CORPORATE PROFILE

GBGAQRS

In 2012, Gabungan AQRS Berhad ("GBG") was listed on the Main Board of Bursa Malaysia, using the listing code GBGAQRS. The Company has its roots in the amalgamation of four successful businesses - three construction and engineering companies: Gabungan Strategik Sdn Bhd ("GSSB"), Motibina Sdn Bhd ("Motibina") and Pembinaan Megah Ikhlas Sdn Bhd ("PMISB"), as well as AQRS The Building Company Sdn Bhd ("AQRSTBC"), a property developer. Each a good, strong Company with a reputable brand.

A transformation which led to the rebirth of GBG

In 2016, GBG initiated a transformation plan which marks the start of a change to build an almost reborn-company. The transformation plan had to be initiated back then as the Group was facing tremendous headwinds, including a dwindling construction order book and a poor financial standing.

We repositioned ourselves to further enhance our value, given the headwinds we faced. Eventually, the success of the transformation plan was evident in 2017, proven by a healthy business growth rate, leading to profitability to the Group and value to its shareholders. Our financial standing has also tremendously improved in 2017, including a balance sheet that is leaner than what it was during its IPO days.

The repositioning of the Group also meant that we had to restructure our brand from 2016, especially against the rest of our competitors. Fast forward to end-2017, we have been successful, evidenced by our construction subsidiary, GSSB having a tall construction order book. In 2017 too, we received our first construction project worth more than a billion Ringgit, the Light Rail Transit 3 (LRT3) job - our largest job to-date.

Our property development division, AQRSTBC has also built a solid portfolio of property development assets that will eventually be high-yielding assets. This include our flagship property development, One Jesselton Waterfront in Kota Kinabalu which will be developed under our subsidiary, GBG Properties (Sabah) Sdn Bhd.

Our precast products manufacturing arm, SEDCO Precast Sdn Bhd is also poised to be of great significance to the Group. SEDCO Precast Sdn Bhd currently operates a precast and IBS product manufacturing facility in Tuaran, Sabah and could be the future supplier of precast products to the Pan Borneo Highway in Sabah.

Values that drive growth are of priority

GBG has considerable talents and a wealth of experience across a broad range of infrastructure products. It is persistent about pursuing better standards in quality to deliver extraordinary products, on time and within budget.

Our capabilities have also been enhanced since the transformation plan was initiated. This is evidenced by our capabilities in securing new, high quality and prominent construction jobs. We have built our expertise in the construction of urban highways (the SUKE highway), urban railways (the LRT3) as well as purpose-built iconic buildings (PPSAS).

GBG is committed to providing exceptional value to its employees, business partners, customers and shareholders by always challenging the norm and going beyond expectations in design, product development, customer service and sales. It aims to nurture and grow empowered communities; by creating a collaborative, respectful and nurturing work environment, and being active, contributing citizens in the communities in which it operates. It strives to ensure the continued success and sustainability of its people, clients and partners, their businesses and brands. GBG is in for the long-term; their aim is to leave a legacy that future generations will benefit from.

MANAGEMENT DISCUSSION & ANALYSIS

DEAR SHAREHOLDERS,

2018 marks another year of remarkable achievement as the Group continues to deliver strong earnings and continues to be operationally stronger. This was achieved as a result of the transformation exercise that we initiated in April 2016, and completed in December 2017. The Group was not only resilient, but also managed to continue efficiently cruise ahead in spite of the headwinds that the construction sector faced. We remain committed to ensure that our core strength would be used to our advantage to continue to deliver value to our shareholders.

The Group's organisation and business fundamentals remain solid and would play a crucial driver to the Group's future performance to withstand the uncertainty in the construction sector, achieved as a result of successfully completed transformation plan. We would continue to monitor the fundamentals of its business operations to ensure that projects continue to be efficiently-managed, including the monitoring of its cash flows, operating expenses and finance cost. Furthermore, we remain confident that our future performance would remain robust.

Our financial footing has been further strengthened in FYE 2018 with our total shareholders' funds rising by 19% to RM477.4 million. On top of that, our operating cost to revenue, a measure of Group efficiency, has improved to 8.8% from 12.0% in FYE 2018. This has put us into a more competitive position, particularly when tendering for new jobs. Our financing cost has also been reduced by 57.1% to RM5.4 million, compared to RM12.6 million in FYE 2018. These two factors would put us in a competitive position, particularly with the Government's stance to transparently award contracts based on merits and value.

The construction division, a stellar performer for the Group since 2016 would be able to weather through and possibly, outperform again this year, if external factors permit. Nevertheless, our current outstanding orderbook of RM2.3 billion would be able to sustain our earnings trajectory up to the year 2021. We would continue to be on the lookout for any new local infrastructure projects that would benefit the Group.

*Sungai Besi -Ulu Kelang
Expressway (SUK)*

Our property development division on the other hand is expected to stage a turnaround in FYE 2019 after 3-years of negligible contributions to the Group. This year, we are targeting to secure RM500 million in new property sales, on the back of RM934 million in new launches, which comprises RM501 million of properties in E'Island Lake Haven in Puchong, Selangor, and our "cash-cow" The Peak in Johor Bahru. Progress on our One Jesselton Waterfront development has also been positive, and we hope to rope in a joint-venture partner for our flagship development this year.

During the year, we have also rewarded our shareholders with cash dividends and the issuance of new warrants for their continuous support to the Group. In 2018 alone, we declared 4.0 sen in interim dividends and 1.0 sen in special dividends. On top of that, to reward our shareholders, we issued 119.4 million new warrants, which were distributed to shareholders on a 1-for-4 basis. The warrants could raise the Group up to RM133.7 million as well as works to being an additional derivative for shareholders to invest. Additionally, the Group also distributed 9.6 million in treasury shares that it bought in mid-2018 back to shareholders. The treasury shares that we bought back then were from the cashflows that were generated by the Group's division in the first-half of 2018.

SMOOTH SAILING IN CHOPPY WATERS

Revenue

In FYE 2018, GBG registered a total revenue of RM585.3 million, an increase of 26.6% or RM123.0 million, compared to RM462.3 million in the previous financial year. The improvement in Group revenue is as a result of the higher contributions from the ongoing construction projects coupled with the ongoing progress billings for a single ongoing property development in 2018, The Peak in Johor Bahru City Centre.

The construction division contributed to RM549.5 million or 94% of the Group's revenue in FYE 2018, a RM193.7 million increase compared from the previous financial year. Revenue for the construction division was mainly contributed from the work progress for the Sungai Besi - Ulu Kelang (SUK) Highway, Pusat Pentadbiran Sultan Ahmad Shah (PPSAS) and Light Rail Transit 3 (LRT3) projects, albeit at a slower pace.

The property development division contributed RM24.5 million or 4% of the Group's revenue in FYE 2018, a 74% or RM70.7 million drop due to the absence of land sales that were recorded in the previous financial year. In FYE 2018, almost all of the revenue recognized for the property development division is from its single ongoing project, The Peak in Johor Bahru City Centre.

Profitability

In FYE 2018, the Group reported a profit after tax of RM65.1 million compared to RM71.2 million reported in FYE 2017, an 8.6% decline due to the recognition of one-off liquidated ascertained damages (LAD) for our Johor Bahru City Centre project, The Peak amounting to RM13.8 million. Profits were driven by a higher recognition in revenue coupled with a

significantly lean balance sheet, an efficient team and a more strategic placement of resources.

Gross profit stood at RM123.3 million in FYE 2018. In terms of divisional breakdown, the construction division contributed to a gross profit of RM113.9 million, with significant contributions for the construction division came from the progressive stages of construction for the Sungai Besi - Ulu Kelang (SUK) Highway, Pusat Pentadbiran Sultan Ahmad Shah (PPSAS) and Light Rail Transit 3 (LRT3) projects. On the flipside, our property development arm recorded negative earnings contribution, mainly due to the abovementioned LAD charge.

Financial Position and Liquidity

As at FYE 2018, our total borrowings stood at RM205.7 million, an 9.3% increase compared to FYE 2017 due to additional project financing that was drawn down for the construction division. In terms of net gearing, the Group's net gearing stood at a healthy 0.16x, a marginal increase from 0.13x in FYE 2017 due to the abovementioned reason and a higher level of treasury shares.

On the other hand, our interest costs have been on a downtrend. In FYE 2018, the Group recorded an interest expense of only RM5.4 million, more than half of the interest expense in FYE 2017 of RM12.6 million. Going forward, we would strive to further improve our net gearing ratio.

Our market capitalisation stood at RM658 million, based on a closing price of RM1.33 per share on 29 March 2019. Equity attributable to owners of the parent company was RM471.8 million as at 31 December 2018 with net assets per share of RM0.97.

Year	Share Price (RM)		Market Capitalisation as at 31 December (RM million)
	Low	High	
2012	1.07	1.21	387.5
2013	0.88	1.70	376.5
2014	1.05	1.86	485.6
2015	0.82	1.38	324.1
2016	0.82	1.18	353.3
2017	0.89	2.00	870.3
2018	0.62	2.16	422.9

Business Operations

The Group constantly strives to improve operational efficiency through a review of business strategies for each reporting division and has yielded favourable results. Our overhead costs as a percentage of revenue, a measure of operating efficiency, stood at 8.8% in spite of the recognition of one-off expenses. This was executed by reducing the number of inefficient employees while boosting productivity and improving our internal management processes as well as tightening our risk management policies.

Aside that, our financing cost in FYE 2018 was reduced by 57.1% to RM5.4 million, due to a significant drop in term loans, which also in turn, saved the Group about RM7.2 million in interest expense compared to FYE 2017. Looking ahead, we expect further improvement in our gearing.

DIVISIONAL REVIEW AND OUTLOOK

CONSTRUCTION - OPERATIONS REVIEW

As at 31 December 2018, the Group's outstanding construction order book stood at RM2.2 billion which would easily sustain our earnings momentum till the year 2021. Looking ahead, the Group is optimistic on the potential growth of the construction division, primarily driven by the strong pipeline of new projects that are coming on stream, which includes the East Coast Rail Line, Pan Borneo Highway Sabah and other public infrastructure projects.

SUKE Highway

The estimated value of Package CA3 for the execution and completion of bridge structure works from CH4200 to CH7800 of the SUKE Highway is valued at a contract sum of RM648.5 million. The project commenced on 29 August 2016 and is scheduled to be completed by mid-2020. The project is currently at 61% stage of completion.

(CONT'D)

Pusat Pentadbiran Sultan Ahmad Shah, Kuantan

Pusat Pentadbiran Sultan Ahmad Shah, Kuantan ("PPSAS")

We secured the RM361.0 million job back in December 2016. The project involves the construction of the entire Pahang Government state complex in Kuantan, Pahang and is expected to positively contribute to both revenue and profits for the construction division. Construction works commenced back in December 2016 and is expected to be completed in the first half of 2020. Currently, the project is at 81% stage of completion.

PR1MA Gambang, Kuantan

The project involves the construction of 2,186 residential units and 36 retail units under the 1Malaysia People's Housing Programme or PR1MA. This affordable housing scheme project, which commenced on 30 September 2016, is valued at RM389.2 million and has a tentative completion date in May 2021. Currently, the project is at 15% stage of completion.

Light Rail Transit 3 (LRT3)

In October 2017, we secured package GS04 of the Light Rail Transit 3 project worth RM1.13 billion, our largest contract to-date. The project involves the construction of guideways, stations, park and ride facilities.

On 22 February 2019, we announced that our wholly-owned subsidiary, Gabungan Strategik Sdn Bhd executed one (1) separate Novation Agreement with Prasarana and MRCB George Kent, in which all of the rights, interest, benefits, obligations, duties and liabilities of Prasarana under the LRT 3 Contracts shall be transferred and conveyed absolutely to MRCB George Kent subject to the terms and conditions as stipulated in the respective Novation Agreement. Concurrently, we are in negotiations with our client to finalise the contract value post the cost rationalisation exercise mentioned in Budget 2019. The progress of the job is still ongoing but at a slower pace pending the review to redesign the 3 stations within our alignment.

The project is currently at 18% stage of completion.

Light Rail Transit 3

Light Rail Transit 3

Landed Homes in Kota SAS

In November 2017, we were appointed the turnkey contractor by KotaSAS Sdn Bhd as a turnkey contractor to build 1,004 landed homes in KotaSAS Kuantan worth RM189.2 million. We expect construction for the homes to begin in 2019.

The Peak, Johor Bahru City Centre

The Peak is a commercial and freehold title development in the heart of Johor Bahru City Centre. The project construction cost is RM251.99 million. The project is set to be progressively completed by June 2019.

The Peak, Johor Bahru City Centre

One Jesselton Waterfront, Kota Kinabalu

An integrated commercial waterfront development in the new central business district of Kota Kinabalu. The development would comprise of a shopping centre, a 4-star hotel and spa, luxury condominiums, serviced residences and office space. The development is expected to generate a gross development value of RM1.8 billion and is targeted to begin construction in early 2020.

MANAGEMENT DISCUSSION & ANALYSIS

(CONT'D)

CONSTRUCTION - OUTLOOK

The Group believes that it would stand to benefit in a more transparent project tendering process given its strong technical capability, a good track record and a solid financial position. Additionally, we are now able to be more competitive in our future project tenders given our lean operating cost structure and low financing cost as a result of a low gearing.

Looking ahead, the Group envisions to increase its construction order book by a further RM1.5 billion this year, which would continue to positively contribute to the Group's future revenue and earnings.

We are targeting to secure a portion of the civil and structure works for the East Coast Rail Line, given our active presence in Pahang. Our strong presence in Pahang is evidenced by our to date RM974.4 million worth of Pahang State related infrastructure and building jobs secured.

Presently, we have tendered for the Sabah portion of the Pan Borneo Highway. We believe our strong presence in Sabah would benefit the group. We have partnered with one of Sabah State's companies, Suria Capital Holdings Berhad to jointly bid for the Pan Borneo Highway Sabah.

We will also look into participating in new tenders by the Government, which include key railway related jobs within the Klang Valley and Malaysia.

PROPERTY DEVELOPMENT - OPERATIONS REVIEW

The turnaround in its property development division is expected to commence in FYE 2019 after a negligible core earnings contribution to the Group since FYE 2016.

In FYE 2018, the property development division reported revenue of RM24.5 million, a 74% decline compared to FYE 2017 due to the absence of land sales. As at 31 December 2018, our unbilled sales of sold units amounts to approximately RM94.6 million, while our unsold property units valued at RM531.5 million.

PROPERTY DEVELOPMENT - OUTLOOK

The turnaround in its property development division is expected to commence in FYE 2019 after a negligible core earnings contribution to the Group since FYE 2016. In FYE 2019, the Group is aiming a property sales target of RM500 million, stemming from the E'Island Lake Haven project in Puchong and the relaunch of The Peak in Johor

Bahru City Centre, which would generate combined GDVs of over RM934 million. We are also aiming to rope in a joint-venture partner for our flagship One Jesselton Waterfront development in Kota Kinabalu, Sabah.

Barring any unforeseen circumstances, The Group expects the property development arm to be a significant contributor to cash flow from 2019 to 2022. The "cash-cow" of the Group will be driven by its current completed-unsold inventories, boosted further by future sales of The Peak that is free of borrowings and progress billings from E'Island Lake Haven.

Based on a recent survey undertaken by Star Property's Buyers' Sentiment Survey, a majority of the 3,000 respondents have indicated that they are keen to make a purchase of a property in 2019. In terms of timeline of purchase, 42% of the respondents indicated that they are keen to purchase a property within the next 12 months. 87% of the respondents indicate a high preference of purchasing newly-launch houses over sub-sale properties. In terms of location, the most popular location among buyers is Johor Bahru (50%), followed by Kuala Lumpur (19%), Puchong (18%) and Petaling Jaya (17%). We are proud to share that our planned launches this year is in Puchong and Johor Bahru City Centre.

MANAGEMENT DISCUSSION & ANALYSIS

(CONT'D)

The Peak, Johor Bahru

The rebranding exercise for our “cash-cow” and unencumbered development, The Peak in Johor Bahru has commenced in April 2019. We are also introducing our rent-to-own scheme for The Peak called “Reside Before You Decide” - an ownership scheme whereby a buyer would be able to ‘lock-in’ their purchase price for 36 months and use the period to build-up their savings, and at the end of the 36-month period, total rentals that have been paid will go towards reducing the actual loan sum to be applied. Currently, The Peak has 479 units up for sale with a total value of RM473.2 million. The Group aims to monetise this development over years 2019 - 2022. The net cash proceeds received from the sale of The Peak will be utilized for dividend payments and business expansion.

Sandplay area, E'Island Lake Haven, Puchong

E'Island Lake Haven, Puchong

The official launch of our RM501 million GDV E'Island Lake Haven development will take place end April 2019. E'Island Lake Haven would house a total of 1,140 units of affordably-priced and semi-furnished apartments with sizes starting from 881 square feet. INVESTMENTS

SEDCO Precast

The Group has, through its wholly-owned subsidiary Sinajasa Sdn Bhd, undertaken a joint-venture with the Sabah Economic Development Corporation and holds 49% in SEDCO Precast Sdn Bhd ("SEDCO Precast"). SEDCO Precast is an IBS-status manufacturer, engaged in the manufacturing and sales of concrete and pre-cast concrete products in Sabah.

SEDCO Precast Sdn Bhd operates on an 18.67-acre parcel of land in Tuaran, Sabah and is currently the largest precast concrete supplier in Sabah. The plant currently has an annual production capacity of 36,000 MT, which could be expanded to 150,000 MT per annum. Aside from gunning the construction jobs for the Pan Borneo Highway Sabah, the Group is also poised to secure significant orders for pre-cast components for the Pan Borneo Highway Sabah via SEDCO Precast Sdn Bhd. Also, given the fact that the remaining 51% stake in SEDCO Precast is owned by the Sabah Economic Development Corporation, we are optimistic on our chances to secure orders for pre-cast components for the Sabah highway.

Petronas Basecamp in Sipitang, Sabah

Petronas Basecamp in Sipitang

Part of the Group's strategy is to expand its recurring income base. In line with the strategy, we entered into a 5+5 rental agreement with Petronas to provide "base-camp" facilities to its employees in Sipitang, Sabah. The project was completed and handed over in March 2016, and generates a recurring revenue of RM2.84 million per quarter for the Group. Going forward, more of such facilities could be built by the Group.

Business Environment

The Malaysian economy expanded at a more moderate pace of 4.7% in 2018 (2017: 5.9%). Despite a positive start to 2018, the economy subsequently was confronted with several external and domestic challenges. Major policy and political shifts, arising partly from the global trade tensions and the historic change of government in Malaysia, became sources of uncertainty for the economy. Unanticipated supply disruptions in the mining and agriculture sectors, as well as commodity exports adversely affected Malaysia's economic performance, resulting in a larger-than-expected moderation in growth.

In 2019, the global economy is projected to expand moderately, following slower growth in both advanced and major emerging market economies. In the advanced economies, economic activity is projected to moderate. While labour market strength will continue to support domestic demand, moderating investments and external demand will affect overall growth.

Against the backdrop of a challenging global environment, the Malaysian economy is expected to sustain its growth momentum, expanding by 4.3% - 4.8% in 2019 (2018: 4.7%). Domestic demand will remain the anchor of growth, underpinned by continued expansion in private sector activity. Private consumption growth is expected to moderate, but remain firm supported by stable labour market conditions and continued wage growth.

Labour market conditions are expected to be stable, with continued employment and income growth, underpinned by steady expansion in services and manufacturing sectors. The unemployment rate is projected to be relatively unchanged. In the long run, the rollout of government policies such as the tiered levy and social security contribution for foreign workers is a positive step in reducing the reliance on foreign labour and spurring the creation of higher skilled, higher income jobs in the economy.

Malaysia's strong fundamentals and the diversified nature of the economy will help to weather these risks and vulnerabilities while preserving macroeconomic and financial stability. These strong fundamentals include a healthy labour market, stable inflation rate, continued surplus in the current account of the balance of payments, deep financial markets as well as a strong financial sector. Exchange rate flexibility and sufficient level of international reserves further enhance the economy's capability to withstand external shocks. Moreover, commitment by the Government to fiscal, structural and institutional reforms will contribute to inclusive and sustainable growth going forward.

SUSTAINABILITY STATEMENT

Sustainability Vision

GBG believes that with the growing momentum in the construction and property development activities, we strive to deliver a better tomorrow. In line with its motivation “From Good to Better, Now going to be Great”, GBG envisions a world where infrastructure development and property developments are Built Great.

We are actively managing our commitment to the Economic, Environmental and Social (“EES”) sustainability, as our mission is to build a sustainable business that is positioned for long term success.

Sustainability Development Goals

The United Nations has formulated 17 Sustainability Development Goals (“SDG”) to achieve the global challenge including those related to poverty, inequality, climate, environmental degradation, prosperity, responsible production and consumption.

Of these 17 goals, GBG has identified nine SDGs that we contribute to.

They are:-

	Ensuring healthy lives and promoting the well-being for all at all ages		Investments in infrastructure
	Quality education to improve people's lives		Cities with access to basic services, energy, housing and transportation
	Fundamental human right for peaceful world		Ensure sustainable consumption and production patterns
	Clean and accessible water to live in		Strengthen the partnership for sustainable development
	Sustainable economic growth and quality jobs		

Sustainability Governance

Our Board of Directors is ultimately responsible for the company's sustainability strategies and its performance. The Board of Directors, having considered sustainability issues as an integral part of its long-term strategic plan and essential for its continuous transformation plan to generate the right business momentum for long-term value creation to shareholders in particular and stakeholders in general.

Sustainability Framework

Overall, the Group focuses on the following EES Sustainability Framework as the fundamental basis to guide the sustainability policies in its day-to-day operations as follows:-

Stakeholder Engagement

Our Stakeholders are important to the Company's long-term success. Our constant interaction with many of our stakeholders has resulted in facilitation to continuously improve all areas of our operations. By understanding their expectations and responding to their concerns, we aim to strengthen our stakeholder's confidence in us. We seek to engage stakeholders' concern through multiple forms of engagement as outlined below:-

Material Sustainability Matters

GBG has gathered the essential information on potential risk areas to determine and identify the material sustainability matters that may affect our business in relation to the economic, environment and social in which our business operates.

Our material areas were identified based on feedbacks and views which were inputs from both external and internal stakeholders. The internal assessment was based on a 4-step approach as follows:

- 1) Issues identified from Key Risk Areas
- 2) Prioritization matrix employed
- 3) Review and feedback from the stakeholders
- 4) Materiality assessment

SUSTAINABILITY STATEMENT

(CONT'D)

Materiality Assessment

All essential information is gathered during our stakeholder engagement exercise. This process helps us determine, identify and prioritise the material issues in relation to our Group's business. The risk issues identified within the Heat Map will be reviewed from time to time and updated accordingly.

ECONOMIC SUSTAINABILITY

Our business procurement strategy practice fully supports our Government Policy of awarding the subcontracts works to the local business and smaller CIDB Grade of contractors and purchasing materials from local suppliers.

In addition to the above, we are also actively implementing the Industrial Collaboration Programme (ICP) at various phases i.e.; the initiative by the Government to ensure best value of money on the procurement programme, as specified by the Government Policy & Guideline.

The on-going projects that are being implemented are:

- Subcontracting Programme including training
- Skim Latihan 1 Malaysia (SL1M) Programme
- Green Building Index Programme at Pusat Pentadbiran Sultan Ahmad Shah and The Peak
- Indirect Programme i.e.; collaboration with Higher Learning Institution (HLI)

The subcontractors and main suppliers are being trained on the awareness of GBGAQRS Safety, Health & Environment and Quality procedures. Their performances are evaluated annually to ensure compliance with the company ISO9001:2015 Quality Management System.

The annual review of the sub contractors' and suppliers' performance will improve quality of services and product delivery to our projects. Projects will be delivered in a timely manner by DOING THINGS RIGHT FIRST TIME AND ALL THE TIME. Optimization of resources and materials will reduce wastages and improve cost saving.

Industrial Building System (IBS)

Besides producing and supplying IBS structural elements, the construction team also has been using IBS in our Design & Build projects e.g.; schools, PPSAS, and The Peak etc.

Among the standard components used are:

- Precast beams / columns / slabs
- Staircase
- Prefabricated roof trusses / window & door frames
- Wall panels

These methods of construction have proven to improve efficiency and timely project delivery. The implementation of IBS also promotes sustainability deliverables.

This could be achieved by better control of production, environment, minimizing construction environment using efficient building material energy and stabilising works condition. These also reduce the dependency of foreign workers as the construction involved a lot of plants and machinery that are more efficient.

SUSTAINABILITY STATEMENT

(CONT'D)

Risk Management

GBG has made reference to COSO framework for effective Risk Management not only to all ongoing projects but also to cater for property development activities.

It has become a useful tool in identifying, assessing and controlling and mitigating threats to the organization and progress of the projects.

The tracking and monitoring of these risks have been carried out and tabled to the Risk Management Committee every quarterly. The risks have been reviewed at every phase of construction activities.

Hazard Identification, Risk Assessment And Determining Controls (HIRADC)

In recent years, Hazard Identification, Risk Assessment and Determining Controls (HIRADC) have become fundamental to the practice of planning, management and the operation of a business as a basic risk management methodology in the workplace and also the project site.

The organizations that have carried out risk assessment at the workplace have noted numerous changes in their working practice.

Those who have already carried out risk assessment in their work, have reported positive changes in their working practice. They recognize substandard act and working condition as they develop and take necessary corrective action.

ENVIRONMENTAL SUSTAINABILITY

Self Regulate - Stop Work Authority

To continuously maintain and reducing Environmental Impact, one of the GBG approached for self-regulation is stop work authority (SWA). This approach plays an important role in preventing incident at site. All employees and contractors have the authority and responsibility to stop a task if they observe any unsafe act or condition at the worksite. This program is called "You See You Act" (UCUA). Any concern regarding the control of Environment, Health and Safety can be highlighted in the forms and respective personnel will take immediate action to resolve the issue. The chart below is our LRT3 projects' Non-conformance report (NCR) and Stop Work Order (SWO) that will be issued to our subcontractors in the event that they do not comply to the requirements.

• Preventing Pollution

As we are aware, construction or development can have a significant impact on the environment and nature, thus GBG is committed to control and minimize environment pollution and creating a better environment and society. Environmental monitoring is designed to help us to identify the existing natural condition and protect it from the negative outcome arising from our activities or surrounding human activities. We can identify potential impact to the environment and we can control from the source by conducting monthly monitoring.

For example, our LRT3 mega project is located along Persiaran Kerjaya, Shah Alam towards to Stadium Melawati Shah Alam and it is within residential areas and educational institutes, which are the sensitive areas. From our assessments, we noticed that the significant environmental impact is the emission of noise in these sensitive areas. However, most of the noise pollution comes from the traffic and vehicle movements and not by our construction activities, based on our monitoring result. To maintain a sustainability to social and environment we had installed a temporary noise barrier adjacent to the residential areas to minimize the noise emission.

Polution is prevented as proper Erosion and Sedimentation Control is made mandatory to prevent destruction of natural resources from our activities. We ensure that all areas have to complete the Best Management Practice (BMP's) before we start any work at site. Reducing Environment footprint is a big responsibility towards Sustainability Development Goals.

• Environmental Monitoring

Below is the example of 2018's data for noise monitoring at one of our projects whereby noise is the most significant environmental aspect due to adjacent to residential area. We continuously monitor our readings to mitigate and reduce the environmental foot print. It is part of our social responsibility to serve society and be good to the environment.

SUSTAINABILITY STATEMENT

(CONT'D)

Monthly water quality monitoring at drainage, upstream and downstream to check and control our discharged

Monthly noise monitoring will be conducted at the boundary of sensitive receptor/area to monitor our noise level and ensure compliance to the legal requirement.

Monthly air quality monitoring will be conducted to all active area to monitor the quality of air at the area. This is to ensure we are complying as per stipulated limit in the requirement.

- **Erosion and Sediment Control**

Erosion and Sediment Control is part of our pollution prevention. Maintenance of BMP's (Best Management Practice) is very important to ensure no muddy or silt water runoff is discharged from our site during heavy rain. We have a designated maintenance team to make sure all environmental protection work can be conducted efficiently. GBG gives its full commitment to minimize environmental footprint.

• Waste Management

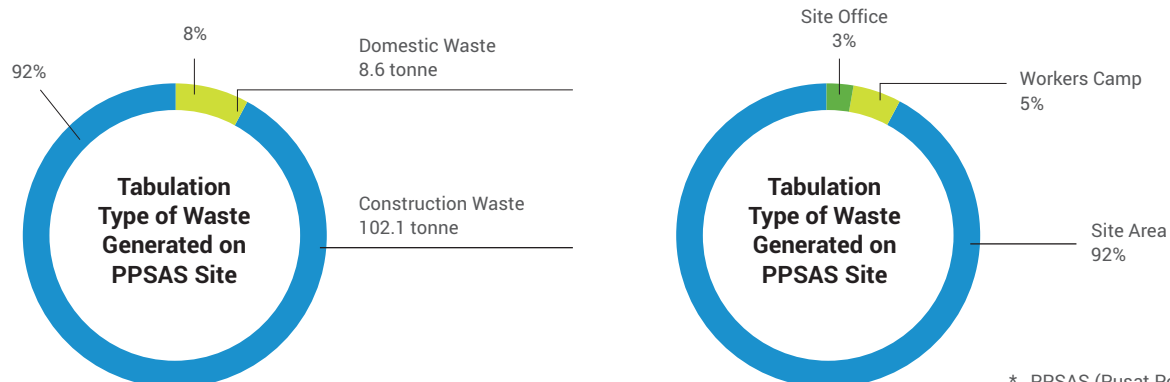

GBG is committed in ensuring proper waste management is undertaken at our construction sites. Our approach to waste management covers construction waste, domestic waste and scheduled waste during construction phase and daily operations. With regards to scheduled waste, GBG complies with the Scheduled Waste Regulation 2005 (Environmental Quality Act 1974) by Department of Environment, Malaysia. We require our sub-contractors to manage their waste according to requirement and standards to reduce environmental impact arising from construction activities. The subcontractor is required to submit the designated location of the dumping location and proof of authority approval prior to disposing the waste from our construction sites.

Ongoing initiatives:-

Waste Segregation	<ul style="list-style-type: none"> RORO Bin available at site for construction waste and domestic waste for segregation.
Recycling	<ul style="list-style-type: none"> Waste bins for recycle waste placed at project site. Ongoing awareness training to all staff and workers.
Waste Reduction	<ul style="list-style-type: none"> Ongoing tracking waste data collection. Awareness training to workers and staff during grand toolbox and posters and briefing. Ongoing collaboration with local authorities - campaign on awareness.

Below is tabulation from PPSAS (Pusat Pentadbiran Sultan Haji Ahmad Shah) in Kuantan, Pahang for the waste data collected in 2018. We move towards to a better waste management and ISO 14001:2015. Staff and workers' awareness are the most important factors to achieved the sustainable environmental at site. Waste reduction and waste segregation are still undergoing improvement for the years ahead. We look forward that all GBG project sites to segregate and reduce the volume of waste generated by strategic approach and programmes.

- **Towards Implementation of ISO 14001:2015**

GBG is in the midst of implementing of 14001:2015. Below is our commitment to sustainable environment:

To ensure Project comply with Environmental Regulations and requirement by client.

To achieve Zero Major Environmental incident at project site

Communicate and Cultivate Environmental Awareness to all staff

Managed and responded to public and community concern which related to environmental issues

Sustainability logo at GBG office

Sustainability poster at LRT3 site

- **Site Environmental Awareness**

Training and campaigns were conducted to create awareness among staff and workers on environmental issues. The inculcation of environmental awareness and consciousness among our employees is also an important component in our implementation and strategy.

Looking ahead, we are putting efforts towards the mitigation of environmental footprint and in operating responsibly to continually maintain as per Sustainability Development Goals.

• E'Island Lake Haven

We introduced leisure and health improvement facilities into our new development, i.e. jogging & cycling track with trellis, indoor and outdoor gym, badminton court etc which have already being part of our sustainability design in our projects.

Apart for the hardscapes, the variety of softscapes species are vital and important to ensure healthy living and promote well-being for all at all ages. Greenery and nearest to nature can make people calmer, happier, more concentrating and improvement on memory.

The above facilities have been included on the Building Plan and Landscape Submission Plan for the upcoming project E-Island Lake Haven Residency in year 2018.

• Clean Water and Sanitation

The availability of freshwater in sufficient quantity and quality is the basis for every aspect of life and sustainability in any development designed to create a balanced ecosystem.

In every new development planned, some aspects to be emphasized include:

- Implementing the full Environment Management Plan (EMP) and Erosion and Sedimentation Control Plan (ESCP) approved by Department of Environment.
- Surface wastewater control; control of the perimeter control and the perimeter drainage area shall be provided at the project site before any earthworks are carried out. In addition, any surface runoff emission from the project site where groundwork is not allowed to be discharged directly to any watercourse unless to undergo sedimentation or the sediment pool first.
- Any domestic sewage from the site offices or workers' accommodation quarters shall comply with Standard {A / B}, Second Schedule, Environmental Quality (Sewage) Regulations 2009 before being released to any watercourse.

The above facilities measurements being taken place since November 2018 for the project E-Island Lake Haven Residency.

1 Overall site development of E-Island Lake Haven Residency.

2 Site clearing and earth works without contamination to surrounding lakes

- **Responsible consumption & production**

The company adopts the following operating process and practices: -

- For corporate office:
 - Basic environmental waste elimination control (REDUCE, REUSE & RECYCLE) has been implemented at the office. The above 3Rs posters been put up on the notice board as well as the critical common office area i.e. photocopier, light & air-cond switches, dustbin etc to promote 3Rs awareness amongst the staff and minimise the amount of waste disposed of.
 - Reduce paper usage by storing through digital files where most documents can be stored digitally (project server) to save paper and office space, whereby it is more convenient, time saving and secure.
- For development / project site:
 - Using recyclable aluminium moulds instead of the conventional plywood and timber for concrete casting work.
 - Compact Sub Station from permanent power supply being used for site operation and sub office. The usage of conventional Gen Set has been reduced thus greatly reducing the CO2 emission and noise pollution.
 - Adopt the Green Technology in the development projects i.e. Rain Water Harvesting system, Home Automation system, Security Access system via Bluetooth, Retaining wall system filled with greenery etc.

SOCIAL SUSTAINABILITY

As a dynamic Group, we focus on the following key core work initiatives to drive our sustainability practices within our business operations.

Health, Safety & Environment

Our Construction Division operates a Safety and Health management system conforming to ISO 18001:2007 for all our construction services in building and civil engineering works.

- All staff and workers employed are fully compliant to the CIDB Green Card requirement
- GSSB provides training to staff and workers:
 - In-house safety & health related courses
 - Safety & Health induction
 - Basic Occupational first aid, CPR & AED Training
 - Heavy Lifting Training & Refreshment Course
 - Work at Height Training & Refreshment course
 - OHSAS awareness Training
 - Safety & Health Safety Day Programme
 - Rewards & Recognition Programme for Safety Compliance to Workers
 - Grand Tool Box Meeting for Staff & Workers
 - External courses
 - NIOSH Safety Passport Course
 - KTMB 038 Track Safety
 - Scaffolding Training for Level 1 & 2
 - Managing Safety & Health in Construction Sector
 - OSH Sustainability Approach for Construction Industry
 - Promoting OSH Campaign such as You-See-You-Act (UCUA) Campaign, Blood Donation Campaign & etc.
 - Engagement and involvement with authorities as a witness of OSH activities carried out such as BOMBA, DOSH & MOH

PERCENTAGE (%) OF WORKPLACE INSPECTION FOR ALL PROJECT SITE FOR YEAR 2018

Table above shows that all projects achieved **above 70% score for workplace inspection for year 2018**.

STATISTIC OF ACCIDENT / INCIDENT REPORTING PERIOD FOR YEAR 2018

From statistics above, it was shown there is zero (0) fatality and zero (0) permanent disabilities were recorded for all project sites in 2018. There are 25 total property damages and 13 near miss reported followed by 8 cases of first aid. All near miss reports has been analysed and the control measure has been determined. Then, the issue of unsafe act and condition at our workplace were disseminated to all levels and staff for implementation and for continual improvement.

Based on the chart above, it shows that property damage is the highest at project site due to piloting & relocation works. Moreover, the project site is located in the middle of busy road such as SUKE Highway and LRT 3, Glenmarie. The immediate action and corrective action plan have been implemented and awareness training to all personnel to mitigate the incident cases related property damage.

TOTAL MANHOURS AND TARGET AT ALL PROJECT SITES UP TO YEAR 2018

PROJECT	TOTAL MANHOURS	TARGET
THE PEAK	3,600,334	4,000,000
SUKE	3,617,660	3,000,000
PPSAS	922,560	1,000,000
LRT 3 (GS04)	923,538	1,000,000

Referring the above, **all projects are still below the target without Lost Time Injury (LTI)**. The target was carried forward to year 2019 to achieve OSH objective for all projects.

- PERCENTAGE OF STAFF WITH A VALID CIDB GREEN CARD AT ALL PROJECT SITES FOR YEAR 2018

From chart above, all project sites achieved **100% of staff's attendance for green card class and have a valid CIDB**. All staff at project sites shall have a valid CIDB card to enter the site. Hence, all staff complied with GSSB OSH requirements and achieved our OSH Objective for the year 2018.

• GENDER EQUALITY

Gender equality is not only a fundamental human right, but a necessary foundation for a peaceful, healthy and sustainable working environment.

We constantly promote for gender equality within the company, not only for a well balance of male & female employee at corporate office and project sites, but all staff are being provided the equal access to health care, decent work environment, career promotion etc.

• SUSTAINABILITY CITY AND COMMUNITY

The city's population is constantly increasing. To accommodate the needs, we need to build modern and sustainable developments in order to create safe and resilient residency with culturally inspiring living conditions.

- For our on-going project The Peak and the upcoming project E-Island Lake Haven Residency, a single entry enclave designed for security and peace of mind. Multi-tier security is being introduced within the developments i.e. perimeter CCTV, security boom gates as well as the resident access system operated by a bluetooth mobile phone application (mobile app) for unparalleled convenience and safety.
- Safe, affordable, accessible and sustainable transport system just a stone throw distance from The Peak development. The latest transport system in planning is the BRT (Bus Rapid Transit) which linked to the RTS (Rapid Transit System).

Corporate Social Responsibility

Program Mesra Amal bersama Anak-Anak Yatim

The Program Mesra Amal bersama Anak-Anak Yatim was organised by TEAM GBG SLIM trainees on the 14 July 2018. The event was participated by 49 children from 3 orphanages, namely Rumah Amal Cahaya Kasih Bestari, Rumah Kasih Harmoni, and Yayasan Wardatul Jannah.

The mini sport carnival was filled with fun-packed activities that were meant to cheer those children up. They were treated with breakfast, titbits, cakes and lunch. They were also given a small token of duit raya.

In line with the event tagline “Unity in Adversity, Together We are Family, some regular TEAM GBG members had also volunteered and helped out in this event.

Mini Libraries & Tuitions

Mini Libraries

In the spirit of giving back to the society, TEAM GBG had contributed mini libraries to Rumah Amal Cahaya Kasih Bestari, Rumah Kasih Harmoni Paya Jaras, and Yayasan Wardatul Jannah. The orphanages received academic reference books for their mini libraries and some stationeries.

Tuition Classes

In addition to the mini library contributions, TEAM GBG had also organised tuition classes for the children of Rumah Amal Cahaya Kasih Bestari and Rumah Kasih Harmoni Paya. The tuitions focused on 3 PT3 Mathematics, English and Science subjects. PT3 tuition classes which were conducted from July until September, on Sundays, was the brainchild of our Group CEO, Dato' Azizan Jaafar. All students that participated in the tuition classes passed the PT3 examination on the 3 subjects.

Blood Donation

In November and December 2018, HR and Safety jointly organised a Blood Donation Campaign aimed at educating our people and raising awareness about voluntary blood donation.

The Blood Donation drive managed to attract 34 eligible donors to donate their blood.

The blood donation is part of TEAM GBG's Corporate Social Responsibility agenda which aim to give back to the community. TEAM GBG firmly believes in the importance of CSR and will continue to expand on other initiatives.

Training: Voluntary Teacher Workshop

A 2-day Teach the Teachers workshop was organized in early January to introduce the teaching syllabus that would be used in this program to the Volunteer Teachers. The Volunteer Teachers were also trained on how to help the students to improve their basic skills on reading and writing.

Teaching Kids to Read, Write & Count

TEAM GBG had successfully conducted a tuition programme for PT3 students of Rumah Anak Yatim Kasih Harmoni Paya Jaras. In the course of conducting the tuition classes, it was found that there were 18 students who could not read, write and count, ranging from the age of 4 years old to 14 years old. We therefore decided to assemble a team of Volunteer Teachers to help and teach those unfortunate children to read, write and count. A total of 12 TEAM GBG members came forward to support this cause.

Orientation and Induction Day

Orientation and Induction Day was organised for the teachers to meet and greet the students at Rumah Kasih Harmoni Paya Jaras. The response from the students were amazing thus boosting the teachers' motivation to ensure that the Volunteer Teacher Program would be successful.

Zumba: Show your move!

TEAM GBG has organised the Zumba classes, the Latin-inspired dance workout, on a weekly basis. The main objective of these free classes which are opened to all is promote a healthy lifestyle among employees while helping them to burn calories, regenerate metabolism and enhance their body's coordination. These Zumba classes will eventually be opened to the public.

Movie and Bowling Nights:

The Movie and Bowling Nights were organized to enable employees to mingle and enjoy each other's company outside of the work setting. Both the Movie Night and Bowling Night aims to bringing every employee closer to one another in a setting that was less formal, and more relaxed.

Manpower Diversity

The development of our employees, retention of knowledge through internal succession and investing in technology driven environment are major key success factors for the Group. We want our employees to be healthy and happy at work.

At the same time, the changing market landscape requires a different way of working and thinking in terms of addressing customers' needs. As a result, our employees feel a sense of accountability and responsibility for their own work and are motivated to innovate and modernise for better performance outcome.

More human capital investment on training during the year:-

- to translate the training requirements into high-quality programmes,
- to disseminate knowledge and to generate new technical skillsets and insights, and
- to connect operating companies through actively working on creating an internal network to prepare our employees for the increasingly complex and knowledge-intensive marketplace.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of Directors ("Board") of Gabungan AQRS Berhad ("Company") recognises the importance of good corporate governance practices within the Company and its subsidiary companies ("Group") as a fundamental part of discharging its responsibilities to safeguard shareholders' investments and to protect the interests of all stakeholders.

The Board is aspired and committed to ensure that the applicable principles and recommendations as set out in the Malaysian Code on Corporate Governance ("MCCG") and the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities") respectively are applied throughout the Group so as to enhance the value to our shareholders and other stakeholders as well as to generate long term sustainability and growth.

This Corporate Governance Overview Statement is augmented with a Corporate Governance Report, based on the application of the Group's corporate governance practices during the financial year ended 31 December 2018. The Corporate Governance Report is available on the website of Bursa Securities together with Company's Annual Report 2018 and is also posted on the Company's website (<http://www.gbg.com.my/>).

This Corporate Governance Overview Statement should also be read in tandem with other statements in this Annual Report (i.e. Statement on Risk Management and Internal Control, Audit Committee Statement, Reports on Board Committees and Sustainability Report) for an all-encompassing understanding of the Group's corporate governance framework and practices.

PRINCIPLE A : BOARD LEADERSHIP AND EFFECTIVENESS

I. BOARD'S RESPONSIBILITIES

The Board is entrusted for the oversight of overall management of the business affairs of the Group. The Board is responsible for determining all major policies, reviewing the system of internal control, ensuring that effective strategies and management are in place, for assessing the performance of the Group and its Management team.

The respective roles and responsibilities of the Board and Management are clearly set out and understood to ensure accountability and ownership by both parties. The Board is responsible for examining and approving with the Group's operating objectives, business goals and performance targets to be met by the Management.

In line with its overall responsibility for the proper conduct of the Group's business, the Board is also responsible for establishing the Group's business goals and strategic directions, setting operating goals and performance targets for Management and monitoring the achievement of those operating goals and performance targets. The Board also oversees the process of evaluating the adequacy and effectiveness of the system of internal controls and risk management processes.

The Board is also mindful of the importance of the establishment of clear roles and responsibilities in discharging its fiduciary and leadership functions including those reserved for the Board's approval and those which the Board may delegate to the Board Committees and the Management and committed to ethical values and standards. On this note, the Board has defined its Board of Charter, and Code of Conduct and Ethics setting out the roles, duties and responsibilities of the Board, the principles and practices of corporate governance to be followed and its commitment of fair practices to its stakeholders.

The Board has reviewed its Board Charter and Code of Conduct and Ethics on 18 October 2018. The Board Charter, Code of Conducts and Ethics, Whistleblowing Policy and as well as the terms of reference of the Board Committees are published in the Company Corporate website at <http://www.gbg.com.my/>.

Separation of Positions of the Chairman and Group CEO

The Group practises the division of responsibility between the Chairman and Group CEO and there is a balance of power and authority such that no one individual has unfettered powers over decision-making. The roles of the Chairman and Group CEO are separated and clearly defined, and are held individually by two (2) persons.

The Chairman who is an Independent Non-Executive Director, is responsible for the leadership and governance of the Board, ensuring its effectiveness. He leads the Board effectively and encourages active participation and contribution from all members. He engages directly with the Group CEO to monitor performance and oversees the implementation of strategies.

The Group CEO is responsible for the day-to-day management of the Group's operations and businesses as well as implementation of the Board's policies and decisions.

Company Secretaries

The Company Secretaries of the Company are competent and suitably qualified to act as Company Secretaries under Section 235 of the Companies Act 2016. Every Director has ready and unrestricted access to the advice and the services of the Company Secretaries in ensuring the effective functioning of the Board. The Company Secretaries ensure that Board policies and procedures are both followed and reviewed regularly and they have the responsibility to ensure that each Director is made aware of and provided with guidance as to their duties, responsibilities and powers. The Company Secretaries also notify the Board of any corporate announcement released to Bursa Securities and the impending restriction on dealing with the securities of the Company prior to the announcement of the quarterly results.

The Company Secretaries play an important advisory role to the Board in relation to the Company's constitution and advise the Board on any updates relating to new statutory and relevant regulatory requirements pertaining to the duties and responsibilities of Directors as and when necessary.

The Board is satisfied with the performance and support rendered by the Company Secretaries to the Board in the discharge of their function.

Whistle Blowing Policy

The Company has on 18 October 2018 reviewed Whistle Blowing policy which provides an avenue and mechanism to all employees and stakeholders of the Group to report concerns about any suspected wrongdoing, inappropriate behaviour or misconduct relating to fraud corrupt practices, and/or abuse, for investigation and Management's action.

The designated persons to liaise with will be Datuk Kamarudin bin Md Ali ("Datuk Kamarudin") and Mr Loo Choo Hong. Datuk Kamarudin assume the role of Senior Independent Non-Executive Director will also act as the designated contact to whom stakeholders' concern or queries may be raised, as an alternative to the formal channel of communication with stakeholders.

Their contact details are in the Whistle Blowing Policy which has been published and made available on the Company's website at <http://www.gbg.com.my/>

Board Committees

The Board has established Board Committees, namely Audit Committee ("AC"), Nomination Committee ("NC"), Remuneration Committee ("RC"), and Risk Management Committee ("RMC") to examine specific matters within their respective terms of reference as approved by the Board that mandate the functions, duties and responsibilities of relevant Board Committees in line with the Board's objective in pursuing good governance practice. Although specific powers are delegated to the Board Committees, the Board keeps itself abreast of the key issue and decisions made by each Board Committee through the reports by the Chairmen of the Board Committees and the tabling of the minutes of the Board Committee meetings at Board meetings. The ultimate responsibility for decision-making, however, lies with the Board.

Board Responsible for providing stewardship and oversight of the Group's business affairs

Audit Committee (AC)	Nomination Committee (NC)	Remuneration Committee (RC)	Risk Management Committee (RC)
Review of financial reporting, internal controls, related party transactions and conflicts of interest, internal audit as well as external audit process. Review and oversee administration of remuneration policies and procedures of Directors.	Review and oversee to ensure the effective implementation of any risk management policies and strategies that may deemed fit including the setting of risk appetite and risk tolerance.

All Directors are entitled, whether via the Board or in their individual capacity, to take independent professional advice at the Company's expense where necessary in the furtherance of their duties. A Director may also consult the Chairman or other Board members prior to seeking any independent professional advice.

Accordingly, the composition of the Board Committees and the attendances of members of Board Committees meetings held in year 2018 are as follows:-

a) Audit Committee

The details of attendance are disclosed under the Audit Committee Report.

b) Nomination Committee

The details of attendance are disclosed under the Statement of Nomination Committee

II. BOARD COMPOSITION

In order to drive the Board's leadership and effectiveness, the Board ensures that it has the right board composition in enhancing the Board decision making process.

Presently, the Board of Directors of the Company comprised majority of Independent Directors with an Independent Non-Executive Chairman. It comprises seven (7) members, comprising three (3) Executive Directors and four (4) Independent Non-Executive Directors. Together, the Directors bring diverse characteristics which allow a mix of qualifications, skills and experience which are necessary for the successful direction of the Group. Thus, the requirement under Paragraph 15.02 of the MMLR of Bursa Securities that at least two (2) Directors or 1/3 of the Board, whichever is higher, must be Independent Directors, is fulfilled. This is also in line with Practice 4.1 of the MCCG where it requires at least half of the Board members comprises majority independent directors. Profile of the Directors are as set out in this Annual Report.

The concept of independence adopted by the Board is in tandem with the definition of an Independent Director in the MMLR. The MMLR's definition of independence includes a series of objective tests such as Independent Director is not an employee of the Company and is not engaged in any type of business dealings with the Company.

The Board assesses the independence of the Independent Non-Executive Directors on an annual basis by taking into account the individual Director's ability to exercise independent judgment at all times and based on the criteria as set out in the MMLR of Bursa Securities. In addition, during the assessment conducted, the Board studied the results of the evaluation and is generally satisfied with its current size, composition as well as the mix of skill sets and the independence of its Independent Non-Executive Directors. None of the Independent Directors has engaged in the day-to-day management of the Company, participated in any business dealings or was involved in any other relationship with the Company (other than in situations permitted by the applicable regulations).

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(CONT'D)

As at the date of this Overview Statement, none of the Independent Directors has served more than nine (9) years on the Board. For reason of continuity in the Board, the search for candidates with the requisite experience and core competencies to serve on the Board as Independent Directors will take time. Hence, the Board had then reviewed and include the provision of Tenure of Independent Directors in the Board Charter by taking into account the recommendation of the Nomination Committee specifies that an independent director who has reached the threshold of 9 year's tenure will be re-designated as Non-Independent Non-Executive Director, unless he has obtained shareholders' approval to be retained in the Board as Independent Non-Executive Director. If the Board continues to retain the independent Director after twelfth year, annual shareholders' approval must be sought through a two-tier voting process. This is to facilitate the Board renewal and hence, enhancing the effectiveness of the Board.

Board Diversity

The Board recognises diversity in the boardroom as an essential component of a good corporate governance. The Board's aim is to have a broad range of approaches, backgrounds, skills and experience represented on the Board and to make appointments on merit, and against objective criteria, with due regard given to the benefits of diversity on the Board, including gender, age and ethnicity. The Board currently has one female director out of 7 directors which makes up to 14.29% of the Board members. The Company will increase female representation on the Board if appropriate candidates are available when Board vacancies arise.

The composition of the Board which comprises seven (7) members can be dissected as below:

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(CONT'D)

The Board believes that valuable contribution can be obtained from Directors who have, over a period of time, developed valuable insight of the Company and its business. Their experiences enable them to discharge their duties and responsibilities independently and effectively in the decision-making processes of the Board notwithstanding their tenure on the Board.

The Board also believes that the Directors have a diverse and relevant range of skills, backgrounds, knowledge and experience to ensure effective governance of the business. Hence, the members of the board contribute across industry knowledge, international experience perspective and specific subject matter expertise which tabled below sets out the composition of skills and experience of the Board:-

Experience & Skills

Accounting / Financial Management		85.71%
Construction And Property Development		100%
Governance / Corporate Governance		100%
Leadership		100%
Legal / Regulatory		100%
Risk Management & Internal Control		100%
Stakeholders Engagement		100%
Strategic Planning / Strategic		100%

Appointments to the Board

The NC is responsible for assessing and making recommendations on any new appointments to the Board. Selection of new candidates to be considered for new appointment as director is facilitated through recommendations from the Board members, the Management and/or through independent sources. In evaluating the suitability of candidates, the NC considers, inter-alia their character, background, knowledge, integrity, competency, experience, commitment (including time commitment) and potential contribution to the Group, and additionally, in the case of candidates proposed for appointment as INEDs, the candidates' independency must be established. The final decision as to who shall be appointed as Director remains the responsibility of the full Board, after considering the recommendation of the NC.

This is consistent with the Group's practice of being an equal opportunity employer where all appointments and employments are based strictly on merit and are not driven by any racial or gender bias.

The TOR of the NC are available for viewing in the Company's corporate website at <http://www.gbg.com.my/>

The Company Secretaries have the responsibility of ensuring that relevant procedures relating to the appointment of new Directors are properly executed.

Annual Assessment

During the FYE 2018, the NC undertook an evaluation process involving self and peer assessments by individual Director and an assessment of the independence of the Independent Directors. The Board of Directors including the EDs are subject to the process of self and peer assessments annually.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(CONT'D)

The following assessments were undertaken by the NC during the year under review:-

- reviewed the outcome of the self and peer assessments of individual Directors;
- reviewed the outcome of the assessment of the Board;
- reviewed the outcome of the assessment of effectiveness and contributions of the AC, RMC, NC and RC; and
- reviewed the adequacy of the Board in terms of its mix of skills and core competencies.

The Directors are provided with a questionnaire to carry out the assessment with absolute anonymity. The results are then tabulated by the Company Secretary and presented to the NC for its review and recommendation to the Board. A summarised version of the results is provided to the Board of Directors for their information. The criteria that are used in the assessment of the Board include the adequacy of the Board structure, the efficiency and integrity of the Board's operations and the effectiveness of the Board in the discharge of its duties and responsibilities.

The individual Director is assessed based on their competency, capability, time commitment, objectivity, integrity, participation in Board deliberations and their contribution to the objectives of the Board and the Board Committees on which they served. The assessment of the Group CEO are co-related to the execution of the Group's strategic business plans by the Management and the achievement of performance targets set by the Board.

The NC upon its assessment of the above, is satisfied that the Board has met the policy on its composition.

Time Commitment

The Board is satisfied with the level of time committed by the Board in discharging their respective duties and roles as Directors of the Company. All the Directors of the Company have complied with the MMLR of Bursa Securities on the maximum number of directorships held in public listed companies.

To facilitate the Directors' time planning, an annual meeting calendar which provides the schedule dates for meetings of the Board and Board Committees as well as the AGM is prepared and circulated to them before the beginning of every financial year. Additional meetings are convened when urgent and important decisions need to be made between scheduled meetings. This is to ensure the Directors that they allocate sufficient time to discharge their duties effectively.

The Directors remain fully committed in carrying out their duties and responsibilities effectively, as reflected by their attendance at the 6 Board meetings held during the financial year ended 31 December 2018 as follows:-

Name of Director	No. of Meetings Attended/ No. of Meetings Held During Tenure of Office
Y.M. Tunku Alizan bin Raja Muhammad Alias	6/6
Datuk Kamarudin bin Md. Ali	6/6
Dato' Azizan bin Jaafar	6/6
Dato' Ow Chee Cheoon	6/6
Ow Yin Yee	6/6
Loo Choo Hong	6/6
Muk Sai Tat	6/6

All the Directors complied with the minimum 50% attendance in respect of Board Meetings held during the FYE 2018 as stipulated under Paragraph 15.05 of the MMLR of Bursa Securities.

Additionally, in between Board Meetings, the Directors also approved various matters requiring the sanction of the Board by way of circular resolutions.

III. REMUNERATION

Directors & Senior Management's Remuneration

The remuneration policy of the Board provides that all Executive Directors and Senior Management are remunerated based on the Group's individual's performances, market conditions and their responsibilities whilst the remuneration of the Non-Executive Directors is determined in accordance with their experience, level of responsibilities assumed in the Board Committees, their attendance and/or special skills and expertise they bring to the Board.

The remuneration of the Executive Directors is reviewed and recommended by the Remuneration Committee to the Board for approval. The Independent Non-Executive Directors are remunerated with Directors' fees are subject to shareholders' approval at the AGM annually in accordance with the Company's Constitution and Section 230(1) of the Companies Act, 2016. In view thereof, in terms of recommending the proposed Directors' fees, the Remuneration Committee takes into consideration the qualification, duty and responsibility, and contribution required from a Director in view of the Group's complexity, and also the market rate among the industry. The Board then collectively determines the remuneration for the Independent Non-Executive Directors based on the RC's recommendation. All Directors shall abstain from discussion and decisions on their own remuneration.

The Company also provides Directors' and Officers' Liability Insurance which may provide an indemnity to the fullest extent permitted by the Company Act 2016 and against any liability incurred by them in the discharge of their duties while holding office as Directors and Officers.

In compliance with the Listing Requirements and MCGG practice, the details of the remuneration paid to Directors for the FYE 2018 are as follows:-

(CONT'D)

In regards to the remuneration of the Senior Management's remuneration, the Company notes that such disclosure may give rise to recruitment and talent retention challenges. Hence, the Company firm believes that disclosing the senior management's remunerations in bands is sufficient enough for the shareholder's information and the Company also believes that the interest of the shareholders will not be prejudiced as a result of such non-disclosure of the identity and remunerations of the Company's top named basis key senior management personnel who are not Directors.

Therefore, the top key senior management as identified in the Key Senior Management's Profile in this Annual Report whose remunerations bands falls within the following successive bands of RM50,000 for the FYE 2018 is as follows:-

Name	Range of Remuneration (RM, in Gross)
Ir. Bakri Bin Ishak	800,000-850,000

PRINCIPLE B : EFFECTIVE AUDIT AND RISK MANAGEMENT

I. AUDIT COMMITTEE

The AC comprises 3 members whom are Independent Non-Executive Directors. All members of the AC are relatively financially literate, while the Chairman of the AC is a member of the Malaysian Institute of Accountants. The Board is assisted by the AC in governing the Group's financial reporting processes and the quality of its financial reporting. The quarterly results and audited financial statements are reviewed by the AC and the external auditors (for audited financial statements) and approved by the Board before being released to Bursa Securities.

The AC has full access to both the Internal and External Auditors who in turn, have access at all times to the Chairman of the AC. The role of the AC and the numbers of meetings held during the financial year as well as the attendance record of each member are set out in the Audit Committee Report in this Annual Report.

The ToR of the AC are available for viewing in the Company's corporate website, <http://www.gbg.com.my/>

Relationship with External Auditors

The AC meets with the External Auditors to discuss their audit plan, audit findings and the Company's financial statements. At least twice a year and whenever necessary, the AC shall meet with the External Auditors without the presence of Executive Board members or management personnel to allow the AC and the External Auditors to exchange independent views on matters which need to be brought to the AC's attention. In addition, the external auditors attend the Annual General Meeting ("AGM") of the Company and are available to answer shareholders' questions on the conduct of the statutory audit and the preparation and content of their audit report.

The AC considered the non-audit services provided by the External Auditors during the FYE 2018 and concluded that the provision of these services did not compromise the External Auditors' independence and objectivity. The amount of fees paid for these services was not significant when compared to the total fees paid to the External Auditors.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(CONT'D)

The External Auditors have confirmed to the AC that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the independence rules of the MIA By-Laws (on Professional Ethics, Conduct and Practice) and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants.

A summary of activities of the AC during the financial year under review is set out in the AC Report of this Annual Report.

II. RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The RMC is responsible for establishing and maintaining a sound risk management and internal control system approved by the Board to ensure that the shareholders' investments, other stakeholders' interests and assets of the Group are safeguarded. RMC evaluates the adequacy and effectiveness of the internal control system by reviewing the actions taken on lapses, recommendations of internal auditors and Management responses.

The RMC is also responsible for implementing risk management policies and strategies approved by the Board. It monitors and manages the principal risk exposure by ensuring that the Management has taken the necessary steps to mitigate such risks and recommends action where necessary. The RMC is charged with monitoring the effectiveness of risk management systems and is required to report to the Board on any significant risk exposure.

The Statement on Risk Management and Internal Control as set out in this Annual Report provides an overview of the management of risks and state of internal control within the Group.

Internal Audit Function

The Directors acknowledge their responsibility to formulate a system of internal control and risk management. The Board seeks regular assurance on the continuity and effectiveness of the internal control and risks management system through independent review by the Internal Auditors.

The Internal Audit function is carried out by IA Essential Sdn. Bhd. ("IA Essential") an internal audit consulting firm. The Internal Audit function is headed by a Director who is assisted by an audit team comprising Manager and Executives. The Director in Charge is a qualified Accountant while other team members are accounting graduates from local universities. Save for the internal audit service, there is no other engagement between the Group and IA Essential which may create conflict of interest or impair their objectivity and independence.

The outsourced Internal Auditors have conducted their work in consideration of the broad principles of the International Professional Practice Framework of IIA covering the conduct of the audit planning, execution, documentations, communication of findings and consultation with key stakeholders.

The outsourced Internal Auditors report independently and directly to the AC in respect of the Internal Audit function. The AC together with the Internal Auditors agreed on the scope and planned Internal Audit activities annually and all audit findings arising therefrom are reported to the AC.

Further details of the activities of the risk management and internal audit function are set out in the Statement on Risk Management and Internal Control in this Annual Report.

PRINCIPLE C : INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

I. COMMUNICATION WITH STAKEHOLDERS

The Board recognises that information is the lifeblood of capital market and effective communication between the Group and its stakeholders is imperative for informed decision-making. The Group also places strong emphasis on the importance of timely and equitable dissemination of information to shareholders and other stakeholders. Whilst the Group endeavours to provide as much information as possible to its stakeholders, it is mindful of the legal and regulatory framework governing the release of material and price-sensitive information.

The communication channels used in the Company's engagement with its stakeholders include:

- a) The Company's website;
- b) Announcements via Bursa Link;
- c) Annual Reports;
- d) General Meetings; and
- e) Investors, analyst and media briefings.

The practice of disclosure of information is not established just to comply with the requirement of the MMLR of Bursa Securities, but also to adopt the best practices recommended in the MCCG with regard to strengthening engagement and communication with shareholders.

The Directors have general responsibility for taking such steps to safeguard the assets of the Group and of the Company and to prevent and detect fraud and other irregularities.

II. CONDUCT OF GENERAL MEETINGS

The Annual General Meeting ("AGM") serves as an invaluable platform for shareholders to engage the Board and Senior Management in productive dialogue and provide constructive feedback that contributes to the overall betterment of the Group. During the previous AGM held on year 2018, all Directors were present whilst for Extraordinary General Meeting ("EGM"), majority Directors had present to provide clear and meaningful response to shareholders' question. The Engagement Partner of the external audit firm was also present at AGM to answer questions from shareholders relating to the external audit process and the attendant outcome. It is customary for Directors to be present early at AGM and EGM venue to socialise with shareholders and gather first-hand views which otherwise would not be raised through formalised engagement fora.

The Board has adopted the recommendation of MCCG for the notice of AGM to be given shareholders at least 28 days prior to the meeting. Explanation for each proposed resolution is set out in the Notice of AGM and EGM to assist shareholders in making their decisions and exercising their voting rights. In line with Paragraph 8.29(1) of the MMLR, all resolutions set out in the Notice of AGM will be put to vote by poll. The Company will also appoint an independent scrutineer to validate the vote cast in the AGM. The outcome of the AGM will then be announced to Bursa Securities on the same meeting day while the summary of key matters, if any, discussed during the AGM will be posted on the Company website.

Shareholders who are unable to attend the AGM are advised that they can appoint proxies to attend and vote on their behalf.

COMPLIANCE STATEMENT

This Statement on the Company's CG practices is made in compliance with Paragraph 15.25 of the MMLR and approved by the Board on 18 April 2019.

AUDIT COMMITTEE REPORT

COMPOSITION OF THE AUDIT COMMITTEE

The AC consists of the following members, all of whom are Independent Non-Executive Directors:-

Chairman

Mr. Loo Choo Hong Independent Non-Executive Director

Members

Datuk Kamarudin bin Md. Ali Senior Independent Non-Executive Director

Mr. Muk Sai Tat Independent Non-Executive Director

The composition of Audit Committee is in compliance with Paragraphs 15.09 and 15.10 of the MMLR of Bursa Malaysia Securities Berhad and the Malaysian Code on Corporate Governance where by all three (3) Audit Committee members are independent Non-Executive Directors.

Other Board members and designated members of Senior Management may also attend these meetings on the invitation of the Audit Committee. The internal auditors and external auditors are also invited to attend the AC meetings to present their audit plan and audit findings respectively, and for the external auditors to assist the AC in its review of the unaudited quarterly financial reports and year-end financial statements.

AUDIT COMMITTEE REPORT

(CONT'D)

The Chairman of the AC briefed the Board on matters of significant concern discussed during AC Meeting held prior to the Board Meeting. The applicable recommendations of the AC were presented by the AC's Chairman at subsequent Board Meeting for the Board's approval. Minutes of each meeting were recorded and tabled for confirmation at the next AC meeting and subsequently presented to the Board for notation.

SUMMARY OF THE WORK OF THE AUDIT COMMITTEE

The work undertaken by the AC in the discharge of its functions and duties for the financial FYE 2018 is summarised as follows:-

A. Financial Reporting

The AC reviewed the unaudited quarterly financial results and year-end financial statements, prior to the approval by the Board of Directors focusing particularly on:-

- i) changes in or implementation of major accounting policy changes;
- ii) significant and unusual events;
- iii) significant judgements arising from the audit;
- iv) the going concern assumption; and
- v) compliance with accounting standards and other legal requirements.

In its review of the quarterly financial reports and year-end financial statements, discussed with Management and the external auditors the financial reporting standards applied, including the judgment exercised in the application of those standards and the critical accounting estimates and assumptions used in arriving at the reported amounts of items in the quarterly financial reports and year-end financial statements.

In respect to the above, the matters were discussed and make the necessary recommendations to the Board prior to release to the relevant authorities and public included:-

- i) compliance with existing and new accounting standards, policies and practices affecting the construction and property development industry;
- ii) any significant adjustments or unusual events; and
- iii) compliance with MMLR of Bursa Securities, the Act and other regulatory requirements.

B. Annual Report Requirements

- i) Reviewed and recommended to the Board for approval, the Statement on Risk Management and Internal Control for inclusion in the 2017 Annual Report, at the AC meeting held on 3 April 2018;
- ii) Reviewed and approved the AC Report for inclusion in the 2017 Annual Report, at the AC Meeting held on 3 April 2018;

C. External Audit

- i) Reviewed the audit planning for the financial year ended 31 December 2018;
- ii) Reviewed with the external auditors, the results of their audit, their Management Letter together with the Management's responses to the findings of the External Auditors; and
- iii) Reviewed the annual audited financial statements and recommended the same to the Board for approval.

The AC had met with the external auditors without the presence of Management thrice, on 8 February 2018, 3 April 2018 and 18 October 2018, in order to provide the external auditors with an avenue to candidly express any concerns they may have, including those relating to their ability to perform their work without restraint or interference.

AC also evaluated the performance of the external auditors, their independence and objectivity, their ability to serve the Group in terms of technical competencies and manpower resource sufficiency, as well as the audit fees of the external auditors. After carrying out an evaluation of the performance of the external auditors, recommended to the Board to propose to shareholders the re-appointment of the external auditors at the forthcoming Annual General Meeting of the Company.

D. Internal Audit

- i) Reviewed the internal audit's scope of work, functions, competency and resources and that it has the necessary authority to carry out its work.
- ii) Reviewed the internal audit plan to ensure the scope and coverage of the internal audit on the operations of the Group is adequate and comprehensive and that all the risk areas are audited annually.
- iii) Reviewed the internal audit reports prepared by the outsourced internal auditors and appraised the adequacy and effectiveness of Management's response in resolving the audit issues reported.
- iv) Reviewed the follow-up internal audit reports prepared by the outsourced internal auditors and monitored the outcome of follow-up audits to ascertain the extent to which agreed action plans have been implemented by the Management.

During the financial year under review, the Internal Auditors had conducted the audit activities as per the approved audit plan and presented their Internal Audit reports on 22 February 2018, 11 May 2018, and 18 October 2018 respectively to the AC.

E. Related Party Transactions

The AC reviewed the quarterly and annual financial statements on the disclosures relating to related party transactions or conflict of interest situations that arose within the Group and ensure compliance with provisions of the MMLR of Bursa Securities

INTERNAL AUDIT FUNCTION

The Internal Audit Function is outsourced to an independent professional services firm, IA Essential Sdn. Bhd., which reports directly to the AC and has direct access to the AC Chairman on all internal control and audit issues. The AC assesses the adequacy of the scope, functions, competency and resources of the Internal Auditors.

The principal role of the Internal Auditors is to undertake independent and regular reviews on the Group's internal controls system so as to provide reasonable assurance on the adequacy, integrity and effectiveness of the Group's system of internal controls, risk management and governance.

The Internal Auditors perform their work in accordance with the principles of the international internal auditing standards covering the conduct of the audit planning, execution, documentations, communication of findings and consultation with key stakeholders on the audit concerns. In order to ensure that the audit focus is on relevant and appropriate risk areas, the internal audit plan was developed in consultation with management taking into consideration the Group's risk profile. The proposed internal audit plan will then be presented to the AC for deliberation and approval before internal audit reviews are carried out.

The total cost incurred in relation to the conduct of the outsourced internal audit functions of the Group for the FYE 2018 amounted to RM100,000 against RM70,324 in FYE 2017.

This AC Report has been reviewed by the AC and approved by the Board on 18 April 2019.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors ("Board") of Gabungan AQRS Berhad is pleased to present its Statement on Risk Management and Internal Control for the financial year ended 31 December 2018. The disclosure in this Statement is presented pursuant to Paragraph 15.26(b) of the MMLR of Bursa Malaysia Securities Berhad ("Bursa Securities") and is guided by the "Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers" ("Guidelines").

BOARD'S RESPONSIBILITIES

In accordance with the latest Malaysian Code of Corporate Governance, the Board who is responsible for the Group's risk management and internal control systems, shall set appropriate policies on internal control and seek assurance that the systems are functioning effectively. In addition, the Board must also ensure that the system of internal control manages risks and forms part of its corporate culture.

The Board has established a Risk Management Committee ("RMC"). The members of RMC are same as last year. The RMC has reviewed and revised its Terms of Reference ("TOR") during the year. The revision of the TOR was done coincide with the practices promulgated in the latest MCGG. The revised TOR was tabled and approved by the Board. This latest TOR of RMC is published in Company's website for stakeholders' reference.

Functionally, the RMC is assisted by Managing Director of Construction Division, Managing Director of Property Division and Executive Director / Group Chief Financial Officer in identifying, analysing, evaluating, managing and monitoring significant risks faced by the Group.

Composition of RMC:-

Chairperson	Mr Muk Sai Tat (Independent Non-Executive Director)
Members:	Y.M. Tunku Alizan bin Raja Muhammad Alias (Independent Non-Executive Director)
	Dato' Azizan bin Jaafar (Executive Director and Group Chief Executive Officer)
	Dato' Ow Chee Cheoon (Executive Director and Group Deputy Chief Executive Officer)
	Datuk Kamarudin bin Md Ali (Senior Independent Non-Executive Director)
	Mr. Loo Choo Hong (Independent Non-Executive Director)

RISK MANAGEMENT

The Group risk management framework is organised in two (2) main segments, namely the Construction and Property Development. The risks of these two segments are identified, analysed, evaluated and reported by the Managing Directors of the Construction and Property Development respectively as well as the Group Chief Financial Officer. At the same time, the Group has adopted the principles of the risk management process of the COSO framework and ISO standard on risk management in the risk management process and the documentation of the risks identified in these segments.

Primarily, the focus of the Group's risk management is on the critical potential events and situations that may affect the progress of the construction and property development projects which in turn will impact the overall timing of delivery of these projects, cost and cash flows of the Group.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(CONT'D)

Manpower, stakeholder and work coordination, safety and quality management as well as compliance of authority requirements remain the key challenges of the construction business segment. In order to address and manage these risks, management continuously strengthening its project management and supervision processes on suppliers and stakeholders management, design, sourcing of alternative materials, deployment of value engineering and site safety.

In respect of the property development segment, the Group will focus on developing well integrated mixed development project with good infrastructure and lifestyle features to manage the risk of softening of the property market while continuing in completing the on-going project according to targeted time. Management had engaged and mobilised more manpower and subcontractors to its on-going project. On the other hand, consistent with the Group's property development focus mentioned earlier, management will relaunch its on-going project with new lifestyle concept in order to capture new market's interest.

With respect to the strategies to enhance and sustain the Group cash flow, management has constantly accumulating and strengthening the Group coffer through prudence cash flow forecast and tighter payment management process. Operationally, management has also streamlined its pool of contractors and suppliers and focus on improving the trade relationship with these stakeholders as well as leveraging on corporate guarantee in order to improve its working capital position.

INTERNAL CONTROLS

Complementing the risk management practices, the following key control procedures and processes are continuing in place in the Group:-

- i. management organisation chart outlining the management responsibilities and hierarchical structure of reporting, accountability and segregation;
- ii. approval and authority limits of the top executives and heads of department;
- iii. pre-evaluation of suppliers, sub-contractors and consultants before selection;
- iv. post-evaluation of suppliers' and sub-contractors' performance for future reference and selection;
- v. review of divisional operating performance by the key management team members of the respective heads;
- vi. implementation of ISO Quality Management System ISO 9001:2015 and OHSAS 18001:2007 for key subsidiaries in order to ensure consistency of standard in quality management system, compliance with customers' safety requirements as well as minimisation of operational hazard risks;
- vii. legal review to ensure contractual risks are addressed and managed before entering into material contracts or agreements;
- viii. job descriptions are established providing understanding to employees of their responsibilities
- ix. regular Safety and Health Committee meetings to enforce safety awareness at site; and
- x. review of related party transactions.

MANAGEMENT RESPONSIBILITIES AND ASSURANCE

In accordance with the Guidelines, the Management is responsible to the Board for:-

- identifying risks relevant to the business of the Group's objectives and strategies;
- implementing and maintaining sound systems of risk management and internal control; and

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(CONT'D)

- monitoring and reporting to the Board of significant control deficiencies and changes in risks that could affect the Group's achievement of its objective and performance.

Before producing this Statement, the Board has received assurances from the Group CEO and Group CFO that, to the best of their knowledge, the Group's risk management and internal control systems are operating adequately and effectively, in all material respects.

Board Assurance and Limitation

The Board acknowledges its overall responsibility for reviewing the adequacy and integrity of the Group's systems of internal control, identifying principal risks and establishing appropriate control environment and framework to manage risks. The Board continues to derive its comfort of the state of risk management and internal control of the Group from the following oversight mechanisms and information compiled for these oversight processes:-

- periodic review of financial information covering financial performance and quarterly financial results;
- RMC's oversight of risk management framework, changes in risk magnitudes and status of management implementation of risk mitigation plan;
- AC's review and consultation with Management on the integrity of the financial results, Annual Report and audited financial statements;
- audit findings and reports on the review of systems of internal control provided by the Internal Auditors and status of Management's implementation of the audit recommendations; and
- Management's assurance that the Group's risk management and internal control systems have been operated adequately and effectively, in all material respects.

For the financial year under review, the Board is satisfied that the existing level of systems of risk management and internal control is effective to enable the Group to achieve its business objectives and there were no material losses resulted from significant control weaknesses that require additional disclosure in this Annual Report.

The Board recognises that the systems of risk management and internal control should be continuously improved in line with the evolving business development. Nonetheless, it should be noted that all risk management systems and systems of internal control could only manage rather than eliminate risks of failure to achieve business objectives. Therefore, these systems of risk management and internal control in the Group can only provide reasonable but not absolute assurance against material misstatements, frauds and losses.

Review of Statement on Risk Management and Internal Control by External Auditors

As required by Paragraph 15.23 of the MMLR, the External Auditors have reviewed this Statement on Risk Management and Internal Control. As set out in their terms of engagement, the procedures were performed in accordance with the Audit and Assurance Practice Guide 3 ("AAPG3") issued by MIA. The External Auditors' procedures have been conducted to assess whether the Statement on Risk Management and Internal Control is both supported by the documentation prepared by or for the Directors and appropriately reflects the process the Directors have adopted in reviewing the adequacy and integrity of the system of internal control for the Group.

Based on their procedures performed, the External Auditors have reported to the Board that nothing has come to their attention which causes them to believe that this Statement is inconsistent with their understanding of the process adopted by the Board and management in reviewing the adequacy and integrity of the risk management and effectiveness of the systems of risk management and internal control systems of the Group.

This Statement on Risk Management and Internal Control was made in accordance with the approval by the Board dated 18 April 2019.

STATEMENT BY NOMINATION COMMITTEE

The following statement is made by the NC of the Board in accordance with Paragraph 15.08A of the MMLR requiring all public listed companies to disclose a statement on the activities of the NC.

The key responsibilities of the NC are to assist the Board among others, to assess the performance of Directors, as well as to evaluate and recommend suitable candidates for the Board and Senior Management, if necessary. The NC had reviewed and recommended to the Board on the revised Terms of Reference of NC on 21 March 2019. The Terms of Reference of the NC is published on the corporate website of the Company for reference at www.gbg.com.my.

The members of the NC comprise exclusively Independent Non-Executive Directors (“INEDs”).

During the financial year ended 31 December 2018, the NC held one (1) meeting. The members of the NC and the details of their meeting attendance are as follows:-

Name of Committee Members	Designation	No. of Meetings Attended/ No.of Meetings Held During Tenure of Office
Muk Sai Tat (Independent Non-Executive Director)	Chairman	1/1
Datuk Kamarudin bin Md Ali (Senior Independent Non-Executive Director)	Member	1/1
Loo Choo Hong (Independent Non-Executive Director)	Member	1/1

The key agenda deliberated in these meetings are as follows:-

- Reviewed the size and composition of the Board and Board Committee;
- Nominated for the re-election of Board members at the forthcoming AGM and recommended to the Board that a resolution for their re-election be tabled at the forthcoming AGM;
- Reviewed annual assessment of the effectiveness and performance of the Board;
- Reviewed and assessed the independence of the Independent Directors based on the criteria set out in the MMLR of Bursa Securities; and
- Reviewed annual assessment of the contribution and performance of each Director, Board Committees as well as the contribution of the NEDs.
- Reviewed the structure of the Senior Management by nominating and re-designation some Senior Management’s positions in order to set the direction of the property development and construction division of the Company and the Group for next phase of growth. The conduct was made in order to adhere good corporate governance.

The NC upon its assessment of the above, is satisfied that the Board has met the policy on its composition.

STATEMENT BY NOMINATION COMMITTEE

(CONT'D)

The performance evaluations of the Board, Board Committee and individual Directors are conducted by way of self-assessment. The Directors are given a set of questionnaire covering assessments of the Board, Board Committees, individual Director and independence assessments for Independent Directors to provide their feedback, views, commentary and suggestions for improvements. The results of these self-assessment questionnaires are compiled by the Company Secretary and tabled to the NC for review and deliberation. The key criteria applied in these assessments include integrity, availability, meeting preparation and attendance, Board participation, business planning contribution and teamwork.

The Board currently has one (1) female director out of seven (7) directors which makes up to 14.29% of the Board members. The Board would ensure that women candidates are continuously sought when considering future candidate(s) for vacancy at the Board level. Further, the Board also believes that the current size and compositions are appropriate for its purpose, and is satisfied that the current Board composition fairly reflects the interest of minority shareholders within the Group.

All Directors are required to retire but are eligible to submit themselves for re-election at least once in every three (3) years. This requirement allows shareholders to assess the Directors' performances and contributions to the Group and, if required, to replace them. Before recommending the retiring Directors to the Board for re-election, the NC would summarise the past performance assessment of the retiring Directors for the Board's review while the retiring Directors abstain from deliberations of their performance.

The Constitution of the Company provides that the minimum and maximum size of the Board shall be two (2) and twelve (12) members respectively. The objective of the Board composition is to maintain an effective size of the Board which reflects its responsibilities, dynamism and sense of sharing common purposes among its members.

DIRECTORS'

RESPONSIBILITY STATEMENT

FOR THE AUDITED FINANCIAL STATEMENTS

The Directors are required pursuant to the Act to prepare the financial statements for each financial year in accordance with the applicable approved accounting standards in Malaysia.

The Directors are responsible to ensure that the financial statements give a true and fair view of the state of affairs of the Company and the Group as at the end of the financial year, and of the results and cash flows of the Company and the Group for the financial year.

In preparing the financial statements, the Directors have ensured that:-

- appropriate accounting policies and practices have been adopted and applied consistently;
- the statements are supported by reasonable and prudent judgements and estimates;
- all applicable accounting standards have been followed, subject to any material departure and explained in the financial statements; and
- a going-concern basis has been adopted unless it is inappropriate to presume that the Group will continue its business.

The Directors are also responsible for ensuring that the Group and the Company keep proper accounting records which disclose the financial position of the Group and of the Company with reasonable accuracy at any time, thus enabling the financial statements to be complied with the requirements of the Act and have been made out in accordance with applicable Malaysian Financial Reporting Standards, International Financial Reporting Standards and the MMLR of Bursa Securities.

The Directors are also responsible for taking the necessary steps as are reasonably open to them to ensure appropriate systems are in place to safeguard the assets of the Group and of the Company, and to detect and prevent fraud and other irregularities. The systems, by their nature, can only provide reasonable and not absolute assurance against material misstatements, whether due to fraud or error.

- (a) Before the financial statements of the Group and of the Company were prepared, the Directors took reasonable steps:
 - (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and have satisfied themselves that all known bad debts has been written off and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets other than debts, which were unlikely to realise their book values in the ordinary course of business have been written down to their estimated realisable values.
- (b) In the opinion of the Directors, the results of the operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature.

(II) FROM THE END OF THE FINANCIAL YEAR TO THE DATE OF THIS REPORT

- (c) The Directors are not aware of any circumstances:
 - (i) which would render the amounts written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any material extent;
 - (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; and
 - (iii) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) In the opinion of the Directors:
 - (i) there has not arisen any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made; and
 - (ii) no contingent or other liability has become enforceable, or is likely to become enforceable, within the period of twelve (12) months after the end of the financial year, which would or may affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

DIRECTORS' REPORT

(CONT'D)

OTHER STATUTORY INFORMATION REGARDING THE GROUP AND THE COMPANY (continued)

(III) AS AT THE DATE OF THIS REPORT

- (e) There are no charges on the assets of the Group and of the Company which have arisen since the end of the financial year to secure the liabilities of any other person.
- (f) There are no contingent liabilities of the Group and of the Company which have arisen since the end of the financial year.
- (g) The Directors are not aware of any circumstances not otherwise dealt with in the report or financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

AUDITORS

The auditors, BDO PLT (LLP0018825-LCA & AF 0206), have expressed their willingness to continue in office.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GABUNGAN AQRS BERHAD

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Gabungan AQRS Berhad, which comprise the statements of financial position as at 31 December 2018 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 104 to 185.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2018 and of their financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs"), and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

(a) **Revenue recognition for construction contracts and property development**

Revenue from construction contracts and property development is set out in Note 6 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgements in determining the satisfaction of performance obligations as stated in the contracts with customers, transaction price allocations and costs in applying the input method to recognise revenue over time, which is based on stage of completion method. The determination of stage of completion requires management to exercise significant judgement in estimating the total costs to complete.

In estimating the budgeted contract costs and budgeted development costs, the Group considered the completeness and accuracy of its cost estimation, including its obligations to contract variations, claims and cost contingencies.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GABUNGAN AQRS BERHAD (CONT'D)

Key Audit Matters (continued)

(a) *Revenue recognition for construction contracts and property development (continued)*

Audit response

Our audit procedures included the following:

- (i) Reviewed the terms and conditions of the sales transactions to determine that revenue recognised conforms with the Group policies and the requirements of MFRS 15 *Revenue from Contracts with Customers*;
- (ii) Compared management's estimates of budgeted contract costs and budgeted development costs to relevant supporting documents and recomputed the progress towards complete satisfaction of performance obligations determined by management for revenue recognition based on actual costs incurred up to the end of the reporting period;
- (iii) Inspected documentation to support cost estimates made including contract variations and cost contingencies;
- (iv) Visited project sites and inquired with in-house quantity surveyors and project managers to corroborate the status of the works and the stage of completion; and
- (v) Inspected documentation from technical experts and sub-contractors in relation to variations and claims to corroborate key judgements applied by management.

(b) *Recoverability of trade and other receivables*

The carrying amount of trade and other receivables are set out in Note 22 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement in determining the probability of default by trade and other receivables, appropriate forward looking information and significant increase in credit risk. We focused on the audit risk that the impairment losses on trade and other receivables may be understated and hence, further impairment losses may be required.

Audit response

Our audit procedures included the following:

- (i) Assessed the expected credit loss ("ECL") for portfolios of trade receivables and other receivables based on customer segments, historical information on payment trend and forward-looking information;
- (ii) Recomputed the probability of default using historical data and forward looking information adjustment applied by the Group; and
- (iii) Inquiries of management to assess the rationale underlying the relationship between the forward-looking information and expected credit losses.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GABUNGAN AQRS BERHAD (CONT'D)

Key Audit Matters (continued)

(c) *Impairment assessment of the carrying amount of intangible assets*

Included in intangible assets is customer contract with a carrying amount of RM28,564,072, which arose from the acquisition of a subsidiary as disclosed in Note 20 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement and estimates about the future results and key assumptions applied to cash flow projections of the subsidiary in determining the recoverable amount. These key assumptions include forecast growth in future revenues and operating profit margins, as well as determining an appropriate pre-tax discount rate and growth rates.

Audit response

Our audit procedures included the following:

- (i) Reviewed cash flow projections, assessed and challenged the key assumptions in the projections;
- (ii) Evaluated the reasonableness of pre-tax discount rate by comparing to the weighted average cost of capital of the Company and relevant risk factors; and
- (iii) Performed sensitivity analysis of our own to stress test the key assumptions in the impairment model.

(d) *Impairment assessment of the carrying amount of investments in subsidiaries*

As at 31 December 2018, investments in subsidiaries of the Company were RM322,542,482 net of impairment of RM28,623,124 as disclosed in Note 16 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement and estimates about the future results and key assumptions applied to cash flow projections of the subsidiaries. In this instance, their recoverable amounts are based on their value-in-use method. These key assumptions include budgeted operating profit margins and growth rates as well as determining an appropriate pre-tax discount rate.

Audit response

Our audit procedures included the following:

- (i) Compared cash flow projections against recent performance and historical accuracy of cash flow projections prepared by management and challenged key assumptions used in the projections; and
- (ii) Evaluated the reasonableness of pre-tax discount rate by comparing to the weighted average cost of capital of the Company and relevant risk factors.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSs, IFRSs, and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group and of the Company.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GABUNGAN AQRS BERHAD (CONT'D)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also: (continued)

- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GABUNGAN AQRS BERHAD (CONT'D)

Other Matters

As stated in Note 3 to the financial statements, Gabungan AQRS Berhad adopted Malaysian Financial Reporting Standards on 1 January 2018 with a transition date of 1 January 2017. These Standards were applied retrospectively by Directors to the comparative information in these financial statements, including the statements of financial position as at 31 December 2017 and 1 January 2017, and the statements of profit and loss and other comprehensive income, statements of changes in equity and statements of cash flows for the financial year then ended 31 December 2017 and related disclosures. We were not engaged to report on the restated comparative information, and it is unaudited. Our responsibilities as part of our audit of the financial statements of the Group and of the Company for the financial year ended 31 December 2018 have, in these circumstances, included obtaining sufficient appropriate audit evidence that the opening balances as at 1 January 2018 do not contain misstatements that materially affect the financial position as of 31 December 2018 and the financial performance and cash flows for the financial year then ended.

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The financial statements were authorised for issue in accordance with a resolution by the Board of Directors on 18 April 2019.

2. PRINCIPAL ACTIVITIES

The principal activity of the Company is investment holding. The principal activities and details of the subsidiaries are set out in Note 16 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

3. BASIS OF PREPARATION

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the provisions of the Companies Act 2016 in Malaysia.

These are the first financial statements of the Group and the Company prepared in accordance with MFRSs and IFRSs and MFRS 1 *First-time Adoption of Malaysian Financial Reporting Standards* has been applied. In the previous financial years, the financial statements of the Group and of the Company were prepared in accordance with Financial Reporting Standards ("FRSs") in Malaysia.

The Group and Company have consistently applied the same accounting policies in its opening MFRS statements of financial position as at 1 January 2017 and throughout all financial years presented, as if these policies had always been in effect. Comparative information for the financial year ended 31 December 2017 in these financial statements have been restated to give effect to these changes. Note 35 to the financial statements discloses the new MFRSs, amendments to MFRSs adopted during the financial year and the impact of the transition to MFRSs, on the reported financial position of the Group and the Company as at 1 January and 31 December 2017, and the financial performance and cash flows for the financial year ended 31 December 2017.

The financial statements of the Group and of the Company have been prepared under the historical cost convention except as otherwise stated in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2018 (CONT'D)

4. OPERATING SEGMENTS

Gabungan AQRS Berhad and its subsidiaries are principally engaged in construction, property development, property investment, provision of management services and investment holding.

Gabungan AQRS Berhad has arrived at two (2) reportable segments that are organised and managed separately according to the nature of products and services, specific expertise and technologies requirements, which require different business and marketing strategies. The reportable segments are summarised as follows:

(i) Construction

Securing and carrying out construction contracts.

(ii) Property development

Development of residential and commercial properties.

Other operating segments comprise property investment, provision of management services and investment holding.

The Group evaluates performance on the basis of profit or loss from operations before tax not including non-recurring losses, such as restructuring costs and goodwill impairment, if any.

Inter-segment revenue is priced along the same lines as sales to external customers and is eliminated in the consolidated financial statements. These policies have been applied consistently throughout the current and previous financial years.

5. CAPITAL AND FINANCIAL RISK MANAGEMENT

(a) Capital management

The primary objective of the capital management of the Group is to ensure that entities of the Group would be able to continue as going concern whilst maximising return to shareholders through the optimisation of the debt and equity ratios. The overall strategy of the Group remains unchanged from that in the previous financial year.

The Group manages its capital structure and makes adjustments to it in response to changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the financial years ended 31 December 2018 and 31 December 2017.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The strategy of the Group is to maintain the balance between debt and equity and to ensure sufficient operating cash flows to repay its liabilities as and when they fall due. The Group includes within net debt, loans and borrowings, less cash and bank balances (including fixed deposits with licensed banks) and short term funds. Capital represents total equity.

* Gearing ratio is not presented as the Company is in net cash position as at the end of the reporting period.

Pursuant to the requirements of Practice Note No. 17/2005 of Bursa Malaysia Securities Berhad, the Group is required to maintain a consolidated shareholders' equity of not less than or equals to twenty-five percent (25%) of the issued share capital (excluding any treasury shares) and such shareholders' equity is not less than RM40,000,000. The Company has complied with this requirement for the financial year ended 31 December 2018.

The Group is not subject to any other externally imposed capital requirements.

(b) Financial risk management objectives and policies

The financial risk management objective of the Group is to optimise value creation for shareholders whilst minimising the potential adverse impact arising from fluctuations in interest rates and the unpredictability of the financial markets.

The exposure to these risks arises in the normal course of the business of the Group. The overall business strategies of the Group outlines its tolerance to risk and its general risk management philosophy and is determined by the management in accordance with prevailing economic and operating conditions.

The Group is exposed mainly to liquidity and cash flow risk, interest rate risk, credit risk and market price risk. Information on the management of the related exposures is detailed below.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2018 (CONT'D)

5. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management objectives and policies (continued)

(i) Liquidity and cash flow risk

The Group actively manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that all operating, investing and financing needs are met. In executing its liquidity risk management strategy, the Group measures and forecasts its cash commitments and maintains a level of cash and cash equivalents deemed adequate to finance the activities of the Group.

The analysis of financial instruments by remaining contractual maturities has been disclosed in Notes 29 and 31 to the financial statements respectively.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments of the Group and of the Company would fluctuate because of changes in market interest rates.

The exposure of the Group and of the Company to interest rate risk arises primarily from its amounts owing from subsidiaries, fixed deposits with licensed banks, loans and borrowings and other payables. The Group borrows at both floating and fixed rates of interest to generate the desired interest profile and to manage the exposure of the Group to interest rate fluctuations.

The interest rate profile and sensitivity analysis of interest rate risk have been disclosed in Notes 22, 26, 29 and 31 to the financial statements respectively.

(iii) Credit risk

Cash deposits and trade receivables could give rise to credit risk which requires the loss to be recognised if a counter party fails to perform as contracted. The counter parties are reputable institutions and organisations. It is the policy of the Group to monitor the financial standing of these counter parties on an ongoing basis to ensure that the Group is exposed to minimal credit risk.

The primary exposure of the Group to credit risk arises through its trade receivables. The trading terms of the Group with its customers are mainly on credit, except for new customers, where deposits in advance are normally required. The credit period is generally for a period of one (1) month, extending up to two (2) months for major customers. Each customer has a maximum credit limit and the Group seeks to maintain strict control over its outstanding receivables via a credit control section to minimise credit risk. Overdue balances are reviewed regularly by senior management.

At the end of each reporting period, the maximum exposure of the Group and of the Company to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

The credit risk concentration profiles have been disclosed in Note 22 to the financial statements.

5. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management objectives and policies (continued)

(iv) Market price risk

Market price risk is the risk that the fair value or future cash flows of the financial instruments of the Group would fluctuate because of changes in market prices (other than interest or exchange rates).

The Group and the Company are exposed to market price risk arising from other investment and short term funds, which are quoted. These instruments are classified as financial assets designated at fair value through profit or loss.

The sensitivity analysis of market price risk has been disclosed in Notes 24 and 25 to the financial statements respectively.

6. REVENUE

	2018 RM	Group 2017 RM	2018 RM	Company 2017 RM

	585,329,884	462,304,595	61,490,000	10,000,000

Disaggregation of revenue from contracts with customers has been presented in the operating segments, Note 4 to the financial statements.

(a) Construction contracts

Revenue from contract works are recognised over the period of the contracts by reference to the progress towards complete satisfaction of that performance obligations. Progress is determined on the proportion of construction contract costs incurred for work performed to date against total estimated construction contract costs where the outcome of the project can be estimated reliably.

Significant judgements are required in determining the stage of completion, the extent of the construction costs incurred, the estimated total construction revenue and costs. In making the judgements, the Group evaluates based on past experience and by relying on the work of specialists.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2018 (CONT'D)

6. REVENUE (continued)

(b) Property development

The Group recognises revenue from property development over time if it creates an asset with no alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (e.g. by reference to the property development costs incurred to date as a percentage of the estimated total cost of development of the contract).

(c) Rental income

Rental income is accounted for on a straight line basis over the lease term of an ongoing lease. The aggregate cost of incentives provided to the lessee is recognised as reduction of rental income over the lease term on a straight line basis.

(d) Dividend income

Dividend income is recognised when the right to receive payment is established.

14. PROPERTY, PLANT AND EQUIPMENT (continued)

- (a) All items of property, plant and equipment are initially recorded at cost. After initial recognition, property, plant and equipment are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated to write off the cost of the assets to their residual values on a straight line basis over their estimated useful lives. The principal annual depreciation rates are as follows:

Leasehold land and buildings	2%
Information technology equipment	20%
Furniture and fittings	8% to 10%
Motor vehicles	20%
Office and computer equipment	10% to 40%
Operation and construction equipment	10% to 20%
Plant, machinery and cabins	10% to 20%

- (b) The Group has assessed and classified land use rights of the Group as finance leases based on the extent to which risks and rewards incidental to ownership of the land resides with the Group arising from the lease term. Consequently, the Group has classified the unamortised upfront payment for land use rights as finance leases in accordance with MFRS 117 *Leases*.
- (c) During the financial year, the Group made the following cash payments to purchase property, plant and equipment:

	2018 RM	Group 2017 RM
Purchase of property, plant and equipment	10,892,319	2,271,206
Financed by hire-purchase arrangements	(4,947,400)	(970,300)
Cash payments on purchase of property, plant and equipment	5,944,919	1,300,906

- (d) The carrying amount of the property, plant and equipment of the Group under hire purchase arrangements at the end of each reporting period are as follows:

	2018 RM	Group 2017 RM
Motor vehicles	4,062,775	1,290,312
Operation and construction equipment	-	86,024
Plant, machinery and cabins	306,520	-
	4,369,295	1,376,336

- (e) As at the end of the reporting period, leasehold land and buildings with a carrying amount of RM15,948,591 (2017: RM13,565,667) were charged to financial institutions for banking facilities granted to the Group as disclosed in Note 29 to the financial statements.

15. INVESTMENT PROPERTIES (continued)

- (b) Investment properties are initially measured at cost, which includes transaction costs. After initial recognition, investment properties are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated to write off the cost of the investment properties to their residual values on a straight line basis over their estimated useful lives. The principal depreciation period for the investment properties is fifty (50) years.

- (c) Investment properties comprise buildings, plant and furnitures which are in respect of the provision of accommodation on base-camp concept that are leased to a third party.
- (d) The Level 3 fair value of investment properties is RM65,994,950 (2017: RM72,864,363). The fair value is estimated using explicit assumptions regarding the benefits and liabilities of ownership over the asset's life.

The duration of the cash flow and the specific timing of inflows and outflows are determined by events such as rent reviews, lease renewal and related lease up periods. The appropriate duration is typically driven by market behaviour that is a characteristic of the class of real property. In the case of investment properties, periodic cash flow is typically estimated as gross income less any other operating and management expenses.

- (e) The following are recognised in the statements of profit or loss and other comprehensive income in respect of investment properties:

16. INVESTMENTS IN SUBSIDIARIES (continued)

- (a) Investments in subsidiaries are stated in the separate financial statements at cost less any impairment losses.

All components of non-controlling interests shall be measured at their acquisition-date fair values, unless another measurement basis is required by MFRSs. The choice of measurement basis is made on a combination-by-combination basis. Subsequent to initial recognition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

- (b) Equity loans to subsidiaries are unsecured, interest-free and have no fixed terms of repayment, and are considered to be part of the net investments of the Company in the subsidiaries.

20. INTANGIBLE ASSETS (continued)

- (a) Intangible assets are initially measured at cost. After initial recognition, intangible assets are carried at cost less accumulated amortisation and/or any accumulated impairment losses.
- (b) Customer contract relates to a construction project awarded to Monolight, which would be amortised based on the unit of production of the construction project.
- (c) Goodwill recognised in a business combination is an asset at the acquisition date and is initially measured at cost. After initial recognition, goodwill is measured at cost less accumulated impairment losses.
- (d) Goodwill has been allocated to the cash-generating units ("CGU") of the Group, according to business segment as follows:

	2018 RM	Group 2017 RM
Construction	1,219,080	1,219,080

- (e) For the purpose of impairment testing, intangible assets are allocated to the operating divisions of the Group which represent the lowest level within the Group at which the intangible assets are monitored for internal management purposes.
- (f) Key assumptions used in value-in-use calculation

The Group determines whether intangible assets are impaired at least on an annual basis. This requires an estimation of the value-in-use of the cash-generating units ("CGU") to which intangible assets are allocated. Estimating a value-in-use amount requires management to make an estimate of the expected future cash flows from the CGU and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

The recoverable amount of a CGU is determined based on value-in-use calculation using cash flow projection based on financial budget approved by management covering a three-year period. The key assumptions used for value-in-use calculation for the business segment are:

	2018 %	Construction 2017 %
Growth rate	32.60	32.60
Discount rate	12.10	10.30

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2018 (CONT'D)

20. INTANGIBLE ASSETS (continued)

(f) Key assumptions used in value-in-use calculation (continued)

The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of intangible assets:

(i) Growth rate

The growth rate used is determined using a simple average of the annual profit before tax and interest (PBIT) growth rate obtained from projected cash flow approved by management in respect of a construction project. The projected cash flow cover a period of three (3) years and the budgeted inflow is recognised over the period basing on the projected percentage of completion of the construction project. The effect of changes to the parameters is not material to the growth rate used.

(ii) Pre-tax discount rate

The discount rate reflects specific risks relating to the relevant segment.

(g) Sensitivity to changes in assumptions

With regard to the assessment of value-in-use, management believes that no reasonably possible change in any of the above key assumptions would cause the carrying amount of the CGU to materially exceed their recoverable amounts.

- (b) Land held for property development is stated at cost less impairment losses, if any. Such land is classified as non-current asset when no significant development work has been carried out or where development activities are not expected to be completed within the normal operating cycle.
- (c) Property development costs not recognised as an expense are recognised as an asset measured at lower of cost and net realisable value. The asset is subsequently credited over to profit or loss and recognised as an expense when the control of the asset is transferred to the customer.
- (d) The Group recognises in profit or loss the property development revenue and costs by reference to the progress towards complete satisfaction of that performance obligation at the reporting period. It is measured based on direct measurements of the value transferred by the Group to the customers and the Group's efforts or inputs to the satisfaction of the performance obligation. Significant judgement is required in determining the completeness and accuracy of the budgets and the extent of the costs incurred.

21. INVENTORIES (continued)

- (e) As at the end of the reporting period, property development costs of the Group with carrying amounts of RM48,356,809 (2017: RM246,723,491) were charged to financial institutions for banking facilities granted to the Group as disclosed in Note 29 to the financial statements.
- (f) Freehold land under development of RM95,750,000 (2017: RM74,750,000) is provided by Pro-Meridian Sdn. Bhd. ("Pro-Meridian"), pursuant to an agreement entered into by a subsidiary, AQRS The Building Company Sdn. Bhd. ("AQRS") with Pro-Meridian on 30 September 2011. In accordance with the agreement, AQRS was granted vacant possession to develop the freehold land.
- (g) Additions to aggregate costs incurred during the financial year include interest expense of RM162,301 (2017: RM3,668,188). Interest is capitalised at rate of 8.53% (2017: 8.53%) per annum.
- (h) In the previous financial year, inventories of the Group recognised as cost of sales amounted to RM8,842,039.

22. TRADE AND OTHER RECEIVABLES (continued)

- (e) Amounts owing from subsidiaries represent advances, payments made on behalf and dividend receivable, which are unsecured, bear interests at 3.00% (2017: 3.00%) per annum and receivable within the next twelve (12) months in cash and cash equivalents.

Sensitivity analysis for amounts owing from subsidiaries as at the end of the reporting period is not presented as fixed rate instruments are not affected by change in interest rates.

No expected credit loss is recognised arising from amounts owing from subsidiaries as it is negligible.

- (f) Trade and other receivables are denominated in Ringgit Malaysia.
- (g) Impairment for trade receivables that do not contain a significant financing component are recognised based on the simplified approach using the lifetime expected credit losses.

During this process, the probability of non-payment by the trade receivables is adjusted by forward looking information (unemployment rates and inflation rates) and multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such impairments are recorded in a separate impairment account with the loss being recognised within administrative expenses in the consolidated statement of profit or loss and other comprehensive income. On confirmation that the trade receivable would not be collectable, the gross carrying value of the asset would be written off against the associated impairment.

It requires management to exercise significant judgement in determining the probability of default by trade receivables and appropriate forward looking information.

Lifetime expected loss provision for trade receivables as at 31 December 2018 are as follows:

22. TRADE AND OTHER RECEIVABLES (continued)

- (i) Impairment for other receivables and amounts due from related parties are recognised based on the general approach within MFRS 9 using the forward looking expected credit loss model. The methodology used to determine the amount of the impairment is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset. The Group defined significant increase in credit risk as more than 30 days past due. As at the end of the reporting period, the Group and the Company assess whether there has been a significant increase in credit risk for financial assets by comparing the risk for default occurring over the expected life with the risk of default since initial recognition. For those in which the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those in which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

The probability of non-payment other receivables are adjusted by forward looking information (unemployment rates and inflation rates) and multiplied by the amount of the expected loss arising from default to determine the twelve month or lifetime expected credit loss for the other receivables and amounts due from related parties.

It requires management to exercise significant judgement in determining the probability of default by other receivables and amounts due from subsidiaries appropriate forward looking information and significant increase in credit risk.

23. CONTRACT ASSETS/(LIABILITIES) (continued)

(a) Construction contracts and property development contracts

Construction contracts and property development contracts represent the timing differences in revenue recognition and the milestone billings. The milestone billings are structured and/or negotiated with customers to reflect physical completion of the contracts.

Contract assets are transferred to receivables when the rights to economic benefits become unconditional. This usually occurs when the Group issues billing to the customer. Contract liabilities are recognised as revenue when performance obligations are satisfied.

(b) Additions to aggregate costs incurred during the financial year include:

(ii) The Group as lessor

The Group has entered into a non-cancellable lease arrangement for the rental of investment properties and plant and machinery for a term of five (5) years and two (2) years respectively.

The Group has aggregate future minimum lease receivables as at the end of the reporting period as follows:

	Group	
	2018 RM	2017 RM
Not later than one (1) year	11,364,176	11,588,016
Later than one (1) year and not later than five (5) years	14,192,520	26,183,936

33. CONTINGENT LIABILITIES

(a) Guarantees

	2018 RM	Group 2017 RM	2018 RM	Company 2017 RM
Corporate guarantees given to financial institutions for credit facilities granted to subsidiaries	-	-	323,783,270	336,172,144
Corporate guarantees given to suppliers in respect of goods supplied to its wholly-owned subsidiaries	-	-	109,611,030	92,559,780
Bank guarantees given by financial institutions in respect of construction and property projects	200,387,965	180,725,752	5,178,532	5,178,532
	200,387,965	180,725,752	438,572,832	433,910,456

The Group designates corporate guarantees given to banks for credit facilities granted to third party and subsidiaries as insurance contracts as defined in MFRS 4 *Insurance Contracts*. The Group recognises these insurance contracts as recognised insurance liabilities when there is a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The Directors are of view that the chances of the financial institutions to call upon the guarantees are remote. Accordingly, the fair values of the above guarantees are negligible.

34. RELATED PARTY DISCLOSURES

(a) Identities of related parties

Parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties could be individuals or other entities.

Related parties of the Group include:

- (i) Direct and indirect subsidiaries as disclosed in Note 16 to the financial statements;
- (ii) Associates and joint ventures as disclosed in Notes 17 and 18 to the financial statements;
- (iii) Key management personnel, which comprises persons (including the Directors of the Group) having authority and responsibility for planning, directing and controlling the activities of the Group directly or indirectly; and
- (iv) Companies in which the Directors/shareholders of the Company or their close family members have substantial financial interests or significant influence.

35. ADOPTION OF NEW MFRSs AND AMENDMENTS TO MFRSs

35.1 New MFRSs adopted during the current financial year

The Group and the Company being transitioning entities as defined by the Malaysian Accounting Standards Board ("MASB"), has applied the MFRS Framework during the financial year ended 31 December 2018. Accordingly, these are the first financial statements of the Group and of the Company prepared in accordance with MFRSs.

In adopting the new MFRS Framework, the Group applied the transition requirements in MFRS 1 *First-time Adoption of Malaysian Financial Reporting Standards*. In addition to the adoption of the new MFRS Framework, the following new MFRSs and Amendments to the MFRSs issued by MASB were adopted by the Group during the financial year.

Title	Effective Date

Notes to the reconciliations

(i) Transition from FRS Framework to MFRS Framework

The Group elected to apply MFRS 3 *Business Combinations* prospectively from the date FRS 3 *Business Combinations* was adopted and to deem the carrying amount of investment in each subsidiary, joint venture and associate to be the cost of the investment in the separate financial statements as at the date of transition to MFRSs.

The Group elected to apply the optional exemption in respect of the requirements of MFRS 123 from the date of transition or from an earlier date as permitted by paragraph 28 of MFRS 123. From the date on which the Group begins to apply this exemption from MFRS 123, the Group:

- shall not restate the borrowing cost component that was capitalised under previous generally accepted accounting principles and that was included in the carrying amount of assets at that date; and
- shall account for borrowing costs incurred on or after that date in accordance with MFRS 123, including those borrowing costs incurred on or after that date on qualifying assets already under construction.

35. ADOPTION OF NEW MFRSs AND AMENDMENTS TO MFRSs (continued)

35.2 Explanation of transition to MFRSs (continued)

Notes to the reconciliations (continued)

(ii) Adoption of MFRS 15

MFRS 15 establishes a comprehensive framework for revenue recognition and measurement. It replaces MFRS 118 *Revenue*, MFRS 111 *Construction Contracts* and related Interpretations. Under MFRS 15, revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control, at a point in time or over time, requires significant judgement.

In applying MFRS 15 retrospectively, the Group applied the following practical expedients:

- (a) For completed contracts, contracts that begin and end within the same annual reporting period were not restated;
- (b) For completed contracts that have variable consideration, rather than estimating variable consideration amounts in the comparative reporting periods, transaction price at the date the contract was completed was used; and
- (c) For all reporting period presented before the date of initial application, the amount of the transaction price allocated to the remaining performance obligations and an explanation of when the revenue is expected to be recognised need not be disclosed.

The MFRS 15 adjustments are mainly due to:

- (a) Changes to the timing of revenue recognition for construction and property development activities;
- (b) Reclassification of excess of revenue earned over the billings on construction and property development contracts to contract assets;
- (c) Reclassification of excess of billings over revenue earned on construction and property development contracts, deferred income and customers deposit to contract liabilities; and
- (d) Reclassification of land held for property development and property development costs to inventories.

(iii) Adoption of MFRS 9

MFRS 9 sets out requirements for recognising and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaces MFRS 139 *Financial Instruments: Recognition and Measurement*.

(a) Classification of financial assets and financial liabilities

The Group and the Company classify their financial assets into the following measurement categories depending on the business model of the Group and the Company for managing the financial assets and the terms of contractual cash flows of the financial assets:

- (i) Those to be measured at amortised cost; and
- (ii) Those to be measured subsequently at fair value either through other comprehensive income or through profit or loss.

35.2 Explanation of transition to MFRSs (continued)

Notes to the reconciliations (continued)

(iii) Adoption of MFRS 9 (continued)

(a) Classification of financial assets and financial liabilities (continued)

The following summarises the key changes:

- (i) The Available-For-Sale ("AFS"), Held-To-Maturity ("HTM") and Loans and Receivables ("L&R") financial asset categories were removed.
- (ii) A new financial asset category measured at Amortised Cost ("AC") was introduced. This applies to financial assets with contractual cash flow characteristics that are solely payments of principal and interest and held in a business model whose objective is achieved by collecting contractual cash flows.
- (iii) A new financial asset category measured at Fair Value Through Other Comprehensive Income ("FVTOCI") was introduced. This applies to debt instruments with contractual cash flow characteristics that are solely payments of principal and interest and held in a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- (iv) A new financial asset category for non-traded equity investments measured at FVTOCI was introduced.

MFRS 9 largely retains the existing requirements in MFRS 139 for the classification of financial liabilities.

However, under MFRS 139 all fair value changes of liabilities designated as FVTPL are recognised in profit or loss, whereas under MFRS 9 these fair value changes are generally presented as follows:

- (i) Amount of change in the fair value that is attributable to changes in the credit risk of the liability is presented in Other Comprehensive Income; and
- (ii) The remaining amount of change in the fair value is presented in profit or loss.

(b) Impairment of financial assets

The adoption of MFRS 9 has fundamentally changed the accounting for impairment losses for financial assets of the Group by replacing the incurred loss approach of MFRS 139 with a forward-looking expected credit loss approach. MFRS 9 requires the Group to record an allowance for expected credit losses for all debt financial assets not held at fair value through profit or loss.

Expected credit losses are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive. The estimate of expected cash shortfall shall reflect the cash flows expected from collateral and other credit enhancements that are part of the contractual terms. The shortfall is then discounted at an approximation to the original effective interest rate of the asset.

Impairment for trade receivables and contract assets that do not contain a significant financing component are recognised based on the simplified approach within MFRS 9 using the lifetime expected credit losses.

During this process, the probability of non-payment by the trade receivables is adjusted by forward looking information and multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such impairments are recorded in a separate impairment account with the loss being recognised within administrative expenses in the consolidated statement of profit or loss and other comprehensive income. On confirmation that the trade receivable would not be collectable, the gross carrying value of the asset would be written off against the associated impairment.

35. ADOPTION OF NEW MFRSs AND AMENDMENTS TO MFRSs (continued)

35.2 Explanation of transition to MFRSs (continued)

Notes to the reconciliations (continued)

(iii) Adoption of MFRS 9 (continued)

(b) Impairment of financial assets (continued)

Impairment for receivables from related parties are recognised based on the general approach within MFRS 9 using the forward looking expected credit loss model. The methodology used to determine the amount of the impairment is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset. For those in which the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those in which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

(c) The MFRS 9 adjustments are mainly due to:

(i) Reclassification of the financial assets and financial liabilities as follows:

	Classification	
	Existing under MFRS 139	New under MFRS 9
Group		
Financial assets		
Other investments	FVTPL	FVTPL
Trade and other receivables	L&R	AC
Short term funds	FVTPL	FVTPL
Cash and bank balances	L&R	AC
Financial liabilities		
Trade and other payables	OFL*	AC
Borrowings	OFL*	AC

* Other Financial Liabilities at Amortised Cost

(ii) Additional credit losses to be recognised on trade and other receivables and contract assets.

NOTES TO THE FINANCIAL STATEMENTS

Amendments to MFRS 101 and MFRS 108 <i>Definition of Material</i>	1 January 2020
MFRS 17 <i>Insurance Contracts</i>	1 January 2021
Amendments to MFRS 10 and MFRS 128 <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	Deferred

The Group and the Company are in the process of assessing the impact of implementing these standards, since the effects would only be observable for future financial years.

36. FINANCIAL REPORTING UPDATES

36.1 IFRIC Agenda Decision - Over time transfer of constructed good (IAS 23)

The IFRS Interpretations Committee ('IFRIC') received a submission about the capitalisation of borrowing costs in relation to the construction of a residential multi-unit real estate development.

Based on the fact pattern described in the submission, the request asked whether the entity has a qualifying asset as defined in IAS 23 *Borrowing Costs* and, therefore, capitalises any directly attributable costs.

The IFRIC concluded in March 2019 that, in the fact pattern described in the request:

- i. Any receivable and contract asset that the entity recognises is not a qualifying asset.
- ii. Any inventory (work-in-progress) for unsold units under construction that the entity recognises is also not a qualifying asset because the unsold units are ready for its intended use or sale.

36. FINANCIAL REPORTING UPDATES (continued)

36.1 IFRIC Agenda Decision - Over time transfer of constructed good (IAS 23) (continued)

The MASB announced on 20 March 2019 that an entity shall apply the change in accounting policy as a result of this Agenda Decision to financial statements of annual periods beginning on or after 1 July 2020.

The Group is in the process of obtaining new information and adapting its systems to implement this change in accounting policy. The implementation results would be reported during the financial year ending 31 December 2021.

NOTICE OF NINTH ANNUAL GENERAL MEETING

(CONT'D)

1. Proxy

- (1) A proxy may but need not be a member of the Company. There shall be no restriction as to the qualification of the proxy. A proxy appointed to attend and vote at the Meeting shall have the same rights as the member to speak at the Meeting.
- (2) The instrument appointing a proxy shall be in writing under the hand of the appointer or his attorney duly authorised in writing. In the event the appointer is a corporation, the instrument appointing a proxy must be either under the appointer's Common Seal or under the hand of its officer or attorney duly authorised.
- (3) A member of the Company may appoint more than one (1) proxy to attend at the same meeting. Where a member appoints more than one (1) proxy to attend and vote at the same meeting, such appointment shall be invalid unless he specifies the proportion of his shareholdings to be represented by each proxy.
- (4) Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act, 1991 ("SICDA"), it may appoint at least one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
- (5) Where a member of the Company is an exempt authorised nominee holding ordinary shares in the Company for multiple beneficial owners in one (1) securities account ("omnibus account") as defined under SICDA which is exempted from compliance with the provisions of subsection 25A(1) of SICDA, there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
- (6) Where the authorised nominee or an exempt authorised nominee appoints more than one (1) proxy, the proportion of the shareholdings to be represented by each proxy must be specified in the instrument appointing the proxies.
- (7) The instrument appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority shall be deposited at the Registered Office of the Company at G-58-1, Blok G, Jalan Teknologi 3/9, Bistari 'De' Kota, Kota Damansara, PJU 5, 47810 Petaling Jaya, Selangor Darul Ehsan, not less than forty-eight (48) hours before the time appointed for holding the Meeting or any adjournment thereof.

2. Audited Financial Statements for the financial year ended 31 December 2018

The Audited Financial Statements in agenda 1 are meant for discussion purpose only, as the approval of the shareholders is not required pursuant to the provision of Section 340(1(a) of the Companies Act 2016. Hence, this agenda is not put forward for voting by shareholders.

3. Re-election of Directors

Article 95 of the Constitution of the Company provides that one-third (1/3) of the Directors of the Company for the time being, or, if their number is not three (3) or a multiple of three (3), then the number nearest to one-third (1/3), shall retire by rotation at an AGM of the Company. The shareholders' approval is sought under **Ordinary Resolutions 1 and 2**.

For the purpose of determining the eligibility of the Directors to stand for re-election at the Ninth AGM, the Nomination Committee has considered the requirements under Paragraph 2.20A of the Main Market Listing Requirements ("**Main LR**") of Bursa Securities and recommended Dato' Ow Chee Cheoon and Mr Muk Sai Tat for re-election as Directors pursuant to Article 95 of the Company's Constitution.

These retiring Directors have consented to their re-election, and abstained from deliberations and voting in relation to their individual re-election at the relevant Nomination Committee and Board Meetings, where applicable. The profiles of the retiring Directors are set out in the Directors' Profile of this Annual Report.

NOTICE OF NINTH ANNUAL GENERAL MEETING

(CONT'D)

4. **Re-Appointment of Auditors**

The Board has at its meeting held on 28 February 2019 approved the recommendation by the Audit Committee on the re-appointment of BDO PLT as Auditors of the Company, having considered several factors including the adequacy of experience and resources of the firm and the professional staff assigned to the audit. The shareholders' approval is sought under **Ordinary Resolution 3**.

5. **Payment of Directors' Fees and Benefits**

The Company pays Directors' fees and benefits to the Independent Non-Executive Directors. The Executive Directors do not receive any fees and benefits as Directors but they are remunerated with salary, benefits and other emoluments by virtue of their contract of service or employment which do not require approval by the shareholders.

In this respect, the Board wishes to seek shareholders' approval at the Ninth AGM on the two (2) separate resolutions as below:-

- (i) **Ordinary Resolution 4** on payment of Directors' fees up to an amount of RM468,000 for the financial year ending 31 December 2019.

This resolution is to facilitate payment of Directors' fees on current financial year basis. In the event the Directors' fees proposed is insufficient due to enlarged Board size, approval will be sought at the next AGM for additional fees to meet the shortfall.

- (ii) **Ordinary Resolution 5** on payment of Directors' benefits (excluding Directors' fees) up to an amount of RM32,000 from 14 June 2019 until the next AGM of the Company in 2020 ("Period"). The Directors' benefits payable for the Period comprise the meeting allowance payable to the Non-Executive Directors for attendance of Board meetings, whenever meetings are called during the Period.

6. **Explanatory Notes on Special Business**

Ordinary Resolution 6 - Authority to issue and allot shares pursuant to the Companies Act 2016

The **Ordinary Resolution 6** is for the purpose of seeking a renewal of the general mandate given to the Directors of the Company to issue and allot shares as approved by the shareholders at the Eighth AGM of the Company ("Previous Mandate").

As at the date of this Notice, no new shares were issued pursuant to the Previous Mandate and hence, no proceeds were raised therefrom.

Ordinary Resolution 6, if passed, will empower the Directors of the Company pursuant to the Act, from the date of the Ninth AGM of the Company, to issue and allot shares in the Company at any time to such persons in their absolute discretion without convening a general meeting provided that the aggregate number of the shares issued does not exceed ten percent (10%) of the total number of issued shares of the Company for the time being. The general mandate, unless revoked or varied at general meeting, will expire at the next AGM of the Company.

The general mandate will provide flexibility to the Company for any possible fund raising activities, including but not limited to placement of shares for the purpose of funding future investment(s), project(s), working capital and/or acquisition(s).

Ordinary Resolution 7 - Proposed Renewal of Authority for Share Buy-Back

*The **Ordinary Resolution 7**, if passed, will renew the authority given to the Company to purchase its own shares of up to ten per centum (10%) of the total number of issued shares of the Company at any time within the time period stipulated in the Main LR of Bursa Securities. This authority will, unless revoked or varied at a general meeting, expire at the conclusion of the next AGM of the Company. The details of the proposal are set out in Section B of the Statement Accompanying Notice of AGM of this Annual Report.*

Special Resolution - Proposed Adoption of New Constitution of the Company

The proposed Special Resolution, if passed, will primarily bring the Company's Constitution in line with the Act and the changes made to the Main LR of Bursa Securities as well as to enhance administrative efficiency.

In view of the substantial amendments to be made on the existing Constitution, the Board proposed that the existing Constitution be revoked in its entirety and by the replacement thereof with a new Constitution. Please refer to the new Constitution set out in Appendix A despatched together with the Company's Annual Report 2018.

SHARE BUY-BACK STATEMENT

in relation to the

PROPOSED RENEWAL OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN SHARES ("PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY")

HIS NOTICE IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION.

If you are in any doubt as to the course of action you should take, you should consult your stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

Bursa Malaysia Securities Berhad ("**Bursa Securities**") has not perused this Statement prior to its issuance as it is an exempted document.

Bursa Securities takes no responsibility for the contents of this Statement, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents therein.

1. INTRODUCTION

At the Eighth Annual General Meeting ("**AGM**") of the GBGAQRS held on 14 May 2018, the Board had obtained mandates from the shareholders to enter into a share buy-back exercise of up to a maximum of ten per centum (10%) of its total number of issued shares through Bursa Securities. The shareholders' mandate shall expire at the conclusion of the Company's forthcoming AGM, unless authority for its renewal is obtained.

The Board of Directors of the Company had on 18 April 2019 announced the Company's intention to seek its shareholders' approval for the Proposed Renewal of Share Buy-Back Authority by way of an Ordinary Resolution at the Company's forthcoming Ninth AGM.

The purpose of this Statement is to provide you with details pertaining to the Proposed Renewal of Share Buy-Back Authority and to seek your approval for the Ordinary resolution in relation thereto to be tabled at the forthcoming AGM of the Company to be convened and held at The Function Room, Level 3, Gabungan AQRS Berhad Headquarters, G-58-3, Block G, Jalan Teknologi 3/9, Bistari 'De' Kota, Kota Damansara, PJU 5, 47810 Petaling Jaya, Selangor Darul Ehsan, Malaysia on Thursday, 13 June 2019 at 10.00 a.m.. A Notice of the Ninth AGM is enclosed in the Annual Report 2018 of the Company.

STATEMENT ACCOMPANYING NOTICE OF AGM

(PURSUANT TO PARAGRAPHS 8.27(2) AND 12.06(2)(A) OF THE MMLR) (CONT'D)

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

2.1 Shareholders' Authority

The Proposed Renewal of Share Buy-Back Authority, if granted, will provide the Company with the renewed authority to purchase up to ten percent (10%) of the total number of issued shares of the Company at the point of purchase through the Company's appointed stockbroker(s) as approved by Bursa Securities. The purchases pursuant to the Proposed Renewal of Share Buy-Back Authority will be effected on Bursa Securities subject to compliance with Section 127 of the Act, the Listing Requirements and the prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase.

The actual number of GBGAQRS Shares to be purchased and the timing of such purchase will depend on (among others) the prevailing equity market conditions and sentiments of the stock market as well as the balances in retained profits, and the financial resources available to the Company at the time of the purchase(s).

The Proposed Renewal of Share Buy-Back Authority, if approved, shall be effective upon the passing of the resolution at the forthcoming Ninth AGM of GBGAQRS until:-

- (a) the conclusion of the next AGM of the Company, at which time it will lapse, unless by ordinary resolution passed at that meeting that the authority is renewed, either unconditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first, but shall not prejudice the completion of purchase(s) by the Company before the aforesaid expiry date and, in any event, in accordance with the provisions of the Listing Requirements and any other relevant authorities.

The approval of the shareholders on the Proposed Renewal of Share Buy-Back Authority does not impose an obligation on the Company to purchase its own shares. However, it will allow the Board to exercise the power of the Company to purchase its own shares at any time within the abovementioned time periods.

2.2 Maximum Amount of Funds to be Allocated

In the calendar year of 2018, the total number of exercised Warrant A 2013/2018 is 43,117,480 which is the total issued shares of GBGAQRS has subsequently amounted to 494,594,005 Ordinary Shares. The Warrant A 2013/2018 has expired on 20 July 2018.

For illustrative purposes, as at LPD, the total number of issued shares of the Company stood at 494,594,005 Shares (including 4,765,244 treasury shares). Assuming that (i) no further Shares are issued and (ii) no outstanding Warrants are exercise by the entitled warrant holders; as at the LPD, the maximum number of Shares that can be purchased pursuant to the Proposed Renewal of Share Buy-Back Authority is 49,594,400 Shares.

For the avoidance of doubt, for illustrative purposes throughout this Statement including the proforma effects as disclosed in Section 6 below, we have not taken into account:-

- (i) any purchase of Shares by GBGAQRS pursuant to the share buy-back authority approved by shareholders at Eighth AGM, after the LPD; and
- (ii) any issuance of additional Shares pursuant to Sections 75 and 76 of the Act after the LPD.

STATEMENT ACCOMPANYING NOTICE OF AGM

(PURSUANT TO PARAGRAPHS 8.27(2) AND 12.06(2)(A) OF THE MMLR) (CONT'D)

The Company had then on 27 September 2018, issued new free Warrant B 2018/2023 amounting to 119,394,669. The warrants were listed on Bursa Malaysia Securities Berhad on 4 October 2018. As such, as at the latest LPD Warrant B 2018/2023 amounting to 119,394,669 is remain unexercised and entitles the warrant holders to subscribe for 119,394,669 new GBGAQRS Shares at an exercise price of RM1.12 per share.

Hence, based on the Company's total number of issued shares as at LPD and the assumption that all Warrants are converted into new GBGAQRS Shares, the Proposed Renewal of Share Buy-Back Authority will enable the Company to purchase up to a maximum of 61,398,867 Ordinary Shares, representing 10% of the enlarged total number of issued shares of the Company.

2.3 Treatment of Shares Purchased

Section 127(4) of the Act allows the Company to cancel the purchased Shares, to retain the purchased Shares as treasury shares or a combination of both shares that are purchased by the Company shall be deemed to be cancelled immediately on purchase unless it is held in treasury.

If such purchased Shares are held as treasury shares and in accordance to Section 127(7) of the Act, the Board may:-

- (a) distribute the treasury shares as share dividends to shareholders of the Company;
- (b) resell the treasury shares or any of the shares in accordance with the relevant rules of Bursa Securities;
- (c) transfer the treasury shares, or any of the shares for the purposes of or under an employees' share scheme established by the Company;
- (d) transfer the treasury shares, or any of the shares as purchase consideration;
- (e) cancel the shares or any of the treasury shares; and/or
- (f) sell, transfer or otherwise use the treasury shares for such other purposes as the Minister charged with the responsibility for companies may by order prescribe.

If such purchased Shares are held as treasury shares, the rights attached to them as to attending and voting at meetings and any purported exercise of such rights is void. The treasury shares shall not confer the right to receive dividends or other distributions, whether cash or otherwise, of the Company's assets including any distribution of assets upon winding-up of the Company. In addition, the treasury shares shall not be taken into account in calculating the number or percentage of Shares or of a class of Shares in the Company for any purposes including, without limiting the generality of the provision in the Act or the MMLR on substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on resolutions at meetings of shareholders.

Where treasury shares are distributed as share dividends, the costs of the Shares on the original purchase shall be applied in the reduction of the funds otherwise available for distribution as dividends.

Where the Shares so purchased are cancelled or to cancel any treasury shares, the costs of the Shares shall be applied in the reduction of the profits otherwise available for distribution as dividends. The issued capital of the Company shall be diminished by the Shares so cancelled.

STATEMENT ACCOMPANYING NOTICE OF AGM

(PURSUANT TO PARAGRAPHS 8.27(2) AND 12.06(2)(A) OF THE MMLR) (CONT'D)

2.4 Purchased/Resale Price

Pursuant to Paragraph 12.17 of the MMLR, the Company may only purchase its own Shares at a price which is not more than fifteen per centum (15%) above the weighted average market price of the Shares for the past five (5) market days immediately preceding the date of purchase.

In the case of resale or transfer of treasury shares, the Company may only resell the treasury shares or transfer treasury shares pursuant to section 127(7) of the Act and Paragraph 12.18 of the MMLR at:

- (a) a price which is not less than the weighted average market price of the Shares for the past five (5) market days immediately prior to the date of resale or transfer; or
- (b) a discounted price of not more than five per centum (5%) to the weighted average market price of the Shares for the past five (5) market days immediately prior to the date of resale or transfer provided that:-
 - the resale or transfer takes place not earlier than 30 days from the date of purchase; and
 - the resale or transfer price is not less than the cost of purchase of the Shares being resold or transferred.

In accordance with Paragraph 12.26 of the MMLR, the Company may purchase its own Shares in odd lots, i.e. any number of its own Shares which is less than the number of Shares prescribed by Bursa Securities as a board lot through direct business transaction or in any other manner as may be approved by Bursa Securities in accordance with such requirements as may be prescribed or imposed by Bursa Securities.

3. RETAINED PROFITS

In accordance with the MMLR, the Proposed Renewal of Share Buy-Back Authority must be made wholly out of GBGAQRS's retained profits of the Company. The maximum amount of funds to be utilised for the Proposed Renewal of Share Buy-Back Authority will be limited to the amount of retained profits based on the latest audited and unaudited financial statements of the Company. Based on the audited financial statements of the Company for the financial year ended 31 December 2018, the retained profits of the Company amounted to RM16,472,572.

4. SOURCE OF FUNDS

The Proposed Renewal of Share Buy-Back Authority will be funded through internally generated funds and/or bank borrowings or a combination of both. In the event that the Company intends to purchase its own Shares using bank borrowings, the Board shall ensure that the Company shall have sufficient funds to repay the bank borrowings and interest expense and that the repayment would not have any material effect on the cash flow of the Company.

The amount of funds to be utilised will depend on the actual number of Shares to be purchased, the price of the Shares and the availability of funds involved for each purchase(s) will depend on market conditions and sentiments of the stock market as well as the retained profits and financial resources available to the Group. In addition, the Board will ensure that the Company satisfy the solvency test as stated in the Section 112(2) of the Act before execution of the Proposed Renewal of Share Buy-Back Authority.

STATEMENT ACCOMPANYING NOTICE OF AGM

(PURSUANT TO PARAGRAPHS 8.27(2) AND 12.06(2)(A) OF THE MMLR) (CONT'D)

5. RATIONALES, POTENTIAL ADVANTAGES AND DISADVANTAGES FOR THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority is expected to benefit the Company and its shareholders in the following manners:-

- (a) it is expected to potentially benefit the Company and its shareholders, in terms of stabilising the supply and demand of GBGAQRS Shares as well as the price of the Company's Shares;
- (b) it will enhance the earnings per share ("EPS") of GBGAQRS, irrespective of whether the purchased Shares are held as treasury shares or cancelled, as it will result in a lower number of Shares being taken into account for the purpose of computing the EPS of the Shares; and
- (c) if the purchased Shares are held as treasury shares, such Shares may potentially be resold in the open market at a higher price and therefore realising a potential gain without affecting the total number of issued shares. The treasury shares may also be distributed to the shareholders as dividend and if undertaken, would serve as a reward to the shareholders, or be utilised as purchase consideration by the Company in corporate transactions thereby reducing the financial outflow and/or preserve the working capital of the Company.

The Proposed Renewal of Share Buy-Back Authority, if implemented, would reduce the financial resources of the Group. This may result in the Group having to:-

- (a) forgo future investments or business opportunities;
- (b) increase its interest expense or reduce its interest income accordingly, that may be derived from not utilising such funds to repay bank borrowings or not depositing such funds in income bearing instruments; and/or; and
- (c) reduce the availability of funds for distribution of cash dividends to shareholders.

On the other hand, the financial resources of the Group may increase, if the resale of the purchased Shares (not held as treasury shares) is at prices higher than purchase price.

In this connection, the Board will be mindful of the interests of the Group, the shareholders and stakeholders when implementing the Proposed Renewal of Share Buy-Back Authority and when cancelling and/or reselling the said treasury shares, if any, on Bursa Securities.

6. FINANCIAL EFFECTS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

On the assumption that the Proposed Renewal of Share Buy-Back Authority is carried out in full, the effects of the Proposed Renewal of Share Buy-Back Authority on the share capital, net assets, working capital, earnings and dividends are set out below:-

6.1 Share Capital

Based on the issued share capital of the Company as at LPD and assuming that the maximum number of GBGAQRS (of up to ten percent (10%) of the total issued number of share) authorised under the Proposed Renewal of Share Buy-Back Authority are purchased and cancelled, it will result the in the issued share capital of the Company being reduced as follows:

Scenario I : Assuming no further exercise of Warrants

Scenario II : Assuming that all the outstanding Warrants are exercised and converted into Shares

	No. of shares	
	Scenario I	Scenario II
Total Issued number of Shares as at LPD	494,594,005	494,594,005
Shares to be issued upon full exercise of the Warrants	-	119,394,669
Enlarged total number of issued Shares	494,594,005	613,988,674
Cancellation of Purchased GBGAQRS Shares	(49,459,400)	(61,398,867)
Total number of issued shares after the Proposed Renewal of Share Buy-Back Authority	445,134,605	552,589,807

However, the Proposed Renewal of Share Buy-Back Authority will have no effect on the total number of issued shares if all the purchased Shares are to be retained as treasury shares, resold or distributed to the shareholders. Nevertheless, certain rights attached to the Ordinary Shares such as voting, dividends and participation in other distribution will be suspended while they are held as treasury shares.

6.2 Net Assets ("NA"), NA Per Share and Gearing

The effect of the Proposed Renewal of Share Buy-Back Authority on the consolidated NA per share of the Group would depend on the purchase prices, number of Shares purchased, treatment of the purchased Shares and the effective funding cost or loss of interest income to GBGAQRS if internally generated funds are utilised.

The Proposed Renewal of Share Buy-Back Authority will reduce the NA per share at the time of purchase if the purchase price exceeds the NA per share and conversely, will increase the NA per share at the time of purchase if the purchase price is less than the NA per share.

STATEMENT ACCOMPANYING NOTICE OF AGM

(PURSUANT TO PARAGRAPHS 8.27(2) AND 12.06(2)(A) OF THE MMLR) (CONT'D)

If the treasury shares are sold at a gain, the NA per share would increase and, conversely, the NA per share would decrease if the treasury shares are sold at a loss. The quantum of the increase or decrease in NA will depend on the selling prices of the purchased Shares and the number of purchased Shares resold.

The effects of the Proposed Renewal of Share Buy-Back Authority on the gearing of the Group will depend on the proportion of borrowing utilised to fund the purchase of the Purchased Shares. At this juncture, the Directors have not determined whether to use borrowings for purposes of purchasing its own Shares.

6.3 Earnings

The effect of the Proposed Renewal of Share Buy-Back Authority on the EPS of GBGAQRS will depend on the purchase of price of the Shares, the number of Shares purchased and the opportunity cost arising from the funds utilised for the Proposed Renewal of Share Buy-Back.

Any cancellation of the Shares purchased is expected to give rise to increase EPS provided the income foregone and/or interest expenses incurred on the share purchased is less than the EPS prior to the Proposed Renewal of Share Buy-Back Authority.

Assuming that the Shares purchased are retained as treasury shares and resold, the effects on the earnings of the Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or interest savings from the exercise.

6.4 Working Capital

The Proposed Renewal of Share Buy-Back Authority will reduce the working capital of the Group, the quantum of which will depend on, amongst others, the purchase prices, the number of Shares purchased and the effective funding cost, if any.

However, the cash flow or working capital position of the Company will be restored if the purchased of GBGAQRS Shares are resold at least at the purchase price.

6.5 Dividends

The Proposed Renewal of Share Buy-Back Authority may result in a lower amount of cash reserves available for dividends to be declared to shareholders as funds are utilised to purchase Shares. Nonetheless, the treasury shares may be distributed as dividend to the shareholders if the Company so decides.

7. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' SHAREHOLDINGS

Based on the Register of Substantial Shareholders and Directors' Shareholdings as at the LPD, and assuming the Proposed Renewal of Share Buy-Back Authority is implemented in full (i.e. up to 10% of the total number of issued shares) and that the Purchased Shares are from shareholders other than the Directors and Substantial Shareholders, the effects of the Proposed Renewal of Share Buy-Back Authority on the shareholdings of the existing Directors and Substantial Shareholders of the Company by virtue of Section 127 of the Act are as follows:-
