

Setting New Standards

2012 Annual Report

We are trendsetters. We are redefining standards in our industry. We are Media Prima, Malaysia's leading fully integrated media company. Where we go, others follow and as industry leaders, we are at the forefront of innovation. We think out of the box, we deliver exciting content and with focus and determination, we will ensure that we are always a few steps ahead of the rest of the game.

In line with this year's theme, Setting New Standards, we will keep moving on to bigger and better things by setting and meeting the highest standards of excellence in all our endeavours.

MALAYSIA'S LEADING FULLY INTEGRATED MEDIA COMPANY

Audience satisfaction is paramount to ensure the success of our multi-platform media business and having the best tools in assessing program performance and content quality is what enables Media Prima Berhad to continuously set the trend. Getting to know what matters most to our audience – how they spend their time consuming media content, what time of day and how long do they stay glued to their television screens and other lifestyle choices – remain the focus of how audience research is conducted in order to produce top-rated content for our television channels; TV3, ntv7, 8TV and TV9.

It is Media Prima Berhad's strategy to drive viewers to the station and ratings being the guide to managing and scheduling our programs. Take the case of top rated music awards show the Anugerah Juara Lagu which combines a whole package of success with the right theme, choice of hosts, production treatment, originality and freshness of the content. In other words, good content comprises 50 percent of the formula for success.

TV3 hit the highest rating of 6.4 million viewers through Anugerah Juara Lagu 2012

In 2012, NST became Malaysia's first talking newspaper. A recorder was placed inside the hardcopy version of the newspaper to play advertisement soundbites. In the same year, NST, BH and HM introduced digital paper which allowed readers to read the newspaper on tablets and mobile phones

Big Tree rolled-out Malaysia's first digital media formats in LRT hubs (Rapid KL Kelana Jaya Line and Ampang Line Stations)

The first LED trimmed light boxes in the country rolled-out at the KLCC Convention Centre – KL Pavilion Elevated Walkway Won the Out-of-Home Company of the Year 2012 by Advertising+Marketing Magazine Malaysia

The formation of Media Prima Digital led to the birth of the nation's largest integrated digital media unit

Primeworks Studios is the largest content-creation company in Malaysia, producing internationally-acclaimed movies and films

Hot FM Regionalisation to Kelantan and Terengganu materialised on 2 January 2012 with localised content and music

We have every reason to be irrationally exuberant – we hit the RM2 billion revenue mark last year. Considering 2012 was a relatively “difficult” year by any standard, it was an achievement that we ought to be proud of. Almost all our platforms were doing better than expected, in fact New Straits Times Press (NSTP) achieved the best ever results in its 168-year history, so too our TV and radio networks. The rest registered better-than-expected performances compared to the previous year.

It was an incredible journey with many challenges and seemingly insurmountable odds, but not only did we prevail but we bettered ourselves, year on year, soldiering on in difficult times and cruising along when things were better. There were in fact many more difficult times than better ones and many more obstacles than we can possibly imagine.

We are not an “ordinary” company, we always remind ourselves. We are a niche company. There are not many companies listed on the Bursa like us. We deal with different kinds of products and services. We don’t pride ourselves in having landed properties or managing other people’s money. We are in the media business. A business so specialised that we need to specialise in order to survive.

This is a different terrain altogether. Media is probably one of the most challenging businesses the world has ever known. Remember, a media baron famously once said, 30 years ago there

Chairman’s Statement

SETTING NEW STANDARDS

And Creating a Conducive Ecosystem

We have certainly come a long way. When Media Prima Bhd (MPB) came into the picture in 2003, little did we imagine our journey would be this exciting. Neither did we anticipate being in the league of an elite group comprising top 100 companies listed on Bursa Malaysia. It has been a long and arduous process, littered with challenges, one filled with tears and sweat, lots of dedication and tireless commitment by all – from the board members to the management and staff.

were more than 50 mega media companies in the world. He predicted that in the near future there will be hardly five global media players as a result of market “realities”, new expectations or simply the faltering of once-established companies. Media companies got gobbled up, involved in painful mergers and unwanted acquisitions. In many instances even two is a crowd.

We pride ourselves as being the largest and truly, the only fully-integrated media company in the land and perhaps in the region today. We are a media powerhouse unlike any other. And more. Our outfit is beyond the traditional definition of media. We would like to believe that our media assets are unique and special, thus prized and revered. We also pride ourselves as a major player in the creative content industry – probably the most challenging, robust and demanding today.

DATUK JOHAN BIN JAAFFAR
Chairman

Media Prima Berhad

Chairman's Statement

To us, content is king; and with content, creativity is everything. It is our hallmark as much as it is our survival. To us, creativity equals survival. When the *Straits Times* first appeared in 1845, it was one of the best things that happened to Malaya, intellectually. It was the first newspaper in any language. The first newspaper in Bahasa Melayu, the *Jawi Peranakan* was published in Penang but 51 years later, *The New Straits Times (NST)*, as it has been called since 1965, survives until today because it is niched, different and always ready to move on with times. It has gone through numerous editorial leaderships, but the newspaper sticks to the principle that, to survive, it must adapt. It has to make adjustments – design and content-wise. In short, it has to be forever creative and innovative. And stick to the principle that a newspaper is above all, not just about news and features, but design too.

When TV3 made its full transmission debut on June 1st 1984, it made waves naturally. It was new, young and beautiful. It was like a morning mist – refreshing and cool. It was a welcomed alternative to the existing channels available at the time. TV3 has never looked back. It is our proud asset, in fact, one of our flag bearers together with our newspaper products. As I mentioned in the commemorative publication of the 25th Anniversary of the station, “TV3 has certainly come a long way from its humble beginnings at Jalan Liku (Bangsar) to where it is now at Sri Pentas.” I did mention that creation of content will be the key to TV3’s survival in facing daunting competition in the future.

Besides television, radio and newspapers, we have other assets as well. We own the largest outdoor advertisement company, painting the nation with colours and designs on huge billboards, in buildings, on trains, even in car parks. And we do it tastefully, with style and finesse and creatively. Our clients know why they trust us – we give them value for money. We give them the edge that others cannot provide. We give them the best alternative and

solution to promote or sell their products. Because traditional billboards or electronic ones mean little without the right content and the way it is presented.

Content. That is the key. In Malaysia, it is believed that the creative content industry is worth RM16 billion employing 45,000 people, generating revenue of RM9.4 billion and contributing up to 1.27 per cent of the National Gross Domestic Product. (GDP). More importantly, it has massive potential and abundant opportunities. Its growth has been explosive to say the least.

Take the case of film productions. I believe the number of movies produced in 2012 (103) was the highest ever in the history on this country, surpassing many times the number of films made during the golden era of Malay movies in the late 50s and 60s. Box office takings grew threefold in the past 5 years alone, rising above the magical RM100 million mark with admission numbers more than doubling and production costs more than quadrupling. Similarly, the number of television productions has grown exponentially, thus seeing an overall explosion in the number of production houses.

We believe strongly that content is a commodity now. Remember, content is now platform-agnostic in nature or “cross-platform” or “trans-media.” And content too is consumed “together” across multiple platforms. In our lingo, content is now consumed in a “how-ever”, “where-ever” and “when-ever” scenario.

But we acknowledge the fact that the Malaysian domestic market is relatively small to cater for real growth potential. It is a case perhaps of too many fishes in a small pond syndrome. For now, despite Malaysia’s creative content industry generating revenue worth RM9.4 billion, it is nonetheless a drop in the ocean in relation to the estimated RM1.2 trillion for the Asia-Pacific region or the staggering RM4.5 trillion globally.

These are the new “realities” that we have factored in for our future plans. While we are currently spending more than RM200 million a year on programmes, we have set our eyes for the export market too. We believe the future in creative content industry is to go global. In short, we have to look out for opportunities to take advantage of in the ever growing market for content.

We learnt in earnest the Korean way of promoting its cultural content. We envy them for redefining “Brand Asia”. The Koreans are taking advantage of the “Asian consciousness” and the new sense of pride among young Asians about their “Asian-ness”, thus embracing with enthusiasm and glee the Korean wave or *hallyu*. Someone mentioned aptly about the “scent of Korean contemporary culture” – it is hitting the world like a tsunami. From its phenomenal solo singer to groups, from TV dramas to movies and of late, the Psy phenomenon (rapper Park Jae-Sang) whose music video, *Gangnam-Style* is the first to hit the 1 billion views on YouTube, the Korean way, is, the way to go.

Besides, we acknowledge the fact that Asia on its own has massive potential. This continent is home to more than half of humanity (3.6 billion people). At MPB, we believe in learning from others, in networking and in regional collaboration. We continue to work with our strategic partners in Singapore, Indonesia, Taiwan and China and we hope to make a mark regionally. Of course, we eye the global market enthusiastically too.

I am proud to add that our production company, Primeworks Studios, the country’s largest, is placing great importance in not only producing more than 6,000 hours of content every year for our TV networks, but eyeing the regional and global market as well. This is one production house brimming with young, creative talents, ever ready to prove their worth. “Ideas” is the catchword you will see all around. It is ingrained in them that to compete, they have to be ahead of their pack. And they must lead.

In short they have to produce or commission a steady diet of highest-quality dramas that viewers would not be able to find elsewhere as well as documentaries that are classy, clever and watchable. And we are taking the position that in order to achieve that, we have to spend. In fact we have allocated more money for programme development – television equivalent of R and D – in 2012 than ever before.

Chairman's Statement

At MPB we believe in providing the right ecosystem to support the army of creative talents and workers that we have. Creating a conducive ecosystem is critical for a company like us. After all, we are dealing with creative people, not the factory-line system where all products must be created equal. We support the government's view that in order to produce a globally competitive, creative and innovative workforce, we have to create the right ecosystem. In fact, the culture for innovation is a critical element in one of the eight core values of the *1Malaysia* principle.

Perhaps it is a cliché to speak about thinking "out of the box". Seriously, to us, it is forever relevant. In the industry that we are in, we like to pride ourselves as niche-busters, not just thinking about creating blockbusters. We need killer programmes. We need TV events that will forever etched in the consciousness of the people. We need more *Jejak Rasul*, now in its 17th year (debuted in January 1996), probably the most successful documentary programme in the history of this nation. We have series like *Wanita Hari Ini*, *Nona*, *Majalah 3* and *999* which are signature programmes for TV3 and TV9's religious fares, *Raudah Dihatiku*, *Tanyalah Ustaz*, *Tanyalah Ustazah* and *Halaqah* with their massive followings. More importantly, these religious programmes portray Islam as a progressive religion in line with the middle path – *wasatiah* – taken by the government.

In a niche market, perhaps we need the idea of boutique TV too. Or a radio station with a difference. We have proven how we propelled the outdoor advertisement company to greater heights by setting new standards. And placing the importance of content in our best selling newspaper, *Harian Metro (HM)*. We have proven how some of our TV programmes have survived the test of times. And how our highly rated *Buletin Utama (BU)* at 8.00 p.m. has massive followings night after night. Or some of our newly launched dramas and documentaries are making viewers glued to the box.

"Setting new standards" is the mantra we have set ourselves to achieve. The truth is we have no other choice. We have been leading in almost all our platforms. We lead the newspaper business in terms of circulation numbers and readership with our newspapers. *HM* is

currently the biggest selling newspaper and read by at least four million readers every day. TV3 is still the leader in the broadcast realm, garnering a respectable 26% of total TV viewership. ntv7 is the number one urban TV channel and 8TV is the most watched Chinese channel. TV9, despite being new, is carving its own name and redefining a niche market of its own. It is the younger version of TV3, but at TV9, they like to see themselves as a station in its own right, with a nuance, style and look that is uniquely theirs. While TV3 caters for the mass market, TV9 positions itself for a younger, hipper and stylish Malay audience.

MPB has been experimenting with the utilisation of all platforms in providing content, a possibility of consuming them in a "how-ever", "where-ever" and "when-ever" manner as mentioned above. It is in fact seeing results. The collaboration between print and broadcast journalism, radio and TV and online and social media applications has in fact rewritten the rules of engagement in the mediasphere.

Just look at our *Tonton*, another proud addition to our digital media alternatives, overseen by Media Prima Digital. Since officially launched in August 2010, it has developed into a world-class viewing experience. It heralds a new dimension in digital media space. We too were surprised as to the response to *Tonton*. Currently it has over 2.8 million registered visitors and we believe it is the hottest video portal in town. *Tonton's* technological features are superb and little wonder with a 28-year library of TV3 programmes and latest offerings from all over the world, not to mention made-for-*Tonton* content that it continues to lead. It is also available on smart devices. *Tonton* is a must-watch portal and is testimony to MPB's investment in its belief in a future where content is to be available anywhere, anyhow and anytime to everyone.

We are proud of the fact that, at any time of the day, our products, contents and services are watched, seen, heard and surfed. We like to say, we reach out to 25 million Malaysians every single day.

That is our mark of achievement. Our totem pole of excellence. The standard that we set for ourselves.

But we remain very much grounded to reality. The viewers, readers, listeners, surfers of the Internet, our clients and stakeholders are the ones judging us and defining us. To ensure we are ahead of our competitors and remain relevant, we cannot be complacent. We have to look for other avenues, opportunities and chances. We have to leverage on our strength, our history, our position and competitive edge and advantage. We have to look elsewhere, so as not to harp on tested formulas and winning solutions of old.

We have to look at “recognisable niche”, not something high-brow and elitist, but something about constructing areas of expertise that we are good at. We have been producing dramas since TV3 started 28 years ago. But there is a sea-change of attitude towards dramas as time changes. We have to adapt. We have been producing documentaries since the first days of TV3, but people want different kinds of documentaries these days.

We know where our strengths are and we realise that we are not immortals neither are we the lords of the media realm forever. To us, how people react to our entertainment shows matter as much as how they respond to our ground events. We have been registering unbelievable numbers in shows like *Anugerah Juara Lagu (AJL)*, *Anugerah Bintang Popular Berita Harian (ABPBH)* or *Anugerah Skrin (ASK)*. Many of these programmes registered more than 6 million viewers, not to mention those watching live streaming on our portals or listening on radio. And we are proud about two of our largest ground events – *Karnival Jom Heboh (KJH)* for TV3 and *Yuan Carnival* for ntv7. KJH is the country’s biggest ground event, now in its 10th year and still attracting hundreds of thousands visitors at every venue. KJH is a family-based event that brings TV3 to the people. But KJH is more than that, it has become a catalyst for the recognition of small and medium enterprises (SME) brand names. *Yuan Carnival* is smaller in scale, but it is fast becoming the most anticipated ground event for the Chinese community.

Chairman's Statement

We at MPB, never take things for granted. Little things matter to us – the remote control for TV for instance – which I like to joke is the greatest human creation after the invention of the wheel. Seriously, viewers have numerous choices. And they decide by the rule of the thumb, literally. Five seconds can be an eternity on TV, viewers with the formidable arsenal of all, the remote, would simply change the channel at the slightest “irritation.” Imagine, they have a choice of at least 170 channels today, not just the four Free-To-Air TV channels offered by us.

That is democracy at work. They do not like what they watch, they change the channel. They are not entertained, they press the “OFF” button. Just like that. So, from our perspective, not only is the content important, but how the content is being viewed is equally important. Thus, the programming, timing, the advertisement or the Public Service Announcements (PSAs) all have a bearing on the decision to change channels. Viewers have little patience these days. To sustain their interest is not easy. We are always mindful of that.

It applies to the print media as well. NST, BH and HM are not just competing with other mainstream publications but online newspapers, blogs, citizen journalism, even the social media. News is not the exclusive right of newspaper organisations anymore, it is democratised to a state beyond recognition – which is good, for a vibrant and free press entails a more vibrant, free society. People's Power is showing its presence within the news gathering and news dissemination processess. We welcome the changes; in fact, we have readied ourselves for the alternative realm.

Our MPB Digital, revitalised and rejuvenated after the merger of NSTP e-Media and Alt Media, had paved the way for the digital migration and online applications using the all-encompassing devices – from tablets to smartphones. Just check how NST, BH and HM are being packaged in a new, bubbly, hip and chic format in the latest state-of-the art devices.

At MPB we subscribe religiously to corporate governance and good practices in getting things done. We have another reason to be on cloud nine for MPB won the *Asiamoney* 2012 Best Overall Corporate Governance category for the second year running. Not only that, we were voted Best for Disclosure and Transparency, Best for Responsibilities of Management and Board of Directors, Best for Shareholders' Rights and Equitable Treatment and Best for Investor Relations. As I have written to the management and staff, to win once is a major achievement and a milestone, but to win it again is difficult for me to describe in words. We are also happy to know that the Minority Shareholders Watchdog Group (MSWG) has always rated us highly as far as transparency and good governance is concerned.

I am further proud to announce that MPB is participating in the Certified Integrity Officers (CeIO) programme initiated by Malaysian Anti-Corruption Commission (MACC). It is an accredited integrity programme coordinated by the Corporate Integrity Development Center of the MACC.

We also garnered many other awards and accolades over the year. On the platform front, categories such as Malaysia's Most Valuable Brand 2012 – TV3, Putra Brand Awards 2012 – TV3, Kuala Lumpur Film Critic Awards 2012 – Best Cinematography- Haris Hue Abdullah for the movie *Songlap* and Malaysian AIDS Council Red Ribbon Media Award 2012 – Outstanding Achievement in Broadcast Media Category (Primeworks for Rancangan 360) are just to mention a few.

As a caring corporation, corporate social responsibility (CSR) initiatives have always been one of our pillars. Our *Briged Sukarelawan Media Prima-NSTP*, comprising volunteers from our employees, continues to do us proud in providing aid to thousands of victims affected by calamities in various humanitarian missions.

In 2012, in addition to the numerous flood relief missions, our volunteers have also been involved in many other CSR initiatives such as blood donation drives at Sri Pentas in conjunction with the World Blood Donors Day by Malaysian Red Crescent Society and medical outreach programme "*Sayangi Jantung Anda*", a project in collaboration with Institut Jantung Negara (IJN).

In addition, MPB has recently launched *Tabung Bencana Banjir Media Prima* to help those in need during the flood season. We have also launched *Tabung Kemanusiaan Palestin* during *Karnival Jom Heboh* in Kuantan, Pahang.

Our efforts received due recognition when MPB received the CSR Leadership Award at the 2012 Asia Pacific Young Business Convention (APYBC).

Thus I am proud to be part of this exciting and vibrant company. I am sure my fellow board members feel the same. MPB is a rainbow of colours that is made up of what we, Malaysians, are. We are a manifestation of a true Malaysian brand – reflecting the spirit of *1Malaysia* in more ways than one. This is one company that truly reflects the diversity of this nation. We all thrive for the best, to be the best and achieving the best results; as one, as a team, together.

I must congratulate my fellow board members, including those in the NSTP and other subsidiary companies, who have been instrumental in guiding the company in this long, exciting journey. Their guidance is much appreciated.

Most of all I would like to commend the leadership of Dato' Amrin Awaluddin, our Group Managing Director (GMD) for ensuring the MPB sails through effortlessly even in trying times. He is a man of integrity, whose tenacity and dedication are legendary, setting an example of what commitment is all about. I must also congratulate the executive directors, the senior management and all the staff for their support and tireless dedication. These are our prized assets – they are among the best, many of them are the cream of the cream in the industry.

More importantly, these accomplishments were achieved through teamwork. Together, they have raised the bar for excellence. As a team, they will continue to achieve better results. The Malays have a saying, "*bagai aur dengan tebing*". At MPB, they subscribe to that proverb. They too believe in an African proverb, "*if you want to go fast, go alone, if you want to go far, go together*".

God willing, they will go far, together, and in doing so setting new standards for others to follow.

DATUK JOHAN BIN JAAFFAR

Chairman

Media Prima Berhad

Group Managing Director's **Statement**

THE MEDIA GAME CHANGER

Media Prima Berhad, is Malaysia's leading fully integrated media investment group with businesses in television, radio, the print media, outdoor advertising, content creation and online media.

It owns 100% equity interest in four leading free-to-air (FTA) Malaysian TV channels – TV3, 8TV, ntv7 and TV9 – which together command 44.2% of Malaysian TV viewership. It also owns three radio networks – Fly FM, Hot FM and one FM – which combined account for the second highest number of radio listeners in the country.

In the print media, Media Prima has more than 98% equity interest in The New Straits Times Press (Malaysia) Berhad (NSTP), Malaysia's largest publisher with three leading national newspapers in its portfolio – the *New Straits Times*, *BH* (formerly *Berita Harian*) and *Harian Metro*.

The Group also owns the country's largest outdoor advertising company, commanding 44% of the market. In Big Tree Outdoor Sdn Bhd, which encompassed UPD Sdn Bhd, Right Channel Sdn Bhd, Jupiter Outdoor Network Sdn Bhd and Kurnia Outdoor Sdn Bhd.

Media Prima's content creation business falls under Primeworks Studios, the nation's premier content production company with a string of award-winning television programmes, movies and documentaries to its name.

Media Prima has strong presence in online through Media Prima Digital, which manages tonton.com.my, the No. 1 Malaysian video portal and entertainment and lifestyle portal, gua.com.my.

All Media Prima's operations are based in Malaysia. However, the Group distributed and produced content for the international market.

CHALLENGES IN THE MEDIA INDUSTRY

The media industry has always been competitive, requiring companies to constantly innovate to remain relevant. In this regard, there are three main challenges the industry faces.

First, competition has intensified in recent years. This is true across most media platforms. A cursory glance at the current landscape will reveal that Malaysian consumer has more television channels and radio stations than ever before. More pertinently, technology has enabled alternative delivery platforms to emerge as genuine alternatives to traditional linear delivery platforms. More and more content is available on the Internet and as a result, TV stations now compete with video aggregation sites and user generated content; newspapers not only competes against local peers, but online editions of international publications; and radio stations face the challenge of customised playlists, made easier by the digitisation of music.

DATO' AMRIN BIN AWALUDDIN
Group Managing Director

Group Managing Director's Statement

This technological shift, coupled with the growing popularity of devices such as smart phones and tablets, gives rise to the second challenge – shifting consumer behaviour. Consumers do not have to rely on linear schedules, because in many cases they can access content wherever they are and whenever they want. This disintermediation forces traditional media companies to rethink delivery models.

The third challenge is related to the global economic landscape, which continues to be affected by problems in important markets such as the United States and the Eurozone, as well as the slowing Chinese economy. Although domestic economic fundamentals have remained strong, Malaysia's open economy means that it is not completely immune to these uncertainties. In addition, businesses have during the year generally waited for the General Elections before committing to large advertising campaigns. As a result of these factors, advertising expenditure has not grown with the robustness that it could have.

While the three challenges are real and significant, Media Prima is leveraging on its key strengths as Malaysia's foremost media powerhouse and the most completely integrated media platform group in ASEAN to maintain its leadership position. We realise that we need to do what we have always done – to keep setting new standards.

FOCUS ON CONTENT

Even with the challenges posed by technological advances and changing consumer behavioral patterns. Content will always be in demand. The desire for news, information and entertainment will never be diminished.

We believe that an emphasis producing quality, relevant content which resonates with our audiences must continue to be central to our efforts. We have a track record of creating hits and building brands that accurately capture the demands and aspirations of our different audience segments. This is in part due to the fact that we see ourselves as being similar to any other consumer company – the analogy being that our products are news and information, entertainment and escapism.

Our unique selling proposition has always been *local* content. Similarly, our news gathering ability is well developed and enables us to cover events, big or small, across cities, towns and villages across the length and breadth of the country. Our reach, resources and local knowledge enable us to present information that is important to our audiences via our multiple media platforms. Localisation has always been a powerful driver that we will continue to leverage on.

As a 'consumer company' we are also focusing more intently on our marketing strategies. We are going digital hence allowing our content to be more easily accessed on the different platforms. A key development in 2012 was the digitalisation of our newspaper titles beginning with the *New Straits Times* in June and our Bahasa newspapers, *Harian Metro* and *BH* (the renamed *Berita Harian*) in July. This allows our readers to access our news and entertainment coverage at any time and on any smart device.

We are enabling our consumers to stream our TV content on Tonton, the number 1 Malaysian video portal. Tonton has currently over 2.8 million, illustrating the number of Malaysians who are watching our TV programmes and other streamed content be it on their smart phones, tablets all PCs.

Outdoor advertising has implemented digital solutions, allowing for greater creativity to capture attention and top of mind recall.

Primeworks has produced TV series, films and documentaries for other local and foreign channels. Emas, which currently airs on HyppTV, features classic programmes from our TV archives.

CREATING INTERNAL SYNERGIES

Media Prima has grown from modest origins to become Malaysia's largest integrated media company through a series of acquisitions and investments in new businesses.

In 2011, we began the integration and restructuring of the Group into six core business units, each representing a key business sector – TV, print, radio, outdoor advertising, content and digital media. In 2012, we continued the process by breaking down the barriers between the business units through various brainstorming sessions and special projects that brought together people from across all our platforms.

We have implemented the *Projek Serumah* initiative, which will enable us to optimise our office space utilisation. The initiative pulls together senior management from all six units who meet on a monthly basis. This creates amazing synergies, which allow for greater creativity and innovation, translating into better products and services for our clients and end users.

In terms of content, the cross-fertilisation of ideas from different units allows us to be truly media agnostic – our content can travel across multiple media platforms.

Group Managing Director's Statement

INTEGRATED, NON-TRADITIONAL ADVERTISING

An area in which we have successfully displayed the benefits of media integration is advertising. With TV, print, radio, outdoor, and online advertising platforms under one roof, we are able to provide bespoke integrated solutions to our advertisers, which make their advertising more effective. A testimonial of our success is the recognition accorded by the Media Specialists Association which presented us with awards for two integrated campaigns – DRB-Hicom #MySug Campaign, our own CSR campaign to unite Malaysians in our love for our homeland held in conjunction with the 55th Merdeka Day; and *Jelajah Janji Ditepati*, where, Media Prima were contracted by the Government to highlight its policy and achievements.

CORPORATE GOVERNANCE

Our emphasis is to maintain world-class standards in Corporate Governance. Our efforts have been recognised with Media Prima being named for the second year running: The Best Overall Corporate Governance for Malaysia in the Asiamoney Corporate Governance Poll 2012.

We were also awarded Best for Disclosures and Transparency, Best for Responsibilities of Management and Board of Directors, Best for Shareholders' Rights and Equitable Treatment and Best of Investor Relations.

We were the only Malaysian company to have won awards in all five categories.

OPERATIONAL REVIEW

TV

Media Prima's four TV channels – TV3, ntv7, 8TV and TV9 – cater to specific target segments and together have ensured the Group remains no. 1 in terms of market share, capturing 44.2% of total Malaysian TV viewership. Segmented by target markets, according to Nielsen Media Research – to 48.2% consist of Malay 4+ share, 47.3% of the Chinese audience, 41.6% of urban viewers above 15 years and 46.6% of all children aged four to 14 years.

TV3

Since inception in June 1984 as Malaysia's first free-to-air (FTA) television network, TV3 has maintained its leadership position by delivering bold and innovative programming to viewers of all market segments. It is today the single most watched TV station in Malaysia with an audience viewing share of 25.6% on both FTA and pay-tv (source Nielsen Media Research).

TV3 is recognised as a trendsetter in producing quality local programmes combining with the best of foreign movies, dramas, situation comedies and documentaries to offer an exceptional viewing experience to its target viewers. Its content mix of 70% local and 30% foreign programmes has proven to be highly successful, as reflected in high ratings and strong advertising support.

Paying close heed to its 'prime time all the time' strategy, TV3 leads the pack in the weekly national Top Ten programme ratings by Nielsen Media Research. Its top four programmes in 2012 were live entertainment shows – *Anugerah Juara Lagu*, *Anugerah Bintang Popular*, *Anugerah Skrin* and *Mentor Akhir* – the first two of which attracted more than four million viewers.

A bold move to bring up Akasia's airtime from 6.30pm to 7.00pm paid off when dramas such as *Cinta Itu Milikku* and *Julia* raked in impressive viewer numbers. Meanwhile, flagship magazine programmes such as *Majalah 3*, *999*, *Misi-K*, *Potret Bersamamu*, *Dunia Tersembunyi* and *Soal Jawab* remained steadfast in prime time.

Following the spectacular success of the Euro 2012 Championship broadcast in June, TV3 is set to add another milestone as AFCON 2013's official television broadcaster in the coming year. It will also continue to focus on effective corporate branding through social outreach projects such as *Tabung Kemanusiaan Palestin* and *Kami Endah (MHI)*, propelling TV3 as the TV station that serves the people in every way.

The station further reinforces its brand via on-air and ground events such as *Karnival Jom Heboh*.

TV9

TV9 has the distinction of being not only our youngest TV station, but also one of our most successful. Celebrating its sixth anniversary in 2012, it managed to retain the second spot as the most watched Malaysian FTA channel, capturing 7.8% of total viewership, by ensuring that it continues to appeal to its *Young Fresh Mass Malays (YFM)* target audience.

TV9 has kept to its successful formula of catering to the specific tastes of its target audiences, presenting them with a variety of reality entertainment, drama and telemovies as well as a mix of modern religious-themed programmes.

One of the most popular new programmes in 2012 was *Versus*, the reality programme produced in collaboration with HotFM that pitted five of the country's top bands in a musical battle to win the grand prize of RM200,000. Featuring 6ixth Sense,

Black Parallax, Go Gerila!, Hujan and Sofaz, the programme captured 517 million impressions on the social media, with 49,000 tweets from 13 April to 1 June 2012. The Versus Final Confrontation concert programme trended at No. 1 in Malaysia via #VERSUSMY.

Meanwhile, TV9 continues to produce highly popular iconic shows such as *Idola Kecil 5*, Malaysia's No. 1 children's reality talent programme; *Tanyalah Ustaz*, a religious programme where an ustaz answers questions in a live studio setting; *Semanis Kurma*, a talk show focusing on marriage issues; the telemovies screened on *Skrin di 9*; as well as a variety of slightly more edgy programmes on the youth-targeted 9X slot.

These are complemented by ground events which served to bring the TV station closer to its fans. *Raudhah Di Hatiku*, which is a brand extension of the *Raudhah* belt, was held for the second time in 2012 at three mosques within Klang Valley. Other events included *Kita Punya Kambing Golek*, held in conjunction with Eid, during which celebrities joined the TV9 team to distribute the *kambing golek* (grilled lamb) to our loyal viewers. TV9 was also the media partner for the Twins Of Faith event, an Islamic Family Festival organised by Mercy Mission on 29 and 30 December at the Putrajaya International Convention Centre.

In an attempt to appeal to its youth audience and to also further promote a new wave of local music after the success of the recently concluded *Versus* programme, TV9 introduced *Gig Triple Play* that brought together two famous local bands in the form of indie stars-turned-mainstream forces Bunkface and Hujan (who were also winners of *Versus*), as well as Indonesian rockers Nidji, to share a single stage on 30 June. It was a huge hit as they enthralled their fans for two hours at KL Life Centre, Kuala Lumpur.

TV9's efforts at keeping its viewers and fans satisfied were recognised with a number of awards, which include the Best Special Report at the Anugerah Skrin 2012; Best Fresh TV Series for *Versus* at the Shout! Awards, and Best Morning Talk Show for *Nasi Lemak Kopi O* by the Malaysian Maritime Enforcement Agency.

ntv7

ntv7 continues to establish itself as the TV station of choice among modern, urban and progressive adults (MUPAs). Focusing on both Urban and Chinese audiences, the station maintained its strategic mix of 'feel good' local and international programmes to keep its viewers seeking for more.

2012 was a rewarding year for ntv7's viewers and advertisers as it took on more bold ideas which allowed the channel to maintain as one of the country's preferred channels, capturing 4.9% of total TV viewership in the country. More significantly, it retained its second spot in the Chinese segment with 17.6% of total Chinese viewership.

During the year, ntv7 spearheaded in three successful exclusive campaign tie-ins. These included *A Galaxy of Love*, for which it was the official broadcaster for the wedding of badminton star Dato' Lee Chong Wei; *Will and Kate: The Malaysian Tour*, celebrating the historic visit of the British royal couple; and *James Bond Movie Marathon and Skyfall Movie Gala Premiere*, celebrating the 50th anniversary of the James Bond movie franchise in the countdown to the premiere of the latest Bond film.

ntv7 also supported the Group's efforts via programmes such as *Impian Emas Negara*, upholding the nation's hopes of achieving Malaysia's first Olympics gold and *EURO 2012* which aired live and delayed telecasts of the UEFA European Football Championship matches on TV3 and ntv7.

In terms of ratings and recognition, *Will and Kate: The Malaysian Tour* from 9-16 September reached out to over 5 million viewers while the 2nd Golden Awards achieved a total viewership of 1.2mil for its Red Carpet and LIVE show. ntv7's 1st Chinese reality drama – *The Game* – also ranked No. 1 amongst all Chinese shows on Merdeka eve with almost 700,000 viewers. With less than two years since its debut, women's talkshow *Bella* was named the "Best Talk Show" at *Anugerah Skrin 2012*.

Meanwhile, ntv7's ground activities such as the annual Yuan Carnival and Feel Good Run gained in popularity. The charity fun run, held for the second time in 2012, attracted the participation of over 80 celebrities and raised RM142,800. Similarly there were high turnouts at each of the eight Yuan Carnival venues in Selangor, Kuala Lumpur, Penang, Perak, Negeri Sembilan, Johor, Sabah and Sarawak.

8TV

8TV began the year with a bang as it celebrated its eighth anniversary on 8 January 2012. It was followed by strategic programming and ground activities to further establish itself as Malaysia's hippest TV station and the No. 1 Channel of choice for the urban youth and the Chinese audience in Malaysia.

Living up to its 'We Are Different' tagline, 8TV received the best possible eighth anniversary gift by winning eight awards at the Golden Awards. These were for Best Drama, Best Director, Best Original Screenplay, Best Drama Theme Song, Best Variety and Entertainment Programme, Best Variety and Entertainment Programme Host, Best Magazine Programme Host and Most Popular TV Host/Presenter. Later in the year, it won the Favourite TV Programme Award for Showdown 2012 at the Shout! Awards.

8TV also consolidated its position as the fastest-growing network in its target market, garnering over 8.5% of urban viewership and over 25.8% of Chinese viewership. It remained the country's most watched TV channel among Chinese audiences and the second most watched channel among urban viewers. It also achieved the highest viewership during the Lunar New Year celebrations, attracting an impressive 30% in viewership ratings.

2012 marked the third year in which 8TV together with The Malaysian Retailer Chains Association (MRCA) celebrated the achievements of Malaysian entrepreneurs in the MRCA 8TV Entrepreneur Awards 2011.

Group Managing Director's Statement

8TV also continued to leverage on ground activities where its 8TEAM promoted the channel's line-up of shows, gave away goodies and entertained the public with banter and games. Among the events held during the year were the *8TV Chinese Carnival*, *8TV on the Street*, *Showdown Street Fest* and *The Best in the World Food Bazaar*. In addition, lucky fans of *The Secret Circle* and *Desperate Housewives* were given the special privilege of viewing the show before anyone else at respective viewing parties. In effort to inspire, educate, awaken youth and build the future of the entertainment industry, 8TV structured a day to celebrate MUSIC, TV, FILM, FASHION and ART. In line with the Shout! Awards, **THE SHOUT! MOVEMENT** saw youth congregate under one roof to inspire and to be inspired. With key people in the industry sharing the tricks of trade through workshops, networking sessions and talks, the SHOUT! MOVEMENT is and will continue to be a stepping stone for the next generation of talent.

In its efforts to create a brand new drift, 8TV also collaborated with the Hands Percussion for its 8TV 8th anniversary drama. For the first time in Malaysia, a drama inspired by the art of Hands Percussion is brought to screen. THE BEAT showcases the rich and colourful Malaysian culture, as well as artistic drumming performances incorporated with contemporary theatrical drumming. 8TV also carried out the 8TV Newscaster Camp, in which young aspiring news presenters were given the opportunity to learn about the profession from the mavens of the news team.

PRINT

Media Prima's print platform, The New Straits Times Press (Malaysia) Berhad, publishes three leading national dailies – the New Straits Times, the country's oldest English language newspaper; *Harian Metro*, which enjoys the largest circulation and, as of 2012, the largest readership among all newspapers in the country; and BH, which reaches out to all readers with its tagline 'Merentasi Generasi' (across generations).

In 2012, we retained our market leadership position with the largest total circulation and readership in Malaysia. Our Malay and English newspaper titles reach out to more than 4.5 million readers daily.

Harian Metro

Harian Metro continuously innovate to meet the expectations of its targeted readership of progressive Malaysians, focusing, in particular, on Malay youth aged 18-39. As a result, it has maintained its No.1 position in terms of readership and circulation in the Malay newspaper category. The paper has an average circulation of 394,000 copies and is read by 3.3 million Malaysians daily while the Sunday edition, *Metro Ahad*, has an average circulation of 434,000 copies and a readership of 3.7 million.

In keeping with trends affecting its readership demographic, on 30 March 2012, the newspaper launched M magazine, a 24-page weekly pull-out in *Metro Ahad*. The pull-out has a contemporary feel and covers topics relevant to its readers such as fashion, personal care, lifestyle and personal finance. This was followed by the launch of the digital edition of the newspaper on 1 July 2012.

To reinforce its youthful brand image, the newspaper organised *Karnival Futsal Harian Metro*. *Karnival Futsal*, one of the biggest and most recognised futsal events in Malaysia, attracted 1,500 futsal teams and over 12,000 players from around the country. Other ground activities held to build greater brand awareness included *Gempak Santai* and *Harian Metro's* sponsored team in the Petronas AAM Malaysian Cub Prix 2012. *Gempak Santai* is a loyalty programme to reward readers through the redemption of mastheads for theme park tickets. 170,000 tickets were given away to readers at four venues.

BH

The year was significant for Berita Harian, which celebrated its 55th anniversary with a comprehensive rebranding. As of 15 June 2012, the paper that caters to Malaysians from all walks of life is called BH, complete with a more vibrant logo, layout, typography, pagination as well as enhanced content focusing on exclusive stories, education, entertainment as well as lifestyles and community.

The rebranding included the renaming of Berita Minggu as BH Ahad. To remain relevant to current readers and at the same time appealing to younger readers, new segments have been introduced such as Jejak, Fokus 5 Soalan and Meoww. BH Ahad's pull-out features popular celebrities as columnists.

To reinforce its positioning as the paper for everyone of all ages, income levels, lifestyles and demographics, BH also features a new tagline, 'Merentas Generasi' (across generations). This is supported by its availability as an e-paper on tablets, mobile phones and online. On 15 June 2012, a digital edition of BH was launched.

Awareness of the rebranding was launched with a national marketing campaign featuring 'BH Satu Untuk Semua' (BH, One for All), leveraging on Media Prima's multimedia platform from print to TV, radio, outdoor and online. The newspaper also organised Fiesta BH at Taman Tasik Titiwangsa, Kuala Lumpur that featured Special Joran, Malam Puisi Riong, a mini concert, games and booths for key editorial units.

BH continued with other ground programmes that have earned it a special place in readers' hearts, such as Anugerah Bintang Popular BH 2011, Pencarian Selebriti Chef 2 BH and Grand Prix Joran BH.

As a result of marketing and content-related efforts, the latest Nielsen Media Index showed BH recording an increase of readership from 1.035 million (2011) to 1.048 million (2012), against the downward trend of readership among newspapers in general.

New Straits Times

New Straits Times (NST) is the country's oldest English language newspaper which today offers in-depth news coverage for public and corporate sectors, intellectuals, young professionals, students and those who seeks different perspectives. In keeping with its brand positioning of a 'Sharper Read', NST constantly injects its contents with fresh ideas that extend to its advertising offerings. On 21 February 2012, it became the country's first 'talking newspaper' by attaching an audio box containing a 30 second commercial to an advertisement within the pages. The paper also launched its digital edition on 15 June 2012.

On 14 June 2012, NST produced School Times, a 40-page pull-out every Thursday providing general knowledge, creative content and worksheets in English for primary and secondary school students, in line with the KBSR and KBSM English language syllabi. Meanwhile, Business Times was enriched with a new Media and Branding section every Friday beginning 19 October 2012.

Catering to loyal motoring fans, NST launched its inaugural New Straits Times-Shell Rimula Truck of the Year Awards on 31 October 2012. This complements its New Straits Times Maybank Car of the Year Awards, New Straits Times Maybank Car of the Year Auto Show and New Sunday Times Motor Hunt. Other prominent events included RHB New Straits Times National Spell-It-Right Challenge, New Straits Times Streets Race and CEO & Celebrity Charity Tennis.

The Nielsen Media Index also showed the NST readership in 2012 for the age group of 30 to 39 had increased to 69,000 per issue as compared to 46,000 in 2011, a jump of 50 per cent. Other significant achievements are the increase of readership among Chinese readers, from 54,000 to 73,000 and PMEB (professionals, managers, executives and businessmen), from 110,000 to 144,000.

RADIO

Media Prima's radio networks comprises three brands – Fly FM, Hot FM and one FM. Together, our radio stations capture the second largest listenership of all combined Malaysian radio stations.

Fly FM

Fly FM maintained its reign as Malaysia's No.2 English language radio station. Research by Nielsen shows that its exclusive audience increased by 150% from 36,000 to 90,000. Fly FM has also achieved 12% increase in listeners of Malaysia's Hottest Music segment which airs at 10am-1pm on weekdays, a 20% growth in listeners from households with incomes of RM5,000 and above and a 15% increase in listeners from households with incomes of RM8,000 and above.

In March, the *Pagi* Rock Crew fronted by Prem and Hafiz went on an Outdoor Broadcast road trip along the length of Peninsular Malaysia in an effort to fulfil a special bucket list as well as to get closer to listeners.

Another announcer, Hunny Madu, made her mark by being chosen as one of the main hosts for the new reality programme *Versus* and being named The Coolest Radio Announcer at the Shout! Awards 2012. This was the second time a Fly FM announcer has won in the category, after Phat Fabes claimed the title in 2010.

In August, Fly FM announcers produced a Gangnam parody titled *Super Kampung Style*, which made headlines and gained 1 million views in less than two weeks. Subsequently, in conjunction with Merdeka celebrations, Fly FM organised a special Outdoor Broadcast at Dataran Merdeka on 31 August 2012 along with a flash mob of loyal fans.

Fly FM further strengthened its ties with listeners by hosting a Raya Open House on 30 August 2012, which was broadcast live from the venue, Juempu D Ramo in Bangsar.

In September, Fly FM together with New Straits Times challenged their listeners/readers to take part in a campaign called Paranoid Activity. Winners were those who were willing to execute a challenge at the lowest bidding price. A total of RM40,000 was given out to the successful participants.

Hot FM

Despite the fierce competition with the Malay segment, Hot FM expanded its operation by launching two regional stations in Kelantan and Terengganu, called Hot FM Kelate and Hot FM T'ganu, on 2 January 2012. Offering localised content and music, the expansion proved successful with 19% increase in listenership in these two states by year end, according to a survey conducted by Nielsen.

Based on similar survey, Hot FM is the number one radio station among listeners under 25 years old. A further 16% growth in listeners in the major markets was achieved by the weekday Hot FM AM Krew and Carta Ulat Buku shows from 6am-10am and 8pm-midnight respectively, which merged as the number one breakfast and night show among the 18-24 demographic. Hot FM also gained a 38% increase in number of listeners among households with incomes of RM8,000 and above, as well as an increase in Time Spent Listening (TSL) from seven hours to nine hours per week.

In April, Farah Fauzana and Faizal Ismail won their fifth consecutive wins as the most popular male and female radio announcers at the *Anugerah Bintang Popular Berita Harian 2011*. In addition, the Hot FM AM Krew was named the Favourite Radio Show at the Shout! Awards 2012 for the second time in a row for the latest content show namely *Top 5 Panggilan Hangit*.

As part of the integration efforts, Hot FM collaborated with TV9 to produce one of the biggest reality programmes in Malaysia, *Versus*, featuring five local bands battling each other to bag RM200,000. The two-month programme began on 24 April 2012 on TV9 and Hot FM simultaneously and ended on 1 July 2012. Hot FM also collaborated with TV9 in *Ramadhan Raya* promos which included a telemovie special, *Hangitnya Raya*, featuring Hot FM announcers in the main cast.

Riding on the football fever, Hot FM together with Fly FM and TV Networks' Bananana! organised a special event called Super 8, which encouraged kids below the age of eight to develop their football skills. The event saw 32 teams competing and the winners go home RM3,000 richer.

After the station's official Facebook fan page was hacked, Hot FM managed to gather 1,000,000 fans on Facebook in April 2012. Hot FM is the first radio station in Malaysia to gain 1 million likes on its Facebook fan page and ended the year with 1,235,000 likes.

one FM

According to the latest Nielsen Survey, one FM has acquired the No. 1 spot as the Malaysian Chinese radio station with the longest Time Spent Listening (TSL) among the 18-24 demographic. one FM also successfully placed itself as the No. 2 Chinese radio station in the country among listeners under 30 years old. The station's Morning Kaki and Happy Hour shows have become the number two choice for breakfast and drive time shows respectively for the under-35 demographic. one FM also continued to strengthen its presence in the industry with an increased listenership of PMEBs (Professional, Managers, Executives, Businessmen) by 32%.

On 29 October 2012, one FM rocked an audience of almost 15,000 at The One Concert at Low Yatt Boulevard featuring local and international artistes including pop sensations from Korea, B1A4 and A Pink, Magic Power, Afu, William Wei and Soo Wincci. Prior to the concert, one FM gave away VIP tickets to the show during a road show which covered Seremban, Penang and the Klang Valley.

Closing the year with a bang, one FM in collaboration with 8TV produced a reality show in which Chinese-language composers pitched their talents to create a masterpiece called The Ultimate Song, which will be aired in April 2013.

OUTDOOR

Media Prima's outdoor division falls under Big Tree Outdoor Sdn Bhd (Big Tree). Big Tree continued an impressive growth which saw its market share increase from 43% to 44%, reinforcing the company's leadership position in the outdoor advertising sector.

Big Tree expanded its KLCC Convention Centre concession area by securing the rights to manage outdoor advertising at the KLCC Convention Centre Extended Tunnel and the KLCC-Impiana Hotel – KL Pavilion Elevated Walkway. With this, the company has strengthened its position as the dominant outdoor media owner within the KL Golden Triangle.

After the successful deployment of digital media at its retail and airport advertising concession areas in 2011, Big Tree in 2012 introduced digital media at the Rapid KL Kelana Jaya Line and Ampang Line LRT stations, injecting vibrancy into the transit advertising scene more vibrant.

For the fourth consecutive year, Big Tree was awarded the Out-of-Home Media Company of the Year by Advertising and Marketing magazine. It emerged as the Marketer's Favourite Media Company in Targeting Specific Groups.

CONTENT

Media Prima's position as the leading content provider in the nation is driven by the talents and resources of its content creation division, Primeworks Studios. Primeworks Studios is one of the biggest and most established production companies in Malaysia. While most of its content serves Media Prima's TV networks, its innovative, engaging and high-quality content for TV channels and other media platform catering to a multitude of tastes and demands of discerning viewers.

In 2012, Primeworks Studios produced approximately 6,000 hours of content including award-winning, highly-rated and much-discussed programmes across various genres, some of which were produced in high-definition technology. Approximately 47% of this output comprised prime-time factual programmes, namely documentaries, magazines and talk shows; 49% consisted of entertainment such as drama, variety shows, game shows, award shows and musicals; while the remaining 4% comprised sports programmes, as well as branded content commissioned by corporate clients as an inventive strategy to reach their target audience through soft marketing.

While flagship programmes such as *Anugerah Juara Lagu ke-26*, *Mentor 6*, *Melodi* and *Majalah 3* continued to boost ratings, Primeworks Studios also unveiled a staple of new programmes such as the travelogue *Unsung Places*; a documentary on unusual world cultures, *Dunia Tersembunyi*; and a journey viewed through hip-hop music in *Hip-Hoppin' Asia*, all produced in high definition technology.

Group Managing Director's Statement

Primeworks Studios' output includes feature films produced under the Grand Brilliance label. Of these, gritty family drama *Songlap*, though released in 2011, continued to create waves worldwide through its screening at international film festivals. These include the Far East Film Festival 14 (Udine, Italy), the Los Angeles Asian Pacific Film Festival (California, USA), Filmfest Hamburg (Germany), the Abu Dhabi International Film Festival (United Arab Emirates), Asia Pacific Screen Awards 2012 (Queensland, Australia), Fort Lauderdale Film Festival (Florida, USA) and the Five Flavours Film Festival (Warsaw, Poland). It was nominated for Best Screen Play and Best Score at the 55th Asia Pacific Film Festival (Macau).

Songlap also won Best Film Director, Best Actor and Best Supporting Actor at *Anugerah Skrin 2012* and Best Film, Best Cinematography, Best Screenplay and Best Supporting Actress at the *Anugerah Majlis Pengkritik Filem Kuala Lumpur 2012*.

Primeworks Studios further swept 18 awards at the *Anugerah Profima 2012*, including Best Film for *Nur Kasih*, Best Documentary for *Dunia Tersembunyi* and Best TV Programme for *Anugerah Juara Lagu 26*. Other achievements include 3600's Red Ribbon Media Awards 2012 for Outstanding Achievement in Broadcast Media, *Anugerah Khas Perbadanan Putrajaya* and *Anugerah Khas Jabatan Bomba and Penyelamat Malaysia*. Current affairs magazine 999 also garnered the *Anugerah Khas Ketua Polis Negara and PDRM* and two *Anugerah Khas Polis Trafik IPKKL*. Morning talk show *Malaysia Hari Ini* was also awarded the *Anugerah Khas Kementerian Penerangan, Komunikasi and Kebudayaan*.

In addition to critical acclaim, several films released by Grand Brilliance in 2012 garnered box-office success. Leading the pack was *Jalan Kembali*, which grossed RM5.02 million at the box-office and romantic comedy *Istanbul Aku Datang*, which grossed RM3.4 million. *SeeFood*, a 100% Malaysian-made animated film, grossed RM2.4 million. The studio's Chinese-language films also performed well, with *Ah Boys to Men Part 1* garnering box-office takings of RM2.02 million and SG\$6.5 million in Malaysia and Singapore respectively.

DIGITAL MEDIA

2012 proved to be a outstanding year for digital media at Media Prima. On 12 December 2012, the Group unveiled its enlarged digital business unit – 'Media Prima Digital'. Media Prima Digital is the Group's integrated digital media arm, a result of the integration of businesses under Alt Media Sdn Bhd (Alt Media) and NSTP E-Media Sdn Bhd (E-Media). With the enlarged Media Prima Digital, the Group now owns and operates the nation's largest integrated digital media unit.

Alt Media, among others, is responsible for the innovation of Tonton, the multiple award-winning, No. 1 Malaysian video portal (Source: comScore). Tonton, which currently surpassed 2.8 million, offers online "catch-up" and "live" television services, as well as premium paid content. In addition, Alt Media manages the Group's television and radio networks web portals, as well as Gua (gua.com.my), the country's premier entertainment and lifestyle portal.

E-Media, the digital arm of the Group's subsidiary the New Straits Times Press (Malaysia) Berhad, develops and manages Malaysia's number one Malay language news portal *Harian Metro Online*; as well as the news portals of country's other leading newspapers – the *New Straits Times* and *Berita Harian*. E-Media has developed several e-commerce applications and will be developing several lifestyle portals to be launch in phases throughout 2013.

Media Prima Digital currently boasts these impressive statistics with the accumulated reach of:

- Up to 5.9 million visitors monthly (Source: Omniture and Google Analytics)
- Up to 4.5 million video views monthly (Source: Omniture Site Catalyst)
- Up to 75 million page views monthly (Source: Omniture Site Catalyst and Google Analytics)

There was constant innovations and great results from new developments and live streaming events by Media Prima Digital for numerous big TV and sports events such as *Anugerah Juara Lagu*, *Anugerah Bintang Popular Berita Harian*, *Showdown*, *Anugerah Skrin*, *UEFA Euro 2012™*, the wedding of the nation's badminton champion Dato' Lee Chong Wei, Shout Awards and many more.

AWARD-WINNING PORTALS AND MALAYSIA'S NO. 1 DIGITAL MEDIA GROUP

(SOURCE: COMSCORE)

For *Anugerah Juara Lagu 26* (www.tv3.com.my/ajl26), it garnered over 260,000 page views during the live streaming of the Red Carpet, Behind-The-Scenes and Awards Show on 29 January 2012. On the social media front, its hashtag (#ajl26) trended on Twitter at the Number 1 spot in Malaysia on the event night with 94,000 tweets by 21,700 Twitter users. For the first time, a "backstage social network party" was held at the event, which gave "special access" to popular Twitter users. The event, which was also streamed globally, had 11% of the online viewers coming from countries like Singapore, Brunei, United Kingdom, Egypt, Australia and many more. Additionally, catch up video views on Tonton for the awards have surpassed 56,000. *Anugerah Juara Lagu 26*'s online campaign certainly pushed the boundaries on social engagement which resulted in the campaign receiving the Gold Award for the Best Online Driver category at the inaugural Marketing Events Awards 2012, held in Singapore in November 2012.

Tonton (www.tonton.com.my)

Tonton (www.tonton.com.my) 2012 was remarkable year for Tonton. Ahead of its competitor, Tonton has a strong foothold as the No. 1 Malaysian video portal (Source: comScore) with over 2.8 million registered users (Source: Omniture Site Catalyst).

On the 10th of May 2012, Tonton was awarded a GoMobile inOvation Malaysia Award (Entertainment Category) at GoMobile Awards 2012. The inOvation Malaysia Award honours and recognises innovative and outstanding achievements and ventures in mobile products and solutions. Selection of winners was made by key people from the 'mobile industry' in Malaysia.

In September, Media Prima Digital embarked on a new partnership with Samsung Malaysia Electronics to expand Tonton's variety of content offerings for the Samsung SMART TV. The partnership was officiated through a Memorandum of Understanding (MoU) and this collaboration will see the development of Malaysia's first entertainment streaming application on a SMART TV platform with Tonton. This innovative application will be launched in Q2 2013 and will enable consumers to enjoy an array of local and international content – all on the Samsung SMART TV and in the comfort of their own home.

In line with Tonton's expansion plans, "TV EVERYWHERE" (www.tonton.com.my/livetv) was rolled out in November for viewers in Malaysia to watch Media Prima's TV Networks (TV3, ntv7, 8TV and TV9) and RT Global (news channel) live.

2012 was a fantastic run for Media Prima Digital and will continue to drive Media Prima to excel in the forefront of digital media with exciting and innovative strategies and developments in the new year.

MOVING FORWARD

We are cautiously optimistic for the year 2013 given signs of improvement of the global economy coupled with Malaysia strong fundamentals. Many Entry Point Projects, such as the MRT, are likely to have a cascading effect on the economy, building consumer and corporate confidence, which will help improve advertising expenditure.

Concurrently, we will continue to grow each of our six main business units by focusing on content and expanding our reach to our target markets. Our emphasis will be on cross-media integration and agnostic, whilst offering more attractive and effective solutions to our advertisers.

We are collaborating with the Multimedia Development Corporation (MDec), Cradle Fund Sdn Bhd and Rhythm and Hues Studio on a programme called The Next Big Thing. Under this programme, various new short animation content from up and coming talents and animation companies will be housed in Tonton.

Group Financial Review

REVENUE

For the financial year (FY) ended 31 December 2012, the Group's revenue increased by 4.9% to RM1.70 billion from RM1.62 billion in FY2011. This increase was mainly attributed to the moderate growth in advertisement expenditure (adex) growth which in turn was driven by Malaysia's overall adex growth of 6.3% to RM11.4 billion.

TV Networks

Overall revenue for TV networks during the year was boosted by Non-Traditional Advertisers (NTA) spending and festive seasons, showing an increase of 3.2% to RM712.1 million. Adex in free-to air (FTA) TV stood at RM3.2 billion compared with RM3.0 billion in FY2011.

Print Media

Continuous product improvement in Print Media has resulted in revenue growth, especially in advertising revenue where an 8.7% adex growth was registered driven by its strength in the Malay mass sector, led by the daily Harian Metro followed by Metro Ahad. Its market share has also improved to 31.4% compared with 30% in FY2011.

Outdoor Media

Outdoor Media recorded 5.8% revenue growth, with increased contribution from display rental and production revenue. The Outdoor Media Division continues to offer innovative and creative advertising solutions that attract the attention of consumers.

Radio Networks

Growth in revenue of 7% was driven by the strengthening in Chinese market segment and East Coast segment. Overall radio industry adex grew 5.2% to RM449.96 million in the same period this year.

Corporate and Other Services

Corporate and Other Services comprises of digital media and content creation. Under Media Prima Digital, the Group owns Tonton, the nation's premiere video portal and manages the country's leading newspapers online, New Straits Times, Harian Metro and BH. The segment commanded RM46.6 million in revenue, attributed by the increased in advertising spending by NTA as well as continuous investment in quality content and digital media.

OPERATING EXPENSES

For the FY2012, the Group's operating costs increased by 5.7% primarily due to higher amortisation of programmes, films

rights and album production costs, increase in newsprint and production cost, higher employee benefits costs and depreciation.

Amortisation of programmes, film rights and album production costs

The group amortisation on programmes and film rights has increased by 3.5% to RM185.4 million during FY2012 as a result of investment in high quality contents while emphasising on local productions as well as ground events.

Newsprint and production cost

During the FY2012, the Print Media segment has continued with its product improvement as well as increase in pagination that resulted in higher newsprint and production cost by 3.5% to RM233.2 million.

Employee benefits costs

In the current financial year, employee benefits costs rose by 7.0% to RM455.7 million as compared to RM425.7 million in FY2011. The increase was mainly attributed to higher salaries and allowances, pursuant to the annual increment for 2012 and increase in staff headcount in line with business growth. The Group's staff costs accounted for 32.2% of total operating expenses.

Depreciation

Higher depreciation charged by 5.8% to RM98.6 million compared to RM93.2 million in the preceding financial year was coherent with additions during the financial year, particularly on broadcasting and transmission equipment, outdoor advertising structure as well as office equipment, furniture and fittings.

TAXATION

For the reporting period 31 December 2012, the Group improved its effective tax rate from 25.7% in FY2011 to 25.4% due to certain tax adjustments on temporary differences that give rise to the savings.

TOTAL ASSETS

As at 31 December 2012, the total asset amounted to RM2,668.2 million, an increase of 8.3% from RM2,463.6 million in the previous financial year mainly backed by the increase in the Group's deposits, cash and bank balances in addition to an increase in trade and other receivables.

Deposits, cash and bank balances

Deposits, cash and bank balances increased from RM450.1 million in FY2011 to RM682.4 million in FY2012

due to the drawdown from Commercial Papers Medium Term Notes (CPMTN) programme of RM300.0 million that the Group undertook during the financial year.

Trade and other receivables

Trade and other receivables were recorded at RM435.4 million representing an increase of 14.6% compared to RM379.8 million in FY2011.

TOTAL LIABILITIES

As at 31 December 2012, the Group's total liabilities increased by 10.1% to RM1,101.4 million, primarily attributed by higher borrowings in respect of the CPMTN.

Borrowings

At the end of FY2012, the Group's borrowings of RM682.7 million were up by 35.6% against preceding year end and mainly due to the new CPMTN amounting to RM300.0 million.

The new borrowing was offset by the redemption of the Group's Bank Guaranteed Medium Term Notes (BGMTN) of RM100.0 million, leaving a net impact of RM200.0 million.

TOTAL EQUITY

The total equity had increased by 7.1% from RM1,463.3 million in FY2011 to RM1,566.7 million in FY2012 generally contributed by FY2012 profits net of dividends as well as the increase in share capital and share premium upon the exercise of Group Employee Share Option Scheme (ESOS) and warrants.

Earnings Per Share (EPS) and Return On Equity (ROE)

As a result of higher weighted ordinary share in issue at the end of FY2012, the basic EPS reduced from 19.68 sen per ordinary share in FY2011 to 19.45 sen per ordinary share in FY2012. Accordingly, the ROE also reduced from 14.1% in FY2011 to 13.4% in FY2012.

Dividends

For FY2012, the Company has paid its first and second single-tier interim dividend of 6 sen per ordinary share amounting to RM64.8 million on 28 September 2012 and 28 December 2012 respectively. The Board of Directors had recommended a final single-tier dividend of 7.0 sen per ordinary share in respect of the financial year ended 31 December 2012. With the recommendation of the final single-tier dividend, total dividends for the current financial year are 13.0 sen per ordinary share.

SETTING NEW STANDARDS...

At its best, the media can educate, inform and entertain. By supporting and promoting educational projects and scholarship programmes, as well as advocating campaigns and seminars that stimulates intellect and creativity, we hope to create a more enlightened and engaging society. Constant innovation will also ensure we stay ahead of the game and stay in tune with the evolving technological landscape and related changes in social behaviour and market dynamics.

Human Capital Development

Media Prima continues to promote a workplace that provides continuous career development and rewards our people. The Group recognises the importance of educating our employees on editorial policies for creating and disseminating responsible content that reflects aspects of Human Rights. We pride ourselves on being an employer of choice and will continue to create the right culture in our workplace.

LOCAL HIRING

It is our responsibility to build a heritage of economic progress by providing local employment opportunities and investing in the Company's workforce. Local employment helps us meet our hiring needs while advancing economic development and education in Malaysia. In 2012, 99% of our employees were locally hired which comprises 88% local and 12% overseas graduates.

COMPETITIVE REMUNERATION AND BENEFITS

Media Prima conducts a remuneration review once in every three years to determine adequate remuneration for employees. This helps us align our remuneration packages with the changing business environment. We can be more equitable in rewarding high achievers at the workplace, develop employee talent and determine our competitiveness vis-à-vis the market.

In 2012, we have revised seven types of allowances for employees in order to remain competitive in the market. A percentage of employees' basic salaries are deposited to the Employees Provident Fund (EPF) as per statutory requirements. This contribution is inclusive of the contribution of the Employer to the Employees Provident Fund required by law from time to time.

PERFORMANCE MEASUREMENT

Media Prima Updated Performance Evaluation Modal

Employee compensation is linked to performance which is measured across various Key Performance Indicators (KPIs). Media Prima uses a point-based system which ranges from one to five to determine the weight of the bonus with five being the highest performance. The process is used to assess all employees (100%).

TALENT DEVELOPMENT MANAGEMENT

We focus carefully on talent succession and development throughout 2012. Apart from traditional training activities, we organised international study visits to China, Australia, Indonesia, Thailand and United Kingdom. We also facilitate employees exchange via attachment with other TV stations and production houses.

In 2012, our third training calendar was released offering **599** courses that were delivered throughout the year. This programme recorded **13,584** total training man days with a total investment of **RM4,581,479.39**.

EMPLOYEE RELATIONS

The Group considers the general interests of its employees to encourage a work-life balance. Media Prima hosted various employee relations activities in 2012 including Kilos for Cash, Sports Carnival 2012, Kelab Bahasa Arab and Al-Quran and Battle of the Bands 2012. In addition, our Kelab Media Prima and Kelab Sukan dan Rekreasi NSTP regularly conduct fun and exciting programmes for their members. A full list of our Employee Relations activities can be found in the Media Prima Sustainability Report 2012.

INCLUSIVITY AT THE WORKPLACE

A Volunteers Brigade (*Briged Sukarelawan*) has been formed which currently involves 102 employees. The Brigade is trained to provide appropriate “response team-structure” for identified CSR initiatives. The size and budget of the brigade is determined for the different CSR initiatives depending on the degree of involvement and location.

The response team structure is categorised as follows:

DIVERSITY

Media Prima is committed to diversity in its workplace which has a balanced mix of employment types, contracts, gender and races. The Group does not tolerate any form of discrimination based on race, creed, disability, gender, marital or maternity status, religious or political beliefs, age or sexual orientation. Decisions on hiring, salary, benefits, advancement, termination or retirement are based solely on the co-worker's performance at work. 16.72% of the management team at Media Prima are women.

Three groups of Union in MPB:

- National Union of Journalist (NUJ) which represents 22% of The News Straits Times Press Sdn Bhd employees
- National Union of Newspaper Workers (NUNW) which represents 30% of The News Straits Times Press Sdn Bhd employees
- Kesatuan Sekerja Kakitangan Sistem Televisyen Malaysia Berhad (KSKSTMB) which represents 21% of Sistem Televisyen Malaysia Berhad employees

COLLECTIVE AGREEMENT AND FREEDOM OF ASSOCIATION

Media Prima works closely with the Union and its employees to ensure that they enjoy their right to be informed, monitor and be included in the decision-making process. This helps safeguard their rights and interests as well as providing a greater sense of ownership of their work. We encourage transparency and openness in the workplace.

There are three main areas covered in the collective bargaining agreement: General Provision; Employer – Union Relationship; and Provisions and Employment Terms.

The established provisions of the Collective Agreement clearly demonstrate Media Prima's commitment to cooperating with the Union in any arising employment issues.

Occupational Safety and Health

We provide relevant safety and health training and require strict adherence...

Media Prima is committed to providing a safe and conducive work environment. We provide relevant safety and health training and require strict adherence to safety rules and procedures. We also employ qualified safety and health personnel and acquire appropriate equipment to achieve our objectives and goals.

It is everyone's responsibility to promote safe behaviour by reporting accidents, injuries, unsafe equipment, practices or conditions immediately to a supervisor. All employees must report to work free from the influence of any substance that could prevent them from conducting work activities safely and effectively.

OSH COMMITTEE

Media Prima has established an Occupational Safety and Health (OSH) Committee for the effective management of safety and health issues. It is a forum where health and safety problems can be identified and resolved. Safe systems and procedures can also be developed and monitored.

The committee meets on a quarterly basis or whenever required such as to investigate an accident. It oversees the development of safety and health rules and a safe system of work. The Committee ensures full compliance with the Occupational Safety and Health Act 1994 (Act 514) Sections 30 and 31 and Occupational Safety and Health (Safety and Health Committee) Regulations 1996. It also reviews the effectiveness of safety and health programmes. Other functions and roles include:

- Conducting studies on the trends of accidents, near-misses, dangerous occurrences, occupational poisoning or occupational diseases which occur at Media Prima;
- Reporting any unsafe or unhealthy conditions or practices together with recommendations for corrective actions to the Management;
- Reviewing the safety and health policies and recommending any revisions;
- Inspecting Media Prima sites at least quarterly to confirm there is nothing prejudicial to the safety and health of employees or the public;
- Discussing any observations made by members of the committee and making recommendations to the Management;
- Inspecting the place of work after any accidents, near-misses, dangerous occurrences, occupational poisoning or occupational diseases have occurred in the workplace.

Departmental OSH Sub Committees (OSUBC) also manage departmental safety and health activities within the OSH Management System requirements. This committee maintains all relevant records at the departmental level and ensures the implementation of OSH objectives and targets in-line with the Departmental OSH Management Programmes.

Media Prima incident statistics are presented below. All indicators have improved from the previous year. However, Media Prima will continue to take precautionary approaches to eliminate the risk of re-occurrence.

	2011	2012
Injury rate (IR) for total workforce	15	10
Occupational diseases rate (ODR) for total workforce	0	0
Lost day rate (LDR) for total workforce	558	267
Absentee rate (AR) for total workforce	0	0

SAFETY MEASURES FOR SUPPLIERS AND SUB-CONTRACTORS

The OHSAS Steering Committee, led by the OHSAS-MR or a designee, develops a process to obtain and review contractor method statements. Prior to on-site work, all contractors are furnished with relevant information and documents to ensure they comply with Media Prima's OSH Management System. Every contractor must submit a completed contractor method statement which clearly outlines the initiating activity. A method statement is prepared by a contractor which outlines the work to be undertaken and the method for minimising and managing OSH hazards and risks. The method statement includes an assessment of OSH issues associated with specified work activities.

Media Prima takes the following precautionary measures before allowing any employees or contractors to work at height:

- Assessment of environment and weather conditions
- Organisation of fall prevention equipment
- Safe access and egress for public protection
- Allowable clearances from overhead power lines
- Personal Protective Equipment (PPE)
- Manual handling
- The means of rescuing persons from safety harnesses following arrested falls
- Protection of portable electric tools by having them tagged and tested

Several types of equipment may be used to minimise risks include scaffolding, fixed and mobile work platform, ladder, safety harness, fall arrestor, hard hat, toe boards and waist high barriers. Careful protection is also given to workers at highway areas. PPE provided for maintenance work at highway areas include a head safety helmet, eye glasses or goggles, safety vest, gloves and safety boots.

ENGAGEMENT WITH CUSTOMERS

Karnival Jom Heboh (KJH) emerged as the epitome of leisure for the whole family which promotes the Government's agenda of togetherness of family and society. It is also part of our branding strategy of being portrayed as an event not just a TV channel. This active engagement platform is a cross-promotional activity which also encourages on-the-ground promotion and live production. Viewers are able to meet and engage with their favourite artists and engage with them at our booths. We utilise an average of five to six sessions where we broadcast live happenings at every KJH location. To ensure an effective promotion, we always try to relate the crowd with the programme we are promoting.

KJH has been received enthusiastically in each of the nine locations visited. KJH is a platform for TV3 to engage with its loyal audience through many fun and healthy activities. It also provided commercial growth and opportunities, with SME and corporate clients being invited to promote their products. TV3 renowned booths such as Studio Cereka, Studio 3, Wanita Inspirasiku, Kota Ilmu, Buletin Utama, My TV3 and TV3 Kids were present. KJH is also charity focussed as the team also visits and presents donations to the underprivileged. The climax of the event is a concert that featured Malaysia's best industry talents for TV3's loyal audience.

Karnival Jom Heboh (KJH) emerged as the epitome of leisure for the whole family...

RESPONSIBLE OPERATIONS

Media Prima adheres to the national policy of responsible marketing set by the *Lembaga Penapisan Film*. The Company also adheres to two main censorship acts:

- *Film Censorship Act 2002 (Act 620)*
- *Censorship Guidelines (KDN) 2010*

These acts determine whether a film is categorised as (U), P13, 18 or TUT (Tidak Lulus Untuk Ditayangkan) and if it contains dialogue or scenes that must be censored. Film screening judgments are made based on the rules and criteria set by the three basic documents of the Film Censorship Act, Guidelines and User-Specific Censorship. Any film passed with compulsory cuts must be edited by the distributor before the film is released or screened. These are either edited in a studio in the case of digital or television screenings or by physically removing the offending section from the film. Media Prima has adopted practices for managing, moderating and/or filtering user generated content including user codes of conduct.

Customers and Suppliers Development

Our responsible marketing policy strictly adheres to the Malaysian Communications and Multimedia Commission (MCMC) Act. It also complies with the guidelines from the Association of Accredited Advertising Agents Malaysia (4As). Our editorial and print media content complies with the regulations governed by the Malaysian Communications and Multimedia Content Code and all other publication guidelines under the Ministry of Home Affairs (KDN). Media Prima's content dissemination promotes equity of access to content and products for audiences.

Reaching Out to all Stakeholders

Media Prima is committed to engaging with every geographical area nationwide. Our branch offices and bureau chief ensure that each publication covers nationwide news. Our customers belong to various demographic groups including differing ethnic groups, age groups, income levels and backgrounds. We endeavour to report news which is fair, non-partisan and covers demographic profiles as far as is possible. Our management approach promotes informed decision making by media consumers and audiences. It also protects vulnerable audiences. The review process is conducted by our editorial team and managed by the Group Editor and Deputy Group Editor of each publication. The team meets daily to oversee news decisions on the need layout and page positioning for the most effective readership.

SOURCING AND MANAGING OF PROGRAMMES

Media Prima is committed to providing the best experience to our viewers. We deliver the most sought-after programmes by examining market trends and researching what people want. We conduct fair and transparent business and prioritise editorial independence, content quality, plurality and diversity.

It is the responsibility of our Acquisition and Content Management (ACM) Team and the Brand Management Group (BMG) to respond to the market and secure in-demand programmes. A Financial Evaluation Report, which contains detailed analysis of a programme including a Return on Investment projection, is tabled at our monthly programme committee meeting for approval or rejection. The Media Prima's Programme Committee also decides on the platform to air the programme. The BMG team presents a master schedule to ensure our programme offering has a balanced combination of programmes suitable for all demographic groups. This master schedule contains the programmes that are planned for a specified period.

SOURCING AND MANAGING OF ARTISTES

Artistes' are managed by Media Prima's subsidiary, the Talent Unit Sdn Bhd, also known as the 8unit. In searching for new talents, the 8 unit prioritises local artistes, especially those who have been groomed through our in-house programme. In-house reality TV shows are an effective platform to identify outstanding talents among artistes. Several TV reality shows provide an effective platform for discovering outstanding talents in the market. These previously included Malaysian Idol, Project Superstar and One In A Million. Currently, we are focusing on the ongoing show, Mentor.

Our team also conducts an active talent scouting programme to search for potential outstanding artistes through various on-the-ground activities and by participating in activities conducted by each of Media Prima's TV programmes. Sought-after traits consist of credibility, personality, industry knowledge and other role specific criteria including vocal skills, attractive appearance and age.

Once hired, the 8unit helps these artistes realise their dreams and create memorable lifetime moments. Our management team provides continuous career development and coaching. We provide regular training sessions depending on their credibility and attributes required to perform their roles. We also create opportunities for our artistes to collaborate with Malaysia's favourite artistes.

ENSURING QUALITY AND SATISFACTION

Audience satisfaction is essential for the success of our multi-platform media business. We employ the best tools to assess the quality of our programmes and set the market standards. Getting to know what matters most to our audience – how they spend their time consuming media content, what time of day and lifestyle choices – remain the focus of how audience research is conducted at Media Prima. Media Prima's Research Department uses the Nielsen Audience Measurement data to monitor programme performance to generate reports which are useful indicators for internal assessments and benchmarking our programmes against competitors.

How do the research and ratings work?

Nielsen conducted an establishment survey to determine the TV population and media users among 10,000 adults in Peninsular Malaysia. The findings serve as a guide to avoid an uneven skew and to align the sample with the demographics provided by the Statistics Department of Malaysia. General demographics such as gender, age, race, location, population size and household Income are obtained. Other areas critical to TV viewing are also covered including clarity, ownership of satellite TV and number of television sets.

CUSTOMER SATISFACTION

Media Prima complies with the rules and regulations established by the General Consumers Code 2003. A Customer Complaint process and a Customer Satisfaction rating have been established throughout the Company to ensure high standards of programming.

Media Prima's complaints process is managed by the Brand Management Group which has been established under the General Consumer Code. Media Prima complies with the Malaysia Communications and Multimedia Commission (MCMC) policy on customer feedback. We ensure that 90% of all complaints are resolved within 15 days.

WIDENING OUR CUSTOMER PLATFORM

Tonton.com.my, the number one Malaysian video portal was launched in August 2010 and is developed for a world-class video viewing experience that sits on an intelligent platform. The video portal serves as an integrated catch-up TV service that previously resided on several different TV portals. It enables Media Prima to deliver even more content, user interactivity and personalisation to the market.

2012 has been a remarkable year for Tonton. Integration evolved into providing live streaming on global events with 360 degree engagement with TV, radio, print to social media platforms. It is now the one stop destination for local news from Media Prima TV Networks (TV3, ntv7, 8TV and TV9). The LIVE TV Service (TV Everywhere) allows viewers to stream Media Prima TV channels live via their computers, tables or smartphones. In addition, Tonton Player on Harian Metro's website (www.hmetro.com.my) is also being developed as part of the Group's effort to sustain an integrated media platform.

Tonton's management team adopts special content management and scheduling processes to ensure Tonton's content continues to be attractive, relevant and in-demand. Programmes featured are highly dependent on the weekly

viewership appeal. These include the most talked-about show of the week or the day, new content not available on TV channels and other bonus packages. Our programme scheduling is based on site analytics studies which show internet traffic trends. Tonton consults current trends before formulating programme schedules. The management team also reviews our programmes regularly to deliver a broad spectrum of programmes which are suitable for all demographic groups.

In 2012, emphasis was placed on widening the reach of Tonton. Tonton joined all ground events organised at Media Prima to create brand identity and promote public awareness. We are pleased to report a good response from these activities with an average of 50 to 100 new account registrations being received per hour at each event.

SUSTAINABLE PROCUREMENT

Media Prima's Supplier Code of Conduct outlines ethical standards which must be practiced by all supply chain partners. We ensure that our supply chain partners comply with all relevant statutory requirements before appointing them. We have implemented detailed supplier selection guidelines which assess the following five core criteria:

Five core criteria for supplier selection guidelines

On occasion, green elements are requested from a service provider who must comply with the requirements as specified under the job description. A supplier's evaluation process is conducted upon project completion. During this process, performance gaps are highlighted and feedback is provided to each supplier for future improvements.

Corporate Responsibility

We integrate our **community** initiatives...

At Media Prima, we are fully committed to good corporate citizenship. Media Prima and its subsidiaries continued to support a variety of worthwhile causes throughout the year. We integrate our community initiatives into our business to make our efforts more sustainable. Media Prima's community programmes are decided according to their focus. In 2012, the four strategic core areas are categorised as Education, Humanitarian, Health and Sports, and Other Community Initiatives.

This section highlights some significant Corporate Responsibility (CR) initiatives by various business platforms at Media Prima. For full disclosure of these initiatives and other CR programmes can be found in the Media Prima Annual Report 2012.

Corporate Responsibility

PROMOTING INTELLIGENCE, NURTURING TALENT & ADVOCATING RESPONSIBILITY (PINTAR)

Media Prima continued its contribution to education through the PINTAR programme. PINTAR is a collaborative social responsibility initiative by PINTAR Foundation. It works in collaboration with GLCs and private corporations in Malaysia to foster academic and non-academic excellence particularly for the underserved students nationwide through its school adoption programme. In 2012, we continued our support for two schools; SMK Jelutong and SK Cherating. Our contributions were used to fund various educational activities and provide educational assistance. Projects undertaken included engagement sessions with parents and school teachers, extra tuition classes, motivation courses and co-curricular activities.

We are pleased that these efforts have been well received by the schools and students involved. In 2012, the pass rate of students sitting for the Penilaian Menengah Rendah (PMR) examinations for all subjects was above 60%. The percentage of SK Cherating students who achieved 2As and above in the Ujian Penilaian Sekolah Rendah (UPSR) 2012 also increased by almost 18% compared to 2010.

Bersamamu

In May 2005, TV3 proudly unveiled its steadfast CSR themed signature programme, *Bersamamu*. This charity programme continues to receive an overwhelming response and has built closer ties with communities. Aired every Wednesday at 9.30pm, it aims to raise public awareness of the beauty of charity. This is part of TV3's social responsibility initiatives to help ease the burden of underprivileged people. During each programme, TV3

highlights the difficulties faced by some people. It encourages viewers to donate money and join related charity drives. Although the *Bersamamu* programme for 2012 concluded on 30 May, the '*Tabung Bersamamu*' continues to receive public contributions to help the *Bersamamu* families.

Tabung TV3, Special Purpose and TV3 Bersamamu Funds

In 2001, *Tabung TV3* was established to encourage the public's ongoing participation in and contribution to on-the-ground activities and other charitable events. This fund benefits the society's needy and less fortunate.

Tabung TV3's selection and assessment process is guided by examining a broad spectrum of community needs including the disabled; disadvantaged; victims of catastrophes or natural disasters; those with social or health problems; war victims; and festive goodwill such as Hari Raya Puasa, Chinese New Year, Deepavali and Christmas.

TV3 Bersamamu Fund was established in 2005 to encourage participation and contribution from the public through the on-air programme, *Bersamamu*. It also covers on-the-ground related activities. The Fund is intended for use in a one-time campaign for a specific duration. Donations help supply the target group with humanitarian aid such as medical supplies, food supplies and basic essentials.

Raudhah Di Hatiku

TV9's *Raudhah di Hatiku* is an on ground event held at various mosques with an objective to change public perception of mosque as not merely an institution of worship, but also serves as a community hub. The idea was conceptualised in 2011, with the genuine intention of reaching the hearts of TV9's viewers through community based activities. Due to overwhelming and positive responses, *Raudhah di Hatiku* is now an annual event on TV9's calendar.

In its second year (2012), *Raudhah di Hatiku* attracted more than 30,000 visitors! TV9 has explored three mosques that are situated at urban and affluent residential areas, to further alter the preconceptions that religious content are only followed by the rural audiences. *Raudhah di Hatiku* has proven that religious content is followed by all types of people, including in inner-city centers with higher standards of living.

Mosque	Date
Masjid Al-Hidayah, Taman Melawati	8 September 2012
Masjid Al-Falah, USJ 9, Subang Jaya	29 September 2012
Masjid As-Salam, Puchong Perdana	13 October 2012

TV9 continues to espouse that religious content could be modern, fashionable, innovative and progressive in its efforts to attract young fresh mass Malay target audiences. These elements were externalised in numerous Raudhah di Hatiku's creative activities such as calligraphy exhibition, a dedicated Muslimah booth called Lin-Nisa and lomography display.

Visitors were also excited to meet and take photos with well-known religious figures and celebrities such as Datuk Abu Hassan Din Al-Hafiz, Al-Mawlid group, Diana Amir, Farah Asyikin, Liyana Hisham, Noryn Aziz, Ustaz Mohd Safwan Syafiq, Ustazah Asni Mansor, Syed Mohd Khair, Yat Hamzah, Zuhairah Mustafa Al-Husin and many more.

Kita Punya Kambing Golek

In the spirit of the holy month of Ramadan, TV9 distributed hundreds of free grilled lambs through its on ground activation called '*Kita Punya Kambing Golek*.' The activation is aimed to promote and cultivate the spirit of giving, as well as to bring the station closer to its viewers. The grilled lambs served as iftar meals were given to students of Multimedia University at Cyberjaya, the asnaf factions in Baitul Hasanah, Kuala Selangor and TV9's loyal viewers at Restoran Singgah Selalu, Johor Bahru.

Kita Punya Rambut Raya

30 members of the media were treated with free hair makeovers at A-Saloon, Kelana Jaya few days prior to Aidilfitri. This initiative was TV9's special and unique approach to thank the media for all their support. The event was considered unique, one-of-a kind and has never been done before. We received great feedbacks from members of the media who were all very pleased with the pampering session.

Tabung Bencana NSTP-MEDIA PRIMA

The *Tabung Bencana* NSTP-Media Prima is a platform for the general public to donate money to major catastrophes, natural disasters and humanitarian crises. The Tabung Bencana NSTP-Media Prima was launched on 1 October 2009 in response to a huge earthquake that occurred in Padang, Sumatera which also affected other Southeast Asian countries. NSTP has been a platform for the general public to donate to major catastrophes, natural disasters and humanitarian crises. Well-known campaigns include the Thailand Flood Fund, Japanese Tsunami Fund and Padang Earthquake Fund.

Corporate Responsibility

Locally, the fund also covered campaigns such as flood relief missions under the *Misi Bantuan Banjir*. The *Tabung Bercana* NSTP-Media Prima supported eight campaigns in 2012. Various flood victims from the states of Sarawak, Terengganu, Kelantan, Pahang and Selangor were helped. Flood victims in Thailand were also helped and Tabung Bercana extended its support to famine victims in Somalia.

Harian Metro – Titipan Kasih HARIAN METRO

The leading Malay newspaper, Harian Metro, is a strong advocate of CSR which fulfils its social obligations to its readers and the community. The *Titipan Kasih Harian Metro* was the first initiative introduced in 2007. Cases appearing in “*Metro Prihatin*” column highlight the plights of poor families in need of assistance. These families are supported by *Titipan Kasih Harian Metro* programme which visited the affected families and provided groceries. They also gave financial aid to help purchase school uniforms and settle outstanding utility bills.

Live Out Loud (L.O.L)

Live Out Loud (L.O.L) is the main community responsibility initiative for Media Prima Radio Networks which commenced in 2010. Spreading its wings to cover most aspects of education, this year's L.O.L organised various activities to meet its objectives from primary school to colleges. Various L.O.L programmes hosted by the Media Prima Radio Networks include L.O.L I Wanna Score, L.O.L Inspirasiku, L.O.L *Hangatkan Sekolahku* and L.O.L Supports.

Fly FM Book Drive

In support of literacy, Fly FM and E-curve held a special book drive to encourage the public to donate used books and unused reading materials to the children of Home for Children, Jagaan Amal Kanak-Kanak Praise Emmanuel (PECH), Rumah K.I.D.S and House of Joy. The public donated from 3 December 2012 until the event date, 15 December 2012. Fly FM announcers mingled with the children at the Ecurve and helped tell the classic tale, Little Red Riding Hood. The uprising star, Diandra Aljunaidi, made a special appearance. On 22 December 2012, almost 800 books and other reading materials were collected and divided equally across the four homes.

Build a Home

30 volunteers from Media Prima Digital, Human Resources and Finance travelled to Kedah to help construct a new home for a fellow colleague (Soleh), whose family home was partially burnt down. Soleh's family received RM11,000 in cash from Media Prima Group and Media Prima Digital employees for building materials, household items, clothing and school items for his younger siblings.

'Jom Balik Kampung' with Tonton

Tonton sponsored three buses to selected destinations, namely Johor Bahru, Kota Bharu and Alor Setar, in conjunction with Hari Raya Aidilfitri celebrations. The '*Jom Balik Kampung*' bus rides were open to the public and interested members were required to register their details

on Tonton's Facebook page to reserve their seats. Lam Swee Kim, Group General Manager of Media Prima Digital flagged off all three buses on 17 August 2012 and the launch was aired on Malaysia Hari Ini, *Wanita Hari Ini*, *Buletin Utama*, ntv7 News and *Berita TV9*.

Untukmu Palestin

TV3 collaborated with Primeworks Studios to give a mini charity concert '*Untukmu Palestin*' in support of thousands of victims of Israel's armies in Palestine. This mini concert is a good platform to invite corporate members and the public to make donations directly to a special fund, 'Tabung Kemanusiaan Palestin Media Prima Berhad'. The charity programme was broadcast live from Studio Sri Pentas 2, Plaza Alam Sentral Shah Alam beginning on 29 November 2012. The programme showcases a line of local artists including Faizal Tahir, Aizat, Raihan Group, Hafiz Hamidun, Noh Salleh (Hujan), Tomok and Misha Omar.

Gotong-royong at the Pondok Penyayang Raudhah

The *Gotong-Royong* at *Pondok Penyayang Raudhah* was organised by the Media Prima Digital (Gua and Tonton) on 14 April 2012. The selected home was founded by veteran actor Ustaz Mokhtaruddin with Ustazah Syarifah Dahiyah, his wife and several other volunteer instructors. The home has 42 orphaned, neglected and abandoned children which received basic financial aid from the MP of the Gombak constituency.

Primeworks Studios supported this project by providing volunteers to attend the clean-up day and collecting donations of stationery, dry food ingredients and other basic necessities for the children. 100 volunteers from Media Prima Digital, the Grand Brilliance team, Primeworks Studios and the Engineering Students Society of UiTM Shah Alam participated in the cleaning-up and refurbishment. Lunch was sponsored by KFC and Nasi Ambeng Sdn Bhd for all volunteers and residents of the home.

In June 2012, Media Prima Digital conducted a charity sale of new and used clothing, donated by staff and raised RM700. The funds collected were used to purchase new mattresses and pillows for the home, which were delivered on 11 July 2012.

Commitment to the Environment

MATERIALS MANAGEMENT

In 2012, the NSTP introduced an ink optimising programme to promote the most efficient ink usage. Software was introduced in the digital pages to convert composite black pixels made from cyan, magenta, yellow and black to 95% black. This has resulted in 2.5% savings in pages per kg. In addition to the overall reduction in colour ink consumption, the software also improves the quality of reproduction due to less ink being deposited onto the paper. This produces a clearer look and an enhanced "perceived" brightness of printed pictures.

In 2012, NSTP continued to reduce its waste by changing Computer to Film (CTF) to Computer to Plate (CTP) and phased out the usage of films. During 2011, CTF was phased out at our Shah Alam Plant. In 2012, we rolled this initiative out at our plants in Prai, Senai and Ajil. This process reduces chemical waste as the developments of films are no longer required. The usage of traditional photographic films, which was a major cost to us, has been phased out. The CTP also helps to shorten our process flow, reduces overall processing time and eliminates traditional film chemistry which was previously one of the dirtiest waste generators. It also enhances the effect of ink-saver software due to greater digital control at the plate-making stage.

During the year, NSTP engaged a specialist to conduct roller maintenance at our plants in Prai and Shah Alam. This has led to lower run-up wastage and a reduction in the overall consumption of newsprint, inks and other production materials.

Materials usage at NSTP Printing Plants

Material (MT)	2010	2011	2012
Newsprint	92,003	85,058	87,335
Ink	1,951	1,736	1,739

Our press system upgrade continues to improve in-house efficiency by reducing start up copies and printing registrations. These initiatives are ongoing and have further reduced newsprint wastage and paper consumption in terms of pages per kg.

In 2012, three workshops were held to promote the sharing of best practices in the workplace. The practice of sharing information aims to improve productivity and efficiency in each plant. Daily production reports are published for each of the plants along with a company average. This process introduced an element of competition which led to further improvements.

We are revamping our newsprint management strategy to shorten logistics, eliminate unnecessary handling and reduce overall inventory levels. In order to achieve this, our aim is to ensure each plant has its own warehouse of adequate capacity to accommodate Just-In-Time (JIT) deliveries. The implementation of the JIT principle has saved time and waste by reducing the warehouse process from our logistics. This strategy was introduced at our Balai Berita Prai in 2012. We hope to repeat this for Balai Berita Shah Alam in 2013 to benefit from the same JIT principle. This is in collaboration with Malaysian Newsprint Industries (MNI).

WATER MANAGEMENT

Our printing presses adopt a closed system for the press in which a spray bar is being used. The spraybar system, or "pulsed dampening system", generates a fine mist of fountain solution (water treated with 2% surfactants) to provide dampening on the printing plates. Compared to conventional or older spray bar technologies, the system in use allows for minimal water consumption due to a higher ratio of dispersed area against amount of water used. We have modified the system to deactivate the recirculation of excess fountain solution. This eliminates contaminants from returning to the main holding tanks. It also ensures that the spray bar nozzles operate at maximum efficiency as oil, grease and ink droplets are eliminated from the whole system.

Water Consumption (m³) at NSTP Plants

	Shah Alam	Prai	Senai	Ajil
2010	46,338	29,784	25,131	22,059
2011	37,002	32,004	21,735	14,682
2012	42,874	36,379	27,395	12,936

ENERGY MANAGEMENT

Media Prima is working towards full compliance with the requirements of the Electrical Energy Regulations 2008 endorsed by the Energy Commissioner. In 2012, we appointed an energy consultant to objectively study our energy usage and efficiency at our Shah Alam plant. This plant was chosen as it is the largest of NSTP's printing facilities. We also reviewed our compressed air requirements between 2010 and 2012. A great deal of emphasis was also placed on reducing energy at our printing plants, particularly by isolating unoccupied areas. Air-conditioning leakages were identified and worn pipes were replaced.

Following the energy audit, various energy savings initiatives were implemented in 2012. These include improvements to air compressors in Shah Alam.

Smaller air compressors were purchased to provide the minimum levels required instead of running the main compressors during maintenance hours at Senai and Prai. Small split units were installed in Shah Alam to replace the larger AHU and non-operational lighting zones were introduced. Inverters were also installed to control air compressors' energy usage. We will continue to maintain the overall energy usage to a less than 1% increase annually which is considered acceptable due to the additional workforce, building expansion and production increase in pages.

Commitment to the Environment

There is no dedicated team or committee responsible for monitoring energy savings at our TV and Radio Networks. However, steps have been taken to promote energy saving through a poster awareness campaign in all departments. Utilisation of energy in Media Prima largely depends on many other factors such as volume of production. This translates to usage of facilities such as studios and equipment. The Engineering Department is required to optimise the utilisation of energy at all times and minimise wastage. It is also the responsibility of the Engineering units to explore new innovative products and technology. These include LED, soft lights, auto switches and timers.

In 2012, a number of energy saving initiatives were introduced at Sri Pentas:

- 50% of the Sri Pentas' Studio A's (News Studio) conventional Studio Lights have been replaced with cooled energy saving lights.
- A number of Studio B and Studio C Parcan 1kW lights were replaced with 38W cyclorama LED equivalent lights.
- Approximately 20% of the Parcan (1kW) Lights were changed to cyclorama LED saving light. Additional LED Moving Head Wash (230W) Lights were also incorporated and installed in Studio 1 and 2 in our Glenmarie Building.
- An additional batch of 30 units of different LED fluorescent lights were purchased for testing at Sri Pentas. The previous test calculations found that the payback ROI exceeded two years. It is anticipated that the price will be cheaper by next year and we are considering replacing our office lighting with LED Fluorescents.

WASTE MANAGEMENT

Solid Waste

We have implemented the Reduce, Reuse, Recycle (3R) concept throughout our operations. NSTP sends 100% of its paper waste to Malaysian Newsprint Industries (MNI) for recycling. The collection of other wastes including aluminium and cores are being tendered. Unsellable waste is disposed of according to environmental regulations.

Scheduled Waste

At NSTP, scheduled waste such as contaminated rags, waste ink and chemical waste from print is collected, stored and disposed of by the Department of Environment's (DOE) licensed contractors. The licensed contractors washed contaminated rags and returned them to us for reuse. We send our chemical waste to a wastewater treatment plant (WWTP) which we operate and send monthly reports to the DOE. Sludge from the WWTP is disposed as scheduled waste.

OTHER ENVIRONMENTAL INITIATIVES

Recyclable Vinyl

Big Tree Outdoor introduced BIOFlex Polyethylene recyclable vinyl for billboards in Malaysia. A large proportion of our visual environment is composed of billboards. These have a limited life span and ultimately become landfill once they are disposed of. We converted expired billboard advertising campaigns into paper bags and mouse pads. In 2012, we have utilised 40 pieces of 10x40 vinyl in the production of 400 bags.

Project Wise

Project Wise is a continuous improvement project introduced by our Chairman in 2012. In 2012, we have introduced paperless board paper for our board members during Media Prima Board meetings in August 2012. Since then, the good initiative has been cascaded down and set as an example to all employees. Media Prima continues to embrace this paperless initiative and go digital. Equipment was used to achieve this goal. All of our procurement channels are now operating an electronic storage system known as Electronic Document Management System (EDMS).

At TV and Radio Network Sri Pentas, our Project Wise continues to encourage employees to save paper by replacing individual printers with common printers which are only located in a few strategic areas. This initiative has significantly helped us save on the cost of purchasing printers, toners and maintenance. The only additional cost once the project was introduced relates to printing usage. Through this initiative, we hope to reduce the printing volume in our offices.

At Creative Services Department, Another 3R initiative actively practiced at Sri Pentas is the recycling of unused set and props, doors, furniture and other wood materials.

Illegal Tappings

We constantly trace and monitor illegal electricity tapping from our Distribution Board by conducting site inspections and referring to our electricity bills. This is part of the on-going efforts by Big Tree Outdoor to prevent the pilferage of electricity. We prosecute the perpetrators and their contracts with Big Tree Outdoor are terminated.

ENVIRONMENTAL COMPLIANCE

Media Prima and its subsidiaries subscribe to the following regulations:

- Environmental Quality (Clean Air) Regulations 1978
- Environmental Quality (Scheduled Wastes) Regulations 2005
- Environmental Quality (Sewage) Regulations 2009
- Environmental Quality (Industrial Effluent) Regulations 2009
- Local Government Act 1976 on waste dumping policy

We are pleased to report that there were no major penalties for violations of environmental-related laws and regulations.

Commitment to the Environment

CLIMATE CHANGE AND GREENHOUSE GAS EMISSIONS

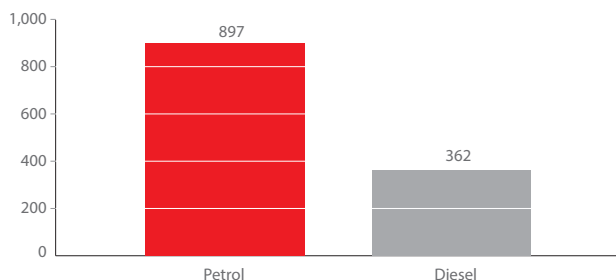

A greenhouse gas (GHG) is a gas in an atmosphere that absorbs and emits radiation within the thermal infrared range. This process is the fundamental cause of the greenhouse effect. The primary greenhouse gases in the Earth's atmosphere are water vapour, carbon dioxide, methane, nitrous oxide and ozone. In December 2009, the Prime Minister of Malaysia, Najib Razak, delivered Malaysia's proposal during the United Nations Climate Change Conference (COP 15) in Copenhagen. He pledged to reduce carbon dioxide (CO₂) emissions by 40 per cent by the year 2020 compared with 2005. Media Prima fully supports this vision and has reported its GHG emissions into this year's Sustainability Report.

This is the first year that we have calculated our carbon emissions. We are reporting on available data gathered from various parts of Media Prima. Media Prima's emissions accounting is based on the GHG Protocol.

Scope 1

GHG emissions from company-owned vehicles are monitored by recording all fuel purchases used for company owned vehicles. Separate calculations have been performed for petrol and diesel from Media Prima Group data. CO₂ emissions from the consumption of fuel were derived from the emission factor published by the IPCC Guidelines for National Greenhouse Gas Inventories.

CO₂ Emissions (MT) from Company-Owned Vehicles in 2012 by Fuel Type

Our company-owned vehicles produced 1,259 MT of CO₂ emissions in 2012.

Scope 2

Energy has been calculated from Media Prima Group electricity bills. Energy is used by our office buildings, TV stations, chilled water, printing presses and billboards. CO₂ emissions from the use of electricity were derived using the emission factor published by the Malaysian Green Technology Corporation for the Peninsular Grid. In 2012, our purchased electricity usage produced 54,614MT of CO₂ emissions.

Scope 3

Air travel GHG emissions were calculated point to point including the number of employees on board, distance and flight class. A centralised system is employed for the booking of all short and long haul air flights. Online tools derived from the World Resource Institute (WRI) Greenhouse Gas Protocol have been used to calculate the CO₂ emissions from air travel. In 2012, 838 MT of CO₂ emissions were produced by air travel.

Total Emissions

The following table provides the full breakdown of our emissions and their sources.

Scope	Emissions Source	Total (MT)
1	Company Owned Vehicles	1,259
2	Electricity	54,614
3	Air Travel	838
	Total Emissions	56,710

Media Prima is committed to reducing its carbon emissions throughout all operations. We are constantly improving our data gathering processes to ensure the integrity comprehensiveness of our data.

Investor Relations

The Group maintains regular and proactive communication with its shareholders and investors, with the provision of clear, comprehensive and timely information through a number of readily accessible channels such as Corporate Website, Annual General Meeting and Investors Briefing.

The Group's Investor Relations policy provides guidelines on the activities that enable the Board and Management to communicate effectively with the investment and financial community and other stakeholders including institutional investors, fund managers, analyst, bankers as well as research and stock-broking houses and the general public in relation to dissemination of timely, relevant and accurate information pertaining to the Group.

The Corporate Finance Department has conducted an Investor Relations survey in January 2013 to assess the levels of satisfaction and effectiveness of Media Prima's Investor Relation activities for 2012. Selected analysts, shareholders and fund managers were invited to participate in the survey. Media Prima has scored an overall score of 3.95 points (out of a maximum of 5 points) which exceeds Media Prima's KPI target rating of 3.75.

In line with good corporate governance practice, an annual programme to meet both local and international investment communities including the institutional fund

managers and analysts is set at the beginning of the year. In maintaining good rapport and relationship with local and foreign investors and fund managers, the Group Managing Director and the Group Chief Financial Officer attended presentations and meetings in London, Boston, Hong Kong, Bangkok, Abu Dhabi (UAE) and a series of local road shows during the year. Briefings with investors and analysts were also held after second quarter and fourth quarter's announcement of financial results to the Bursa Securities to explain the Group's strategy, performance and major developments and to address other matters affecting shareholders' interest.

In addition to corporate announcements, events and developments are notified to the public via press releases and/or by holding press conferences after general meetings or corporate events. These would provide shareholders, analysts and the investing public with an overview of the Group's performance and operations. All press releases are consistent with announcement to Bursa Securities.

All corporate and financial information, such as the Annual Report of Media Prima Berhad, the quarterly announcements of the financial results of the Group, and other announcements and disclosures are available on Media Prima's website, www.mediaprima.com.my.

SETTING NEW STANDARDS...

TO YOUR NEEDS

We understand the evolving needs and preferences of viewers to be kept well-informed and entertained. Our highly acclaimed network channels and programmes constantly make current affairs, social and entertainment matters available. Board of Directors' Profile

DATUK JOHAN BIN JAAFFAR

Datuk Johan Bin Jaaffar, aged 60, a Malaysian, is the Independent Non-Executive Chairman of Media Prima Berhad ("Media Prima"). He was appointed to the Board of Media Prima on 30 April 2009.

Datuk Johan is also Chairman of the following subsidiaries within Media Prima Group, namely Sistem Televisyen Malaysia Berhad ("STMB"), Synchrosound Studio Sdn Bhd ("Synchrosound Studio"), one FM Radio Sdn Bhd ("One FM"), Primeworks Studios Sdn Bhd ("PWS"), Big Tree Outdoor Sdn Bhd ("BTO") and Alt Media Sdn Bhd.

Datuk Johan is a member of MERCY Malaysia Board of Trustees and is Chairman of the Consultation and Corruption Prevention Panel (which is under the Malaysian Anti-Corruption Commission (MACC)). In addition, he is a member of the National Information Technology Council (NITC) and sits in the Board of Akademi Seni Budaya and Warisan Kebangsaan (ASWARA). He is also the Chairman of Sekolah Sri Nobel, a private school.

Previously, Datuk Johan was the Chairman of the Board of Dewan Bahasa dan Pustaka ("DBP") from 2006 until 2010. Datuk Johan started his career with DBP in 1977. In 1998, he was appointed as the Chief Editor of the DBP's magazine division. His last position in DBP was Head of General Publishing Department before he joined Utusan Melayu (M) Berhad as Group Chief Editor in November 1992 until July 1998. In 1995, he was also appointed as one of the members of Malaysian Business Council. When the government mooted the idea of the Multimedia Super Corridor, Datuk Johan was appointed to the Board of the Multimedia Development Council (MDC). He has also served as an Independent Non-Executive Director of Sindora Berhad.

In the past, Datuk Johan served as committee member of Yayasan Anak-anak Yatim Malaysia, member of Jawatankuasa Diplmasi dan Hubungan Antarabangsa, member of Majlis Perpaduan Negara and member of the National Brains Trusts on National Education which is under the auspices of ISIS and the National Economic Action Committee (NEAC).

He is currently a columnist for the New Straits Times and BH.

DATO' AMRIN BIN AWALUDDIN

Dato' Amrin Bin Awaluddin, aged 47, a Malaysian, is the Group Managing Director of Media Prima. He was appointed to the Board of Media Prima on 1 September 2009.

He held various positions within the Group prior to assuming his current position on 1 September 2009 and holds a Bachelor of Business Administration (Honours) from Acadia University, Canada and Master of Business Administration (Finance) with Distinction from University of Hull, England.

He joined the Group as the Chief Financial Officer of Sistem Televisyen Malaysia Berhad ("TV3") in November 2001 with responsibilities, which include amongst others, to implement the restructuring and turnaround of TV3 and The New Straits Times Press (Malaysia) Berhad ("NSTP"). Completion of the restructuring of these former media assets of Malaysian Resources Corporation Berhad ("MRCB") in September 2003 led to the incorporation of Media Prima and his appointment as its Group Chief Financial Officer. Dato' Amrin played a pivotal role in transforming Media Prima into an integrated media group. He was involved in the acquisitions and restructurings of 8TV in 2003, ntv7, TV9, Hot FM and Fly FM in 2005 which contributed to the consolidation of the domestic TV industry and Media Prima's maiden expansion into radio. He led the successful acquisition of Big Tree Outdoor Sdn Bhd (BTO) in 2006 and the delisting of NSTP in 2010.

During his tenure as the Chief Executive Officer of ntv7 (January 2006 – March 2008), Dato' Amrin led a team which formulated and implemented the financial and operational turnaround of the network, and the repositioning of the ntv7 brand.

Dato' Amrin sits on the Board of Media Prima's subsidiaries which are NSTP, TV3, Synchrosound Studio, BTO, Primeworks Studios and Alt Media Sdn Bhd.

He is the Deputy President of Kuala Lumpur Business Club (KLBC), a Member of the Asian Television Awards Advisory Board, a Board Advisor of Pusat Sains Negara and a Board Member of Yayasan Kelana Ehsan.

Prior to joining the Group, Dato' Amrin was with Amanah Merchant Bank Berhad, Renong Berhad, Malaysia Resources Corporation Berhad and Putera Capital Berhad.

Other than as disclosed, he does not have any family relationship with any Directors and/or major shareholders of Media Prima. He has no personal interest in any business arrangements involving Media Prima. He has had no convictions for any offences within the past ten years.

DATO' SRI AHMAD FARID BIN RIDZUAN

As a media company we are faced with challenges every second of every hour of every day. We are in the business of informing, entertaining and educating, and we are judged by how effective we are 24 hours throughout the year. High standards therefore have to be maintained. In a competitive and a dynamic industry, being good does not get you far – we need to set new standards all the time.

This is a content-driven industry where ideas and creativity rule. We embrace those who are not afraid to dream and are able to turn these dreams into reality. We have six different media platforms, we work as one, challenging and in our course, we set new standards. We are the first and the only fully integrated media company. We were the first to offer an online portal, Tonton, and the first to offer content on smart mobile devices. Media Prima is all about being the first, being innovators and being trend-setters by setting new standards.

The Finance Department is staffed by people who have always been fascinated by numbers. Mathematics is all about logic, and in order to get the right answer, the workings have to be right. The key is accuracy.

This fact remains true till today. What we do daily requires nothing less than getting the right information at the right time. Speed, accuracy and the ability to understand the real scenario behind those numbers is the essence of setting new standards. Being able to decipher numbers allows us to provide accurate scenario analysis with sound risk management frameworks for Media Prima.

By looking at the numbers, we know exactly where we are in the market, and how to chart our next course of action and strategies. Napoleon Bonaparte, for example, conquered most of the European continent not only because he had legions of men, but also because he used mathematical calculations in his strategies. Media Prima may not conquer the world now, but with the right numbers coupled with the right strategies, we never know.

In the world of entertainment, you cannot produce the same type of content over and over again. This is because the audience will ALWAYS want to see or hear something new when it comes to entertainment.

I take lessons from the music industry in how one must always reinvent oneself to keep winning their audience.

The Beatles changed with each song. From "She Loves You" to "Strawberry Fields Forever", no two songs sounded the same.

Elvis Presley reinvented rock n'roll when he took the music found in segregated black dance halls and adapted it into mainstream America.

Even a band as big as Coldplay continually set new standards or face being 'old'.

The world of entertainment demands new standards all the time. If you stay still, you will get run over. If you stay still, the whole world will pass you by.

Setting new standards is not something we aspire to do.

It's something we have to do.

Baharudin Omar, 48, stands only on one leg. He was fishing with his partner in a small boat in Tasik Kenyir, Terengganu. But he had guts and boundless determination to pursue his hobby. The man simply is a testimony of mind over matter, a picture of passion and a never say never kind of attitude.

Passion and a never say never attitude – these are the very qualities found in abundance at MPB.

I met Baharudin at the inaugural Boat on the Road fishing competition supported by the Terengganu government. It was an idea that seemed crazy at first. Who would want to join a convoy of 100 4x4 vehicles with a boat on each of them and travel close to 400km before casting a line!

It would be a whole day trip, with pit stops at several places for food, refueling and answering the call of nature. Mind you, the convoy must obey all traffic rules and regulations to stay the course. It was a logistical challenge for a small group of dedicated staff who look at every challenge as an opportunity to chart new grounds. The BH's Boat on the Road, anchored by the men and women who produced Joran, the weekly fishing pullout, is now the new benchmark in coordination, teamwork, planning and execution. Without doubt, the annual fishing competition is now one of our anglers' favourites!

The event proved that no idea is foolish and should be disregarded. It may look outrageous and difficult; in fact some would probably describe it as a waste of time! But at this company, the more outrageous the idea, the more likely it will find its way into the readers and audience's heart.

NSTP is an institution rich in culture and legacy. As it moves into its 168th year of operation against the background of a challenging media landscape, there is an imminent need to step up its standards in terms of product offerings and service levels. Raising standards in every single step of the work process is the key to ensure the products and services remain relevant, attractive and compelling to consumers. More importantly, the future and sustainability of the business depend on how the organisation and its workforce rise up to the challenge.

My interest in sports, especially golf, soccer and tennis, and idolising of sports icons like Steven Gerrard, Tiger Woods and Roger Federer, convey my point on the need to raise the performance bar.

The concept of continuous improvement or setting new standards is not new. Persistence, follow-through and the right mindset are key ingredients and success factors in achieving high performance and excellence.

Being an industry leader one needs to be continuously innovative in many aspects, be it the product design or its marketing approach. Innovation brings recognition and very often it comes with a decent monetary return.

One may ask, how can a conventional outdoor media format be innovative and what would be the risk? Historically outdoor media expenditure in Malaysia has grown by leaps and bounce but lacks creativity. Thus, Big Tree group has taken the lead not only to be strategic in its marketing approach, new creative product roll-out and aesthetic looks of structure designs were the main emphasis for new product development.

Again, Big Tree recently set another new standard by upgrading some prime assets to out-of-home digital media and was proven successful. More new product designs were launched since then and a whole new outdoor media landscape was born in the heart of KL city center, which has further strengthened our leadership positioning.

At Big Tree, we redefine the standard of the industry.

The huge technological leap is redefining the way how our editors at NSTP work and operate. As a newspaper company with a 168-year history, we have to continue pushing beyond traditional limits and setting higher standards in journalism in order to remain relevant in this challenging times. Our three newspapers in the group, the New Straits Times, BH and Harian Metro, have been on the forefronts in harnessing the power of social media, mobile platforms and video to help enhance the delivery and quality of content to cater for our growing readership base.

I really admire the great leadership quality of Manchester United's Sir Alex Ferguson in taking the famous football team to where it is today. NSTP inspires to remain in the top of the league through innovation and transformation. We will continue to get the best out of our talented pool of writers, sub-editors, photographers and editors. With the right skills and strong work culture, we can build further on our successes.

MPB television newsrooms are changing their priorities to become information providers. This is in line with the changing of the broadcast landscape with the booming of the social media such as websites, Facebook and Twitter. We have to develop a strategy as to engage or to reach our potential viewers while they are hanging out or on the move. With the changing landscape, it's easy to assume that traditional tv news won't survive much longer. But as a successful network, MPB can boost the odds of being around through the decades by focussing on what has gotten us to this point – solid, accurate reporting, creative visual presentation and credible tv personalities who form long-lasting relationship with their audience.

We need to ensure that we are reflecting all the diversity and richness this country to offer in order to continually be relevant and meaningful. Be it in the shows we produce, the stories we tell, the personnel touch we make and the people we work with – this is our goal. Mind you, Malaysians come to MPB for engaging, informative and high-quality content that they cannot find anywhere else. With our strategic plan we hope to continue to engage, inform and connect citizens from all background on issues that matter.

With a mandate to connect all Malaysians (in Bahasa, English and Mandarin), whether on air or behind the scenes, working with MPB means joining an organization that encourages innovation and creativity. We are proud and blessed to be part of a dynamic team that thrives on making connection and telling the stories that are important to all Malaysians.

Youth engagement in Media Prima plays a big role in its strategy where it nurtures young talent by pairing the right skill set with the right scope in charting new areas of opportunities. Being part of the young team recruited to create trendsetting new heights, my journey with Media Prima has given me the opportunity to work with the industry's best talents and this has continuously driven me to seek and explore new industry standards.

Even though digital platforms are seen as a big threat to TV and Print in audience share dilution and market fragmentation, the digital team at Media Prima took this as a challenge. We embarked on a digital venture currently known as Media Prima Digital. Every key media initiative is backed by a comprehensive digital campaign with Over-The-Top offerings.

Media Prima Digital is now the number 1 Digital Media Group and has won numerous awards from local and abroad.

Setting new standards is no longer about seniority and gender but more about capability and faith in the new generation.

Growing up, music and movies were major influences. Newspapers and magazines would bring news of the latest music or movie releases, and one would scour record shops for the latest Dylan or Stones albums, or drop by cinema lobbies for what was coming next.

Now, my 12-year-old listens to music, watch movies or television shows via web streaming. This significant shift in media consumption behaviour serves to remind me that our industry is constantly evolving.

Yet, just like it was with vinyl, eight-track, cassette tape, compact disc or digital download now, good content will continue to thrive.

When I was 12, the world was mesmerized by one man's flair and brilliance on the field as Diego Armando Maradona helped Argentina win the World Cup. The stocky Argentinian delivered amazing performance throughout the tournament and scored one of the best goal of the century. He showed persistence and great passion for the game. Amidst all world class footballing team, he and Argentina just took the game a notch higher.

We are also living in such highly competitive environment. We are battling every day to be part of our listener's life. Therefore we need that same spirit and flair that Maradona and team mates had during the tournament. We need to continue to push our boundary in person and also as team. As for radio we continue to push our convergence with technology and ensuring a great communal presence among our listeners. We are building a greater relationship with digital natives and also ensuring our content is compelling and used across multiple platform. Radio as a platform needs to mesmerise the audience like Maradona did and score straight to our listeners heart and mind.

The Group is led and controlled by an effective Board. All Board members carry an independent judgement to bear on issues of strategy, performance, resources and standards of conduct. The Board understands the Group's philosophy, principles, ethics, mission and vision and reflects this understanding on key issues throughout the year.

The Board delegates authority and vests accountability for the Group's day to day operations with a management team led by the Group Managing Director (GMD). The Board, however assumes responsibility for the following in discharging its duty of stewardship of the Group:

- Reviewing and adopting the strategic plan for the Group;
- Overseeing the conduct of the Group's business to evaluate whether the Group is being properly managed;

- Succession planning including appointing, training, fixing the compensation of Senior Management and where appropriate, the replacement of its members;
- Identifying principal risks and ensuring implementation of appropriate systems to manage these risks;
- Developing and implementing an investor relations programme and shareholder communications policy for the Group; and
- Reviewing the adequacy and the integrity of the Group's internal controls system and management information systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines.

Board Composition and Balance

The Board comprises of individuals who are highly experienced in their respective fields of endeavour and whose knowledge, background and judgement is valuable in ensuring that the Group achieves the highest standards of performance, accountability and ethical behaviour as expected by Media Prima's stakeholders.

The Board has a balanced composition of Executive and Non-Executive Directors (including Independent Directors) such that no individual or group of individuals can dominate the Board's decision-making powers and processes. The Independent Non-Executive Directors make up 50% of the Board membership.

The directors of the Group do not hold more than 5 directorships in public listed companies as prescribed by Bursa Securities Listing Requirement.

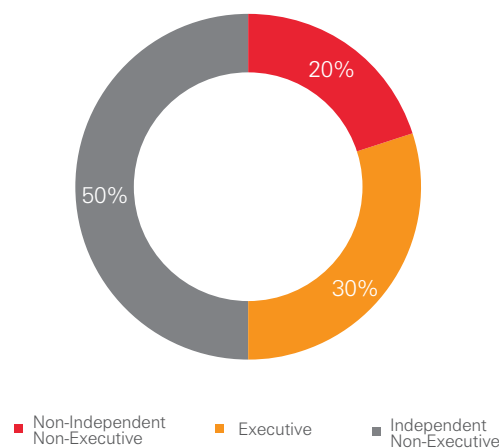

As at 31 December 2012, the Board has ten (10) members, of which three (3) are Executive Directors and seven (7) are Non-Executive Directors. The Board believes the size of the Board is optimal given the scope and size of the Group, and sufficient to provide for effective debate and decision making with a substantial degree of independence from the Management. A brief description of the background of each director is set out on pages 90 to 94 of this Annual Report.

Statement on Corporate Governance

The role and responsibilities of the Chairman of the Board and the GMD are clear and distinct. The Chairman is responsible for the effective conduct of Board discussions whilst the GMD is responsible for the running of the day to day operations of the Group. The current Chairman is not the previous Chief Executive Officer of the Company.

**Media Prima Berhad Board of Directors
as at 31 December 2012**

Directors Roles and Responsibilities

The Independent Non-Executive Directors are individuals of impeccable credibility and calibre and have the necessary skill and experience to carry sufficient weight in Board decisions. Although all the directors have an equal responsibility for the Group's operations, the role of these Independent Non-Executive Directors is particularly important in ensuring that the strategies proposed by the Management are fully discussed and examined, and take into account the long term interests, not only of the shareholders, but also of employees, customers, suppliers and the many communities in which the Group conducts its business.

There is a clear division of roles and responsibilities between the Chairman of the Board and the GMD to ensure that there is a balance of power and authority and that no one individual has unfettered powers of decision. The Chairman of the Board is responsible for ensuring the Board's effectiveness and conduct whilst the GMD has overall responsibility over the business units, organisational effectiveness and implementation of Board's policies, strategies and decisions.

The Board together with the GMD has developed position descriptions for the Board and for the GMD, involving definition of the limits to Management's responsibilities. The Board has also approved the corporate objectives for which the GMD is responsible to meet.

Dato' Fateh Iskandar Bin Tan Sri Dato' Mohamed Mansor is the Senior Independent Non-Executive Director, as prescribed in the Code, to whom concerns pertaining to the Group may be conveyed by shareholders and the public. The Senior Independent Non-Executive Director may be contacted at

Directors' Code of Ethics

Media Prima has established a Directors' Code of Ethics to guide the Board in discharging its oversight role effectively. The Code of Ethics requires all directors to observe high ethical business standards of honesty and integrity and to apply these values to all aspects of our business and professional practices and act in good faith in the best interests of Media Prima Group and its shareholders.

Appointments to the Board

The Malaysian Code on Corporate Governance 2012 endorses as good practice, a formal procedure for appointment to the Board, with a Nomination Committee making recommendations to the Board. The Nomination Committee of the Board of Media Prima scrutinises the sourcing and nomination of suitable candidates for appointment as a director in Media Prima and its subsidiary companies and to the Committees of the Board, before making recommendations to the Board for approval. This Committee carries out an annual review on the composition of Boards of MPB as well as its Group of companies to ensure the selection of Board members with different mix of skill sets, competencies and gender diversity.

Re-election of Directors

In accordance with the Company's Articles of Association, newly-appointed directors shall hold office until the next Annual General Meeting (AGM) and shall then be eligible for re-election. The Articles also provide that all directors shall retire from office once at least in every three (3) years. Retiring directors may offer themselves for re-election.

Board Effectiveness Evaluation

The Board through the Nomination Committee conducts an effective assessment to evaluate the effectiveness of the Board as a whole, the committees of the Board and the contribution of each individual director. The Board has also reviewed its required mix of skills and experience and other qualities, including core competencies, which Non-Executive Directors should bring to the Board. The Board also examines its size, with a view to determine the effective number of Board members. The Board is of the view that the current size of the Board is appropriate.

Messrs PricewaterhouseCoopers Advisory Services Sdn Bhd had been engaged to facilitate a Board Effectiveness Evaluation self-assessment exercise for MPB Board of Directors. A report on the evaluation was presented to the Board on 23 February 2012 detailing the areas of strengths and areas of improvements.

Board Charter

A Board Charter had been established and approved by the Board on 14 August 2012. The objectives of the Board Charter are to ensure that all Board members are aware of their duties and responsibilities as Board members, the various legislations and regulations affecting their conduct and that the principles and practices of good Corporate Governance are applied in all dealings by Board members individually and/or on behalf of the Group.

The Board Charter focuses on:

- Boards' roles and responsibilities;
- Boards' composition and balance;
- Boards' performance;
- Boards' meetings;
- Remuneration policies;
- Access to information and independent advice;
- Financial reporting;
- Stakeholder communication;
- Company Secretary; and
- Conflict of interest.

Company Secretary

The Company Secretary provides a central source of guidance and advice to the Board, on matters of ethics and good corporate governance. The Company Secretary is required to provide the directors, collectively and individually, with detailed guidance on their duties and responsibilities. The Company Secretary assists in determining the annual board plan and board agenda and in formulating governance and board-related matters.

The Board has unrestricted access to the advice and services of the Company Secretary who is responsible for providing directors with the boards' papers and related matters. The Company Secretary coordinates the induction programme for newly-appointed directors as well as the Board assessment process.

Board Meetings

Board meetings are scheduled in advance at the beginning of the new financial year to enable directors to plan ahead and fit the year's meetings into their respective schedules. The Board meets at least four (4) times a year, once in every quarter and has a formal schedule of matters specifically reserved to it for decision, such as the approval of corporate plans and budgets, acquisition and disposal of assets that are material to the Group, major investments, changes to management and control structure of the Group, including key policies, procedures and authority limits. Additional meetings are held as and when required.

Supply of Information

The Board and its Committees have full and unrestricted access to all information necessary in the furtherance of their duties, which is not only quantitative but also other information deemed suitable such as customer satisfaction, product and service quality, market share and market reaction.

The Board is provided with the agenda for every Board meeting together with comprehensive management reports, in advance for the Board's reference. The Chairman of the Board takes primary responsibility for organising information necessary for the Board to deal with the agenda and for providing this information to directors on a timely basis.

All directors have the right and duty to make further enquiries where they consider necessary. In most instances, members of Senior Management are invited to be in attendance at Board meetings to provide insight and to furnish clarification on issues that may be raised by the Board.

The Board papers are circulated on a timely basis and more often than not, at least five (5) days in advance of the meeting to enable the members to have sufficient time to review the papers prepared. Board papers are comprehensive and encompass all aspects of the matters being considered, enabling the Board to look at both the quantitative and qualitative factors so that informed decisions are made.

The Board papers supplied to the directors include:

- Quarterly performance report of the Group;
- Corporate proposals;
- Group's risk profile;
- Information on operational and financial issues;
- Updates on Group's corporate social responsibility
- Business forecasts and outlook; and
- Circular resolutions passed.

The Board recognises that the Chairman is entitled to the strong and positive support of the Company Secretary in ensuring the effective functioning of the Board. All directors have access to the advice and services of the Company Secretary and, whether as a full board or in their individual capacities, directors are also at liberty to take independent professional advice on any matter connected with the discharge of their responsibilities as they may deem necessary and appropriate, at the Company's expense.

Directors' Training

The Board via the Nomination Committee had performed an annual assessment to review its required mix of skills and experience and also training needed to ensure its members have access to appropriate continuing education programmes.

All directors attended relevant training programmes in 2012 to enhance their skills and knowledge, and to keep abreast with the relevant changes in laws, regulation and business environment, in order to discharge their duties more effectively.

Internal training, external training, seminar and conferences attended by the Board of Directors in 2012 include:

B. DIRECTORS' REMUNERATION

Level and Make-up of Remuneration

The Group has established a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration package of the individual director. The objective of the Group's policy on directors' remuneration is to attract and retain directors of the calibre needed to play effective oversight role in the successful management of the Group.

The Remuneration Committee (RC), comprising of wholly Non-Executive Directors, carries out the annual review of the overall remuneration policy for Executive Directors whereupon recommendations are submitted to the Board for approval. The remuneration for Executive Directors is structured to link rewards to corporate and individual performance. It is nevertheless, the ultimate responsibility of the Board to approve the remuneration of these directors.

An annual review by the RC records the performance of the GMD and Executive Directors and submits recommendations to the Board on specific adjustments in remuneration and/or reward payments that reflect their respective contributions for the year, and which are competitive and in tandem with Media Prima's corporate objectives, culture and strategy.

The determination of the remuneration packages of Non-Executive Directors (whether in addition to or in lieu of their fees as directors), is a matter for the Board as a whole subject to approval of shareholders at the AGM. Each individual director abstains from the Board's decision on his own remuneration.

Remuneration Package

The remuneration package of the Executive Directors is as follows:

i. Basic Salary

Remuneration Committee recommends the basic salary (inclusive of statutory employer contributions to the Employee Provident Fund) for the Executive Director, taking into account the performance of the individual, the inflation price index and information from independent sources on the rates of salary for similar positions in a selected group of comparable companies.

ii. Performance Bonus

The Group operates a performance based bonus scheme for all employees, including the Executive Directors. The criteria for the scheme is dependent on the achievement of KPI set for the Group's business activities as measured against targets, together with an assessment of each individual's performance during the period. Bonuses payable to the Executive Directors are reviewed by the Remuneration Committee and approved by the Board.

iii. Fixed Allowance

Executive Directors are entitled for fixed allowances.

iv. Employees' Share Option Scheme (ESOS)

Executive Directors are also eligible to participate in the employees' share option scheme designed to incentivise employees of the Group.

v. Benefits-in-kind

Executive Directors are entitled to other customary benefits such as Group Hospitalisation and Surgical Insurance, leave passage, car and driver.

Non-Executive Directors are paid annual fees, attendance allowance for each Board meeting attended. They are also entitled for Group Hospitalisation and Surgical Insurance. The Chairman is entitled to leave passage, contributions to Employee Provident Fund, a car and driver benefits.

Directors of Media Prima are also covered under a Directors and Officers Liability Insurance Policy against any liability incurred by them in discharging their duties while holding office as directors of the Group. The directors contribute partially toward the payment of the insurance premium.

C. SHAREHOLDERS

Investor Relations

The Group maintains regular and proactive communication with its shareholders and investors, with the provision of clear, comprehensive and timely information through a number of readily accessible channels such as Corporate Website, AGM and Investors Briefing.

The Group's Investor Relations policy provides guidelines on the activities that enable the Board and Management to communicate effectively with the investment and financial community and other stakeholders including institutional investors, fund managers, analyst, bankers as well as research and stock-broking houses and the general public in relation to dissemination of timely, relevant and accurate information pertaining to the Group.

A summary of investor relations activities undertaken by Media Prima Berhad during the year is set out on page 85 of this Annual Report.

Websites

The Group strives to ensure that shareholders and the general public would have easy and convenient access to the Group's latest financial results, press releases, annual reports and other corporate information via its website www.mediaprima.com.my. Each of Media Prima's subsidiaries also has established their own website as a source of information and excellent medium of communication to shareholders and the general public.

Whistle-blowing Policy

In order to strengthen corporate governance practices across the Group, a whistle-blowing policy was established to provide employees with accessible avenue to report suspected fraud, corruption, dishonest practices or other similar matters. The aim of this policy is to promote and encourage the reporting of such matters in good faith, with the confidence that employees making such reports will be protected from reprisal.

Whistle-blowing policy together with anti-fraud policy is available for all staff and can be accessed via intranet. The key components of the whistle blowing provision include protection to the whistle blower from any retaliation in the form of dismissal, harassment or discrimination at work, or any action in court, in respect of disclosure made by the whistle blower to the regulators.

Any employee who believes or suspects that a fraud exists or has been committed should report this to the Group General Manager, Group Corporate Governance Department.

Annual General Meeting

In addition to the quarterly financial reports and annual report, the Annual General Meeting (AGM) remains the principal opportunity for communication with shareholders and investors. At each AGM, the Board presents the progress and performance of the Group. The Chairman and/or the Group Managing Director presents a comprehensive review of the financial performance of the Group and value created for shareholders. This review is supported by visual and graphical presentation of key points and financial figures.

Statement on Corporate Governance

Shareholders are encouraged to participate in the proceedings and ask questions on the operations of the Group and on any resolutions being proposed. The Chairman will provide sufficient time for shareholders' questions on matters pertaining to the Group's performance and seek to explain concerns raised by the shareholders.

Each item of ordinary and special business included in the notice of the meeting will be accompanied by a full explanation of the effects of a proposed resolution. Separate resolutions are proposed for separate issues at the meeting and the Chairman declares the outcome of each resolution after proposal and secondment are done by the shareholders. A press conference is held immediately after the AGM where the Chairman and the Group Managing Director will clarify and explain issues raised by the media and analysts. An analyst briefing will also be held in the course of providing all stakeholders with the latest updates on the Group.

The Group welcomes inquiries and feedbacks from shareholders and other stakeholders. All queries and concerns regarding the Group may be conveyed to any of the following personnel:

D. ACCOUNTABILITY AND AUDIT

Financial Reporting

The Board aims to present a balanced and understandable assessment of the Group's financial position and prospects in presenting the annual financial statements and quarterly announcement to shareholders. This also applies to other price-sensitive public reports and reports to regulators.

On behalf of the Board, the Audit Committee scrutinises the financial and statutory compliance aspects of the audited financial statements and adherence to internal policies and procedures prior to full deliberation at the Board level. The Board ensures the integrity of the Group's financial reporting and fully recognises that accountability in financial disclosure forms an integral part of good corporate governance practices.

Dividend Policy

The MPB Group integration exercise has significantly changed the financial landscape of the Group. The management has proposed a revised dividend policy that would provide the flexibility to the Group to channel the excess cash flow to maximise shareholders' returns. The dividend policy reflects the Board's current views on the Group financial and cash flow position. It will be reviewed from time to time as it is the policy of the Board, in recommending dividend distribution.

The Board of Directors has approved a dividend policy with a pay-out ratio ranging from a minimum of 25% to the maximum of 75% based on;

- PATAMI
- Funding requirement (capital expenditure & investments); and
- Availability of cash flow.

Internal Control

The Boards acknowledges its responsibility for the Group's system of internal controls and risk management and for reviewing the effectiveness of these systems. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives. Any system can only provide a reasonable but not absolute assurance against material misstatement, loss or fraud.

The Statement on Risk Management and Internal Control furnished on pages 120 to 127 of the Annual Report provides an overview on the state of risk management and internal controls system within the Group.

Corporate Responsibility

The Group's corporate responsibility initiatives are explained in our Sustainability Report 2012.

Relationship with the Auditors

The Board has established a formal, transparent and appropriate relationship with the Group's auditors, both external and internal, through the Audit Committee.

The Audit Committee meets regularly with the External and Internal Auditors to discuss and review the audit plan, quarterly financial results, annual financial statements and the audit findings, and makes recommendations for the Board's approval. During the year, the Board has also met with the External and Internal Auditors without the presence of the Executive Directors and Management.

A report by the Audit Committee and its Terms of Reference are provided on pages 128 to 134 of the Annual Report.

Statement on Risk Management and Internal Control

Pursuant to Paragraph 15.26(b) of the Main Listing Requirement of Bursa Malaysia Securities Berhad, the Board of Directors of listed companies is required to include in its Company's Annual Report a 'statement about the state of its internal controls of the listed issuer as a group'.

The Malaysian Code on Corporate Governance 2012 under Principle 6 states that the Board should establish a sound risk management framework and internal controls system.

The Board is pleased to provide the following statement that was prepared in accordance with the revised guideline, called the Statement on Risk Management and Internal Control - Guidelines for Directors of Public Listed Issuers which outline the nature and scope of risk management and internal control of the Group during the financial year under review.

A. RESPONSIBILITY

The Board affirms its overall responsibility for the Group's system of risk management and internal controls, and for reviewing the adequacy and integrity of the systems to safeguard the shareholders' interest and the Group's assets. It should however be noted that such systems are only designed to manage rather than totally eliminate the risk of failure to achieve business objectives. Accordingly, these systems can only provide reasonable but not absolute assurance against material losses, fraud, misstatements or breaches of laws or regulations.

The Board and Management acknowledges that a sound internal controls system is a vital process developed to ensure effective and efficient operation, provide reliable and relevant reporting, and compliance with the applicable laws and regulations.

The Group has in place a continuous, proactive and systematic control structure and process for identifying, evaluating and managing significant risks pertinent to the achievement of the Group's overall corporate objectives. The control structure and process which has been established throughout the Group is updated and reviewed from time to time to suit the changes in business environment.

B. CONTROL ENVIRONMENT AND ACTIVITIES

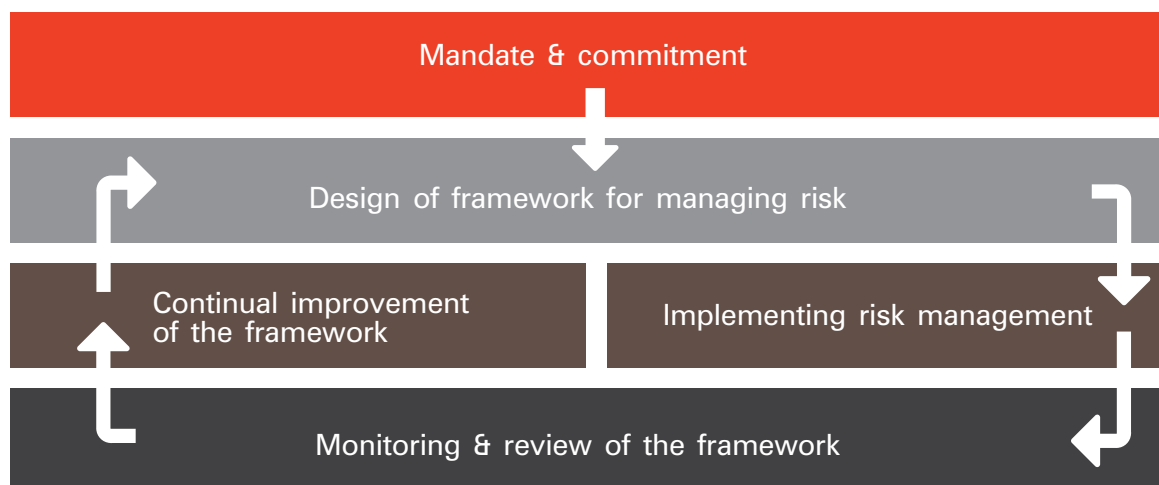

The Board is committed to maintaining a strong control structure and environment for the proper conduct of the Group's business operations. The Group's control environment comprises of the following components which have been in place throughout the financial year:

Risk Management Framework

- The Board has established a Risk Management Framework to ensure that business, financial and manpower risks are identified, assessed and managed effectively. The risk management process requires Management to comprehensively identify and assess all types of risks in terms of likelihood and magnitude of impact as well as to evaluate the adequacy of mechanisms in place to manage these risks.

- The Group is continuously committed in setting new standards whilst maintaining an effective risk management framework to ensure the Group's objectives are achieved and stakeholders interest are protected. The Board acknowledges its responsibility to adopt best practices in risk management and internal control as part of the Group's business culture.
- Achievement of the Group's business objectives depends, among other things, on external economic factors, the unpredictability of market trends, ever evolving technology, unforeseen calamities and human factors.
- The Group's risk management methodology is based on an integrated risk management model that considers risk at all levels of the organisation. The Group is currently aligning the risk management framework towards the new international standard ISO 31000, Risk Management - Principles and Guidelines.
- Risk management within the Group is monitored by Management on a strategic perspective allowing business units to ensure risk identification and action plans have been implemented based on the Group's risk methodology.
- The implementation of the framework ensures that business risks are identified, assessed and managed effectively. This framework provides the platform to adopt a more holistic and integrated approach to managing risk. The objectives of the framework are as follows:
 - Establish a clear Risk Management Policy;
 - Allocate and optimise the use of resources in managing risk effectively;
 - Measure risk management against performance indicators;
 - Inculcate an effective risk management culture throughout the Group;
 - Safeguard financial and non-financial assets of the Group;
 - Ensure compliance to policies, procedures, guidelines, laws and regulations; and
 - Establish an integrated risk management process where;
 - Risk management operating structure is formalised and key lines of responsibility for risk management throughout the Group are defined;
 - Monitoring of major risk factors, which may have significant impact on individual businesses and the Group, is centralised at Group Senior Management level; and
 - A transparent system of information and communication for risk management between operations, Management and Board of Directors is achieved.

FRAMEWORK FOR MANAGING RISK

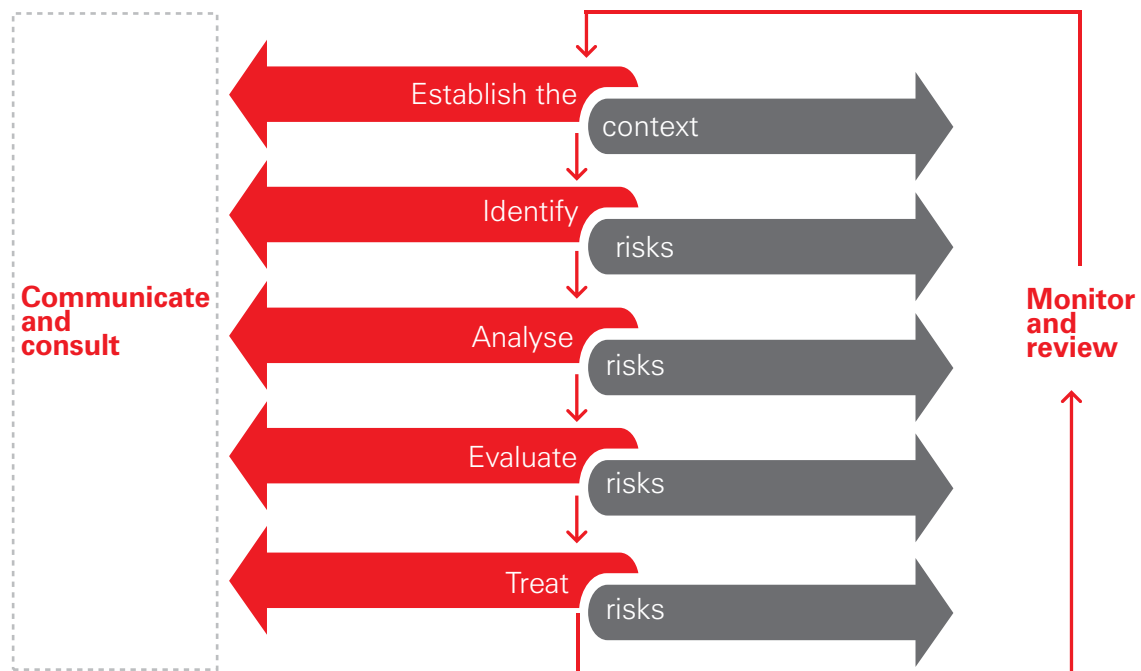

Statement on Risk Management and Internal Control

Risk Management Committee

- The Board has also delegated the responsibility of reviewing the risk management systems and to ensure the effectiveness of the Group's Risk Management Framework to the Risk Management Committee (RMC). The RMC updates the Board on the significant changes that affect the risk profile of the Group. Further details of the activities undertaken by the RMC during the year are set out in the Risk Management Committee Report on pages 135 to 137.

Risk Management Process

- The risk management process in place requires Management to comprehensively identify and assess all types of risks in terms of likelihood and magnitude of impact as well as to identify and evaluate the adequacy of mechanisms in place to manage, mitigate, avoid or transfer these risks.
- The process encompasses assessments and evaluations at business unit process level before being examined on a Group perspective.
- Group Risk Management Department (GRM) had conducted several discussions with Senior Management to further enhance the risk criteria for the respective subsidiaries. These communication sessions are also conducted to ensure that the interest of stakeholders are acknowledged and considered when defining the risk criteria in evaluating risk.
- Another key area in the risk management process is establishing the context whereby the objectives, scope and activities of the organisation is clearly defined and this is done by active engagement with the relevant stakeholders.
- Due to the uncertainty inherent in any business and by identifying and analysing a range of risk, risk owners are better able to implement controls and treatments to mitigate the likelihood and consequence of the uncertainty.

- GRM also conducts risk assessments for every unit of the Group and assists staff in understanding the application of the process. The Risk Management Framework ensures a consistent system of risk management across the Group with clear executive support. Each appointed divisional Risk Liaison Officer is responsible for risk management activities in their specific division.
- The principal reporting responsibility of the respective departments is to submit quarterly risk assessment reports on the key risks as identified by the Group-wide risk assessment process.
- Based on the compilation and analysis of risk monitoring results, Risk Profile Review Reports are then prepared and presented to the Group Risk Management and Audit Committee (GRMAC), RMC and the Board on a quarterly basis for evaluation as well as to recommend effective control measures and risk mitigation strategies.
- The internal audit function has a clear line of reporting to the Audit Committee and the Audit Committee determines the remit of the Internal Audit function. Thus, the internal audit function is independent of the activities being audited and is performed with impartiality, proficiency and due professional care.

Board of Directors

- The Board meets at least quarterly, and more frequently when required, to review and evaluate the Group's operations and performance and to address key policy matters. The Group Managing Director leads the presentation of Board papers and provides comprehensive explanation over pertinent issues.
- The prerequisite to decisions made in the meeting is the thorough deliberation and discussion by the Board, together with recommendations and feedback from Management. In addition to quarterly financial results, corporate proposals, Group's Risk Profile, progress reports on business operations are also tabled at the Board's quarterly meetings.

Internal Audit Function

- The Group internal audit function was set up by the Board to provide independent assurance of the adequacy of risk management, internal control and governance systems. Group Internal Audit activities are guided by an Internal Audit Charter which is approved by the Audit Committee.
- The Group's internal audit function undertakes regular reviews of the Group's operations and its system of internal controls. The internal audit function reviews the Group's activities based on an approved audit plan presented to the Audit Committee. The audit plan is developed based on the risk profiles of the respective business entities of the Group identified in accordance with the Group's Risk Management Framework, input of the Senior Management and the Board.
- Internal audit findings are discussed at management level and actions are agreed in response to the internal audit recommendations. The progress of implementation of the agreed actions is being monitored by Internal Audit through follow up reviews.

Independence of the Audit Committee

- The Audit Committee is comprised of four (4) Non-Executive Directors who are highly experienced and whose knowledge, background and judgement are invaluable to the Group. The Audit Committee have unimpeded access to both the Internal and External Auditors and has the right to convene meetings with the auditors without the presence of Executive Directors and Management.
- The Audit Committee reviews the work of the Internal and External Auditors, their findings and recommendations to ensure that it obtains the necessary level of assurance with respect to the adequacy of the internal controls. Further details of the activities undertaken by the Audit Committee during the year are set out in the Audit Committee Report on pages 128 to 134.

Statement on Risk Management and Internal Control

Management Committees

- Management Committees have been established to ensure that the Group's interests are adequately protected in arriving at important business/operational decisions. The committees include the Programme Committee, Newsprint Committee, Group Risk Management & Audit Committee, Procurement Committee, Tender Committee, ICT Steering Committee, Donation Committee, Integration Committee, Project Serumah Committee and Recovery Executive Committee with clearly defined terms of reference.

Senior Management Meeting

- Senior Management meetings are held on a monthly basis to formulate strategies on an on-going basis and to address issues arising from changes in both the external business environment and internal operating conditions.

Business Plan and Budget

- Annual business plans and budgets are prepared by the Company's business units, and are reviewed and approved by the Board. The performance of each business unit is assessed against the approved budget, with explanation on significant variances provided to the Board on a periodic basis.

Documented Policies and Procedures

- Policies and procedures of business processes are documented and set out in a series of Standard Operating Manuals and implemented throughout the Group. These policies and procedures are subject to regular reviews, updates and continuous improvements to reflect the changing risks and operational needs.
- Policies and procedures developed and enforced during the year are Crisis Management Plan, Public Service Announcement & Advertorial and Guideline on Usage of Engineering Equipment. All the documented policies and procedures can be accessed via the Company's intranet at <http://peopleconnect.mediaprima.com.my>.

Human Resource Policy

- The Group has in place, a comprehensive Human Resources Policy approved by the Board that set the tone of control consciousness and employee conduct. There is also in place, supporting procedures for the reporting and resolution of actions contravening these policies.
- There are proper guidelines within the Group regarding employment and dismissal, formal training programmes as well as other relevant procedures in place to ensure that staff are competent and adequately guided in carrying out their responsibilities.
- The Group has also in place a Performance Management System, which is linked to and guided by Key Performance Indicators (KPI) and accountability.

Limit of Authority

- The Limit of Authority (LOA) for the Group has been structured to define all the common matters pertaining to operations such as policy approval, awarding of projects and capital and operational expenditures. It serves as a control whereby a cross-check system has been incorporated to minimise any abuse of authority.
- The system provides that approvals granted should be supported by a recommendation from the subordinates and notified to the superior of the approving authority particularly pertaining to material transactions.
- The highest approving authority is the Board of Directors where the transactions will determine the direction and financial position of the Group and are above the limit that has been granted to the Group Managing Director.
- A separate LOA for each subsidiary company has been prepared in order to ensure adequate management control and smooth operations at subsidiary level. All Heads of subsidiary shall always be governed by the authority limits accorded to them in the LOA for the respective subsidiaries. The LOA are regularly reviewed and updated to reflect changing conditions.

Code of Ethics

- The Code of Ethics is communicated to all employees and compliance with this Code is mandatory. The Code serves as a guide and reference to assist employees to live up to the high ethical business standards, and it provides guidance on the way business and duties is conducted in an efficient, effective and fair manner.
- The Code highlights key issues and identifies the relevant policies and procedures and resources to help employees conduct business and duties with high integrity in line with the Group's acceptable practice.

Annual Assessment of Internal Controls

- In line with the Board's request, an annual assessment to evaluate the state of internal controls and risk management at each operating unit was conducted during the year. A General Audit Report (GAR) was issued to all the operating units within the Group at the end of the assessment.
- The rating system evaluates the achievement of the following key components:
 - Meeting key objectives and financial performance including cost control measures;
 - Compliance with risk management framework and internal control procedures; and
 - The effectiveness of Management supervision and the quality of staffing.
- The assessment provides the Board with the necessary assurance that a sound control environment and structure are in place.

Fraud Prevention Manual and Whistle-blowing Policy

- The Group has established a Fraud Prevention Manual consisting of the Anti-fraud Policy and Whistle-blowing Policy. The manual builds into the Group's culture, abhorrence for fraud, and that any conduct of this nature will not be tolerated. It also promotes a transparent and open environment for fraud reporting within the Group.

Policy	Description
Anti-fraud Policy	<ul style="list-style-type: none"> – Defines fraud and fraudulent activities. – To limit the opportunity for fraud by increasing the prevention, detection and prosecution of fraudulent activities.
Whistle-blowing Policy	<ul style="list-style-type: none"> – Guides employees in communicating instances of illegal or immoral conduct to the appropriate parties and protects against victimisation and discrimination. – Provides proper investigation on all allegations or reports from within and outside of the Group.

Supplier Code of Conduct

- The Board expects all Media Prima's suppliers to observe high ethical business standards of honesty and integrity and to apply these values to all aspects of their business and professional practices.
- A Supplier Code of Conduct is established in which the Group's minimum expectations on the suppliers vis-à-vis legal compliance and ethical business practices are stipulated.
- The Code applies to all suppliers, vendors, contractors and any other persons doing business with Media Prima and its subsidiary companies.

ICT Strategy Blueprint

- The Board acknowledges the importance of leveraging on Information Technology (IT) to promote effectiveness and efficiency of business operations.

Statement on Risk Management and Internal Control

- Reliance of key business operations to IT has been augmented with the following initiatives during the year:

Initiative	Purpose
Implementation of WAN Accelerator and Load Balance Appliance for Mission Critical Servers	– To enhance the scalability and availability of mission critical application servers.

The Board has received assurance from the Group Managing Director and Chief Financial Officer that the Group's risk management and internal controls system are operating adequately and effectively in all material aspects, based on the risk management and internal controls system of the Group.

The Board is satisfied that the risk management and internal controls system are operating adequately and effectively. Based on the assessment of the Group's risk management and internal controls system for the year under review and up to date of approval of this statement, no significant control failures or weaknesses that would result in material loss, contingency or uncertainty requiring disclosure in the Group's annual report were noted.

Where exceptions were noted, they were not material in the context of this report and corrective actions have been taken. This statement, prepared for inclusion in the Annual Report of the Company for the year ended 31 December 2012 has been reviewed by the Audit Committee prior to their recommendation to the Board for approval.

This statement is made on the recommendation of the Audit Committee to the Board of Directors and as per the Board's resolution dated 20 February 2013.

D. ASSOCIATED COMPANY

The state of risk management and internal control of Malaysian Newsprint Industries Sdn Bhd (MNI), an associated company of Media Prima Berhad is excluded from this statement. However, two Senior Managements from Media Prima Berhad namely Encik Mohamad Ariff Ibrahim and Encik Mohammad Azlan Abdullah are appointed to MNI's Board, attend its Board meetings and review the key financial information of the Company. These directors report to the Media Prima Berhad Board in the event that the Company does not appropriately manage significant risks.

E. REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

This Statement on Risk Management and Internal Control has been reviewed by the External Auditors as required by Paragraph 15.23 of the Main Market Listing Requirement of Bursa Malaysia Securities Berhad for the inclusion in the annual report of Media Prima Berhad for the year ended 31 December 2012.

Their review was performed in accordance with Recommended Practice Guide (RPG) 5 issued by the Malaysian Institute of Accountants. RPG 5 does not require the External Auditors to form an opinion on the adequacy and effectiveness of the risk management and internal controls system.

The External Auditors have reported to the Board that nothing has come to their attention that causes them to believe that the statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of risk management and internal controls system of the Group.

D. INTERNAL AUDIT FUNCTION

The Group has an established in-house Internal Audit function carried out by the Group Corporate Governance Department (GCG).

GCG headed by the Group General Manager, Encik Sere Mohammad Mohd Kasim reports to the Audit Committee. The activities of GCG are guided by the Internal Audit Charter that defines the roles, responsibilities, accountability and scope of work of the Department. This is to enable the Internal Audit function to remain relevant in the context of new challenges and opportunities in the changing global business and economic environment.

GCG has a total of 14 staff as at 31 December 2012. There were 2 new recruits for the year. The total operation costs of the department for 2012 was RM1,402,635 (2011: RM840,170) comprising of mainly salaries, travelling expenses and training.

GCG, through a systematic and structured approach is responsible for the following:

- i. Provide independent assurance to the Board and Management that adequate and effective internal controls system is in place to safeguard Company's assets;
- ii. Recommend improvements and enhancements to the existing system of internal control and work procedures/processes; and
- iii. Reference point to ensure effective implementation of policies and procedures and agent of change to promote best corporate governance practices.

The scope of coverage encompasses all units and operations of the Group, including the subsidiaries. The selection of units to be audited is premised on a risk based approach and it is the responsibility of GCG to provide the Audit Committee with an independent and objective report on the state of affairs of the risk management, internal control and governance processes.

During the year, the GCG has completed and issued internal audit reports for 14 assignments based on the approved annual audit plan. The audit conducted in 2012 covered wide range of operational areas within the Group which include review on Business Continuity Management, Content Acquisition (Television Networks), Ground Event (Television Networks and NSTP), Primeworks Studios for Film & Drama and Entertainment & Chinese Production, Editorial and Advertisement of NSTP, Big Tree Outdoors (Projects), Advertising & Promotion of Radio Networks, Management Claims and Expenses, Annual Assessment 2012 and NSTP Annual Stock Take 2012. The corresponding reports of the audits performed were presented to the Audit Committee and forwarded to the Management for attention and corrective actions.

The Management is responsible for ensuring that corrective actions on reported weaknesses as recommended are taken within the required timeframe. GCG continuously monitors the implementation of audit recommendations through periodic follow-up reviews.

GCG also works closely with External Auditors to resolve any control issues and assists in ensuring that appropriate management actions are taken. Management is responsible for ensuring that a written report on action planned or completed is sent to the Audit Committee and the Group General Manager, GCG.

During the year under review, the following activities were also carried out by GCG:

- Carried out investigation audit and ad-hoc assignments as instructed by the Audit Committee and Senior Management;
- Attended major competition based programmes organised by the Group's Television Networks and Print Media such as Anugerah Juara Lagu, Anugerah Bintang Popular BH, NST Spell It Right Challenge, Mentor and Versus to provide independent verification and confirmation of the competitions results and/or SMS votes;

Member	Attendance
Dato' Fateh Iskandar bin Tan Sri Dato' Mohamed Mansor <i>Chairman</i>	3/4
Tan Sri Dato' Seri Mohamed Jawhar	3/4
Dato' Gumuri Hussain	4/4
Datuk Ahmad Abd Talib, JP	4/4

During the year, the Group continued to enhance and evaluate the risk management framework for efficacy and coherence. Some of the risk management ongoing activities and/or initiatives include:

• Awareness Sessions

Awareness sessions serve as a refresher course and interactive session on certain standard operating policies and procedures to the primary users. These sessions are conducted by Group Risk Management Department in collaboration with identified stakeholders to introduce new operating policies and procedures and to reiterate relevant guidelines for the benefit of staff. These awareness sessions also serves as a platform for staff to clarify any uncertainty in regards to the Group's operating policies and procedures.

• Communication Sessions

In order to ensure a better understanding of the risk management framework and control procedures, and smooth implementation of new policies and procedures, the Risk Management team continuously holds presentations to educate and update the Group's staff accordingly. Control Risk Assessment Sessions (CRSA) are conducted with risk owners to identify and explain the objectives and processes involved in risk identification. During the year, Group Risk Management had conducted numerous sessions with senior management on risk management and to obtain feedback on areas affecting the risk criteria of the respective subsidiaries.

• Group Risk Management Web Portal

Group Risk Management Department strives for efficient communications with all other units within MPB. A web portal consisting of information such as Policies and Procedures and other information pertaining to risk are accessible to all employees through this portal. It acts as a reference point and interactive platform to welcome feedback on all relevant areas in regards to risk management. During the year, the following policies were issued and uploaded on the Group Risk Management web portal:

- Public Service Announcements and Advertorial Policy; and
- Guidelines on Usage of Engineering Equipment.

• Business Continuity Plan

Business Continuity Planning aims to minimise the impact of disruptions during a disaster while maximising resources available to resume normal operations. The Board recognises that it is crucial to ensure business continuity in case of significant disruption or disaster. The Business Continuity Plan (BCP) for the Group is being continuously reviewed to reflect changes in risk profiles and organisational structure. This Plan focuses on the sudden inability for the Group to provide services to its stakeholders due to the loss of physical assets, broadcasting and printing capability. In this respect, the Group has formulated a comprehensive plan that covers all actions to be taken before, during and after a disaster, with the following objectives:

- Minimise disruption of services to all levels of clients and stakeholders;
- Minimise financial loss;
- Ensure a timely (and prioritised) resumption of business operations in the event of disaster or disruption;
- Provide particular emphasis on information services and computer operations, given the integral relation between Information and Communications Technology and all parts of key operations;
- Ensure a safe and secure working environment and provide other assistance to help staff cope with the disruption and their individual workloads; and
- Provide adequate communications internally and externally in the event of disaster or disruption to operations.

During the year, the following initiatives were carried out in regards to business continuity and disaster recovery:

1. A consultant has been commissioned to enhance MPB's business continuity plan solution formulation for critical processes.
2. Management Information Services (MIS) had conducted a disaster recovery simulation for all key IT systems to ensure the disaster recovery plan for each of the systems are accurate and viable.
3. Radio Networks had constructed a playout system at a 'warm site' to effectively recover in the event of a disaster at radio conty locations.
4. The Business Continuity Plan for MPB is continuously updated to reflect the changes of the business within the Group.

• Occupational Safety and Health Policy

The Group has in place an Occupational Safety and Health (OSH) Policy and one of its subsidiaries, Sistem Televisyen Malaysia Berhad (TV3) had in 2006 successfully obtained the Occupational Health and Safety Assessment Series certification (OHSAS 18001:1999) awarded by Bureau Veritas Certification for establishing, implementing and maintaining a safe, healthy and conducive workplace related to broadcasting activities. MPB has established a dedicated OSH team to assist in the development of safety and health rules and are also involved in ensuring compliance to health and safety regulations at MPB's ground events. MPB is currently updating and revising the OSH system manual to incorporate the latest changes as required for the OHSAS18001:2007 certification.

This statement is made on the recommendation of the Risk Management Committee to the Board of Directors and as per the Board's resolution dated 20 February 2013.

Other than as disclosed above, according to the Register of Directors' shareholdings, none of the other Directors in office at the end of the financial year held any interest in shares and options over ordinary shares in the Company and its related corporations during the financial year.

STATUTORY INFORMATION ON THE FINANCIAL STATEMENTS

Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the Directors took reasonable steps:

- (a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and
- (b) to ensure that any current assets, other than debts, which were unlikely to realise in the ordinary course of business their values as shown in the accounting records of the Group and of the Company had been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- (a) which would render the amounts written off for bad debts or the amount of the allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; or
- (b) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; or
- (c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may affect the ability of the Group or of the Company to meet their obligations when they fall due.

At the date of this report, there does not exist:

- (a) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liability of any other person; or
- (b) any contingent liability of the Group or of the Company which has arisen since the end of the financial year.

At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements misleading.

In the opinion of the Directors:

- (a) the results of the Group's and of the Company's operations during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature except as disclosed in the financial statements; and
- (b) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group or of the Company for the financial year in which this report is made.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

Unless otherwise stated, the following accounting policies have been applied consistently in dealing with items that are considered material in relation to the financial statements.

A BASIS OF PREPARATION

The financial statements of the Group and the Company have been prepared in accordance with the provisions of the Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards and the requirement of Companies Act 1965 in Malaysia.

The financial statements of the Group and the Company for the financial year ended 31 December 2012 are the first set of financial statements prepared in accordance with the MFRS, including MFRS 1 'First-time adoption of MFRS'. Subject to certain transition elections and adjustments disclosed in Note 46, the Group and the Company have consistently applied the same accounting policies in its opening MFRS statement of financial position at 1 January 2011 (transition date) and throughout all years presented, as if these policies had always been in effect. Comparative figures for 2011 in these financial statements have been restated to give effect to these changes. A summary of the impact of the transition to MFRS on the Group and Company's financial statements are disclosed in Note 46.

Subsequent to the transition of the financial statements to MFRS on 1 January 2012, the comparative information has not been re-audited under MFRS. The comparative statements of comprehensive income, statements of financial position, statements of changes in equity, statements of cash flows and its related notes to the financial statements have been previously audited under the previous financial reporting framework, Financial Reporting Standards in Malaysia.

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, and financial assets and financial liabilities (including derivative instruments, if any) at fair value through profit or loss.

The financial statements are presented in Ringgit Malaysia (RM) and all values are rounded to the nearest thousand (RM'000) except when otherwise indicated.

The preparation of financial statements in conformity with MFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported financial year. It also requires Directors to exercise their judgement in the process of applying the Group's and the Company's accounting policies. Although these estimates and judgement are based on the Directors' best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the Group's and Company's financial statements, are disclosed in Note AB.

The financial statements have been approved for issuance in accordance with a resolution of the Board of Directors on 20 February 2013.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

A BASIS OF PREPARATION (CONTINUED)

- (ii) Financial year beginning on/after 1 January 2014

No	Malaysian Financial Reporting Standards	Effective dates
1	Amendments to MFRS 132 "Financial Instruments: Presentation"	1 January 2014

A BASIS OF PREPARATION (CONTINUED)

- (c) Standards, amendments to published standards and interpretations to existing standards that are applicable to the group but not yet effective (continued)

(iii) Financial year beginning on/after 1 January 2015

No	Malaysian Financial Reporting Standards	Effective dates
1	MFRS 9 "Financial instruments – classification and measurement of financial assets and financial liabilities"	1 January 2015

The impact of the new accounting standards, amendments and improvements to published standards and interpretations on the financial statements of the Group and Company is not expected to be material.

- (d) Standards, amendments to published standards and interpretations to existing standards that are not yet effective and not relevant to the Group

No	Malaysian Financial Reporting Standards/IC Interpretations	Effective dates
1	Amendments to MFRS 119 "Employee benefits"	1 January 2013
2	MFRS 11 "Joint arrangements"	1 January 2013
3	IC Interpretation 20 "Stripping costs in the production phase of a surface mine"	1 January 2013

B BASIS OF CONSOLIDATION

- (a) Subsidiaries

Subsidiaries are all those entities (including special purpose entities) over which the Group has power to govern the financial and operating policies, generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are consolidated from the date on which control is transferred to the Group and are de-consolidated from the date that control ceases.

The Group applies the acquisition method to account for business combinations. The consideration transferred for acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquire and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the gain is recognised in profit or loss. Refer to accounting policy Note C on goodwill.

Non-controlling interest is the equity in a subsidiary not attributable, directly or indirectly, to a parent. On an acquisition-by-acquisition basis, the Group measures any non-controlling interest in the acquiree at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. At the end of reporting period, non-controlling interest consists of amount calculated on the date of combinations and its share of changes in the subsidiary's equity since the date of combination.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

B BASIS OF CONSOLIDATION (CONTINUED)

(a) Subsidiaries (continued)

All earnings and losses of the subsidiary are attributed to the parent and the non-controlling interest, even if the attribution of losses to the non-controlling interest results in a debit balance in the shareholders' equity. Profit or loss attribution to non-controlling interests for prior years is not restated.

The Group applies predecessor accounting to account for business combinations under common control. Under the predecessor accounting assets and liabilities acquired are not restated to their respective fair values but at the carrying amounts from the consolidated financial statements of the ultimate holding company of the Group and adjusted to ensure uniform accounting policies of the Group. The difference between any consideration given and the aggregate carrying amounts of the assets and liabilities (as of the date of the transaction) of the acquired entity is recorded as an adjustment to retained earnings. No additional goodwill is recognised.

Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated. This may indicate an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

The gain or loss on disposal of a subsidiary is the difference between net disposal proceeds and the Group's share of its net assets as of the date of disposal including the cumulative amount of any exchange differences that relate to the subsidiary is recognised in profit or loss attributable to the parent.

(b) Associates

Associates are those corporations, partnerships or other entities in which the Group exercises significant influence, but which it does not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Significant influence is the power to participate in the financial and operating policy decisions of the associates but not the power to exercise control over those policies.

Investments in associates are accounted for using the equity method of accounting and are initially recognised at cost. The Group's investment in associates includes goodwill identified on acquisition, net of any accumulated impairment losses.

The Group's share of its associates' post-acquisition profits or losses is recognised in the profit or loss, and its share of post-acquisition movements in reserves is recognised in other comprehensive income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. If the Group's share of losses of an associate equals or exceeds its interest in the associate, the Group discontinues recognising its share of further losses. The interest in an associate is the carrying amount of the investment in the associate under the equity method together with any long-term interests that, in substance, form part of the Group's net investment in the associate. After the Group's interest is reduced to zero, additional losses are provided for, and a liability is recognised, only to the extent that the investor has incurred legal or constructive obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates and unrealised losses are also eliminated unless the transaction provides evidence of impairment of the asset transferred.

B BASIS OF CONSOLIDATION (CONTINUED)

(b) Associates (continued)

Where necessary, in applying the equity method, adjustments are made to the financial statements of associates to ensure consistency of accounting policies with those of the Group.

Dilution gains and losses in associates are recognised in the profit or loss.

For incremental interest in an associate, the date of acquisition is the purchase date at each stage and goodwill is calculated at each purchase date based on the fair value of assets and liabilities identified. There is no "step up to fair value" of net assets previously acquired and the share of profits and equity movements for the previously acquired stake is recorded directly through equity.

(c) Transactions with non-controlling interest

The Group applies a policy of treating transactions with non-controlling interests as transactions with equity owners to the Group. For purchases from non-controlling interests, the difference between any consideration paid and the relevant share of the carrying value of net assets of the subsidiary acquired is deducted from equity. For disposals to non-controlling interests, differences between any proceeds received and the relevant share of non-controlling interests are also recognised in equity.

(d) Changes in ownership interests

When the Group ceases to have control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value is its fair value on initial recognition as a financial asset in accordance with FRS 139. Any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities.

C GOODWILL

Goodwill represents the excess of the cost of an acquisition over the fair value of the Group's share of the net identifiable assets of the acquired subsidiary at the date of acquisition. Goodwill on acquisitions of subsidiaries is included in 'Intangible Assets'.

Goodwill is tested annually for impairment and carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of the business combination in which the goodwill arose identified according to the operating segment. See accounting policy Note I on impairment of non-financial assets.

Goodwill in respect of acquisitions prior to 2006 were written off to reserves.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

D RESEARCH AND DEVELOPMENT

Research and development costs are charged to the profit or loss in the financial year in which they are incurred. Development costs previously recognised as an expense are not recognised as an asset in the subsequent financial year. Capitalised development costs are recorded as an intangible asset and amortised from the point at which the asset is ready for use on a straight-line basis over its useful life not exceeding five years.

E INVESTMENTS IN SUBSIDIARIES AND ASSOCIATES

In the Company's separate financial statements, investments in subsidiaries and associates are stated at cost less accumulated impairment losses. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. See accounting policy Note I on impairment of non-financial assets.

On disposal of an investment, the difference between the net disposal proceeds and its carrying amount is charged/credited to the profit or loss.

F PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance costs are charged to the profit or loss during the financial year in which they are incurred.

Freehold land is not depreciated as it has an infinite life. Depreciation on assets under construction commences when the assets are ready for their intended use.

Depreciation on the other property, plant and equipment is calculated so as to write off the cost or valuation of the assets to their residual values on a straight line basis over the expected useful lives of the assets, summarised as follows:

Buildings	20 – 50 years
Plant and machinery	4 – 25 years
Broadcasting and transmission equipment	10 years
Production equipment	5 – 10 years
Office equipment, furniture and fittings	3 – 10 years
Office renovations	3 – 10 years
Motor vehicles	5 years
Leasehold improvements	3 – 15 years
Structures	5 – 10 years

F PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

Leasehold land is amortised over the remaining period of the respective leases ranging from 40 and 96 years.

Residual values and useful lives of assets are reviewed, and adjusted if appropriate, at each financial position date.

At each financial position date, the Group assesses whether there is any indication of impairment. If such indications exist, an analysis is performed to assess whether the carrying amount of the asset is fully recoverable. A write down is made if the carrying amount exceeds the recoverable amount. See accounting policy Note I on impairment of non-financial assets.

Gains and losses on disposals are determined by comparing proceeds with carrying amounts and are included in the profit or loss.

G INVESTMENT PROPERTIES

Investment properties comprise principally land and buildings held for long term rental yields or for capital appreciation or both, and are not occupied by the Group.

Investment properties are stated at cost less accumulated depreciation and accumulated impairment losses. Investment property is depreciated on the straight line basis to allocate the cost to their residual values over their estimated useful lives.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Freehold land is not depreciated as it has an infinite life.

Depreciation on the other investment properties is calculated so as to write off the cost of the assets to their residual values on a straight line basis over the expected useful lives of 20 to 99 years.

On disposal of an investment property, or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal, it shall be derecognised. The difference between the net disposal proceeds and the carrying amount is recognised in the profit or loss in the financial year of the retirement or disposal.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

H INTANGIBLE ASSETS

(a) Programmes and film rights

Programmes and film rights are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

The programmes and film rights are recognised after they are contracted for, after receipt of materials and after approvals are obtained from the censorship authority. Cost comprises contracted cost and direct expenditure. Amortisation is calculated so as to write off the relevant portion of the cost of programmes and film rights which fairly represents its relevant attached rights, to match against recognised revenue from these programmes and film rights.

The amortisation rates are as follows:

	%
(i) Programs	
<u>Purchases with full rights/limited rights (2 runs or more)</u>	
<i>Features</i>	
Upon first transmission*	60
Upon second transmission*	40
<i>Series</i>	
Upon first transmission	100
<u>Purchases with limited rights (1 run) and in-house programmes</u>	
Upon first transmission*	100
(ii) Film rights	
<u>Production movies</u>	
Upon theatrical release	70
Upon second year from theatrical release	20
Upon third year from theatrical release	10
<u>Distribution movies</u>	
Upon theatrical release	70
Upon sales transaction	30

H INTANGIBLE ASSETS (CONTINUED)

(a) Programmes and film rights (continued)

*Where the material is in High Definition ("HD") format, the additional cost of acquisition or production associated with HD quality is not amortised until such time when such material can be transmitted or sold to broadcasters that transmits in HD quality.

Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. See accounting policy Note I on impairment of non-financial assets.

(b) Acquired concession rights and outdoor advertising rights

Acquired concession rights and outdoor advertising rights that have a finite useful life are carried at cost less accumulated amortisation and impairment losses. Amortisation is calculated using the straight-line method to allocate the cost of concession rights and outdoor advertising rights over their respective concession lives. Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. See accounting policy Note I on impairment of non-financial assets.

Acquired concession rights and outdoor advertising rights that have an indefinite useful life are assessed for any indication of impairment on an annual basis or where an indication of impairment exist. A write-down is made if the carrying amount exceeds the recoverable amount. See accounting policy Note I on impairment of non-financial assets.

(c) Acquired publishing rights and contracts

Acquired publishing rights and contracts that have a finite useful life are carried at cost less accumulated amortisation and impairment losses. Amortisation is calculated using the straight-line method to allocate the cost of publishing rights and contracts over their respective tenure up to the expiry of such rights and/or contracts. Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. See accounting policy Note I on impairment of non-financial assets.

Acquired publishing rights and contracts that have an indefinite useful life are assessed for any indication of impairment on an annual basis or where an indication of impairment exist. A write-down is made if the carrying amount exceeds the recoverable amount. See accounting policy Note I on impairment of non-financial assets.

I IMPAIRMENT OF NON-FINANCIAL ASSETS

Assets that have an indefinite useful life, for example, goodwill or intangible assets, are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value-in-use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

J NON-CURRENT ASSETS HELD FOR SALE

Non-current assets are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. They are stated at the lower of carrying amount and fair value less costs to sell if their carrying amount is to be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

K TRADE RECEIVABLES

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Non-current trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less accumulated impairment losses which are determinable based on accounting policy at Note AA(v) on impairment of financial assets.

Advanced billings are billings made to customers in advance of display rental, advertisement production works or events. Advanced billings collected are disclosed in the financial statements as deferred income. Advanced billings not collected are excluded from trade receivables until revenue is recognised.

L INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Net realisable value is the estimate of the selling price in the ordinary course of business, less costs of completion and applicable variable selling expenses.

Cost comprises direct labour, materials, sub-contract costs and related expenditure and is determined on a weighted average basis.

- (i) Consumable spares and raw materials for newspaper printing

Consumable spares comprise spare parts for broadcasting and transmission equipment and are expensed upon utilisation. Raw materials for newspaper printing are also expensed on usage.

- (ii) Albums

Albums comprise mainly costs of production and related production overheads and are expensed when sold.

M CASH AND CASH EQUIVALENTS

For the purpose of the cash flow statements, cash and cash equivalents comprise cash on hand, bank balances, demand deposits and short term highly liquid investments with original maturities of three months or less and less bank overdrafts. Bank overdrafts are included within borrowings, classified as current liabilities.

N LEASES

(i) Finance leases

Leases of property, plant and equipment where the Group assumes substantially all the benefits and risks of ownership are classified as finance leases.

Finance leases are capitalised at the inception of the lease at the lower of the fair value of the leased asset and the present value of the minimum lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant periodic rate of interest on the balance outstanding. The corresponding rental obligations, net of finance charges, are included in payables. The interest element of the finance lease is charged to the statement of comprehensive income over the lease period, so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Property, plant and equipment acquired under finance leases are depreciated over the estimated useful lives of the assets, in accordance with the annual rates stated in Note F above. Where there is no reasonable certainty that the ownership will be transferred to the Group, the asset is depreciated over the shorter of the lease term and its estimated useful life.

(ii) Operating leases

Leases of assets where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the profit or loss on a straight line basis over the period of the lease.

(iii) Prepaid lease rentals

Prepaid lease rentals for transmission stations are charged to the profit or loss on a straight line basis over the respective period of the leases, ranging between 31 and 36 years.

O CURRENT AND DEFERRED INCOME TAX

The tax expense for the period comprises current and deferred tax. Tax is recognised in the net profit for the financial year except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the statement of financial position date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction occurring, it affects neither accounting nor taxable profit nor loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the statement of financial position date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

O CURRENT AND DEFERRED INCOME TAX (CONTINUED)

Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Deferred income tax assets (including tax benefit from reinvestment allowances) are recognised only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, unused tax losses or unused tax credits can be utilised.

P EMPLOYEE BENEFITS

(i) Short-term employee benefits

The Group recognises a liability and an expense for bonuses based on a formula that takes into consideration the net profit/(loss) for the financial year after certain adjustments. The Group recognises a provision where there is a contractual obligation or where there is a past practice that has created a constructive obligation.

Wages, salaries, sick leave, paid annual leave, bonuses and non-monetary employee benefits are accrued in the financial year in which the associated services are rendered by employees of the Group.

(ii) Post-employment benefits – defined contribution plans

A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to the employee service in the current and prior periods.

The Group's contributions to defined contribution plans, including the national defined contribution plan, the Employees' Provident Fund ("EPF"), are charged to the profit or loss in the financial year to which they relate. Once the contributions have been paid, the Group has no further payment obligations. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(iii) Termination benefits

Termination benefits are payable whenever an employee's employment is terminated before the normal retirement date or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to either terminate the employment of current employees according to a detailed formal plan without the possibility of withdrawal or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Benefits which are due more than 12 months after the financial position date are discounted to present value.

P EMPLOYEE BENEFITS (CONTINUED)

(iv) Share-based compensation

The Group operates an equity-settled, share-based compensation plan for its employees i.e. Employee Share Options Scheme ("ESOS").

The fair value of the employee services received in exchange for the grant of the share options is recognised as an expense in the profit or loss as staff cost over the vesting period, with a corresponding increase in equity.

The total amount to be expensed over the vesting period is determined by reference to the fair value of the share options granted:

- including any market performance conditions;
- excluding the impact of any service and non-market performance vesting conditions (for example, profitability, sales growth targets and the remaining employee of the entity over a specified time period); and
- excluding the impact of any non-vesting conditions (for example, the requirement for employees to save).

Non-market vesting conditions are included in the assumptions about the number of options that are expected to vest. At each balance financial position, the Group revises its estimates of the number of share options that are expected to vest. It recognises the impact of the revision of original estimates, if any, in the profit or loss, with a corresponding adjustment to equity.

When the options are exercised, the Company issues new shares. The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium when the options are exercised. When options are not exercised and lapsed, the share option reserve is transferred to retained earnings.

Recharges made by the Company in respect of options granted to subsidiaries are accounted for as amounts receivable from subsidiaries.

Q TRADE PAYABLES

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Non-current trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

R PROVISIONS

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount can be made. Where the Group expects a provision to be reimbursed, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

S CONTINGENT LIABILITIES AND CONTINGENT ASSETS

The Group and Company do not recognise a contingent liability but disclose its existence in the financial statements. A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence and non-occurrence of one or more uncertain future events beyond the control of the Group and Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in the extremely rare circumstance where there is a liability that cannot be recognised because it cannot be measured reliably.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group and Company. The Group and Company do not recognise contingent assets but disclose their existence where inflows of economic benefits are probable, but not virtually certain.

T SHARE CAPITAL

Ordinary shares are classified as equity.

Incremental external costs directly attributable to the issuance of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's financial statements in the period in which the dividends are approved by the Company's shareholders. However, in the case of interim dividends, it is recognised as liability upon approval by the Board of Directors of the Company.

U DEBT INSTRUMENTS

Debt instruments are recognised initially at fair value, net of transaction costs incurred with any difference between the initial fair value and proceeds (net of transaction costs) being charged to profit or loss at initial recognition. In subsequent periods, debt instruments are stated at amortised cost using the effective interest method with the difference between the initial fair value and the redemption value is recognised in the profit or loss over the period of the debt instruments.

V WARRANTS RESERVE

Proceeds from the issuance of warrants, net of issuance costs, are credited to warrants reserve which is non-distributable. Warrants reserve are transferred to the share premium reserve upon the exercise of warrants. Warrants reserve in relation to unexercised warrants at the expiry of the warrants period is transferred to retained earnings.

W BORROWINGS

Borrowings are recognised initially at fair value, net of transaction costs incurred with any difference between the initial fair value and proceeds (net of transaction costs) being charged to profit or loss at initial recognition. In subsequent periods, borrowings are stated at amortised cost using the effective interest method with the difference between the initial fair value and the redemption value is recognised in the profit or loss over the period of the borrowings.

Interest, dividends, losses and gains relating to a financial instrument, or a component part, classified as a liability is reported within finance cost in the profit or loss.

W BORROWINGS (CONTINUED)

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the financial position date.

Borrowing costs incurred to finance the construction of property, plant and equipment are capitalised as part of the cost of the asset during the period of time that is required to complete and prepare the asset for its intended use. All other borrowing costs are expensed.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

X INCOME RECOGNITION

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue is shown net of estimated returns, discounts, commissions, rebates and taxes and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities. The amount of revenue is not considered to be reliably measurable until all contingencies relating to the sale have been resolved. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Dividend income is recognised when the right to receive payment is established.

Revenue of the Company from the provision of procurement services to subsidiaries is recognised on an accrual basis.

Revenue of the subsidiaries is recognised upon the delivery of products and customer acceptance or performance of services, or upon telecast or publishing of advertisements, net of discounts, returns, sales commissions and sales rebates, if any. Revenue from display rental income, advertisement production works and events are recognised in accordance with the terms of the sales contract which is principally over the period of the contract, on an accrual basis. Accordingly, all amounts received in advance are disclosed in the financial statements as deferred income.

Interest income of the Group and Company is recognised on an accrual basis based on the prevailing interest rates for deposits at financial institutions.

Rental income is recognised on an accrual basis.

Y FOREIGN CURRENCIES

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The financial statements are presented in Ringgit Malaysia, which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the net profit for the financial year, except when deferred in other comprehensive income as qualifying cash flow hedges and qualifying net investment hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the profit or loss within 'finance income or cost'.

(c) Group companies

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each financial position date presented are translated at the closing rate at the date;
- income and expenses for each statement of comprehensive income are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and
- all resulting exchange differences are recognised as a separate component of other comprehensive income.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations are taken to other comprehensive income. When a foreign operation is partially disposed of or sold, exchange differences that were recorded in equity are recognised in the profit or loss as part of the gain or loss on sale.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and are translated at the closing rate.

Z SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the senior management and the Board of Directors that makes strategic decisions.

AA FINANCIAL ASSETS

(i) Classification

The Group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables, and available-for-sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

(a) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the near term. Derivatives are also categorised as held for trading unless they are designated as hedges. The assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current.

(b) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period. These are classified as non-current assets.

(c) Held-to-maturity financial assets

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Group's management has the positive intention and ability to hold to maturity. If the Group were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the end of the reporting period, which are classified as current assets.

(d) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the end of the reporting period.

(ii) Recognition and initial measurement

Regular purchases and sales of financial assets are recognised on the trade-date, the date on which the Group commits to purchase or sell the asset.

Financial assets are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or losses are initially recognised at fair value, and transaction costs are expensed in profit or loss.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

AA FINANCIAL ASSETS (CONTINUED)

(iii) Subsequent measurement – gains and losses

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables and held-to-maturity financial assets are subsequently carried at amortised cost using the effective interest method.

Changes in the fair values of financial assets at fair value through profit or loss, including the effects of currency translation, interest and dividend income are recognised in the profit or loss in the period in which the changes arise.

Changes in the fair value of available-for-sale financial assets are recognised in other comprehensive income, except for interest, dividend income and impairment losses (see accounting policy Note AA(v)) and foreign exchange gains and losses on monetary assets. The exchange differences on monetary assets are recognised in net profit for the financial year, whereas exchange differences on non-monetary assets are recognised in other comprehensive income as part of fair value change.

Interest and dividend income on available-for-sale financial assets are recognised separately in the profit or loss. Interest on available-for-sale debt securities calculated using the effective interest method is recognised in net profit for the financial year. Dividends income on available-for-sale equity instruments are recognised in net profit for the financial year when the Group's right to receive a payment is established.

(iv) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(v) Subsequent measurement – impairment of financial assets

(a) Assets carried at amortised cost

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

AA FINANCIAL ASSETS (CONTINUED)

(v) Subsequent measurement – impairment of financial assets (continued)

(a) Assets carried at amortised cost (continued)

The criteria that the Group uses to determine that there is objective evidence of an impairment loss include:

- significant financial difficulty of the issuer or obligor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- the group, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider;
- it becomes probable that the borrower will enter bankruptcy or other financial reorganisation;
- the disappearance of an active market for that financial asset because of financial difficulties; or
- observable data indicating that there is a measurable decrease in the estimated future cash flows from a portfolio of financial assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial assets in the portfolio, including:
 - (i) adverse changes in the payment status of borrowers in the portfolio; and
 - (ii) national or local economic conditions that correlate with defaults on the assets in the portfolio.

The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the net profit for the financial year. If a loan or held-to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Group may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the profit or loss.

When an asset is uncollectible, it is written off against the related allowance account. Such assets are written off after all the necessary procedures have been completed and the amount of the loss has been determined.

Summary of Significant Accounting Policies

for the financial year ended 31 December 2012

AA FINANCIAL ASSETS (CONTINUED)

(v) Subsequent measurement – impairment of financial assets (continued)

(b) Assets classified as available-for-sale

The Group assesses at the end of the reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired.

For debt securities, the Group uses criteria and measurement of impairment loss applicable for 'assets carried at amortised cost' above. If, in a subsequent period, the fair value of a debt instrument classified as available-for-sale increases and the increase can be objectively related to an event occurring after the impairment loss was recognised in net profit for the financial year, the impairment loss is reversed through the profit or loss.

In the case of equity securities classified as available-for-sale, in addition to the criteria for 'assets carried at amortised cost' above, a significant or prolonged decline in the fair value of the security below its cost is also considered as an indicator that the assets are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative losses that had been recognised directly in equity is removed from equity and recognised in net profit for the financial year. The amount of cumulative losses that is reclassified to net profit for the financial year is the difference between the acquisition cost and the current fair value, less any impairment losses on that financial asset previously recognised in net profit for the financial year. Impairment losses recognised in net profit for the financial year on equity instruments classified as available-for-sale are not reversed through profit or loss.

(vi) De-recognition

Financial assets are de-recognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

When available-for-sale financial assets are sold, the accumulated fair value adjustments recognised in other comprehensive income are reclassified to net profit for the financial year.

AB CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information content of the estimates, certain key variables that are anticipated to have a material impact to the Group's results and financial position are tested for sensitivity to changes in the underlying parameters. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are outlined below:

(i) Assessment of impairment of non-financial assets (excluding goodwill)

The Group assesses impairment of the non-financial assets (excluding goodwill) whenever the events or changes in circumstances indicate that the carrying amount may not be recoverable (i.e. the carrying amount is more than the recoverable amount).

AB CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

(a) Critical accounting estimates and assumptions (continued)

(i) Assessment of impairment of non-financial assets (excluding goodwill) (continued)

Recoverable amount is measured at the higher of the fair value less cost to sell for that asset and its value-in-use ('VIU'). The VIU is the net present value of the projected future cash flows derived from the cash generating units discounted at an appropriate discount rate. Projected future cash flows are estimates made based on historical, sector and industry trends, general market and economic conditions, changes in technology and other available information.

Projected future cash flows are based on Group's judgement in terms of assessing future uncertain parameters such as estimated revenue growth, operating costs, margins, future inflationary figures, appropriate discount rates and other available information. These judgements are based on the historical track record and expectations of future events that are believed to be reasonable under the current circumstances.

(ii) Contingent liabilities

The Group has several material pending legal cases which are disclosed in Note 43 to the financial statements. The Directors, based on legal advice, have taken certain positions as to whether there will be any future liabilities arising from these legal proceedings.

(iii) Deferred tax assets

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. This involves judgements regarding the future financial performance of the particular entity in which the deferred tax asset has been recognised.

(iv) Estimation of income taxes

Income taxes are estimated based on the rules governed under the Income Tax Act, 1967. Significant judgement is required in determining the capital allowances and deductibility of certain expenses during the estimation of the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business.

Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the financial year in which such determination is made.

(b) Critical judgements in applying the Group's accounting policies

There are no critical judgements made in applying the Group's accounting policies.

3 SEGMENT INFORMATION

Management has determined the operating segments based on the reports reviewed by the senior management and the Board of Directors (chief operating decision-maker) that are used to make strategic decisions.

The chief operating decision-maker considers the business primarily from a product perspective as the activities of the Group is predominantly domestic based.

The reportable operating segments derive their revenue primarily from commercial television and radio broadcasting, media advertising, sale of program rights, provision of outdoor advertising space and related production works and publishing and sale of newspapers.

Other services include on-line media and advertisement, talent management and music recording. The results of these operations are included in the 'corporate and others' column.

The chief operating decision-maker assesses the performance of the operating segments, before its respective tax charged or tax credits, based on a measure of Earnings Before Interest, Taxation, Depreciation and Amortisation ("EBITDA"). This measurement basis excludes the effects of non-recurring expenditure from the operating segments such as writeback or provision for impairment of assets, and when items are a result of isolated, non-recurring events. The measure also excludes the effects of equity-settled share-based payments and unrealised gains/losses on financial instruments and excludes depreciation and amortisation of property, plant and equipment given that these are sunk cost in nature. Since the chief operating decision-maker reviews EBITDA, the share of associates' profits and the results of discontinued operations are not included in the measure of EBITDA.

The chief operating decision-maker assesses the assets and liabilities of the operations on a Group basis whereby the TV network, Radio Network, Outdoor Media and Print Media makes up individual segments. Within each segment, the nature of products and services offered are similar i.e. either in television or radio broadcasting for the free-to-air (FTA), market outdoor print or media print works. Within each segment, a significant portion of the assets and operations are based on shared resources basis i.e. centralised Group treasury, procurement, corporate finance, engineering, information system and other support services. Consequently, no segmental analysis is done.

9 EARNINGS PER SHARE

(a) Basic earnings per share

The basic earnings per share is calculated by dividing the net profit for the financial year from continuing operations, net losses from subsidiary held for sale and net profit for the financial year by the weighted average number of ordinary shares in issue during the financial year.

		Group	
		2012	2011 Restated
Net profit from continuing operations attributable to owners of the Parent	(RM'000)	208,978	204,333
Net gain from subsidiaries held for sale attributable to owners of the Parent	(RM'000)	334	2,252
Net profit for the financial year attributable to owners of the Parent	(RM'000)	209,312	206,585
Weighted average number of ordinary shares in issue	('000)	1,076,324	1,049,540
Basic earnings per share for:			
Net profit from continuing operations attributable to owners of the Parent	(Sen)	19.42	19.47
Net gain from subsidiaries held for sale attributable to owners of the Parent	(Sen)	0.03	0.21
Net profit for the financial year attributable to owners of the Parent	(Sen)	19.45	19.68

(b) Diluted earnings per share

For the diluted earnings per share calculation, the weighted average number of ordinary shares in issue is adjusted to assume conversion of all dilutive potential ordinary shares.

In respect of share options granted to employees or warrants, a calculation is done to determine the number of shares that could have been acquired at fair value (determined as the annual average share price of the Company's shares) based on the monetary value of the subscription rights attached to outstanding share options or warrants. The number of shares calculated is compared with the number of shares that would have been issued assuming the exercise of the share options or warrants. The difference is added to the denominator as an issue of ordinary shares for no consideration. This calculation serves to determine the "bonus" element to the ordinary shares outstanding for the purpose of computing the dilution. No adjustment is made to net profit for the financial year for the share options and warrants calculation.

The premium arising from the exercise of ESOS of RM5,574,249 (2011: RM65,774,033) has been credited to the Share Premium reserve.

The new ordinary shares issued during the financial year ranked pari passu in all respects with the existing ordinary shares of the Company.

12 SHARE-BASED PAYMENTS

Employees' Share Option Scheme ("ESOS")

On 15 April 2010, the Company's shareholders has approved an ESOS which became effective on 14 May 2010 for a period of five (5) years, set to expire in 13 May 2015 ("2010 MPB ESOS").

The main features of the 2010 MPB ESOS are:

- (i) The total number of ordinary shares to be issued by the Company under the ESOS as approved by the Securities Commission shall not exceed ten per centum (10%) of the total issued and paid-up share capital of the Company at any one time during the existence of the ESOS.
- (ii) The options granted may be exercised at any time within the option period whilst the Grantee is employed by a corporation in the Group.

12 SHARE-BASED PAYMENTS (CONTINUED)

- (iii) The exercise price is at a discount of 10% from the weighted average market price of the shares for the five (5) market days immediately preceding the respective dates of offer of the options or the par value of the shares of the Company of RM1.00, whichever is higher.
- (iv) Options granted under the ESOS carry no dividend or voting rights. Upon exercise of the options, shares issued rank pari passu in all respects with the existing ordinary shares of the Company.
- (v) The persons to whom the options have been granted have no right to participate by virtue of the options in any share issue of any other company.

Set out below are details of options over ordinary shares of the Company granted under the ESOS:

15 RETAINED EARNINGS/(ACCUMULATED LOSSES)

Under the single-tier tax system which comes into effect from the year of assessment 2008, companies are not required to have tax credits under Section 108 of the Income Tax Act, 1967 for dividend payment purposes. Dividends paid under this system are tax exempt in the hands of shareholders.

Companies with Section 108 credits as at 31 December 2012 may continue to pay franked dividends until the Section 108 credits are exhausted or 31 December 2013, whichever is earlier, unless they opt to disregard the Section 108 credits to pay single-tier dividends under the special transitional provisions of the Finance Act, 2007.

The Company has no tax credit under Section 108 of the Income Tax Act, 1967 to frank the payment of net dividends out of its retained earnings as at 31 December 2012. Consequently, the Company can only pay single tier dividends out of its retained earnings as at 31 December 2012.

During the financial year, the Company undertook a 7-year Commercial Paper Medium Term Notes ("CPMTN") programme of up to RM500.0 million in nominal value.

The CPMTN Programme was constituted by a Trust Deed and a Programme Agreement, both dated 13 December 2012. As at 31 December 2012, the Group has issued MTNs in the nominal value of RM300.0 million.

The principal terms of the CPMTN are as follows:

- Issuance of CP and/or MTN of up to an aggregate limit of RM500.0 million in nominal value. The tenure of the CP/MTN Programme shall be up to seven (7) years from the date of the first issue;
- The CP will be issued on a zero coupon basis. In respect of coupon bearing MTN, the coupon rate is to be determined prior to the issue date of each issue;
- The CPMTN Programme shall have an availability period of up to seven (7) years from the date of first issuance of CP or MTN under the CPMTN Programme;
- The proceeds of the CPMTN Programme shall be utilised for investments, capital expenditure, working capital requirements and/or general corporate purposes of the Group. The capital expenditure of the Group will include, among others, investment in new media platforms and investment in connection with digital television broadcasting; and
- The interest on the MTN of RM300.0 million is 4.38% per annum, payable semi-annually in arrears, calculated on the basis of the actual number of days of 365 days with the last payment of interest to be made on the maturity date of the MTN. The tenure of the MTN of RM300.0 million is 5 years from the date of issue of 28 December 2012.

On 23 March 2010, the Company issued RM150,000,000 nominal 5-year, 4.95% coupon rate, 6.5% yield to maturity, RFRB with RM50,000,000 detachable warrants (Note 17). The RFRB is constituted by a Subscription Agreement dated 23 February 2010.

The fair value of the liability component, included in non-current borrowings, was calculated using a market interest rate for an equivalent bond with no warrants attached. The residual amount, representing the value of the equity conversion option, is included in shareholders' equity in other reserves representing fair value of the warrants (Note 17).

The principal terms of the RFRB are as follows:

- The coupon on the RFRB will accrue at 4.95% per annum based on the face value and shall be payable semi-annually in arrears, calculated on the basis of the actual number of days elapsed in a year;
- The tenure of the RFRB is five (5) years from the date of issue; and
- The bonds shall be redeemed at nominal value on the 5th anniversary of issuance date in cash which will be settled through the Real Time Electronic Transfer of Funds and Securities (RENTAS) system of Bank Negara Malaysia.

17 WARRANTS

Pursuant to the acquisition of The New Straits Times Press (Malaysia) Berhad ("NSTP") in 2009, warrants of the Company were offered for free as part of the purchase consideration to acquire the remaining NSTP ordinary shares not owned by the Company ("Consideration Warrant"). The Company had also issued Bonus Warrants to existing shareholders of the Company ("Bonus Warrant"). The Consideration and Bonus Warrants were constituted by a Deed Poll dated 17 December 2009.

The principal terms of the Consideration and Bonus Warrants (collectively known as "warrants") are as follows:

- The exercise price of the warrants is fixed at RM1.80 per warrant;
- The warrants may be exercised at any time on or before the maturity date, 31 December 2014, falling five (5) years from the date of issue of the first (1st) tranche of warrants which was on 31 December 2009. Unexercised warrants after the exercise period will thereafter lapse and cease to be valid;
- The warrants will rank pari passu without any preference or priority among themselves including in an event of liquidation; and
- The warrants are listed on Bursa Malaysia.

In 2010, the Company issued 50,000,000 warrants to investors as part of the issuance of RFRB (Note 16(iii)). The principal terms of the newly issued warrants are as disclosed above.

As at 31 December 2012, the Company had issued 48,240,412 warrants (2011: 48,240,412 warrants, 1.1.2011: 48,420,412).

21 HIRE-PURCHASE AND LEASE CREDITORS (CONTINUED)

Finance lease liabilities are effectively secured as the rights to the leased assets revert to the lessors in the event of default. The finance lease liabilities contain covenants which require a subsidiary to maintain minimum debt service ratio.

As at 31 December 2012, the weighted average effective interest rate applicable to the lease liabilities as at the financial year end is 3.98% (2011: 3.98%) per annum and interest for the financial year is fixed at 3.70% (2011: 3.70%) per annum for the Group. The entire balance is denominated in Ringgit Malaysia.

Credit terms of trade payables range from no credit to 90 days (2011: 90 days, 1.1.2011: 90 days).

Advanced billings represent rental charges in advance based on the relevant rental contract and advance payments received from customers on contract that have yet to be completed.

23 DEFERRED TAXATION

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same tax authority. The following amounts, determined after appropriate offsetting, are shown in the statement of financial position:

	Group

Deferred tax assets not recognised at 25%	57,935	54,910	47,940	7,471	5,708	2,305

The deductible temporary differences and unused tax losses are available indefinitely for offset against future taxable profits of the Group and Company, subject to agreement with the Inland Revenue Board. These tax benefits will only be obtained if the Group and Company derive future assessable income of a nature and amount sufficient for the tax benefits to be utilised. Deferred tax assets have not been recognised in respect of the tax losses and deductible temporary differences of certain entities within the Group as these entities have a history of losses or are dormant.

Intangible assets with indefinite useful lives are tested for impairment on an annual basis. Included in intangible assets are acquired rights which have indefinite useful lives, totalling RM200.4 million (2011: RM200.4 million; 1.1.2011: RM200.4 million). These assets are deemed to have indefinite useful lives as they are renewable with minimum cost to the Group and there is no foreseeable limit to the period over which the assets are expected to generate net cash inflows for the Group. Based on the test performed as described below, the Directors concluded that the recoverable amount, calculated based on value-in-use, is higher than the carrying amount.

Impairment tests for intangible assets with indefinite useful life

The carrying amounts of intangible assets allocated to the Group's cash-generating units ("CGUs") are as follows:

	Group		
	2012 RM'000	2011 RM'000	1.1.2011 RM'000
NSTP Group	161,012	161,012	161,012

Others	4,321	4,321	4,321
	328,628	328,628	328,628

No impairment loss was required for the carrying amounts of the intangible assets above assessed as at 31 December 2012 as their recoverable amounts were in excess of their carrying amounts.

29 INTANGIBLE ASSETS (CONTINUED)

The recoverable amounts of the CGUs are determined based on value-in-use calculations. Cash flows are derived based on the approved budgeted cash flows for 2013 and projections for a period of four (4) years, based on external data. The projections reflect management's expectation of revenue growth, operating costs and margins for the cash-generating unit based on current assessment of market share, expectations of market growth and industry growth.

The key assumptions used for the value-in-use calculations are as follows:

	NSTP Group %	BTO Group %	Kurnia Group %	One FM %
2012				
Average revenue growth	3.0	5.6	5.6	5.6
Pre-tax discount rate	10.55	12.23	12.23	12.23
Terminal growth rate	0.0	2.5	2.5	2.5

2011				
Average revenue growth	5.0	7.65	7.65	7.65
Pre-tax discount rate	11.55	12.88	12.88	12.88
Terminal growth rate	0.0	2.5	2.5	2.5

1.1.2011

Pre-tax discount rate	12.0	16.0	16.0	16.0
Terminal growth rate	0.0	2.5	2.5	2.5

- (i) A terminal growth rate of 0.0% to 2.5% (2011: 0.0% to 2.5%; 1.1.2011: 0.0% to 2.5%) is applied in the VIU calculation. The average revenue growth rate and terminal growth rate reflects long term growth forecast.
- (ii) The growth in overhead costs are determined based on past performance and expected inflationary factors and is consistent with previous years.
- (iii) Contribution margins and EBITDA margins are projected based on the industry trends, together with the trends observed within the Group.
- (iv) Maintenance costs and taxes at 25% is incorporated in the cash flows.

The Group's review includes an impact assessment of changes in key assumptions. Based on the sensitivity analysis performed, the Directors concluded that no reasonable change in the base case assumptions would cause the carrying amounts of the CGUs to exceed their recoverable amounts.

All receivables are mostly due within 12 months from the end of the reporting period.

The fair values of trade and other receivables approximates the carrying value.

As of 31 December 2012, trade receivables that were past due but not impaired are as disclosed below. These relate to a number of independent customers for whom there is no recent history of default. The ageing analysis of these trade receivables is as follows:

	Group		
	2012 RM'000	2011 RM'000	1.1.2011 RM'000
Ageing 3 to 6 months	86,191	71,633	70,438

43 CONTINGENT LIABILITIES

(a) Material litigation

The Group is a defendant in 70 (2011: 75) legal suits with contingent liabilities amounting to approximately RM519.1 million (2011: RM450.0 million, 1.1.2011: RM889.5 million). Of the 70 (2011: 75) legal suits, 61 (2011: 68) suits are for alleged defamation (of which 46 (2011: 53) are against NSTP), 4 (2011: 4) are for alleged copyright and 5 (2011: 3) are for alleged breaches of contracts.

In so far as the suits for the alleged copyright and breaches of contract are concerned, the Directors have been advised and are of the considered view that most are unsustainable against the Group.

Notes to the Financial Statements

for the financial year ended 31 December 2012

43 CONTINGENT LIABILITIES (CONTINUED)

(a) Material litigation (continued)

In relation to the defamation suits against the Group, these have emanated exclusively from its extensive reporting of news and events. As the purveyor of news and information, the Group faces the threat of legal suits on a daily and an ongoing basis. The law does not restrict anyone from filing a suit against another regardless of motive, objective and amount. Even practising the highest standard of reporting and journalism will not avoid the risk of legal suits for the simple reason that people will sue if they perceive that they have been wronged. Hence, having regard to the array of legal defences available to a media company, simply having a legal suit filed against it does not necessarily nor automatically translate into a liability for the Group, whether contingent or otherwise. Furthermore, it is noted that regardless of amount claimed, the current trend of award for defamation suits once liability is determined by the Courts is between RM50,000 to RM300,000 (2011: RM50,000 to RM300,000).

In addition, for the defamation suits against NSTP, it already has in place insurance coverage against damages, if any, awarded against it.

Based on the above and after taking appropriate legal advice, no provision has been made in the financial statements of the Group as at 31 December 2012 as the Directors are of the opinion that most of the claims have no sustainable merit. The Directors do not therefore expect the outcome of the legal suits against the Group to have a material impact on the financial position of the Group.

44 FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks, including:

(a) Market risks

- (i) foreign currency exchange risk – risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates
- (ii) fair value interest rate risk – risk that the value of a financial instrument will fluctuate due to changes in market interest rates
- (iii) cash flow interest rate risk – risk that future cash flows associated with a financial instrument will fluctuate. In the case of a floating rate debt instrument, such fluctuations result in a change in the effective interest rate of the financial instrument, usually without a corresponding change in its fair value
- (iv) price risk – risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all instrument traded in the market

- (b) credit risk – risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss

- (c) liquidity risk (funding risk) – risk that an entity will encounter difficulty in raising funds to meet commitments associated with financial instruments

The Group's overall financial risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group. Financial risk management is carried out through risk reviews, internal control systems, insurance programmes and adherence to the Group's financial risk management policies. The Board regularly reviews these risks and approves the treasury policies, which covers the management of these risks.

44 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Market risks (continued)

(i) Foreign exchange risk

The Group operates nationally but some of its cost is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the US Dollar. The main costs with such exposure are programme rights and newsprint.

The Group monitors the foreign currency market closely to ensure optimal levels of inventories are purchased when prices are favourable to mitigate purchase requirement when prices are unfavourable.

The Group has an investment in foreign operation, whose net assets is exposed to foreign currency translation risk. Currency exposure arising from the net assets of the group's foreign operation is not significant to the Group's financial position.

If the Ringgit Malaysia ("RM") had weakened or strengthened by 10% and 20% against the foreign currencies for which the financial instruments are denominated in, with all other variables remain unchanged, post tax profit for the year would have been higher or lower by the following amounts:

Foreign currency	Foreign currency denominated financial instruments			Impact of changes in exchange rate to profit and loss (net of tax)

44 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Market risks (continued)

(ii) Price risk

The Group is exposed to equity securities price risk because of investments held by the Group classified on the consolidated statement of financial position as available-for-sale and fair value through profit and loss. The Group is not exposed to commodity price risk. No financial instruments or derivatives have been employed to hedge this risk as the risk is deemed to be insignificant.

(iii) Cash flow and fair value interest rate risk

The Group's interest rate risk arises from long-term borrowings and debt instruments. Borrowings issued at variable rates expose the Group to cash flow interest rate risk which is partially offset by cash held at variable rates. Borrowings issued at fixed rates expose the Group to fair value interest rate risk. The Group policy is to maintain appropriate level of borrowings in fixed rate instruments to ensure that some level of predictability in cash flows are preserved while ensuring that the Group maintains its cost of debt and gearing ratio at healthy levels within the limits of any covenants. During 2012 and 2011, the Group's borrowings at fixed rate were denominated in RM.

The Group analyses its interest rate exposure on a dynamic basis. Various scenarios are simulated taking into consideration refinancing, renewal of existing positions and alternative financing. Based on these scenarios, the Group calculates the impact on profit and loss of a defined interest rate shift. For each simulation, the same interest rate shift is used for all currencies. The scenarios are run only for liabilities that represent the major interest-bearing positions.

Based on frequent simulations performed, for which the Group assesses its interest rates risk exposure to be within tolerable limits, the impact on post tax profit of interest rates shift would be as disclosed below:

(b) Credit risk

Credit risk arises when sales are made on deferred credit terms. The Group seeks to invest cash assets safely and profitably. It also seeks to control credit risk by setting counterparty limits and ensuring that sales of products and services are made to customers with an appropriate credit history. The Group considers the risk of material loss in the event of non-performance by a financial counterparty to be unlikely.

The Group has no significant concentration of credit risk except that the majority of its deposits are placed with major financial institutions in Malaysia.

The Group trades with a large number of customers who are nationally and internationally dispersed but within the commercial television, radio broadcasting, outdoor advertising, content production/provision and publishing/print industry. Due to these factors, the Group believes that no additional credit risk beyond amounts allowed for collection losses is inherent in the Group's trade receivables.

Credit risk is managed on a group basis, except for credit risk relating to accounts receivable balances. Each entity is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions, as well as credit exposures on outstanding receivables and committed transactions. For banks and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted. Customer's credit quality is assessed, taking into account its financial position, past experience and other factors if no external credit ratings available for the customers. Individual risk limits are set based on internal or external ratings. The utilisation of credit limits is regularly monitored.

The Group does not expect any losses from non-performance by these counterparties.

44 FINANCIAL RISK MANAGEMENT (CONTINUED)

(c) Liquidity risk

Cash flow forecasting is performed in the operating entities of the Group and aggregated by Group Treasury. Group Treasury monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable external regulatory or legal requirements – for example, currency restrictions.

Surplus cash held by the operating entities over and above balance required for working capital management are transferred to the Group Treasury. Group Treasury invests surplus cash in interest bearing current accounts, time deposits, money market deposits and marketable securities, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient headroom as determined by the above-mentioned forecasts. The Group Treasury also considers the impact of discharging borrowings within the Group by relocating cash between subsidiaries whereby new borrowings are entered into whilst available cash is used to settle existing loans in a manner that reduces the Group's finance cost.

The table below analyses the Group's and Company's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the statements of financial position date to the contractual maturity date. As the amounts included in the table are contractual undiscounted cash flows, these amount will not reconcile to the amounts disclosed on the statement of financial position for borrowings debt instruments and trade and other payables.

Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as debt divided by total equity. Net debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the consolidated statement of financial position). Total equity is calculated as 'equity' as shown in the consolidated statement of financial position.

During 2012, the Group's strategy, which was unchanged from 2011, was to maintain the gearing ratio within the limits allowed by covenants and an AAA (bg) credit rating.

44 FINANCIAL RISK MANAGEMENT (CONTINUED)

Capital risk management (continued)

The AAA (bg) credit rating has been maintained throughout 2011 and 2012. The gearing ratios at 31 December 2012, 2011 and 1.1.2011 were as follows:

	2012 RM'000	2011 RM'000	1.1.2011 RM'000

Gearing ratio	0.44	0.35	0.42
---------------	------	------	------

The increase in the gearing ratio during 2012 was partly due to the drawdown of CPMTN during the financial year (Note 16).

45 FAIR VALUE

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the assets or liability that are not based on observable market data (unobservable inputs).

46 TRANSITION FROM FRS TO MFRS

- (a) The general principle that should be applied on first time adoption of MFRS is that accounting standards in force at the first annual reporting date, that is 31 December 2012 for the Group, should be applied retrospectively. However, MFRS 1 contains a number of mandatory exceptions which first time adopters are to apply and a number of exemption options that first time adopters are permitted to apply. The MFRS 1 mandatory exceptions had no significant impact to the Group and Company as the bases adopted are consistent with MFRS.
- (b) MFRS 1 exemption options
- (i) Exemption for business combinations

MFRS 1 provides the option to apply MFRS 3 'Business combinations' prospectively for business combinations that occurred from the transition date or from a designated date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date or a designated date prior to the transition date. The Group elected to apply MFRS 3 prospectively to business combinations that occurred after 1 January 2011. Business combinations that occurred prior to 1 January 2011 have not been restated. In addition, the Group has also applied MFRS 127 'Consolidated and separate financial statements' from the same date.

46 TRANSITION FROM FRS TO MFRS (CONTINUED)

(b) MFRS 1 exemption options (continued)

(ii) Exemption for fair value as deemed cost – property, plant & equipment and investment property

In accordance with the exemptions in MFRS 1, the Group elected to measure certain property, plant and equipment at fair value as at transition date as their deemed cost as at that date. The aggregate fair value and adjustments to the carrying amount reported under MFRS at transition date are as follows:

Group	Aggregate fair value RM'000	Aggregate adjustments to the carrying amount reported under MFRS RM'000
Property, plant and equipment	536,965	25,219
Investment properties	60,324	9,374
Investment in an associates*	–	(23,882)

* Fair value adjustments in respect of the associates' property, plant and equipment were reported in the associates retained earnings on the date of transition and the Group had on that date accounted for its share of the adjustment via its retained earnings accordingly.

(c) Reassessment of accounting policy

- (i) The Group and Company have also reassessed its accounting policy on reinvestment allowance. Previously, tax benefit from reinvestment allowance is recognised when the tax credit is utilised and no deferred tax asset is recognised when the tax credit is receivable. The revised accounting policy requires tax benefits from reinvestment allowance to be recognised to the extent that it is probable that future taxable profit will be available against which the unused tax credits can be utilised. The impact of the reassessment is an increase in deferred tax asset of RM100.7 million. The change has been accounted for in accordance with MFRS 108 "Accounting Policies, Changes in Accounting Estimates and Errors".
- (ii) An associate of the Group had also reassessed the capitalisation policy of property, plant and equipment and adjusted foreign exchange losses and deferred expenditure that were previously capitalised into certain of its property, plant and equipment. The related differences were adjusted to the associate's retained earnings and the Group had on that date accounted for its share of the differences via its retained earnings accordingly.

(d) Reclassification

In adopting the new MFRS framework, the Group had also reclassified the merger reserves balance of RM26.3 million and foreign exchange reserve balance of RM0.003 million to retained earnings. Comparatives have been restated to conform with current year presentation.

Statement by Directors

Pursuant to Section 169(15) of the Companies Act, 1965

We, Datuk Johan Jaaffar and Dato' Amrin Awaluddin, two of the Directors of Media Prima Berhad, do hereby state that, in the opinion of the Directors, the financial statements set out on pages 145 to 250 are drawn up so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 December 2012 and of the results and cash flows of the Group and of the Company for the financial year ended on that date in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and comply with the provisions of the Companies Act, 1965.

The supplementary information set out in Note 47 to the financial statements have been compiled in accordance with the Guidance on Special Matter No. 1, *Determination of Realised and Unrealised Profits or Losses in the Context of Disclosures Pursuant to Bursa Malaysia Securities Berhad Listing Requirements*, issued by the Malaysian Institute of Accountants.

Signed on behalf of the Board of Directors in accordance with their resolution dated 20 February 2013.

DATUK JOHAN JAAFFAR
CHAIRMAN

DATO' AMRIN AWALUDDIN
GROUP MANAGING DIRECTOR

Statutory Declaration

Pursuant to Section 169(16) of the Companies Act, 1965

I, Mohamad Ariff bin Ibrahim, the Officer primarily responsible for the financial management of Media Prima Berhad, do solemnly and sincerely declare that the financial statements set out on pages 145 to 250 are, in my opinion, correct and I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of the Statutory Declarations Act, 1960.

MOHAMAD ARIFF BIN IBRAHIM
GROUP CHIEF FINANCIAL OFFICER

Subscribed and solemnly declared by the above named Mohamad Ariff bin Ibrahim, at Petaling Jaya, Malaysia on 20 February 2013, before me.

COMMISSIONER FOR OATHS

Independent Auditors' Report

to the Members of Media Prima Berhad (Incorporated in Malaysia) (Company No: 532975 A)

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of Media Prima Berhad on pages 145 to 250 which comprise the statements of financial position as at 31 December 2012 of the Group and of the Company, and the statements of comprehensive income, changes in equity and cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on Notes 1 to 46.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the Companies Act, 1965, and for such internal control as the directors determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the Companies Act, 1965 so as to give a true and fair view of the financial position of the Group and of the Company as of 31 December 2012 and of their financial performance and cash flows for the financial year then ended.

Independent Auditors' Report

to the Members of Media Prima Berhad (Incorporated in Malaysia) (Company No: 532975 A)

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.
- (b) We have considered the financial statements and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 26 to the financial statements.
- (c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- (d) The audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

OTHER REPORTING RESPONSIBILITIES

The supplementary information set out in Note 47 on page 251 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

OTHER MATTERS

1. As stated in the Basis of Preparation to the financial statements, Media Prima Berhad adopted Malaysian Financial Reporting Standards on 1 January 2012 with a transition date of 1 January 2011. These standards were applied retrospectively by directors to the comparative information in these financial statements, including the statements of financial position as at 31 December 2011 and 1 January 2011, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year ended 31 December 2011 and related disclosures. We were not engaged to report on the restated comparative information and it is unaudited. Our responsibilities as part of our audit of the financial statements of the Group and of the Company for the financial year ended 31 December 2012 have, in these circumstances, included obtaining sufficient appropriate audit evidence that the opening balances as at 1 January 2012 do not contain misstatements that materially affect the financial position as of 31 December 2012 and financial performance and cash flows for the financial year then ended.
2. This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

(Resolution 5)
5. To re-appoint Messrs PricewaterhouseCoopers as Auditors of the Company and to authorise the Directors to determine their remuneration.
(Resolution 6)

6. AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following Ordinary Resolutions and Special Resolution with or without modifications:-

Ordinary Resolutions

(A) Redesignation and retention of Independent Director

"THAT pursuant to Recommendation 3.3 of the Malaysian Code On Corporate Governance 2012, Tan Sri Lee Lam Thye who has served the Board as an Independent Non-Executive Director of the Company for a term of nine years since 18 August 2003 be and is hereby redesignated and retained as an Independent Non-Executive Director of the Company."
(Resolution 7)

(B) Proposed Renewal of Share Buy-Back Authority

"THAT, subject to the provisions of the Companies Act, 1965, the Articles of Association of the Company, Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements and the approvals of all relevant government and/or regulatory authorities, the Company be and is hereby authorised to purchase such number of ordinary shares of RM1.00 each of the Company ("Proposed Share Buy-back") as may be determined by the Directors of the Company from time to time through Bursa Securities upon such terms and conditions as the Directors may deem fit in the interest of the Company provided that the aggregate number of Shares to be purchased pursuant to this resolution does not exceed ten per cent (10%) of the total issued and paid-up share capital for the time being of the Company and an amount not exceeding the Company's retained profits and/or share premium of the Company be allocated by the Company for the Proposed Share Buy-Back;

THAT at the discretion of the Directors, upon such purchase by the Company of its own shares, the purchased shares will be cancelled and/or retained as treasury shares and subsequently be cancelled, distributed as dividends or resold on Bursa Securities;

THAT the directors be and are hereby empowered to do all acts and things and to enter into and execute all commitments, transactions, deeds, agreements, arrangements, undertakings, indemnities, transfers, assignments and/or guarantees as the Directors may deem fit and expedient in order to implement, finalise and give full effect to the Proposed Share Buy-Back with

full powers to assent to any conditions, modifications, revaluations, variations and/or amendments as may be required or imposed by any relevant authorities and/or any amendments, variations and/or modifications in the interest of the Company as may be approved by any relevant authorities if such approvals are required;

AND THAT the authority hereby given shall commence immediately upon the passing of this resolution and shall continue in force until:-

- (i) the conclusion of the next Annual General Meeting ("AGM") of the Company at which time it will lapse, unless the authority is renewed by an ordinary resolution passed at that meeting, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first but not so as to prejudice the completion of the purchase of its own shares by the Company before the aforesaid expiry date and, in any event, in accordance with the provisions of Bursa Securities Main Market Listing Requirements or any other relevant authorities."

(Resolution 8)

Special Resolution

(C) Proposed Amendments to the Articles of Association of the Company

"THAT the proposed amendments to the existing Articles of Association of the Company as set out in Part B of the Statement to Shareholders dated 1 April 2013 be and are hereby approved and adopted.

AND THAT the Directors be and are hereby authorised to assent to any modifications, variations and/or amendments as may be required by the relevant authorities and to do all acts and things and take all such steps as may be considered necessary to give full effect to the Proposed Amendments to the Articles of Association of the Company."

(Resolution 9)

7. To transact any other business of which due notice shall have been given in accordance with the Companies Act 1965 and the Company's Articles of Association.

FURTHER NOTICE IS HEREBY GIVEN THAT for the purpose of determining a member who shall be entitled to attend at this 12th AGM, the Company shall be requesting Bursa Malaysia Depository Sdn Bhd, in accordance with Article 62 of the Company's Articles of Association and Section 34(1) of the Securities Industry (Central Depositories) Act 1991, to issue a General Meeting Record of Depositors as at 16 April 2013. Only a depositor whose name appears on the Record of Depositors as at 16 April 2013 shall be entitled to attend the said meeting or appoint proxies to attend and/or vote on his/her behalf.

NOTICE OF DIVIDEND ENTITLEMENT AND PAYMENT

NOTICE IS ALSO HEREBY GIVEN that a final single tier dividend of 7.0 sen per ordinary share for the financial year ended 31 December 2012, if approved by the shareholders at the Twelfth (12th) Annual General Meeting, will be paid on 28 June 2013 to Depositors whose names appear in the Record of Depositors at the close of business on 7 June 2013.

A Depositor shall qualify for entitlement to the dividend only in respect of:-

- a. shares transferred into the Depositor's Securities Account before 4.00 p.m. on 7 June 2013 in respect of transfers;
- b. shares deposited into the Depositor's Securities Account before 12.30 p.m. on 5 June 2013 in respect of shares exempted from mandatory deposit; and
- c. shares bought on Bursa Securities on a cum entitlement basis according to the Rules of Bursa Securities.

4. Explanatory Notes on Special Business:

a. Ordinary Resolution 7 – Redesignation and retention of Tan Sri Lee Lam Thye as Independent Non-Executive Director of the Company pursuant to Recommendation 3.3 of the Malaysian Code on Corporate Governance 2012

The Nomination Committee has assessed the independence of Tan Sri Lee Lam Thye, who has served as an Independent Non-Executive Director of the Company for a term of nine years, and recommended him to continue to act as an Independent Non-Executive Director of the Company on the following justifications:

- i. He fulfills the criteria stated under the definition of Independent Director as defined in the Listing Requirements of Bursa Malaysia Securities Berhad and he is able to provide proper checks and balances thus bring an element of objectivity to the Board of Directors.
- ii. Tan Sri Lee Lam Thye has vast experience in a diverse range of businesses and has an unerringly acute understanding of the socio-economic infrastructure of the nation. He currently serves as the Chairman of the National Institute of Occupational Safety & Health under the Ministry of Human resource. He is also the Chairman of the SP Setia Foundation and Vice Chairman of the Malaysia Crime Prevention Foundation. Previously he served as a Member of the Special Royal Commission, set up to enhance the operations and Management of the Royal Malaysian Police. He was also Chairman of the National Service Training Council and a former Member of the Malaysian Human Rights Commission. Before retiring from politics in 1990, Tan Sri Lee Lam Thye served as the State Legislative Assemblyman for Bukit Nenas, Selangor from 1969 to 1974 and from 1974 to 1990 as the Member of Parliament for Bandar Kuala Lumpur/Bukit Bintang.

YBhg Tan Sri Lee Lam Thye is a highly regarded social activist in the country with experience in broad areas of social services and community welfare. Based on this and his vast networking throughout the years, Tan Sri has been able to provide constructive opinions and exercise independent judgment and has the ability to act in the best interest of the Company.
- iii. He has always actively participated in Board and Board Committees discussions and has continuously provided an independent view to the Board.
- iv. He has the calibre, qualifications, experiences and personal qualities to consistently challenge management in an effective and constructive manner.
