## Cover Rationale | **Pushing Forward**

At BDB, we not only believe in finding strength in adversities, we thrive on them. After all, an organisation’s true strength and character emerge during trying times. This is how we overcome setbacks – by adapting to the ever-changing world around us and discovering new opportunities, where we rebound better and stronger. Hence, we are pushing forward with greater focus and determination for excellence and seizing growth opportunities to enhance value for our stakeholders.

This is our spirit of achievement.

# ABOUT US

---

**BINA DARULAMAN BERHAD (BDB)** is an investment holding company with its subsidiaries being household names in the state of Kedah with regards to property and township development, construction, road building and maintenance, quarry, golf as well as tourism, leisure, and hospitality.

Since its inception more than two decades ago, the BDB Group has played a significant role in contributing to the development of the state's socio-economic agenda and has achieved remarkable success in the undertaking of various projects in different parts of Kedah.

The year 2020 also marks the 25th anniversary of BDB since its inception back in 7 February 1995 and listed in the Main Board of Bursa Malaysia on 2 February 1996. Since then, the BDB Group has come a long way from its humble beginnings and now possesses a workforce with a high degree of expertise and specialty as evident in its ability to undertake various projects.

The Group underwent a transformation process through a rebranding exercise with the unveiling of a new identity in April 2015 which was in conjunction with its 20th-anniversary celebration. The new corporate identity, with the tagline “Spirit of Achievement” reflects BDB’s bigger, forward-marching aspirations and commitment.

The new tagline underscores the new corporate culture where everyone will work together to achieve corporate goals.

# ROAD BUILDING & QUARRY

---

**BDB INFRA SDN. BHD.** (BDB Infra) has more than 40 years of experience in quarry and road construction since its inception in 1973. BDB Infra is recognised as one of the most reputable class G7 contractor for road works in northern Malaysia.

BDB Infra also forged a reputation for its technical knowledge and quality road works. BDB Infra participated in many road constructions projects and maintenance of roads and highways across northern Malaysia.

Originally operating under the name of Syarikat Bina Dan Kuari Kedah Sdn. Bhd., BDB Infra is the pioneer of the quarry industry in the north and operates the largest granite quarry in Kedah, Bukit Perak Quarry, situated in Pendang. The quarry produces various sizes of crushed aggregates and Asphaltic Bituminous Mix Products for the construction of roads, highways, railway tracks, bridges, houses, land reclamations and other infrastructures.

With a capacity to produce 100,000 tonnes of aggregates monthly and based on the current capacity, the quarry has enough reserves to last over 100 years.

In early 2017, BDB Infra has successfully operated a new asphalt premix plant in Kulim, namely Kulim Kedah Premix Plant (KKPP) to cater for the demand of customers from central to southern Kedah, Penang and northern Perak.

The plant is equipped with a batching system which capable to produce 40,000 tonnes of Asphaltic Bituminous Mix Products monthly. KKPP is the latest addition to BDB Infra production and manufacturing facilities.

# ENGINEERING & CONSTRUCTION

**BDB SYNERGY SDN. BHD.** (BDB Synergy) was created through a joint venture between Perbadanan Kemajuan Negeri Kedah (PKNK) and Sato Kogyo Company Ltd. in 1982 and prides itself as one of the major participants in the government and private sectors' engineering and construction markets for the northern region of Malaysia. BDB Synergy offers a full spectrum of engineering and construction services, from civil and building construction, roadworks and earthworks, maritime infrastructure to waterworks.

BDB Synergy, since its inception, has forged a proud track record of major developments and projects across the engineering and construction industry. Among others, BDB Synergy has successfully delivered building and civil projects for airports, leisure and residential developments, educational and healthcare, water supply facilities, jetties, roads, bridges, industrial, and civil infrastructures.

BDB Synergy's competitive advantage lies in its decades of experience, civil engineering skillsets and resources that are versatile enough to deliver projects of all sizes innovatively within budget, on time, and exceeding clients' expectations.

In 2019, BDB Synergy has proven its worth when it was awarded with the Certificate of Appreciation for Early Completion of Project by the Malaysian Ministry of Housing and Local Government, having satisfactorily completed a residential development known as Program Perumahan Rakyat (PPR) at Ayer Hitam, Kedah Darul Aman, in record time of 111 days earlier than the completion date stipulated in the contract.

As a commitment to operational excellence and consistent performance with the core objective of achieving complete stakeholders' satisfaction, BDB Synergy subscribes to the following tools and standards in its operations:

- Quality Assessment System in Construction (QLASSIC)
- ISO 9001:2015
- ISO 14001:2015
- OHSAS 18001:2007

# PROPERTY DEVELOPMENT

**BDB LAND SDN. BHD.** (BDB Land) has carved a niche as a reputable leader in township developments in the northern region of Malaysia.

Established on 7 April 1981, it has more than 30 years experience and an impressive track record as its credentials.

BDB Land is the name behind prestigious sustainable townships such as:

- Bandar Darulaman (Jitra), a self-sustaining and matured township in the state capital of Alor Setar;
- Darulaman Perdana (Sungai Petani), a residential mixed development bringing quality living to the people of Sungai Petani;
- Darulaman Utama (Kuala Ketil), a large scale township development in Kuala Ketil, envisaged to transform the district of Baling; and

- the two new townships, Darulaman Saujana (Jitra) and Darulaman Putra (Sungai Petani), are poised to continue bringing sustainable development and quality living to the people of Kedah.

BDB Land also aims to make home ownership within reach to as many as possible by continuing to focus on building affordable homes in the next 5 years. In 2019, BDB Land launched 75 units of Akustika, double storey terrace in Bandar Darulaman and 122 Units of Amethyst, Single Storey Terrace in Darulaman Perdana.

BDB Land will continue to introduce new products and a new living lifestyle within its townships and play a key role in the socio-economic agenda of Kedah.

# PROPERTY DEVELOPMENT

---

**KEDAH HOLDINGS SDN. BHD.** (Kedah Holdings) which was established on 2 February 1982, has more than 30 years experience in developing commercial, residential, high-rise apartments and office blocks as its credentials.

Kedah Holdings is poised to develop small to medium scale housing and commercial schemes to position itself as a pocket and boutique developer matching customised needs and lifestyle to the people within Kedah state and beyond.

Kedah Holdings is presently developing mixed properties in Bandar Sejahtera, Pokok Sena and also residential and commercial properties in Serdang, Bandar Baharu, Kedah known as Aman Perdana.

Kedah Holdings past developments include:

- Kompleks Alor Setar, a three-storey commercial complex along Lebuhraya Darulaman, Alor Setar;
- Menara BDB, a ten-storey office block which houses BDB headquarters as well as private offices, government and semi-government agencies;

- Taman Lelasari II, 19 units double storey bungalow houses in Jalan Langgar, Alor Setar; and
- Taman Nusantara, 86 units double storey semi-detached houses along Jalan Kuala Kedah, Alor Setar.

# LEISURE & HOSPITALITY

Established on 6 September 2016, **BDB LEISURE SDN BHD** (BDB Leisure) is involved in the business of managing recreational parks, entertainment, sports, indoor and outdoor activities.

Darulaman Park is a popular hangout with various attractions for sports and recreational activities. The introduction of Fantasia Aquapark in November 2017 as well as marquee tent, wall climbing and flying fox in 2018 will help boost tourist attractions and promote Bandar Darulaman township.

Darulaman Trails in Bandar Darulaman and Darulaman Sanctuary in Langkawi also play an integral part in providing facilities and attractions for the outdoor enthusiast.

# LEISURE & HOSPITALITY

---

**BDB DARULAMAN GOLF RESORT BERHAD** (BDB DGRB) owns and manages Darulaman Golf and Country Club (DGCC) and the resort BDB Hotels.

DGCC is home to a sprawling international standard 18-hole golf course that spans across 190 acres of land.

Aptly dubbed the “Pride of the North”, DGCC is one of the few golf resorts in Kedah that offers a complete host of resort facilities. The resort has various facilities like swimming pool, badminton

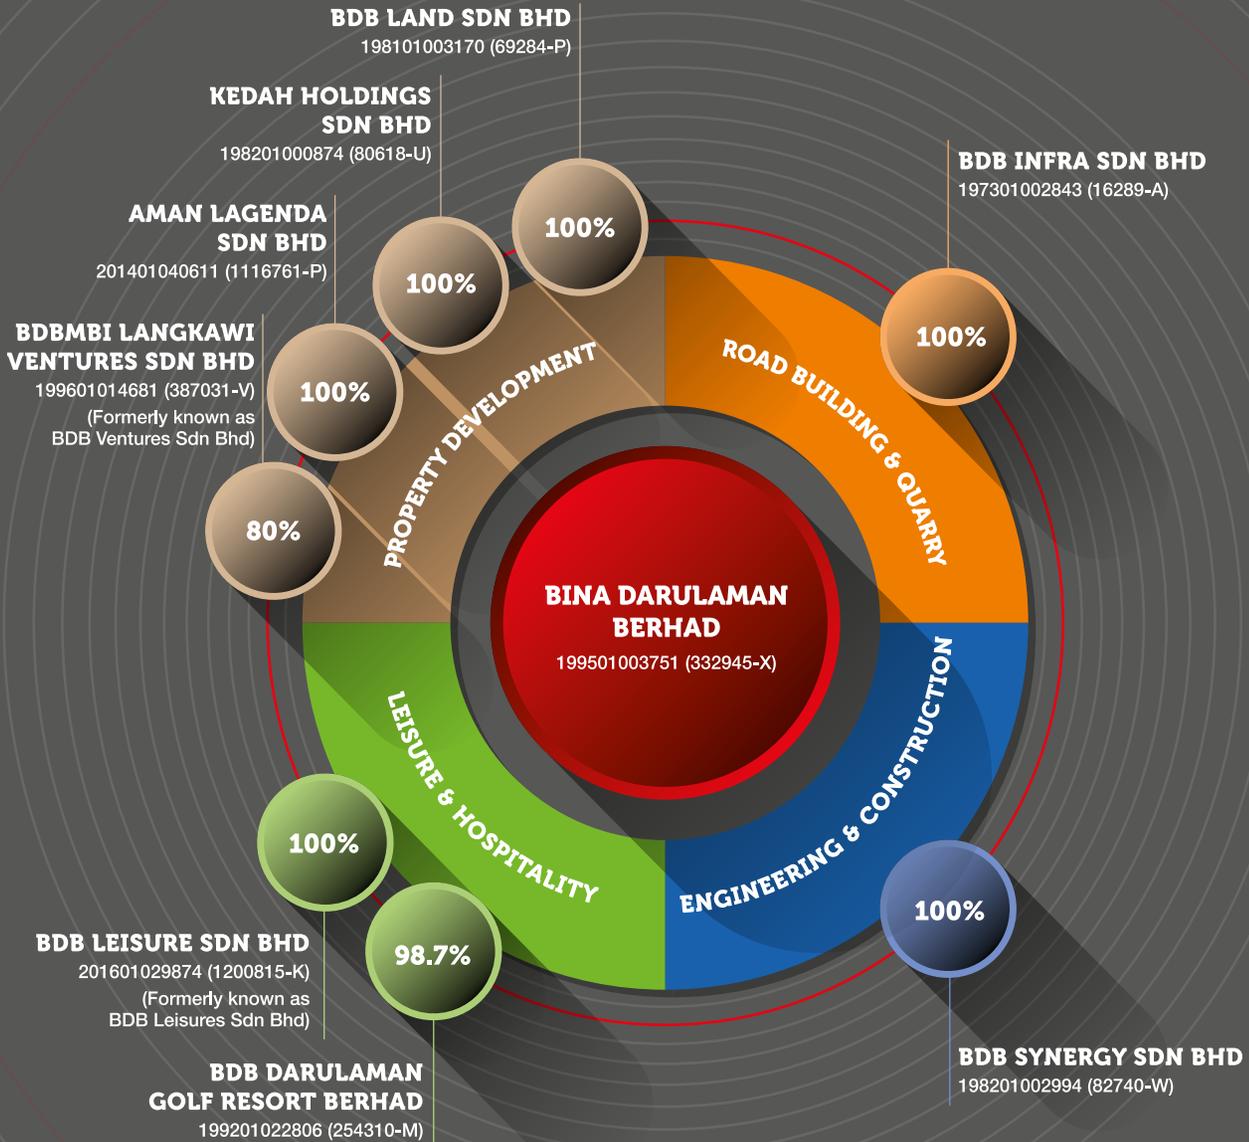

courts, gymnasium, conference facilities and F&B outlet known as Classic Café.

The resort, BDB Hotels overlooks the picturesque 18-hole golf course and offers 100 rooms with apartment concept and chalets. The hotel is also ideal for business meetings and has a conference hall that can accommodate 300 delegates.

# PROFILE – BOARD OF DIRECTORS

## DATO' MOHAMED SHARIL TARMIZI

**Chairman**

Independent and Non-Executive Chairman

Malaysian / 50 / Male

### Date of Appointment:

01.09.2019

### Securities holdings in the Company:

Yes

### QUALIFICATIONS

- LLB (Hons)/Law  
University College of Wales, Aberystwyth
- Barrister-at-Law  
Gray's Inn, London, United Kingdom
- Advocate & Solicitor  
High Court of Malaya

### WORKING EXPERIENCE

**Dato' Mohamed Sharil Tarmizi** was called to the Malaysian Bar in 1994 and was formerly an advocate & solicitor of the High Court of Malaya. He started his career as an advocate & solicitor with Azman Davidson & Co. and later, Zaid Ibrahim & Co. specialising in construction, property development and privatisation before becoming a partner in an investment advisory firm. Thereafter, he held the position of Chairman and Chief Executive of the Malaysian Communications and Multimedia Commission ("MCMC"), an independent regulatory body set up by a Malaysian Act of Parliament to develop, oversee and regulate the communications and multimedia sector in Malaysia from 16 October 2011 to 31 December 2014. MCMC was also the regulator for the postal and courier industry.

In the international arena, Dato' Sharil was also a Board member of the Internet Corporation for Assigned Names and Numbers ("ICANN"), the global internet domain name coordinating body and Chairman of ICANN's Government Advisory Committee ("GAC") from 2004 to 2007.

Dato' Sharil has worked closely with international organisations such as ICANN, Internet Society ("ISOC"), International Telecommunications Union ("ITU"), the World Bank, the World Trade Organisation ("WTO"), Asia Pacific Telecommunity ("APT"), Pacific Islands Telecoms Association ("PITA"), Commonwealth Telecoms Organisation ("CTO"), International Institute of Communications ("IIC"), the Universal Postal Union

("UPU") and UNICEF; particularly in the area of training and capacity building and continues to remain in an advisory capacity to some of them.

In 2017, in recognition of his contribution to the global internet community, his alma matter University College of Wales, Aberystwyth conferred him an Honorary Fellowship. He was also recently appointed as an Advisory Board Member to the United Nations University Institute for Computing and Society in March 2019.

Dato' Sharil is presently a Senior Advisor with Quantephi Sdn Bhd, a boutique investment advisory firm in Malaysia, licensed by the Securities Commission of Malaysia and a Senior Advisor to Asean Advisory Pte. Ltd., a specialist advisory and consulting firm based in Singapore. His main area of expertise is corporate restructurings, turnarounds and mergers and acquisitions. He currently serves on the Board of Directors of LotusCars UK, the Board of Directors of PrivAsia Technology Berhad and the Board of Directors of OPCOM Holdings Berhad, a company listed on the ACE Market.

#### **WORKING EXPERIENCE**

**Khairulmuna binti Abd Ghani** is the Head of Group Corporate Services & Legal of the Company. She is tasked to oversee legal matters and corporate services of BDB Group.

Khairulmuna began her career as an Advocate & Solicitor of the High Court of Malaya in 1994 before moving to BDB as in-house Legal Officer of the Company. She was appointed as Joint Company Secretary of BDB's subsidiary companies in 2001. She was then promoted as Company Secretary of BDB in 2005.

#### **OTHER INFORMATION**

Other than disclosed he does not have any family relationship with any Directors and/or major shareholders of BDB and has no personal interest in any business arrangements involving BDB. She has not been convicted of any offences within the past five years.

### **AHMAD HAFEEZ BIN AHMAD BAHARIN**

Acting Head of  
Group Human Resources

Malaysian / 43 / Male

#### **QUALIFICATIONS**

- Bachelor of Business Administration (Majoring in Human Resource Management), Northern University of Malaysia
- Certificate in Training Practice (CITP), Institute of Personnel Development, UK
- A certified TS16949 Lead Auditor and a 6 Sigma practitioner

#### **WORKING EXPERIENCE**

**Ahmad Hafeez bin Ahmad Baharin** has 20 years of experience in human resource management.

He started his career as Human Resources Executive at Kedah Resort Sdn Bhd before he moved to Sime Darby Motors. He had served in various roles in Sime Darby Motors including human resources operation, retail sales and human resource development at headquarters.

Prior to join BDB, he was attached with Continental Tyres in Alor Setar where he was exposed to different plant operations in Europe including Slovakia, Romania and Germany.

In 2016 he joined BDB Land Sdn. Bhd as Head of HR and Administration and was later assuming broader roles in handling HR operation for Property, Leisure, Construction and Engineering Division.

Ahmad Hafeez was appointed Acting Head of Group Human Resources on 1 January 2020.

#### **OTHER INFORMATION**

Other than disclosed he does not have any family relationship with any Directors and/or major shareholders of BDB and has no personal interest in any business arrangements involving BDB. He has not been convicted of any offences within the past five years.

### **ANUAR BIN BAHADOR**

Acting Head of  
Group Corporate Assurance

Malaysian / 52 / Male

#### **QUALIFICATIONS**

- Bachelor of Accounting, MARA University of Technology, Malaysia
- A member of the Malaysian Institute of Accountants

#### **WORKING EXPERIENCE**

**Anuar bin Bahador** joined BDB in 2015 and has held various positions within the group including Head of Finance, Head of Sales and Corporate Finance Manager.

Prior to joining BDB he was with Percetakan Nasional Malaysia Berhad, Kedah Cement Sdn Bhd, Naber Corporation Sdn Bhd (aviation) and Ninebio Sdn Bhd (pharmaceutical). He brings over 25 years of experience spanning various industries.

He was appointed as Acting Head, Group Corporate Assurance on 1 January 2020. He provides independent assessment and assurance to the Board Audit Committee on the adequacy of the Group's internal control systems and governance processes.

#### **OTHER INFORMATION**

Other than disclosed he does not have any family relationship with any Directors and/or major shareholders of BDB and has no personal interest in any business arrangements involving BDB. He has not been convicted of any offences within the past five years.

# CHAIRMAN'S STATEMENT

---

**“The Group’s revenue for FY2019 increased by 22% over FY2018 to RM248.2 million while Profit Before Tax (PBT) in FY2019 rose to RM6.8 million over FY2018’s loss of RM39.3 million”.**

- Dato’ Mohamed Sharil Tarmizi

## Dear Valued Shareholders,

On behalf of the Board of Directors, I hereby present the Annual Report 2019 and Financial Statements of Bina Darulaman Berhad (“BDB” or “the Group”) for the Financial Year ended 31 December 2019 (FY2019).

### OVERVIEW

Notwithstanding the fairly challenging headwinds in our business environment in FY2019, the Group persevered with its business recovery plan and has not only delivered a turnaround performance, as detailed in the Management Discussion and Analysis (on pages 34 to 42), but has recorded significant revenue and profit growth over 2018.

The Group’s revenue for FY2019 increased by 22% over FY2018 to RM248.2 million while Profit Before Tax (PBT) in FY2019 rose to RM6.8 million over FY2018’s loss of RM39.3 million. As a result of this significant improvement in financial performance, the Group’s Basic Earning Per Share in FY2019 improved to 1.55 sen compared to FY2018’s loss of 13.89 sen.

This positive turnaround in financial performance was due to the successful implementation of the Group’s business turnaround initiatives which focused on improving business transactions as well as business improvement processes to deliver better margins and cost optimisation.

### CORPORATE SOCIAL RESPONSIBILITY

The Group’s resolve and focus on its Corporate Social Responsibility’s (CSR) remains unwavering. Indeed, we are determined to reinforce all aspects of our CSR to produce a holistic engagement programme with multiple touchpoints through immersion into real and meaningful engagements with all our

stakeholders, including the state government, local Kedahan businesses, entrepreneurs, employees, partners, customers, the environment and local communities. Not only will this elevate the Group’s long-term viability and sustainability but will also result in our stakeholders benefiting from our success.

The Group’s commitment to an expanded CSR role is significant as it wants to be a main player in nation building from all aspects, not just from a one dimensional “bricks and mortar” perspective.

As an ongoing business with a significant footprint and stake in Kedah’s property and construction sectors, we are well-aware of our responsibility in upholding the state’s commitment to sustaining the environment and are determined to ensure that our state’s natural resources are preserved for generations to come.

Our charitable and philanthropic activities will continue to be a cornerstone and focal point of the Group’s CSR programme. BDB will continue to play its role in carrying out programmes aimed at benefitting our rural communities in general, and the less fortunate and the needy in particular. We are determined that Kedahans from the lower socio-economic scale should not be marginalised and isolated from our success but rather should be co-opted to ensure their economic advancement.

This aspect is something that BDB has been emphasising over the past years and we will continue to do so. We are committed towards

## CHAIRMAN'S STATEMENT (CONTINUED)

supporting socially responsible initiatives apart from setting sustainable standards.

### CORPORATE GOVERNANCE

Despite challenges faced by the Group in FY2019, upholding and executing best practices in corporate governance principles continue to be foremost for the Group. Our commitment to a good governance framework ensures accountability, fairness and transparency in BDB's relationship with all shareholders as well as its stakeholders. It is this framework which is responsible for engendering BDB's reputation for trust and confidence in all its activities.

Our practices are highlighted in our Corporate Governance Statement (on pages 56 to 76). There were no sanctions and/or penalties imposed on the Company and subsidiaries, directors or management by the relevant authorities.

### DIVIDEND

The Group's ability to pay out dividends is based on its profitability, financing commitments, capital expenditure requirements and its long-term strategic plans for cash conservation as well as to drive future growth plans. Despite the improved performance, due to priority for business continuity, no dividend was declared by the Board for the FY2019.

We trust that our respected shareholders will understand the constraints that all companies are facing in these challenging and somewhat unprecedented times but we will see rewarding days ahead.

#### **ACKNOWLEDGMENTS**

On behalf of the Board, I wish to convey my sincere gratitude to Dato' Asri bin Hamidon, Senior Independent Director who presided over the Board meetings before the appointment of the Chairman of the Company.

We also take this opportunity to thank our stakeholders for their continued trust and

confidence in us. Our sincere appreciation and heartfelt gratitude to our shareholders for their continued support and confidence in BDB.

I would also like to express my utmost appreciation to the State Government of Kedah who have supported us through the various phases and fortunes of the Group.

In closing, I would like to thank our Board members, the management and employees of BDB Group of Companies for their dedication and commitment to the Group.

#### **MOVING AHEAD**

Looking forward, although numerous projects in the state were postponed as a result of the global COVID-19 pandemic, we are indeed fortunate that Kedah has emerged relatively unscathed from the COVID-19 pandemic. With the economy opening up again, we are optimistic that many of the planned state projects with a significant construction and building materials element, such as the proposed Kulim International Airport, will move ahead along with other planned state and private sector infrastructure projects. I am optimistic that this re-starting of Kedah's economic activity will bode well for BDB and its subsidiaries, generating new income and business opportunities for all Kedahans.

I would urge everyone to continue to persevere in the face of challenges in 2020 and to demonstrate the resilience and determination that BDB is renowned for, to achieve further success for the coming years, InsyAllah.

**Dato' Mohamed Sharil Tarmizi**  
Chairman

**“The year 2019 saw the Group recording a turnaround to profitability compared to the losses in the previous years. The achievement is the result of hard work, dedication and tenacity by the team, and the determination that whatever the outcome, we have applied the best of ourselves to the task at hand”.**

- Faris Najhan Hashim

## **MANAGEMENT DISCUSSION AND ANALYSIS**

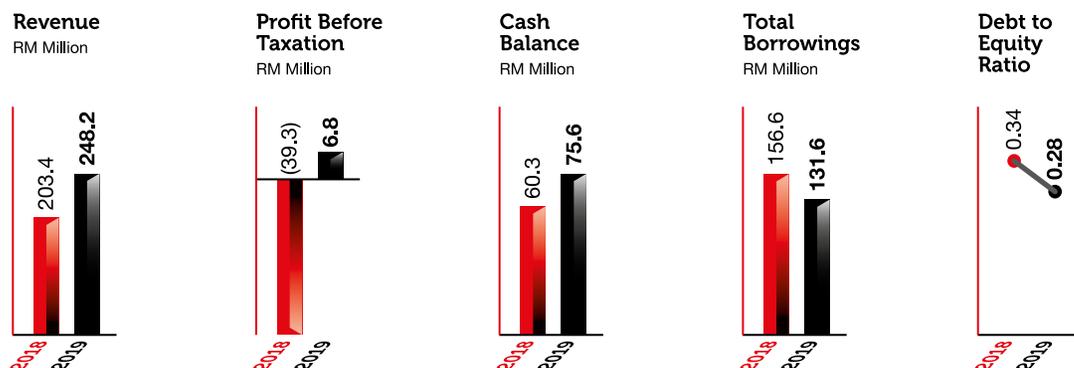

The year 2019 saw the Group recording a turnaround to profitability compared to the losses in the previous years. The achievement is the result of hard work, dedication and tenacity by the team, and the determination that whatever the outcome, we have applied the best of ourselves to the task at hand.

I would like to think that 2019 has given us a renewed confidence in pushing forward, as well as humbling us as we realise how much as a team, we depend and need to rely on each other.

Eventually, towards the end of 2019, the approach and strategy adopted had been fruitful and proved to be beneficial in attributing to the Group's better performance as compared to the previous financial year.

**FINANCIAL RESULTS**

**Key Highlights Financial Year 2019**

The Group recorded revenue of RM248.2 million compared to RM203.4 million for last year, representing an increase of 22%. The Group achieved a turnaround by posting profit before tax of RM6.8 million compared to loss before tax of RM39.3 million last year.

Our financial standing remains strong with assets totalling RM745.6 million and net tangible assets per share of RM1.52. Total equity stands at RM463.4 million and cash reserve stands at RM75.6 million. Debt-to-equity ratio remains healthy at 0.28.

On 5 September 2019, Malaysian Rating Corporation Berhad (MARC) affirmed its short-term rating of MARC-2<sub>IS</sub> on BDB's RM100.0 million Islamic Commercial Paper (ICP) Programme. The affirmed rating incorporates BDB's moderate debt level and the Group's improved business prospects. This is premised on the Group's status as a Kedah state owned entity to be able to replenish its construction order book and undertake new projects.

## MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

### BUSINESS TURNAROUND

In 2018, we embarked on a turnaround journey as a Group through the implementation of the Business Turnaround Plan with initiatives aimed at steering us back to profitability. The Board then decided to establish a Turnaround Committee (“TAC”) which was aimed to assess and oversee the management’s effort to deliver a turnaround performance. TAC also ensured alignment of financial and non-financial impact and benefits generated by the turnaround plan.

## MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

For the financial year 2019, the key achievements are as follow:

Currently we are focused on strengthening the foundation for the Group to continuously generate sustainable profits over the medium to long term period.

### REVIEW OF BUSINESS OPERATIONS

#### Property Development

The Property Division, represented by BDB Land and Kedah Holdings posted a significantly higher revenue of RM126.1 million compared to RM44.1 million in 2018. The division also recorded higher profit before tax of RM33.3 million for the year compared to loss before tax of RM35.8 million in the previous year.

The improved financial performance for the division was mainly due to business turnaround initiatives, by reducing property inventory levels and aggressive marketing which has resulted in improved take-up rates. Better project margins as well as lower administrative expenses have contributed to the improved performance.

The division continued with an aggressive approach to reduce the unsold completed properties at Bandar Darulaman and Darulaman Perdana. Despite the softness in Kedah's property market, the division managed to reduce the unsold units valued at RM45.8 million on 1 January 2019 to RM32.1 million by 31 December 2019.

The division is now prioritising affordable residential projects. During the year, the division launched 322 units of mixed development properties with Gross Development Value (GDV) of RM100.1 million at Bandar Darulaman under BDB Land and at Bandar Sejahtera and Aman Perdana Serdang under Kedah Holdings. Approximately 75% of the products launched in 2019 are houses with proposed selling price of RM400,000 and below.

During the year, the division completed the disposal of two (2) pieces of land in Kuala Ketil and Sungai Petani, Kedah which has also contributed to the improved performance.

#### Road Building and Quarry

BDB Infra, under the Road Building and Quarry Division recorded lower revenue of RM63.7 million compared to RM84.4 million in the previous year. The decrease in revenue was due to lesser road paving activities. Despite lower revenue, the division recorded higher profit before tax of RM7.9 million in 2019 compared to RM5.6 million in 2018 due to lower bitumen and administrative costs.

The division supplies premix and aggregates from its Pendang and Kulim plants. On 27 February 2019, BDB Infra's Quarry Division was awarded "Best Company in Managing Safety, Health and Environment (SHE) for quarrying and mining category" under the National Occupational

Safety and Health (NOSH) Excellence Award 2018 by Ministry of Human Resources.

During the year, the division completed the MADA irrigation project under the Agriculture and Agro-based Industry Ministry and the 4-year state road maintenance project for all 6 districts in Kedah.

On 22 October 2019, BDB Infra secured an earthwork project worth RM16 million from Kulim Technology Park Corporation Sdn Bhd.

**Engineering and Construction**

The Engineering and Construction Division represented by BDB Synergy contributed lower revenue of RM48.5 million compared to RM63.8 million in 2018. Similarly, the division recorded lower profit before tax of RM2.1 million compared to RM3.1 million in 2018. The revenue and profit for the division was mainly contributed by Project Perumahan Rakyat (PPR) Ayer Hitam project which was completed 111 days ahead of schedule and BDB Synergy was awarded Certificate of Early Completion by Ministry of Housing and Local Government. During the year the division also completed several in-house projects and was actively bidding for new projects.

**Leisure and Hospitality**

The Leisure Division contributed lower revenue of RM8.5 million compared to RM9.6 million in 2018 due to lower contribution from golfing, recreational and water theme parks. The division posted higher loss before tax of RM10.7 million in 2019 compared to RM4.7 million loss before tax in the previous year due to the recognition of impairment loss on property, plant and equipment for its water theme park. At the operational level excluding the impairment of property, plant and equipment amounting to RM6.7 million, the division registered lower loss before tax of RM4.0 million compared to RM4.7 million loss before tax in the previous year. The improvement at the operational level was achieved by reducing operating costs.

**People Management and Engagement**

The Group is helmed by a highly qualified management team with vast experience in the industries we operate. Throughout the year, BDB continued to focus on talent retention, organisation structure review, competency development and succession planning as part of its internal strategy to ensure business sustainability. We have continued to emphasise talent management as being pivotal to the Group's long-term success.

More details of our talent initiatives are provided in the Sustainability Statement of this Annual Report.

As part of employees engagement and industrial harmony, several townhall sessions were held during the year. It is one of the forums to communicate with the employees.

**OUTLOOK**

The International Monetary Fund (IMF) in its April 2020 World Economic Outlook report, projected the global economy to contract sharply to -3% in 2020 from its earlier growth forecast of 3.3% made in January 2020, arising from the COVID-19.

## MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

Following the challenging global economic outlook, Bank Negara Malaysia projected Malaysia's gross domestic product (GDP) growth to be between -2.0% to 0.5% in 2020 (2019: 4.3%) due to the weak global demand, supply chain disruptions and the COVID-19 containment measures globally. The IMF and the World Bank have also forecasted that Malaysia's economy will likely contract to between -1.7% and -0.1% respectively from an earlier projection of 4.5% made earlier this year.

The Group foresees macro-economic uncertainty and challenges due to disruption of supply chain and weaker consumer spending as a result social distancing and virus containment measures. The pandemic could affect the demand of the Group's products and services as well as its construction progress and hence, the Group's earnings and cashflow going forward.

The Economic Stimulus Packages and Economic Recovery Plan announced by the Malaysian Government could help to support economic activities but the scale and duration of the economic effects remain uncertain. As such, the Group's immediate focus is to build business and financial resilience while charting out plans for sustainability.

### PROSPECTS

#### Engineering and Construction

The Kedah State Government is determined to embark on several iconic infrastructure projects namely Kulim International Airport, the Bukit Kayu Hitam Special Border Economic Zone (SBEZ) and the construction of a new highway linking Sungai Petani and Bandar Baharu. This will drive the state's economic growth, while improving the quality of life for its people. As a state government-linked company, it is envisaged that the Group will benefit from these initiatives.

The Group's Engineering and Construction Division remain vigilant amid challenging circumstances for the construction industry. The Division will continue to be ready to tap into any suitable opportunities on offer in the sector and placing greater emphasis on seeking infrastructure projects. This will ensure that the Group has a steady pipeline of contracts to sustain its business over many years.

Recently the division secured a non-revenue water project in Perlis worth RM40 million awarded by the Federal Government through open bidding.

### Road Building and Quarry

Road Building and Quarry Division is expected to remain stable based on the current demand for quarry products from the Bukit Perak Quarry and Kulim Kedah Premix Plant (KKPP). The division will continue to increase its market share in the supply of premix products in Southern Kedah, Penang and Northern Perak. The division is expected to expand sand management business to complement its aggregates and premix sales.

On 9 March 2020, BDB Infra secured a new 3-year road maintenance works across the state of Kedah valued at RM210 million. The Company will also continue to pursue routine highway maintenance and upgrading works from highway concessionaires and also road pavement works from the private sector.

The division's proven track record in road building and quarry business will position the Group to bid for upcoming large-scale projects.

### Property Development

The division is expected to enhance the property development business by:

- focusing on retail housing development at the existing townships by introducing affordable housing products that match the market's requirements.
- focusing on en-bloc sales.
- shifting to Master Developer concept by inviting business partner to jointly develop suitable areas in the following new townships.
  - Darulaman Saujana, Kubang Pasu
  - Darulaman Putra, Sungai Petani

## MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

The Group has approximately 1,800 acres of undeveloped landbank for future development.

The division is also exploring recurring income projects which may provide sustainable income to the Group for the middle to long term period. In 2019, the division started its 'leased property segment' upon completion of a petrol station and 30 units of commercial shophouses known as Axis Commercial Hub in Bandar Darulaman.

On 20 November 2019, the Langkawi Development Authority (LADA) has offered a concession to BDB Land to develop a commercial land measuring 24 acres in Langkawi. BDB Land is in the process of negotiation with LADA.

### Leisure and Hospitality

The market for the Leisure and Hospitality Division is expected to remain competitive and challenging. The division will focus on sales enhancement and cost improvement.

### CONCLUSION

The Group's current year financial turnaround will provide a good foundation for business sustainability in the coming years.

We are also now a robust, nimble organisation and prepared to drive performance and deliver results, with continued support from all our stakeholders.

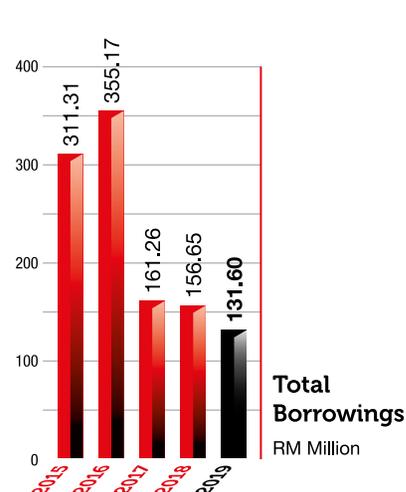

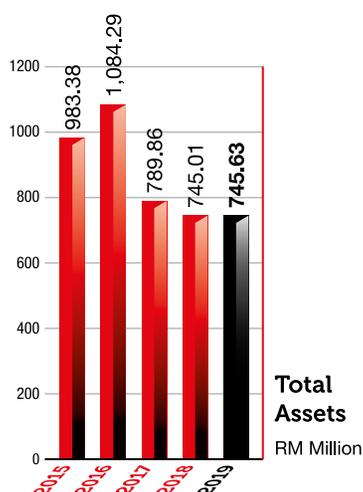

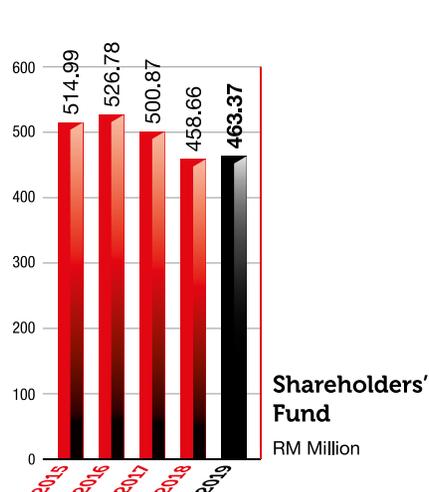

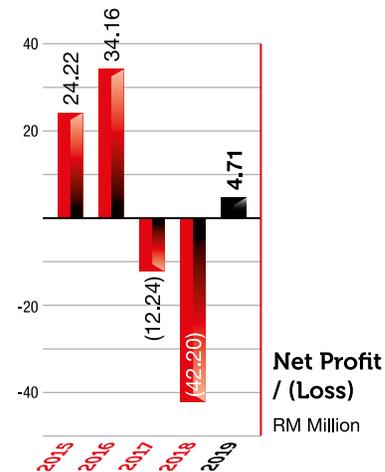

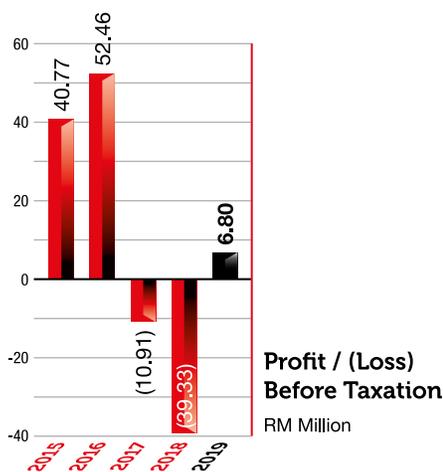

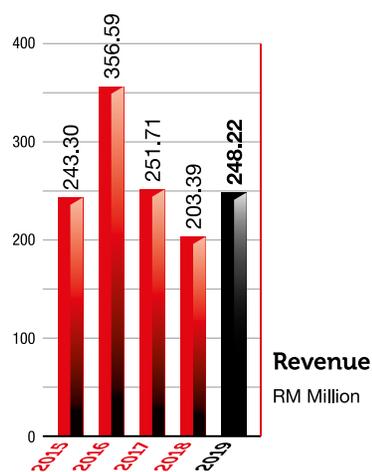

Our portfolio for 2020 will see a better balance between property development, which is targetting the affordable housing market and construction activities, geared towards supporting the Kedah state's infrastructure needs.

Although challenges undoubtedly remain, we are confident that we have the right building blocks for FY2020.

**Faris Najhan Hashim**  
Group Chief Executive Officer

# CORPORATE GOVERNANCE OVERVIEW STATEMENT

## OVERVIEW

Our Board of Directors (“Board”) of Bina Darulaman Berhad (“the Company” or “BDB”) is continuously committed to uphold the high standards of corporate governance (“CG”) principles as guided under Malaysian Code on Corporate Governance (“MCCG”). Despite challenges faced by the Company in the financial year ended 31 December 2019 (“FY2019”), BDB had continued its efforts in adhering into best corporate values and continuously evaluating its governance practices.

The three (3) principles set out in the MCCG as listed below is BDB’s commitment:

- A. Board leadership and effectiveness;
- B. Effective audit and risk management; and
- C. Integrity in corporate reporting and meaningful relationship with stakeholders.

The Board is pleased to share with our stakeholders the CG practices undertaken by the Company and its subsidiaries (“Group”) for FY2019. The detailed application by the Company for each practice of the MCCG is disclosed in the Corporate Governance Report for FY2019 of the Company (“CG Report”), which is available on the Company’s website at <https://bdb.com.my/publications>.

BDB has complied with the practices recommended by MCCG for FY2019, and will strive to enhance the CG best practices for 2019. As a “Non-Large Company” of the CG Code, we have taken best effort to adopt the practices recommended by MCCG, and will continue to strive for adopting the step-up practices. We consider we have complied with the provisions and applied the main principles of the CG Code for FY2019 as tabulated below:

NO.	PRACTICE	DETAILS	APPLICATION
1	Practice 1.1	The board should set the company’s strategic aims, ensure that the necessary resources are in place for the company to meet its objectives and review management performance. The board should set the company’s values and standards, and ensure that its obligations to its shareholders and other stakeholders are understood and met.	Applied
2	Practice 1.2	A Chairman of the board who is responsible for instilling good corporate governance practices, leadership and effectiveness of the board is appointed.	Applied
3	Practice 1.3	The positions of Chairman and CEO are held by different individuals.	Applied
4	Practice 1.4	The board is supported by a suitably qualified and competent Company Secretary to provide sound governance advice, ensure adherence to rules and procedures, and advocate adoption of corporate governance best practices.	Applied

NO.	PRACTICE	DETAILS	APPLICATION
5	Practice 1.5	Directors receive meeting materials, which are complete and accurate within a reasonable period prior to the meeting. Upon conclusion of the meeting, the minutes are circulated in a timely manner.	Applied
6	Practice 2.1	The board has a board charter which is periodically reviewed and published on the company's website. The board charter clearly identifies – <ul style="list-style-type: none"> <li>• the respective roles and responsibilities of the board, board committees, individual directors and management; and</li> <li>• issues and decisions reserved for the board.</li> </ul>	Applied
7	Practice 3.1	The board establishes a Code of Conduct and Ethics for the company, and together with management implements its policies and procedures, which include managing conflicts of interest, preventing the abuse of power, corruption, insider trading and money laundering.  The Code of Conduct and Ethics is published on the company's website.	Applied
8	Practice 3.2	The board establishes, reviews and together with management implements policies and procedures on whistleblowing.	Applied
9	Practice 4.1	At least half of the board comprises independent directors. For Large Companies, the board comprises a majority independent directors.	Applied
10	Practice 4.2	The tenure of an independent director does not exceed a cumulative term limit of nine years. Upon completion of the nine years, an independent director may continue to serve on the board as a non-independent director.  If the board intends to retain an independent director beyond nine years, it should justify and seek annual shareholders' approval. If the board continues to retain the independent director after the twelfth year, the board should seek annual shareholders' approval through a two-tier voting process.	Not Applicable – Step Up 4.3 adopted
11	Practice 4.3 – Step Up	The board has a policy which limits the tenure of its independent directors to nine years.	Adopted
12	Practice 4.4	Appointment of board and senior management are based on objective criteria, merit and with due regard for diversity in skills, experience, age, cultural background and gender.	Applied

## CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

NO.	PRACTICE	DETAILS	APPLICATION
13	Practice 4.5	The board discloses in its annual report the company's policies on gender diversity, its targets and measures to meet those targets. For Large Companies, the board must have at least 30% women directors.	Departure
14	Practice 4.6	In identifying candidates for appointment of directors, the board does not solely rely on recommendations from existing board members, management or major shareholders. The board utilises independent sources to identify suitably qualified candidates.	Applied
15	Practice 4.7	The Nominating Committee is chaired by an Independent Director or the Senior Independent Director.	Applied
16	Practice 5.1	The board should undertake a formal and objective annual evaluation to determine the effectiveness of the board, its committees and each individual director. The board should disclose how the assessment was carried out and its outcome.  For Large Companies, the board engages independent experts periodically to facilitate objective and candid board evaluations.	Applied
17	Practice 6.1	The board has in place policies and procedures to determine the remuneration of directors and senior management, which takes into account the demands, complexities and performance of the company as well as skills and experience required. The policies and procedures are periodically reviewed and made available on the company's website.	Applied
18	Practice 6.2	The board has a Remuneration Committee to implement its policies and procedures on remuneration including reviewing and recommending matters relating to the remuneration of board and senior management.  The Committee has written Terms of Reference which deals with its authority and duties and these Terms are disclosed on the company's website.	Applied
19	Practice 7.1	There is detailed disclosure on named basis for the remuneration of individual directors. The remuneration breakdown of individual directors includes fees, salary, bonus, benefits in-kind and other emoluments.	Applied
20	Practice 7.2	The board discloses on a named basis the top five senior management's remuneration component including salary, bonus, benefits in-kind and other emoluments in bands of RM50,000.	Departure

NO.	PRACTICE	DETAILS	APPLICATION
21	Practice 7.3 – Step Up	Companies are encouraged to fully disclose the detailed remuneration of each member of senior management on a named basis.	Departure
22	Practice 8.1	The Chairman of the Audit Committee is not the Chairman of the board.	Applied
23	Practice 8.2	The Audit Committee has a policy that requires a former key audit partner to observe a cooling-off period of at least two years before being appointed as a member of the Audit Committee.	Applied
24	Practice 8.3	The Audit Committee has policies and procedures to assess the suitability, objectivity and independence of the external auditor.	Applied
25	Practice 8.4 – Step Up	The Audit Committee should comprise solely of Independent Directors.	Adopted
26	Practice 8.5	Collectively, the Audit Committee should possess a wide range of necessary skills to discharge its duties. All members should be financially literate and are able to understand matters under the purview of the Audit Committee including the financial reporting process.  All members of the Audit Committee should undertake continuous professional development to keep themselves abreast of relevant developments in accounting and auditing standards, practices and rules.	Applied
27	Practice 9.1	The board should establish an effective risk management and internal control framework.	Applied
28	Practice 9.2	The board should disclose the features of its risk management and internal control framework, and the adequacy and effectiveness of this framework.	Applied
29	Practice 9.3 – Step Up	The board establishes a Risk Management Committee, which comprises a majority of independent directors, to oversee the company's risk management framework and policies.	Adopted
30	Practice 10.1	The Audit Committee should ensure that the internal audit function is effective and able to function independently.	Applied

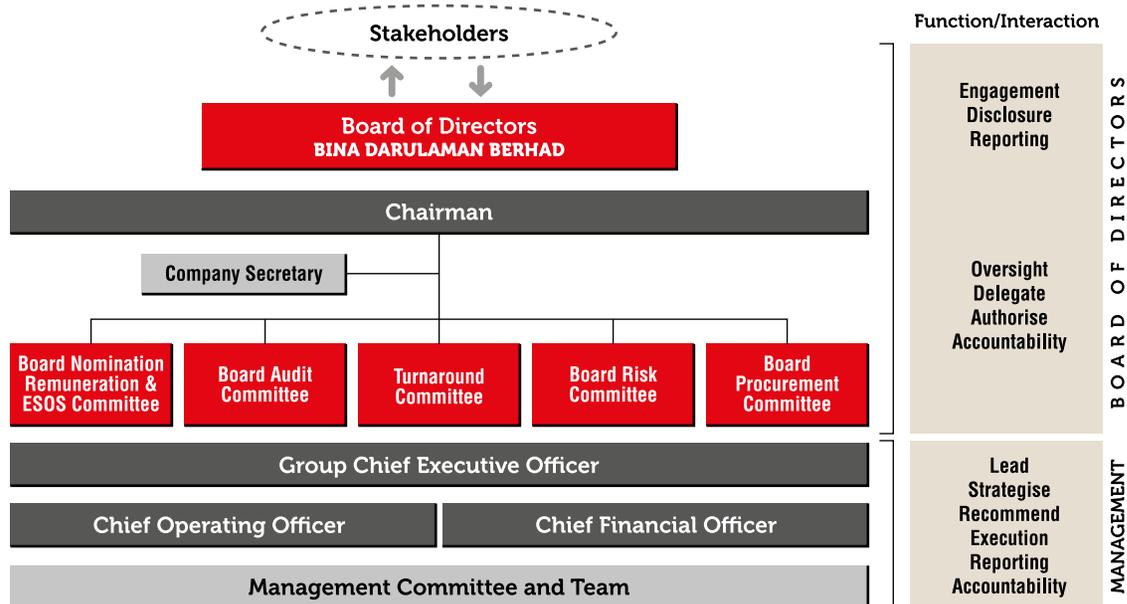

## CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

NO.	PRACTICE	DETAILS	APPLICATION
31	Practice 10.2	<p>The board should disclose</p> <ul style="list-style-type: none"> <li>• whether internal audit personnel are free from any relationships or conflicts of interest, which could impair their objectivity and independence;</li> <li>• the number of resources in the internal audit department;</li> <li>• name and qualification of the person responsible for internal audit; and</li> <li>• whether the internal audit function is carried out in accordance with a recognized framework.</li> </ul>	Applied
32	Practice 11.1	The board ensures there is effective, transparent and regular communication with its stakeholders.	Applied
33	Practice 11.2	Large companies are encouraged to adopt integrated reporting based on a globally recognised framework.	Applied
34	Practice 12.1	Notice for an Annual General Meeting should be given to the shareholders at least 28 days prior to the meeting.	Applied
35	Practice 12.2	All directors attend General Meetings. The Chair of the Audit, Nominating, Risk Management and other committees provide meaningful response to questions addressed to them.	Applied
36	Practice 12.3	<p>Listed companies with a large number of shareholders or which have meetings in remote locations should leverage technology to facilitate –</p> <ul style="list-style-type: none"> <li>• including voting in absentia; and</li> <li>• remote shareholders' participation at General Meetings.</li> </ul>	Departure

### CORPORATE GOVERNANCE FRAMEWORK

In FY2019, BDB enhanced its CG practices according to its CG structure established since FY2017.

**CG STRUCTURE**

The revised BDB’s structure provides a two-way interaction among the Board, the Chairman, the Board Committees, the Group Chief Executive Officer, the Chief Operating Officer and the Chief Financial Officer down to the management and operational level.

**PRINCIPLE A: BOARD LEADERSHIP & EFFECTIVENESS**

**Structural Changes to Board Composition**

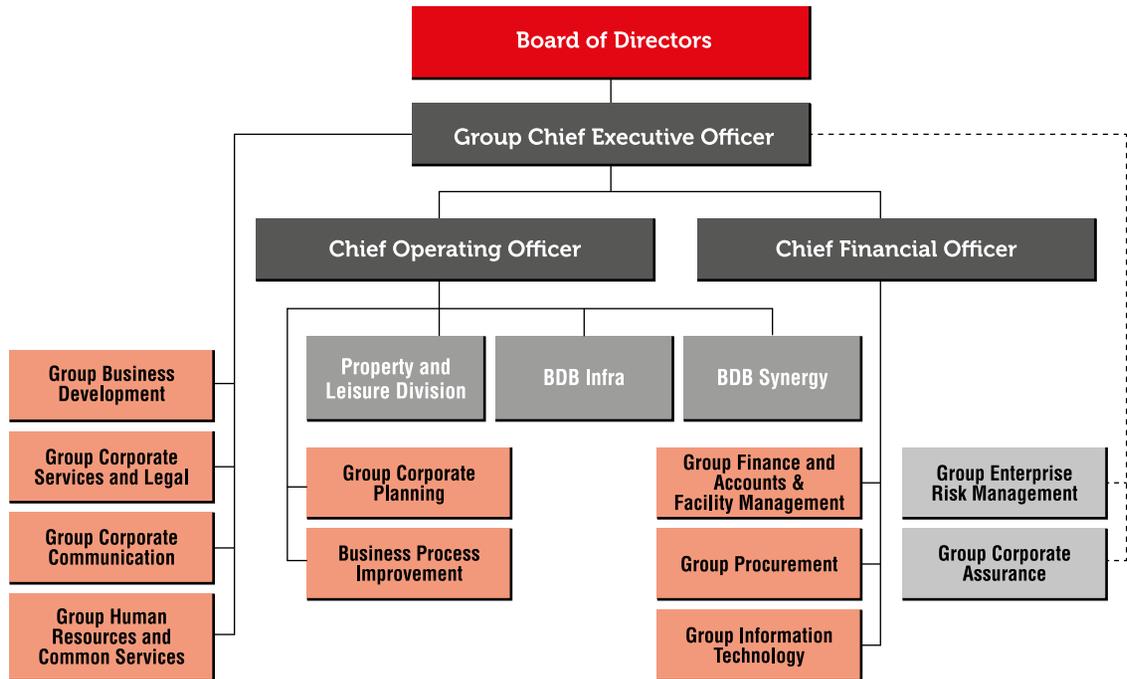

In the early part of 2019, there were several changes to the Board composition: -

- a) Appointment of Dato’ Asri bin Hamidin @ Hamidon, Senior Independent Director to preside the board meeting after retirement of Dato’ Paduka Haji Rasli bin Basir, the former Chairman of the Board, on 31 December 2018; and
- b) Appointment of Dato’ Mohamed Sharil Tarmizi as Chairman and Independent Director on 1 September 2019.

**Group Organisational Chart**

- a) Based on BNREC recommendation, the Board was of the view that the Company required strong Senior Leadership team and appointment of top key positions in the Group was approved by the Board.
- b) In early 2019, the Senior Leadership team saw the appointments of Group Chief Executive Officer, new placement, Chief Operating Officer and Chief Financial Officer as talent sourcing within BDB as these two (2) positions are of talent that were serving the Group before appointment of the Group Chief Executive Officer. The Senior Leadership Team and Group Organisational chart are as structured below:

# CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

## Board Responsibilities

The Board is responsible for the corporate governance practices that include establishing and monitoring the Company’s business direction as well as setting the aims and performance of the Management.

With regard to practice, the Board plays a strategic role in its review and approval of the Group’s budgets and performance targets to ensure effective use of the Group’s resources and profitability of the Group’s businesses in an ever-changing environment.

The Board’s involvement is reflected in numerous Board and Board Committee meetings as disclosed in this overview statement.

## Application Of The Best Governance Practice By The Company

- The Board meets on a quarterly basis to review and ensure the Company’s strategic aims, values and standards are in place.
- The Directors receive a complete and accurate meeting materials at least 5 business days prior to the meetings.
- The position of Chairman and Group Chief Executive Officer are held by different individuals.

BOARD	PRIORITIES FOR 2019	KEY ACTIVITIES 2019

### Board Charter

The Board Charter, which is available online at <https://www.bdb.com.my/policies>, was adopted by the Board in May 2015. The Board had on 17 March 2019 revised the Board Charter with the following enhancement:

- The latest corporate governance structure of the Company;
- The inclusion and replacement of the role Group Managing Director ("GMD") to Group Chief Executive Officer ("GCEO"); and
- The inclusion of Individual Director's role and responsibilities.

# CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

## Integrity and Ethics

### a) Code of Conduct and Ethics (“CCE”)

The Board has adopted the Code of Conduct and Ethics in 2018 to promote and exemplify the Company’s commitment in upholding the highest standards of business conduct and ethical behaviours that are fundamental to the preservation of the reputation and success of the Company and its subsidiaries. The Code of Conducts and Ethics is applicable to all directors, management and employees of the Company (“the officer”).

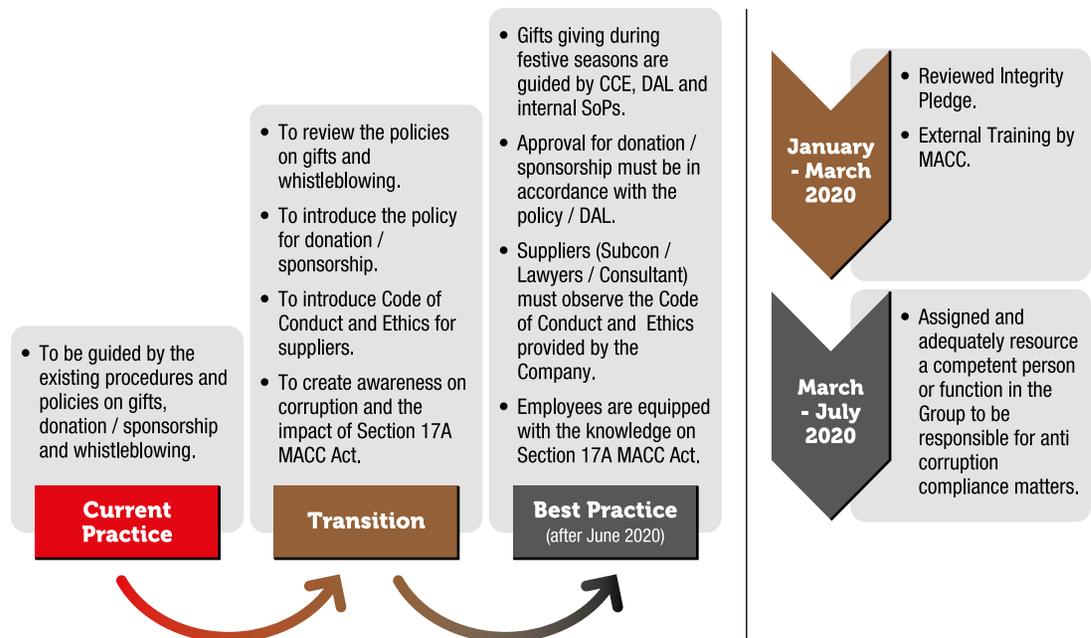

### b) Whistle Blowing Policy (“WBP”)

The Board has also adopted the WBP to uphold lawful and ethical behaviours in all its activities and require its employees to act in accordance with all applicable laws, regulations and policies as well as to observe high standards of business and personal ethics in the conduct of their duties and responsibilities.

BDB welcome genuine concern and invite whistleblower to email at: whistleblower@bdb.com.my; or in writing to the Whistleblowing Committee at Level 9, Menara BDB, 88 Lebuhraya Darulaman, 05100 Alor Setar, Kedah Darul Aman. There is no complaint received for FY2019. The WBP will be reviewed every three (3) years and the next review will be conducted in 2021.

### c) Section 17A, Malaysian Anti-Corruption Commission (“MACC”) Act

In view of the introduction of Section 17A of MACC Act, the Company and its Board of Directors have been engaging with the employees, assessing the risk area and plans are on the way to create more awareness and training, including improvisation of internal control, policy for compliance and managing the risk of bribery and corruption.

A copy each of BDB's Code of Conduct and Ethics, Whistle Blowing Policy and Procedures and Board Nomination, Remuneration and ESOS term of reference are available on the Company's website at <https://www.bdb.com.my/policies>.

### **Board Balance and Independence**

The Board believes that its present composition constitutes an optimal size for the Group's current business profile, which is appropriate to lead the Group effectively on its future thrust for business growth. The Board's composition consists of qualified individuals with a broad base of financial knowledge, experience and technical skill necessary in the management and direction of the Group.

Currently, the Board comprises of six (6) members, all of whom are Non-Executive Directors ("NED"). Amongst the Non-Executive Directors, five (5) are Independent Directors ("ID"). Although all the Directors have equal responsibilities for the Group's operations, the roles of the Independent Directors are particularly important in bringing independent judgement and ensuring all issues proposed by the executive management are fully discussed and examined to consider the long-term interests, not only for the shareholders, but also for other stakeholders such as the employees, customers and business associates.

### **Independence**

There is no specific definition for Independent Director except those criteria outlined in the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Malaysia"). BDB has always been adhering to maximum limit of nine (9) years as stated in MCCG. As of now, none of BDB Independent Directors has reached nine (9) years cumulative term as Independent Directors. This practice has been adopted as the new policy of BDB upon approval by the Board in 2018.

During FY2019, the Board, with BNREC's recommendation, reviewed the Board size and Directors' qualification and is satisfied with the current Board's size and performance.

### **Meetings**

The Board Annual Calendar for Board meetings, Board Committees' meetings and AGM ("Meetings") ("The Calendar") is fixed for the whole year in advance. The Calendar was circulated prior to financial year end. The Calendar provides main agenda for each meeting and requirements on dealings by Directors during the closed period and outside closed period. The Calendar is to enable the Board and management to plan ahead to ensure that the Meetings are pre-booked in their respective schedules and compliance with the MMLR.

There are times that the changes were made to the scheduled dates and additional meetings required especially during BDB Turnaround Recovery Plan. The Board fine tunes its schedule accordingly to enable all Board members to attend the meetings.

The Board meets every quarter with additional meetings convened as and when necessary. For FY2019, the Board Meetings and Board Committees' Meetings and details of attendance of each member of the Board are stated below:

### Abbreviations /Symbols:

•	Full Board & Committee Meetings
*	Special Board & Committee Meetings
Board/BOD	Board of Directors' Meeting
BAC	Board Audit Committee Meeting
BNREC	Board Nomination, Remuneration & ESOS Committee Meeting
BRC	Board Risk Committee Meeting
BPC	Board Procurement Committee Meeting
TAC	Turnaround Committee Meeting
-	No Meeting

Total number of Meetings:

NO.	TYPE OF MEETINGS	2019 TOTAL NUMBER OF MEETINGS	TERMS OF REFERENCE ("TOR") FOR EACH MEETING	COMPLIED WITH TOR
1	<b>Board</b>	13 times	6 times in each Financial Year	√
2	<b>BAC</b>	7 times	4 times a Year	√
3	<b>BNREC</b>	10 times	At least Twice a Year	√
4	<b>BRC</b>	9 times	At least Quarterly	√
5	<b>BPC</b>	3 times	4 times a Year	X (Refer note below stated)
6	<b>TAC</b>	13 times	Monthly	√

**Note:** BPC was not held four (4) times in 2019 as stated in the TOR. The reduced number of meetings was due to the fact that the focus was more on the Turnaround Recovery Plan.

### Board Gender Diversification

The Board has always placed gender diversity as an agenda in strengthening the performance of its Board and/or Board Committees. Notwithstanding this, the Board is of the view that while it is important to promote gender diversity, the normal selection criteria of a Director to have an effective blend of competencies, skills, extensive experience and knowledge in areas identified by the Board, should remain a priority so as not to compromise on qualification, experience, track records and capabilities.

The Board recognises the challenges in achieving the right balance of diversity on the Board. This will be done over time, taking into account the present size of the Board, the valuable knowledge and experience of the present Board members and the evolving challenges to the Company over time especially during Turnaround Recovery Plan for FY2019. In FY2020, the Board will continuously search for additional women candidate in its recruitment exercise. The Board had engaged the assistance of the Institute of Corporate Directors Malaysia (ICDM) to assist the Company in sourcing for Board candidatures.

### Board Appointments, Resignation and Re-election of Directors

The appointment, resignation and re-election of the Directors are governed by the Companies Act 2016, Company's Constitution and MMLR.

Dato' Mohamed Sharil Tarmizi was appointed to the Board as an Independent Non-Executive Director cum Chairman on 1 September 2019 and Dr. Muhammad Mahadi bin Mohamad was appointed to the Board with effect from 1 March 2020.

At the forthcoming AGM, there will be four (4) Directors who will be retiring by rotation pursuant to the Company's Constitution, namely Datuk Mohd Radzif bin Mohd Yunus, Encik Sudirman bin Masduki, Dato' Mohamed Sharil Tarmizi and Dr. Muhammad Mahadi bin Mohamad. All of them, being eligible, have offered themselves for re-election.

Details of the appointment and re-election of the Directors are provided in the CG Report (Practices 4.6 and 5.1 of MCCG).

## CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

---

### **Board Induction/Orientation Programme**

Each new Board member participates in a formal Board's Induction Programme co-ordinated by the Chairman or the Group Chief Executive Officer.

The Board's Induction Programme includes presentation by the Senior Management with the objectives of providing newly appointed Directors with the necessary information and overview to assist him/her/them in understanding the operations of the Company, current issues deliberated at Board, financial achievement, corporate strategies, challenges as well as the structure and management of the Company.

The Board's Induction Programme with the newly appointed Chairman was conducted on 26 August 2019 prior to his appointment on Board. Site visit was arranged on 13 September 2019 to foster relation between newly appointed Chairman / Director, existing Directors and Senior Management. The Board's induction in person for Dr. Mahadi was conducted on 20 February 2020.

### **Supply of Information**

Board papers with sufficient notice are distributed to Directors at least five (5) business days before Board meetings to enable the Directors to peruse and have the opportunity to seek additional information, and obtain further explanation and clarification on the matters for deliberations. The Senior Management is invited to attend the Board meetings to report on matters relating to their areas of responsibility. They also attend to brief and provide details on recommendation to assist the Directors whenever necessary so as to enable the Directors to make independent and informed decisions.

Presentations to the Board are prepared and delivered in a manner that ensures latest information, clear and adequate presentation with latest site progress photos.

Whenever necessary, Senior Management or external advisors or consultants are also invited to attend the Board and Board Committee meetings to explain matters within their expertise, knowledge and provide clarity on agenda being discussed. The process is good governance practice to enable the Board and Board Committees to arrive at considered and informed decisions.

The Directors are also notified of any corporate announcements released to Bursa Malaysia. They are also notified of the restriction in dealing with the securities of the Company prior to the announcement of financial results or corporate proposals.

In the intervals between Board meetings, any matters requiring urgent Board decisions and/or approvals will be sought via directors' circular resolutions ("DCR") which are supported with all the relevant information and explanations required for an informed decision to be made. The DCR will be tabled in the next Board meeting for ratification and information.

### **Management of Conflict of Interest**

The Board will be notified by the Company Secretary on quarterly basis to update their disclosure of interests under Section 221 of the Companies Act 2016. In the event of potential conflict of interest, the Director concerned will make a declaration at the meeting and shall abstain from deliberation, voting and decision on the subject matter and where appropriate, abstain himself from being present or participate in the deliberations.

In the event a corporate proposal or general mandate is required to be approved by the shareholders, interested Directors should abstain from voting in respect of their shareholding in BDB on resolutions relating to corporate proposal.

### Directors' Remuneration

The Company's framework on Directors' remuneration has the underlying objectives of attracting and retaining Directors of high calibre needed to run the Group successfully. The Company has no Executive Director on board. In the case of Non-Executive Directors, the level of remuneration reflects the expertise, experience and level of responsibilities undertaken by a particular Non-Executive Director concerned. Where applicable, the Board also considers any relevant information provided by independent consultants or from survey data.

Remuneration of Directors of the Company for FY2019 is as follows:

NAME OF DIRECTORS	FEES (RM) '000	MEETING ALLOWANCES (RM) '000	ALLOWANCE (RM) '000	BONUS (RM) '000	OTHER EMOLUMENTS (RM) '000	TOTAL CASH & BENEFITS (RM) '000
<b>Dato' Mohamed Sharil Tarmizi</b> (Chairman)	12	10.5	40	-	22	84.5
<b>Dato' Haji Abdul Rahman bin Abdullah</b> (Non-Independent Non-Executive Director)	36	97.5	-	-	20	153.5
<b>Dato' Asri bin Hamidin @ Hamidon</b> (Senior Independent Director)	36	99	-	-	20	155
<b>Sudirman bin Masduki</b> (Independent Non-Executive Director)	36	72	-	-	20	128
<b>Datuk Mohd Radzif bin Mohd Yunus</b> (Independent Non-Executive Director)	36	124.5	-	-	20	180.5
<b>GRAND TOTAL (RM) '000</b>						<b>701.5</b>

All Directors were paid meeting allowances as approved by the shareholders and expenses incurred by the Directors in the course of performing their duties are reimbursed.

### Senior Management's Remuneration

The Board acknowledged the need for transparency in the disclosure of its Senior Management's remuneration and the disclosure of the top five (5) key Senior Management is disclosed in the bands of RM50,000.

The top five (5) key Senior Management of the Company whose total remuneration during the financial year falls within the required disclosure band is as follows:

## CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

500,000 - 550,000	✓	-	-	-	-

### BOARD BENEFITS

Common benefits in-kind prevalent to similar size of listed companies are provided by BDB to its Directors, such as training expenses, mobile communication devices (i.e. iPad for paperless board meeting), telecommunication facilities, medical benefits (hospitalisation only) and insurance benefits including Directors' & Officers' Liability insurance and Travel Personal Accident Insurance.

The benefit is reviewed by the Board every three (3) years upon reviewed by the BNREC. The next review will be conducted in 2023 subject to the Company's financial performance.

### Directors' Training

A dedicated budget for training is allocated every year for Directors, Senior Management and employees training.

All Directors have successfully completed Mandatory Accreditation Programme prescribed by Bursa Malaysia. The Directors will continue to attend other relevant training programmes to keep abreast with developments on a continuous basis in compliance with the MMLR and to enable them to effectively discharge their duties and sustain active participation in the Board deliberations.

The Directors are also constantly updated by the Company Secretary on new and/or revised requirements to the MMLR as and when the same were advised by Bursa Malaysia.

During FY2019, all Directors had attended various training programmes, conferences and workshops which they have individually or collectively considered as relevant and useful in contributing to the effective discharge of their duties as Directors.

The Board will continually evaluate and determine the training needs of each Director, particularly on relevant new laws and regulations, and essential practices for effective corporate governance and risk management to enable the Directors to sustain their active participation in Board deliberations and effectively discharge their duties.

### Board Evaluation

The Board evaluation comprises Performance Evaluation of the Board and various Board Committees, Director's Peer Evaluation and Assessment using questionnaire based approach. The assessment of the Board is based on Board's roles and responsibilities and Board Committees' role and responsibilities. For Director's Peer Evaluation, the assessment criteria include abilities and competencies, calibre and personality, technical knowledge, objectivity and the level of participation at Board and Committee meetings including his or her contribution to Board processes and the business strategies and performance of BDB.

### The Company Secretary

The Board is supported by a qualified and competent Company Secretary to provide sound governance advice, ensure adherence to rules and procedures, and advocate adoption of corporate governance best practices.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

---

### PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

#### Board Audit Committee (“BAC”)

The Chairman of the Audit Committee is not the Chairman of the board. The BAC supports the Board in its responsibility to oversee the financial reporting and the effectiveness of the internal controls of the Group.

#### Financial Reporting

The Board and the BAC are to ensure that:

- BDB’s financial statements are prepared in accordance with applicable approved accounting standards;
- the disclosure timeline, format and contents are compiled according to rules and regulation, including provisions of the Bursa Malaysia MMLR;
- the Board, with the assistance of the BAC, shall oversee and manage the financial reporting and internal control policies and will maintain appropriate relationship with the Company’s Auditors; and
- the Board, through the BAC, shall also assess the suitability, objectivity and independence of the Company’s Auditors.

The appointment of the Company’s Auditors is subject to the re-appointment by the shareholders of the Company for the ensuing year.

Based on the recommendation of the MCCG, the BAC has adopted a policy that requires a former key audit partner to observe a cooling-off period of at least two (2) years before being appointed as a member of the Audit Committee. As of to date, BDB has been in compliance with this matter.

The BAC assists the Board in maintaining a sound system of internal control across the Group. In ensuring that the financial statements use appropriate accounting policies, the BAC met with the external auditors without the presence of Management on 23 November 2019 where the external auditors may raise any concern pertaining to the compliance of the financial statements.

#### Risk Management and Internal Control Management

The Board has overall responsibility for maintaining a sound system of internal control, which encompasses risk management, financial, organisational, operational and compliance controls necessary for the Group to achieve its objectives within an acceptable risk profile. These controls can only provide reasonable but not absolute assurance against material misstatement, errors of judgment, loss or fraud.

Information on the Group’s internal control is as set out in the Group Statement of Risk Management & Internal Control (“SORMIC”) set out in page 79 to page 83 of this Annual Report and also in the CG Report.

#### Relationship with External Auditors

The BAC manages the relationship with its external auditors on behalf of the Board. The BAC considers the re-appointment, remuneration and terms of engagement of auditors annually. The role of the BAC in relation to the External Auditors can be found in the Report of the Audit Committee as set out in page 77 to page 78 of this Annual Report.

The external auditors are invited to attend the BAC where the Group's annual financial results are considered, as well as at meetings to review and discuss the Group's audit findings, internal controls and accounting policies, whenever the need arises.

The external auditors will also be present in each AGM.

### **PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS**

#### **Integrity in Corporate Reporting**

It is the Board of Directors' responsibility to prepare and approve the financial statements. The Directors are required by the Companies Act 2016 to prepare financial statements for each financial year which give a true and fair view of BDB Group's state of affairs. The Directors are of the opinion that BDB has adequate resources and uses appropriate accounting policies that are consistently applied and supported by reasonable as well as prudent judgements and estimates, and that the financial statements have been prepared in accordance with Malaysian Financial Reporting Standards and the provisions of the Companies Act 2016 and the MMLR.

The Directors having reviewed the business plans, capital expenditure commitments and expected cash flows are satisfied that the Company and the Group have adequate resources to continue operations for the foreseeable future and therefore continue to adopt the going concern basis in preparing these Financial Statements. The Directors are satisfied that BDB has been keeping accounting records which disclose with reasonable accuracy of the financial position of BDB that enable proper financial statements to be prepared. The Directors have also taken the necessary steps to ensure that appropriate systems are in place to safeguard the assets of BDB. The systems, by their nature, can only provide reasonable and not absolute assurance against material misstatements, loss and fraud.

#### **Corporate Disclosure Policies and Procedures**

The Board reviews and approves all quarterly and other important announcements. The Group announces its quarterly and full-year results within the mandatory period. The financial statements and, where necessary, other presentation materials presented at the Company's general meetings, including material and price-sensitive information, are disseminated and publicly released via Bursa Link on a timely basis to ensure effective dissemination of information relating to BDB to ensure that communications to the public regarding BDB are timely, factual, accurate and complete. BDB Group have put in place authority and process for Disclosure Policy which is applicable to all Directors, those authorised to speak on BDB's behalf.

#### **Communication with Shareholders**

The Board believes that building relationship with Shareholders and dissemination of information should be through interaction during AGM, systematic engagement with the Shareholders, media releases, public announcements, responses to shareholders' queries and informative website.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONTINUED)

---

### Conduct of General Meetings

The Board always ensures that the conduct of General Meetings complies with the best practices and shareholders are notified with the meeting details. The Annual Report 2018 together with notice of the AGM were sent to the Shareholders and Bursa Malaysia on 1 April 2019. The Company adopted 28 days' notice period for 2019 AGM.

All resolutions were voted by poll and verified by the scrutineer in compliance with the MMLR.

The Company will conduct its general meetings in Kuala Lumpur by rotation year to ensure outstation shareholders are able to attend the general meetings. For shareholders who are unable to attend, we also encourage them to write in their feedback and inquiries anytime to our office. All inquiries and feedback, suggestions will be addressed to the best of our ability.

All Board members will attend the meeting to engage with the shareholders. In the event they are not able to attend in person, electronic devices will be used for their participation. Unless it is not possible to do so, the Directors will be updated on issues that require his attention.

### GOVERNANCE INITIATIVE AND FUTURE PRIORITIES

The future priorities for the Company are to strengthen its governance, compliance, close interaction with shareholders and also to move forward progressively being a reputable public listed company in Kedah.

# AUDIT COMMITTEE REPORT

The Board Audit Committee (“BAC”) assists the Board in fulfilling its fiduciary responsibilities relating to internal controls, accounting and reporting practices of the Group. The BAC promotes the practices of good corporate governance by ensuring that internal control systems are in place and adequate and that appropriate standards of responsibility, integrity and accountabilities are maintained across the group.

## MEMBERS OF THE BAC

BDB complies with Paragraph 15.09 of Main Market Listing Requirements of Bursa Malaysia Securities Berhad which requires all the BAC members to be Non-Executive Directors, with a majority of them being Independent Directors.

The members of the BAC are as follows:

	NAME	DIRECTORIAL STATUS
1	<b>Sudirman bin Masduki</b>	Chairman / Independent Non Executive Director
2	<b>Dato’ Asri bin Hamidin @ Hamidon</b>	Member / Senior Independent Director
3	<b>Datuk Mohd Radzif bin Mohd Yunus</b>	Member / Independent Non Executive Director

The profiles of the BAC members are disclosed on pages 21, 23 and 24 of this Annual Report.

## TERMS OF REFERENCE

The terms of reference for the BAC are available online in the company section sub menu policies of the Company’s website at <http://www.bdb.com.my/policies>. The latest update was effective on 17 March 2019.

## SUMMARY OF THE BAC’S ACTIVITIES

### Meetings and Minutes

During the year ended 31 December 2019, the Committee met seven (7) times by way of ordinary meetings on 16 February 2019, 20 June 2019, 21 July 2019, 23 August 2019, 23

November 2019 and two (2) Special Meeting held on 17 March 2019 and 26 May 2019.

	NAME	NUMBER OF MEETINGS	
		HELD	ATTENDANCE
1	<b>Sudirman bin Masduki</b>	7	7/7
2	<b>Dato’ Asri bin Hamidin @ Hamidon</b>	7	6/7
3	<b>Datuk Mohd Radzif bin Mohd Yunus</b>	7	7/7

Permanent invitees to BAC are the GCEO, CFO, Company Secretary and Head of Group Corporate Assurance (GCA). Other invitees from management team are present to explain specific issues as per the meeting agenda. Key issues discussed are reported by the Chairman of the BAC to the Board.

The BAC is mindful of the challenges faced by the Group and initiatives on the Group’s recovery plan, as such had advised the GCA team to validate and focus their auditing efforts in this area.

The BAC continues to provide oversight to the external and internal audit functions and performs the followings based on meeting agenda:

### External Audit

- i) Reviewed the External Auditors’ scope of audit prior to the commencement of the interim and annual audit;
- ii) Reviewed the audited year-end financial results of the Group prior to submission to the Board for consideration and approval;

## AUDIT COMMITTEE REPORT (CONTINUED)

- iii) Reviewed the audit reports of the External Auditors in relation to audit and accounting issues arising from the audit;
- iv) Discussed matters arising from the audit of the Group in a close session meeting without the presence of the Management;
- v) Reviewed the performance of the External Auditors and proposed on their re-appointment and remuneration to the Board;
- vi) Reviewed the findings of the External Auditors and followed up on the recommendations.

### Internal Audit

- i) Reviewed and approved the 2019 Annual Internal Audit Plan and resources for the execution of audit activities across the Group;
- ii) Deliberated on major issues brought up to the attention of BAC and considered the appropriateness of management action plans in relation to the audit recommendations;
- iii) Ensured that management resolved all audit issues within the agreed timeline and approved extension of time where necessary;
- iv) GCA to conduct special review and extension of scope to ascertain internal control inefficiencies and document for business process improvement and lesson learnt;
- v) Raised concerns on certain operational issues for future audit review;

### Other significant oversight activities are as follows:

- i) Reviewed the Statement on Risk Management and Internal Control and the BAC Report and recommend to the Board for inclusion in the Annual Report;
- ii) Reviewed the unaudited quarterly financial results and the announcements thereof and made recommendations to the Board for consideration and approval to release to Bursa Securities;
- iii) Reviewed related party transactions as required under the Bursa Malaysia Listing Requirements to ascertain that transactions are conducted at arm's length prior to submission for the Board's consideration and where appropriate, shareholders' approval;
- iv) Reviewed renewal of Shareholders' mandate for recurrent related party transactions of a revenue trading nature based on an established framework for Board to recommend to shareholders for approval and authorised the submission of draft circular to Bursa Securities;
- v) Reviewed and approved the proposed changes to Terms of Reference of BAC to incorporate C-Suite positions i.e. Group Chief Executive Office, Chief Operating Officer and Chief Financial Officer.
- vi) Reviewed the proposed revision to delegated authority limits for Board's approval.
- vii) Update the Board on the BDB Management System initiative to standardise Standard Operating Procedures of the Group with support from Group Human Resource;

### INTERNAL AUDIT FUNCTION

The Group's Internal Audit function is to provide independent, objective assurance and consulting services designed to add value and improve BDB's operations. The Internal Audit activities help BDB accomplishes its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of governance, risk management and the adequacy of the internal controls.

For 2019, GCA Department conducted audit review based on the approved Annual Audit Plan. Apart from conducting routine audit review of the approved audit scopes, members of GCA had also performed the following activities:

- i) Follow up and validate the completion of remedial action plans to close outstanding audit issues on a quarterly basis;
- ii) Year-end stock take exercise at subsidiaries;
- iii) Investigative audit on alleged non-compliance of business proposals implementation related to procurement activities.

The total cost incurred for the Internal Audit Function for the financial year was approximately RM462,178.44.

# STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

This statement is made in accordance with the Malaysian Code on Corporate Governance 2017 (“The Code”) and Paragraph 15.26(b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Malaysia”). The Board’s Statement on Risk Management and Internal Control has been prepared in accordance with the “Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers”.

## BOARD RESPONSIBILITY

The Board acknowledges its responsibility for maintaining a sound internal control system and the need to review its adequacy and integrity on a regular basis. The system of internal control is meant to effectively manage business risk towards the achievement of objectives so as to enhance the value of shareholders’ investments and to safeguard the Group’s assets.

The Board maintains overall responsibility for the Group’s system of internal controls and has reviewed the effectiveness of the controls established. The Board has delegated the implementation of the system of internal control within an established framework throughout the Group to the Management. The system of internal control is supported by the corporate governance and risk management framework.

The Board through its Board Risk Committee is responsible for identifying, evaluating and managing major business risks faced by the Group. The Committee will continuously evaluate suggested mitigation measures and quarterly review planned actions and implementation strategies to ensure that key risks are mitigated and well managed.

The Board is reasonably satisfied that throughout the year the Company’s Risk Management and internal control system operated adequately and effectively in all material aspects based on the Risk Management Model adopted by the Company. Improvements to enhance the internal controls as proposed by the audit activities are followed through till completion.

The system of internal control provides only reasonable and not absolute assurance against material error, misstatement, loss or breach. In addition, the concept of reasonable assurance also recognises that the overall cost of control procedures shall not exceed the expected benefits.

## KEY INTERNAL CONTROLS FEATURES

The key features of the Group’s internal control comprise the following components which have been in place throughout the financial year:

### CONTROL ENVIRONMENT

#### Accountability and Reporting within the Organisation

The terms of reference including functions, authorities and responsibilities of the Board Committees and Management Committees have been established in the Group, to assist the Board in discharging its duties. The Board Committees comprise of:

- Board Audit Committee (“BAC”)
- Board Risk Committee (“BRC”)
- Board Nomination, Remuneration and ESOS Committee (“BNREC”)
- Board Procurement Committee (“BPC”)
- Turnaround Committee (“TAC”)

#### Organisation Structure & Authority Limits

The internal control system of the Group is supported by a formal organisational structure with lines of responsibility and accountability delegated to the Group’s Senior Management.

#### Executive Committee (“EXCO”)

After the demise of the Group Managing Director, Dato’ Izham bin Yusoff in March 2018, the Board had reactivated the EXCO to oversee and ensure the smooth running of the daily operations of BDB Group of Companies. The EXCO comprises of Dato’ Haji Abdul Rahman bin Abdullah (Chairman), Mohd

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(CONTINUED)

Iskandar Dzulkarnain bin Ramli (“COO”) and Fakhruzi bin Ahmad (“CFO”).

The EXCO function was deactivated with the appointment of Encik Faris Najhan bin Hashim as the Group Chief Executive Officer (“GCEO”) of Bina Darulaman Berhad with effect on 4 February 2019.

### Change Committee/Turnaround Committee

Business recovery plan embarked in year 2018 was continued in year 2019 due to challenging financial performance of the Group. Change Committee that was established on 26 August 2018 to assist the Board in its oversight responsibilities for the Group’s business recovery Plan had changed its name to Turnaround Committee effective on 25 May 2019.

### Authority Limit

The Group, via its Delegated Authority Limit (“DAL”), assigns authority to appropriate levels of management to exercise control over the Group’s commitment on both strategic and operational business objectives.

The DAL is approved by the Board and is updated to reflect changing business conditions. The DAL provides a framework that defines and specifies the authority levels for personnel to carry out their assigned responsibilities and it also covers the basic decision-making policy throughout the BDB Group of Companies. Effective on 20 June 2019 the Board had approved a revision to the DAL in view of the current needs of the Company and designations.

### Standardised and Documented Policies and Procedures

Relevant policies and procedures are recommended by management and approved by the Board to ensure the Group’s values and internal control mechanism is embedded in business operations. These policies and procedures are made available to guide Management and staff in their day-to-day operations and compliance with relevant laws and regulations. Updates will be made on need basis to reflect any changes in operational requirements and/or statutory requirements.

### Strategic Business Planning

BDB Group performs annual business planning and budgeting for consideration of the GCEO before being tabled to the Board for approval. The Board has reviewed and approved the Group business recovery plan and budget for year 2020 within which the business objectives, strategies and targets are articulated to facilitate management in focusing on areas of concern. Key business risks are identified and mitigated during the business planning process and reviewed during the year.

### Staff Development and Training

Internal and external trainings are developed by Group Human Resource and provided to all employees to facilitate daily operations and enhance staff competencies.

### Whistleblowing

The whistleblowing policy provides an avenue for employees to communicate any instances of breach or suspected breach of any law or regulation, illegal and/or immoral conduct in a safe and confidential manner. It also provides proper investigation to be initiated on all allegations or reports about the Group.

### Business Continuity Management

The Group is committed to safeguarding the interest of all our stakeholders by ensuring that critical business processes are resilient and the effects of disruptions to business operations are minimised and recovered in a timely manner following a disruption or disaster.

The Group has established a Business Continuity Plan (“BCP”) that is designed to provide direction and pre-determined management decisions and action plans in managing a disaster situation.

In view of the COVID-19 pandemic that has affected all activities globally, the Group has taken preventive measures to ensure the health of employees is being taken care and to ensure interruption to business operation is minimized. Preventive measures initiated by the Group, among others were:

- continuous engagement with employees via e-mail communication, posters display

highlighting the practice of good personal hygiene, practice of social distancing, reminders to avoid travelling to affected countries (China, Korea, Japan, Italy, etc.), avoid or limit physical meetings, avoid visiting large gathering or heavy crowd;

- distribution of hand sanitizers to staff;
- body temperature reading on employees and visitors as well as placement of hand sanitizers at the entrance of BDB Group's work premises; and
- employees were required to fill up the Travel and Health Declaration Form

Whilst the Group are actively engaging employee on the above preventive measures, the Group has also embarked the preparation to activate the BCP should any of the Group's employees are confirmed positive of COVID-19. As a minimum, the Group has identified Minimum Business Continuity Objective on critical functions and identification of alternate work location depending on the Group's subsidiaries operation and location.

On 17 March 2020, in line with the announcement of Movement Control Order (MCO) made by the YAB Prime Minister, the Group has taken necessary action by issuing work instruction guidelines across the Group's business operation and ensuring compliance to the standard operating procedures issued by the relevant authorities during the various stages of the MCO.

### CONTROL ACTIVITIES

Control activities are part of the Group's system of internal control. Control activities are performed at all levels of the entity and at various stages within the business processes. They include a diverse range of activities such as the process of approvals, authorisations, verifications and reconciliations, reviews of operating performance, security of assets and segregation of duties. Among the significant control activities are:

- The preparation of quarterly and full-year financial results, as announced or otherwise published to shareholders. Analysis of actual financial performance versus business plans is carried out on quarterly basis.

- GCEO and Senior Management staff make business visits and communicate with employees of different levels to have first-hand knowledge of significant operational issues and risks.
- Quarterly reporting of legal, accounting and other new developments to the Board.
- Annual review and improvement, continuously manages and controls the quality requirement of the Company's products and services which is in accordance with ISO 9001 Quality Management System.

### REVIEW AND MONITORING PROCESS

The Board has initiated an ongoing process to ensure the achievement of the Group business objectives where budgets, key business indicators and performance results on operations are in place to monitor performance. The system allows the GCEO and Management to review business unit's performances against budgets and other performance indicators on a monthly basis. Key variances are followed up by Management and reported on quarterly basis to the Board.

The GCEO actively communicates the Board's expectations to management teams during management meetings. In these meetings, risks relating to strategy, operational, financial and external environment matters were discussed and mitigating action plans were deliberated.

The Board has taken the necessary measures and reviewed the effectiveness of the system of internal control during the financial year through the review and monitoring process set out above.

### INTERNAL AUDIT FUNCTION

The Group Corporate Assurance ("GCA") performs internal auditing activities across BDB group; by undertaking a systematic review and disciplined approach to evaluate the adequacy and effectiveness of the internal control system implemented by the Group.

GCA reports to the Board Audit Committee ("BAC") and meets on a quarterly basis plus as and when

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(CONTINUED)

required. GCA highlights issues concerning internal control failures and/or weaknesses and other observations to improve business processes. All issues identified must be agreed with the management team. Action plans to resolve issues are followed through and updated in subsequent meetings. The BAC also reviews the Internal Audit independence, adequacy of resources and scope of work. Annual Audit Plan and revision to the planned audit was also tabled and approved by the BAC. The details of the oversight activities undertaken by the BAC are highlighted in the Audit Committee Report.

### STATE OF INTERNAL CONTROL DURING THE YEAR UNDER REVIEW

The Board is of the view that the existing Group's system of internal controls in place for the year under review and up to the date of issuance of financial statements is generally sound and adequate to safeguard the shareholders' investment, the interest of customers, regulators, employees and the Group's assets. None of the control weaknesses identified have resulted in any material loss, contingencies or uncertainties that would require disclosure in the Annual Report.

### STATEMENT ON RISK MANAGEMENT / ENTERPRISE RISK MANAGEMENT FRAMEWORK

The Group has established an Enterprise Risk Management ("ERM") framework to proactively identify, evaluate and manage key risks to an optimal level in line with the Group's commitment to deliver sustainable value. This framework aims to provide an integrated and organised approach entity-wide. The Group continuously executed the ERM initiatives based in the approved ERM framework which includes the establishment of the key mitigation strategies for the key risk areas identified and the tracking and monitoring of its implementation Group wide.

#### Risk Policy

BDB Group is committed in meeting its vision, mission and corporate objectives. It is critical for BDB Group to have the ability of managing risk to an acceptable level. In 2019, Risk Management

has conducted six (6) BRC Meetings and three (3) Special BRC Meetings where risks were identified, assessed and ranked accordingly with regards to the mitigating actions.

The Board is responsible to understand risks and provide guidance when dealing with risks to ensure all risks are managed in an organised and consistent manner. The policies of the Board for ERM are as follows:

- To integrate risk management into the work culture, business activities and decision-making processes.
- To anticipate and respond to the changing operational, social, environmental and regulatory requirements proactively.
- To manage risks pragmatically, to an acceptable level given the particular circumstances of each situation.
- To require that all papers submitted to the Board of Directors by Management relating to strategy, key project approval, significant action or investment must include a comprehensive risk assessment report.
- To implement a robust and sustainable ERM framework that is aligned with BDB Group's vision, mission, corporate objectives, and in accordance with best practices.

The above policies will be attained through:

- Periodic reporting to the Board on ERM activities and keep the Board updated of all ERM aspects including significant risks and risk trends;
- Provision of adequate and suitable resources, including tools and manpower to ensure ERM framework and system are operating effectively;
- Provision of adequate education and communication channels to ensure staffs' understanding on the requirements, their roles and responsibilities associated to ERM; and
- Maintain documented risk information (risk registers and action plans) for continuous ERM activities.

The Group Enterprise Risk Management (“ERM”) is responsible for developing, coordinating and facilitating the Risk Management processes within the Group. A database of risks and control information is captured in the format of risk register. Key risks of key business units are identified, assessed and categorised to highlight the source of risks, their impact and the likelihood of occurrence and are being monitored by respective Senior Management of the business units.

Roles and Responsibilities of the ERM can be summarised as follows:

- To communicate, evaluate and improve the ERM Policy and Framework;
- Facilitate the risk assessment and risk action plan processes;
- Provide independent input on risk assessment (risk type and rating) and action plans;
- Coordinator of Business Continuity Management (“BCM”);
- Prepare and report to BRC on a timely manner;
- Coordinate the ERM educational programmes; and
- To share inputs on risks and market trends.

#### **Assurance Received from Group Chief Executive Officer and Chief Financial Officer**

In accordance with the Statement on Risk Management and Internal Control – Guidelines for Directors of Listed issuers, the Board has received assurance from the Group Chief Executive Officer and Chief Financial Officer that to the best of their knowledge, the risk management and internal control of the Group are operating effectively and adequately in all material aspects, based on the risk management and internal control framework adopted by the Group.

#### **Review of Statements by the External Auditors**

The external auditors have reviewed this Statement on Risk Management and Internal Control pursuant to the scope set out in The Audit and Assurance Practice Guide (“AAPG 3”), Guidance for Auditors

on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report issued by the Malaysian Institute of Accountants (“MIA”) for inclusion in the annual report of the Group for the financial year ended 31 December 2019, and reported to the Board that nothing has come to their attention that cause them to believe that the statement intended to be included in the annual report of the Group, in all material respects:

- a) has not been prepared in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers; or
- b) is factually inaccurate.

AAPG 3 does not require the external auditors to consider whether the Directors’ Statement on Risk Management and Internal Control covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group’s risk management and internal control system including the assessment and opinion by the Board of Directors and management thereon. The auditors are also not required to consider whether the processes described to deal with material internal control aspects of any significant problems disclosed in the annual report will, in fact, remedy the problems.

#### **CONCLUSION**

Risk Management in BDB Group has been accepted not merely as a compliance tool but to the extent of becoming a business culture. The Risk Management framework and findings act as an additional decision-making tool to drive towards an excellent business strategy planning and execution. In this regard, an effective Risk Management lies on its ability to implement the framework and create values throughout BDB Group in order to achieve its established vision, mission, and objectives that lead towards enhancing shareholders’ value.

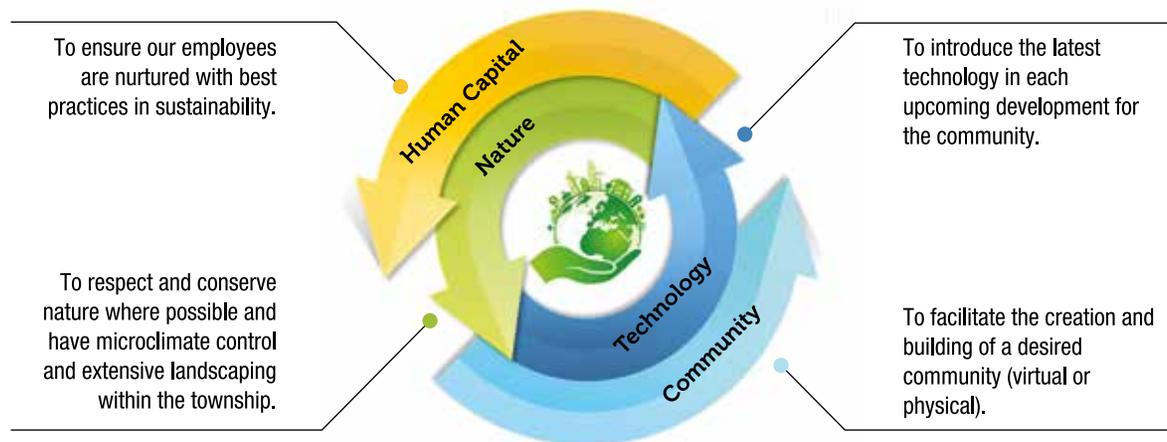

# SUSTAINABILITY STATEMENT

## PRESERVING SUSTAINABILITY

In line with the changes in our corporate leadership and transformation of our organisational structure, we took critical steps towards integrating sustainability into our corporate culture and reconfiguring our sustainability data compilation process. We have obtained deeper understanding on how sustainability was perceived in the organisation, which sustainability practices were already implemented and where further improvement is needed.

We are grateful for the commitment and support received from our employees, who are the key enabler to the current and future success of our corporate sustainability goals and strategy. We believe that efforts to advance our sustainability agenda will enable us to nurture sustainable best practices and further strengthen our position in the industry.

The Group's overall sustainability strategy is aligned to its vision and core values. Through this alignment, we have adopted four (4) key sustainability pillars, namely Technology, Human Capital, Community and Nature.

## SUSTAINABILITY GOVERNANCE

Our commitment to sustainability is embedded in our corporate leadership. It is a top down approach from the Board to GCEO's office and cascade down to Head of Subsidiary offices throughout the 4 Divisions. Sustainability is part of our corporate governance structure.

It is embedded to our employees through our Company policies and Standard Operating Procedure (SOP). The implementation of specific certification is also a part of sustainability effort done to improve our processes in our operations.

Engaging with the community where we operate our business is another stepping stone for the Group to inculcate sustainability in our corporate culture. The prosperity of our businesses is aimed to be shared amongst the employees, business community and the people of the state of Kedah generally.

## KEY STAKEHOLDERS

We are committed to strengthen the stakeholder engagement addressing emerging issues and drive changes on the ground.

The following describes the Group's stakeholders and the engagement methods:

NO.	STAKEHOLDERS	DESCRIPTION	ENGAGEMENT METHOD
1.	Shareholders/ potential investors/ potential business partners	Shareholders and investors provides funds for the Group with the expectation of positive returns. ### SCOPE AND REFERENCE

This sustainability statement covers the period from 1 January 2019 to 31 December 2019. It includes our Four Divisions namely, Property Development, Engineering & Construction, Road Building & Quarry and Leisure & Hospitality. Details are available in our corporate structure section in page 16.

### MATERIALITY ASSESSMENT AND KEY SUSTAINABILITY MATTERS

The materiality assessments were facilitated through a desktop review on the Group's business operation and risk areas and Group's Senior Management.

For the purpose of reporting for the FY2019 Annual Report, we will continue to focus on the following 15 key sustainability matters:

KEY SUSTAINABILITY MATTERS	
A) <b>Economic</b>	<ol style="list-style-type: none"> <li>1. Profitability and Government Policy</li> <li>2. Anti-corruption and Bribery</li> <li>3. Whistle-blowing Policy</li> <li>4. Sales &amp; Marketing</li> <li>5. Digital and Business Transformation</li> </ol>
B) <b>Environment</b>	<ol style="list-style-type: none"> <li>6. Pollution Control and Waste Management</li> <li>7. Property Development</li> <li>8. Compliance with Environmental Laws and Regulations</li> </ol>
C) <b>Social</b>	<ol style="list-style-type: none"> <li>9. Succession Planning</li> <li>10. Employee Training and Development</li> <li>11. Customer Satisfaction, Engagement and Privacy</li> <li>12. Branding and Reputation</li> <li>13. Safety, Health and Environment</li> <li>14. Public and Community Engagement</li> <li>15. Employee Engagement</li> </ol>

## A. ECONOMIC

### ***Profitability and Government Policy***

The Company wish to gain profitability in its businesses through sustainable operational excellence. Profitability not just for the Company and its employees, but to support the economic growth for the state of Kedah and its people. Government Policy serves as a guideline in spearheading our business as one of the prominent Kedah state GLC.

### ***Anti-Corruption & Bribery***

From our vision, mission and objectives, we formulated behavioural rules specified in a series of codes of conduct and corporate standards. It is applicable to our employees, 3rd party contractors and suppliers, in all business areas and cultural spheres in which we operate. The Code of Conduct and Ethics included the most important corporate principles and behavioural rules, supplemented by guidelines for dealing with potential conflicts of interest. These guidelines are the key element of our preventive measures against bribery and corruption. The codes and corporate standards address specific topics such as compliance with laws and regulation safety, health, environment and social standards, human rights as well as public affairs.

### ***Whistleblowing Policy***

Our whistleblowing policy outlines the procedures for our employees, third parties and stakeholders for reporting suspected and actual corruption and other illegal activities in the Group. It outlines the process to inform appropriate authority, actions to be taken and protection of the anonymity of the employees, third parties and stakeholders who lodge the report. Whistle blowers are protected from any reprisals and retaliations with regards to their reported action.

The Code of Conduct & Ethics and Whistleblowing Policy are available on our corporate website <https://www.bdb.com.my/policies>

No cases were reported through the Whistleblowing channel in 2019.

### ***Sales & Marketing***

2019 was a tough year for Property Development Industry as it continues the challenge faced in the year before. Affordability and financing issues have become a tough challenge in the property market segment. As one of the solutions to these challenges, we have introduced the “EZY Home Ownership Campaign” in order to bridge the funding gap for the buyers to be able to own their dream homes. This campaign has shown positive feedback resulting in the increased of sales numbers.

Affordability issue has been addressed by initiating product design to meet market's demand and on the same time conduct value engineering to maintain its affordability.

### ***Digital and business transformation***

We are continuously working to enhance our digital and business transformation processes.

We are putting efforts in expanding our digital marketing and engagement with customers via social media advertisement using official BDB account.

# SUSTAINABILITY STATEMENT (CONTINUED)

In FY2020, we will enhance our business process and at the same time, we translate this improvement through our projects – property development, construction & engineering, road building & quarry and leisure and hospitality.

In the years to come, we will invest in building our technological capabilities, mainly to drive innovation and improve customer experience.

## B. ENVIRONMENT

### *Pollution Control and Waste Management*

BDB Group is committed to improve our environmental performance and demonstrating good environmental practice in our operations. We work with our Divisions to reduce water and energy consumption, improve waste management processes and raise environmental issues awareness to our employees. We invest in our people and processes to ensure that we meet the environmental standards. At Group level, we are managing our energy and water consumption to a minimum level.

In Road Building and Quarry division, BDB Infra uses diesel for their heavy machinery and equipment. Acknowledging the importance of managing carbon footprint, we are currently putting in place mechanism to track and manage our diesel consumption more efficiently. During FY2019, we managed to reduce the diesel consumption to 1.98 million litres compared to previous year, 3.37 million litres of consumption.

BDB Infra - Quarry Division abide by the local environmental regulations and compliance requirements guided by ISO14001:2015 Environmental Management System certification.

In Engineering and Construction division, our project sites are governed by stringent policies on environmental protection including waste management. We are committed in achieving environmental excellence in our business operations.

We are promoting zero waste across the Group, efforts are currently undertaken to measure our waste generation. Our type of waste across all 4 divisions are summarised as follows:

DIVISION	PROPERTY DEVELOPMENT	ENGINEERING & CONSTRUCTION	ROAD BUILDING & QUARRY	HOSPITALITY & LEISURE
<b>Waste generated</b>	Construction waste	Construction waste	<ul style="list-style-type: none"> <li>• Aggregates and premix wastes</li> <li>• Used engine oil</li> </ul>	Used water
<b>Disposal / recycling method</b>	<ul style="list-style-type: none"> <li>• Recycled</li> <li>• Disposal through appointed licenced contractors</li> </ul>	<ul style="list-style-type: none"> <li>• Disposal through appointed licenced contractors</li> </ul>	<ul style="list-style-type: none"> <li>• Recycled</li> <li>• Disposal through appointed licenced contractors</li> </ul>	<ul style="list-style-type: none"> <li>• Recycled</li> <li>* Disposal through appointed licenced contractors</li> </ul>

### ***Property Development***

BDB Group remain committed in creating and delivering healthier and sustainable lifestyle by incorporating recreational elements in our property projects. We specifically make efforts to conserve nature and undertake extensive landscaping at our townships to support the “Green” concept.

Our 80 acres Darulaman Park located in Bandar Darulaman, consist of 45% of waterbody area and 55% of land providing open green field, jogging and cycling tracks and water recreational activities for the community. We also provide jungle trails and mountain bike trails at our 60 acres Darulaman Hills.

Our future projects are planned with sustainability in mind. The Langkawi Premium Outlet (LPO) project incorporated the natural resources of flora and fauna into the Masterplan design. The 24 acres development is combined with the original green lung area of 4.7 acres and maintaining the 4.6 acres of existing waterbody.

Arborist has been engaged to provide flora inventory and preservation plan. Fauna inventory are done by our Darulaman Sanctuary employees. Over 29 type of trees have been tagged and 42 fauna species have been documented.

### ***Compliance with Environmental Laws and Regulations***

We are pleased to highlight that BDB Group have not been fined or penalised for any environmental violations by Department of Environment. We monitor the environmental regulations strictly in our operations and efforts are taken to ensure all resources available in managing environmental regulation.

## **C. SOCIAL**

BDB Group aims to create sustainable value in its operations. This objective bond our employees and align with our corporate values, guiding our actions and decision-making. Recruiting, developing and retaining the best talents is crucial to our success. We offer a stimulating and challenging working environment. Our performance culture is based on regular feedback and appreciation to excellent achievements – both through attractive compensation and through individual development opportunities. We value diversity, interacting openly and constructively with each other and looking after the health and safety of our employees.

Employees are one of the most important assets to BDB and we strive to provide the best working conditions to all employees regardless of their nationality, race and gender.

## SUSTAINABILITY STATEMENT (CONTINUED)

### ***Succession planning***

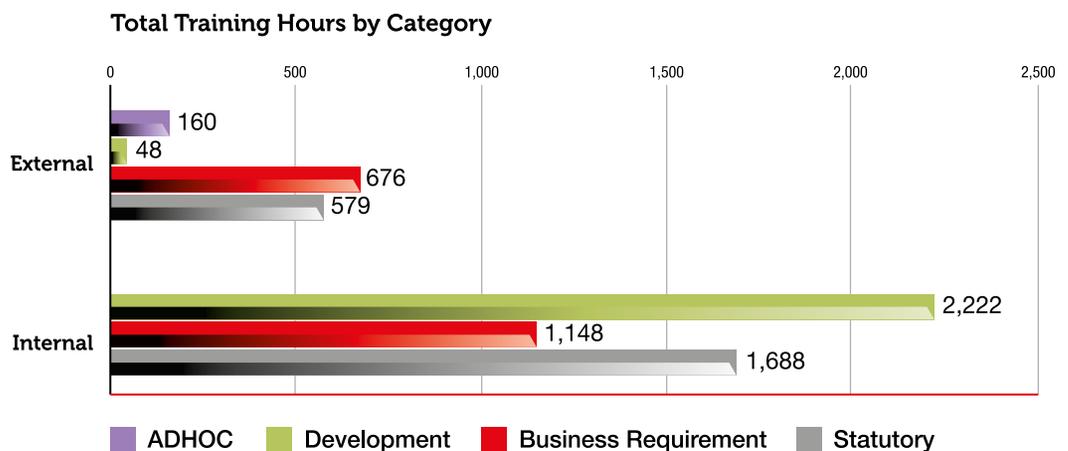

We acknowledge the need for business continuity and ensuring our stakeholders that we can operate in highly competitive environment with our talented professionals. Succession planning is another key area where we create a pipeline of talent pool. This is in line with our growth strategies and provide future leaders with specific competencies.

Therefore, we have established a succession planning identifying our designated key employees at senior management and operational levels, and the successor to those designation. During the year, we have recruited new talents in key positions including senior leadership team and at the operational levels. Our multi-pronged approach is to strengthen our manpower for business continuity, impart specific competencies to meet the manpower demand.

### ***Employee Training and Development***

BDB Group encourage employee development through internal, external and in-house training. Our goal is to equip our employees with competencies and leadership capabilities, where they can perform at the highest potential. Our aim is to create a learning organisation where employees can learn, develop, implement and transform themselves through continuous learning intervention and achieve excellence at BDB Group.

For FY2019, we provided our employees with a total of 6,521 training hours offering various technical, soft skill and management skill enhancement for our employees. We divided these trainings into Statutory, Business Requirement, Development and ADHOC categories which are developed based on Training Needs Analysis. These trainings were conducted by internal and external trainers. Total training hours by category during FY2019 is presented as per table below:

At BDB, we are a strong and committed workforce, from diverse ethnic and cultural backgrounds, age groups and professional qualifications. Together, we form a productive team and work closely to meet high performance standards.

### ***Customer Satisfaction, Engagement and Privacy***

We engage with our customers regularly to understand their aspiration, needs and expectation with a goal to customise our products and services in meeting their requirement.

We conducted customer satisfaction survey in the FY2019 to better understand customer's feedback related to our property development projects. Various initiatives and programmes have been identified, these include to identify key innovation on properties for the future and to establish key indicators for measuring customers satisfaction level.

We maintain our customers' information as required under the Malaysian Personal Data Protection Act 2010.

### ***Branding & Reputation***

We engage with our stakeholders continuously for the purpose of benchmarking our performance. Open channels with opinion leaders and stakeholders help us to understand the latest external insights and outlook related to our businesses.

At regular intervals, we seek independent opinions to evaluate how our operations balance the relationship between economic, environmental and social aspects.

In 2019, our Engineering & Construction arm, BDB Synergy received a Certificate of Appreciation for Projek Perumahan Rakyat (PPR) Ayer Hitam by Kementerian Perumahan Dan Kerajaan Tempatan (KPKT) after completing the project 111 days earlier than scheduled completion. This recognition has further strengthened our reputation in construction business and project management best practices.

### ***Safety, Health and Environment***

Safety, Health and Environment (SHE) is an important element to our operations. We view the implementation in a serious manner, with the ultimate goal to keep our employees, contractors and our surrounding community safe. SHE Induction training are conducted to our new joiners and SHE Refresher training to the existing employee. This training alone recorded a total of 840 training hours.

Our Quarry Division – BDB Infra has been awarded as the best Company at National Level in managing SHE for quarrying and mining category on 27 February 2019.

Over the course of FY2019, BDB Group has spent 1,867 training hours related to Occupational Safety and Health (“OSH”) educating employees, construction workers and Emergency Response Team (ERT) members. We have extended our safety and health risk management efforts to include our contractors and sub-contractors.

During the year, we have reduced our Loss Time Injury (LTI) from 70 days in 2018 to 34 days in 2019. We have improved several control measures including revising our Safety Standard Operating Procedure (SOP) and Hazard Identification, Risk Assessment and Determination Control (HIRADC). These changes are communicated to employees and contractors accordingly.

‘Tool-box’ meetings were held on weekly basis to remind to site workers on Safety, Health and Environment issues.

# SUSTAINABILITY STATEMENT (CONTINUED)

### Public and Community Engagement

Our engagement programmes focus on Education & Knowledge, Sport & Leisure, Religious and Community Engagement. During the FY2019, we have contributed to 27 programmes.

### Employee Engagement

Our employees are part of our community. They lived in the surrounding area where our business operates. Employees with prolonged illnesses or their family members with prolonged illnesses are supported accordingly. The Company provided support through supply of medical equipment.

The Company has improved the access to medical benefits for our employees through appointment of third-party administrator for inpatient and outpatient medical benefits.

We have conducted the inaugural “Gulai Daging Kawah” activity where employees through their Sports Clubs from the Divisions are working together cooking from raw material to finished product – a large pot of “Gulai Daging” distributed to all employees for Ramadan iftar with their family.

Townhall sessions is one of our platforms to engage with our employees. A series of townhall has been conducted with all Divisions in 2019.

### Corporate Social Responsibility (CSR) Programme at Gunung Jerai

BDB Group via Employee’s Sports & Recreation Club has organized CSR Programmes at Gunung Jerai. The main objective is to create awareness amongst the employees and community on the preservation of natural resources. This has been done by conducting communal work or “gotong-royong” at specific attraction areas at Gunung Jerai. The Programme is divided into four (4) series and has been initiated on 28 November 2019.

More than 250 participants from BDB Group together with Kedah State Development Corporation staff participated in the programme

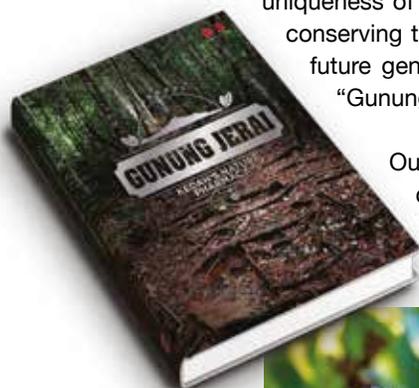

where they successfully cleared rubbish and plastic waste at several areas around the mountain range including Padang Tok Sheikh, Telaga Tok Sheikh, Batu Kapal and Taman Rimba.

BDB Group plan to continue this activity in 2020 and we look forward to collaborating with state government agencies.

### Conservation of Flora and Fauna

We believe proper documentation of flora and fauna will create awareness on the importance and the uniqueness of our natural environment to our employees and the community. As part of our effort for conserving the natural resources, we continue to develop publications to pass on the knowledge to future generations. In the pipeline, we are in the midst of completing another publication called "Gunung Jerai, Kedah's Nature Pharmacy".

Our conservation activities at Darulaman Sanctuary, Lubuk Semilang, Pulau Langkawi continues whilst providing eco-tourism for public to observe and appreciate nature. Documentation of species of flora and fauna is still on-going and we expect to discover more endemic species as we continue our efforts.

**Our Darulaman Sanctuary is where conservation efforts are embedded in our eco-tourism activities. It is home to over 180 plant species and over 80 bird and animal species have been recorded so far.**

---

### **DIRECTORS' BENEFITS**

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive any benefit (other than those fees and other benefits included in the aggregate amount of remuneration received or due and receivable by Directors as shown in the financial statements) by reason of a contract made by the Company or a related company with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest.

There were no arrangements during and at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

### **ISSUE OF SHARES AND DEBENTURES**

There were no changes in issued and paid-up capital of the Company and no debentures were issued during the financial year.

### **OPTIONS GRANTED OVER UNISSUED SHARES**

No options were granted to any person to take up unissued shares of the Company during the financial year.

### **INDEMNITY AND INSURANCE COSTS**

During the financial year, the total amount of insurance cost effected for Directors and officers of the Company is RM115,000.

### **OTHER STATUTORY INFORMATION**

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- i) all known bad debts have been written off and adequate provision made for doubtful debts, and
- ii) any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- i) that would render the amount written off for bad debts or the amount of the provision for doubtful debts in the Group and in the Company inadequate to any substantial extent, or
- ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- iv) not otherwise dealt with in this report or the financial statements that would render any amount stated in the financial statements of the Group and of the Company misleading.

**DIRECTORS' REPORT** (CONTINUED)for the year ended 31 December 2019

---

**OTHER STATUTORY INFORMATION (CONTINUED)**

At the date of this report, there does not exist:

- i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, the financial performance of the Group and of the Company for the year ended 31 December 2019 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

**SUBSEQUENT EVENTS**

The details of such events are disclosed in Note 30 to the financial statements.

**AUDITORS**

The auditors, KPMG PLT, have indicated their willingness to accept re-appointment.

The auditors' remuneration is disclosed in Note 20 to the financial statements.

Signed on behalf of the Board of Directors in accordance with a resolution of the Directors :

.....  
**Sudirman bin Masduki**

Director

.....  
**Dato' Haji Abdul Rahman bin Abdullah**

Director

Alor Setar,

Date : 17 May 2020

# NOTES TO THE FINANCIAL STATEMENTS

---

Bina Darulaman Berhad is a public limited liability company, incorporated and domiciled in Malaysia and is listed on the Main Market of Bursa Malaysia Securities Berhad. The address of the principal place of business and registered office of the Company is as follows:

Aras 9, Menara BDB  
No. 88, Lebuhraya Darulaman  
05100 Alor Setar  
Kedah Darul Aman

The consolidated financial statements of the Company as at and for the year ended 31 December 2019 comprise the Company and its subsidiaries (together referred to as the “Group” and individually referred to as “Group entities”). The financial statements of the Company as at and for the year ended 31 December 2019 do not include other entities.

The principal activities of the Company are investment holding, provision of management services, oil palm plantation and property development whilst the principal activities of the subsidiaries are as stated in Note 5 to the financial statements.

The ultimate holding company is Perbadanan Kemajuan Negeri Kedah, a statutory body formed in Malaysia.

These financial statements were approved by the Board of Directors on 17 May 2020.

## 1. BASIS OF PREPARATION

### (a) Statement of compliance

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRSs”), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The following are accounting standards, interpretations and amendments that have been issued by the Malaysian Accounting Standards Board (“MASB”) but have not been adopted by the Group and the Company :

#### ***MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 January 2020***

- Amendments to MFRS 3, Business Combinations - Definition of a Business
- Amendments to MFRS 101, Presentation of Financial Statements and MFRS 108, Accounting Policies, Changes in Accounting Estimates and Errors - Definition of Material
- Amendments to MFRS 9, Financial Instruments, MFRS 139, Financial Instruments: Recognition and Measurement and MFRS 7, Financial Instruments: Disclosures - Interest Rate Benchmark Reform

#### ***MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 January 2021***

- MFRS 17, Insurance Contracts

#### ***MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 January 2022***

- Amendments to MFRS 101, Presentation of Financial Statements – Classification of Liabilities as Current or Non-current

#### ***MFRSs, interpretations and amendments effective for annual periods beginning on or after a date yet to be confirmed***

- Amendments to MFRS 10, Consolidated Financial Statements and MFRS 128, Investments in Associates and Joint Ventures - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 1. BASIS OF PREPARATION (CONTINUED)

#### (a) Statement of compliance (continued)

The Group and the Company plan to apply the abovementioned accounting standards, interpretations and amendments, where applicable, in the respective financial years when the abovementioned accounting standards, interpretations and amendments become effective.

The initial application of the accounting standards, amendments or interpretations are not expected to have any material financial impacts to the current period and prior period financial statements of the Group and the Company.

#### (b) Basis of measurement

The financial statements have been prepared on the historical cost basis other than as disclosed in Note 2 to the financial statements.

#### (c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information is presented in RM and has been rounded to the nearest thousand, unless otherwise stated.

#### (d) Use of estimates and judgements

The preparation of financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the significant effect on the amounts recognised in the financial statements other than those disclosed in the following notes :

- Note 4 Valuation of investment properties
- Note 5 Impairment of investment in subsidiaries
- Note 17 Revenue from sales of properties under construction

### 2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements and have been applied consistently by Group entities, unless otherwise stated.

Arising from the adoption of MFRS 16, Leases, there are changes to the accounting policies applied to lease contracts entered into by the Group entities as compared to those applied in previous financial statements. However, there are no material impact arising from the adoption of MFRS 16 on the Group's and the Company's financial statements.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (a) Basis of consolidation

##### (i) *Subsidiaries*

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has *de facto* power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiaries are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investments includes transaction costs.

##### (ii) *Business combinations*

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

For new acquisitions, the Group measures the cost of goodwill at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

##### (iii) *Acquisitions of non-controlling interests*

The Group accounts for all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (a) Basis of consolidation (continued)

##### *(iv) Loss of control*

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the former subsidiary, any non-controlling interests and the other components of equity related to the former subsidiary from the consolidated statement of financial position. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the former subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity-accounted investee or as a financial asset depending on the level of influence retained.

##### *(v) Non-controlling interests*

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to the equity holders of the Company, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the consolidated statement of profit or loss and other comprehensive income as an allocation of the profit or loss and the comprehensive income for the year between non-controlling interests and owners of the Company.

##### *(vi) Transactions eliminated on consolidation*

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

#### (b) Financial instruments

##### *(i) Recognition and initial measurement*

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

##### *(ii) Financial instrument categories and subsequent measurement*

###### *Financial assets*

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group or the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (b) Financial instruments (continued)

##### (ii) *Financial instrument categories and subsequent measurement (continued)*

##### *Financial assets (continued)*

##### (a) *Amortised cost*

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets (see note 2(k)(i)) where the effective interest rate is applied to the amortised cost.

##### (b) *Fair value through profit or loss*

All financial assets not measured at amortised cost as described above are measured at fair value through profit or loss. On initial recognition, the Group or the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost as at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets categorised as fair value through profit or loss are subsequently measured at their fair value. Net gains or losses, including any interest or dividend income, are recognised in the profit or loss.

All financial assets, except for those measured at fair value through profit or loss are subject to impairment assessment (see Note 2(k)(i)).

##### *Financial liabilities*

The categories of financial liabilities at initial recognition are as follows:

##### *Amortised cost*

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (b) Financial instruments (continued)

##### *(iii) Financial guarantee contracts*

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at higher of:

- the amount of the loss allowance; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance to the principles of MFRS 15, Revenue from Contracts with Customers.

Liabilities arising from financial guarantees are presented together with other provisions.

##### *(iv) Derecognition*

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or transferred, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial asset and the sum of the consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. A financial liability is also derecognised when its terms are modified and the cash flows of the modified liability are substantially different, in which case, a new financial liability based on modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

##### *(v) Offsetting*

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group or the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and liability simultaneously.

#### (c) Property, plant and equipment

##### *(i) Recognition and measurement*

Items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Property, plant and equipment (continued)

##### (i) Recognition and measurement (continued)

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognised net within "other income" or "other expenses" respectively in profit or loss.

##### (ii) Subsequent costs

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group or the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

##### (iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment from the date that they are available for use. Freehold land and golf course are not depreciated. Property, plant and equipment under construction are not depreciated until the assets are ready for their intended use.

The estimated useful lives for the current and comparative periods are as follows:

Leasehold land	80 years
Office buildings, club house, chalets and others	10 - 50 years
Estate development expenditure	10 years
Plant and machinery and site equipment	5 - 10 years
Furniture and fittings, electrical installations and office equipment	4 - 5 years
Renovation	5 years
Motor vehicles	5 years

Depreciation methods, useful lives and residual values are reviewed at end of the reporting period, and adjusted as appropriate.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (d) Leases

The Group has applied MFRS 16 using the modified retrospective approach, under which the cumulative effect of initial application is recognised as an adjustment to retained earnings at 1 January 2019. Accordingly, the comparative information presented for 2018 has not been restated – i.e. it is presented, as previously reported under MFRS 117, Leases and related interpretations.

#### *Current financial year*

##### (i) *Definition of a lease*

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the customer has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the customer has the right to direct the use of the asset. The customer has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the customer has the right to direct the use of the asset if either the customer has the right to operate the asset; or the customer designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Group is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

##### (ii) *Recognition and initial measurement*

###### (a) *As a lessee*

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (d) Leases (continued)

##### *Current financial year (continued)*

#### (ii) Recognition and initial measurement (continued)

##### (a) As a lessee (continued)

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the respective Group entities' incremental borrowing rate. Generally, the Group entities use their incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments less any incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee;
- the exercise price under a purchase option that the Group is reasonably certain to exercise; and
- penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The Group excludes variable lease payments that linked to future performance or usage of the underlying asset from the lease liability. Instead, these payments are recognised in profit or loss in the period in which the performance or use occurs.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

##### (b) As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease.

If an arrangement contains lease and non-lease components, the Group applies MFRS 15 to allocate the consideration in the contract based on the stand-alone selling prices.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (d) Leases (continued)

##### *Current financial year (continued)*

##### *(iii) Subsequent measurement*

##### *(a) As a lessee*

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a revision of in-substance fixed lease payments, or if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

##### *(b) As a lessor*

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of "revenue".

##### *Previous financial year*

##### *As a lessee*

##### *(i) Finance lease*

Leases in terms of which the Group or the Company assumed substantially all the risks and rewards of ownership were classified as finance leases. Upon initial recognition, the leased asset was measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset was accounted for in accordance with the accounting policy applicable to that asset.

Minimum lease payments made under finance leases were apportioned between the finance expense and the reduction of the outstanding liability. The finance expense was allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent lease payments were accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment was confirmed.

Leasehold land which in substance was a finance lease was classified as property, plant and equipment, or as investment property if held to earn rental income or for capital appreciation or for both.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (d) Leases (continued)

##### *Previous financial year (continued)*

##### *As a lessee (continued)*

##### *(ii) Operating lease*

Leases, where the Group or the Company did not assume substantially all the risks and rewards of ownership were classified as operating leases and, the leased assets were not recognised on the statement of financial position. Property interest held under an operating lease, which was held to earn rental income or for capital appreciation or both, was classified as investment property and measured using fair value model.

Payments made under operating leases were recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received were recognised in profit or loss as an integral part of the total lease expense, over the term of the lease. Contingent rentals were charged to profit or loss in the reporting period in which they were incurred.

Leasehold land which in substance was an operating lease was classified as prepaid lease payments.

#### (e) Investment property

##### *(i) Investment property carried at fair value*

Investment properties are properties which are owned or right-of-use asset held under a lease contract interest to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes.

Investment properties which are owned are measured initially at cost. Cost includes expenditure that is directly attributable to the acquisition of the investment property. The cost of self-constructed investment property includes the cost of materials and direct labour, any other costs directly attributable to bringing the investment property to a working condition for their intended use and capitalised borrowing costs. Right-of-use asset held under a lease contract that meets the definition of investment property is initially measured similarly as other right-of-use assets.

Subsequently, investment properties are measured at fair value with any changes therein recognised in profit or loss for the period in which they arise. Where the fair value of the investment property under construction is not reliably determinable, the investment property under construction is measured at cost until either its fair value becomes reliably determinable or construction is complete, whichever is earlier.

The fair value of investment properties held by the Group as a right-of-use asset reflects the expected cash flows. Accordingly, where valuation obtained for a property is net of all payments expected to be made, the Group added back any recognised lease liability to arrive at the carrying amount of the investment property using the fair value model.

An investment property is derecognised on its disposal, or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal. The difference between the net disposal proceeds and the carrying amount is recognised in profit or loss in the period in which the item is derecognised.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (e) Investment property (continued)

##### (ii) *Reclassification to/from investment property*

When an item of property, plant and equipment is transferred to investment property following a change in its use, any difference arising at the date of transfer between the carrying amount of the item immediately prior to transfer and its fair value is recognised directly in equity as a revaluation of property, plant and equipment. However, if a fair value gain reverses a previous impairment loss, the gain is recognised in profit or loss. Upon disposal of an investment property, any surplus previously recorded in equity is transferred to retained earnings; the transfer is not made through profit or loss.

When the use of a property changes such that it is reclassified as property, plant and equipment or inventories, its fair value at the date of reclassification becomes its cost for subsequent accounting.

#### (f) Inventories

Inventories are stated at lower of cost and net realisable value.

##### (i) *Land held for property development*

Land held for property development consists of land or such portions thereof on which no development activities have been carried out or where development activities are not expected to be completed within the normal operating cycle. Such land is classified within non-current assets and is stated at cost less any accumulated impairment losses.

Land held for property development is reclassified as property development costs at the point when development activities have commenced and where it can be demonstrated that the development activities can be completed within the normal operating cycle.

Cost associated with the acquisition of land includes the purchase price of the land, professional fees, stamp duties, commissions, conversion fees and other relevant levies.

##### (ii) *Property development costs*

Property development costs comprise costs associated with the acquisition of land and all costs that are directly attributable to development activities or that can be allocated on a reasonable basis to such activities, including interest expense incurred during the period of active development.

Property development costs not recognised as an expense are recognised as an asset, which is measured at the lower of cost and net realisable value.

##### (iii) *Others*

The cost of building materials and consumables is determined using the weighted average method and comprises the cost of purchase of the inventories.

The cost of completed properties is determined on the specific identification basis and comprises cost associated with the acquisition of land, direct costs and appropriate proportions of common costs.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (g) Non-current asset held for sale

Non-current assets comprising assets and liabilities that are expected to be recovered primarily through sale rather than through continuing use, are classified as held for sale.

Immediately before classification as held for sale, the assets are remeasured in accordance with the Group's accounting policies. Thereafter generally the assets are measured at the lower of their carrying amount and fair value less costs of disposal.

Impairment losses on initial classification as held for sale and subsequent gains or losses on remeasurement are recognised in profit or loss. Gains are not recognised in excess of any cumulative, impairment loss.

Intangible assets and property, plant and equipment once classified as held for sale are not amortised or depreciated.

#### (h) Contract asset/Contract liability

A contract asset is recognised when the Group's or the Company's right to consideration is conditional on something other than the passage of time. A contract asset is subject to impairment in accordance to MFRS 9, Financial Instruments (see Note 2 (k)(i)).

A contract liability is stated at cost and represents the obligation of the Group or the Company to transfer goods or services to a customer for which consideration has been received or the amount is due from the customers.

#### (i) Contract cost

##### (i) Incremental cost of obtaining a contract

The Group or the Company recognises incremental costs of obtaining contracts when the Group or the Company expects to recover these costs.

##### (ii) Costs to fulfill a contract

The Group or the Company recognises a contract cost that relate directly to a contract or to an anticipated contract as an asset when the cost generates or enhances resources of the Group or the Company, will be used in satisfying performance obligations in the future and it is expected to be recovered.

These contracts costs are initially measured at cost and amortised on a systematic basis that is consistent with the pattern of revenue recognition to which the assets relates. An impairment loss is recognised in the profit or loss when the carrying amount of the contract cost exceeds the expected revenue less expected cost that will be incurred. Where the impairment condition no longer exists or has impaired, the impairment loss is reversed to the extent that the carrying amount of the contracts cost does not exceed the amount that would have been recognised had there been no impairment loss recognised previously.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (j) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with banks including the accounts maintained pursuant to the Housing Development (Housing Development Account) Regulations 1991, and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three months or less, and are used by the Group and the Company in the management of their short term commitments. For the purpose of the statement of cash flows, cash and cash equivalents are presented net of pledged deposits and bank overdrafts.

#### (k) Impairment

##### (i) *Financial assets*

The Group and the Company recognise loss allowances for expected credit losses on financial assets measured at amortised cost, debt investments measured at fair value through other comprehensive income, contract assets and lease receivables. Expected credit losses are a probability-weighted estimate of credit losses.

The Group and the Company measure loss allowances at an amount equal to lifetime expected credit loss, except for debt securities that are determined to have low credit risk at the reporting date, cash and bank balance and other debt securities for which credit risk has not increased significantly since initial recognition, which are measured at 12-month expected credit loss. Loss allowances for trade receivables, contract assets and lease receivables are always measured at an amount equal to lifetime expected credit loss.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information, where available.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of the asset, while 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12 months after the reporting date. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group and the Company are exposed to credit risk.

The Group and the Company estimate the expected credit losses on trade receivables with reference to historical credit loss experience.

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance account.

An impairment loss in respect of debt investments measured at fair value through other comprehensive income is recognised in profit or loss and the allowance account is recognised in other comprehensive income.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (k) Impairment (continued)

##### (i) *Financial assets (continued)*

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost and debt securities at fair value through other comprehensive income are credit impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group or the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's or the Company's procedures for recovery amounts due.

##### (ii) *Other assets*

The carrying amounts of other assets (except for inventories, contract assets deferred tax assets, investment properties and non-current assets held for sale measured at fair value) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units. Subject to an operating segment ceiling test, for the purpose of goodwill impairment testing, cash-generating units to which goodwill has been allocated are aggregated so that the level at which impairment testing is performed reflects the lowest level at which goodwill is monitored for internal reporting purposes.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit exceeds its estimated recoverable amount.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (group of cash-generating units) and then to reduce the carrying amount of the other assets in the cash-generating unit (group of cash-generating units) on a *pro rata* basis.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (k) Impairment (continued)

##### (ii) *Other assets (continued)*

In respect of other assets, impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

#### (l) Equity instruments

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

##### (i) *Issue expenses*

Costs directly attributable to the issue of instruments classified as equity are recognised as a deduction from equity.

##### (ii) *Ordinary shares*

Ordinary shares are classified as equity.

#### (m) Employee benefits

##### (i) *Short-term employee benefits*

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

##### (ii) *State plans*

The Group's contributions to statutory pension funds are charged to profit or loss in the financial year to which they relate. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

#### (n) Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (o) Revenue and other income

##### (i) Revenue

Revenue is measured based on the consideration specified in a contract with a customer in exchange for transferring goods or services to a customer, excluding amounts collected on behalf of third parties. The Group or the Company recognises revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of the asset.

The Group or the Company transfers control of a good or service at a point in time unless one of the following over time criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided as the Group or the Company performs;
- (b) the Group's or the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- (c) the Group's or the Company's performance does not create an asset with an alternative use and the Group or the Company has an enforceable right to payment for performance completed to date.

##### ***Nature of goods and services***

The following is a description of the principal activities, separated by reportable segments from which the Group generates its revenue. For more detailed information about reportable segments, see Note 29.

##### ***Property development and construction segments***

Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of the performance obligation measured based on one of the following methods that best depict the Group's performance in satisfying the performance obligation :

- direct measurement of the value transferred by the Group to the customer (e.g. surveys or appraisals of performance completed to date); or
- the Group's efforts or inputs to the satisfaction of the performance obligation (e.g. by reference to the property development costs incurred up to the end of the financial reporting period as a percentage of total estimated costs for complete satisfaction of the contract)

If the contract with customer contains more than one distinct performance obligation, the amount of consideration is allocated to each distinct performance obligation based on the relative stand-alone selling price of the goods or services promised in the contract.

In respect of a completed development property where the Group has no enforceable right to payment until the control of the property is transferred to the customer, revenue is recognised at a point in time when the control is transferred to the customer. Revenue is measured at the transaction price agreed under the contract.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (o) Revenue and other income (continued)

##### (i) Revenue (continued)

###### *Road building and quarry segments*

Revenue from road building is recognised over time using the cost incurred method.

Revenue from sand quarry and premix aggregate are recognised at the point in time. Revenue is measured based on the consideration specified in a contract with a customer in exchange for transferring goods or services to a customer, net of returns and allowances, trade discounts and volume rebates.

###### *Leisure and hospitality segment*

The income from water theme park entrance fees, rental of rooms, subscription and green fees, rental of golfing facilities and other related income are recognised at the point in time.

###### *Oil palm fresh fruit bunches*

Revenue is recognised at the point in time. Revenue is measured based on the consideration specified in a contract with a customer in exchange for transferring goods or services to a customer, net of returns and allowances, trade discounts and volume rebates.

##### (ii) Rental income

Rental income is recognised on a straight-line basis over the term of the lease. The aggregate cost of incentives provided to lessees is recognised as a reduction of rental income over the lease term on a straight-line basis.

##### (iii) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

##### (iv) Management fees

Management fees are recognised when services are rendered.

##### (v) Interest income and profit from Islamic deposit

Interest income is recognised as it accrues, using the effective interest method.

#### (p) Borrowing costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (p) Borrowing costs (continued)

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

#### (q) Income tax

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

Where investment properties are carried at their fair value in accordance with the accounting policy set out in Note 2(e), the amount of deferred tax recognised is measured using the tax rates that would apply on sale of those assets at their carrying value at the reporting date unless the property is depreciable and is held with the objective to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred tax recognised is measured based on the expected manner of realisation or substantively enacted at the reporting date. Deferred tax assets and liabilities are not discounted.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same taxation authority on the same taxable entity, or on different tax entities, but they intend to settle current tax assets and liabilities on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (r) Earnings per ordinary share

The Group presents basic and diluted earnings per share (“EPS”) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own share held.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise convertible notes and share options granted to employees.

#### (s) Operating segment

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group’s other components. Operating segments results are reviewed regularly by the chief operating decision maker, which in this case is the Chief Executive Director/ Chief Operating Officer/ Chief Financial Officer of the Group, to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

#### (t) Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

#### (u) Fair value measurement

Fair value of an asset or a liability, except for lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability.

The Group recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

<b>Company</b>		
Rental income	120	120
Direct operating expenses:		
- income generating investment property	12	16

#### 4.2 Security

Investment properties of the Group with carrying amount of RM50,817,000 (2018: RM38,412,000) are pledged as security for borrowing (Note 15.1).

#### 4.3 Operating lease payments receivable

The operating lease payments to be received are as follows:

	2019 RM'000
<b>Group</b>	
Less than one year	133
One to two years	185
Two to three years	185
Three to four years	299
Four to five years	299
More than five years	4,809
Total undiscounted lease payments	5,910

There was no operating lease payment receivable identified in 2018.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 4. INVESTMENT PROPERTIES (CONTINUED)

#### 4.4 Fair value information

Investment property of the Group comprises undeveloped land located at Langkawi and Axis Commercial Hub. Investment property of the Company comprises serviced apartment that is leased to a subsidiary to earn rental income or held for capital appreciation. The fair value of the properties is classified as level 3 where there have been no recent transactions of similar properties at or near reporting date.

Level 3 fair value is estimated using unobservable inputs for the investment properties. The valuation techniques used in the determination of fair values within Level 3, as well as the significant unobservable inputs used in the valuation models are disclosed in the following paragraphs.

Fair value is determined by the independent external valuer using the comparable approach with relevant adjustments being made to key attributes such as the timing of the transaction, land size and shape, accessibility of the location, zoning, tenure and etc.

The most significant input into this valuation approach is price per square foot which would increase/(decrease) the estimated fair value if the price per square foot is higher/(lower).

#### 4.5 Valuation processes applied by the Group for Level 3 fair value

The fair value of investment properties is determined by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of property being valued. The valuation companies provide the fair value of the Group's investment properties every twelve months. Changes in Level 3 fair values are analysed by the management every twelve months after obtaining valuation reports from the valuation companies.

#### 4.6 Highest and best use

The Group's and the Company's investment properties are currently valued at their highest and best use. The investment properties are situated within sizeable populations.

### 5. INVESTMENT IN SUBSIDIARIES - COMPANY

	2019 RM'000	2018 RM'000
Unquoted shares, at cost	78,325	78,325
Accumulated impairment losses	(13,941)	(5,116)
	64,384	73,209
Advances to subsidiaries*	50,955	42,474
	115,339	115,683

\* The advances to subsidiaries as at year end were classified as non-current as the Company recognised these amounts as a long term source of capital to those subsidiaries.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

At 31 December 2018/1 January 2019/31 December 2019	161,176	56,426	217,602

#### 6.1.1 Other outgoing costs

Included in land held for property development of the Group and of the Company are amount of RM88,153,000 (2018 : RM102,222,000) and RM11,076,000 (2018 : RM11,076,000) respectively representing other outgoing cost incurred.

#### 6.1.2 Security

Freehold land of the Group with carrying amount of RM29,688,504 (2018: RM29,957,000) are pledged as security for borrowings (Note 15.1).

#### 6.1.3 Profit sharing arrangement

Included in land held for property development is an amount of RM385,000 (2018: RM6,958,000) representing freehold land and development expenditure incurred for a profit sharing project.

The profit sharing arrangement is with the ultimate holding company whereby the Group acquired a piece of land from the ultimate holding company for mixed development purposes. The profits, if any, from the profit sharing project is to be shared at the following proportion by the two parties and are payable on percentage of completion basis.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 6. INVENTORIES (CONTINUED)

#### 6.1 Land held for property development (continued)

##### 6.1.3 Profit sharing arrangement (continued)

	2019	2018
The Group	80%	80%
Ultimate holding company	20%	20%

Losses, if any, from the profit sharing project will be borne by the Group.

Contingent liabilities from the profit sharing arrangement may arise due to the possible obligation on profit sharing from the land held for development.

##### 6.1.4 Additions cost incurred during the year

Included in additions incurred during the year are the following costs:

	2019 RM'000	2018 RM'000
Interest expense (Note 19)	-	261

#### 6.2 Property development costs - Group

	2019 RM'000	2018 RM'000
<b>At 1 January</b>		
Land	7,180	508

### 8. DEFERRED TAX ASSETS/(LIABILITIES)

#### *Recognised deferred tax assets and liabilities*

Deferred tax assets and liabilities are attributable to the following:

	ASSETS		LIABILITIES		NET	
	2019 RM'000	2018 RM'000	2019 RM'000	2018 RM'000	2019 RM'000	2018 RM'000
<b>Group</b>						
Property, plant and equipment - capital allowances	-	-	(1,166)	(1,314)	(1,166)	(1,314)
Other temporary differences	1,112	704	-	-	1,112	704
Real Property Gain Tax (RPGT) on changes in fair value of investment property	-	-	(453)	(203)	(453)	(203)
Tax assets/(liabilities)	1,112	704	(1,619)	(1,517)	(507)	(813)
Set-off of tax	(1,112)	(704)	1,112	704	-	-
	-	-	(507)	(813)	(507)	(813)
<b>Company</b>						
RPGT on changes in fair value of investment property	-	-	(842)	(842)	(842)	(842)
Other temporary differences	103	-	-	-	103	-
	103	-	(842)	(842)	(739)	(842)

Deferred tax assets and liabilities are offset when there are legally enforceable rights to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same taxation authority. Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 8. DEFERRED TAX ASSETS/(LIABILITIES) (CONTINUED)

#### *Recognised deferred tax assets and liabilities (continued)*

Movements in temporary differences during the year are as follows:

	AT 1 JANUARY 2018 RM'000	CHARGED TO PROFIT OR LOSS (NOTE 23) RM'000	AT 31 DECEMBER 2018/ 1 JANUARY 2019 RM'000	CHARGED TO PROFIT OR LOSS (NOTE 23) RM'000	AT 31 DECEMBER 2019 RM'000
<b>Group</b>					
Property, plant and equipment -capital allowances	(2,888)	1,574	(1,314)	148	(1,166)
Other temporary differences	3,078	(2,374)	704	408	1,112

	89	(902)	(813)	306	(507)
<b>Company</b>					
RPGT on changes in fair value of investment property	(421)	(421)	(842)	-	(842)
Other temporary differences	-	-	-	103	103
	(421)	(421)	(842)	103	(739)

#### *Unrecognised deferred tax assets*

No deferred tax assets have been recognised for the following items (stated at gross):

	2019 RM'000	2018 RM'000
<b>Group</b>		
Unutilised tax losses	65,239	75,625
Unabsorbed capital allowances	20,418	17,485
Other temporary differences	11,689	10,446
	97,346	103,556
<b>Company</b>		
Unutilised tax losses	24,034	17,978
Unabsorbed capital allowances	3,763	3,507
Other temporary differences	9,076	7,310
	36,873	28,795

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 8. DEFERRED TAX ASSETS/(LIABILITIES) (CONTINUED)

The unutilised tax losses will be expired in year of assessments under the tax legislation of Malaysia as shown below:

	GROUP		COMPANY	
	2019 RM'000	2018 RM'000	2019 RM'000	2018 RM'000
Unutilised tax losses				
- Expire in YA2025	65,239	75,625	17,978	17,978
- Expire in YA2026	-	-	6,056	-
	65,239	75,625	24,034	17,978

The unabsorbed capital allowances do not expire under current tax legislation. Certain deferred tax assets have not been recognised as it is not probable that future taxable profits will be available against which the Group and the Company can utilise the benefits therefrom.

The comparative figures have been restated to reflect the revised tax losses carry-forward, capital allowances carry-forward and other temporary differences available to the subsidiaries and the Company.

### 9. CONTRACT WITH CUSTOMERS - GROUP

#### 9.1 Contract assets/(liabilities)

	2019 RM'000	2018 RM'000
Contract assets	17,196	11,286
Contract liabilities	(10,191)	(17,897)

Significant changes to contract assets and contract liabilities balances during the period are as follows:

	2019 RM'000	2018 RM'000
Contract liabilities at the beginning of the period recognised as revenue	6,611	2,709

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 9. CONTRACT WITH CUSTOMERS - GROUP (CONTINUED)

#### 9.1 Contract assets/(liabilities) (continued)

	2019 RM'000	2018 RM'000
Opening balance	(6,611)	24,473
Revenue recognised as a result of changes in the measure of progress	152,897	91,014
Decrease due to progress billings raised during the year	(139,281)	(122,098)
Closing balance	7,005	(6,611)
Represented by:		
Contract assets	17,196	11,286
Contract liabilities	(10,191)	(17,897)
	7,005	(6,611)

The cost incurred to date on construction contracts included the following charges made during the financial year:

	2019 RM'000	2018 RM'000
Rental of premises	-	20
Interest expense (Note 19)	-	7
Staff costs	4,022	4,823

The contract assets primarily relate to the Group's rights to consideration for work performed but not yet billed at the reporting date for its property development and construction activities. The contract assets will be transferred to trade receivables when the rights become unconditional.

The contract liabilities primarily relate to the advance consideration received from a customer for construction contract, which revenue is recognised over time during the property development and constructions activities.

#### 9.2 Contracts costs

	2019 RM'000	2018 RM'000
<i>Cost to fulfil a contract</i>		
Opening balance	131	11
Transfer from property development costs (Note 6.2)	42,023	24,519
Costs charged to profit or loss	(41,922)	(24,399)
Closing balance	232	131

	147,115	112,182	4,160	4,247
	248,012	203,196	4,160	4,247
<b>Other revenue</b>				
Management fees from subsidiaries	-	-	3,633	3,633
Dividend income from subsidiaries	-	-	8,000	23,000
Others	208	194	-	-
	208	194	11,633	26,633
	248,220	203,390	15,793	30,880

#### 17.1 Transaction price allocated to the remaining performance obligations

The following table shows revenue from performance obligations that are unsatisfied (or partially unsatisfied) at the reporting date. The disclosure is only providing information for contracts that have a duration of more than one year.

	2020 RM'000
<b>Group</b>	
<b>2019</b>	
Sales of development properties and land	35,590
Revenue from sand quarry, road paving and premix aggregate	15,187
Revenue from construction contracts	144
	50,921

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 17. REVENUE (CONTINUED)

#### 17.1 Transaction price allocated to the remaining performance obligations

	2019 RM'000	2020 RM'000	TOTAL RM'000
<b>Group</b>			
<b>2018</b>			
Sales of development properties and land	30,474	8,338	38,812
Revenue from sand quarry, road paving and premix aggregate	5,528	-	5,528
Revenue from construction contracts	31,247	-	31,247
	67,249	8,338	75,587

The above revenue does not include variable consideration other than rebates given to customers.

The Group applies the following practical expedients:

- exemption on disclosure of information on remaining performance obligations that have original expected durations of one year or less.
- exemption not to adjust the promised amount of consideration for the effects of a significant financing component when the period between the transfer of a promised good or service to a customer and when the customer pays for that good or service is one year or less.

#### 17.2 Significant judgements and assumptions arising from revenue recognition

The Group applied the following judgements and assumptions that significantly affect the determination of the amount and timing of revenue recognised from contracts with customers:

- The Group recognised property development revenue and expenses in profit or loss by using the stage of completion method. The stage of completion is determined by the proportion that property development costs incurred for work performed to date compared to the estimated total property development costs.

Significant judgement is required in determining the stage of completion, the extent of the property development costs incurred, the estimated total property development revenue and costs, as well as the recoverability of the development projects. In making the judgement, the Group evaluates based on past experience and by relying on the work of architects and quantitative surveyors.

### 26. RELATED PARTY TRANSACTIONS

For the purpose of these financial statements, parties are considered to be related to the Group or the Company if the Group or the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group or the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

The Group has related party relationship with its significant investors, subsidiaries of the Company and significant investors, government related entities, Directors and key management personnel.

Key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group either directly or indirectly. The key management personnel includes all the Directors of the Group, and certain members of senior management of the Group.

- (a) In addition to the related party information disclosed elsewhere in the financial statements, the following significant transactions between the Group and related parties took place at terms agreed between the parties during the financial year:

	(9,822)	(12,189)	271	(778)

#### 27.3 Financial risk management

The Group has exposure to the following risks from its financial instruments:

- Credit risk
- Liquidity risk
- Interest rate risk

#### 27.4 Credit risk

Credit risk is the risk of a financial loss if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from the individual characteristics of each customer. The Company's exposure to credit risk arises principally from loans and advances to subsidiaries and financial guarantees given to banks for credit facilities granted to subsidiaries. There are no significant changes as compared to prior periods.

##### Trade receivables and contract assets

*Risk management objectives, policies and processes for managing the risk*

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

At each reporting date, the Group or the Company assesses whether any of the trade receivables and contract assets are credit impaired.

The gross carrying amounts of credit impaired trade receivables and contract assets are written off (either partially or full) when there is no realistic prospect of recovery. This is generally the case when the Group or the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Nevertheless, trade receivables and contract assets that are written off could still be subject to enforcement activities.

There are no significant changes as compared to previous year.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 27. FINANCIAL INSTRUMENTS (CONTINUED)

#### 27.4 Credit risk (continued)

##### Trade receivables and contract assets (continued)

###### *Exposure to credit risk, credit quality and collateral*

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables and contract assets are represented by the carrying amounts in the statement of financial position.

At the reporting date, approximately 42% (31.12.2018 : 71%) of the Group's trade receivables were due from a group of customers which are past due but not impaired. The Directors of the Company are of the opinion that no allowance for impairment is necessary as the balances are still considered fully recoverable.

Other than the above the Group and the Company have no significant concentration of credit risk that may arise from exposures to a single debtor or to groups of debtors.

The disclosure of the credit risk exposure for trade receivables as at the end of the reporting period by geographic region is not disclosed as the Group's and the Company's business is operated solely in Malaysia.

###### *Financial assets that are neither past due nor impaired*

Trade and other receivables that are neither past due nor impaired are creditworthy debtors with good payment records with the Group. Cash and cash equivalents and derivatives that are neither past due nor impaired are placed with or entered into with reputable financial institutions with high credit ratings and no history of default.

###### *Recognition and measurement of impairment losses*

In managing credit risk of trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances.

The Group uses an allowance matrix to measure ECLs of trade receivables for all segments except for construction, road paving and property development segments. Consistent with the debt recovery process, invoices which are past due 90 days will be considered as credit impaired.

For construction contracts and road paving, as there are only a few customers, the Group assessed the risk of loss of each customer individually based on their financial information, past trend of payments and external credit ratings, where applicable. All of these customers have low risk of default.

The Group does not have any significant credit risk from its property development activities as its products are predominantly sold to a large number of property purchasers with end financing facilities from reputable financiers. In addition, the credit risk is limited as the ownership and rights to the properties revert to the Group in the event of default, and the products do not suffer from physical, technological nor fashion obsolescence.

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets (excluded retention sum) which are grouped together as they are expected to have similar risk nature.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 27. FINANCIAL INSTRUMENTS (CONTINUED)

#### 27.4 Credit risk (continued)

##### Trade receivables and contract assets (continued)

##### *Recognition and measurement of impairment losses (continued)*

The movement in the allowance for impairment losses in respect of trade receivables during the year is as follows:

	GROUP RM'000	COMPANY RM'000
<b>Trade receivable credit impaired</b>		
Balance at 1 January 2018	2,161	-
Amount written off	(244)	-
Net remeasurement of loss allowance	1,976	434
Balance at 31 December 2018/1 January 2019	3,893	434
Amount written off	(673)	-
Net remeasurement of loss allowance	471	(434)
Balance at 31 December 2019	3,691	-

##### Investments and other financial assets

Investments are allowed only in liquid securities and only with counterparties that have a credit rating equal to or better than the Group.

The maximum exposure to credit risk is represented by the carrying amounts in the statement of financial position. Management does not expect any counterparty to fail to meet its obligations. The Group does not have overdue investments that have not been impaired.

The investments and other financial assets are unsecured.

##### Inter company balances

##### *Recognition and measurement of impairment loss*

Generally, the Company considers loans and advances to subsidiaries have low credit risk. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. As the Company is able to determine the timing of payments of the subsidiaries' loans and advances when they are payable, the Company considers the loans and advances to be in default when the subsidiaries are not able to pay when demanded. The Company considers a subsidiary's loan or advance to be credit impaired when:

- The subsidiary is unlikely to repay its loan or advance to the Company in full;
- The subsidiary's loan or advance is overdue for more than 365 days; or
- The subsidiary is continuously loss making and is having a deficit shareholders' fund.

The Company determines the probability of default for these loans and advances individually using internal information available.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 27. FINANCIAL INSTRUMENTS (CONTINUED)

#### 27.4 Credit risk (continued)

##### Inter company balances (continued)

##### *Recognition and measurement of impairment loss (continued)*

The following table provides information about the exposure to credit risk and ECLs for subsidiaries' loans and advances.

	GROSS CARRYING AMOUNT RM'000	LOSS ALLOWANCES RM'000	NET BALANCE RM'000
<b>Company</b>			
<b>2019</b>			
Low credit risk	55,446	-	55,446
Credit impaired	7,975	(7,975)	-
	63,421	(7,975)	55,446
<b>2018</b>

Credit impaired	6,840	(6,840)	-
	68,975	(6,840)	62,135

The movements in the allowance for impairment losses of inter-company loans and advances during the financial year were:

	2019 RM'000	2018 RM'000
At beginning of year	6,840	6,349
Impairment loss recognised	1,135	491
At end of year	7,975	6,840

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 27. FINANCIAL INSTRUMENTS (CONTINUED)

#### 27.4 Credit risk (continued)

##### Financial guarantees

###### *Risk management objectives, policies and processes for managing the risk*

The Company provides unsecured financial guarantees to banks in respect of banking facilities granted to certain subsidiaries. The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries.

###### *Exposure to credit risk, credit quality and collateral*

The maximum exposure to credit risk amounts to RM98.2 million (2018: RM100.46 million) representing the outstanding banking facilities to certain subsidiaries as at the end of the reporting period.

As at the end of the reporting period, there was no indication that any subsidiary would default on repayment.

The financial guarantees have not been recognised since the fair value on initial recognition was not material.

#### 27.5 Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities.

The Group actively manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that all refinancing, repayment and funding needs are met. As part of its overall prudent liquidity management, the Group maintains sufficient levels of cash, cash convertible investments and committed credit lines to meet its working requirements.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 27. FINANCIAL INSTRUMENTS (CONTINUED)

#### 27.6 Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates.

The Group's interest rate risk arises primarily from interest-earning financial assets and interest-bearing financial liabilities. Borrowings and deposits at floating rates expose the Group to cash flow interest rate risk. Borrowings and receivables at fixed rates expose the Group to fair value interest rate risk. The Group manages its interest rate exposure by maintaining a mix of fixed and floating rate borrowings.

#### *Exposure to interest rate risk*

The interest rate profile of the Group's and of the Company's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period was :

	GROUP	
	2019 RM'000	2018 RM'000
<b>Fixed rate instrument</b>		
Financial assets		
- Deposits placed with licensed banks	18,475	17,388
Financial liabilities		
- Lease liabilities	3,415	-
- Finance lease liabilities	-	6,190
	3,415	6,190
<b>Floating rate instrument</b>		
Financial liabilities		
- Term loans and SUKUK	72,495	89,378
- Revolving credit	42,000	38,000
- Bank overdraft	12,121	19,497
- Bankers' acceptances	1,572	3,586
	128,188	150,461

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 27. FINANCIAL INSTRUMENTS (CONTINUED)

#### 27.6 Interest rate risk (continued)

*Exposure to interest rate risk (continued)*

	COMPANY	
	2019 RM'000	2018 RM'000
<b>Fixed rate instrument</b>		
Financial liabilities		
- Lease liabilities	130	-
- Finance lease liabilities	-	395
	130	395
<b>Floating rate instrument</b>		
Financial liability		
- SUKUK	30,000	50,000

*Interest rate risk sensitivity analysis*

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedged accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

*Sensitivity analysis for interest rate risk*

At the reporting date, if interest rates had been 50 basis points lower/higher, with all other variables held constant, the Group's post-tax loss or profit would have been increased/decreased by RM487,000 (2018: RM572,000) and the Company's post-tax profit would have been decreased by RM114,000 (2018: RM190,000). The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment.

#### 27.7 Fair value information

The carrying amounts of cash and bank balances, receivables and payables approximate fair values due to the relatively short term nature of these financial instruments.

The table below analyses financial instruments carried at fair value and those not carried at fair value for which fair value is disclosed, together with their fair values and carrying amounts shown in the statements of financial position.

The Company provides guarantees to banks for credit facilities extended to certain subsidiaries. The fair value of such financial guarantee is negligible as the probability of the subsidiaries defaulting on the credit lines is remote.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 27. FINANCIAL INSTRUMENTS (CONTINUED)

#### 27.7 Fair value information (continued)

##### Policy on transfer between levels

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

##### Level 1 fair value

Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical financial assets or liabilities that the entity can access at the measurement date.

##### Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the financial assets or liabilities, either directly or indirectly.

##### Transfers between Level 1 and Level 2 fair values

There has been no transfer between Level 1 and 2 fair values during the financial year. (2018 : no transfer in either directions)

##### Level 3 fair value

Level 3 fair value is estimated using unobservable inputs for the financial assets and liabilities.

##### Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the end of the reporting period. The carrying amount of floating rate term loans approximately fair value as their effective interest rate changes accordingly to movements in the market interest rate.

### 28. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the year ended 31 December 2019.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

---

### 29. SEGMENT INFORMATION

The Group is organised into five major business segments for each of the strategic business units, the Chief Operating Decision Maker ("CODM") (ie. The Group's Chief Executive Director/ Chief Operating Officer/ Chief Financial Officer) reviews internal management reports at least on a quarterly basis.

- (i) Property development - the development of residential and commercial properties
- (ii) Road building and quarry - civil engineering contractor and granite quarry operator
- (iii) Engineering and construction - building and general contractor
- (iv) Leisure and hospitality - golf resort owner and operator, hotel operation and water theme park operator
- (v) Investment holding - provision of management services and others

#### Segment profit

Performance is measured based on segment from profit as included in the internal management reports that are reviewed by the CODM. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

#### Segment assets

The total of segment asset is measured based on all assets of a segment, as included in the internal management reports that are reviewed by the CODM. Segment total asset is used to measure the return on assets of each segment.

#### Segment liabilities

Segment liabilities is measured based on all liabilities of a segment, as included in the internal management reports that are reviewed by CODM.

#### Segment capital expenditure

Segment capital expenditure is the total cost incurred during the financial year to acquire property, plant and equipment and land held for development.

No information on geographical segment is presented as the Group's business is operated solely in Malaysia.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 29. SEGMENT INFORMATION (CONTINUED)

#### Major customers

The following are the major customers with revenue equal or more than 10% of the Group's revenue :

	2019 RM'000	2018 RM'000
Customer A	44,954	34,250
Customer B	32,237	42,256
Customer C	48,000	-

### 30. SUBSEQUENT EVENTS

On 10 February 2020, the Group has secured a RM39.8 million contract from Water, Land and Natural Resources Ministry to undertake construction works under the national non-revenue water programme in Perlis. The contract duration is for 104 weeks until 16 February 2022.

On 9 March 2020, the Group has secured a RM210.0 million contract from Kedah State Government to undertake road maintenance for the period of 3 years in some districts of Kedah.

#### Implication of Covid-19 to the Group's businesses

Subsequent to 31 December 2019, the World Health Organization declared Covid-19 a pandemic, causing huge impact on people's lives, families, communities and businesses around the world. The Malaysian Government announced Movement Control Order under the Prevention and Control of Infectious Diseases Act 1988 and the Police Act 1967 starting from 18 March until 12 May 2020 and has been further extended with Conditional Movement Control Order until 9 June 2020 as measures to mitigate the impact of the virus.

The outbreak has resulted in significant disruption to business operations and a significant increase in economic uncertainty.

The Group and the Company consider this outbreak as non-adjusting post balance sheet event. As the situation continues to be fluid and rapidly evolving, the Group and the Company do not consider it practicable to provide a quantitative estimate of the potential impact of these economic conditions on the Group and the Company.

The impact of this outbreak on the macroeconomic forecast will be incorporated into the Group's and the Company's MFRS 9 estimates of expected credit loss provisions in 2020.

# STATEMENT BY DIRECTORS

## PURSUANT TO SECTION 251(2) OF THE COMPANIES ACT 2016

---

In the opinion of the Directors, the financial statements set out on pages 100 to 186 are drawn up in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as of 31 December 2019 and of their financial performance and cash flows for the financial year then ended.

Signed on behalf of the Board of Directors in accordance with a resolution of the Directors :

# INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF BINA DARULAMAN BERHAD

(Registration No. 199501003751 (332945 - X))

(Incorporated in Malaysia)

---

## REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

### OPINION

We have audited the financial statements of Bina Darulaman Berhad, which comprise the statements of financial position as at 31 December 2019 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 100 to 186.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2019, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

### BASIS FOR OPINION

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our auditors' report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### INDEPENDENCE AND OTHER ETHICAL RESPONSIBILITIES

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## INDEPENDENT AUDITORS' REPORT

(CONTINUED)

### KEY AUDIT MATTERS (CONTINUED)

<b>Revenue recognition on the sales of properties under constructions</b>	
<p>Refer to the Note 2(o)(i) – Significant accounting policies: Revenue and Note 17 – Revenue.</p>	
<b>The key audit matter</b>	<b>How the matter was addressed in our audit</b>
<p>The Group recognises revenue relating to properties under construction based on the stage of completion. The stage of completion of the said properties is determined by the proportion that the actual property development costs incurred for work performed to date to the estimated total property development costs. The recognition of revenue is therefore dependent on the Group's estimated gross development costs, which includes estimates and judgement by the Directors on costs to be incurred in the development.</p> <p>We have identified this area as a key audit matter because there is a risk that the actual development costs are different to those estimated resulting in material variance in the amount of revenue recognised to date and in the current period.</p>	<p>Our audit procedures performed in this area included, among others:</p> <ul style="list-style-type: none"> <li>• Tested the operating effectiveness of Group's controls by checking for evidence of reviews and approvals over estimated development cost, setting budgets and authorising and recording of actual costs incurred;</li> <li>• Checked contracts with customers, on a sample basis, by agreeing to the contracted selling price of the property development units and multiplied with their respective stage of completion;</li> <li>• Compared the architect certificate against stage of completion of certain projects to ascertain the accuracy of the percentage of completion recognised in the profit or loss;</li> <li>• Checked samples from the estimated property development costs of all ongoing projects, allocation of costs and subsequent changes to the costs to supporting documentation such as approved budgets, letter of awards, quotations, correspondences, contracts and variation orders with sub-contractors; and</li> <li>• Agreed samples of costs incurred to date to the respective invoice and/or the respective progress claim, checked that they were allocated to the appropriate construction site, and met the definition of development costs.</li> </ul>

We have determined that there are no key audit matters in the audit of the separate financial statements of the Company to communicate in our auditors' report.

## **INDEPENDENT AUDITORS' REPORT**

(CONTINUED)

---

### **INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON**

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the annual report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the annual report and, in doing so, consider whether the annual report is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the annual report, we are required to report that fact. We have nothing to report in this regard.

### **RESPONSIBILITIES OF THE DIRECTORS FOR THE FINANCIAL STATEMENTS**

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

### **AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## INDEPENDENT AUDITORS' REPORT

(CONTINUED)

---

### AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group and of the Company.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditors' report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **INDEPENDENT AUDITORS' REPORT**

## SECTION A – DISCLOSURE ON MALAYSIAN CODE ON CORPORATE GOVERNANCE

*Disclosures in this section are pursuant to Paragraph 15.25 of Bursa Malaysia Listing Requirements.*

### Intended Outcome

Every company is headed by a board, which assumes responsibility for the company's leadership and is collectively responsible for meeting the objectives and goals of the company.

### Practice 1.1

The board should set the company's strategic aims, ensure that the necessary resources are in place for the company to meet its objectives and review management performance. The board should set the company's values and standards, and ensure that its obligations to its shareholders and other stakeholders are understood and met.

<b>Application</b>	:	Applied
<b>Explanation on application of the practice</b>	:	<p><b>Bina Darulaman Bhd</b> (BDB/the Company) is managed in line with the corporate governance framework and commercial principles that would normally be expected of a public listed company. In this regard, the Company and its management undertakes the following measures: -</p> <ul style="list-style-type: none"> <li>• The Board meets 6 to 10 times a year and ad hoc meetings are held as and when required. The Board devotes much of its time to overseeing the Company's strategy, governance, risk and policy, the approval of business plans and significant capital expenditure, acquisitions and disposals and monitoring of performance.</li> <li>• The key governance, risk and internal control, financial and operational related policies are periodically reviewed by the Board to ensure they are aligned with the Company's objectives, values and regulatory requirements. The Company has initiated its Turnaround Recovery Plan and is closely monitored by the Turnaround Committee ("TAC"). The TAC meeting was held on monthly basis and where there is a requirement in the interval. Besides, the Senior Management Committee, Management Procurement Committee meets regularly to assist the GCEO to actively play its function in assisting the Board to review Company's strategy and management performance. The TAC is set up to ensure that the directions, approved policies and decision by the Board as well as Recovery Plan initiatives are appropriately managed and communicated.</li> </ul>

<i>Large companies are required to complete the columns below. Non-large companies are encouraged to complete the columns below.</i>		
<b>Measure</b>	:	Not applicable
<b>Timeframe</b>	:	Not applicable

**Intended Outcome**

There is demarcation of responsibilities between the board, board committees and management.

There is clarity in the authority of the board, its committees and individual directors.

**Practice 2.1**

The board has a board charter which is periodically reviewed and published on the company’s website. The board charter clearly identifies–

- the respective roles and responsibilities of the board, board committees, individual directors and management; and
- issues and decisions reserved for the board.

<b>Application</b>	:	Applied
<b>Explanation on application of the practice</b>	:	<p>BDB’s formalized its Board Charter on 25.5.2015 and last reviewed on 17.3.2019. The Board Charter is reviewed periodically, updates and/or revisions will be done to incorporate the latest applicable rules and regulations, as well as updates to the Code of Corporate Governance.</p> <p>The latest copy of the Board Charter is available at BDB company website <a href="https://www.bdb.com.my/policies">https://www.bdb.com.my/policies</a> for public viewing.</p>
<b>Explanation for departure</b>	:	Not applicable
<i>Large companies are required to complete the columns below. Non-large companies are encouraged to complete the columns below.</i>		
<b>Measure</b>	:	Not applicable

**Intended Outcome**

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

**Practice 4.1**

At least half of the board comprises independent directors. For Large Companies, the board comprises a majority independent director.

<b>Application</b>	:	Applied
<b>Explanation on application of the practice</b>	:	<p>Currently, BDB has six (6) Directors out of which five (5) are Independent Directors. In our mission to ensure an effective board composition and compliance with regulatory requirements, the board size will continuously be reviewed and if necessary, improvements will be made.</p> <p>Although all the Directors have equal responsibilities for the Group's operations, the roles of Independent Directors are particularly important in bringing independent judgement and ensuring all issues proposed by the executive management are fully discussed and examined to consider the long-term interests, not only for the shareholders, but also for other stakeholders such as the employees, customers and business associates.</p>
<b>Explanation for departure</b>	:	Not applicable
<p><i>Large companies are required to complete the columns below. Non-large companies are encouraged to complete the columns below.</i></p>		
<b>Measure</b>	:	Not applicable
<b>Timeframe</b>	:	Not applicable

**Intended Outcome**

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

**Practice 4.2**

The tenure of an independent director does not exceed a cumulative term limit of nine years. Upon completion of the nine years, an independent director may continue to serve on the board as a non-independent director.

If the board intends to retain an independent director beyond nine years, it should justify and seek annual shareholders' approval. If the board continues to retain the independent director after the twelfth year, the board should seek annual shareholders' approval through a two-tier voting process.

<b>Application</b>	:	Not applicable - Step Up 4.3 adopted

**Intended Outcome**

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

**Practice 4.3 - Step Up**

The board has a policy which limits the tenure of its independent directors to nine years.

<b>Application</b>	:	Adopted
<b>Explanation on adoption of the practice</b>	:	BDB has been practising this matter even though there were no explicit requirement to do so. In view of the latest regulatory requirements for greater disclosure, the Company will disclose this policy in its ensuing CG Statement, Annual Report and Website.

**Intended Outcome**

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

**Practice 4.4**

Appointment of board and senior management are based on objective criteria, merit and with due regard for diversity in skills, experience, age, cultural background and gender.

<b>Application</b>	:	Applied
<b>Explanation on application of the practice</b>	:	<p>Appointments and recruitment of senior management will be subjected to policies and proper due process. Psychometric assessment was conducted to the first tier and second tier management of BDB Group as part of succession planning programme. Appropriate strategy and measures are used to identify the best possible candidates. We will take into consideration of the Company's current team's strengths and weaknesses, so that we can focus on best fit such as complimentary skills, knowledge, experience, age, cultural background and gender.</p> <p>The Company take cognisance that diversity in the team is beneficial to the Company. As such, the resource requirements and performance are continuously being reviewed and monitored. Appropriate trainings and development programmes for internal resource are provided, especially those with potential to be developed for bigger roles and responsibilities in the Company.</p>

**Intended Outcome**

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

**Practice 4.5**

The board discloses in its annual report the company's policies on gender diversity, its targets and measures to meet those targets. For Large Companies, the board must have at least 30% women directors.

<b>Application</b>	:	Departure	
<b>Explanation on application of the practice</b>	:	Not applicable	
<b>Explanation for departure</b>	:	The Company adopt a policy on gender diversity on board as required by Malaysian Code of Corporate Governance as issued by the Securities Commission of Malaysia in 2017. The Company's is in construction and properties development, sector a business segment that is less attractive to many suitable female talents. The Company has identified shortlisted candidate and psychometric assessment was conducted. However, due to Board expectation and to have the most suitable candidate is a challenge.	
		In FY2020, the Board will continuously search for additional women candidate in its recruitment exercise. The Board had engaged the assistance of the Institute of Corporate Directors Malaysia (ICDM) to assist the Company in sourcing for Board candidatures.	
Please provide an alternative practice and explain how the alternative practice meets the intended outcome.			
<i>Large companies are required to complete the columns below. Non-large companies are encouraged to complete the columns below.</i>

### Intended Outcome

The level and composition of remuneration of directors and senior management take into account the company's desire to attract and retain the right talent in the board and senior management to drive the company's long-term objectives.

Remuneration policies and decisions are made through a transparent and independent process.

### Practice 6.1

The board has in place policies and procedures to determine the remuneration of directors and senior management, which takes into account the demands, complexities and performance of the company as well as skills and experience required. The policies and procedures are periodically reviewed and made available on the company's website.

<b>Application</b>	:	Applied
<b>Explanation on application of the practice</b>	:	<p>The Company has policies and procedures in determining remuneration of directors and senior management. In this regard, a guideline on the Terms of Reference (TOR) for each board committee has also been put in place to ensure that remuneration is commensurate with skills and experience. Every board committee is governed by their respective TOR.</p> <p>In addition, the Company had disclosed the remuneration of its' board members and senior management (on a named basis) in its' Annual Report at Corporate Governance Statement.</p> <p>At board level, as a matter of regulatory requirements, the remuneration and fees of Board member will also be put for shareholder's approval during the general meeting.</p>

**Intended Outcome**

The level and composition of remuneration of directors and senior management take into account the company's desire to attract and retain the right talent in the board and senior management to drive the company's long-term objectives.

Remuneration policies and decisions are made through a transparent and independent process.

**Practice 6.2**

The board has a Remuneration Committee to implement its policies and procedures on remuneration including reviewing and recommending matters relating to the remuneration of board and senior management.

The Committee has written Terms of Reference which deals with its authority and duties and these Terms are disclosed on the company's website.

<b>Application</b>	:	Applied
<b>Explanation on application of the practice</b>	:	<p>The Board Nomination, Remuneration and ESOS Committee ("BNREC") is guided by appropriate policies and procedures when reviewing and recommending remuneration of board and senior management.</p> <p>Generally, the Company's framework on Directors' remuneration has the underlying objectives of attracting and retaining Directors of high caliber needed to run the Company successfully. In the case of Non-Executive Directors, the level of remuneration reflects the expertise, experience and level of responsibilities undertaken by a particular Non-Executive Director concerned. The Company has no Executive Director on board.</p> <p>Where applicable, the BNREC also considers any relevant information provided by independent consultants or from survey data.</p> <p>The Terms of Reference for board committees were published at company's website at <a href="http://www.bdb.com.my/policies">www.bdb.com.my/policies</a></p>
