**Revision Details**

<b>Rev. No.</b>	<b>Section</b>	<b>Details</b>
03	1, 8	Revision/update of policy and procedures in line with the new requirements impacting non-assurance services issued by the International Ethics Standards Board for Accountants ("IESBA") in its revised IESBA International Code of Ethics for Professional Accountants (including International Independence Standards).

## 1 INTRODUCTION

The Board of Directors (“Board”) including the Audit Committee (“Committee”) of Yinson Holdings Berhad (“YHB” or “Company”) is committed in ensuring the suitability, objectivity and independence as well as the sound performance of the External Auditor.

The Company’s External Auditor plays an essential role in providing credibility to the financial statements by performing the requisite audit procedures so as to have a reasonable basis for the opinion that they render on the financial statements.

### 1.1 Scope and Application

The External Auditor Policy & Procedure (“Policy”) should be read in conjunction with the relevant enumerations encapsulated in the following legislations:

- Companies Act 2016;
- Capital Markets and Services Act 2007 (Amendment 2015);
- Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“**Listing Requirements**”); and
- IESBA International Code of Ethics for Professional Accountants

Where there is a conflict between the contents of this Policy and the aforementioned legislations, the relevant enumerations contained in the said legislations shall prevail.

This Policy is also developed in alignment with the Malaysian Code on Corporate Governance (“**MCCG**”), and the By-Laws (on Professional Ethics, Conduct and Practice) by the Malaysian Institute of Accountants (“**MIA By-Laws**”).

### 1.2 Policy Objective

The main objective of the Policy is to set out, for the Committee of the Company, the key criteria, methodology and consideration in the selection process and the continuous assessment of its appointed External Auditor, in order to preserve the integrity and credibility of the external audit process.

## 2 OWNERSHIP

#### 4 NEW SELECTION AND APPOINTMENT

The Board is responsible for the appointment of the External Auditor, which is subject to the Company members' approval during each Annual General Meeting ("AGM").

Pursuant to the requirement under section 271 of the Companies Act, 2016, the Board delegates the Committee with the responsibility for selection, recommendation and remuneration of the External Auditor, who shall hold office until the conclusion of the next AGM of the Company. The Committee may seek assistance from the GCFO, GFC or Group Internal Audit, where necessary, during the process.

The following procedures shall be followed during the appointment process:

- a) In a new requisition for engagement, invitations to quote shall be sent to the incumbent audit firm, Big 4 or internationally reputable audit firms.
- b) Audit firms shall be assessed based on the key selection criteria stated below for an effective and efficient audit of the Company's businesses:
  - i. Expertise in the Company's businesses;
  - ii. Global presence and resources;
  - iii. Independence and reputation of the audit firm;
  - iv. Experience and composition of the proposed engagement team;
  - v. Audit approach and methodology, including use of technology in the audit;
  - vi. Rotation policy; and
  - vii. Fairness and competitiveness in engagement pricing.
- c) The most suitable audit firm shall be recommended by the Board for shareholders' approval at the Company's next AGM.

## 5 ANNUAL ASSESSMENT AND RE-APPOINTMENT

The Committee's recommendation on the appointment of External Auditor to the Board shall be anchored on a defined set of criteria as set out below.

The following procedures shall be followed during the annual assessment and re-appointment process:

- a) The Incumbent External Auditor shall be assessed for their performance (i.e. auditors' independence, audit resources allocation, audit methodology, audit quality, communication effectiveness with Senior Management and the Committee, professional scepticism, and information presented in the Annual Transparency Report of the External Auditor) after completion of every financial year's statutory audit.
- b) The External Auditor Evaluation Form shall be duly completed and presented to the Audit Committee for review by the 5<sup>th</sup> month of each financial year and subsequently to the Board for endorsement to table at the Company's next AGM.
- c) The Board is responsible to review and approve the remuneration of the External Auditor for the new financial year.

Annually, the Committee shall review the re-appointment of the External Auditor and ascertain whether there is reason (supported by grounds) to believe that the External Auditor is not suitable for re-appointment.

If the External Auditor is deemed to be not suitable, the Committee should source for alternative external audit firms via a formal tender process and make recommendations to the Board, adhering to the procedures set out in Section 4. In conducting this assessment, the Committee shall also gather feedback from the GCFO and other relevant Senior Management personnel.

The evaluation form for assessing the External Auditor is outlined in Appendix 1 of this Policy.

## 6 REMOVAL OR RESIGNATION

The following procedures shall be followed during the process:

- a) Where the Company has proposed to remove the Incumbent External Auditor, the basis of decision for such removal shall be deliberated with the Committee.
- b) Where the Incumbent External Auditor has declined to accept re-appointment, the Incumbent External Auditor shall discuss with the Committee the basis of decision for not accepting re-appointment.
- c) The above-mentioned basis of decision in (a) or (b) shall be presented to the Board for review and approval, and instruction given to the Committee for new selection and appointment of the new External Auditor where appropriate.

In the event of a resignation of the External Auditor, the Committee, together with the Board, shall review the letter of resignation from the External Auditor and send a copy of the resignation notice and representations made by the External Auditor to the Registrar of the Companies Commission of Malaysia and the Exchange within seven days from the date of resignation.

## 7 AUDIT ENGAGEMENT INDEPENDENCE

The Appointed External Auditor shall conduct internal verification in undertaking additional non-audit services to ensure that such services do not threaten audit engagement independence in accordance with the MIA By-Laws.

Principal guidelines to uphold audit independence:

- a) The External Auditor shall not provide services where the External Auditor assumes a management responsibility when performing the service, including taking a decision-making management role or advisory role, which results in auditing of own work.
- b) The External Auditor shall not provide services where the outcome of the service will have an effect on the audited financial statements or on the systems that generate information that form a significant part of the Company's accounting records or audited financial statements and internal controls over financial reporting.
- c) Services shall not give rise to conflicts of interest.
- d) The audit firm has an audit partner rotation policy of at least 7 years (refer to Section 10 on "Rotation of Audit Engagement Partner").

In ensuring the independence of the Appointed External Auditor, the Committee shall obtain written assurance from the appointed External Auditor, confirming that the Appointed External Auditor is, and has been, independent throughout the conduct of the audit engagement with the Company in accordance with the independence criteria set out in the MIA By-Laws.

## 8 NON-AUDIT SERVICES

The provision of selected non-audit services (“**NAS**”) could impair the independence, or at least give the appearance of impairing independence of the External Auditor during the course of its audit engagement.

Subject to the External Auditor’s assurance of audit engagement independence (refer to Section 7 on “Audit Engagement Independence”) and further guidance as set out below, the External Auditor shall be allowed to provide NAS.

The External Auditor shall observe and fully comply with Section 600 of the MIA By-laws in connection with NAS.

The External Auditor is prohibited from rendering the following NAS:

- a) Accounting and bookkeeping services;
- b) Valuation services;
- c) Internal audit services;
- d) Information technology systems services;
- e) Litigation support services;
- f) Recruitment services; and
- g) Corporate finance services

### 8.1 Concurrence Framework

The Committee is required to grant concurrence with the External Auditor’s conclusion about the permissibility and provision of the proposed NAS before the External Auditor is engaged to provide NAS to the Group in order to assure that they do not impair the External Auditor’s independence from the Group.

A combination of the following concurrence approaches shall be adopted to satisfy the concurrence requirement for NAS:

- Policy-based concurrence: Adopt a concurrence policy that details the types of services that may be provided by the External Auditor without consideration of the Committee on a case-by-case basis for any services covered by the policy.
- Separate concurrence: Concur to each service on a case-by-case basis.

It is expressly understood that unless a type of service has received policy-based concurrence, it will require separate concurrence by the Committee. Any proposed services exceeding the prescribed fee approval threshold as set out in Section 8.5 will also require separate concurrence by the Committee.

For both policy-based concurrence and separate concurrence, the Committee will consider whether the proposed services are consistent with the relevant independence rules on auditor independence.

On an annual basis, the Committee will review and consider renewing its concurrence for the services that have been the subject of policy-based concurrence during the preceding year. The Committee may add to or subtract from the list of generally pre-concurred services from time to time as the Committee sees fit.

## 8.2 Tax services

The External Auditor can provide tax services to the Group such as tax compliance, tax consulting and tax advice without impairing the auditor's independence. Hence, policy-based concurrence is granted to those tax services as set out in Appendix 2, provided that such services do not exceed the prescribed fee approval threshold.

Any other tax services provided to the Group that are not listed in Appendix 2 must be reviewed and assessed separately by the GCFO or Head, GCP, who will then determine the next steps following the procedures as set out in Section 8.4.

## 8.3 Other permissible services

The Committee has pre-concurred with the other services listed in Appendix 3, provided that such services do not exceed the prescribed fee approval threshold.

Any other services provided to the Group that are not listed in Appendix 3 must be reviewed and assessed separately by the GCFO or Head, GCP, who will then determine the next steps following the procedures as set out in Section 8.4.

## 8.4 Procedures to obtain concurrence

All requests or applications for services to be provided by the External Auditor which require separate concurrence shall be submitted to the GCFO or Head, GCP and must include a detailed description of the services proposed to be rendered, including an assessment of threats to independence and safeguards taken (refer to Appendix 4).

## 8.5 Prescribed fee approval threshold

Individual NAS engagements with fees exceeding the prescribed approval threshold of RM500,000 (or its local currency equivalent) shall be separately approved by the Committee before they are rendered by the External Auditor and its affiliates.

## 8.6 Periodic reporting

On a semi-annual basis, the Committee shall review all non-audit services rendered by the External Auditor to ensure that the consequent threats of audit independence deterioration arising from the non-audit services provided are reduced to an acceptable level.

In addition, annual confirmation from the External Auditor shall be obtained that the independence of the External Auditor will not be impaired by the provision of non-audit services.

## 9 LIMITATION OF THE FEES FOR NON-AUDIT SERVICES

Where the total fees from non-audit services represent a significant proportion of the total fees of the External Auditor expressing the audit opinion, concerns of independence and objectivity will arise as a result of over-reliance on the fee generated and the familiarity developed with the Company.

The Company defines non-assurance services as significant if the aggregate gross fees payable for non-audit services rendered by the External Auditor or a firm or corporation affiliated to the External Auditor's firm during each reporting financial year exceeds 50% of the Group's audit engagement remuneration.

The Company shall disclose details on the nature of the services rendered for such non-assurance services if quantified as significant. Separate approval from the Committee and the Board shall also be obtained.

The amount of non-audit fees paid or payable to the Company's External Auditor, or a firm or corporation affiliated to the External Auditor's firm shall be disclosed in the Annual Report, stating the amount incurred on a Group (YHB and its subsidiaries) basis. If no non-audit fees were incurred, a statement to that effect shall be disclosed.

## 10 ROTATION OF AUDIT ENGAGEMENT PARTNER

The Audit Engagement Partner shall be subject to rotation at every seven (7) cumulative financial years or subject to the appointed Audit firm's internal policy on engagement partner rotation (the "time-on" period). After the time-on period, the Audit Engagement Partner subject to rotation shall serve a "cooling-off" period of five (5) consecutive years or subject to the appointed Audit firm's internal policy on "cooling-off" period.

## 11 AUDIT DELIVERABLES

The External Auditor shall issue their Audit Plan or equivalent written report for each financial year for review and approval by the Committee. The Audit Plan shall be presented by the External Auditor to the Committee annually at the 2<sup>nd</sup> Quarter Audit Committee Meeting.

The External Auditor shall engage privately with the Committee at least twice a year to discuss their audit engagement findings.

Interim and annual audit completion shall be accompanied by an Audit Findings Memorandum or equivalent written report to the Committee, effectively communicating key audit matters and internal control findings (if any) of the Company and its subsidiaries.

## 12 REVIEW AND AMENDMENT OF THIS POLICY

The Committee shall review and amend this policy from time to time or as and when necessary, to ensure its relevance and appropriateness, and to be in line with legislative promulgations set out in Section 1.1 of this Policy whilst also taking into account the enumerations of the MCCG and MIA By-Laws.

## APPENDIX 1 – EXTERNAL AUDITOR EVALUATION FORM

The following External Auditor Evaluation Form sets out the key questions used to assist the process for the evaluation of the external auditor, prior to its appointment and/or re-appointment. The external auditor, by definition, includes its network member firms and companies based on the By Laws (on Professional Ethics, Conduct and Practice) by the Malaysian Institute of Accountants.

The Evaluation Form provides ratings from one (1) to four (4), or ‘yes’ and ‘no’, with the indicators illustrated below, to be responded in relation to the nature of the questions:
