The Directors standing for re-election at the Thirtieth Annual General Meeting of the Company are:

- (a) Pursuant to Article 102 of the Company's Articles of Association
- Leong Kway Wah
- (b) Pursuant to Article 96 of the Company's Articles of Association
- Dennis Xavier
- Davinia a/p Rajadurai

CHAIRMAN'S STATEMENT AND REVIEW OF OPERATIONS

On behalf of the Board of Directors of Concrete Engineering Products Berhad, I present herewith the Thirtieth Annual Report and Financial Statements of the Group and the Company for the financial year ended 31 August 2014.

2014 was certainly a challenging year for the Company. We faced a lack of start-up of major projects, rising costs of raw materials and transportation, overall lack of domestic demand and slower levels of deliveries. All these were due to adverse weather and site conditions of projects supplied to.

BUSINESS ENVIRONMENT

The rising costs of doing business had an impact with rising costs of raw materials and the temporary scarcity of major raw materials. This resulted in higher purchasing prices factored by transportation costs. The implementation of the minimum wage directive in the previous year continues to have a lasting impact on the profitability of the Company due to the labour intensive nature of our industry.

With the continued rationalisation of subsidies by the Government, higher costs are expected to be incurred in running businesses. The impending implementation of the Goods and Services Tax ("GST") in April 2015 will also have an impact on businesses in terms of costs and cash flows.

Chairman's Statement and Review of Operations (cont'd)

FINANCIAL REVIEW

Revenue for the year had dipped 26% and had a direct impact on the profitability of the Group as assets were underutilised with the lower overall tonnage for the year.

The additional increase in costs and reduced cost efficiency due to the drop in demand and deliveries, has taken a direct toll on the bottom line of the Group for the year under review.

Consistent levels of deliveries throughout the year was also lacking due to acute weather conditions in East Malaysia, slower take-up rates from customers and the lack of major domestic infrastructure projects requiring our products.

Non-cash gains on Investments in Quoted Shares and Investment Properties have helped buffer the impact on our bottom line.

FUTURE AND PROSPECTS

The start of the new financial year has been encouraging as the number of enquiries and orders received has seen a marked improvement as compared to recent months. Major projects related to Energy and Oil & Gas are in the pipeline and the Group does expect to garner a fair share of the requirements. However, the recent sharp slump on oil prices has cast some uncertainty on the short term to medium term outlook on the Oil & Gas industry. The full impact of this price decline remains to be seen on all sectors of our nation's economy.

Regional Markets continue to provide short term volume and the Group's continued marketing into such markets would have long-term benefits in preventing over reliance on our domestic market.

The impact of the Goods and Services Tax will only be really felt upon its implementation on 1 April 2015. Cost of doing business will be expected to increase with the introduction of the GST.

APPRECIATION

Despite the abovementioned challenges, we still note the efforts of the entire Group to maintain our competitiveness in the market.

On behalf of the Group, I would take this opportunity to thank my fellow Board Members for their continued dedication and efforts, the Management team for maintaining the assets and interest of the Group throughout such a difficult year, and also to all our staff who have continued to contribute positively to the Group.

To our esteemed business partners and associates, we thank you for your continued support over the years and look forward to a long and fruitful relationship.

Abdul Khudus bin Mohd Naaim
Chairman

CORPORATE SOCIAL RESPONSIBILITY

Corporate Social Responsibility is an integral part of the Group's practice in carrying out its business activities in a professional, ethical and socially responsible manner. The Group has undertaken considerable effort in enhancing the wellbeing of its employees as well as that of the community within which we conduct our business.

We recognise that our employees are the essential asset of the Group and their involvement is vital to the success of the Group. We strive to motivate and retain the best employees by providing them with continuous training and development. We have enrolled them in relevant courses and seminars to upgrade their skills and knowledge to further enhance their capabilities.

As an employer, the Group also recognises and accepts its responsibilities for providing and maintaining a safe and healthy workplace for all its employees, suppliers and visitors. The Group further strives to comply with Standards on Health and Safety as outlined in the Department of Safety and Health Malaysia (DOSH). Work place security initiatives such as fire and evacuation drills, safety tips and training on proper usage of safety equipments have been provided to the employees to ensure a protected working environment.

We further strive to seek meaningful contributions to the less privileged. As a corporate citizen, we realise the ability and strength we have in providing means to such organisations and causes, with the simple hope and belief of a better quality of life.

STATEMENT ON CORPORATE GOVERNANCE

THE BOARD OF DIRECTORS OF CONCRETE ENGINEERING PRODUCTS BERHAD IS COMMITTED TOWARDS THE ADOPTION OF PRINCIPLES AND BEST PRACTICES AS ENSHRINED IN THE MALAYSIAN CODE OF CORPORATE GOVERNANCE ("MCCG") THROUGHOUT THE GROUP. IT IS RECOGNISED THAT THE ADOPTION OF THE HIGHEST STANDARDS OF GOVERNANCE IS IMPERATIVE FOR THE ENHANCEMENT OF SHAREHOLDERS' VALUE. THE GROUP HAS ADOPTED AND COMPLIED WITH THE PRINCIPLES AND BEST PRACTICES SET OUT IN MCCG 2012 THROUGHOUT THE FINANCIAL YEAR ENDED 31 AUGUST 2014.

THE BOARD IS PLEASED TO PRESENT THE FOLLOWING REPORT ON THE APPLICATION OF PRINCIPLES AND COMPLIANCE WITH BEST PRACTICES AS SET OUT IN THE MCCG.

Statement on Corporate Governance (cont'd)

THE BOARD OF DIRECTORS

Board Composition and Balance

During the financial year under review, the Board consists of six (6) members, comprising two (2) Executive Directors and four (4) Independent Non-Executive Directors. This composition fulfils the requirements as set out under the Main Market Listing Requirements ("Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa Securities"), which stipulate that at least two (2) Directors or one-third of the Board, whichever is the higher, to be independent Directors. The profile of each Director is presented on pages 4 to 6 of the Annual Report. The Directors, with their diverse backgrounds and specialisations, collectively bring with them a wide range of experience and expertise in areas such as engineering, entrepreneurship, finance, taxation, accounting and audit, legal and economics.

The presence of four (4) Independent Directors shall provide unbiased and independent views and judgement in the decision making process at the Board level and to ensure that no significant decisions and policies are made by any individual, and that the interest of minority shareholders are safeguarded.

The positions of the Chairman and the Managing Director are held by two (2) individuals. There is a clear division of responsibilities between the Chairman and the Managing Director which will ensure a balance of power and authority. Generally, the Chairman is responsible for the orderly conduct and working of the Board while the Managing Director is responsible for the day to day management of the Group as well as to implement policies and strategies adopted by the Board. The Board exercises its responsibilities collectively.

All the Directors have given their undertaking to comply with the Listing Requirements of Bursa Securities.

Roles and Responsibilities

The Board recognises its roles and responsibilities in charting the strategic direction of the Company and has assumed the following principle responsibilities in discharging its fiduciary and leadership functions:

- 1) Reviews and adopts a strategic plan for the Company, addressing the sustainability of the Group's business.
- 2) Oversees the conduct of the Group's business and evaluates whether its business is being properly managed.
- 3) Identifies principal risks faced by the Group and ensures the implementation of appropriate internal controls and mitigation measures to address such risks.
- 4) Succession planning by ensuring all candidates appointed to senior management positions are of sufficient calibre.
- 5) Oversees the development and implementation of a shareholder communications policy.
- 6) Reviews the adequacy and the integrity of the Group's internal control and management information systems and regulatory compliance.

The Managing Director is responsible to ensure the management adheres to the guidelines and policies set by the Board.

The Directors have full access to information pertaining to all matters requiring the Board's decision. Prior to any Board meeting, all Directors shall be furnished with proper board papers which contain the necessary information for each of the meeting agenda in advance to enable the Director to obtain further explanations, where necessary, in order to be properly briefed before the meeting. Matters to be discussed are not limited to financial performance of the Group but also to address major investment decisions as well as operational issues and problems encountered by the Group.

To assist in the discharge of its stewardship role, the Board has established Board Committees, namely Audit Committee, Nomination Committee and Remuneration Committee. These Committees examine specific issues within their respective terms of reference as approved by the Board, and report to the Board with their recommendations. The ultimate responsibility for decision making, however, lies with the Board.

Statement on Corporate Governance (cont'd)

Board Appointment Process

The Group has implemented procedures for the nomination and election of Directors via Nomination Committee. The Nomination Committee is responsible for identifying and recommending suitable candidate for appointment to the Board and Board Committees, and also performance appraisal of the Directors.

The Nomination Committee was established on 30 May 2002. When appointing new Directors, the Committee is provided with the curriculum vitae of the candidates for consideration. The Nomination Committee is responsible for reviewing the balance, size and composition of the Board and Board committees, having regard to the required blend of skills, experience, independence and diversity to ensure they operate effectively. The appointment is then finalised after discussions at the Board meeting.

Re-election

In accordance with the Company's Articles of Association, all Directors shall retire from office at least once in each three (3) years and a retiring Director is eligible for re-election. The election of each Director is voted on separately and the process provides an opportunity for the shareholders to renew their mandates. In order to assist the shareholders in their decision, sufficient information such as personal profiles, meeting attendance and their shareholdings in the Company for each Director are furnished in the Annual Report.

The Articles further provide that all newly appointed Directors shall retire from office but shall be eligible for re-election in the next Annual General Meeting subsequent to their appointment.

Directors over seventy (70) years of age are required to submit themselves for re-appointment annually in accordance with Section 129(6) of the Companies Act, 1965.

The names of the Directors of the Company who are seeking re-election or re-appointment at the 30th Annual General Meeting of the Company to be held on 11 February 2015 are set out in the Notice of Annual General Meeting.

Tenure of Independent Directors

The Board has recommended to retain those independent Directors who have exceeded nine (9) years and shall seek shareholders' approval at the forthcoming Annual General Meeting.

Board Meetings

Board meetings are held at least four (4) times a year. Additional meeting would be convened when urgent and important decisions need to be taken between scheduled meetings or via circular resolutions. During the financial year, the Board held five (5) meetings and the details of attendance of Directors at the Board meetings are as follows:

| Directors | Meetings Attendance |
|---|---------------------|
| Abdul Khudus bin Mohd Naaim | 5/5 |
| Leong Kway Wah | 5/5 |
| Khoo Kay Ong | 4/5 |
| Davinia a/p Rajadurai | 3/5 |
| Dennis Xavier | 5/5 |
| To' Puan Seri Hajjah Nur Rahmah binti Mohd Zain | 4/5 |

All meetings were held at 22nd Floor Menara Promet (KH), Jalan Sultan Ismail, 50250 Kuala Lumpur.

Board meetings are scheduled in advance at the beginning of each calendar year to enable Directors to plan and adjust their schedule to ensure good attendance and the expected degree of attention given to the Board agenda.

Statement on Corporate Governance (cont'd)

During the course of a meeting, the Board deliberates and considers on matters including the Group's financial performance, business review and operating performance to-date against the annual budget and business strategies. The Audit Committee also reports the outcome of committee meetings to the Board and such reports are incorporated as part of the minutes of the Board meetings.

Where a potential conflict of interest arises, it is a mandatory practice for the Director concerned to declare his or her interest and abstain from decision making process.

Supply and Access to Information

All Directors have full and timely access to all information with regards to the Group.

The agenda and reports for each Board meeting are circulated to the members of the Board prior to the Board meetings, thus allowing sufficient time for detailed review and consideration.

Senior management staff may be invited to attend the Board meetings to provide detailed explanations and clarifications on issues that are considered during the Board meetings.

All members of the Board have direct and unrestricted access to the management and advice and services of the Company Secretary in furtherance of their duties. The Directors may seek external professional advice, if required.

Directors' Training

Directors of the Company undergo continuous training to equip themselves to effectively discharge their duties as Directors. For that purpose, they ensure their attendance at training programmes prescribed by Bursa Securities from time to time. The Company also provides briefings for new members of the Board to ensure they have a comprehensive understanding on the operations of the Group and the Company.

All Directors have attended the Mandatory Accreditation Programme ("MAP") and have been attending Continuous Education Programme ("CEP") prescribed by Bursa Securities from time to time.

Conferences, seminars and training programmes attended by members of the Board in 2014 are as follows:

| Name of Directors | Training programmes attended | Date attended |

The Company Secretary normally circulates the relevant statutory and regulatory requirements from time to time for the Board's reference and briefs the Board on the updates, where applicable. The Financial Controller and External Auditors also brief the Board members on any changes to the Malaysian Financial Reporting Standards that may affect the Group's financial statements for the financial year under review.

Board Charter

The Board Charter was established in year 2002 to set out strategic intent and outline the Board's structure and procedures, roles and responsibilities and relationship of the Board to the Management in accordance with MCCG. The Board recognises the importance of the Board Charter and will take steps to enhance it as recommended by MCCG 2012.

BOARD COMMITTEES

The Board has set up three (3) Board Committees namely Audit, Nomination and Remuneration Committees. These Committees are delegated with specific powers and responsibilities to support the role of the Board in providing assurance and accountability to its shareholders. All Committees have their own terms of reference.

Audit Committee

The Audit Committee's terms of reference, which outline the Committee's functions, responsibilities and duties, are contained in the Audit Committee Report.

During the year, the Audit Committee has, inter alia, performed the following functions:

- 1) Reviewed the Group's quarterly and annual financial statements.
- 2) Reviewed recurrent related party transactions of the Group.
- 3) Deliberated on the implications and effects of the relevant Financial Reporting Standards which came into effect during the year.
- 4) Reviewed and deliberated on the findings of the Internal Audit Function.

The Committee also appraises on significant risk, control, regulatory and financial matters that may come to the attention of the external auditors in the course of their examination.

The Committee is aware of the risk, management, control and governance processes relating to critical corporate and operational areas. It will closely monitor any recommendations made in order to obtain assurance that all key risk and control concerns have been duly addressed.

Statement on Corporate Governance (cont'd)

Remuneration Committee

Primary function

The Remuneration Committee was established on 30 May 2002. Its primary function is to set the policy framework and recommend to the Board on remuneration packages and benefits extended to the Directors. Directors' remunerations are aligned with the business strategies and long term objectives of the Company. This would ensure the rewards are linked to their performance and contributions to the Group's growth and profitability in order to attract, retain and motivate the Company's Directors.

The Remuneration Committee also ensures that the level of remuneration of the Executive Director is linked to the level of responsibilities undertaken and his contribution to the effective functioning of the Board.

The Non-Executive Directors of the Company are paid an annual fixed fee for serving on the Board, which is determined by the Board as a whole, subject to shareholders' approval at the Annual General Meeting. The Director concerned shall abstain from deliberations and voting on decisions in respect of his/her individual remuneration package. The aggregate Directors' remuneration paid or payable to the Directors of the Company is on page 53 of the Annual Report.

Member

The present members of the Remuneration Committee of the Company are:

| | |
|-----------------------------|-----------------|
| Davinia a/p Rajadurai | <i>Chairman</i> |
| Abdul Khudus bin Mohd Naaim | <i>Member</i> |
| Dennis Xavier | <i>Member</i> |

The Company Secretary is the secretary to the Remuneration Committee.

Nomination Committee

Primary function

The Nomination Committee was established on 30 May 2002. The Nomination Committee is primarily responsible for constantly assessing the overall effectiveness of the Board and Board committees and make recommendation to the Board for any new candidate as Board member or Board committee member. In addition, the Nomination Committee also performs introduction briefing for new Board members with regards to the overall operations and corporate objectives of the Group and continues to ensure that the Board members undergo the necessary MAP and CEP prescribed by Bursa Securities.

As Board diversity is concerned, the Board does not intend to develop any specific policy on targets for women Directors. The Board believes that the on-boarding process of Directors should not be based on any gender discrimination. As such, the evaluation of suitable candidates is solely based on the candidates' competency, character, time commitment, integrity and experience in meeting the needs of the Company, including, where appropriate, the ability of the candidates to act as Independent Non-Executive Directors.

The actual decision as to who shall be nominated should be the responsibility of the full Board after considering the recommendations of the Nomination Committee.

Member

The present members of the Nomination Committee of the Company are:

| | |
|---|-----------------|
| To' Puan Seri Hajjah Nur Rahmah binti Mohd Zain | <i>Chairman</i> |
| Abdul Khudus bin Mohd Naaim | <i>Member</i> |
| Dennis Xavier | <i>Member</i> |

The Company Secretary is the secretary to the Nomination Committee.

Statement on Corporate Governance (cont'd)

RELATION WITH SHAREHOLDERS

Communication

The Group is fully aware of the importance of effective and timely communication with shareholders and investors and the Board endeavours to make timely release of annual reports, quarterly reports and any announcements on material corporate exercises which are the primary mode of disseminating information on Group's business activities and financial performance.

The Company also maintains a website (<http://www.cepco.com.my>) through which shareholders and general public can obtain up-to-date information, view Company's products, activities and communicate directly with the management.

The Annual General Meeting

The Annual General Meeting ("AGM") represents the principle communication channel and dialogue with the shareholders. Shareholders are encouraged to participate in a subsequent Question and Answer session. The external auditors attend the AGM upon invitation to provide their professional and independent clarification on issues raised by the shareholders.

Each item of the special business in the Notice of the AGM would be accompanied with a full explanation of the effects of the proposed resolution.

The results of all the resolutions as set out in the Notice of the AGM would be announced on the same date as the AGM via Bursa link, which is accessible on both websites of the Company and Bursa Securities.

A press conference is normally held immediately after the meeting to facilitate media queries on the Group's financial performance and operations.

Where Extraordinary General Meetings are held to obtain shareholders' approval on certain business or corporate proposals, comprehensive circulars to shareholders would be sent within prescribed deadlines in accordance with the statutory and regulatory requirements.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Board of Directors ("Board") is responsible for the adequacy and effectiveness of the Group's risk management and internal control system. The Board recognises the importance of good corporate governance and is committed in maintaining a sound system of internal controls to safeguard shareholders' investment and the Group's assets. In doing so, the Board acknowledges its responsibility to identify major risks faced by the Group and ensure that relevant internal controls are in place in order to manage these risks.

In view of the above, the Board is pleased to provide the following Statement on Risk Management & Internal Control which outlines the nature and scope of internal controls of the Group during the year pursuant to Paragraph 15.26(b) of the Main Market Listing Requirements of Bursa Securities.

Meanwhile, the Board understands fully its responsibility to maintain a sound system of internal controls and ensure accurate information to be presented in the financial statements. The Board also acknowledges its ultimate responsibility for the Group's system of internal control, which includes the establishment of an appropriate control environment and framework, as well as reviewing its adequacy and integrity. The system of internal controls is designed to manage rather than eliminate the risk of failure in achieving its business objectives.

In pursuing the business objectives, internal controls can only provide reasonable but not absolute assurance against material misstatement, loss or fraud. As such, the Board recognises that a sound system of internal controls is an important part of managing risks in an effort to attain a balanced achievement of its business objectives, and operational efficiency and effectiveness.

The Board has received assurance from the Managing Director and the Financial Controller that the Group's risk management and internal control system is operating adequately and effectively, in all material aspects, based on the risk management and internal control system of the Company. The Board is of the view that the risk management and internal control system in the Group are adequate and have been effective in their functions with no significant problems noted during the period under review.

Statement on Risk Management and Internal Control (cont'd)

THE RISK MANAGEMENT PROCESS

The Board has endeavoured to identify the relevant major risks faced by the Group on a regular basis and in order to prevent the occurrence of the identified risks or mitigate the impact of these risks so as to ensure that the Group achieves its business objectives.

In managing the major risks, the Board has always carried out necessary preliminary studies and evaluation on various projects which will be undertaken by the Group. This entails proper delegation of duties and responsibilities from the Board to the Managing Director, Executive Director and Senior Management ("Management") in running the main operating functions of the Group within its strategic business plans.

In this respect, the Management comprises personnel with many years of "hands-on" experience who are able to identify business risks relevant to the Group and design the appropriate internal controls to manage these risks.

At the same time, the Management also attends various management and operation meetings in order to discuss matters of concern in relation to various projects undertaken by the Group as well as any obstacles in achieving the Group's strategic business plans.

The Management has also adopted the "open discussion" approach in the day-to-day running of the Group. This has enabled various major business risks being identified easily and dealt with in a prompt manner.

KEY ELEMENTS OF THE GROUP'S INTERNAL CONTROLS

The Group has incorporated various key elements into its system of internal controls in order to safeguard shareholders' investment and the Group's assets by:

- 1) Giving authority to the Board Committee members to investigate and report on any areas of improvement for the betterment of the Group.
- 2) Performing in depth study on major variances and deliberating irregularities in the Board meetings and Audit Committee meetings so as to identify the causes of the problems and formulate solutions to resolve them.
- 3) Arranging regular interactive meetings with the External Auditors, Internal Auditors and/or other consultants to identify and rectify any weaknesses in the system of internal controls. The Board would also be informed on the matters brought up at the Audit Committee meetings on a timely basis.
- 4) Delegating necessary authority to the Managing Director in order for him to play a major role as the link between the Board and Senior Management in implementing the Board's expectation of effective system of internal controls and managing the Group's various operations.
- 5) Determining proactive actions to create awareness on the importance of staff's and line management's involvement in the system of internal controls as well as risk management by providing various training courses, seminars and workshops conducted by the external consultants.
- 6) Keeping the Management informed on the development of action plan for enhancing system of internal controls and allowing various management personnel to have access to important information for better decision making.
- 7) Making frequent on-site visits to the business and operations premises by Senior Management personnel so as to acquire a first-hand view on various operational matters and addressing the issues accordingly.
- 8) Monitoring key commercial, operational and financial risks through reviewing the system of internal controls and other operational structures so as to ensure that reasonable assurance on the effectiveness and efficiency of the same will mitigate the various risks faced by the Group to an appropriate level acceptable to the Board.

Statement on Risk Management and Internal Control (cont'd)

INTERNAL AUDIT FUNCTIONS AND EFFECTIVENESS OF INTERNAL CONTROL

The Group's internal audit function is outsourced to an independent audit firm. The duty of the internal audit is to examine and evaluate major processes of operations of the Group in order to assist the Board in the effective discharge of the Board's responsibilities. The total cost incurred for the outsourced internal audit functions in respect of the financial year ended 31 August 2014 amounted to RM61,535.

During the financial year under review, the Internal Auditors carried out reviews on the core areas based on the approved internal audit plan to assess the adequacy and effectiveness of internal controls within the Group.

The internal auditor will report directly to the Audit Committee. Being an independent third party, the internal auditor is able to perform the internal audit function with impartiality, proficiency and due professional care.

The internal audit function facilitates the Board in carrying out its responsibility to review and evaluate the adequacy and integrity of the Group's internal control system. The full Board, through the Audit Committee, will meet to review, discuss and direct actions on matters pertaining to the internal auditor's report, which among other matters, include findings relating to the adequacy and integrity of the internal control system of the Group. Internal audit will be carried out annually to provide independent assessments on the sufficiency, efficiency and effectiveness of the Group's internal control systems in anticipating potential risk exposures over key business systems and processes and in controlling the proper conduct of business within the Group.

The internal auditor adopts a risk-based approach and prepares its audit strategy and plan based on the risk profiles of the Group. The audit plan will be presented to the Audit Committee for approval annually. The resulting reports from the audits undertaken will be reviewed by the Audit Committee and then forwarded to the operational management for attention and necessary corrective actions. The operational management is responsible for ensuring the corrective actions on reported weaknesses are taken within the required time frame.

ADDITIONAL INFORMATION

Apart from internal audit, the Board has put in place an organisation structure with formally defined lines of responsibility and delegation of authority. A process of hierarchical reporting has been established which provides for a documented and auditable trail of accountability. The monitoring and management of the Group is delegated to the Executive Director and senior operational management. The Executive Director, through his involvement in the business operations and attendance at senior management level meetings, manages and monitors the Group's financial performance, key business indicators, operational effectiveness and efficiency, discuss and resolve significant business issue and ensure compliance with applicable laws, regulations, rules, directives and guidelines. These senior management meetings serve as a two-way platform for the Board, through the Executive Director, to communicate and address significant matters in relation to the Group's business and financial affairs and provide update on significant changes in the business and the external environment that may result in any significant risks.

Internal control procedures have been set out in a series of standard operating practice manuals and business process manuals to serve as guidance for proper measures to be undertaken and are subject to regular review, enhancement and improvement.

CONCLUSION

The Board is of the opinion that the system of risk management and internal control that has been instituted throughout the Group is satisfactory and has not resulted in any material losses, contingencies or uncertainties that would require disclosure in the Company's Annual Report 2014. The Board will continue to review and take measures to strengthen the internal control environment from time to time based on the recommendations proposed by the Internal Auditors.

Furthermore, the Board recognises that the development of the system of internal controls is an ongoing process as part of its efforts in managing the risk faced by the Group. Consequently, the Board maintains an ongoing commitment to further strengthen the control environment within the Group.

The Statement is made on behalf of the Board in accordance with a resolution of the Directors dated 23 December 2014

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are required by the Companies Act 1965 ("the Act") to ensure that the financial statements prepared for each financial year give a true and fair view of the financial position of the Group and the Company as at the end of the financial year and of the financial performance and cash flows of the Group and the Company for the year then ended. As required by the Act and the Listing Requirements of Bursa Securities, the financial statements have been prepared in accordance with Financial Reporting Standards in Malaysia and the provisions of the Companies Act, 1965.

The Directors consider that in preparing the financial statements for the financial year ended 31 August 2014 set out on pages 34 to 76, the Group has used appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, and ensured that all applicable approved accounting standards have been followed.

The Directors have ensured that the accounting records kept by the Group and the Company have been properly kept in accordance with the provisions of the Act, which disclose with reasonable accuracy the financial position of the Group and of the Company.

The Statement is made on behalf of the Board in accordance with a resolution of the Directors dated 23 December 2014.

Directors

The names of the Directors of the Company in office since the date of the last report and at the date of this report are:

Abdul Khudus bin Mohd Naaim
 Leong Kway Wah
 Khoo Kay Ong
 Dennis Xavier
 Davinia a/p Rajadurai
 To' Puan Seri Hajjah Nur Rahmah binti Mohd Zain

Directors' benefits

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangement to which the Company was a party, whereby the Directors might acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than benefits included in the aggregate amount of emoluments received or due and receivable by the Directors or the fixed salary of a full-time employee of the Company as shown in Notes 5 and 6 to the financial statements) by reason of a contract made by the Company or a related corporation with any Director or with a firm of which he is a member, or with a company in which he has a substantial financial interest.

Directors' interests

None of the Directors in office at the end of the financial year had any interest in shares in the Company or its related corporations during the financial year.

Other statutory information

- (a) Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the Directors took reasonable steps:
 - (i) to ascertain that proper action has been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that there were no known bad debts and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the Directors are not aware of any circumstances which would render:
 - (i) it necessary to write off any bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; and
 - (ii) the values attributed to current assets in the financial statements of the Group and of the Company misleading.
- (c) At the date of this report, the Directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.
- (e) At the date of this report, there does not exist:
 - (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability of the Group or of the Company which has arisen since the end of the financial year.
- (f) In the opinion of the Directors:
 - (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations when they fall due; and
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Company for the financial year in which this report is made.

INDEPENDENT AUDITORS' REPORT

to the members of Concrete Engineering Products Berhad (Incorporated in Malaysia)

Report on the financial statements

We have audited the financial statements of Concrete Engineering Products Berhad, which comprise the statements of financial position as at 31 August 2014 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 34 to 76.

Directors' responsibility for the financial statements

The Directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965, in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 August 2014 and of their financial performance and cash flows for the year then ended up in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965, in Malaysia.

Report on other legal and regulatory requirements

In accordance with the requirements of the Companies Act, 1965, in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- (b) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.
- (c) The auditors' reports on the financial statements of the subsidiaries were not subject to any qualification and did not include any comment required to be made under Section 174(3) of the Act.

Independent Auditors' Report (cont'd) **to the members of Concrete Engineering Products Berhad** **(Incorporated in Malaysia)**

Other reporting responsibilities

The supplementary information set out in Note 30 on page 77 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad. The Directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No.1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other matter

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965, in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

31 August 2014

1. Corporate information

The Company is a public limited liability company, incorporated and domiciled in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad ("Bursa Securities"). The registered office and principal place of business of the Company is located at 22nd Floor, Menara KH, Jalan Sultan Ismail, 50250 Kuala Lumpur.

The principal activities of the Company consist of manufacturing and distribution of prestressed spun concrete piles and poles. The subsidiaries are dormant. There have been no significant changes in the nature of the principal activities during the year.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on 23 December 2014.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act, 1965 in Malaysia.

The financial statements of the Group and of the Company have been prepared on a historical cost basis, unless otherwise disclosed in the significant accounting policies below or other notes to the financial statements.

The financial statements are presented in Ringgit Malaysia ("RM") which is also the functional currency of the Group and of the Company.

2.2 Changes in accounting policies

As of 1 September 2013, the Group and the Company adopted the following new and revised MFRS, Amendments to MFRS (collectively referred to as "pronouncements") that have been issued by the Malaysia Accounting Standards Board ("MASB"):

Effective for annual periods beginning on or after 1 January 2013

MFRS 10 *Consolidated Financial Statements*
MFRS 12 *Disclosure of Interests in Other Entities*
MFRS 13 *Fair Value Measurement*
MFRS 119 *Employee Benefits*
MFRS 127 *Separate Financial Statements*

The adoption of the above MFRS did not have any significant financial impact to the Group and of the Company except for:

(i) MFRS 13 Fair Value Measurement

MFRS 13 replaces and expands the disclosure requirements about fair value measurements in other MFRS, including MFRS 7: Financial Instruments: Disclosures. MFRS 13: Fair Value Measurement establishes a single framework for measuring fair value and making disclosures about fair value measurements when such measurements are required or permitted by other MFRS. It unifies the definition of fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Upon adoption of MFRS 13 Fair Value Measurement, the Group and the Company included additional disclosures about fair value measurement.

2. Significant accounting policies (cont'd)

2.2 Changes in accounting policies (cont'd)

Initial application of these pronouncements for the Group and the Company will be effective from the annual period beginning:

1 September 2014 for pronouncements that are effective for annual period beginning on or after 1 January 2014.

1 September 2016 for those pronouncements that are effective for annual period beginning on or after 1 January 2016.

1 September 2017 for those pronouncements that are effective for annual period beginning on or after 1 January 2017.

1 September 2018 for those pronouncements that are effective for annual period beginning on or after 1 January 2018.

The initial application of the abovementioned pronouncements are not expected to have any material impacts to the financial statements of the Group and the Company expect for:

(i) **MFRS 15 Revenue from Contracts with Customers**

MFRS 15 replaces the guidance in MFRS 111 Construction Contracts, MFRS 118 Revenue, IC Interpretation 13 Customer Loyalty Programmes, IC Interpretation 15 Agreements for Construction of Real Estate, IC Interpretation 18 Transfers of Assets from Customers and IC Interpretation 131 Revenue - Barter Transactions Involving Advertising Services. At the date of this report, the Group is in the process of assessing the effects to the financial statements arising from this standard.

(ii) **MFRS 9 Financial Instruments**

MFRS 9 reflects the first phase of work on the replacement of MFRS 139 and applies to classification and measurement of financial assets and financial liabilities as defined in MFRS 139. The standard was initially effective for annual periods beginning on or after 1 January 2013, but Amendments to MFRS 9: Mandatory Effective Date of MFRS 9 and Transition Disclosures, issued in March 2012, moved the mandatory effective date to 1 January 2015. Subsequently, on 14 February 2014, it was announced that the new effective date is moved to 1 January 2018. The adoption of the first phase of MFRS 9 will have an effect on the classification and measurement of the Group's financial assets, but will not have an impact on the classification and measurement of the Group's financial liabilities. At the date of this report, the Group is in the process of assessing the effects to the financial statements arising from this standard.

2.3 Summary of significant accounting policies

(a) **Subsidiaries and basis of consolidation**

(i) **Subsidiaries**

Subsidiaries are entities controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Since the beginning of the financial year, the Group adopted MFRS 10: Consolidated Financial Statements, where control exists when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control when such rights are substantive. The Group considers it has de facto power over and investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

The adoption of MFRS 10 has no significant impact to the financial statements of the Group.

2. Significant accounting policies (cont'd)

2.3 Summary of significant accounting policies (cont'd)

(a) Subsidiaries and basis of consolidation (cont'd)

(ii) Basis of consolidation (cont'd)

The consolidated financial statements comprise the financial statements of the Company and all its subsidiaries as at the reporting date. The financial statements of the subsidiaries are prepared for the same reporting date as the Company.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continues to be consolidated until the date that such control ceases. In preparing the consolidated financial statements, intragroup balances, transactions and unrealised gains or losses are eliminated in full except for unrealised losses where they are not eliminated when there is an indication of impairment. Uniform accounting policies are adopted in the consolidated financial statements for like transactions and events in similar circumstances.

Acquisitions of subsidiaries are accounted for by applying the acquisition method. The acquisition method of accounting involves allocating the cost of the acquisition to the fair value of the assets acquired and liabilities and contingent liabilities assumed at the date of acquisition. The cost of an acquisition is measured as the aggregate of the fair values, at the date of exchange, of the assets given up, liabilities incurred or assumed, and equity instruments issued, plus any costs directly attributable to the acquisition.

Any excess of the cost of the acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities represents goodwill. Any excess of the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition is recognised immediately in profit or loss.

(b) Property, plant and equipment and depreciation

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised with any corresponding gain or loss recognised in profit or loss accordingly. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Capital work-in-progress are not depreciated as these assets are not available for use.

Depreciation of property, plant and equipment is provided for on a straight-line basis to write off the cost of each assets to its residual value over its estimated useful life as follows:

| | |
|--|---------------|
| Leasehold land | 27 - 83 years |
| Buildings | 25 - 50 years |
| Plant and machinery | 5 years |
| Motor vehicles | 5 years |
| Office, factory and laboratory equipment | 5 - 7 years |
| Furniture, fixtures and fittings | 5 - 7 years |

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

2.3 Summary of significant accounting policies (cont'd)

(b) Property, plant and equipment and depreciation (cont'd)

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. The difference between the net disposal proceeds, if any, and the net carrying amount is recognised in profit or loss and the unutilised portion of the revaluation surplus on that item is taken directly to retained earnings.

(c) Investment properties

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value. Fair value is arrived at by reference to market evidence of transaction prices for similar properties and is performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued.

Gain or loss arising from changes in the fair values of investment properties is recognised in profit or loss in the year in which it arises.

Investment properties are derecognised when either they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Any gain or loss on the retirement or disposal of an investment property is recognised in profit or loss in the year in which it arises.

(d) Inventories

Inventories are stated at the lower of cost and net realisable value on the first-in-first-out method.

Cost includes actual cost of materials and incidentals in bringing inventories into store and in the case of manufactured inventories and work in progress, it also includes direct labour and attributable production overheads.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(e) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Group's and of the Company's cash management.

(f) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

Impairment losses are recognised in profit or loss.

2.3 Summary of significant accounting policies (cont'd)

(g) Financial assets

Financial assets are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

The Group and the Company determine the classification of their financial assets at initial recognition, and the categories include financial assets at fair value through profit or loss and loans and receivables.

(i) Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss if they are held for trading or are designated as such upon initial recognition. Financial assets held for trading are derivatives (including separated embedded derivatives) or financial assets acquired principally for the purpose of selling in the near term.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss do not include exchange differences, interest and dividend income. Exchange differences, interest and dividend income on financial assets at fair value through profit or loss are recognised separately in profit or loss as part of other losses or other income.

Financial assets at fair value through profit or loss could be presented as current or non-current. Financial assets that are held primarily for trading purposes are presented as current whereas financial assets that are not held primarily for trading purposes are presented as current or non-current based on the settlement date.

(ii) Loans and receivables

Financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Loans and receivables are classified as current assets, except for those having maturity dates later than 12 months after the reporting date which are classified as non-current.

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned. All regular way purchases or sales of financial assets are recognised or derecognised on the trade date i.e., the date that the Group and the Company commit to purchase or sell the asset.

2.3 Summary of significant accounting policies (cont'd)

(h) Impairment of financial assets

The Group and the Company assess at each reporting date whether there is any objective evidence that a financial asset is impaired.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group and the Company consider factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

For certain categories of financial assets, such as trade receivables, assets that are assessed not to be impaired individually are subsequently assessed for impairment on a collective basis based on similar risk characteristics. Objective evidence of impairment for a portfolio of receivables could include the Group's and the Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio which past the average credit period and observable changes in national or local economic conditions that correlate with default on receivables.

If any such evidence exists, the amount of impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The impairment loss is recognised in profit or loss.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable becomes uncollectible, it is written off against the allowance account.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

(i) Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities are recognised in the statement of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument. Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

(i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities held for trading include derivatives entered into by the Group and the Company that do not meet the hedge accounting criteria. Derivative liabilities are initially measured at fair value and subsequently stated at fair value, with any resultant gains or losses recognised in profit or loss. Net gains or losses on derivatives include exchange differences.

2.3 Summary of significant accounting policies (cont'd)

(i) Financial liabilities (cont'd)

(i) Financial liabilities at fair value through profit or loss (cont'd)

The Group and the Company have not designated any financial liabilities at fair value through profit or loss.

(ii) Other financial liabilities

The Group's and the Company's other financial liabilities include trade payables, other payables and loans and borrowings.

Trade and other payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Group and the Company have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

A financial liability is derecognised when the obligation under the liability is extinguished. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

(j) Foreign currencies

(i) Functional and presentation currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is also the Company's functional currency.

(ii) Foreign currency transactions

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates at the date when the fair value was determined.

(j) Foreign currencies (cont'd)

(ii) Foreign currency transactions (cont'd)

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

(k) Provisions

Provisions are recognised when the Group and the Company have a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(l) Leases

(i) As lessee

Finance leases, which transfer to the Group and the Company substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Lease assets are depreciated over the estimated useful life of the asset. However, if there is no reasonable certainty that the Group and the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life and the lease term.

(l) Leases (cont'd)

(i) As lessee (cont'd)

Operating lease payments are recognised as an expense in profit or loss on a straight line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight line basis.

(ii) As lessor

Leases where the Group and the Company retains substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note 2.3 (n)(ii).

(m) Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period they are incurred. Borrowing costs consist of interest and other costs that the Group and the Company incurred in connection with the borrowing of funds.

(n) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the Company and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable.

(i) Sale of goods

Revenue from sale of goods is recognised upon the transfer of significant risk and rewards of ownership of the goods to the customer. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(ii) Rental and interest income

Rental and interest income is recognised on accrual basis.

(o) Employee benefits

(i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group and of the Company. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined contribution plans

The Group and the Company participate in the national pension schemes as defined by the laws of the countries in which it has operations. The Malaysian companies in the Group make contributions to the Employee Provident Fund in Malaysia, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

(p) Income taxes

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences. Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(q) Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance.

(r) Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future event not wholly within the control of the Group and of the Company.

Contingent liabilities and assets are not recognised in the statements of financial position of the Group and of the Company.

(s) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group and the Company after deducting all of its liabilities. Ordinary shares are equity instruments.

Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

2.4 Significant accounting estimates and judgements

The preparation of the Group's and the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

(a) Judgements made in applying accounting policies

Classification between operating lease and finance lease for leasehold land

The Group and the Company have developed certain criteria based on MFRS 117 in making judgement whether a leasehold land should be classified either as operating lease or finance lease.

Finance lease is a lease that transfers substantially all the risks and rewards incidental to ownership of an assets and operating lease is a lease that does not transfer substantially all the risks and rewards incidental to ownership. If the leasehold land meets the criteria of the finance lease, the lease will be classified as property, plant and equipment if it is for own use or will be classified as investment property if it is to earn rentals or for capital appreciation or both.

The Group and the Company evaluated based on the terms and conditions of the arrangement, whether the land were operating leases or finance leases and judged that it retains all the significant risk and reward of these properties, thus accounted for as finance leases.

2.4 Significant accounting estimates and judgements

(b) Key sources of estimation uncertainty

(i) Useful lives of property, plant and equipment

The Group and the Company estimate the useful lives of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives of the property, plant and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescences and legal or other limits on the use of the relevant assets. In addition, the estimation of the useful lives of property, plant and equipment is based on internal technical evaluation and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in the estimate of useful lives and residual values of property, plant and equipment brought about by changes in factors mentioned above. The Group and the Company also perform annual review of the assumptions made on useful lives and residual values to ensure that they continue to be valid.

(ii) Provision for impairment losses

The Group and the Company make a provision for impairment losses based on an assessment of receivables recovery. Provisions are applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. In assessing the extent of irrecoverable debts, management has given due consideration to all pertinent information relating to the ability of the debtors to settle the debts. Where the expectation is different from the original estimate, such difference will impact the carrying value of the receivables.

(iii) Valuation of investment properties

The investment properties of the Group and the Company are measured at fair value. This requires an estimation of the fair values.

The fair values of investment properties have been derived using the sales comparison approach. Judgement is required in selecting any comparable properties which have been sold or are being offered for sale and making adjustments for factors which affect value such as location and accessibility, market conditions, property size and other relevant characteristics.

10. Investment properties (cont'd)

Investment properties with fair value of RM6,900,000 (2013: RM6,080,000) are pledged as securities for borrowings (Note 20).

Fair value information

Fair value of investment properties are categorised as follows:

| | 2014 | | | |
|--------------|-------------------|-------------------|-------------------|-----------------|
| | Level 1 RM'000 | Level 2 RM'000 | Level 3 RM'000 | Total RM'000 |
| Group | | | | |
| - Shoplots | - | 6,440,000 | - | 6,440,000 |
| - Apartments | - | 1,047,000 | - | 1,047,000 |
| - Houses | - | 3,075,000 | - | 3,075,000 |
| | - | 10,562,000 | - | 10,562,000 |

Level 1 fair value

Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical investment properties that the entity can assess at the measurement date.

Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the investment property, either directly or indirectly.

Level 2 fair values of investment properties have been generally derived using the sales comparison approach. Sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input into this valuation approach is price per square foot of comparable properties.

Level 3 fair value

Level 3 fair value is estimated using unobservable inputs for the investment property.

Investment properties are at its highest and current best use.

26. Financial instruments

Classification of financial instruments

Financial assets and financial liabilities are measured on an ongoing basis either at fair value or at amortised cost. The principal accounting policies of the Group described how the classes of financial instruments are measured, and how income and expenses, including fair value gains and losses, are recognised. The following table analysed the financial assets and liabilities at the reporting date by the classes of financial instruments to which they are assigned, and therefore by the measurement basis.

27. Fair value of financial instruments

(a) Determination of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value:

| | Note |
|--------------------------------------|------|
| Receivables | 14 |
| Amount due from subsidiary | 15 |
| Borrowings (current and non-current) | 20 |
| Payables | 23 |

The carrying amounts of these financial assets and liabilities are reasonable approximation of fair values due to the relatively short term nature of these financial instruments.

The carrying amount of the current portion of borrowings are reasonable approximations of fair values due to the insignificant impact of discounting.

The fair value of non-current loans and borrowings are estimated by discounting expected future cash flows at market incremental lending rate for similar types of lending or borrowing arrangements at the reporting date.

The fair value of quoted other investments is determined directly by reference to their published market price at the reporting date.

(b) Fair value hierarchy

The Group's and the Company's financial instruments carried at fair value are analysed as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

As at reporting date, the Group's and the Company's other investments are classified as Level 1. The Group and the Company do not have any financial instrument classified as Level 2 and Level 3 as at 31 August 2014.

There were no material transfers between Level 1, Level 2 and Level 3 during the financial year.

Notes to the Financial Statements (cont'd)

31 August 2014

28. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and market price risk.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For cash and bank balances, the Group and the Company minimise credit risk by dealing exclusively with reputable financial institutions.

The Group's and the Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group and the Company trade only with recognised and creditworthy third parties. It is the Group's and the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's and the Company's exposure to bad debts is not significant.

Exposure to credit risk

At the reporting date, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

(b) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The Group's and the Company's liquidity risk management policy is to maintain sufficient liquid financial assets and stand-by credit facilities with several banks.

28. Financial risk management objectives and policies (cont'd)

(c) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises primarily from their borrowings.

The investments in financial assets including fixed deposits are mainly short term in nature and they are not held for speculative purposes.

The Group and the Company manage interest rate exposure by using a mix of fixed and floating rate debts and actively reviewing the debt portfolio, taking into account the investment holding period and nature of its assets.

Interest rate sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Group's and the Company's (loss)/profit before tax (through the impact on floating rate borrowings).

| | Group/Company RM |
|--|---------------------|
| 31 August 2014 | |
| Borrowings denominated in Ringgit Malaysia | |
| Interest rates increase by 0.25% | 117,876 |
| Interest rates decrease by 0.25% | (117,876) |
| 31 August 2013 | |
| Borrowings denominated in Ringgit Malaysia | |
| Interest rates increase by 0.25% | 121,486 |
| Interest rates decrease by 0.25% | (121,486) |

(d) Market price risk

Market price risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market prices.

The Group and the Company are exposed to equity price risk arising from its investment in quoted equity instruments. The quoted equity instruments in Malaysia are listed on the Bursa Malaysia. These instruments are classified as fair value through profit or loss financial assets. The Group and the Company do not have exposure to commodity price risk.

(e) Foreign currency risk

The Group is exposed to transactional currency risk primarily through sales and purchases that are denominated in a currency other than the functional currency of the operations to which they relate. The currencies giving rise to this risk are primarily United States Dollars (USD) and United Arab Emirates Dirham (AED). Foreign exchange exposures in transactional currencies other than functional currencies of the operating entities are kept to an acceptable level.

| Functional currency of Group | RM |
|------------------------------|------------|
| As at 31 August 2014 | |

| | - weaken 3% | (43,547) | (43,547) |

29. Capital management

The primary objective of the Group's and the Company's capital management is to maintain a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group and the Company manage its capital structure and make adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group and the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 August 2014 and 31 August 2013.

The Group and the Company monitor capital using debt to equity ratio, which is total debts divided by total equity.

| | Group | | Company | |
|---|-------------|-------------|-------------|-------------|
| | 2014 RM | 2013 RM | 2014 RM | 2013 RM |

Re-Appointment of Director - Resolutions 4 (a) & (b)

The Ordinary Resolutions 4 (a) & (b) under Agenda 4 are to seek the shareholders' approval to re-appoint and retain the following Independent Non-Executive Directors of the Company:

- a) Dennis Xavier who has served as an Independent Non-Executive Director of the Company for a cumulative term of more than nine (9) years and is retiring by rotation in accordance with Article 96 of the Articles of Association of the Company.
- b) Davinia a/p Rajadurai who has served as an Independent Non-Executive Director of the Company for a cumulative term of more than nine (9) years and is retiring by rotation in accordance with Article 96 of the Articles of Association of the Company.

The Malaysian Code on Corporate Governance 2012 recommends that Shareholders' approval be sought in the event that the Company intends to retain an Independent Non-Executive Director who has served in that capacity for more than nine (9) years.

In relation thereto, the Board, through the Nomination and Remuneration Committee, has assessed the Independent of Dennis Xavier and Davinia a/p Rajadurai who have served as Independent Non-Executive Directors of the Company for a cumulative term of more than nine (9) years.

The Board recommends that Dennis Xavier and Davinia a/p Rajadurai to continue to act as Independent Non-Executive Directors of the Company for the following reasons:

- a) They fulfil the criteria as Independent Directors as defined in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, and therefore is able to bring independent and objective judgement to the Board.
- b) Their vast experiences in the legal background enable them to provide the Board with a diverse set of experience, expertise, skills and competence.
- c) They understand the Company's business operations which allow them to participate actively and contribute positively during deliberations or discussions at both the Committee and Board meetings.
- d) They devote sufficient time and effort and attend all the Committees and Board meetings for informed and balanced decision making.
- e) They exercise due care as Independent Directors of the Company and carry out their professional and fiduciary duties in the interest of the Company and its shareholders.

Notice of Annual General Meeting (cont'd)

EXPLANATORY NOTES ON SPECIAL BUSINESS

7. **Resolution 6**
To Empower the Directors of the Company to Issue Shares Pursuant to Section 132D of the Companies Act, 1965

The proposed resolution 6, if passed, will give a renewed mandate to the Directors of the Company to issue ordinary shares of the Company from time to time provided the aggregate number of shares issued pursuant to this resolution does not exceed 10% of the issued capital of the Company for the time being ("Renewed Mandate"). The Renewed Mandate, unless revoked or varied at a general meeting, will expire at the conclusion of the next Annual General Meeting of the Company.

As at the date of this Notice, no new shares in the Company were issued pursuant to the mandate granted to the Directors at the last Annual General Meeting held on 20 February 2014 and which will lapse at the conclusion of the Thirtieth Annual General Meeting.

The Renewed Mandate will enable the Directors to take swift action in case of, inter alia, a need for corporate exercises, or in the event of business opportunities, or other arising circumstances which involve the issue of new shares, and to avoid delay and cost in convening general meetings to approve such issue of shares.
