution 3)
- 4. To re-appoint Messrs Ernst & Young as Auditors of the Company and to authorise the Directors to determine their remuneration.

  (Ordinary Resolution 4)

#### **AS SPECIAL BUSINESS**

To consider and, if thought fit, to pass the following Ordinary and Special Resolutions:-

5. Authority to Directors to issue shares

"THAT pursuant to Section 132D of the Companies Act, 1965, the Directors be and are hereby authorized to issue shares in the Company at any time until the conclusion of the next Annual General Meeting and upon such terms and conditions and for such purposes as the Directors may, in their absolute discretion, deem fit provided that the aggregate number of shares to be issued does not exceed ten per centum of the issued and paid-up share capital of the Company for the time being, subject always to the approvals of the relevant regulatory authorities."

(Ordinary Resolution 5)

Proposed renewal of shareholders' mandate for recurrent related party transactions of a revenue or trading nature and for provision of financial assistance

**"THAT,** subject to the provisions of the Listing Requirements of Bursa Malaysia Securities Berhad, approval be and is hereby given for the Company and/or its subsidiaries ("Gadang Group") to enter into recurrent related party transactions of a revenue or trading nature and for the provision of financial assistance as set out in Section 2.4 of the Circular to Shareholders dated 1 November 2010 ("Circular") with the related parties listed in Section 2.3 of the Circular which transactions are necessary for the day-to-day operations, in the ordinary course of business of Gadang Group on terms which are not more favourable to the related parties than those generally available to the public and are not to the detriment of the minority shareholders;

THAT such authority shall commence immediately upon the passing of this resolution and shall continue to be in force until:

(a) the conclusion of the next Annual General Meeting ("AGM") of the Company, at which time it will lapse, unless renewed by a resolution passed at that meeting;

## NOTICE OF 17TH ANNUAL GENERAL MEETING

- (b) the expiration of the period within which the next AGM of the Company is required to be held pursuant to Section 143 (1) of the Companies Act, 1965 ("Act") (but shall not extend to such extension as may be allowed pursuant to Section 143 (2) of the Act); or
- (c) revoked or varied by resolution passed by the shareholders of the Company in a general meeting;

whichever is the earlier:

**AND THAT,** the Directors and/or any of them be and are hereby authorized to complete and do all such acts and things (including executing such documents as may be required) to give effect to the transactions contemplated and/or authorized by this resolution."

(Ordinary Resolution 6)

#### 7. Proposed Amendment to the Articles of Association of the Company

"That the existing Article 132 of the Articles of Association of the Company be deleted in its entirety and be substituted with the following new Article 132:-

#### **Existing Article 132**

Any dividend, interest or other moneys payable in cash in respect of shares may be paid by cheque or warrant sent through the post to the last registered address of the Member or person entitled thereto, to any one of such persons or to such person and such address as such person or persons may by writing direct. Every such cheque or warrant shall be payable to the order of the person to whom it is sent or to such person as the holder, or person entitled to the share in consequence of the death or bankruptcy of the holder may direct. Payment of the cheque shall be a good discharge to the Company. Every such cheque or warrant shall be sent at the risk of the person entitled to the money represented thereby.

#### **New Article 132**

Any dividend, interest or other moneys payable in cash in respect of shares may be paid by cheque or warrant sent through the post to the last registered address of the Member or person entitled thereto, to any one of such persons or to such person and such address as such person or persons may by writing direct or paid via electronic or other methods of funds transfer or remittance to such account as designated by such Member or the person entitled to such payment or if several persons are entitled thereto in consequence of the death or bankruptcy of the Member, to any one such persons or to such person and to such address as such persons may by writing direct, subject to the Rules. Every such cheque or warrant or electronic transfer or remittance shall be payable to the order of the person to whom it is sent or to such person as the holder, or person entitled to the share in consequence of the death or bankruptcy of the holder may direct. Payment of the cheque or warrant or electronic transfer or remittance shall operate as a good discharge to the Company in respect of the dividend represented thereby. Every such cheque or warrant or electronic transfer or remittance shall be sent at the risk of the person entitled to the money thereby represented.

(Special Resolution)

#### BY ORDER OF THE BOARD

TAN SEOK CHUNG, SALLY Secretary

Kuala Lumpur 1 November 2010

The proposed Ordinary Resolution 5, if passed, will empower the Directors of the Company, pursuant to Section 132D of the Companies Act, 1965, to issue and allot new shares in the Company from time to time provided that the aggregate number of shares issued does not exceed 10% of the issued and paid-up share capital of the company for the time being. This authority, unless revoked or varied by the Company in general meeting, will expire at the conclusion of the next Annual General Meeting of the Company.

As at the date of this Notice, no new shares in the Company were issued pursuant to the authority granted to the Directors at the last Annual General Meeting held on 19 November 2009 and which will lapse at the conclusion of the Seventeenth Annual General Meeting.

### (ii) Ordinary Resolution 6 - Proposed renewal of shareholders' mandate for recurrent related party transactions of a revenue or trading nature and for provision of financial assistance

The proposed Ordinary Resolution 6, if passed, will empower the Company and its subsidiaries ("Gadang Group") to enter into recurrent related party transactions of a revenue or trading nature and for the provision of financial assistance which are necessary for Gadang Group's day-to-day operations, subject to the transactions being in the ordinary course of business and on terms which are not more favourable to the related parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

Details relating to Ordinary Resolution 6 are set out in the Circular to Shareholders dated 1 November 2010, which is despatched together with this Annual Report 2010.

#### (iii) Special Resolution - Proposed Amendment to the Articles of Association of the Company

The proposed Special Resolution, if passed, will allow the Company to provide for payment of any dividend, interest or other money payable by the Company to its shareholders by way of electronic payment such as telegraphic transfer or electronic transfer or remittance. Further information on the Proposed Amendment to the Articles of Association of the Company is set out in the Circular to Shareholders dated 1 November 2010, which is despatched together with the Company's Annual Report 2010.
