## INTERIM FINANCIAL REPORT FOR THE FIRST (1<sup>ST</sup>) QUARTER ENDED 31 MARCH 2019

## NOTES TO THE INTERIM FINANCIAL REPORT

## A. EXPLANATORY NOTES TO THE UNAUDITED INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER ENDED 31 MARCH 2019

#### A1. Basis of preparation

The interim financial report of Securemetric Berhad ("**SMB**" or "**the Company**") and its subsidiaries ("**the Group**") are unaudited and have been prepared in accordance with the requirements of Malaysian Financial Reporting Standards ("**MFRS**") 134 *Interim Financial Reporting* and Rule 9.22 and Appendix 9B of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad ("**Listing Requirements**").

This interim financial report for the first (1<sup>st</sup>) quarter ended 31 March 2019 is announced in Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"). As the Company was only listed on the ACE Market of Bursa Securities on 13 November 2018, there are no comparative figures for the preceding quarter and period-to-date available, as no interim financial report was prepared for the comparative financial period concerned.

The interim financial report should be read in conjunction with the audited financial statements for the financial year ended 31 December 2018 and the accompanying explanatory notes attached to this interim financial report.

## A2. Significant accounting policies

The accounting policies adopted in the interim financial report are consistent with those as disclosed in the audited financial statements for the financial year ended 31 December 2018.

Unless otherwise described below, the Group has adopted those standards, amendments and interpretations that have become effective and such adoptions do not have material impact on the financial position and performance of the Group.

#### MFRS 16: Leases

MFRS 16, which upon the effective date will supersede MFRS 117 Leases, introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Specifically, under MFRS 16, a lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments. Accordingly, a lessee should recognise depreciation of the right-of-use asset and interest on the lease liability, and also classifies cash repayments of the lease liability into a principal portion and an interest portion and presents them in the statement of cash flows. Also, the right-of-use asset and the lease liability are initially measured on a present value basis. The measurement includes non-cancellable lease payments and also includes payments to be made in optional periods if the lessee is reasonably certain to exercise an option to extend the lease, or not to exercise an option to terminate the lease. This accounting treatment is significantly different from the lessee accounting for leases that are classified as operating leases under the predecessor standard, MFRS 117.

## NOTES TO THE INTERIM FINANCIAL REPORT (CONT'D)

## A2. Significant accounting policies (Cont'd)

In respect of the lessor accounting, MFRS 16 substantially carries forward the lessor accounting requirements in MFRS 117. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

The Group had assessed the total financial impact on the Group's financial statements upon adoption of MFRS 16 which have been summarised in the table below.

#### **Financial impact**

The financial impact from initial adoption of MFRS 16 as at 1 January 2019 are as follows:
