

7TH ANNUAL GENERAL MEETING (AGM) 2022

Appendix A - Q&A Session

Q No	Time	Message	Reply	State
Q1	12 May 2022 09:16:26 SGT	Please send a printed copy of the above Annual Report	Please send your request to email investor.relation@reservoirlink.com with your address and contact number detail and we will send accordingly.	Archive
Q2	12 May 2022 09:19:06 SGT	Kindly reconsider doorgift as appreciation for our votes and reappointment.	We appreciate your suggestion. Currently we do not provide any doorgift for virtual online meeting. We will take note of this for future meetings.	Published
Q3	12 May 2022 09:35:17 SGT	Please share more detailed information on (nearing) end of life assets, and the accompanying opportunity for the company.	There is an opportunity on this end of life assets, we did received enquiry from Petronas, however the opportunity is very compact and considered high risk in oil & gas due to lot resources required. We think the risk is too high at this point unless we have a specific partners to undertake the work.	Published
Q4	12 May 2022 09:55:19 SGT	A doorgift for attending the AGM wld be much appreciated.thks	We appreciate your suggestion. Currently we do not provide any doorgift for virtual online meeting. We will take note of this for future meetings.	Archive
Q5	12 May 2022 10:05:54 SGT	I had requested a printed copy of the annual report (AR) from boardroom but until today, it's not received as my eye-sight isn't that good any more to read the online AR in pdf format, kindly send the AR to my mailing address at 64, Jalan SS 1/32, Kg. Tunku, 47300 Petaling Jaya, Selangor. Thank you.	We take note on your request and we will send to you one copy immediately to your address. Please email your request to investor.relation@reservoirlink.com with your address and contact number	Archive
Q6	12 May 2022 10:07:40 SGT	Will there be door gift since the cost is cheaper via virtual AGM	We appreciate your suggestion. Currently we do not provide any doorgift for virtual online meeting. We will take note of this for future meetings.	Archive
Q7	12 May 2022 10:23:27 SGT	PLEASE GIVE SHAREHOLDERS WHO ATTEND THIS AGM SOME E VOUCHERS AS A TOKEN OF APPRECIATION... THANK YOU.	We appreciate your suggestion. Currently we do not provide any doorgift for virtual online meeting. We will take note of this for future meetings.	Archive
Q8	12 May 2022 10:34:45 SGT	IS THE MARGIN LOW FOR INSTALLATION OF SOLAR PANEL ? ANY PLAN TO GO INTO DESIGN WORK AS WELL ?	The margin is depend on the material cost and customer always squeeze contractors for low rate and impact our margin. We also currently already into a design work for contruction and installation for Solar Renewable work.	Published
Q9	12 May 2022 10:35:25 SGT	How does mgmt see the oil and gas industry outlook in coming 18 months time?	We are very positive in the outlook. However the 1st quarter will be a slow start. Starting from May onward we can see a positive job apportunity through ABR issued by Petronas and other oil company.	Published
Q10	12 May 2022 10:35:32 SGT	WHAT IS THE EXPECTED PROFIT FROM THE JV with Sunseap ?	Definetely we are expecting profit from the JV arrangement. Generally we expected PAT around 6 to 12% depend on the size of Roof Top project that we have.	Published
Q11	12 May 2022 10:36:10 SGT	Are we receiving more enquiries from the O&G industry?	Yes, we received more enquiries and if you've notice we have been awarded few contracts beginning of the year.	Published
Q12	12 May 2022 10:36:12 SGT	how much is the cost savings of virtual agm compare with actual	The cost is almost the same as we are using virtual online platform	Archive
Q13	12 May 2022 10:36:31 SGT	If the current oil price of >\$100 is unsustainable, why?	I think it is sustainable as for now for the next 6 months. Oil & Gas is under invested industry focus by government.	Published
Q14	12 May 2022 10:37:03 SGT	Where do we source our solar panels? Does M'sia produce PV panels/modules?	Majority of solar panel we only use Blommborg Tier 1 type mainly from China. Malaysia also produce also PV Panels/modules but for international market.	Published
Q15	12 May 2022 10:37:54 SGT	with good prices for crude oil , do you expect more contracts will be awarded ?	Yes, we expected more contracts from oil & gas. More activities will be pickup and more callout job.	Published
Q16	12 May 2022 10:39:52 SGT	Is our company exiting the oil & gas sector in view of the tough competition in local market and more to renewal energy like solar energy?	We are not exiting oil & gas but we expand our business outside energy but still under energy under renewable.	Published

7TH ANNUAL GENERAL MEETING (AGM) 2022**Appendix A - Q&A Session**

Q No	Time	Message	Reply	State
Q17	12 May 2022 10:40:58 SGT	Why are solar installation still robust when asset owners' IRR is in low single digit?	LSS4 no doubt the IRR were in single digit but putting a solar plant not only the IRR but also on ESG requirement.	Published
Q18	12 May 2022 10:42:56 SGT	The O&G equipment is said to be in shortage, how do we and the industry intend to ramp up our operation under the said challenging environment?	Not all are in shortage of supply however there will be increase in forwarding.	Published
Q19	12 May 2022 10:44:02 SGT	for solar installation is the company responsible to buy the solar panel ? how do you manage the rising cost ?	The panel is not responsible by us. Normally main contractor of the EPCC responsible to buy the solar panel.	Published
Q20	12 May 2022 10:44:51 SGT	Will RL focus more on Solar or O&G in coming 2 years?	We still focus on both, solar renewable energy will be more growth that we are participating.	Published
Q21	12 May 2022 10:45:42 SGT	Any opportunity in wind farm?	Wind farm is not suitable in Malaysia base on the research.	Published
Q22	12 May 2022 10:48:10 SGT	What will be the catalyst to drive RL's growth in coming months?	I guess both renewable energy and oil & gas since the oil price is good.	Published
Q23	12 May 2022 10:49:33 SGT	How many analyst is engaging with RL?	We are in continuous communications with the analysts.	Archive
