Company Secretaries

Kuala Lumpur 30 December 2021

Notes:-

- (1) In view of the Covid-19 pandemic and as part of the Company's safety measures to curb the spread of Covid-19, the AGM will be held on a virtual basis through live streaming and online remote voting by using the Remote Participation and Voting ("RPV") facilities
- (2) The broadcast venue is strictly for the purpose of complying with Section 327(2) of the CA 2016 which requires the Chairman to be present at the main venue of the AGM.

No members / proxies / corporate representatives / attorneys from the public shall be physically present at the broadcast venue on the day of the AGM.

Please read and follow the procedures as set out in the Administrative Guide of the AGM which can be downloaded from Company's announcement Bursa Malaysia Berhad's website at www.bursamalaysia.com or Company's website at www.bslcorp.com.my in order to register, participate and vote remotely via the RPV facilities.

- (3) For the purpose of determining a member who shall be entitled to attend the AGM, the Company shall be requesting Bursa Malaysia Depository Sdn. Bhd. to make available to the Company, a general meeting Record of Depositors as at 19 January 2022. Only a member whose name appears on the Record of Depositors as at 19 January 2022 shall be entitled to attend the said meeting or appoint proxies to attend, speak and vote on his/her/its behalf.
- (4) A member entitled to attend and vote at this general meeting is entitled to appoint a proxy or attorney or in the case of a corporation, to appoint a duly authorised representative to attend, participate, speak and vote in his place. A proxy may but need not be a member of the Company.
- (5) A member of the Company who is entitled to attend and vote at a general meeting of the Company may appoint not more than two (2) proxies to attend, participate, speak and vote instead of the member at the general meeting.
- (6) Where a member of the Company is an authorised nominee as defined in the Securities Industry (Central Depositories) Act 1991 ("Central Depositories Act"), it may appoint not more than two (2) proxies in respect of each securities account it holds in ordinary shares of the Company standing to the credit of the said securities account.
- (7) Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds. An exempt authorised nominee refers to an authorised nominee defined under the Central Depositories Act which is exempted from compliance with the provisions of Section 25A(1) of the Central Depositories Act.
- (8) Where a member appoints more than one (1) proxy, the proportion of shareholdings to be represented by each proxy must be specified in the instrument appointing the proxies.
- (9) The appointment of a proxy may be made in a hard copy form or by electronic means in the following manner and must be received by the Company not less than forty-eight (48) hours before the time appointed for holding the general meeting or adjourned general meeting at which the person named in the appointment proposes to vote:-
 - (i) In hard copy form

In the case of an appointment made in hard copy form, the proxy form must be deposited with the Company's share registrar at No. 2-1, Jalan Sri Hartamas 8, Sri Hartamas, 50480 Kuala Lumpur, Wilayah Persekutuan (KL), Malaysia.

(ii) By electronic form

The proxy form can be electronically lodged with the Company's share registrar via fax to 03-6201 3121 or e-mail to <u>ir.bsl@</u> shareworks.com.mv.

Please ensure ALL the particulars as required in the proxy form are completed, signed and dated accordingly.

(10) Pursuant to Paragraph 8.29A of the Main Market Listing Requirements ("MMLR") of Bursa Securities, all the resolutions set out in this Notice of AGM will be put to vote by way of poll.

NOTICE OF EIGHTEENTH ANNUAL GENERAL MEETING (CONT'D)

Explanatory Notes on Ordinary Business

(11) Audited Financial Statements for financial year ended 31 August 2021

The Audited Financial Statements are laid in accordance with Section 340(1)(a) of the CA 2016 for discussion only under Agenda 1. They do not require shareholders' approval and hence, will not be put for voting.

(12) Proposed Directors' Fees and Benefits

Pursuant to Section 230(1) of the CA 2016, the fees of the directors and any benefits payable to the directors of a listed company and its subsidiaries shall be approved at a general meeting.

The proposed Ordinary Resolutions 1 and 2 are to facilitate the payment of Directors' fees for the financial year ending 31 August 2022 and 31 August 2023. In the event the Directors' fees proposed are insufficient (due to enlarged Board size), approval will be sought at the next AGM for additional fees to meet the shortfall.

The payment of fees to the Non-Executive Members of the Board is on a monthly basis. This is to commensurate and compensate the Non-Executive Members for their time and effort contributed to the Company on an on-going basis throughout the year.

The proposed Ordinary Resolution 3 for the Directors' benefits are benefit payable to the Executive or Non-Executive Directors and meeting allowances. Meeting allowances are calculated based on the current Board size and the number of scheduled Board and Committee meetings for the period from 29 January 2022 up to the next AGM. In the event the proposed amount is insufficient (e.g. due to more meetings or enlarged Board size), approval will be sought at the next AGM for the shortfall.

Explanatory Note on Special Business

(13) Authority to Allot and Issue Shares pursuant to Sections 75 and 76 of the CA 2016

The proposed Ordinary Resolution 10, is proposed for the purpose of renewing the general mandate for issuance of shares by the Company under Sections 75 and 76 of the CA 2016. The Ordinary Resolution 10, if passed, will give the Directors, from the date of this AGM, the authority to allot and issue shares up to an amount not exceeding 20% of the total number of issued shares (excluding treasury shares) of the Company for the time being to be utilised, after that, the 10% limit under Paragraph 6.03 of MMLR of Bursa Securities will be reinstated, or up to the threshold as approved by Bursa Securities (hereinafter referred to as the "General Mandate").

As part of the initiative from Bursa Securities to aid and facilitate listed issuers in sustaining their business or easing their compliance with Bursa Securities' rules, amid the unprecedented uncertainty surrounding the recovery of the COVID-19 outbreak and Movement Control Order imposed by the Government, Bursa Securities had vide Bursa Malaysia Berhad's letter dated 23 December 2021 allow a listed issuer to seek a higher General Mandate under Paragraph 6.03 of MMLR of Bursa Securities of not more than 20% of the total number of issued shares (excluding treasury shares) for the general issue of new securities.

As at the date of this Notice, no shares had been allotted and issued since the General Mandate granted to the Directors at the last AGM held on 3 February 2021 and this authority will lapse at the conclusion of the 18th AGM of the Company.

The General Mandate will provide flexibility to the Company to raise additional funds expeditiously and efficiently during this challenging time, to meet its funding requirements including but not limited to funding future investment project(s), working capital and/or acquisitions. The Board, having considered the current and prospective financial position, needs and capacity of the Group, is of the opinion that the General Mandate is in the best interests of the Company and its shareholders.

MANAGEMENT DISCUSSION

AND ANALYSIS

The Year In Review

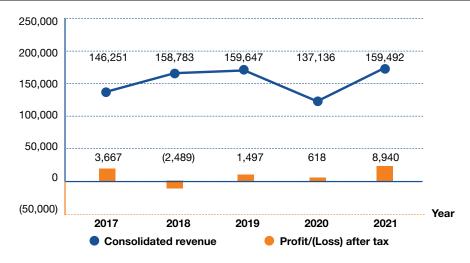

The past year was one of major challenges brought about by the pandemic. Despite the numerous Movement Control Orders (MCOs) imposed by the Government, BSL Corporation Berhad ("**BSL**") managed to adapt to the ever-changing situation and navigate through the challenges. Overall, the Group managed to improve its performance post the imposition of MCO 1.0 in March 2020.

Revenue and profitability improved partially due to the fulfillment of backlog orders after MCO 1.0 and strong demand from our electrical & electronic, agriculture and industrial client base. However the Group's final quarter for the financial year was affected by the sudden 'hard-stop' order from the imposition of MCO 3.0 and subsequently Enhancement Movement Control Order (EMCO) in July 2021.

Group Revenue Contribution By Key Customer Segment

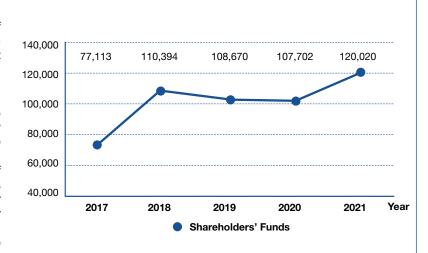

For the financial year under review, the Group recorded a revenue of RM159.49 million, a 16% increase from prior year of RM137.14 million. Sales were higher across all segments with manufacturing volumes normalizing to pre-pandemic levels; in spite of the 'hard-stop' in July. The overall demand from our major client base remained robust.

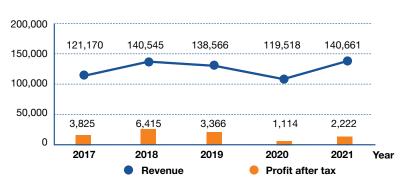

The Group reported a more than 14-fold increase in profit after tax of RM8.94 million compared to RM0.62million in financial year ended 31 August 2020 ("**FY2020**"). The profit after tax for the year was contributed from operations, share of profit from associate as well as fair value gains on investment. Profits after tax from operations was RM3.14 million, a 400% increase after stripping out the fair value gain and share of associate profit.

Capital structure and capital expenditures

The Group's equity attributable to the owners of the Company increased 11% to RM120.0 million from the prior year. The Group balance sheet is robust backed by our property and building value and a net current assets of RM33.4 million.

During the financial year under review, the Group incurred capital expenditures of approximately RM2.35 million financed via hire purchase arrangements and internally generated funds. These capex was mainly for upgrading of machines to improve the operational capabilities and capacity. In addition, the waste water treatment facility was completed during the year to complement our existing powder coating line as part of our commitment to sustainable manufacturing.

Operational review

Metal Division

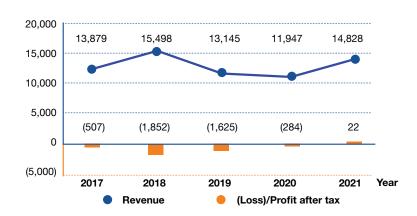

Revenue increase 18% to RM140.7 million in financial year ended 31 August 2021 ("**FY2021**"); while profit after tax was jumped 100% to RM2.22 million from RM1.11 million in FY2020.

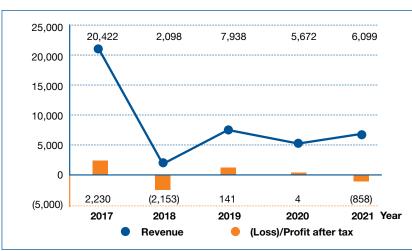

The agricultural segment was a key growth driver with its revenue jumping 32%. Contribution to total turnover for the Group was 24%, an increase of 9% from the prior year. Revenue from the electrical & electronics segment grew over 7% but total contribution to Group revenue declined 4% to 54% for the financial year under review.

The revenue profile is evolving with the agriculture and industrial segment becoming more prominent acting as a counter-balance to the electrical & electronics segment. The Metal division is still evolving as management has plans to broaden client base.

PCB Assembly (PCBA) Division

Revenue for our PCBA division increased 24.3% to RM14.8 million compared to RM11.9 million in the prior year. The division turned around in the current financial year with a marginal profit for FY 2021. The turnaround was a result of the addition of new customers as well as optimizing the cost structure for the PCBA operations.

Renewable Energy Division

Revenue was largely flat at RM6.1 million. It registered a loss after tax of RM0.9 million in the current year largely affected by the stoppage for construction related activities for most of our financial year.

Others

Others consist of mainly the Holding Company cost; provisioning for intercompany balances; and non-operating profits derived from the share of profit from associate and fair value gain upon recognition of other investment.

Moving forward

The current pandemic has been the major "black swan" event globally with supply chains, manufacturing, farming, and business activities thrown into disarray. Whilst BSL has been fortunate to have navigated the challenges thrown by the pandemic in FY2021, the outlook remains very cloudy. The situation is now complicated with the discovery of the highly transmissible Omicron variant; especially with governments around the world starting to tighten restrictions.

Notwithstanding the cloudy outlook, the management team has started to execute the 3-year revitalization plan to pivot the Group in enhancing the value of the Group's product and service offerings. The initial step has already been announced with the acquisition of 51% in SD Unify (SDU) in Singapore. SDU is a key leverage point in jump-starting BSL's foray into the semiconductor Automatic Test and Equipment (ATE) market given their approved vendor list status for several major ATE manufacturers.

In addition, the divestment of our Renewable Energy division is completed allowing the management to focus back on its core competency in Metal and PCBA. The disposal has resulted in the Group's gearing to be lowered while cashflow can be better utilized in the manufacturing operations.

The operations is also being reviewed with the aim of cost and operational optimization to bring the overall cost structure in line with current market and peer group. Labor especially foreign workers has been in the forefront recently, as such we have implemented impact sourcing to balance our reliance on foreign labor workforce whilst providing employment opportunities to underserved and underprivileged segment of the society. The combination is expected to result in cost improvements while increase our local work force participation.

The management is cautiously confident as we execute the revitalization plan, however there is no way of expecting the next challenge(s) arising from the evolving pandemic. Hence the only thing certain moving into the new year is change.

Anticipated or known risks

COVID-19 has also brought new risks to the Group's operations and a new dimension to the working culture. The Group implemented strict Standard Operating Procedures to minimize the risk of infection spreading among our staff and also to comply with government's initiative of social distancing. The use of the MySejahtera app and temperature monitoring is now a daily norm.

We have an outstanding bills of demand amounting to RM11.1 million issued by the Royal Malaysian Customs in 19 December 2014, largely relating to import duty and sales tax arising from PCBA activities for Panasonic Manufacturing Malaysia Berhad ("PMMA"). The management is committed to resolving this in the shortest possible time and are in the process of initiating discussions with PMMA and the Royal Malaysian Customs as it is not in the Group's interest to prolong the current situation.

Dividend

The Board does not recommend any dividend payment in respect of FY2021.

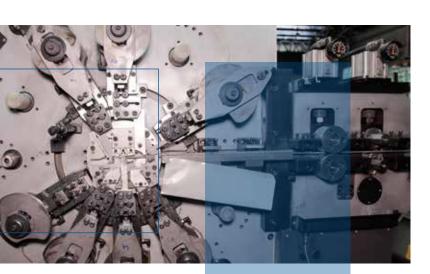

Appreciation

On behalf of the Board, we would like to express our sincere gratitude and acknowledge the contribution by all the Directors, management team and employees of BSL for their continuous support and commitment towards the growth of the Group. We would also like to thank our loyal shareholders, customers, business associates, partners, suppliers, financiers, relevant government authorities and all other stakeholders for their continuing trust and support to the Group.

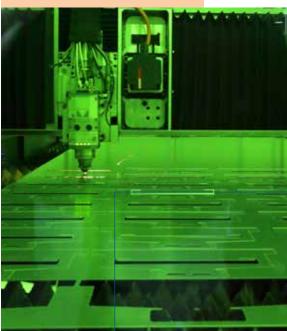

Thank you.

This section aims to provide insights on the Group's sustainability commitments and practices a cross the three key areas of Economic, Environmental and Social undertaken by our key business division

Economic consideration remains our core tenet in formulating our growth strategy. Management takes into account current and expected market conditions, and global developments to identify potential headwinds facing the Group. Monthly and ad-hoc meetings with the leadership team are conducted to formulate, review and re-assess the Group's strategy.

FINANCIAL SUSTAINABILITY

Our commitment to business excellence is focused on strong corporate governance and prudent financial management in view of the challenging market environment. We strive to achieve the following financial goals:

- Maintain and grow the turnover and operating cash flow
- Improve operation efficiency
- Broaden income generating sources
- Enhance and strengthen our core businesses

CORPORATE GOVERNANCE AND COMPLIANCE

BSL strives to comply with the best practices of good governance, guided by the Malaysian Code on Corporate Governance, throughout its operations. The Group has established standard operating policies and procedures, discretionary authority levels, and guidelines for recruitment and human capital development amongst others. These policies, procedures and guidelines are subject to regular reviews, and have been communicated to all staff levels.

In relation to risk management and controls, the Group has put in place the following policies:

- Board Charter;
- Code of Ethics and Conduct;
- External Auditors' Assessment Policy;
- Whistleblowing Policy

Details of our corporate governance framework and practices are elaborated in the Corporate Governance Overview Statement in page 34 of the Annual Report. Below are selected segments:

CODE OF ETHICS AND CONDUCT

The Code of Ethics and Conduct adopted by the Board provide guidance to all the Directors and personnel within the Group in identifying and dealing with ethical issues, outlines mechanisms to report unethical conduct and helps foster an honest and accountable working culture.

WHISTLE-BLOWER POLICY

The Whistle-blower Policy adopted by the Board serves to provide an effective mechanism for employees and other stakeholders of the Group to raise concerns regarding any illegal conduct or malpractice. The policy also allows such concerns to be raised without being subject to victimization, harassment, or discriminatory treatment, and ensures that the concerns are properly channeled to the right party for investigation and follow up action.

OUR SUPPLY CHAIN

Supply Chain management is an integral part of our business and key to optimum performance. Accordingly, BSL places great emphasis on its suppliers' economic, environmental, and social credentials in the lifecycle of supply chain when making responsible sourcing decisions.

We continue to raise the bar in product and service excellence

TEAMWORK

We work as a team, sharing our knowledge and experience to leverage best practices, and staying passionate in all that we do

CUSTOMER PASSION

We are customered-focused and passionate about delivering the customer WOW

COMMITMENT TO QUALITY

BSL has policies, procedures and best practices in place to deliver products and services of outstanding quality. Furthermore, regular reviews, process improvements and quality control assessments are in place to ensure that our processes remain in compliance and are continually enhanced.

Our production and quality management system in the manufacturing plants are in compliance with regulatory requirements and are subjected to periodic review for certificates and licenses renewal.

COMMITMENT TO OURSELVES

At every level of our business, our people and teamwork is key. When ideas are freely shared, we all benefit. This philosophy is at the heart of how we operate, and we never stop looking for ways to foster open communications with our staff, thus providing them opportunities to share with us their creativity, innovation and commitment to excellence. Making sure our people have what they need to reach their full potential – a supportive culture, access to training and technology required, healthy working conditions, and more – is a priority.

We constantly strive to improve our expertise and leverage research and development to improve our offerings. Ultimately all this will lead us to deliver innovative products and value to our customers and stakeholders.

COMMITMENT TO CUSTOMERS

We see our customers as more than just people who purchase our products and services; they are integral to everything we do at BSL. Their evolving needs and insights inspire us to improve our own performance. We are committed to delivering excellence and value in a way that not only meets our customers' needs but exceeds them.

CUSTOMER SATISFACTION

Customer satisfaction and engagement is another priority and knowing what customers expect from us will improve our bottom line and strengthen our brand and reputation in the long term. Our Group has in placed customer satisfaction survey process to improve and enhance our services to customers.

RISK MANAGEMENT

A comprehensive risk management framework enables BSL to identify and manage risks in a systematic and consistent manner. In driving risk awareness, decision-making and business processes are put through prudent risk assessment. Fraud, corruption and economic value-added risks have been identified as material to ensure business sustainability.

BUSINESS CONDUCT

We strive to be environmentally responsible and encourage all our stakeholders to do the same. Consequently, they need to use sustainable materials whenever they are cost-effective.

SAFETY AND HEALTH

It is one of our key priorities to maintain a safe and healthy work environment for our workforce. We also believe in providing a comfortable and conducive working environment for our employees.

BSL is committed to reduce our impact on the environment by minimizing our operational carbon footprint where possible. We actively promote the responsible use of resources and the importance of environmental protection among our employees and stakeholders.

ENVIRONMENT

At BSL, we recognize the potential environmental impacts of our operations and are committed to operate in a manner which minimizes the negative impact towards the environment.

ENVIRONMENTAL

COMPLIANCE

BSL is assessed yearly based on the ISO9001 & ISO14001 standards and any non-compliance noted will be addressed immediately. In addition, BSL also complies with Department of Environment ("DOE"), Department of Safety and Health Malaysia ("DOSH") and Suruhanjaya Perkhidmatan Air Negara ("SPAN") requirements and no major non-compliance were noted for the past years. Lean manufacturing can be practiced in many ways. For us to achieve a sustainable production, it means operating in an environmentally sustainable way. This philosophy guides us in principle as we strive to improve in all aspects of our operations by utilizing 'lean and green' thinking.

We continue to set a target for our energy consumption as well as resources such as water and paper usage, as we continue to review our processes to find more sustainable ways of doing things.

EMISSIONS

Our operations do not produce any significant gas emission. The only emission noted are from our vehicles, forklifts and ovens (heat). We continue to avoid processes that emits harmful gases to the air.

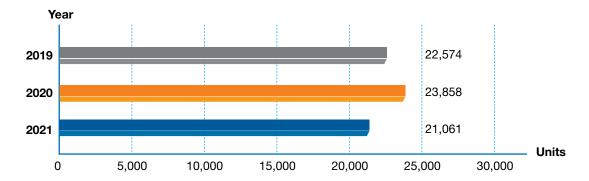

WATER MANAGEMENT & CONSUMPTION

We promote the water saving practices among employees and adopt water efficient technologies and equipment wherever possible. We have taken small steps to control the water usage to be in line with the sustainability efforts, which includes:

- Seeking out any water leakages
- · Conducting checks and fixing leaks immediately
- Installing water savings devices

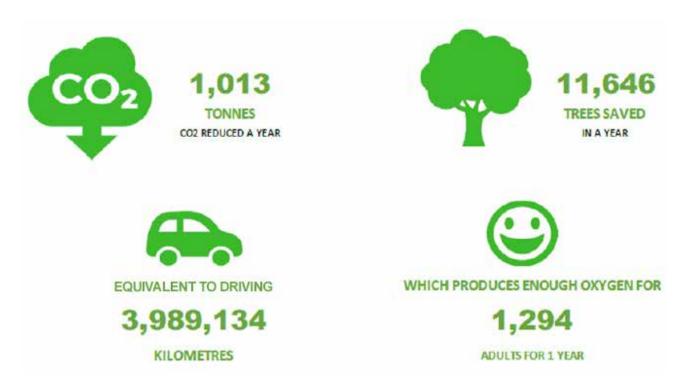

The data presented below is our water consumption statistics. We have managed to reduce the water consumption in 2021 with better control and increased awareness from the staff.

Water consumption (units)

ENERGY MANAGEMENT & CONSUMPTION

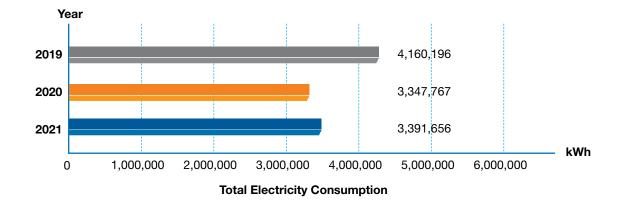

We understand that the energy management is essential for combating climate change and for lowering our Group's environmental footprint. Our electricity supply is from the Tenaga National Bhd, and we aim to minimize the energy usage in our head office where we are in the midst of installation of a 1,000 kWp Solar PV system on the roof of its factory to reduce energy consumption from Tenaga and thus contribute to a greener environment and save on electricity cost. The Solar PV systems is expected to provide up to 25% of our total electricity consumption. Upon completion, below is the expected savings:

Other efforts in the energy management includes:

- A lighting schedule across key areas in our head office to switch off lights during certain hours of least use.
- Ensure machines and fans are switched off during non-operating hours.
- Maintenance and replacement of electrical equipment and light fittings to maximize energy efficiency
- Campaign to remind all staff to switch off the lighting, water dispenser, air conditioning, or other electrical appliances in office and pantry when they are not required.

The table below shows the total electricity consumption in BSL's:

WASTE MANAGEMENT

BSL acknowledges that the environmental impact of paper usage is significant. The Group's approach to waste management is to avoid unnecessary paper consumption and waste generation, where possible and appropriate, to reduce the wastage. BSL is always mindful to reduce the usage of paper where possible.

We minimise production waste by:

- Training and retraining of our employees
- Ensuring our manufacturing processes are stable, controlled and closely monitored
- Machines, tools and equipment are well maintained and in optimal condition

Generally the Group practises the following on the paper management initiatives:

- Reducing paper usage avoid any printing and photocopying, where possible, and encourage paperless and electronic modes of usage
- · Re-using one-sided printed papers- by printing on the other side
- Recycling papers-by having proper recycling bins

BSL's nature of business also results in scheduled wastes such as used grease and oil, hydraulic oil, coolant and used gloves and rags. As such, BSL has a full time Competent Person to manage the scheduled wastes and to comply with all the necessary regulations.

BSL has also set up its own powder coating line during the previous financial year to expand our service offerings to our customers. For the powder coating line, the by-product has to be treated prior to release. Hence, BSL has installed and commissioned a waste water treatment system to treat all the by-products of the powder coating line. We have a full time competent person to manage the waste water treatment to ensure we comply with all the necessary regulatory requirements.

STORAGE AND COLLECTION OF PRODUCTION WASTE AND RECYCLABLES

BSL has carried out some initiatives for storage and collection of production waste and recyclables. The initiative includes:

- Providing dedicated areas and storage bins for non-hazardous material for recycling
- Designating a dedicated area where "on-site" sorted waste materials can be stored in a safe and contained manner while waiting for licensed contractor to collect for proper disposal.

Co-existing and contributing to the local communities is an integral part of ensuring sustainability. To appreciate and to give back to the society, starts from the employees. The following efforts are emphasised under the social aspect:

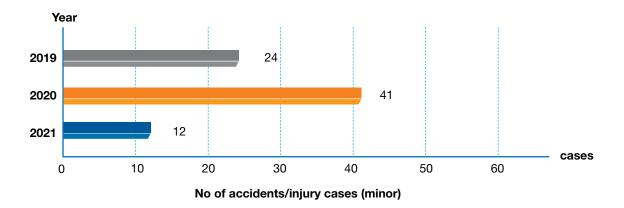

WORKPLACE

Our employees play a vital role in the success and sustainability of our Company. We strive to create a work environment that is conducive and supportive, as we continue to improve on our organisational structure, processes and employee mind set to help our Group scale.

• Safe, Healthy and Conducive Work Environment

BSL places great emphasis on safety and health of its employees while maintaining a comfortable and conducive work environment through the following initiatives:

- Setting up an Occupational Safety and Health Committee to initiate various health and safety programmes to enhance employees' awareness in work place;
- Full time employment of a Safety Officer;
- Conducting quarterly safety and health audit;
- Ensuring a safe workplace with 24 hours' security surveillance;
- Constant updating and promoting the awareness of safety precautions and health issues;
- Yearly talk on fire safety and prevention and fire drill exercise;
- Employees are required to wear safety gears (PPE) at work place to minimize work injuries;
- Fogging/fumigation of work sites to prevent spreading of diseases by mosquitoes and rodents; and
- Maintaining a workplace that is free from theft, violence, harassment, intimidation and other unsafe and disruptive influences due to internal and external conditions.

We have maintained ZERO cases of major injuries and fatality during the year. The overall incidences of minor injury cases has more halved from the prior year.

BSL places great emphasis in-terms of safety of its staff and visitors from COVID-19. We implemented the mandatory temperature check daily on all employees and visitors as well as checking of MySejahtera status before entering the premise. BSL distributes face masks to all its employees on a daily basis as well as preparing hand sanitizers in all common areas. We also frequently sanitize areas which are prone to human touch and traffic.

• Impact sourcing

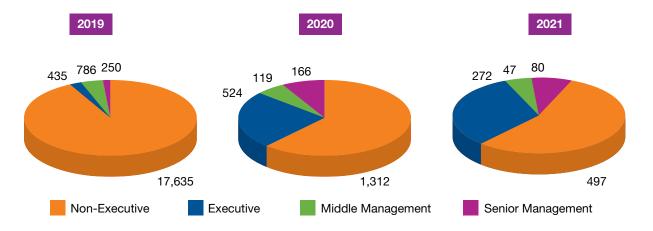

BSL recognises the importance of creating opportunities equally for the people. Hence, we have embarking an impact sourcing programme where BSL will create opportunities for underserved communities where high unemployment rate exists and also for individuals with high potential but disadvantaged economically and/or socially. The impact sourcing also helps reduce reliance on foreign labour and concurrently lowers our average cost per worker. Over time, we expect to increase the headcount via our impact sourcing programme.

Training and Development

Employees are a vital component and their performance, commitment and loyalty is a critical factor in achieving the Group's goals and objectives long-term growth. In this respect, BSL continues to build and upgrade its employees to ensure that they can realize their full potential with the following efforts:

- Engage in external training workshops for employees on both technical related skills and soft management skills:
- Participate in external trainings and activities to broaden the knowledge base and exposure of its employees to keep abreast on new developments in their respective field of expertise;
- New employees will participate in new employees' orientation as well as on-site visit to get clear insights into the Group's operations and its product range;
- Competency tests are structured in each department to help new staff understand the requirements of their respective roles.

Below is a summary of the training hours. The training hours has reduced in 2021 due to fewer physical trainings to comply with COVID-19 prevention activities, however, the management always encourages the staff to improve themselves via self improvement and on the job training.

Creating a Sustainable Workforce

Under our succession and talent management initiatives, a phase of talent profiling was successfully carried out where key staff were identified and have been briefed on their areas of development and strengths that they should leverage on, in order to achieve their maximum potential.

A succession management programme to develop the next line of leaders is also in place. Higher learning programmes for leadership development, in particular, have been earmarked for the talent pipeline.

BSL has also stepped up its efforts to mobilize internal talents to fill up positions which became vacant during the year under review. This was a conscious move to promote internally and to deploy talent to suitable positions across the organization. This initiative offers growth opportunities to employees.

• Employee Engagement

BSL provides various avenues for our staff to get together and forge a strong bond with each other. Celebrating successes and festivals together is also part of BSL's culture. When permitted, BSL organises yearly celebration of Chinese New Year, Hari Raya as well as Myanmar New Year for all of its staff.

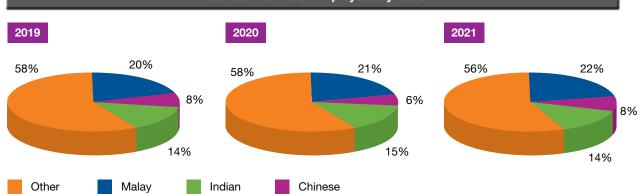

Rewards and Performance Management

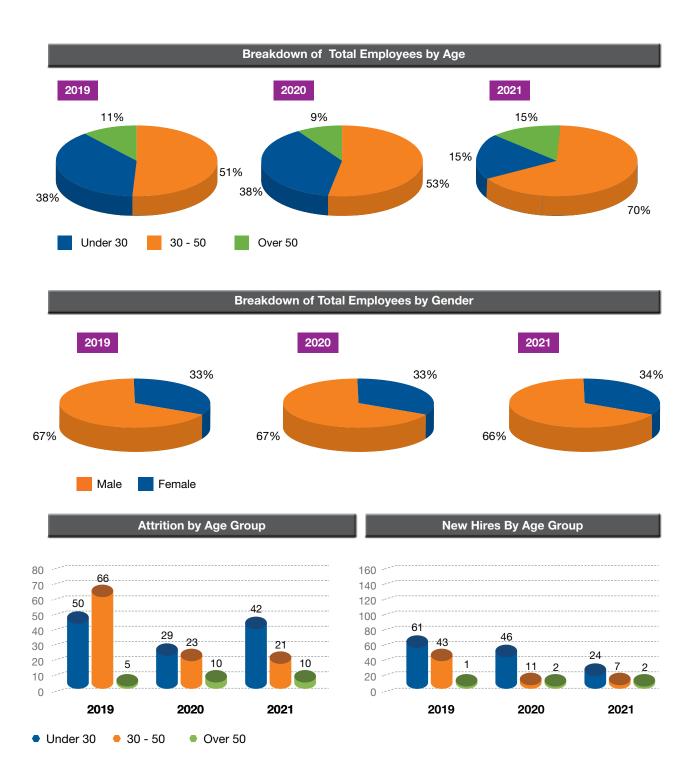

Formal and informal recognition have been put in place to ensure there are rewards for the motivation and sustenance of a harmonious working environment.

Quarterly rewards including monetary are handed out for recognising improvement and disciplinary work carried out at our work place.

In line with our philosophy, BSL has instituted initiatives that encourage staff to lead a balanced lifestyle. The following graphs are illustrated based on the social segment in the organisation.

MOVING FORWARD

We continue to recognise the importance of sustainability in our business and strive to seek improvements over time.

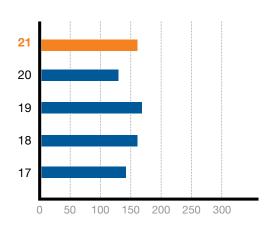

This Statement has been approved by the Board and is current as at 20 December 2021.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of Directors (the "Board") of BSL Corporation Berhad (the "Company") recognises the importance of establishing and maintaining good corporate governance within BSL Corporation Berhad and its subsidiary Companies (the "Group") and is committed to such a mission.

Below is the approach of the Company's Corporate Governance Overview Statement with respect to the Principles and Practices of the Malaysian Code on Corporate Governance (the "Code") and the Main Market Listing Requirements ("MMLR" or "Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa Securities"). The detailed application of each practice as set out in the Code is disclosed in the Corporate Governance Report, announced together with this Annual Report to Bursa Securities, and is available in the Company's website at www.bslcorp.com.my.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

1) Board Responsibilities

Clear Functions of the Board and Management

The Company acknowledges the pivotal role played by the Board in the stewardship of its direction and operations, and ultimately the enhancement of its shareholders' value. To fulfil this role, the Board is responsible for the overall corporate governance of the Group, including its strategic direction, establishing goals for management and monitoring the achievement of these goals. The role and function of the Board, which includes the differing roles of Chairman, Chief Executive Officer ("CEO"), and Directors are clearly delineated and defined in the Board Charter.

The Management conducts the daily operation of the companies guided by internally developed Key Performance Index ("**KPIs**") and ISO 9001 and ISO 14001 principles. Meetings are conducted on monthly basis to review the KPIs results and to seek constant improvement. The Executive Directors then report to the Board on a quarterly basis.

All Board Committees have written terms of reference which are approved by the Board. The Chairman of the Audit and Risk Management Committee ("**ARMC**"), Nomination Committee ("**NC**") and Remuneration Committee ("**RC**") report to the Board subsequent to the respective committee meetings.

The CEO has executive responsibilities for the day-to-day operations of the Company's business and shall implement policies, strategies and decisions approved by the Board and shall be accountable for the management functions of the Company and/or Group and for the results and performance, including conduct and disciplines, which would include leadership by example.

Clear Roles and Responsibilities

The Board recognises the key role it plays in charting the strategic direction of the Groups and has assumed the following principal responsibilities in discharging its fiduciary and leadership functions:

- Review and approve strategies, business plans and significant policies and ensure that the Group's goals are clearly established, and to monitor implementation and performance of the strategy, policies, plans, legal and fiduciary obligations that affect the business by adopting performance appraisal measures;
- The Management devise action plans in accordance to the business plan and works towards achieving the targets. Review meetings are carried out to track progress and identify gaps;
- Ensure a competent management by establishing policies for strengthening the performance of the Group with a view to proactively build the business through innovation, initiative, technology, new products and the development of its business capital;
- To evaluate whether the business is being properly managed and to ensure that the solvency of the Group and the ability of the Group to meet its contractual obligations and to safeguard the Groups and the Company's assets. The Board analyses the financial results periodically and seek clarification on any anomaly. Besides explaining on the deviation, the Management also required to have rectification plans whenever necessary. Further meetings will be conducted to follow up on the effectiveness of the rectification plans;
- To ensure that the Group has appropriate business risk management process, including adequate control environment be it the internal control systems and management information systems, systems for compliance with applicable laws, regulations, rules, directives and guidelines and controls in areas of significant financial and business risks;

CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONT'D)

1) Board Responsibilities (Cont'd)

Clear Roles and Responsibilities (Cont'd)

- Establish various Board Committees and ensure their effectiveness to address specific issues, by considering recommendations of the various board committees and acting on their reports;
- Ensuring that the statutory accounts of the Company and of the Group are fairly stated and otherwise conform with the relevant regulations including acceptable accounting policies that result in balanced and understandable financial statements;
- Ensuring that there is in place an appropriate succession plan for members of the Board and senior management. The Board periodically reviews the status of succession of key positions. Whenever the need arises, the Board considers creating a deputy position to ensure continuity;
- Ensuring that the Group adheres to high standards of ethics and corporate behaviour including transparency in the conduct of business. Directors are required to comply with the Directors' Code of Best Practice which among others includes the declaration of any personal, professional or business interests, direct or indirect which may conflict with directors responsibilities as a Board Member and to refrain from voting on such transaction with the Group; and
- Ensuring that there is in place an appropriate investor relations and communications policy. The Board recognises the need to keep shareholders informed on key or material development. Majority of the communication was done through announcements made to Bursa Securities. General information has been provided on the Company's website and is constantly updated. Further important explanations such as condition of business, business direction, status of certain projects, etc are explained in the Management Discussion and Analysis section in the Annual Report. Annual General Meeting is held once a year and Extraordinary General Meetings will be held whenever the needs arise.

The Board has a formal schedule of matters reserved to itself for decision, which includes the overall Group strategy and direction, acquisition and investment, consideration of significant financial matters and the review of the financial and operating performance of the Group. The schedule ensures that the governance of the Group is firmly in the Board's hand.

Formalised Ethical Standards through Code of Conduct and Ethics

The Board has adopted a Code of Conduct and Ethics which includes principles in relation to conflicts of interests, integrity, professionalism and the use of confidential information. The Board's Code of Conduct and Ethics is provided in the Board Charter, which is available on the Company's website at www.bslcorp.com.my.

The Group is committed to conduct its businesses and operations with integrity, openness and accountability and also to conduct its affairs in an ethical, responsible and transparent manner. In order to facilitate the observation and application of the above values, the Group encourages its employees to raise genuine concerns about possible improprieties in matters of financial reporting, compliance with regulatory requirements and other malpractices or misconducts.

The Group encourages employees who are facing conflicts to discuss accordingly with their superior to solve the matter in a peaceful manner. The Group CEO is always available to be contacted by any employees in regards to matters regarding any known corrupt practices, unethical behavior, misuse of Company's assets or any non compliance with rules and regulations.

The Group has an official policy on whistle blowing plus various adherences to Labour Law, Clean Procurement and Race and Religious impartiality stated in its Corporate Social Responsibility Policy. Both internal staff and external contractors/suppliers are able to submit report anonymously of any wrong doings or breach. Reports can be submitted via emails and phone numbers stated in the policy and confidentiality are assured. The person in charge is the Chairman of the Audit and Risk Management Committee, Chong Kwang Fock whose contact detail is stated in the whistle blowing policy. The policy is published in the Company's website at www.bslcorp.com.my.

1) Board Responsibilities (Cont'd)

Access to Information and Advice

Generally, seven (7) days prior to the meetings of the Board and the Board Committees, the meetings' agenda together with previous meetings' minutes and other relevant qualitative and quantitative information were compiled into reports to be circulated to all members on a timely basis. The signed minutes are being kept in the minutes books. Management has been invited to the Board and Board Committees' meetings to report or present on areas within their responsibilities to ensure the members were able to effectively discharge their responsibilities. All Directors also have full and free access to information within the Group, as well as the prerogative to seek the Company Secretaries' and independent professional advice, in furtherance of their duties, at the expense of the Group, should such advisory services be considered necessary.

Qualified and Competent Company Secretaries

Directors have direct access to the advice and services of the Company Secretaries. The Company Secretaries are qualified to act in accordance with the requirements of the Companies Act 2016. The Board is advised and updated on statutory and regulatory requirements pertaining to their duties and responsibilities as well as appropriate procedures for management of meetings. The Board is supported to ensure adherence to board policies and procedures, rules, relevant laws and best practices on the Code.

The Company Secretaries also have undertaken the following functions, among others:

- advise and remind the Directors of their obligations to disclose their interest in securities, any conflict of interest and related party transactions;
- ii. advise the Directors of their duties and responsibilities;
- iii. advise and remind the Directors on the prohibition on dealing in securities during closed period and the restriction on disclosure of price sensitive information;
- iv. prepare agenda items of meetings for Board and Board Committees and send to the respective Board and Board Committees; and
- v. attend all Board and Board Committees meetings and to ensure that meetings are properly convened, and that accurate and proper records of the proceedings and resolution passes are made and maintained accordingly.

The Company Secretaries are suitably qualified and have attended relevant training and seminars to keep abreast with the statutory and regulatory requirements' updates.

Board Charter

The Board has adopted a Board Charter to promote the standards of corporate governance and clarifies, amongst others, the role and responsibilities of the Board. The details of the Board Charter are available for reference at www. bslcorp.com.my.

Any amendment to the Board Charter can only be approved by the Board. The Board Charter was last reviewed on 9 October 2019 and would be reviewed and updated periodically in accordance with the needs of the Company and any new regulations that may have an impact on the discharge of the Board's responsibilities.

2) Compositions, Independence and Diversity of the Board

Composition of the Board

The Board currently has five (5) members; comprising two (2) Executive Directors and three (3) Independent Non-Executive Directors.

The concept of independence adopted by the Board is in tandem with the definition of an independent director as stated in Paragraph 1.01 of the MMLR. The key element for fulfilling the criteria is the appointment of an independent director who is not a member of management and who is free of any relationship which could interfere with the exercise of independent judgement or the ability to act in the best interest of the Company. The Company is in compliance with Paragraph 15.02 of the MMLR of Bursa Securities that two directors or one-third (1/3) of the Board, whichever is the higher, are independent directors. If the number of directors of the listed issuer is not 3 or a multiple or 3, then the number nearest 1/3 must be used.

2) Compositions, Independence and Diversity of the Board (Cont'd)

Composition of the Board (Cont'd)

The Directors with their different backgrounds and specialisations, collectively bring with them a wide range of experience and expertise in areas such as finance, corporate affairs, marketing and operations. The Executive Directors, are responsible for implementing the policies and decisions of the Board, overseeing the operations as well as co-ordinating the development and implementation of business and corporate strategies. The Independent Non-Executive Directors provide objective and independent judgement to decision making and serve as a capable check and balance for the Executive Directors. The brief profile of each Director is presented on pages 10 to 12 of the Annual Report.

The Code states that at least half of the board comprises Independent Directors. The current composition of the Board has meet this best practice, the Board also practices the need to inform and obtain perspectives and insights from the Independent Directors prior to executing any major decisions for the Group.

Annual Assessment of Independence

The Board recognises the importance of independence and that the Board members are responsible to act in the best interest of the shareholders of the Company. In view thereof, the NC assesses annually the independence of the Company's independent directors based on the criteria which had been developed prior to the assessment of independence of the Independent Directors.

The NC and the Board have upon their annual assessment in year 2021, are of the view that all the three (3) Independent Non-Executive Directors of the Company continue to remain objective and independent in expressing their views and participating in deliberations and decision making of the Board and Board Committees and no individual or small group of individuals dominates the Board's decision-making process. All evaluations carried on the independence of the Independent Directors were tabled to the Board and are properly documented.

Tenure of Independent Directors

The Code recommends that the tenure of an Independent Director shall not exceed a cumulative term of nine (9) years. Upon completion of the nine (9) years, the Independent Director may continue to serve on the Board subject to the Director's re-designation as a Non-Independent Director. The Board must justify and seek shareholders' approval in the event it retains as an Independent Director, a person who has served in that capacity for more than nine (9) years.

The Company does not have term limits for the Independent Directors as the Board believes that experience with the Company's business operations brings benefits to the Board and the long serving Independent Directors possess knowledge of the Company's affairs.

3) Board Committees

NC

The NC assists the Board in proposing new nominees for appointment to the Board of the Company, assessing the effectiveness of Directors on an ongoing basis, and reviews the effectiveness of the CEO and Executive Directors. The NC also reviews and recommends training and orientation needs/requirements for each individual Director and ensures the same are fulfilled accordingly.

The NC is appointed by the Board and consists entirely of Independent Non-Executive Directors. It comprises the following members:-

- i. Wong Boon Peng Chairman, Independent Non-Executive Director
- ii. Chong Kwang Fock Independent Non-Executive Director
- iii. Chew Khai Liong Independent Non-Executive Director

3) Board Committees (Cont'd)

NC (Cont'd)

Among others, the duties and responsibilities of the NC are as follows:-

- To develop, maintain and review the criteria to be used in the recruitment process and annual assessment of directors
- ii. To evaluate the re-appointment of any Non-Executive Director at the conclusion of their specific term of office.
- iii. To regularly review the structure, size and composition (including skills, knowledge, experiences) of the Board and make recommendations to the Board with regard to any change.

Members of the NC may relinquish their membership in the NC with prior written notice to the Company Secretaries, and in which case, the NC will review and recommend to the Board for approval, another Director to fill the vacancy.

The Terms of Reference of the NC is included in the Board Charter and available on the Company's website at www. bslcorp.com.my.

The NC has full, free and unrestricted access to the Company's records, properties and personnel in carrying out its duties and responsibilities. The NC is also authorised to seek independent professional advice, subject to the approval of the Board, at the expense of the Company, in carrying out its duties. However, the NC is not authorised to implement its own recommendations but reports the same to the Board for the latter's consideration, approval and implementation.

The NC will meet at any time when the need arises. The presence of the majority of the Independent Non-Executive Directors shall form the quorum of the meeting. There were (2) NC meetings held during the financial year which were fully attended by all members of the NC.

Develop, Maintain and Review Criteria for Recruitment and Annual Assessment of Directors

(a) Recruitment or New Appointment of Directors

The NC recommends to the Board, candidates for all directorships and to review the Board's policies and procedures for the selection of Board members. In making the recommendations, the NC should also consider candidates proposed by the Chairman/CEO, and within the bounds of practicability, by any other senior executive, Director or shareholder. In making its recommendations, the NC shall assess and consider the candidates':

- skills, knowledge, expertise and experience;
- professionalism;
- time commitment to effectively discharge his/her role as a director;
- contribution and performance;
- character, integrity and competence;
- boardroom diversity including gender diversity, ethnicity diversity, age group diversity; and
- in the case of candidates for the position of Independent Non-Executive Directors, the NC shall also evaluate the candidates' ability to discharge such responsibilities/functions as are expected from Independent Non-Executive Directors.

New Directors are provided with comprehensive information on the Group to enable them to gain a better understanding of the Group's strategies and operations, and hence allow them to effectively contribute to the Board. The NC will ensure that a formal orientation program is in place for future new recruits to the Board.

(b) Gender, Ethnicity and Age Group Diversity Policy

The Board noted the Code recommended the establishment of boardroom gender diversity and Company to take steps to ensure that women candidates are sought in its recruitment exercise for both board and senior management positions. The Board does not have a specific policy on gender, ethnicity and age group for candidates to be appointed to the Board and senior management level. The Company does not practice any form of gender, ethnicity and age group biasness as all candidates shall be given fair and equal treatment. The Board believes that there is no detriment to the Company in not adopting a formal gender, ethnicity and age group diversity policy as the Company is committed to provide fair and equal opportunities and nurturing diversity within the Company. In identifying suitable candidates for appointment to the Board and senior management level, the NC will consider candidates on merit against objective criteria and with due regard for the benefits of diversity on the Board and senior management level.

3) Board Committees (Cont'd)

Develop, Maintain and Review Criteria for Recruitment and Annual Assessment of Directors (Cont'd)

(c) Annual Assessment

The NC had on 20 December 2021 reviewed and assessed the mix of skills, expertise, composition, size and experience of the Board, including core competencies of the Directors, the contribution of each individual Director as well as their character, integrity and time commitment, independence of the Independent Directors, effectiveness of the Board as a whole, and the Board Committees; and also the Directors eligible for reelection.

Peer evaluations had been conducted by each Individual Director and Independent Director and a summary of the evaluations was furnished to the NC prior to the NC meeting. The evaluations of the Board Committees, Independent Directors and the individual Directors produced positive results on the performance of the Board and each Director.

RC

The RC reviews and reports to the Board on remuneration and personnel policies, compensation and benefits programs with the aim to attract, retain and motivate individuals of the highest quality. The remuneration should be aligned with the business strategy and long-term objectives of the Company, and to reflect the Board's responsibilities, expertise and complexity of the Group's activities.

The RC shall be appointed by the Board and should only consist of Non-Executive Directors and a majority of them must be Independent Directors as recommended by the Code. The members of the RC during the financial year are:-

- i. Chew Khai Liong Chairman, Independent Non-Executive Director

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

1) ARMC

The ARMC comprises of three (3) members, all of whom are Independent Non-Executive Directors of which the terms of reference was approved by the Board and a copy of the terms of reference can be found in the Board Charter which is available on the Company website at www.bslcorp.com.my. In order to ensure the overall effectiveness and independence of the ARMC, the positions of the Chairman of the Board and Chairman of the ARMC are held by different persons.

The Board is assisted by the ARMC to oversee the Group's financial reporting processes and the quality of its financial reporting and to ensure that the financial statements of the Group and the Company comply with applicable financial reporting standards in Malaysia. Such financial statements comprise the quarterly financial report announced to Bursa Securities and the annual audited financial statements. A Statement by the Board of its responsibilities (Directors' Responsibility Statement) in respect of the preparation of the annual audited financial statements is set out on page 52 of this Annual Report.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT (CONT'D)

1) Audit and Risk Management Committee ("ARMC") (Cont'd)

Through the annual audited financial statements, the quarterly financial results as well as the Chairman's statement and review of operations in the Annual Report, the Board aims to provide and present a balanced and meaningful assessment of the Group's financial performance and prospects.

The ARMC oversees and appraises the quality of the audits conducted by the Company's External Auditors, maintain open lines of communication between the Board and External Auditors for the exchange of views and information, as well as to confirm their respective authority and responsibilities; and assess the adequacy of the risk management systems and internal control environment as well as the financial reporting systems based on audit feedback from the External Auditors. The representatives of Messrs Mazars PLT were invited to the ARMC meetings to present annual audit findings for the respective reporting period specifically on financial matters and the integrity of systems that relate to financial aspects of the Group and of the Company from time to time. Key features underlying the relationship between the ARMC and the External Auditors are included in the ARMC's Report as detailed on pages 50 to 51 of the Annual Report.

The Company has a policy that requires former key audit partner of the External Auditors to observe a cooling-off period of at least two (2) years before being appointed as a member of the ARMC. Presently, no former key audit partner is appointed as a member of the ARMC.

The ARMC assisted by the management, had on 20 December 2021 undertaken an annual assessment of the suitability and independence of the External Auditors. The assessment of the External Auditors was conducted by completing personalised evaluation form. The factors considered by the ARMC in its assessment include, adequacy of professionalism and experience of the staff, the resources of the external auditors, the fees and the independence of and the level of non-audit services rendered to the Group. The ARMC has assessed and is satisfied with the suitability and the written confirmation provided by the external auditors that they had complied with the ethical requirements regarding independence and objectivity with respect to the audit of the Group in accordance with all relevant professional and regulatory requirements. The ARMC has recommended to the Board the re-appointment of Messrs Mazars PLT as the External Auditors for the financial year ending 31 August 2022, upon which the shareholders' approval will be sought at the forthcoming Eighteenth (18th) AGM. The External Auditors had attended the Company's Seventeenth AGM to provide its report to the shareholders and attended to the issues raised on the conduct of the statutory audit and the preparation as well as the content of their audit report. The External Auditors also may provide certain non-audit services. The ARMC will ensure that provision of these services do not compromise the External Auditors' independence.

2) Risk Management and Internal Control

The Board ensures that there is an on-going process of identifying, evaluating and managing the significant risks via the examination of principal business risks in critical areas, assessing the likelihood of material exposures and the identification of measures taken to mitigate, avoid or reduce these risks are undertaken by the Executive Directors and senior management through meeting held during the financial year. Kindly refer to pages 47 to 49 of the Annual Report on the Statement on Risk Management and Internal Control for more information.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

1) Communication with Stakeholders

The Board acknowledges the importance of accountability and timely communications with its shareholders and stakeholders and recognizes their rights to be well informed on the activities and performance of the Group and to make their own evaluation and investment decision. The Board would ensure compliance with the disclosure requirements as set out in the MMLR of Bursa Securities at all time. The Annual Report and announcements in Bursa Securities remains the principal form of communication by providing shareholders and stakeholders with an overview of the Group's activities and performances. The Company dispatches its Annual Report to shareholders within the stipulated time. All information to shareholders is available electronically as soon as it is announced or published. Other modes of communications are via the AGM as well as the Group's website at www.bslcorp.com. my.

2) Conduct of General Meeting

The AGM and any other general meeting are the principal forum for dialogue with the shareholders. Shareholders are notified of the meetings and provided with the Company's Annual Report and Circular/Statement to shareholders (if any) at least twenty-eight (28) days prior to the scheduled AGM and any other general meetings, unless otherwise required by laws, in order to provide sufficient time to shareholders to understand and evaluate the matters involved as well as to make necessary arrangements to attend, participate and vote either in person, by corporate representative, by proxy or by attorney, to exercise their ownership rights on an informed basis during the AGM and any other general meeting. Opportunity is given to the shareholders to ask questions pertaining to the resolutions being proposed and seek clarification on the business and performance of the Group.

At the previous AGM which was conducted virtually, the Directors were present in person to engage directly with the shareholders. The Chairman invited shareholders to raise questions before putting the resolutions to vote. The Directors, management and External Auditors were in attendance to respond to the shareholders' queries.

Shareholders are entitled to appoint proxy/proxies to vote on their behalf in their absences. All resolutions set out in the notice of AGM and any other general meetings will be voted by poll. Independent Scrutineers will be appointed to conduct the polling process and to verify the results of the poll. The Scrutineers confirms the results for each resolution which include votes in favour and against and the results of the poll will be announced by the Chairman. The outcome of AGM and any other general meeting will be announced to Bursa Securities via Bursa Link on the same day the general meeting is held. Board members are also available before and after these general meeting for informal discussion.

OTHER COMPLIANCE INFORMATION

a) Utilisation of proceeds

The Company did not raise any proceeds from corporate proposals during the financial year ended 31 August 2021.

b) Sanctions and / or penalties

Save as disclosed below, there were no material sanctions or penalties imposed on the Company and its subsidiary Companies, directors or management by the relevant regulatory bodies:-

On 19 December 2014, Crestronics (M) Sdn. Bhd. (n.k.a. BSL Electronics & Technologies Sdn. Bhd.) ("**CMSB**") received bills of demand from the relevant authority demanding payment of sales tax and import duty amounting to RM11,100,000 for the period from December 2011 to July 2014 of which CMSB disputed. The directors have been in discussion with the relevant authority and have provided all necessary documentation to support their view. The directors of the Company have obtained advice from a consultant, and based on the advice received, the directors are of the view that CMSB should only be liable for up to RM200,000 and a provision for this had been made in the financial statements (Note 25). The remaining balance of the claim of RM10,900,000 represents a contingent liability which is subject to appeal to the authority.

On 30 December 2014, CMSB appealed to the relevant authority. Subsequently, on 15 September 2015, the authority rejected the appeal with no specific reason mentioned.

On 5 November 2015, CMSB appealed to the relevant authority again. However, on 28 June 2017, CMSB received a letter from the relevant authority that the appeal against the bills of demand has been rejected and further appeal will not be considered. Thereafter, the directors engaged another consultant to look into this matter to appeal to Minister of Finance.

On 30 January 2018, CMSB submitted remission application to the Ministry of Finance. Subsequently, on 10 April 2018, Ministry of Finance rejected the application with no specific reason mentioned.

On 5 July 2018, CMSB, through its appointed solicitor filed in an application for judicial review to the High Court. During the leave hearing for judicial review held on 19 September 2018, the High Court granted leave and an interim stay for the enforcement of bills of demand until the disposal of the inter-partes stay hearing. The High Court has fixed for the Minister of Finance to file its affidavit in reply by 21 December 2018 whereas CMSB is required to file its further affidavit in reply by 11 January 2019. The High Court also fixed for case management on 28 January 2019.

On 28 January 2019, the High Court fixed for CMSB to file its affidavit in reply by 21 February 2019. CMSB, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department are required to attend another case management on 15 March 2019 and hearing on 29 March 2019.

On 22 March 2019, the High Court had adjourned the hearing to 21 May 2019.

On 21 May 2019, the High Court fixed the decision date to be held on 9 July 2019 but subsequently adjourned to 17 October 2019 after a few adjournments.

On 17 October 2019, the High Court set another case management on 5 November 2019 for the new judge to decide whether to hear the case afresh or to deliver the decision based on notes prepared by the previous judge whom had been elevated to the Court of Appeal.

On 5 November 2019, the High Court has set 6 January 2020 for further clarification and to deliver the decision.

On 6 January 2020, the High Court dismissed CMSB's judicial review application. CMSB proceeded to file a notice of appeal on 13 January 2020 to the Court of Appeal in relation to the High Court's decision to dismiss CMSB's judicial review application. CMSB also filed for a stay application at the High Court on 24 January 2020.

The High Court has set a case management on 6 February 2020.

On 6 February 2020, the High Court fixed for Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department to file an affidavit in reply by 20 February 2020 and CMSB to file its affidavit in reply by 5 March 2020. CMSB, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department are required to file written submission and to attend case management on 13 April 2020 and hearing on 29 April 2020.

On 14 April 2020, the High Court has vacated the hearing on 29 April 2020 and fixed a case management on the same date.

OTHER COMPLIANCE INFORMATION (CONT'D)

b) Sanctions and / or penalties (cont'd.)

On 30 April 2020, the High Court has instructed CMSB, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department to file the written submission and written submission in reply, if any by 3 June 2020 and 11 June 2020 respectively, attend a case management on 11 June 2020 and hearing on 16 June 2020.

On 16 June 2020, the High Court granted CMSB a stay of proceedings until the disposal of the appeal at the Court of Appeal.

On 14 October 2020, the Court of Appeal has instructed all parties to file their written submissions within the stipulated time and fixed the hearing date on 17 August 2021.

On 18 December 2020, CMSB had filled and served an Originating Summons ("OS") against Panasonic Manufacturing Malaysia Berhad ("PMMA") in the High Court of Malaya in Kuala Lumpur for a total amount of RM9,431,695 being import duties and sales tax arises from the economic transactions between CMSB and PMMA during the period from December 2011 to July 2014 which led to the majority of the total claim of import duties and sales tax from the authority on CMSB. CMSB had filed the OS for declaratory relief concerning PMMA's liability to pay import duties and sales tax to CMSB in the event CMSB's appeal against the levy of the import duties and sales tax at the Court of Appeal fails and also to preserve its cause of action against PMMA prior to expiry. CMSB's solicitors had attempted to serve the OS onto PMMA premises, however the said service was not successful as PMMA's premises were closed. Thus, CMSB's solicitors had served the OS by hand to PMMA's solicitors on 29 December 2020. The High Court of Malaya had set a case management on 5 January 2021 for the OS filed by CMSB.

On 15 February 2021, PMMA had filed in an application to strike off the OS raised by CMSB ("**PMMA's Application**") at the Kuala Lumpur High Court and the hearing for the PMMA's Application was set on 3 May 2021. However, the hearing was converted into a case management and during the case management, the High Court had adjourned the hearing for the PMMA's Application to 30 September 2021.

On 6 August 2021, PMMA had filed to the Court of Appeal a notice of motion ("**Motion**") to intervene in the appeal proceedings commenced by CMSB at the Court. At a case management held on 11 August 2021, the Court instructed the following:

- 1. The appeal hearing initially scheduled on 17 August 2021 will be vacated;
- 2. The hearing for the Motion to intervene is fixed on 1 November 2021; and
- 3. CMSB and PMMA to submit their affidavits and written submissions within the stipulated time.

On 30 September 2021, the Court fixed the decision date in regards to the application by PMMA to strike-out CMSB's OS on 6 October 2021.

On 6 October 2021, the Court had decided to allow PMMA's application and stuck off CMSB's OS. However, CMSB intends to appeal to the Court of Appeal against the High Court's decision.

On 11 October 2021, a notice of appeal was filed by CMSB in relation to the Kuala Lumpur High Court's decision to allow PMMA's application to strike out CMSB's OS.

On 1 November 2021, the Court of Appeal has allowed PMMA's Motion to intervene CMSB's appeal proceedings at the Court.

On 30 November 2021, CMSB has filed an application for leave to appeal to the Federal Court against the Court of Appeal's decision to allow PMMA's Application to intervene in the Court of Appeal.

c) Audit and Non-audit fees

The total fees paid to the External Auditors for the financial year ended 31 August 2021 are as follows:-

Audit Fees

The total audit fees (including both statutory and non-statutory audits) charged by the External Auditors for the financial year ended 31 August 2021 exclusive of expenses and applicable taxes, were amounted to RM162,300.

(2) Non-audit Fees

The total non-audit fees charged by the External Auditors for other services performed for the financial year ended 31 August 2021, exclusive of expenses and applicable taxes, were amounted to RM5,000.00.

d) Material contracts or loans

There were no material contract entered into by the Group and by the Company which involved Directors' and major shareholders' interest, either still subsisting at the end of the financial year ended 31 August 2021 or, if not then subsisting, entered into since the end of the previous financial year.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

Introduction

The Malaysian Code on Corporate Governance requires the Board of Directors ("Board") of listed companies to establish a sound risk management and internal control system to safeguard shareholders' investment and assets of BSL Corporation Berhad and it's subsidiary companies (the "Group"). Under Paragraph 15.26(b) of Bursa Malaysia Securities Berhad's ("Bursa Securities") Main Market Listing Requirements ("MMLR"), the Board of listed companies is required to produce a statement on the state of the Group's internal control as a group in their Annual Report. In this regards, the Board is pleased to set out below the statement on risk management and internal control for the Group. Associated company and joint venture are excluded from this Statement as the Group does not have full management and control over them.

Board's responsibility

The Board has overall responsibility for the Group's system of internal control and for reviewing its effectiveness whilst the role of management is to implement the Board's policies on risk and control.

The system of internal control is designed to manage rather than eliminate the risk of failure to achieve business objectives. In pursuing these objectives, internal controls can only provide reasonable and no absolute assurance against material misstatement or loss.

The Board confirms that there is a continuous process for identifying, evaluating and managing the significant risks faced by the Group, which has been in place for the financial year under review and up to date of approval of the annual report and financial statements.

Internal audit function

The Group had outsourced its internal audit function to an independent party who assists the Audit and Risk Management Committee ("ARMC") as well as the Board in discharging their responsibilities by providing an independent, objective assurance and advisory services that add value and improve the operations by:

- Ensuring existence of processes to monitor the effectiveness and efficiency of operations and the achievement of business objectives;
- Ensuring adequacy and effectiveness of internal control systems for safeguarding of assets, providing consistent, accurate financial and operational data;
- Promoting risk awareness and the value and nature of an effective internal control system;
- Ensuring compliance with laws, regulations, corporate policies and procedures; and
- Assisting management in accomplishing its objectives by adopting a systematic and disciplined audit approach
 to evaluating and improving the effectiveness of risk management, control and governance processes within the
 companies' operations.

The Internal Auditors conducted review on the Group's system of internal controls in a systematic and cyclic basis and on selected business processes. The Internal Auditors tabled the results of their review to the ARMC at meetings on a quarterly basis.

During the financial year ended 31 August 2021, the reviews covered the following areas:

- Credit management process, particularly on the policy and procedures in place and testing of operating controls, segregation of duties, internal review on debt monitoring.
- Asset management process, particularly on the internal control processes, segregation of duties and safeguarding of assets.
- Human resource and payroll management process, particularly on internal controls, review of the recruitment, resignation, overtime, and disciplinary action process amongst others.
- Payment management process, particularly on relevant policies and procedures, the effectiveness and efficiency of the payment process and segregation of duties amongst others.

The ARMC had reviewed the Internal Auditors' findings and recommendations, management response and proposed action plans as well as presented its findings and recommendations to the Board. Follow up reviews on previous audit issues are carried out in order to ensure that the recommendations made by the Internal Auditors are adopted accordingly.

In addition, the Internal Auditors also presents their Audit Plan for the financial year prior to commencement which details the key areas to audit for the ARMC to approve.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

Key elements of internal controls

The key elements of the Group's internal control system are described below:

Organisation structure

The Board has in place an organisation structure with well-defined delegation of responsibilities and accountabilities within the Group's senior management. The roles and responsibilities are clearly established in the respective job description list in order to enhance the internal control system of the Group's various operations.

Board committee

Board Committees such as ARMC, Nomination Committee and Remuneration Committee are established with formal terms of references clearly outlining their functions and duties delegated by the Board. The ARMC meets at least four (4) times a year and reviews the effectiveness of the Group's system of internal control and risk management. The ARMC meets with the Internal Auditors and External Auditors to review their reports whilst assessing the Board to review the effectiveness of the ongoing monitoring processes on risk and control matters for areas within their scope.

Control activities

The Group continuously reviews and updates its policies, procedures and standards in accordance with changes in the operation environment.

Management meetings

Regular Management meetings are held to raise issues, discuss, review and monitor the business development and resolve operational and management issues and review financial performances for each operating unit and regular visit by the Senior Personnel or Management team to each operating unit as an when necessary.

Ongoing training

As and when necessary, provision of staff training and development programs to equip staff with the appropriate knowledge and skills to enable staff to carry out their job functions productively and effectively.

Hands on approach

Close involvement of the Executive Directors of the Group in its daily operations.

• Related party transactions monitoring

Related party transactions are disclosed, reviewed and monitored by the ARMC on a periodic basis.

The existing system of internal control has been in place for the financial year under review.

Risk management

The Board ensures that there is an on-going process of identifying, evaluating and managing the significant risks via the examination of principal business risks in critical areas, assessing the likelihood of material exposures and the identification of measures taken to mitigate, avoid or reduce these risks are undertaken by the Executive Directors and senior management through regular meetings held throughout the financial year.

The Group has also carried out risk assessment exercise for its main operating subsidiary companies on a yearly basis. The risk assessment exercise involves Head of Departments who identifies the risk relevant to their respective department and the countermeasures. Based on this exercise, a risk register is compiled which indicates the key risks affecting the Group and the relevant countermeasures. The ARMC was briefed on the updates of the risk register and new risk identified with its mitigation plans on 26 October 2020.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

Review of the Statement on Risk Management and Internal Control

The External Auditors have performed limited assurance procedures on this Statement on Risk Management and Internal Control pursuant to the scope set out in Recommended Practice Guide ("RPG") 5, Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report issued by the Malaysia Institute of Accountants for inclusion in the Annual Report of the Group for the financial year ended 31 August 2021, and reported to the Board that nothing has come to their attention that causes them to believe that this Statement intended to be included in the Annual Report is not prepared, in all material respect, in accordance with the disclosures required by Paragraphs 41 and 42 of the Guidelines, nor is the Statement factually inaccurate.

RPG 5 does not require the External Auditors to consider whether the Directors' Statement in Risk Management and Internal Control covers all risk and controls, or to form an opinion in the adequacy and effectiveness of the Group's risk management and internal control system including the assessment and opinion by the Directors and Management thereon. The report from External Auditors was made solely for, and directed solely to the Board of Directors in connection with their compliance with the Bursa Securities's MMLR and for no other purposes or parties. The External Auditors do nor assume responsibility to any person other than the Board of Directors in respect of any aspect of this Statement.

Conclusion

The Board is of the view that the risk management and internal controls practices and processes in place for the financial year under review and up to date of issuance of the financial statements are sound and adequate to safeguard the interest of shareholders. No material losses, contingencies or uncertainties have arisen from any inadequacy or failure of the Group's internal controls that would require separate disclosure in this Annual Report.

OTHER INFORMATION

Before the financial statements were made out, the directors took reasonable steps:

- (i) to ascertain that appropriate action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and
- (ii) to ensure that any current assets which were unlikely to realise in the ordinary course of business including their value of current assets as shown in the accounting records of the Group and of the Company have been written down to an amount which the current assets might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances:

- (i) which would render the amount written off as bad debts or the amount of the allowance for doubtful debts inadequate to any substantial extent in the financial statements of the Group and of the Company; or
- (ii) which would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading; or
- (iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

At the date of this report, there does not exist:

- any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
- (ii) any contingent liability which has arisen since the end of the financial year except as disclosed in Note 36 to the financial statements.

No contingent or other liability has become enforceable, or is likely to become enforceable, within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may affect the ability of the Group or of the Company to meet their obligations when they fall due.

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements misleading.

In the opinion of the directors:

- (i) the results of the operations of the Group and of the Company during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (ii) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

SIGNIFICANT EVENTS OCCURRING DURING AND AFTER THE FINANCIAL YEAR

Significant events occurring during and after the financial year is disclosed in Note 40 to the financial statements.

AUDITORS

To the extent permitted by laws, the Company has agreed to indemnify its auditors, as part of the terms of its audit engagement, against claims arising from the audit. No payment has been made to indemnify the auditors for the current financial year.

Auditors' remuneration is set out in Note 29 to the financial statements.

The auditors, Mazars PLT, Chartered Accountants, have expressed their willingness to accept re-appointment.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF BSL CORPORATION BERHAD

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of BSL Corporation Berhad, which comprise the statements of financial position as at 31 August 2021 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 63 to 122.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 August 2021, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws* (on *Professional Ethics, Conduct and Practice*) of the *Malaysian Institute of Accountants* ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants* (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matter

Key audit matter is matter that, in our professional judgement, was of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. This matter was addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

Fair value assessment of other investment in unquoted shares

The risk:

As at 31 August 2021, the carrying amount of the other investment in unquoted shares was RM5,797,500 which was measured at fair value, based on price to book valuation technique.

We have identified this to be a key audit matter as the management's assessment of the recoverable amount of these investments involve estimation and significant judgement relating to the assumptions used.

The Group's accounting policies and disclosure arising from other investment in unquoted shares are disclosed in Notes 3(i) and 10 respectively, to the financial statements.

How the matter was addressed in our audit:

- (i) We obtained the valuation report prepared by the professional valuers from the management;
- (ii) We considered and assessed the independent professional valuers' competence, reputation, background or relevant experience, objectivity and independence;
- (iii) With the support of our internal specialist, we discussed and obtained an understanding of the methodology and assumptions adopted by the independent valuers in estimating the fair value of the equity interest on the other investment in unquoted shares; and
- (iv) We evaluated the appropriateness of the data used by the independent professional valuers as input into their valuation of the other investment in unquoted shares.

Report on the Audit of the Financial Statements (Cont'd)

Emphasis of Matter

We draw attention to Note 36(b) to the financial statements which discloses the bills of demand issued by the relevant authority to BSL Electronics & Technologies Sdn. Bhd. (formerly known as Crestronics (M) Sdn. Bhd.) ("BSLET"), a wholly owned subsidiary company of the Company.

On 19 December 2014, BSLET received bills of demand from the relevant authority demanding payment of sales tax and import duty amounting to RM11,100,000 for the period from December 2011 to July 2014 of which BSLET disputed. The directors have been in discussion with the relevant authority and have provided all necessary documentation to support their view. The directors of the Company have obtained advice from a consultant, and based on the advice received, the directors are of the view that BSLET should only be liable for up to RM200,000 and a provision for this had been made in the financial statements (Note 25 to the financial statements). The remaining balance of the claim of RM10,900,000 represents a contingent liability which is subject to appeal to the authority.

On 30 December 2014, BSLET appealed to the relevant authority. Subsequently, on 15 September 2015, the authority rejected the appeal with no specific reason mentioned.

On 5 November 2015, BSLET appealed to the relevant authority again. However, on 28 June 2017, BSLET received a letter from the relevant authority that the appeal against the bills of demand has been rejected and further appeal will not be considered. Thereafter, the directors engaged another consultant to look into this matter to appeal to Minister of Finance.

On 30 January 2018, BSLET submitted remission application to the Ministry of Finance. Subsequently, on 10 April 2018, Ministry of Finance rejected the application with no specific reason mentioned.

On 5 July 2018, BSLET, through its appointed solicitor filed in an application for judicial review to the High Court. During the leave hearing for judicial review held on 19 September 2018, the High Court granted leave and an interim stay for the enforcement of bills of demand until the disposal of the inter-partes stay hearing. The High Court has fixed for the Minister of Finance to file its affidavit in reply by 21 December 2018 whereas BSLET is required to file its further affidavit in reply by 11 January 2019. The High Court also fixed for case management on 28 January 2019.

On 28 January 2019, the High Court fixed for BSLET to file its affidavit in reply by 21 February 2019. BSLET, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department are required to attend another case management on 15 March 2019 and hearing on 29 March 2019.

On 22 March 2019, the High Court had adjourned the hearing to 21 May 2019.

On 21 May 2019, the High Court fixed the decision date to be held on 9 July 2019 but subsequently adjourned to 17 October 2019 after a few adjournments.

On 17 October 2019, the High Court set another case management on 5 November 2019 for the new judge to decide whether to hear the case afresh or to deliver the decision based on notes prepared by the previous judge whom had been elevated to the Court of Appeal.

On 5 November 2019, the High Court has set 6 January 2020 for further clarification and to deliver the decision.

On 6 January 2020, the High Court dismissed BSLET's judicial review application. BSLET proceeded to file a notice of appeal on 13 January 2020 to the Court of Appeal in relation to the High Court's decision to dismiss BSLET's judicial review application. BSLET also filed for a stay application at the High Court on 24 January 2020.

The High Court has set a case management on 6 February 2020.

On 6 February 2020, the High Court fixed for Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department to file an affidavit in reply by 20 February 2020 and BSLET to file its affidavit in reply by 5 March 2020. BSLET, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department are required to file written submission and to attend case management on 13 April 2020 and hearing on 29 April 2020.

On 14 April 2020, the High Court has vacated the hearing on 29 April 2020 and fixed a case management on the same date.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF BSL CORPORATION BERHAD (CONT'D)

Report on the Audit of the Financial Statements (Cont'd)

On 30 April 2020, the High Court has instructed BSLET, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department to file the written submission and written submission in reply, if any by 3 June 2020 and 11 June 2020 respectively, attend a case management on 11 June 2020 and hearing on 16 June 2020.

On 16 June 2020, the High Court granted BSLET a stay of proceedings until the disposal of the appeal at the Court of Appeal.

On 14 October 2020, the Court of Appeal has instructed all parties to file their written submissions within the stipulated time and fixed the hearing date on 17 August 2021.

On 18 December 2020, BSLET had filled and served an Originating Summons ("OS") against Panasonic Manufacturing Malaysia Berhad ("PMMA") in the High Court of Malaya in Kuala Lumpur for a total amount of RM9,431,695 being import duties and sales tax arises from the economic transactions between BSLET and PMMA during the period from December 2011 to July 2014 which led to the majority of the total claim of import duties and sales tax from the authority on BSLET. BSLET had filed the OS for declaratory relief concerning PMMA's liability to pay import duties and sales tax to BSLETin the event BSLET's appeal against the levy of the import duties and sales tax at the Court of Appeal fails and also to preserve its cause of action against PMMA prior to expiry. BSLET's solicitors had attempted to serve the OS onto PMMA premises, however the said service was not successful as PMMA's premises were closed. Thus, BSLET's solicitors had served the OS by hand to PMMA's solicitors on 29 December 2020. The High Court of Malaya had set a case management on 5 January 2021 for the OS filed by BSLET.

On 15 February 2021, PMMA had filed in an application to strike off the OS raised by BSLET ("PMMA's Application") at the Kuala Lumpur High Court and the hearing for the PMMA's Application was set on 3 May 2021. However, the hearing was converted into a case management and during the case management, the High Court had adjourned the hearing for the PMMA's Application to 30 September 2021.

On 6 August 2021, PMMA had filed to the Court of Appeal a notice of motion ("Motion") to intervene in the appeal proceedings commenced by BSLET at the Court. At a case management held on 11 August 2021, the Court instructed the following:

- 1. The appeal hearing initially scheduled on 17 August 2021 will be vacated;
- 2. The hearing for the Motion to intervene is fixed on 1 November 2021; and
- 3. BSLET and PMMA to submit their affidavits and written submissions within the stipulated time.

On 30 September 2021, the Court fixed the decision date in regards to the application by PMMA to strike-out BSLET's OS on 6 October 2021.

On 6 October 2021, the Court had decided to allow PMMA's Application and stuck off BSLET's OS. However, BSLET intends to appeal to the Court of Appeal against the High Court's decision.

On 11 October 2021, a notice of appeal was filed by BSLET in relation to the Kuala Lumpur High Court's decision to allow PMMA's Application to strike out BSLET's OS.

On 1 November 2021, the Court of Appeal has allowed PMMA's Motion to intervene BSLET's appeal proceedings at the Court.

On 30 November 2021, BSLET has filed an application for leave to appeal to the Federal Court against the Court of Appeal's decision to allow PMMA's Application to intervene in the Court of Appeal.

Based on the available facts and information as of the date of this report, the solicitor is of the opinion that BSLET has arguable grounds and basis to contend that there is no legal and factual basis for the Minister of Finance to reject BSLET's remission application. Consequently, no further provision has been provided. In the event that the appeal is not successful, BSLET is liable for the remaining balance of the claim of RM10,900,000.

Our opinion is not qualified in respect of this matter.

Report on the Audit of the Financial Statements (Cont'd)

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company,
 whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities
 within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction,
 supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiary companies of which we have not acted as auditors, are disclosed in Note 7 to the financial statements.

Other Matter

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

1. GENERAL INFORMATION

BSL Corporation Berhad (the "Company") is a public limited liability company incorporated and domiciled in Malaysia, and listed on the Main Market of Bursa Malaysia Securities Berhad. The addresses of the principal place of business and registered office of the Company are disclosed in page 8.

The principal activity of the Company is an investment holding company. The principal activities of the subsidiary companies are disclosed in Note 7. There have been no significant changes in these activities during the financial year.

2. BASIS OF PREPARATION

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS") issued by the Malaysian Accounting Standards Board ("MASB"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The measurement bases applied in the preparation of the financial statements include historical cost, recoverable value, realisable value and fair value. Estimates are used in measuring these values.

The financial statements are presented in Ringgit Malaysia ("RM"), which is also the functional currency of the Company.

The financial statements have been prepared on the historical cost basis, except for other measurement bases applied, including fair value, as stated in the significant accounting policies set out in Note 3.

(a) Application of new or revised standards

In the current financial year, the Group and the Company have applied a number of Amendments to MFRSs ("Amendments") that become effective mandatorily for the financial periods beginning on or after 1 September 2020.

The adoption of the Amendments does not have any significant impact on the financial statements of the Group and of the Company.

(b) Standards issued that are not yet effective

The Group and the Company have not applied the following new standard and amendments that have been issued by MASB but are not yet effective:

MFRS and Amendments to MFRS	MFRS and Amendments to MFRSs		
Amendments to MFRS 9, MFRS 139, MFRS 7, MFRS 4 and MFRS 16	Interest Rate Benchmark Reform - Phase 2	1 January 2021

The adoption of the above new standard and amendments are not expected to have significant impact on the financial position and financial performance of the Group and of the Company.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and of all subsidiary companies controlled by the Company made up to the end of the financial year.

The Company controls an entity if and only if the Company has all the following:

- (i) power over the entity;
- (ii) exposure, or rights, to variable returns from its involvement with the entity; and
- (iii) the ability to use its power over the entity to affect the amount of the returns.

Potential voting rights are considered when assessing control only if the rights are substantive.

The Company reassesses whether it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Consolidation of an investee shall begin from the date the Company obtains control of the investee and ceases when the investor loses control of the investee.

The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

All intra-group balances, transactions, income and expenses are eliminated in full on consolidation and the consolidated financial statements reflect external transactions only.

The Company attributes the profit or loss and each component of other comprehensive income to the owners of the Company and to the non-controlling interests. The Company also attributes total comprehensive income to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes of interests in subsidiary companies

The changes of interests in subsidiary companies that do not result in a loss of control are treated as equity transactions between the Group and non-controlling interest holders. Any gain or loss arising from equity transactions is recognised directly in equity.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(a) Basis of consolidation (Cont'd)

Loss of control

When the Company loses control of a subsidiary company:

- It derecognises the assets and liabilities, non-controlling interests, and other amounts previously recognised in other comprehensive income relating to the former subsidiary company.
- (ii) It recognises any gain or loss in profit or loss attributable to the Group, which is calculated as the difference between (i) the aggregate of the fair value of the consideration received, if any, from the transaction, event or circumstances that resulted in the loss of control; plus any investment retained in the former subsidiary company at its fair value at the date when control is lost; and (ii) the net carrying amount of assets, liabilities, goodwill and any non-controlling interests attributable to the former subsidiary company at the date when control is lost.
- (iii) It recognises any investment retained in the former subsidiary company at its fair value when control is lost. That fair value shall be regarded as the fair value on initial recognition of a financial asset in accordance with MFRS 9 or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture.

(b) Business combination

The Group accounts for each business combination by applying the acquisition method.

The consideration transferred in a business combination shall be measured at fair value, which shall be calculated as the sum of the acquisition date fair values of the assets transferred by the Group, the liabilities incurred by the Group and the equity interests issued by the Group.

The Group accounts for acquisition related costs as expenses in the periods in which the costs are incurred and the services are received.

For each business combination, the Group measures at the acquisition date, components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation at either: (i) fair value; or (ii) the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis.

On the date of acquisition, goodwill is measured as the excess of (a) over (b) below:

- a. The aggregate of: (i) the fair value of consideration transferred; (ii) the amount of any non-controlling interest in the investee; and (iii) in a business combination achieved in stages, the fair value of the Group's previously held equity interest in the investee.
- b. The net fair value of the identifiable assets acquired and the liabilities assumed.

In a business combination where the amount in (b) above exceeds the aggregate of the amounts in (a) above, the Group recognises the resulting gain in profit or loss on the acquisition date.

(c) Investments in subsidiary companies

In the Company's separate financial statements, investments in subsidiary companies are measured at cost less impairment losses. Impairment losses are charged to profit or loss.

On disposal, the difference between the net disposal proceeds and the carrying amount of the subsidiary company disposed of is recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(d) Investments in associate and joint venture

An associate is an entity in which the Group has significant influence and that is neither a subsidiary company nor an interest in a joint arrangement. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group has significant influence.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

Investments in associate or joint venture are accounted for in the consolidated financial statements using the equity method of accounting. Under the equity method, the investments in associate or joint venture are initially recognised at cost and adjusted thereafter for post-acquisition changes in the Group's share of net assets of the associate or joint venture.

The Group's share of net profit or loss and changes recognised directly in the other comprehensive income of the associate or joint venture are recognised in the consolidated statement of profit or loss and other comprehensive income respectively.

An investment in an associate or joint venture is accounted for using the equity method from the date on which the Group obtains significant influence or joint control until the date the Group ceases to have a significant influence or joint control over the associate or joint venture.

Premium relating to an associate or a joint venture is included in the carrying value of the investment and it is not tested for impairment separately. Instead, the entire carrying amount of the investment is tested for impairment.

Discount on acquisition is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the associate's profit or loss in the period in which the investment is acquired.

Unrealised gains or losses on transactions between the Group and its associate or joint venture are eliminated to the extent of the Group's interest in the associate or joint venture.

Equity accounting is discontinued when the carrying amount of the investment in an associate or joint venture diminishes by virtue of losses to zero, unless the Group has legal or constructive obligations or made payments on behalf of the associate and joint venture.

The results and reserves of associate or joint venture are accounted for in the consolidated financial statements based on financial statements made up to the end of the financial year and prepared using accounting policies that conform to those used by the Group for like transactions in similar circumstances.

Distributions received from an associate or joint venture reduce the carrying amount of the investment.

When the Group ceases to have significant influence over an associate, any retained interest in the former associate is recognised at fair value on the date when significant influence is lost. Any gain or loss arising from the loss of significant influence over an associate is recognised in profit or loss.

When changes in the Group's interests in an associate that do not result in a loss of significant influence, the retained interests in the associate are not remeasured. Any gain or loss arising from the changes in the Group's interests in the associate is recognised in profit or loss.

In the Company's separate financial statements, investments in associate and joint venture are measured at cost less impairment losses, if any. Impairment losses are recognised in profit or loss.

On disposal, the difference between the net disposal proceeds and the carrying amount of the associate or joint venture disposed of is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(e) Property, plant and equipment

(i) Measurement basis

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Effective on 30 August 2018, the Group revalues its leasehold land, freehold land and buildings based on valuation carried out by independent firm of professional valuers using the open market basis.

The cost of property, plant and equipment includes expenditure that is directly attributable to the acquisition of the assets. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset.

Subsequent costs are included in the asset's carrying amount when it is probable that future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial year in which they are incurred.

Valuations on leasehold land, freehold land and buildings are performed with sufficient regularity to ensure that the carrying amount does not differ materially from the fair value of the leasehold land, freehold land and buildings as at reporting date. Surplus arising from revaluation is dealt with through the asset revaluation reserve account, net of deferred tax, if any. Any deficit arising is set-off against the asset revaluation reserve to the extent of a previous increase for the same property. In all other cases, a decrease in carrying amount will be charged to profit or loss. For a revaluation increase subsequent to a revaluation deficit of the same asset, the surplus is recognised as income to the extent that it reverses the deficit previously recognised as an expense with the balance of increase credited to revaluation reserve.

Property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. On disposal, the difference between the net disposal proceeds and the carrying amount is recognised in profit or loss.

(ii) Depreciation

Freehold land is not depreciated.

Depreciation is calculated to write off the depreciable amount of other property, plant and equipment on a straight-line basis over their estimated useful lives. Depreciable amount of other property, plant and equipment is determined after deducting the residual value from the cost.

The principal annual rates used for this purpose are:

Leasehold land

Buildings

Plant and machinery

Office equipment, computer equipment, furniture, fittings, renovation, factory upgrade and factory equipment

Motor vehicles

10% - 20%

The residual values, useful lives and depreciation method are reviewed, and adjusted if appropriate, at each reporting date.

(f) Goodwill

Goodwill represents the excess of the cost of acquisition of subsidiary companies over the Group's interest in net fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary companies at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

On disposal of a subsidiary company, the attributable amount of goodwill is included in the determination of profit or loss on disposal.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(g) Impairment of non-financial assets

(i) Goodwill

Goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that the goodwill may be impaired.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units that are expected to benefit from synergies of the business combination.

An impairment loss is recognised when the carrying amount of the cash-generating unit, including goodwill, exceeds the recoverable amount of the cash-generating unit. Recoverable amount of the cash-generating unit is higher of the cash-generating unit's fair value less cost to sell and its value in use.

The total impairment loss is allocated first to reduce the carrying amount of goodwill allocated to the cash generating unit and then to the other assets of the cash-generating unit proportionately on the basis of the carrying amount of each asset in the cash-generating unit.

Impairment loss recognised for goodwill is not reversed in the event of an increase in recoverable amount in subsequent periods.

(ii) Property, plant and equipment, right-of-use assets, investments in subsidiary companies, associate and joint venture

Property, plant and equipment, right-of-use assets, investments in subsidiary companies, associate and joint venture are assessed at the end of each reporting period to determine whether there is any indication of impairment.

If such an indication exists, the asset's recoverable amount is estimated. The recoverable amount is the higher of an asset's fair value less cost to sell and its value in use. Value in use is the present value of the future cash flows expected to be derived from the assets. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs.

An impairment loss is recognised whenever the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount. Impairment losses are charged to profit or loss except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

Any reversal of an impairment loss as a result of a subsequent increase in recoverable amount should not exceed the carrying amount that would have been determined (net of amortisation or depreciation, if applicable) had no impairment loss been previously recognised for the asset.

(h) Inventories

Inventories are valued at the lower of cost (determined principally on the 'first-in, first-out' basis) and net realisable value. The cost of raw materials comprises the original purchase price plus the costs incurred in bringing these inventories to their present location and condition. The cost of finished goods and work-in-progress include the costs of raw materials and production overheads.

Net realisable value represents the estimated selling price in the ordinary course of business, less selling and distribution costs and all other estimated cost to completion.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of an instrument.

Financial assets and financial liabilities are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities on initial recognition.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Subsequent measurement

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. Financial assets are measured subsequently in the following manners:

- at amortised cost (debt instruments);
- at fair value through other comprehensive income ("FVTOCI"), with recycling of cumulative gains and losses (debt instruments);
- · designated at FVTOCI, without recycling of cumulative gains and losses (equity instruments); or
- at fair value through profit or loss ("FVTPL").

Financial assets at amortised cost

Debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in profit or loss when an asset is derecognised, modified or impaired.

The effective interest method is a method of calculating the amortised cost of a debt instrument by allocating interest income over the relevant periods.

Equity instruments designated at FVTOCI

Upon initial recognition, management may make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognised by an acquirer in a business combination.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term;
- on initial recognition it is part of a portfolio of identified financial instruments that the entity manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative instrument (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in a reserve in equity. Equity instruments designated at FVTOCI are not subject to impairment assessment.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) Financial instrument (Cont'd)

Impairment of financial assets

Loss allowance is recognised for expected credit losses ("ECL") for all debt instruments not held at FVTPL, i.e. financial assets at amortised cost or FVTOCI, receivables, lease receivables, contract assets, loan commitments and financial guarantee contracts.

ECL is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that are expected to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial asset.

Management measures the loss allowance of trade receivables, contract assets and lease receivables at an amount equal to their lifetime ECL (i.e. simplified approach). The ECL on these financial assets are estimated based on historical credit loss experience, and where appropriate, adjusted for forward-looking factors specific to the debtors and the economic environment.

For all other financial assets at amortised cost, where credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECL is provided for credit losses that result from default events that are possible within 12 months after the reporting date. For those credit exposures for which there has been a significant increase in the likelihood or risk of a default occurring since initial recognition (instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring), a loss allowance is required for credit losses expected over the remaining life of the financial assets.

Derecognition of financial assets

A financial asset is derecognised only when the contractual rights to the cash flows from the financial asset expire; or when the financial asset is transferred and substantially all the risks and rewards of ownership of the financial asset are transferred to another party.

If the entity neither transfers nor retains substantially all the risks and rewards of ownership and continues to control a transferred financial asset, the entity recognises its retained interest in the financial asset and an associated liability for amounts it may have to pay. If the entity retains substantially all the risks and rewards of ownership of a transferred financial asset, the entity continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the financial asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss. On derecognition of an investment in a debt instrument classified at FVTOCI, the cumulative gain or loss previously accumulated in the reserve is reclassified to profit or loss. On derecognition of an investment in equity instrument classified at FVTOCI, the cumulative gain or loss previously accumulated in the reserve is transferred to retained earnings.

Financial liabilities and equity instruments

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities

All financial liabilities are subsequently measured at FVTPL or at amortised cost (using the effective interest method).

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) Financial instrument (Cont'd)

Financial liabilities at amortised cost

These financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability by allocating interest expense over the relevant periods. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, to the amortised cost of a financial liability.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the obligations under the liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

When an existing financial liability is replaced by another financial liability from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability.

Equity instrument

Equity instruments issued are recognised at the proceeds received. Costs incurred directly attributable to the issuance of the equity instruments are accounted for as a deduction from equity.

Repurchase of own equity instruments is deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of own equity instruments.

(j) Non-current asset held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset or disposal group is available for immediate sale in its present condition and the sale is highly probable, where management is committed to the sale which is expected to complete within one year from the date of classification.

Non-current assets and disposal groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

(k) Share buy-back

When shares are repurchased and held as treasury shares, the amount of the consideration paid, including directly attributable costs, is recognised as cost and set off against equity.

When such shares are subsequently sold or reissued, any consideration received, net of any directly attributable incremental external cost and the related tax effects, is recognised in equity.

(I) Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(m) Provisions

Provisions are made when the Group and the Company have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount can be made.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

(n) Revenue recognition

Revenue from a contract with a customer is recognised when control of the goods or services are transferred to the customer. Revenue is measured based on the consideration specified in the contract to which the entity expects to be entitled in exchange for transferring the goods or services to the customer, excluding amounts collected on behalf of third parties.

If a contract with a customer contains more than one performance obligation, the total consideration is allocated to each performance obligation based on the relative stand-alone selling prices of the goods or services promised in the contract.

Sales of goods

Revenue from sales of goods is recognised at the point in time when control of the goods is transferred to a customer, generally upon delivery of goods.

In measuring the revenue for the sales of goods, the effects of variable consideration, the existence of significant financing component, non-cash consideration, and consideration payable to the customer, etc. are taken into consideration.

Construction contracts revenue

Revenue is recognised over time, if a customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs.

Revenue is recognised using an input method to measure progress towards complete satisfaction of the services.

Renewable energy income

Energy fee derived from the conversion into electricity of renewable energy resources is recognised as revenue upon actual delivery of such converted energy.

Contract balances arising from revenue recognition

Contract assets are the right to consideration in exchange for goods or services transferred to customers. If goods or services are transferred to customers before the customers pay consideration or before payment is due, contract assets are recognised for the earned consideration that is conditional. Trade receivables represent the entity's right to an amount of consideration that is unconditional.

Contract liabilities are the obligation to transfer goods or services to customers for which the entity has received consideration (or an amount of consideration is due) from the customers. If the customers pay consideration before the entity transfers goods or services to the customers, contract liabilities are recognised when the payment is made or the payment is due (whichever is earlier).

Other income is recognised as follows:

Interest income is recognised using the effective interest method.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(o) Leases

The Group as lessee

Right-of-use assets and corresponding lease liabilities are recognised with respect to all lease agreements, except for short-term leases and leases of low value assets.

For short-term leases (i.e. leases with a lease term of 12 months or less) and leases of low value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the lease commencement date, discounted using the rate implicit in the lease or incremental borrowing rate, where applicable. Lease payments included in the measurement of the lease liability comprise: (i) fixed lease payments, less lease incentives; (ii) variable lease payments based upon an index or a rate; and (iii) payments of penalties for terminating the lease.

The right-of-use assets comprise the corresponding lease liability, lease payments made at or before the lease commencement date and initial direct costs. Whenever there is an obligation to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the agreed condition, a provision is recognised. These costs are included in the related right-of-use assets.

Right-of-use assets are measured at cost less accumulated depreciation and impairment losses. They are depreciated over the shorter period of lease term and useful life of the underlying assets.

The depreciation starts on the lease commencement date. The depreciation periods and depreciation method are reviewed, and adjusted if appropriate, at each reporting date.

Variable lease payment (not based upon an index or a rate) are recognised as an expense in the period in which it is incurred.

(p) Borrowing costs

Borrowing costs incurred on assets under development that take a substantial period of time to complete are capitalised into the carrying value of the assets. Capitalisation of borrowing costs commence when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred and ceases when the asset is completed or during extended periods when active development is interrupted.

All other borrowing costs are charged to profit or loss in the period in which they are incurred. The interest component of hire purchase payments is charged to profit or loss over the hire purchase period so as to give a constant periodic rate of interest on the remaining tenure of the hire purchase contract.

(q) Employee benefits

(i) Short term employee benefits

Wages, salaries, paid annual leave, paid sick leave, bonuses and non-monetary benefits are recognised as an expense in the period in which the associated services are rendered by employees.

(ii) Post-employment benefits

The Company and its Malaysian subsidiary companies pay monthly contributions to the Employees Provident Fund ("EPF") which is a defined contribution plan.

The legal or constructive obligation of the Company and its Malaysian subsidiary companies are limited to the amount that they agree to contribute to the EPF. The contributions to the EPF are charged to profit or loss in the period to which they relate.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(r) Income tax

The income tax expense represents the aggregate of current tax and deferred tax.

Current tax and deferred tax are recognised in profit or loss. Current tax and deferred tax are recognised in other comprehensive income or directly in equity, if the tax relates to items that are recognised in other comprehensive income or directly in equity. Where deferred tax arises from a business combination, the tax effect is included in the accounting for the business combination.

Current tax

Current tax is the expected income tax payable on the taxable profit for the financial year, estimated using the tax rates enacted or substantially enacted by the reporting date.

A provision is recognised for those matters for which the tax determination is uncertain but it is considered probable that there will be a future payment to a tax authority. The provisions are measured at the best estimate of the amount expected to become payable.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, which is accounted for using the liability method.

A deferred tax liability is recognised for all taxable temporary differences. A deferred tax asset is only recognised for deductible temporary differences and unutilised tax credit to the extent that it is probable that taxable profit will be available in future against which the deductible temporary differences and unutilised tax credit can be utilised.

No deferred tax is recognised for temporary differences arising from the initial recognition of: (i) goodwill, or (ii) an asset or liability (which is not in a business combination) at the time of the transaction that affects neither accounting profit nor taxable profit.

Deferred taxes are measured based on tax consequences that would follow from the manner in which the asset or liability is expected to be recovered or settled, and based on the tax rates enacted or substantively enacted at the reporting date that are expected to apply to the financial period when the asset is realised or when the liability is settled.

(s) Foreign currencies

(i) Functional currency is the currency of the primary economic environment in which an entity operates.

The financial statements of each entity within the Group are measured using their respective functional currency.

(ii) Transactions and balances in foreign currencies

Transactions in currencies other than the functional currency ("foreign currencies") are translated to the functional currency at the rate of exchange ruling at the date of the transaction.

Monetary items denominated in foreign currencies at the reporting date are translated at foreign exchange rates ruling at that date.

Non-monetary items which are measured in terms of historical costs denominated in foreign currencies are translated at foreign exchange rates ruling at the date of the transaction.

Non-monetary items which are measured at fair values denominated in foreign currencies are translated to RM using the foreign exchange rates prevailing at the date when the fair values were determined.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are included in profit or loss for the period.

When a gain or loss on a non-monetary item is recognised directly in equity, any corresponding exchange gain or loss is recognised directly in equity. When a gain or loss on a non-monetary item is recognised in profit or loss, any corresponding exchange gain or loss is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(s) Foreign currencies (Cont'd)

(iii) Translation of foreign operations

For consolidation purposes, all assets and liabilities of foreign operations that have a functional currency other than RM (including goodwill and fair value adjustments arising from the acquisition of the foreign operations) are translated at the exchange rates ruling at the reporting date.

Income and expense items are translated at average exchange rate for the financial period.

All exchange differences arising from the translation of the financial statements of foreign operations are taken directly to other comprehensive income. On disposal of a foreign operation, the cumulative amount recognised in other comprehensive income and accumulated in equity under foreign currency translation reserve relating to that particular foreign operation is recognised in profit or loss.

(t) Cash equivalents

Cash equivalents are short term, highly liquid investment that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flow, cash and cash equivalents are presented net of bank overdrafts.

(u) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed by the chief operating decision makers to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

(v) Fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities, for which fair value is measured or disclosed, are categorised within the fair value hierarchy set out below based on the inputs that are significant to the fair value measurement. Fair value measurement is derived from:

- Level 1: Unadjusted quoted prices in active markets (for identical assets or liabilities).
- Level 2: Inputs (other than quoted prices included within Level 1) are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Valuation techniques that include unobservable inputs (not based on observable market data).

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of financial statements requires management to exercise judgement in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the end of the reporting period, and reported amounts of income and expenses during the financial year.

Although these estimates are based on management's best knowledge of current events and actions, historical experiences and various other factors, including expectations for future events that are believed to be reasonable under the circumstances, actual results may ultimately differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Critical judgement

The following are judgements made by management in the process of applying the Group's accounting policies that have the most significant effect on the amounts recognised in the financial statements:

(i) Classification of joint venture

The Group acquired 22.5% equity interest in an investment holding company, Petapak Holdings Ltd. ("PHL"). Based on the contractual arrangement between the Group and other investor in PHL, the Group has substantive rights in deciding certain relevant activities of PHL as they require unanimous consent of both parties collectively. Accordingly, PHL is classified as a joint venture of the Group. See Note 9 for more details.

(ii) Classification of other investment

The Group holds 25% equity interest in Hongze Steel Tube Co., Ltd ("Hongze"). The Group has no power to participate in the financial and operating policy of Hongze. On this basis, the Group concludes that it does not has significant influence over Hongze and thus recognised as an other investment. See Note 10 for more details.

(iii) Provision

As mentioned in Notes 25 and 36(b), as a result of the demand made by the relevant authority against BSL Electronics & Technologies Sdn. Bhd. (formerly known as Crestronics (M) Sdn. Bhd.) ("BSLET"), a wholly owned subsidiary company, for the payment of unpaid sales tax and import duty, the Group made a provision of RM200,000. The provision was made based on directors' best judgment and estimates based on information currently available and the advice of a consultant. As the amount of the claim is still subject to appeal, the amount of the claim that may ultimately be payable may differ from the provision made and the difference may be material.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(i) Determining the loss allowance for trade receivables and contract assets

Management assesses the ECL for trade receivables and contract assets at each reporting date. Credit losses are the difference between the contractual cash flows that are due to the entity and the cash flows that it actually expects to receive. Management applies simplified approach of MFRS 9 Financial Instruments in assessing the impairment of trade receivables and contract assets.

In determining the ECL, management uses historical credit loss experience for trade receivables and contract assets to estimate the ECL. Management is not only required to consider historical information that is adjusted to reflect the effects of current conditions and information that provides objective evidence that trade receivables and contract assets are impaired in relation to incurred losses, but management is also considering, when applicable, reasonable and supportable information that may include forecasts of future economic conditions when estimating the ECL, on an individual and collective basis. The need to consider forward-looking information means that management exercises considerable judgement as to how changes in macroeconomic factors will affect the ECL on trade receivables and contract assets.

The ECL on trade receivables and contract assets as at current reporting date is primarily mainly based upon the historical credit loss experience. The carrying amount of trade receivables and contract assets are disclosed in Notes 12 and 13.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONT'D)

Key sources of estimation uncertainty (Cont'd)

(ii) Determining the loss allowance for non-trade receivables

Management assesses the ECL of receivables (other than trade receivables and contract assets) at each reporting date. Credit losses are the difference between the contractual cash flows that are due to the entity and the cash flows that it actually expects to receive.

In determining the ECL, management assesses whether there has been any significant increase in credit risk since initial recognition of a receivable. Where there has not been a significant increase in credit risk since initial recognition, management determines the loss allowance by estimating an amount equal to 12-month ECL of that receivable. For those credit exposures for which there has been a significant increase in the likelihood or risk of a default occurring since initial recognition (instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring), management measures a loss allowance for credit losses expected over the remaining life of that receivable. Management exercise considerable judgement in these estimations, using historical credit loss experience as well as reasonable and supportable information that may include forecasts of future economic conditions when estimating the ECL.

The carrying amount of other receivables is disclosed in Note 14.

(iii) Depreciation of property, plant and equipment

The cost/valuation of property, plant and equipment except for freehold land, is depreciated on a straight-line basis over the assets' useful lives. The Group reviews the remaining useful lives of property, plant and equipment at the end of each reporting period and ensures consistency with previous estimates and patterns of consumptions of the economic benefits that embodies the items in these assets. Changes in useful lives of property, plant and equipment may result in revision of future depreciation charges.

The carrying amount of the Group's property, plant and equipment at the end of the reporting period is disclosed in Note 5.

(iv) Impairment of assets

Determining whether assets are impaired requires an estimation of the recoverable amounts of the assets. As of 31 August 2021, the Group and the Company recognised accumulated impairment losses in respect of the following:

	G	Group	Co	ompany
	2021 RM	2020 RM	2021 RM	2020 RM
Property, plant and equipment	2,874,978	3,882,549	-	-
Investment in joint venture	4,689,586	4,689,586	-	-
Investments in subsidiary companies	-	-	21,596,262	21,486,262

Management exercises its judgement in estimating the recoverable amounts of these assets.

When there is an indication that the carrying amount of an asset may be impaired, the asset's recoverable amount, being the higher of its fair value less costs to sell and its value-in-use ("VIU"), will be assessed. The assessment of the recoverable amounts involves a number of methodologies.

In determining the VIU of an asset, being the future economic benefits to be expected from its continued use and ultimate disposal, the Group and the Company make estimates and assumptions that requires significant judgements. While the Group and the Company believe these estimates and assumptions of VIU could be reasonable and appropriate, changes on these estimates and assumptions of VIU could impact the Group's and the Company's financial position and results.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONT'D)

Key sources of estimation uncertainty (Cont'd)

(v) Impairment loss and write down of inventories

Inventories are stated at the lower of cost and net realisable value. The Group estimates the net realisable value of inventories based on an assessment of expected selling prices.

Inventories are reviewed on a regular basis and the Group will make a provision for excess or obsolete inventories based primarily on historical trends and management estimates of expected and future product demand and related pricing.

Demand levels, technological advances and pricing competition could change from time to time. If such factors result in an adverse effect on the Group's products, the Group might be required to reduce the value of their inventories and additional impairment losses for slow moving inventories may be required.

The carrying amount of the Group's inventories is disclosed in Note 11.

(vi) Fair value of property, plant and equipment

The Group measures its freehold land, leasehold land and buildings at revaluated amounts with any change in revaluation amount recognised in the revaluation reserve account. Significant judgement is required in the determination of revaluation amount which may be derived based on different valuation methods. The Group engages an independent professional valuer to determine the revaluation amount on an open market value basis using comparison method.

Information regarding the valuation techniques and inputs used in determining the revaluation is disclosed in Note 5.

(vii) Contingent liabilities

Contingent liabilities is based on management's view of the expected outcome of the contingencies, and if necessary, after consulting legal counsel and internal and external experts of the Group for matters in the ordinary course of business. Details of contingent liabilities are disclosed in Note 36(b).

(viii) Lease liabilities

Management estimates the lease term as the non-cancellable period of a lease together with both periods covered by an option to extend the lease and an option to terminate the lease. In assessing whether it is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, management exercises judgement by considering all relevant facts and circumstances that create an economic incentive to exercise the option to extend the lease, or not to exercise the option to terminate the lease.

Management measures the lease liability as the present value of the lease payments that are not paid at commencement date. The lease payments are discounted using the incremental borrowing rate.

The lease terms and discount rate are determined using certain assumptions and they represents management's best estimation. The assumptions on which it is based relate to the future. Actual outcome may be different from the estimation and the variation could be material.

The carrying amount of lease liabilities is disclosed in Note 6.

(ix) Fair value of other investments

Where fair values of financial instruments recorded on the statements of financial position cannot be derived from active markets, they are determined using valuation techniques, including the justified price to book method. The inputs to these models are derived from observable market data where possible, but where this is not feasible, a degree of judgement is required in establishing the fair values.

The judgements include considerations of liquidity and model inputs regarding the future financial performance of the investee, the risk profile and economic assumptions regarding the industry and geographical jurisdiction in which the investee operates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The carrying amount of other investments is disclosed in Note 10.

5. PROPERTY, PLANT AND EQUIPMENT (CONT'D)

Revaluation of freehold land, leasehold land and buildings

The freehold land, leasehold land and buildings have been revalued as at 31 May 2021 based on valuations performed by accredited independent valuer. The valuations are based on the comparison method whereby the value attributable to the properties is obtained by comparison to values realised for properties similar in nature, with particular reference to location, accessibility, land area, built-up area, category of land use, terrain, land shape, nature of land and building type, building condition and improvements made, which is categorised as Level 2 in the fair valuer hierarchy. Adjustments are made for the differences between the properties being compared. If the freehold land, leasehold land and buildings were measured using the cost model, the carrying amounts would be:

	Group		
	2021 RM	2020 RM	
Freehold land: - Cost/Net carrying amount	8,200,000	8,200,000

Unquoted shares at cost Share of post-acquisition reserve	4,502,444 187,142	4,502,444 187,142	
Impairment loss recognised	4,689,586 (4,689,586)	4,689,586 (4,689,586)	
	_		

The Group's share of the current financial year's losses of joint venture has not been recognised in the Group's statement of profit or loss and other comprehensive income as equity accounting had ceased when the Group's share of losses of the joint venture exceeded the carrying amount of its investment in the joint venture.

The details of the joint venture company, which is incorporated and having its principal place of business in Hong Kong, are as follows:

	Effect equity i			
Name of company	2021 %	2020 %	Principal activity	
Petapak Holdings Ltd. ("PHL")	22.5	22.5	Investment holding.	

The above joint venture is accounted for using the equity method in these consolidated financial statements.

The income, expenses, assets and liabilities of the joint venture is not material to the Group.

Reconciliation of the summarised financial information to the carrying amount of the interest in the joint venture recognised in the consolidated financial statements:

		Group	
	2021 RM	2020 RM	
Net assets of the joint venture Goodwill	4,689,586	- 4,689,586	
Carrying amount of the Group's interest in the joint venture Impairment loss recognised	4,689,586 (4,689,586)	4,689,586 (4,689,586)	

Goodwill arose from the acquisition of joint venture because the consideration paid for the joint venture effectively included amounts in relation to the expected synergies, revenue growth and future market development. These benefits are not recognised separately from goodwill because they do not meet the recognition criteria for identifiable intangible assets.

Goodwill acquired in business combination is allocated to the cash generating unit ("CGU") that are expected to benefit from that business combination.

As the directors deemed the recoverable amount is zero, a full impairment loss had been recognised in 2018.

The short-term deposits of the Group bear interest at rates ranging from 1.30% to 1.70% (2020: 1.20% to 2.05%) per annum and have maturity period of 30 to 90 (2020: 14 to 90) days.

Included in the short-term deposits with licensed banks are deposits amounting to RM563,183 (2020: RM553,413) pledged to a licensed bank as collateral for term loans granted to a subsidiary company as mentioned in Note 21.

16. NON-CURRENT ASSET CLASSIFIED AS HELD FOR SALE

During the previous financial year, the Group decided to dispose of its interest in Hongze and started to source for buyers as the Group focuses on its core businesses which are precision stamping and tooling, PCB and module assembly and renewable energy. Accordingly, investment in this associate has been reclassified as non-current asset held for sale in previous financial year.

Since the progress of the efforts to sell has been prolonged due to the travel restriction imposed and market uncertainties arising from the Covid-19 pandemic, the Group has ceased the classification of a non-current asset as held for sale and a reclassification to investment in associate and accounted for using equity accounting retrospectively as from the date of its classification as non-current asset held for sale. A reversal of the impairment loss recognised previously amounting to RM462,091 and share of profit from the investment in the associate amounting to RM4,250,366 from the reclassification was made.

After the classification made, the management has reassessed the classification of investment in Hongze and make a reclassification of the investment to other investments as described in Note 10.

- (i) Arising from reinvestment allowances claimed and utilised under Schedule 7A of the Income Tax Act, 1967.
- (ii) Arising from chargeable income on which tax was waived in 1999 in accordance with the Income Tax (Amendment) Act, 1999.

The above tax-exempt income, which is subject to approval by the tax authorities, is available for distribution of tax-exempt dividends to the shareholders of the said subsidiary company.

As explained in Note 3, the tax effects of deductible temporary differences, unused tax losses and unutilised tax credits which would give rise to net deferred tax assets are generally recognised to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unutilised tax credits can be utilised for set-off.

Details of unused tax losses, unabsorbed capital allowances and other deductible temporary differences of the Group which have not been recognised in the financial statements due to uncertainty of realisation are as follow:

34. SEGMENT REPORTING

Business Segments

For management purposes, the Group is organised into the following segments:

- (i) Investment holding:
- (ii) Stamping and manufacturing of precision metal parts, fabrication of tools and dies and fabrication and forging of base metal components;
- (iii) Printed circuit board ("PCB") assembly and assembly of all types of electronics and electrical components, devices and systems;
- (v) Renewable energy; and
- (vi) Others (those subsidiary companies that are currently dormant and semi-active respectively).

Inter-segment sales are charged at cost plus a percentage of profit mark-up. Revenue from one major customer group contributed approximately RM31,652,000 (2020: RM27,680,000) of the Group's total revenue.

The accounting policies of the reportable segments are the same as the Group's accounting policies described in Note 3. Segment profit represents the profit earned by each segment without allocation of central administration costs and Directors' salaries, investment revenue, finance costs and income tax expense. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

	Co	mpany
	2021 RM	2020 RM
Unsecured corporate guarantees given to: Licensed banks for credit facilities granted to subsidiary companies	8,710,161	9,545,805

(b) On 19 December 2014, BSLET received bills of demand from the relevant authority demanding payment of sales tax and import duty amounting to RM11,100,000 for the period from December 2011 to July 2014 of which BSLET disputed. The directors have been in discussion with the relevant authority and have provided all necessary documentation to support their view. The directors of the Company have obtained advice from a consultant, and based on the advice received, the directors are of the view that BSLET should only be liable for up to RM200,000 and a provision for this had been made in the financial statements (Note 25). The remaining balance of the claim of RM10,900,000 represents a contingent liability which is subject to appeal to the authority.

On 30 December 2014, BSLET appealed to the relevant authority. Subsequently, on 15 September 2015, the authority rejected the appeal with no specific reason mentioned.

On 5 November 2015, BSLET appealed to the relevant authority again. However, on 28 June 2017, BSLET received a letter from the relevant authority that the appeal against the bills of demand has been rejected and further appeal will not be considered. Thereafter, the directors engaged another consultant to look into this matter to appeal to Minister of Finance.

On 30 January 2018, BSLET submitted remission application to the Ministry of Finance. Subsequently, on 10 April 2018, Ministry of Finance rejected the application with no specific reason mentioned.

On 5 July 2018, BSLET, through its appointed solicitor filed in an application for judicial review to the High Court. During the leave hearing for judicial review held on 19 September 2018, the High Court granted leave and an interim stay for the enforcement of bills of demand until the disposal of the inter-partes stay hearing. The High Court has fixed for the Minister of Finance to file its affidavit in reply by 21 December 2018 whereas BSLET is required to file its further affidavit in reply by 11 January 2019. The High Court also fixed for case management on 28 January 2019.

On 28 January 2019, the High Court fixed for BSLET to file its affidavit in reply by 21 February 2019. BSLET, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department are required to attend another case management on 15 March 2019 and hearing on 29 March 2019.

On 22 March 2019, the High Court had adjourned the hearing to 21 May 2019.

On 21 May 2019, the High Court fixed the decision date to be held on 9 July 2019 but subsequently adjourned to 17 October 2019 after a few adjournments.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2021 (CONT'D)

36. CONTINGENT LIABILITIES (CONT'D)

(b) On 17 October 2019, the High Court set another case management on 5 November 2019 for the new judge to decide whether to hear the case afresh or to deliver the decision based on notes prepared by the previous judge whom had been elevated to the Court of Appeal.

On 5 November 2019, the High Court has set 6 January 2020 for further clarification and to deliver the decision.

On 6 January 2020, the High Court dismissed BSLET's judicial review application. BSLET proceeded to file a notice of appeal on 13 January 2020 to the Court of Appeal in relation to the High Court's decision to dismiss BSLET's judicial review application. BSLET also filed for a stay application at the High Court on 24 January 2020.

The High Court has set a case management on 6 February 2020.

On 6 February 2020, the High Court fixed for Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department to file an affidavit in reply by 20 February 2020 and BSLET to file its affidavit in reply by 5 March 2020. BSLET, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department are required to file written submission and to attend case management on 13 April 2020 and hearing on 29 April 2020.

On 14 April 2020, the High Court has vacated the hearing on 29 April 2020 and fixed a case management on the same date.

On 30 April 2020, the High Court has instructed BSLET, Minister of Finance and Director-General of Customs, Royal Malaysia Customs Department to file the written submission and written submission in reply, if any by 3 June 2020 and 11 June 2020 respectively, attend a case management on 11 June 2020 and hearing on 16 June 2020.

On 16 June 2020, the High Court granted BSLET a stay of proceedings until the disposal of the appeal at the Court of Appeal.

On 14 October 2020, the Court of Appeal has instructed all parties to file their written submissions within the stipulated time and fixed the hearing date on 17 August 2021.

On 18 December 2020, BSLET had filled and served an Originating Summons ("OS") against Panasonic Manufacturing Malaysia Berhad ("PMMA") in the High Court of Malaya in Kuala Lumpur for a total amount of RM9,431,695 being import duties and sales tax arises from the economic transactions between BSLET and PMMA during the period from December 2011 to July 2014 which led to the majority of the total claim of import duties and sales tax from the authority on BSLET. BSLET had filed the OS for declaratory relief concerning PMMA's liability to pay import duties and sales tax to BSLET in the event BSLET's appeal against the levy of the import duties and sales tax at the Court of Appeal fails and also to preserve its cause of action against PMMA prior to expiry. BSLET's solicitors had attempted to serve the OS onto PMMA premises, however the said service was not successful as PMMA's premises were closed. Thus, BSLET's solicitors had served the OS by hand to PMMA's solicitors on 29 December 2020. The High Court of Malaya had set a case management on 5 January 2021 for the OS filed by BSLET.

On 15 February 2021, PMMA had filed in an application to strike off the OS raised by BSLET ("PMMA's Application") at the Kuala Lumpur High Court and the hearing for the PMMA's Application was set on 3 May 2021. However, the hearing was converted into a case management and during the case management, the High Court had adjourned the hearing for the PMMA's Application to 30 September 2021.

On 6 August 2021, PMMA had filed to the Court of Appeal a notice of motion ("Motion") to intervene in the appeal proceedings commenced by BSLET at the Court. At a case management held on 11 August 2021, the Court instructed the following:

- 1. The appeal hearing initially scheduled on 17 August 2021 will be vacated;
- 2. The hearing for the Motion to intervene is fixed on 1 November 2021; and
- 3. BSLET and PMMA to submit their affidavits and written submissions within the stipulated time.

On 30 September 2021, the Court fixed the decision date in regards to the application by PMMA to strike-out BSLET's OS on 6 October 2021.

36. CONTINGENT LIABILITIES (CONT'D)

(b) On 6 October 2021, the Court had decided to allow PMMA's Application and stuck off BSLET's OS. However, BSLET intends to appeal to the Court of Appeal against the High Court's decision.

On 11 October 2021, a notice of appeal was filed by BSLET in relation to the Kuala Lumpur High Court's decision to allow PMMA's Application to strike out BSLET's OS.

On 1 November 2021, the Court of Appeal has allowed PMMA's Motion to intervene BSLET's appeal proceedings at the Court.

On 30 November 2021, BSLET has filed an application for leave to appeal to the Federal Court against the Court of Appeal's decision to allow PMMA's Application to intervene in the Court of Appeal.

Based on the available facts and information as of the date of this report, the solicitor is of the opinion that BSLET has arguable grounds and basis to contend that there is no legal and factual basis for the Minister of Finance to reject BSLET's remission application. Consequently, no further provision has been provided. In the event that the appeal is not successful, BSLET is liable for the remaining balance of the claim of RM10,900,000.

37. FINANCIAL INSTRUMENTS (CONT'D)

(b) Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. exit price) regardless of whether that price is directly observable or estimated using another valuation technique.

The carrying amounts of the Group's and of the Company's financial assets and liabilities as reported in the statements of financial position as of 31 August 2021 approximate their fair values because of the short maturity terms of these instruments except as follows:

		2021		2020
Group	Carrying amount RM	Fair value RM	Carrying amount RM	Fair value RM
Financial asset Other investments	5,797,500	5,797,500	-	
Financial liabilities Hire purchase liabilities Term loans	2,278,399 4,829,762	2,480,906 5,483,309	2,989,664 6,538,358	3,365,860 7,403,091
Total	7,108,161	7,964,215	9,528,022	10,768,951

The fair value of the above financial assets and liabilities are estimated by level 3 input which is in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

The fair value of the Group's financial assets and financial liabilities are determined as follow:

- the fair value of financial assets with standard terms and conditions and traded in active liquid markets are determined with reference to quoted market bid prices; and
- the fair value of other financial assets and financial liabilities is determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's and the Company's activities expose them to a variety of financial risks including credit risk, interest rate risk, foreign currency exchange risk and liquidity and cash flow risks arising in the normal course of the businesses.

The directors monitor the Group's and the Company's financial position closely with the objective to minimise potential adverse effects on the financial performance of the Group and the Company. The directors review and agree policies for managing each of these risks and they are summarised below:

(i) Credit risk

Credit risk arises from the possibility that a counter party may be unable to meet the terms of a contract in which the Group and the Company have a gain position.

The entire financial assets of the Group and the Company are exposed to credit risk except for cash and bank balances and short-term deposits which are placed with licensed banks in Malaysia.

(i) Credit risk (Cont'd)

Trade receivables and contract assets

The Group's exposure to credit risk is monitored on an ongoing basis. The Group has credit risk policies in place to manage credit risk exposure. The risk is managed through the application of the Group's credit management procedures which include regular monitoring and follow up procedures.

An impairment analysis is performed at each reporting date to measure the expected credit losses. The calculation reflects information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

As at the reporting date, the maximum exposure to credit risk arising from receivables is represented by the carrying amounts in the statements of financial position.

The Group has no major concentration of credit risk except for amounts due from Nine (2020: Seven) trade receivables which constitute approximately RM18,960,000 (2020: RM21,674,000) or 78% (2020: 77%) of gross trade receivables at the end of the reporting period.

The Group carefully selects the projects in which they intend to participate. The selection is based on criteria that are reviewed periodically to take into account developments in the market. The Group also manages its credit risk exposure by maintaining good business relationship with its customers and debtors. This approach has enabled the Group to manage its credit risk more effectively in addition to the above credit risk management procedures.

For other activities, the Group minimises and monitors its credit risks by dealing with credit worthy counterparties, setting credit limits on exposures, applying credit approval controls and obtaining collateral or security deposits where appropriate.

Trade and financial receivables are monitored on an ongoing basis via group-wide management reporting procedures.

The ageing analysis of receivables as at the reporting date which is trade in nature is as follows:

The Company is also exposed to credit risk in relation to corporate guarantees in respect of bank facilities granted to the subsidiary companies. The Company monitors the results of the subsidiary companies and their repayment on an on-going basis. The maximum exposure to credit risk is amounting to RM8,710,161 (2020: RM9,545,805).

(ii) Interest rate risk

The Group is exposed to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates. Interest rate risk arises only from the Group's term loans, hire purchase liabilities, bank borrowings and short-term deposits with licensed banks.

Interest rate sensitivity

The financial impact arising from changes in interest rate is not expected to be significant. Accordingly, the sensitivity analysis has not been presented.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(iii) Foreign currency exchange risk

The Group undertakes trade transactions which are denominated in foreign currency.

The carrying amount of material foreign currencies denominated monetary assets and monetary liabilities at the reporting date:

	Group
2021	2020
RM	RM
2,679,481	750,553

1,834,635	642,114
	2,679,481 548,969 1,238,508 (2,632,323)

The financial impact arising from changes in foreign exchange rates is not expected to be significant. Accordingly, the sensitivity analysis has not been presented.

(iv) Liquidity and cash flow risks

Liquidity and cash flow risks are the risk that the Group and the Company will not be able to meet their financial obligations when they fall due. The Group's and the Company's exposure to liquidity and cash flow risks arises principally from their various payables.

The Group practises prudent liquidity and cash flow risks management to minimise the mismatch of financial assets and liabilities and maintain sufficient credit facilities as represented by the carrying amounts in the statements of financial position for contingent funding requirement of working capital.

The intra group financial guarantees have not been recognised since the fair value on initial recognition was not material as the financial guarantees provided by the Company did not contribute towards significant credit enhancement of the subsidiary companies' borrowings and other credit facilities. Furthermore, the requirements to reimburse is remote.

Analysis of financial instruments by remaining contractual maturities
