NOTES:-

1. Notes on Appointment of Proxy

- (a) A member (other than an Authorised Nominee as defined under the Securities Industry (Central Depositories Act 1991) entitled to attend and vote at the Meeting is entitled to appoint a maximum of two Proxies to attend and vote on his (her) behalf. A proxy may but need not be a member of the Company and the provisions of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company.
- (b) Where a member appoints two (2) Proxies, the appointment shall be invalid unless he (she) specifies the proportions of his (her) holdings to be represented by each Proxy.
- (c) The Proxy Form shall be signed by the appointor of his (her) attorney duly authorized in writing or, if the member is a corporation, must be executed under its common seal or by its duly authorized attorney or officer.
- (d) The instrument appointing a Proxy must be deposited at the registered office at Level 18, The Gardens North Tower, Mid Valley City, Lingkaran Syed Putra, 59200 Kuala Lumpur, not less than 48 hours before the time for the meeting or at any adjournment thereof.

EXPLANATORY NOTES:-

- (i) Item 1 of Agenda – This item is meant for discussion only as the provision of Section 169(1) of the Companies Act, 1965 does not require a formal approval of the shareholders for the Audited Financial Statements. Hence, this Agenda is not put forward for voting.
- (ii) Resolution 6 – Authority to Issue Shares
The Proposed Resolution 6 is proposed for the purpose of granting a renewed general mandate ("General Mandate") and empowering the Directors to issue shares in the Company up to an amount not exceeding in total ten per centum (10%) of the Issued Share Capital of the Company for such purposes as the Directors consider would be in the interest of the Company.
The General Mandate will provide flexibility to the Company for allotment of shares for any possible fund raising activities, including but not limited to further placing of shares, for the purpose of funding future investments(s), acquisition(s) and/or working capital.
As at the date of this notice, the Company did not allot and issue any shares pursuant to the mandate granted to the Directors at the Sixth Annual General Meeting held on 25 February, 2010 as there were no requirement for such funding raising activities.
The mandate will commence from the date of this Annual General Meeting and, unless revoked or varied by the Company at a general meeting, will expire at the next annual general meeting.
- (iii) Resolution 7 – Proposed Share Buy-Back
Shareholders are advised to refer to the Statement to Shareholders dated 31 January, 2011 circulated together with the 2010 Annual Report, when considering Resolution 7.
- (iv) Resolution 8 – Proposed Amendments to the Articles of Association of the Company
The Proposed Resolution 8, if passed, will authorize the Company to amend its Articles of Association. The Proposed Amendments are made for the purpose of allowing the payment of cash dividends via eDividends as well as to facilitate some administrative issues. Please refer to Appendix I on pages 93 to 94 of the 2010 Annual Report for full details of the Proposed Amendments.

CHAIRMAN'S AND CEO'S STATEMENT

DEAR SHAREHOLDERS,

On behalf of the Board of Directors of BSL Corporation Berhad, we present this year's Annual Report and Financial Statements for the financial year ended 31 August 2010.

FINANCIAL REVIEW

For the financial year under review, the Group turnover increased by RM23.8 million or 17.1% to RM163.7 million compared to RM139.8 million in the previous year.

The Group achieved better operational results this financial year, recording a profit before tax for the financial year ended 31 August 2010 of RM9.2 million, compared to the loss before tax of RM1.2 million reported in the previous financial year. The favourable profit figure was mainly attributed to the improved performances of all the Companies due to better market condition.

This overall satisfactory performance of the Group had resulted in an earning per share of 8.5 sen from a loss of 1.7 sen in financial year 2009.

OPERATIONAL REVIEW

The stamping division continued its improvement in revenue by recording an increased of 9.25% compared to year 2009. This was largely driven by the improved sales of components for LCD TVs, followed by the audio/video and agriculture sectors. However, margins for operating profit deteriorated due to increased competitions, rising raw material prices and cost incurred from relocation of manufacturing facilities to a bigger plant in Rawang. The stamping division invested approximately RM7 million for additional machines in order to increase capacity and for the production of back covers for LCD TVs. We continued to seek improvements and to stabilise our operations at the new factory.

The PCB assembly division saw a much-improved revenue in FYE 2010. Revenue increased by 36% compared to FYE2009. Crestronics enjoyed better demand from clients involved in audio and from a new client in the LCD TV business. The improved revenue, aided by further operational rationalisation helped the PCBA division to reduced her losses substantially from RM4.86 million in 2009 to RM116,829 in 2010.

CHAIRMAN'S AND CEO'S STATEMENT (CONT'D)

Similarly, the forging division also reported improvement in revenue of 22% in 2010 compared to 2009. Profit after tax improved from a loss of RM1.98 million to a profit of RM421,301. The improvement in revenue was in tandem with better demand from clients post financial crisis of 2009. Furthermore, this division carried out much improvement activities, concentrating especially in the efficiency of manpower and machines utilisation.

Not surprisingly, the automotive division reported the biggest improvement in financial results in 2010. This was attributed to the recovery of the automotive sector in Malaysia. This division was able to continuously secure products from the numerous new models launched by car assembly companies in 2010.

Our associate company in China involved in seamless pipes/tubes production recovered well in 2010. Even though this division was still not profitable, it recovered in the second half of the year to record a lower loss of RM463,221 in 2010. We expect the Company to be profitable for the year 2011.

In 2010 the Group made significant progress in operational improvement and in revenue. Both activities contributed to a much better turnover and reversed previous year's loss to a profit in 2010. We also began negotiation with one of our audio client to begin full assembly of audio product. This project is expected to contribute in the new financial year 2011 and will help propel the group to become an Electronic Manufacturing Service (EMS) provider. The Group will rely on her combined strength especially in metal stamping and PCB assembly to provide the competitive edge as an EMS company.

CORPORATE DEVELOPMENTS

In September 2010, Ban Seng Lee Industries Sdn Bhd (wholly-owned subsidiary) acquired a piece of freehold industrial land in Rawang, Selangor for Group future expansion in the assembly and metal stamping.

DIVIDEND

The Board do not recommend any dividend payment in respect of the financial year ended 31 August 2010.

CORPORATE GOVERNANCE

The Board appointed an independent accounting firm to carry out orderly and timely third party internal audit review on the Group's operations and internal procedures. Thus far four internal audit reports have been issued and the Group has implemented the recommendations arising from these internal audit reports.

The Board remains resolute that the Group will continues to improve on the Group's best practices and adhere to the recommendations of the Malaysian Code on Corporate Governance.

The level of compliance is set out in our Statement of Corporate Governance in pages 15 to 23.

CURRENT YEAR OUTLOOK

Economic conditions and external demand improved in 2010. The recovery in global economy will provide a further impetus for growth in 2011. In view of the above, consumer confidence is likely to be sustained in 2011.

However, 2011 economic conditions will remain challenging with the escalating raw material prices and the strengthening of Ringgit Malaysia against US Dollars in which export sales are mainly denominated. Our clients which are export oriented Multi National Companies (MNC) will not favour a strong Ringgit Malaysia.

Nevertheless, our Group will continue with its prudent management policy and risk management strategy which had proven effective against uncertainty and volatility in the market.

The Board is optimistic that the Group will be able to achieve another year of success in the financial year ending 31 August 2011.

APPRECIATION

On behalf of the Board, we would like to acknowledge and recognise the contribution by all the Directors, management and employees of the Group for their continuous support and commitment towards our achievements. I also would like to thank our shareholders, clients, business associates, partners and the relevant government authorities for their continuing support to the Group.

Thank you.

b. Duties & Responsibilities

The Board assumes full responsibility for the overall performance of the Company and the Group. However, it is the six (6) Executive Directors who take on the primary responsibility of managing the Group's business and meeting the corporate objectives.

The Executive Chairman is primarily responsible for the orderly conduct and effectiveness of the Board while the Chief Executive Officer is responsible to the Board and the day to day running of the business, implementation of the Board policies and making corporate and operational decision. There is a clear division of responsibilities between the Executive Chairman and Chief Executive Officer to ensure a balance of power and authority within the Group.

The Non- Executive Directors play a pivotal role in corporate accountability by providing unbiased and independent views in the sharing of knowledge and experience towards the formation of policies and in the decision-making process.

The repurchased shares are held as treasury shares in accordance with Section 67A of the Companies Act, 1965.

Subsequent to the financial year end, the Company purchased 652,013 of its own shares through purchases on Bursa Malaysia Securities Berhad. The total amount paid for acquisition of the shares was RM249,172. The repurchased transactions were financed by internally generated funds and the average price paid for the shares were RM0.3822.

OTHER STATUTORY INFORMATION

Before the income statements and the balance sheets of the Group and of the Company were made out, the directors took reasonable steps:

- (a) to ascertain that proper action had been taken in relation to the writing off of bad receivables and the making of allowance for doubtful receivables and have satisfied themselves that all known bad receivables had been written off and adequate allowances have been made for doubtful receivables; and
- (b) to ensure that any current assets which were unlikely to realise their book values in the ordinary course of business have been written down to their estimated realisable values.

At the date of this report, the directors are not aware of any circumstances:

- (a) which would render the amount written off of bad receivables or the amount of the allowance for doubtful receivables in the financial statements of the Group and of the Company inadequate to any substantial extent; or
- (b) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; or
- (c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or
- (d) not otherwise dealt with in this report or financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

- (a) any charge on the assets of the Group and of the Company which has arisen since the end of the financial year which secures the liability of any other person; or
- (b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of operations of the Group and of the Company for the succeeding financial year.

DIRECTORS' BENEFITS

Since the end of the previous financial year, none of the directors of the Company has received or become entitled to receive any benefit (other than the benefit included in the aggregate amount of emoluments received or due and receivable by directors as disclosed in the financial statements or being the fixed salary of a full-time employee of the Company) by reason of a contract made by the Company or a related corporation with the director or with a firm of which he is a member, or with a company in which he has a substantial financial interest other than any benefit which may be deemed to have arisen by virtue of the transactions as disclosed in Notes 12 and 26 to the Financial Statements.

During and at the end of the financial year, no arrangement subsisted to which the Company was a party whereby the directors of the Company might acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

HOLDING COMPANY

The Company is a subsidiary company of Esteem Role Sdn. Bhd., a company incorporated in Malaysia.

AUDITORS

The auditors, Messrs. Deloitte KassimChan, have indicated their willingness to continue in office.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF BSL CORPORATION BERHAD

(INCORPORATED IN MALAYSIA)

Report on the Financial Statements

We have audited the financial statements of **BSL CORPORATION BERHAD**, which comprise the balance sheets as of August 31, 2010 of the Group and of the Company and the income statements, statements of changes in equity and cash flow statements of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 38 to 87.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit and to report our opinion to you, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purposes. We do not assume responsibility towards any other person for the content of this report.

We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as of August 31, 2010 and their financial performance and cash flows for the year then ended.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF BSL CORPORATION BERHAD (CONT'D)

(INCORPORATED IN MALAYSIA)

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

- a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and by the subsidiary companies of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.
- b) We have considered the financial statements and auditors' reports of the subsidiary company of which we have not acted as auditors, as mentioned in Note 12 to the Financial Statements, being financial statements that have been included in the consolidated financial statements.
- c) We are satisfied that the financial statements of the subsidiary companies that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements, and we have received satisfactory information and explanations as required by us for these purposes.
- d) The auditors' reports on the financial statements of the subsidiary companies were not subject to any qualification and did not include any comment made under sub-section (3) of Section 174 of the Act.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2010 (CONT'D)

1. GENERAL INFORMATION

The Company is principally an investment holding company.

The principal activities of the subsidiary companies are as disclosed in Note 12.

There have been no significant changes in the nature of the activities of the Company and its subsidiary companies during the financial year.

The Company is a public limited liability company, incorporated and domiciled in Malaysia, and listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at Level 17, The Gardens North Tower, Mid Valley City, Lingkaran Syed Putra, 59200 Kuala Lumpur.

The principal place of business of the Company is located at Lot 4220, Persimpangan Jalan Batu Arang, Lebu Raya Plus, 48000 Rawang, Selangor Darul Ehsan.

The financial statements of the Group and of the Company have been authorised for issuance by the Board of Directors in accordance with a resolution of the directors on December 23, 2010.

2. BASIS OF PREPARATION OF ACCOUNTS

The financial statements of the Group and of the Company have been prepared in accordance with the provisions of the Companies Act, 1965 and Financial Reporting Standards in Malaysia.

FRSs and IC Interpretations ("IC Int") Issued but Not Effective

Consequential amendments were also made to various FRSs as a result of these new/revised FRSs.

The Directors anticipate that the adoption of the above standards and interpretations, and improvement to FRSs, when they become effective, are not expected to have any material financial impact on the financial statements of the Group and the Company in the period of initial application except for the following:

FRS 3: Business Combinations (Revised in 2010)

The revised FRS 3:

- (i) allows a choice on a transaction-by-transaction basis for the measurement of non-controlling interests (previously referred to as 'minority interest') either at fair value or at the non-controlling interests' share of the fair value of the identifiable net assets of the acquiree;

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

2. BASIS OF PREPARATION OF ACCOUNTS (cont'd)

- (ii) changes the recognition and subsequent accounting requirements for contingent consideration. Under the previous version of the Standard, contingent consideration was recognised at the acquisition date only if payment of the contingent consideration was probable and it could be measured reliably; any subsequent adjustments to the contingent consideration were recognized against goodwill. Under the revised Standard, contingent consideration is measured at fair value at the acquisition date; subsequent adjustments to the consideration are recognised against goodwill only to the extent that they arise from new information obtained within the measurement period (a maximum of 12 months from the acquisition date) about the fair value at the acquisition date. All other subsequent adjustments to contingent consideration classified as an asset or a liability are recognised in profit or loss;
- (iii) requires the recognition of a settlement gain or loss where the business combination in effect settles a pre-existing relationship between the Group and the acquiree; and
- (iv) requires acquisition-related costs to be accounted for separately from the business combination, generally leading to those costs being recognised as an expense in profit or loss as incurred, whereas previously they were accounted for as part of the cost of the business combination.

FRS 7: Financial Instruments: Disclosures

FRS 7 and the consequential amendment to FRS 101 Presentation of Financial Statements require disclosure of information about the significance of financial instruments of the Group and the Company's financial position and performance, the nature and extent of risks arising from the financial instruments, and the objectives, policies and processes for managing capital. By virtue of exemption in paragraph 44AB of FRS 7, the impact on the financial statements upon initial application of this standard as required by paragraph 30(b) of FRS 108 Accounting Policies, Changes in Accounting Estimates and Errors is not disclosed.

FRS 7: Financial Instruments: Disclosures (Amendments relating to improving disclosures about financial instruments)

The amendments to FRS 7 expand the disclosures required in respect of fair value measurements and liquidity risk.

FRS 101: Presentation of Financial Statements (Revised in 2009)

FRS 101 introduces terminology changes (including revised titles for the financial statements) and changes in the format and content of the financial statements. In addition, the revised Standard requires the presentation of a third statement of financial position in the event that the entity has applied new accounting policies retrospectively. There is no impact on the Group and the Company's financial statements as this change in accounting policy affects only the presentation of the Group and the Company's financial statements.

FRS 127: Consolidated and Separate Financial Statements (Revised in 2010)

The revised FRS127 requires accounting for changes in ownership interests by the group in a subsidiary company, while maintaining control, to be recognised as an equity transaction. When the group loses control of a subsidiary company, any interest retained in the former subsidiary company will be measured at fair value with the gain or loss recognised in income statements. The revised standard also requires all losses attributable to the minority interest to be absorbed by the minority interest instead of by the parent. The Group and the Company will apply the major changes of the revised FRS 127 prospectively and therefore there will not have any financial impact on the financial statements of the Group and the Company for the current financial year but may impact the accounting for future transactions or arrangements.

FRS 139: Financial Instruments: Recognition and Measurement

This new standard establishes principles for recognising and measuring financial assets, financial liabilities and some contracts to buy and sell non-financial items. By virtue of the exemption in paragraph 103AB of FRS 139, the impact on the financial statements upon initial application of this standard as required by paragraph 30(b) of FRS 108, Accounting Policies, Changes in Accounting Estimates and Errors is not disclosed.

(CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Group and of the Company have been prepared under the historical cost convention modified to include the revaluation of freehold land and buildings.

The principal accounting policies adopted are set out below:

Revenue

Revenue of the Group represents gross invoiced value of goods sold, net of sales tax, discounts and returns whereas revenue of the Company represents dividend income from subsidiary companies.

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business net of returns and trade discounts and allowances.

The Group and the Company recognise revenue when the amount of the revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Group and the Company, upon satisfying the conditions of the Group's and the Company's activities as set out below.

Sales of goods are recognised upon delivery of products and when risks and rewards of ownership have passed and dividend income is recognised when the shareholders' rights to receive payment is established.

Employee Benefits

(i) Short Term Employee Benefits

Wages, salaries, bonuses and non-monetary benefits are accrued for in the period in which the associated services are rendered by the employees of the Group.

(ii) Defined Contribution Plan

The Group makes contributions to the Employees Provident Fund ("EPF") and the contributions to the EPF are charged to the income statements in the period in which they relate. Once the obligations have been paid, the Group has no further payment obligations. The Group's contributions to EPF are included under staff costs, as mentioned in Note 6.

Foreign Currency Conversion

The financial statements of the Group and of the Company are presented in Ringgit Malaysia, the currency of the primary economic environment in which the Company operates (its functional currency).

In preparing the financial statements of the Group and of the Company, transactions in currencies other than the functional currency (foreign currencies) are recorded at the rates of exchange prevailing at the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Foreign Currency Conversion (cont'd)

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are included in the income statements for the year. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in income statements for the year except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of consolidation, the financial statements of the foreign incorporated subsidiary company have been translated into Ringgit Malaysia as follows:

Assets and liabilities	-	at closing rate
Issued capital	-	at historical rate
Revenue and expenses	-	at average rate

All translation gains or losses are taken up and reflected in translation reserve.

The closing rate used in the translation of foreign incorporated subsidiary company's financial statements is as follows:

Foreign Currency	2010 RM	2009 RM
1 Hong Kong Dollar	0.4043	0.4628

The exchange rates of foreign currencies against Ringgit Malaysia ruling at balance sheet date are as follows:

Currencies	2010 RM	2009 RM
1 United States Dollar	3.1454	3.5225
1 Singapore Dollar	2.3230	2.4441
100 Japanese Yen	3.7013	3.7631
1 Hong Kong Dollar	0.4043	0.4628

Income Taxes

Income tax for the year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted or substantively enacted at the balance sheet date.

Deferred tax is provided for, using the "liability" method, on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits (including investment tax allowances) to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither the accounting profit nor taxable profit.

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Income Taxes (cont'd)

The carrying amount of deferred tax assets, if any, is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax is measured at the tax rates that are expected to apply in the year when the asset is realised or the liability settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is recognised in the income statements, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

The tax effects of the unutilised reinvestment allowance are recognised only upon actual realisation.

Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary companies mentioned in Note 12 made up to August 31, 2010. Subsidiary companies are those companies in which the Group has power to exercise control over the financial and operating policies so as to obtain benefits from their activities.

Control is presumed to exist when the Group owns, directly or indirectly through subsidiary companies, more than half of the voting power of the entity.

The result of subsidiary companies acquired or disposed of during the financial year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Business Combinations

The acquisition of subsidiary companies is accounted for using the purchase method. The cost of the acquisition is measured at the aggregate of the fair values, at the date of exchange of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree, plus any costs directly attributable to the business combination. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under FRS 3 are recognised at their fair values at the acquisition date.

Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised. If, after reassessment, the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities exceeds the cost of the business combination, the excess is recognised immediately in the income statements.

The interest of minority shareholders in the acquiree is initially measured at the minority's proportion of the net fair value of the assets, liabilities and contingent liabilities recognised.

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Goodwill on Consolidation

Goodwill arising on the acquisition of subsidiary companies represents the excess of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary companies recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

On disposal of a subsidiary company, the attributable amount of goodwill is included in the determination of the gain or loss on disposal.

Impairment of Assets Excluding Goodwill

At each balance sheet date, the Group and the Company review the carrying amounts of its assets to determine whether there is any indication that those assets have suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the income statements.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the income statements.

Property, Plant and Equipment

Property, plant and equipment are stated at cost/valuation less accumulated depreciation and impairment losses, if any.

Freehold and leasehold land and buildings are stated at valuation and are revalued at regular intervals of at least once in every three years by the directors based on the valuation reports of independent professional valuers using the "open market value on existing use" basis with additional valuation in the intervening years where market conditions indicate that the carrying values of the revalued assets differ materially from the market value.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Property, Plant and Equipment (cont'd)

An increase in the carrying amount arising from revaluation of property, plant and equipment is credited to the revaluation reserve account as revaluation surplus. Any deficit arising from revaluation is charged against the revaluation reserve account to the extent of a previous surplus held in the revaluation reserve account for the same asset. In all other cases, a decrease in carrying amount is charged to income statements. An increase in revaluation directly related to a previous decrease in carrying amount for that same asset that was recognised as an expense, is credited to income statements to the extent that it offsets the previously recorded decrease.

Property, plant and equipment, except for freehold land which is not depreciated, are depreciated on the straight-line method to their estimated residual values at the following annual rates based on the estimated useful lives of the various assets:

Leasehold land	90 - 99 years
Buildings	2%
Plant and machinery	10% - 12%
Office equipment, computer equipment, furniture, fittings, renovation, factory upgrade, factory equipment and tooling equipment	2% - 20%
Motor vehicles	10% - 20%

Where parts or an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately.

At each balance sheet date, the residual values, useful lives and depreciation method of the property, plant and equipment are reviewed, and the effects of any changes are recognised prospectively.

Gain or loss arising from the disposal of an asset is determined as the difference between the estimated net disposal proceeds and the carrying amount of the asset, and is recognised in the income statements. Upon disposal of revalued assets, the amounts in revaluation reserve account relating to the assets disposed are transferred to retained earnings account.

Assets Acquired Under Hire-Purchase Arrangements

Property, plant and equipment acquired under hire-purchase arrangements are capitalised in the financial statements and the corresponding obligations are recorded as liabilities. Finance charges are allocated to the income statements to give a constant periodic rate of interest on the remaining hire-purchase liabilities.

Property, plant and equipment under hire-purchase arrangements are depreciated over their expected useful lives on the same basis as owned assets.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rentals payable under operating leases are charged to income statements on a straight-line basis over the term of the relevant lease. Benefits received and receivable as an incentive to enter into an operating lease are also spread evenly over the lease term.

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Prepaid Lease Payments on Leasehold Land

Lease of land with title not expected to pass to the lessee by the end of the lease term is treated as operating lease as land normally has an indefinite economic life. The upfront payments made on entering into a lease or acquiring a leasehold land that is accounted for as an operating lease are accounted for as prepaid lease payments that are amortised over the lease term on a straight line basis.

Investment in Subsidiary Companies

Investment in unquoted shares of subsidiary companies, which is eliminated on consolidation, is stated at cost less any impairment losses in the Company's financial statements.

Associated Company

An associated company is a non-subsiary company in which the Group holds as long-term investment between 20% to 50% of the equity voting rights and in which the Group is in a position to exercise significant influence in its management.

The results and assets and liabilities of associated companies are incorporated in the financial statements of the Group using the equity method of accounting based on the latest audited and/or management financial statements of the associated companies made up to August 31, 2010 while dividends received are reflected as a reduction of the investment in the consolidated balance sheet.

Under the equity method, investments in associated companies are carried in the consolidated balance sheet at cost as adjusted for post-acquisition changes in the Group's share of the net assets of the associated companies, less any impairment in the value of individual investments. Losses of an associated company in excess of the Group's interest in that associated company (which includes any long-term interests that, in substance, form part of the Group's net investment in the associated company) are not recognised unless the Group has incurred obligations or made payments on behalf of the associated company.

Where necessary, adjustments are made to the financial statements of associated companies to bring their accounting policies into line with those used by other members of the Group.

Any excess of the cost of acquisition over the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the associated company recognised at the date of acquisition is recognised as goodwill. The goodwill is included within the carrying amount of the investment and is assessed for impairment as part of the investment. Any excess of the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in the income statements.

Where a group entity transacts with an associated company of the Group, profits and losses are eliminated to the extent of the Group's interest in the relevant associated company, except where losses provide evidence of an impairment of the asset transferred, in which case, appropriate provision is made for impairment.

Quoted Investment

Quoted investment represents investment in quoted shares of local corporations and is stated at cost less impairment losses.

Other Investments

Other investments, which consist investment in unquoted subordinated bonds, are stated at cost less impairment loss.

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Inventories

Inventories are valued at the lower of cost and net realisable value after due allowance is made for all damaged, obsolete and slow moving items. Cost of raw materials is determined on a first-in, first-out basis and includes the purchase price plus cost incurred in bringing the inventories to their present location and condition. The cost of work-in-progress and finished goods includes direct materials, direct labour and a proportion of direct manufacturing overheads. Net realisable value represents the estimated selling price in the ordinary course of business less selling and distribution costs and all other estimated costs to completion.

Receivables

Trade and other receivables are stated at nominal value as reduced by the appropriate allowances for estimated irrecoverable amounts. Allowance for doubtful receivables is made based on estimates of possible losses which may arise from non-collection of certain receivable accounts.

Payables

Trade and other payables are stated at the nominal value of the amount for goods and services received.

Provisions

Provisions are made when the Group and the Company have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount can be made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Financial Assets

The Group's principal financial assets are quoted investment, other investment, trade and other receivables and cash and cash equivalents. The principal financial assets of the Company also include amount owing by subsidiary companies.

Financial Liabilities

Equity instruments and financial liabilities are classified as either equity or liabilities in accordance with the substance of the contractual arrangement.

Significant financial liabilities of the Group include trade and other payables, hire-purchase payables, bank borrowings and term loans. Financial liabilities of the Company also include amount owing to subsidiary company.

Dividends on ordinary share are recognised in shareholders' equity in the year in which they are declared.

Bank borrowings are recorded at the proceeds received net of direct issue costs and finance costs are accounted for on an accrual basis.

Cash Flow Statements

The Group and the Company adopt the indirect method in the preparation of the cash flow statements.

Cash equivalents are short-term, highly liquid investments with maturities of three months or less from the date of acquisition and are readily convertible to cash without significant risks of changes in value.

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

(a) Critical judgements in applying the Group's accounting policies

In the process of applying the Group's accounting policies, management is of the opinion that there are no instances of application of judgement which are expected to have a significant effect on the amounts recognised in the financial statements (apart from those involving estimations which are dealt with below).

- Allowance for doubtful receivables

The Group makes allowance for doubtful receivables based on an assessment of the recoverability of trade and other receivables. Allowances are applied to trade and other receivables where events or changes in circumstances indicate that the balances may not be collectible. The identification of doubtful receivables requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful receivables expenses in the period in which such estimate has been changed.

- Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the management to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value of those cash flows. The carrying amount of goodwill at the balance sheet date, pertaining to the Group's single cash generating unit ("CGU"), namely, the operations of Advance Autotek Industries (M) Sdn. Bhd. and its subsidiary companies, was RM3,166,090 (2009: RM3,540,889) and no impairment loss has been recognised in the income statements during the current financial year as the management are of the opinion that the recoverable amount of the cash-generating unit is higher than the carrying amount.

(b) Key sources of estimation uncertainty

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

5. SEGMENT REPORTING

Business Segments

For management purposes, the Group is organised into the following segments:

- (i) Investment holding;
- (ii) Stamping and manufacturing of precision metal parts and fabrication of tools and dies;
- (iii) Printed circuit board ("PCB") assembly and assembly of all types of electronics and electrical components, devices and systems;
- (iv) Fabrication and forging of base metal components; and
- (v) Trading of automotive components.

Inter-segment sales are charged at cost plus a percentage of profit mark-up.

The accounting policies of the reportable segments are the same as the Group's accounting policies described in Note 3. Segment profit represents the profit earned by each segment without allocation of central administration costs and directors' salaries, profits of associates, investment revenue, finance costs and income tax expense. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

Under Schedule 7A of the Income Tax Act, 1967, the Group is allowed to claim reinvestment allowances. During the financial year, the Group claimed RM6,597,000 (2009: RM4,177,000) of reinvestment allowances. The claimed reinvestment allowances are subject to the approval by the tax authorities and available for offset against future business income.

As of August 31, 2010, the tax exempt income of the Group and the Company is as follows:

		The Group	
	Note	2010 RM	2009 RM
Reinvestment allowances	(i)	23,894,000	19,302,000
Tax exempt account	(ii)	478,000	478,000
		24,372,000	19,780,000

- (i) Arising from reinvestment allowances claimed and utilised under Schedule 7A of the Income Tax Act, 1967.
- (ii) Arising from chargeable income on which tax was waived in 1999 in accordance with the Income Tax (Amendment) Act, 1999.

The above tax exempt accounts, which are subject to approval by the tax authorities, are available to frank the distribution of tax exempt dividends to the shareholders without incurring any further tax liabilities.

As explained in Note 3, the tax effects of deductible temporary differences, unused tax losses and unused tax credits which would give rise to net deferred tax assets are generally recognised to the extent it is probable that future taxable profits will be available against which deductible temporary difference, unused tax losses and unused tax credits can be utilised for set-off.

Less: Share of profit guarantee	(374,799)	-
At end of year	3,166,090	3,540,889

Goodwill acquired in a business combination is allocated, at acquisition, to the cash-generating unit ("CGU") that is expected to benefit from that business combination. Before recognition of any impairment losses, the carrying amount of goodwill had been allocated to the following business segment as independent CGUs:

	The Group	
	2010	2009
	RM	RM
Automotive components division	3,166,090	3,540,889

The recoverable amount had been determined based on value in use calculation which uses cash flow projections based on financial budgets approved by the directors covering a five year period, and a discount rate of 7.30% per annum.

Cash flow projections during the budget period are based on the same expected gross margins and raw materials price inflation and a steady 8% per annum growth rate throughout the budget period. The directors believe that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

The Group tests goodwill annually for impairment or more frequently if there are indications that goodwill might be impaired.

During the financial year, the Group assessed the recoverable amount of goodwill and no allowance for impairment loss on the assets in the CGU was deemed necessary.

22. RESERVES (cont'd)

- (iii) In accordance with the Finance Act 2007, the single tier income tax system became effective from the year of assessment 2008. Under this system, tax on a company's profit is a final tax, and dividends paid are exempted from tax in the hands of the shareholders. Unlike the previous imputation system, the recipient of the dividend would no longer be able to claim any tax credit.

Companies without Section 108 tax credit balance will automatically move to the single tier tax system on January 1, 2008. However, companies with such tax credits are given an irrevocable option to elect for the single tier tax system and disregard the tax credit or to continue to use the tax credits under Section 108 account to frank the payment of cash dividends on ordinary shares for a period of 6 years ending December 31, 2013 or until the tax credits are fully utilised, whichever comes first. During the transitional period, any tax paid will not be added to the Section 108 account and any tax credits utilised will reduce the tax credit balance. All companies will be in the new system on January 1, 2014.

As of the balance sheet date, the Company has not elected for the irrevocable option to disregard the Section 108 tax credits. Accordingly, subject to the agreement of the Inland Revenue Board and based on the prevailing tax rate applicable to dividend, the Company has sufficient Section 108 tax credit and tax exempt income as mentioned in Note 8 to frank approximately RM448,000 of the Company's retained earnings as of August 31, 2010 if distributed by way of cash dividends without additional tax liability being incurred. Any dividend paid in excess of this amount during the transitional period will be under the single tier tax system as explained above.

The term loans of the Group bear interest which ranges from 4.10% to 7.25% (2009: 6.55%) per annum. The secured term loan of the Group is repayable by 120 equal monthly installment of RM122,250 each, commencing October, 2009.

The Company participated in a Primary Collateralised Loan Obligations ("CLO") Transaction and obtained an unsecured term loan facility of RM15,000,000 (2009: RM15,000,000). The CLO transactions include a condition to subscribe for the subordinated bonds as disclosed in Note 16, issued pursuant to the CLO of up to 10% of the principal amount of the term loan. This facility bears interest at a prescribed rate of 5.85% (2009: 5.85%) per annum and is repayable in full in October, 2011. During the financial year, the Company prepaid RM9,400,000 as an early settlement of the CLO.

31. FINANCIAL INSTRUMENTS

Financial Risk Management Objectives and Policies

The operations of the Group are subject to a variety of financial risks, including foreign currency risk, interest rate risk, credit risk, liquidity risk and cash flow risk. The Group has taken measures to minimise its exposure to risk and/or costs associated with the financing, investing and operating activities.

Foreign currency risk

The Group undertakes minimal trade transactions which are denominated in foreign currencies. As a result, the Group's exposure to foreign currency risk is limited.

Interest rate risk

The Group is exposed to interest rate risk through the impact of rate changes on hire-purchase payables, bank borrowings, term loans and short-term deposits. The interest rates of hire-purchase payables, term loans, bank borrowings and short-term deposits are disclosed in Notes 23, 24, 27 and 29, respectively.

Credit risk

The Group trade mainly with certain key customers and are exposed to significant credit risk from these trade receivables. The Group and the Company manage this risk based on careful evaluation of the customers' credit history.

The Group's exposure to credit risk in relation to its trade receivables and other receivables, deposits and prepaid expenses should all its customers fail to perform their obligations as of August 31, 2010, is the carrying amount of these receivables as disclosed in Note 18.

NOTES TO THE FINANCIAL STATEMENTS

(CONT'D)

31. FINANCIAL INSTRUMENTS (cont'd)

Liquidity risk

The Group practises prudent liquidity risk management to minimise the mismatch of financial assets and liabilities and to maintain sufficient credit facilities as disclosed in Notes 24 and 27 for contingent funding requirement of working capital.

Cash flow risk

The Group reviews its cash flow position regularly to manage its exposure to fluctuations in future cash flows associated with its monetary financial instruments.

Fair values of financial assets and liabilities

The carrying amounts of the Group's and of the Company's financial assets and liabilities as reported in the balance sheets as of August 31, 2010 approximate their fair values because of the short maturity terms of these instruments other than the following financial instruments:

	2010		2009	
	Carrying amount RM	Fair value RM	Carrying amount RM	Fair Value RM
The Group				
Financial Assets				
Quoted investment (Note 15)	1,700	400	1,700	870
