To: The Shareholders of Malton Berhad

Dear Sirs/Madam,

PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY BACK; AND PROPOSED SHAREHOLDERS' MANDATE

1. INTRODUCTION

The Board had, at the 25th Annual General Meeting of Company held on 25 November 2020, obtained shareholders' approval for the following proposals:

- (a) Proposed renewal of authority for share buy back of up to a maximum of ten per cent (10%) of the total issued share capital of the Company; and
- (b) Proposed renewal of shareholders' mandate to allow the Malton Group to enter into Recurrent Related Party Transactions of a revenue or trading nature pursuant to Part E, Paragraph 10.09 of the Listing Requirements for sale of trading stock properties and construction related services and project management services.

The Board had on 28 October 2021 announced to Bursa Securities that the Company is proposing to seek its shareholders' approval for the Proposals at the 26th AGM.

The purpose of this circular is to provide you with relevant information on the Proposals and to seek your approval for the resolutions to be tabled at the 26th AGM. The Notice of the 26th AGM together with the Proxy Form are set out in the Annual Report of the Company for the financial year ended 30 June 2021.

SHAREHOLDERS ARE ADVISED TO READ THE CONTENTS OF THIS CIRCULAR CAREFULLY BEFORE VOTING ON THE RESOLUTIONS TO GIVE EFFECT TO THE PROPOSALS AT THE 26th AGM OF THE COMPANY.

2. PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY BACK

2.1 Details of the Proposed Renewal of Authority for Share Buy Back

The Board proposes to seek approval from the shareholders for renewal of the authority for the Company to purchase its own shares from the open market up to a maximum of ten per cent (10%) of the existing issued share capital of Malton at the time of purchase through a stockbroker or stockbrokers appointed by the Company.

The approval from the shareholders of Malton for the Proposed Renewal of Authority for Share Buy Back would be effective immediately upon the passing of the ordinary resolution for the same at the 26th AGM and shall continue to be in force until:-

- (a) the conclusion of the next AGM of Malton following the general meeting at which the authorisation is obtained, at which time it shall lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM after that date is required by law to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (c) revoked or varied by ordinary resolution of the shareholders of the Company in a general meeting, whichever occurs first.

2.1.1 Funding

The Listing Requirements stipulate that the purchase by a listed company of its own shares must be made wholly out of retained earnings of the listed company. The maximum amount of funds to be utilised by the Company for the Proposed Renewal of Authority of Share Buy Back will not exceed the retained earnings of the Company at the time of purchase of shares. Based on the latest audited financial statements for the financial year ended 30 June 2021, the retained earnings of Malton is approximately RM5,933,000.

The Proposed Renewal of Authority for Share Buy Back will allow the Directors to exercise the power of the Company to purchase its own shares at any time within the abovementioned period. The funding of the Proposed Renewal of Authority for Share Buy Back will be from internally generated funds and/or external borrowings, the proportion of which to be utilised will depend on the actual number of Shares to be purchased, the timing of the purchase(s), market conditions and the sentiments of the stock market. In the event that borrowings are used for the Proposed Renewal of Authority for Share Buy Back, the amount of borrowings will depend on the number of Shares to be purchased by the Company and the appropriate borrowing capacity of the Company. The Company's net cash flow may be affected to the extent of the interest costs associated with any borrowings. However, the Company will ensure that it will have sufficient funds to repay the borrowings as and when it is due.

2.1.2 Purchase Price

In compliance with the Listing Requirements, Malton may only purchase Shares on Bursa Securities at a price which is not more than fifteen per cent (15%) above the weighted average market price for the Shares for the five (5) market days immediately before purchase(s).

2.1.3 Treatment of Shares Purchased

The Board may deal with the Shares so purchased in the following manner:

- (a) To cancel the Shares so purchased; or
- (b) Retain the Shares so purchased as Treasury Shares for distribution as dividends to the shareholders and/or resell on Bursa Securities and/or subsequently cancel the Treasury Shares; or
- (c) Retain part of the Shares so purchased as Treasury Shares and cancel the remainder.

Upon each purchase of the Shares, an immediate announcement will be made to Bursa Securities in respect of the intention of the Board whether to cancel the Shares so purchased, retain them as Treasury Shares or combination of both. An immediate announcement will also be made to Bursa Securities of any resale or cancellation of Shares. At the date of this Circular, Malton has not purchased, resold and/or cancelled any of the Shares.

2.1.4 Resale Price

In the case of a resale of Treasury Shares, the Company may only resell the Treasury Shares on Bursa Securities at a price which is:-

- (a) not less than the weighted average market price of the Shares for the five (5) market days immediately preceding the date(s) of the resale(s); or
- (b) not less than 5% below the weighted average market price for the Shares for the five (5) market days immediately prior to the resale provided that:-
 - (i) the resale takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale price is not less than the cost of purchase of the Shares being resold.

2.2 Rationale for the Proposed Renewal of Authority for Share Buy Back

The Proposed Renewal of Authority for Share Buy Back is expected to have a stabilising effect on the supply and demand as well as the price of the Shares on Bursa Securities, which may in turn have a favourable impact on the share price of the Company. Consequently, the fundamental value of the Company may be preserved. It is to be carried out when the share price is transacted at levels which do not reflect the potential earning capabilities and/or underlying asset value of the Group.

2.3 Potential Advantages and Disadvantages of the Proposed Renewal of Authority for Share Buy Back

2.3.1 The potential advantages of the Proposed Renewal of Authority for Share Buy Back are as follows:-

- (a) Allows the Company to take preventive measures against excessive speculation, particularly when the Shares are undervalued which would in turn stabilise the market price of Shares to enhance investors' confidence;
- (b) Allows the flexibility for the Company in attaining its desired capital structure, in terms of the debt and equity composition and the size of equity;
- (c) The resultant reduction of share capital base (in respect of Shares so purchased are then cancelled) is expected to improve the EPS, and may improve the NA per Share as well as the probability of declaring a higher quantum of dividend in future;
- (d) To stabilise any downward trend of the market price of the Shares;
- (e) Profit from resale of Treasury Shares at prices higher than the purchase prices when the market price improves may be realised and consequently increase the working capital and NA of the Company; and
- (f) In the event that the Treasury Shares are distributed as dividend by the Company, it may then serve to reward the shareholders of the Company.

2.3.2 The potential disadvantages of the Proposed Renewal of Authority for Share Buy Back are as follows:-

- (a) The purchases may result in a reduction of the amount reserves available for distribution as dividends and/or bonus issue(s) to the shareholders if the Shares so purchased are cancelled;
- (b) The purchases of existing Shares will reduce the financial resources of the Company which may otherwise be retained in the business to generate further profits; and
- (c) The purchases may result in the Group having to forego any income that may be derived from the deposit of such funds in interest bearing instrument.

Nevertheless, the Board will be mindful of the interest of Malton and its shareholders in exercising any decision to buy back the Shares.

2.4 Financial Effects of the Proposed Renewal of Authority for Share Buy Back

The financial effects of the Proposed Renewal of Authority for Share Buy Back on the share capital, EPS, NA, working capital, dividend and shareholdings of Malton are as set out below:-

2.4.1 Share Capital

On the assumption that the Proposed Renewal of Authority for Share Buy Back is carried out in full and the Shares so purchased are fully cancelled, the Proposed Renewal of Authority for Share Buy Back will result in the issued share capital of Malton as at LPD to be reduced as shown below (assuming none of the Options are exercised).

	No of Shares '000
Existing issued share capital as at LPD	528,141
Shares buy back up to 10% (Assuming the Shares so purchased are fully cancelled)	52,814
Upon implementation of the Proposed Renewal of Authority for Share Buy Back	475,327

The Proposed Renewal of Authority for Share Buy Back will not have any effect on the issued share capital of the Company if the Shares so purchased are retained as Treasury Shares.

Pursuant to the Act, if the Shares so purchased are treated as Treasury Shares, the rights attached to them as to voting, dividends and participation in other distribution and otherwise are suspended and the Treasury Shares shall not be taken into account in calculating the number percentage of shares or of a class of shares in the Company for any purpose including substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of vote on resolution at a meeting.

2.4.2 EPS

The effects of the Proposed Renewal of Authority for Share Buy Back on the EPS of the Group are dependent on the purchase price(s) of the Shares and the effective funding cost or loss in interest income to the Group. Where the Shares so purchased are to be cancelled, the EPS of the Group will generally, all else being equal, increase as a result of the reduction in the issued share capital of the Company.

2.4.3 NA

The Proposed Renewal of Authority for Share Buy Back, if carried out, may increase or decrease the NA per Share depending on the purchase price(s) of the Shares to be purchased. The NA per Share will increase if the purchase price is less than the NA per Share but will decrease if the purchase price exceeds the NA per Share at the time the Shares are purchased.

For the Shares so purchased and kept as Treasury Shares, upon resale, the NA per Share will increase if the gain of the Shares resold has been realised. However, the quantum of the increase in NA per Share will depend on the selling prices of the Treasury Shares and the number of Treasury Shares resold.

2.4.4 Working Capital

The Proposed Renewal of Authority for Share Buy Back, if carried out, will reduce the working capital of the Malton Group. The quantum of the reduction of the working capital of the Malton Group would depend on the purchase price(s) and number of shares purchased.

However, for the Shares purchased and kept as Treasury Shares, upon resale at a higher selling price than the initial purchase price, the working capital of the Malton Group will increase. The quantum of the increase in the working capital will depend on the number of Treasury Shares resold and the selling price.

2.4.5 Dividend

The Proposed Renewal of Authority for Share Buy Back, if carried out, may have an impact on the Company's dividend policy as it may reduce the cash available, which may otherwise be used for the dividend payment. Nonetheless, if the Shares so purchased are retained as Treasury Shares, the dividend rate will also be increased with the suspension of the rights attaching to the Treasury Shares as to dividend entitlement. Moreover, the Treasury Shares so purchased may be distributed as dividends to shareholders of the Company if the Company so decides.

2.4.6 Shareholdings

Assuming the Proposed Renewal of Authority for Share Buy Back is carried out in full by the Company, and the Shares so purchased are cancelled, the effects of the Proposed Renewal of Authority for Share Buy Back on the shareholdings of the directors and substantial shareholders based on the Malton's Register of Directors' Shareholdings and Register of Substantial Shareholders as at LPD respectively (assuming none of the Options are exercised) are shown below.

(a) Directors:

	-	-	207,901*	39.36	-	-	207,901*	43.74

Note:

* Deemed interest through Malton Corporation

2.5 Public Shareholding Spread

As at LPD, the public shareholding spread of the Company was 57.63%. The public shareholding spread is expected to be reduced to 52.93% assuming the Proposed Renewal of Authority for Share Buy Back is implemented in full and all the Shares so purchased are cancelled.

2.6 Implication of the Code

Based on the issued share capital of Malton as at LPD, should the Company acquire the full amount of 52,814,054 Shares representing 10% of the share capital of the Company and all the Shares so acquired are cancelled, the total direct equity interest of Malton Corporation and Tan Sri Lim Siew Choon would increase by approximately 4.71% from 42.31% to 47.02%.

If the Proposed Renewal of Authority for Share Buy Back results in the equity interest of Malton Corporation in Malton increase by more than 2% in any period of six (6) months from the dates of purchase, Malton Corporation and Tan Sri Lim Siew Choon would be obliged to undertake a mandatory offer for the remaining Shares not held by Malton Corporation pursuant to the Code.

As at the date of this Circular, Malton has yet to decide on any purchase of the Shares under the Proposed Renewal of Authority for Share Buy Back. However, should the purchase of the Shares trigger the obligation of Malton Corporation and Tan Sri Lim Siew Choon to undertake a mandatory offer under the Code, an exemption will be sought from the SC under the Code before the purchase of the Shares is carried out.

2.7 Purchases Made in the Previous Twelve (12) Months

Malton has not made any purchase of its own Shares in the previous twelve (12) months preceding the date of this Circular. Consequently, the Company does not have any Treasury Shares and has not resold any Treasury Shares in the same period.

2.8 Historical Share Prices

The monthly highest and lowest prices of the Shares traded on the Bursa Securities for the last twelve (12) months from October 2020 to September 2021 are as follows:-

	High RM	Low RM
2020		
October	0.495	0.410
November	0.460	0.410
December	0.550	0.435
2021		
January	0.520	0.430
February	0.485	0.430
March	0.550	0.455
April	0.535	0.490
May	0.500	0.450
June	0.515	0.460
July	0.490	0.465
August	0.510	0.475
September	0.515	0.475

The last transacted price on the Bursa Securities on LPD was RM0.515 per Share.

2.9 Interests of Directors, Major Shareholders and/or persons connected to them

Save for the inadvertent increase in the percentage shareholdings of the Directors and Substantial Shareholders as a result of the effective decrease in the issued share capital upon the Proposed Renewal of Authority for Share Buy Back as shown in Section 2.4.6 above, none of the Directors or Substantial Shareholders or persons connected to them has any interest, direct or indirect, in the Proposed Renewal of Authority for Share Buy Back and resale of Treasury Shares, if any.

3.5 Review and Approving Procedures for Recurrent Related Party Transactions

Malton Group has established internal review and approving procedures to ensure the Recurrent Related Party Transactions are entered into on an arm's length basis which are not more favourable than those transacted with the public and are not detrimental to the interest of the minority shareholders of the Company. These include transacting at the prevailing market prices or in accordance with the applicable industry practices.

3.5.1 Review and Approving procedures for Recurrent Related Party Transactions in relation to sale of trading stock properties

The review procedures are as follows:-

- (a) Management will be notified that all Recurrent Related Party Transactions are required to be undertaken at arm's length and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders;
- (b) Management will ensure that at least 2 other contemporaneous transactions with unrelated third parties for similar products will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by the unrelated third parties for the same or substantially similar type of products. In the event that comparative pricing from unrelated third parties cannot be obtained, Management will take into consideration the various factors that affect the pricing of properties including but not limited to the prevailing market condition generally and the quality and characteristics for different properties, such as amenities, features, location and age and ensure that the Recurrent Related Party Transactions are not detrimental to the Group;
- (c) All Recurrent Related Party Transactions entered into pursuant to the Proposed Shareholder's Mandate will be recorded in a register to be maintained by the Company;
- (d) The internal audit plan shall incorporate review of all Recurrent Related Party Transactions entered into pursuant to the shareholders' mandate to ensure that relevant approvals have been obtained and that review procedures were adhered to;

- (h) Should the Audit Committee during its review form an opinion that the related party transactions are not being conducted in accordance with the established procedures and/or are not being conducted on an arm's length basis and on normal commercial terms, or are detrimental to the interest of minority shareholders, the Board will be advised to convene a General Meeting of shareholders to seek a fresh shareholders' mandate for the recurrent related party transactions of a revenue or trading nature; and
- (i) Interested directors who are members of the Board and/or of the Audit Committee will abstain from taking part in deliberations pertaining to the Recurrent Related Party Transactions and will ensure that they and any person(s) connected to them abstain from voting at general meetings to seek shareholders' approval.

3.5.2 Review and Approving procedures for Recurrent Related Party Transactions in relation to construction related services and project management services

The Malton Group shall adopt the following procedures before entering into any Recurrent Related Party Transactions in relation to construction related services and project management services with the Related Parties:-

- (a) Any tender, quotation or contract proposed to be entered into shall be subject to the following policies and procedures:
 - (i) The pricing for the contracts and/or provision of services to be entered into by the Group with the Related Parties to the Group will be reviewed and accepted in accordance with the Group's normal business practices and policies, consistent with the usual profit margin which would have been imposed for the same or substantially similar type of transactions made by the Group with unrelated third parties after adjusting for the then prevailing market conditions, the nature and complexity of the contract works and/or services; and
 - (ii) Where applicable, practical and feasible, the terms and pricing for at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by the unrelated third parties for the same or substantially similar type of products/services and/or quantities.
- (b) The award of construction contracts and/or project management services contracts to or from the Related Parties shall only be granted after obtaining approval of the Board with prior review by the Audit Committee for contracts exceeding 2% of the annual turnover of the Group based on the latest audited financial statements. The interested Directors shall abstain from all deliberations and approval at the relevant Board meeting.
- (c) The internal auditors will conduct reviews on the Recurrent Related Party Transactions to ensure that the review procedures pertaining to the transactions are adhered to. All Recurrent Related Party Transactions will be recorded in a register to be maintained by the Company and report to the Audit Committee on an annual basis for review. Any divergence will be reported by the Audit Committee to the Board accordingly. However, in the event where the actual value of the new Recurrent Related Party Transaction exceeds the estimated value by 10% or more, such new Recurrent Related Party Transaction and the reasons for such deviation will be immediately announced to Bursa Securities.
- (d) In addition to the guidelines set out above, the Audit Committee will also undertake the following reviews:
 - (i) The Audit Committee will carry out an annual review or as and when necessary to ascertain that the established guidelines and procedures for the Recurrent Related Party Transactions have been complied with; and

3.6 Statement by the Audit Committee

The Audit Committee of the Company has seen and reviewed the procedures mentioned in Section 3.5 above and is of the view that the terms of the procedures established are sufficient to ensure that the new Recurrent Related Party Transactions are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

The Audit Committee of the Company is also of the view that the Group has in place adequate procedures and processes to monitor, track and identify new Recurrent Related Party Transactions in a timely and orderly manner. The procedures will be reviewed on a quarterly basis or as and when necessary.

3.7 Rationale and benefits of the Proposed Shareholders' Mandate

The Recurrent Related Party Transactions in respect of sale of trading stock properties entered or to be entered into by the Malton Group with the Related Parties are all in the ordinary course of business on normal commercial terms and not detrimental to the minority shareholders of the Company. They are recurring transactions of revenue or trading nature which are likely to occur with some degree of frequency and arise at any time and from time to time. The Recurrent Related Party Transactions in respect of sale of trading stock properties are recurring transactions of revenue or trading nature which will generate income and profitability to the Group and the Related Parties. It is in the best interest of the Group to transact with such Related Parties so that the Group and the Related Parties can enjoy synergistic benefits.

The provision of construction, construction related services and project management services contracts by the Group to a Related Party and vice versa would normally be regarded as a related party transaction pursuant to Chapter 10 of the Listing Requirements, which requires amongst others, the Company to make a public announcement and/or seek its shareholders' approval before entering into such related party transactions.

In the ordinary course of business of the Malton Group, the Group may engage in RRPT Contracts from Related Parties, which include entering into contracts for construction or provision of construction related services or provide project management services to companies which carry out property development. Engagement in such RRPT Contracts from Related Parties will generate revenue and profits to the Group.

In addition to RRPT Contracts from Related Parties, the property development subsidiaries of the Malton Group may also enter into RRPT Contract to Related Parties, which entail awarding contracts for construction or construction related services or project management services to Related Parties engaged in construction or provision of construction related services or provision of project management services.

Where the pricing and terms offered by the Related Parties for RRPT Contracts to Related Parties are on an arm's length basis and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public, the entering into RRPT Contracts to Related Parties by the Malton Group provides the Group additional options for engagement of contractors and project managers which are capable and competent in addition to the Group's existing contractors and project managers..

As these construction related and project management contracts may likely recur from time to time, it would not be practical for the Company to convene general meetings to approve such transactions on a frequent basis. The entering of such contracts with the Related Parties would also be constrained by the requirement to make announcements as it would not be practical for details of the contracts to be made public due to confidentiality undertakings. Further, it would also compromise the competitiveness of our Group as a contractor or project manager if details of such contracts are made publicly available.

As such, the Board intends to seek shareholders' mandate for the Proposed Shareholders' Mandate for construction related services and project management services at the forthcoming AGM which, if approved, would allow our Group to continue to enter into such Recurrent Related Party Transactions without the need to make any public announcement and convene general meetings to approve such transactions whenever such transactions arise from time to time, thereby reducing the administrative time, efforts and costs associated with convening of such general meetings.
