This has resulted in material uncertainty surrounding MBX. On 12 March 2019, MBX informed the Group that a receiver and manager was appointed by the Bank. On 18 July 2019, Kuala Lumpur High Court granted the order for MBX to be wound up pursuant to the creditors' liquidation. In the previous corresponding period, the Group recorded impairment losses of RM37,320,000 and the remaining carrying value after impairment of interests in MBX was RM13,793,000. The Group has not provided any guarantee for the loan entered by MBX.

There is no further impairment in period under review as full impairment has been made in prior year.

V. NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

2. Changes in Accounting policies and methods of computation (cont'd)

The adoption of the above new standards and other pronouncements will not have any significant effects on the interim financial statements, other than as disclosed below:

Interpretation to MFRS 123: Borrowing Costs relating to over time transfer of constructed good (Agenda Decision 4 ("AD4"))

In March 2019, the International Financial Reporting Standards Interpretations Committee concluded that interest cost should not be capitalised for assets created under the percentage-of-completion method i.e. receivables, contract assets and inventories as these assets do not meet the definition of qualifying assets.

In the current quarter, the Group has assessed the impact to the profits before income tax and the Group has not reflected any adjustments arising from AD4 impact assessment, as it is deemed immaterial. The Group will continue to assess its impact in the current financial year.

3. Audit report in respect of the 2019 financial statements

The audit report on the Group's financial statements for the financial year ended 31 December 2019 is not qualified.

4. Seasonal or cyclical factors

The Group's operations are not subject to any significant seasonal or cyclical factors.

5. Material changes in estimates used

There were no changes in estimates of amounts reported in prior financial years that have a material effect in the current period except for the estimates related to construction cost resulting in project cost savings of 6.0% (2019: 3.8%) over cost of sales.

6. Debt and equity securities

The Group did not undertake any issuance and/or repayment of debt and equity securities, share buy-backs, share cancellations, shares held as treasury shares and resale of treasury shares for the current financial period ended 30 June 2020 except as below:

Date	Transaction	Amount (RM'Million)	Tenure	Rate (per annum)
10 April 2020	Issuance	200	6 months	3.50%
10 April 2020	Repayment	(150)	5 years	4.58%
30 April 2020	Issuance	130	1 year	3.70%

10 June 2020	Issuance	270	3 years	4.00%
12 June 2020	Issuance	150	3 years	4.00%

The proceeds from the IMTN are for UEMS' Shariah-compliant general corporate purposes.

On 24 April 2020, the Company has redeemed a total of 123,340,418 redeemable convertible preference shares ("RCPS") out of the share capital account for a redemption sum of RM150.0 million at approximately RM1.22 for each RCPS following a redemption notice dated 17 April 2020 issued to UEM Group Berhad ("UEMG"), the immediate holding company of the Company.

8. Unusual items due to their nature, size or incidence

The COVID-19 outbreak was first identified in Wuhan, China in December 2019 and it was declared a pandemic by the World Health Organisation in March 2020. A nationwide Movement Control Order ("MCO") was subsequently enforced from 18 March 2020 to 9 June 2020 to contain the spread of the virus. During this period, our sales galleries, retail outlets and offices were closed and there were no sales and construction activities.

The Recovery Movement Control Order ("RMCO"), introduced on 10 June 2020, is effective till 31 August 2020. Restrictions on inter-state travelling and economic activities were relaxed. We managed to obtain approvals from the Ministry of International Trade and Industry to reconvene construction for certain projects. The pandemic has significantly curtailed all business activities and as a result, impacted our financial performance for the period under review.

9. Material events subsequent to the end of the current financial year

In the opinion of the Directors, there are no items, transactions or events of a material and unusual nature which have arisen since 30 June 2020 to the date of this announcement which would substantially affect the financial results of the Group for the financial period ended 30 June 2020 that have not been reflected in the condensed interim financial statements.

11. Changes in the composition of the Group

There were no significant changes in the composition of the Group up to the date of this announcement including business combinations, acquisitions or disposals of subsidiaries and long term investments, restructuring or discontinued operation since the preceding financial year ended 31 December 2019 except as disclosed below:

- (i) On 2 April 2020, UEM Sunrise (Collingwood) Pty Ltd and UEM Sunrise (Collingwood Development) Pty Ltd were incorporated and registered in Victoria, Australia as wholly-owned subsidiaries of UEM Sunrise (Land) Pty Ltd and UEM Sunrise (Developments) Pty Ltd respectively, which in turn are indirect wholly-owned subsidiaries of the Company, each with paid-up share capital of AUD4.00 divided into 2 Ordinary Shares.
- (ii) On 16 April 2020, UEM Sunrise (Collingwood) Unit Trust was established with UEM Sunrise (Collingwood) Pty Ltd as the trustee of the unit holder, UEM Sunrise (Land) Pty Ltd, both indirect wholly-owned subsidiaries of the Company, with paid-up share capital of AUD100.00 divided into 10 Ordinary Units and governed by the law in force in the State of Victoria, Australia.

12. Contingent liabilities

There are no changes in the contingent liabilities since the preceding financial year ended 31 December 2019 except as disclosed below:

(a) Income tax assessment

On 3 October 2011, Bandar Nusajaya Development Sdn Bhd ("BND"), an indirect wholly-owned subsidiary of the Company, received a notice of additional assessment ("Form JA") from the Inland Revenue Board ("IRB") for additional tax and penalty of RM50.9 million and RM22.9 million respectively, totalling to RM73.8 million in respect of the year of assessment 2006.

On 4 September 2012, the Kuala Lumpur High Court ("KLHC") ruled in favour of BND and declared that the IRB had no legal basis to raise the additional assessment. Following the decision held by KLHC, the IRB had filed an appeal to the Court of Appeal ("CoA") against the decision made.

The CoA, having heard and considered the submissions by both parties on 19 and 20 May 2014, unanimously decided that there were no merits in the appeal by the IRB and thus agreed with the decision of KLHC which ruled in favour of BND. The IRB had on 18 June 2014 filed an application for leave to the Federal Court ("FC") to appeal against the decision of CoA.

On 18 October 2016, the FC reversed the decisions of CoA and KLHC and ordered that BND appeal by way of filing a notice of appeal ("Form Q") to the Special Commissioners of Income Tax ("SCIT"). The FC's decision resulted in the Form JA totalling RM73.8 million to become due and payable within 30 days, which was fully paid on 5 December 2016.

Subsequent to the FC's decision, on 25 and 26 October 2016, BND filed the Form Q to the IRB. The Form Q was rejected by the IRB on 25 and 26 October 2016 respectively. On 10 November 2016, BND filed a notice for extension of time to file the Form Q ("Form N") which was rejected by the IRB on 8 February 2017.

A judicial review application against the rejection of Form Q was filed on 17 January 2017. In addition to the judicial review, BND filed a written representation directly to the SCIT requesting the approval to file the Form Q. The SCIT granted their approval on 3 March 2017. Vide a letter dated 21 March 2017, the IRB confirmed the receipt of BND's Form Q dated 20 March 2017. The IRB had 12 months from the date of receipt of Form Q to review and present it to the SCIT. The judicial review application was withdrawn on 17 May 2017 given that the IRB did not appeal against the decision of the SCIT.

V. NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

12. Contingent liabilities (cont'd)

(a) Income tax assessment (cont'd)

Vide a letter dated 14 March 2018, the IRB served the Form Q to the SCIT. Case management was fixed before the SCIT on 18 May 2018. Further to the case management, the SCIT fixed this matter for hearing on 14 and 15 September 2021. Upon the hearing of this case, BND's solicitors can then proceed to present the merits of the case to the SCIT. BND's solicitors are of the view that BND has a strong case to argue that the IRB has no legal or factual basis to issue the notice of additional assessment nor there is legal or factual basis for the IRB to impose the penalty.

(b) The Company and its subsidiaries have been subjected to a non-specific investigative audit as of February 2018. To date, IRB audit investigation is still on-going.

13. Capital commitments

There are no material capital commitments in relation to the Group's capital expenditure except as disclosed below:

The effective tax rates (excluding share of results of associates and joint ventures) for the current quarter and cumulative period are higher than the statutory tax rate due to non-deductible expenses and unrecognised tax losses for certain loss-making entities. The higher tax rate in the cumulative period is further exaberated by non-deductible foreign exchange losses.

17. Fair value hierarchy

There were no transfers between any level of the fair value hierarchy during the current period and the comparative period. There were also no changes in the purpose of any financial asset that subsequently resulted in a different classification of that asset.

18. Material litigation

Since the preceding financial year ended 31 December 2019, there is no change in material litigation as at the date of this announcement except as disclosed below:

- a) Decision by the Federal Court in respect of BND's additional assessment raised by IRB for additional tax and penalty, as disclosed in Note 12(a).
- b) On 25 July 2017, UEM Land was served with the Claim filed by the Plaintiffs in relation to shares held in Setia Haruman Sdn Bhd ("Setia Haruman" or "the 1st Defendant"). UEM Land is cited as the 9th Defendant in the Claim.

The Claim seeks, amongst others, for:

- (i) a declaration that the 2nd to 9th Defendants respectively had managed and conducted the affairs of the 1st Defendant and/or exercised their powers oppressively and/or disregarded and/or acted in a manner unfairly prejudicial to the interest of the Plaintiffs as members of Setia Haruman pursuant to Section 346 of the Companies Act 2016; and
- (ii) an order that the 2nd to 9th Defendants do jointly and/or severally purchase the 750,000 ordinary shares of Setia Haruman owned or held by Impresive Circuit Sdn Bhd ("Impresive Circuit") defined at such price and on such terms as shall be determined by the Honourable Court.

On 25 April 2018, UEM Land had successfully applied to strike out Datuk Kasi A/L K.L. Palaniappan ("Datuk Kasi"), the First Plaintiff in the suit, as a party in the Claim. The remaining Plaintiff in the suit, Impresive Circuit, successfully added two other Defendants in the suit namely Menara Embun Sdn Bhd and Modern Eden Sdn Bhd.

On 23 May 2018, Datuk Kasi and the 2nd to 6th Defendants have respectively filed their appeal to the Court of Appeal against the High Court's ("HC") decision on 25 April 2018. Datuk Kasi is appealing against the HC's decision in allowing the 7th to 9th Defendants Striking Out and Misjoinder application, striking Datuk Kasi out as a party ("Datuk Kasi's Appeals"). The 2nd to 6th Defendants appealed against the dismissal of their application to strike themselves out as parties to the action by the HC ("2nd to 6th Defendants' Appeals"). On 18 September 2019, Datuk Kasi's Appeals were withdrawn, whereas the 2nd to 6th Defendants' Appeals were dismissed by the Court of Appeal.

On 28 May 2019, the Plaintiff has filed a motion in the Court of Appeal, seeking for an extension of time to serve a notice of appeal against the 7th to 12th Defendants. The motion is now fixed for hearing on 12 October 2020. Further, on 3 December 2019, the Court allowed the Plaintiff's application to cross-examine deponents of various affidavits filed by the Defendants. The matter is now fixed for hearing (cross-examination of deponents) from 8 September 2020 to 10 September 2020.

UEM Land denies allegations made by the Plaintiffs and is vigorously defending the Claim. Based on the foregoing, at this juncture, the Claim has no material financial and operational impact to the Group and the Company. The Company's solicitor is of the view that UEM Land has a reasonably good chance of success in defending the Plaintiffs' case against UEM Land.

18. Material litigation (cont'd)

(c) On 18 April 2019, UEM Land was served with a Notice of Arbitration ("NOA") dated 17 April 2019 filed by Ireka Engineering & Construction Sdn Bhd ("IECSB") in relation to disputes arising from the Agreement and Conditions of PAM Contract 2006 (With Quantities) ("Agreement") together with a Letter of Award dated 15 June 2012 ("LOA") for the construction of Imperia in Puteri Harbour, Iskandar Puteri, Johor ("Project") seeking a declaration sum of RM29,250,000 as the total amount of the final account. The LOA is to be read together with the Agreement (collectively referred to as the "Contract").

IECSB was appointed by UEM Land as the main contractor for the construction of the Project under the Contract at a sum of RM268.6 million. Its scope covers the:

- a. Overall main works;
- b. 'Stesen Suis Utama' and 'Pencawang Pembahagian Utama'; and
- c. Construction of mock-up units.

IECSB has raised certain claims with respect to the performance of the obligations in the Contract and seeks inter alia, a declaration that RM29,250,000 be the total and final amount of the final account or any other amount assessed by the Arbitral Tribunal.

UEM Land's position is that IECSB's claims are without merits and UEM Land will vigorously defend its position accordingly.

The Asian International Arbitration Centre has appointed Mr. Wayne Martin as the arbitrator on behalf of both parties. It was agreed by both parties that IECSB to file its Statement of Claim within 45 days from 21 October 2019, and UEM Land to file its Statement of Defence and Counterclaim within 45 days from the receipt of the Statement of Claim. Subsequently, IECSB to file its Statement of Reply and Defence to Counterclaim within 30 days from the receipt of the receipt of the Statement of Reply and Defence to Counterclaim within 30 days from the receipt of the receipt of the Statement of Reply and Defence to Counterclaim within 30 days from the receipt of the Statement of Reply and Defence to Counterclaim.

Based on the Statement of Claim dated 27 December 2019, IECSB is seeking inter-alia, RM20,395,000 for loss and expense, RM29,250,000 for the amount due and owing to IECSB pursuant to the Statement of Final Account or alternatively any other amount assessed by the Arbitral Tribunal, interest on all sums directed to be paid from such date as the Tribunal deems fit and costs.

In the Statement of Defence and Counterclaim dated 2 March 2020, UEM Land denied and disputed liability on IECSB's claims and sought counterclaims amounting to total sum of RM31,757,000 for amongst others, Liquidated Ascertained Damages for delay in the completion of the works and defects rectification cost and back-charges.

UEM Land filed an application dated 15 June 2020 to amend its Defence and Counterclaim to include further counterclaim for back-charges and the application was allowed by the Tribunal. The Reply to Defence and Defence to Counterclaim was filed by IECSB on 8th July 2020. UEM Land filed its Reply to the Defence to Counterclaim on 17 August 2020. The hearing dates for this matter have yet to be fixed.

The Group believes, based on legal advice, that the NOA and potential arbitration proceedings are not expected to have material financial and operational impact on the Group for the financial year ending 31 December 2020.

The pandemic had its maximum impact on business activities in the current quarter. The Group recognised lower revenue as there were minimal sales and construction activities as well as rental waivers to our tenants. The Group recorded higher loss after tax, in line with lower revenue, costs of inventories written down, absence of development cost savings and unfavourable share of results from joint ventures and associates. The higher loss was partially offset by foreign exchange gain of RM4 million in the current quarter as compared to RM18 million foreign exchange losses in the immediate preceding quarter.

V. NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

20. Detailed analysis of the performance for the current quarter and period (cont'd)

For the current quarter and cumulative period, the Group recorded 89% and 78% reduction in revenue respectively, largely due to lower contribution from international projects, for which partial settlement of Aurora Melbourne Central and Conservatory contributed RM79 million in the current cumulative period as compared to RM980 million in prior year's corresponding cumulative period. The Group also recorded lower revenue in domestic segment due to lower sales and slower progress completion during the MCO period, and the completion of Sefina, Serimbun and Almas in the prior year, cushioned by progression of Solaris Parq, Aspira ParkHomes and 68° Avenue.

The Group recorded loss after tax in the current quarter and cumulative period due to significantly lower revenue mentioned above, costs of inventories written down and unfavourable share of results of joint ventures and associates. The loss after tax in the cumulative period also included higher foreign exchange losses.

22. Prospects for the current financial year

The Malaysian economy registered a contraction of 17.1% in 2Q 2020; the lowest since 4Q 1998 (-11.2%) arising from weak external demand conditions and strict containment measures amid the imposition of the Movement Control Order ("MCO") due to COVID-19, followed by the conditional and recovery MCO during 2Q 2020. Bank Negara Malaysia revised its growth forecast for 2020 to between -3.5% and -5.5% while IMF is projecting a global growth of -4.9%. Unemployment rate was 4.9% as at the end of June although the Government expects the rate to reach 5.5% in 2020. Recovery is challenging as the pandemic has weakened growth prospects with many sectors affected, including property.

We remain cautious in planning this year's launches; focusing on products that meet market demands whilst continuing to pare down inventories. To date, we have launched a GDV of RM204 million comprising a new phase in Serene Heights Bangi, Frischia, in mid-June and Iskandar Puteri products namely Senadi Hills (phase 1A), commercial Senadi Square and Aspira ParkHomes (phase 3B) in July. For the remaining year, we plan to launch high-rise Residensi Allevia in Mont'Kiara, Kuala Lumpur with a GDV of RM542 million and another new phase of Serene Heights Bangi valued at RM43 million, both in Central. In Southern region, we plan to launch three more new phases in Senadi Hills comprising double storey terrace homes and 130 units of high-rise affordable homes totalling a GDV of RM171 million.

In conjunction with the 2020 Home Ownership Campaign ("HOC"), we launched "The Happy Chase" campaign for 22 of our projects in both the Central and Southern regions on 25 July. Buyers are able to leverage on the 2020 HOC's incentives and at the same time enjoy our offerings under The Happy Chase campaign for selected developments. Total secured sales plus commitment received as at 16 August is approximately RM500 million with Residensi AVA in Kiara Bay, Kuala Lumpur having the highest bookings followed by Serene Heights Bangi and Senadi Hills.

In Australia, the Group secured a settlement rate of 98% for Aurora Melbourne Central at a total settlement value of AUD616 million while Conservatory secured a settlement rate of 91% at a total settlement value of AUD287 million. The remaining units pending settlement are valued at AUD49 million. We are currently focusing to settle these units and aim to achieve 100% settlement rate in the next six to nine months. The contract of sale with Scape Australia Management Pty Ltd for the en-bloc disposal of service apartment plus retail and car park components in Aurora Melbourne Central of AUD125 million will be completed and settled in October 2020.

We increased our foothold in Australia by acquiring a 1.33-acre site at 21-53 Hoddle Street, Collingwood, Melbourne from Jowett Properties Pty Ltd for a purchase price of AUD43 million on 18 June 2020. Completion is expected on 31 March 2021 upon the full settlement of the purchase price. We plan to undertake a project valued at an estimated GDV of AUD250 million.

The Group remains financially sound given the low net and gross gearings of 0.40x and 0.59x, respectively and cash balance of RM1.38 billion as at the end of June 2020. Unbilled sales as at the end of the second quarter is RM1.7 billion which will be recognised over the next 18 to 24 months depending on progress completion as most ongoing projects are at their early stages of construction.

The current low interest rate regime coupled with the 2020 HOC's incentives and property gains tax exemption under PENJANA are expected to provide stimulus to the property market. Whilst we look forward to leverage on the said incentives, we remain cautious on the outlook and anticipate a sale and GDV targets of RM1.0 billion (including land sales) and RM1.0 billion, respectively for 2020.
