NOTES:

1. The broadcast venue is strictly for the purpose of complying with Section 327(2) of the Companies Act 2016 which requires the Chairman of the Meeting to be at the main venue. Shareholders/proxies will not be allowed to attend the 27th AGM in person at the Broadcast Venue on the day of the meeting. Shareholders who wish to participate at the 27th AGM will therefore have to do so remotely and pre-register their attendance via the link <https://vps.megacorp.com.my/w6pEOp>. Kindly refer to the Administrative Notes for further information.
2. A member entitled to attend, participate, speak and vote is entitled to appoint not more than two (2) proxies to attend, participate, speak and vote instead of him. A proxy may, but need not, be a member of the Company and there shall be no restriction as to the qualification of the proxy.
3. Where a member appoints more than one (1) proxy, the appointment shall be invalid unless he/she specifies the proportion of his/her holdings to be represented by each proxy.
4. Where a member is an authorised nominee as defined in the Securities Industry (Central Depositories) Act, 1991, it may appoint not more than two (2) proxies in respect of each Securities Account it holds in ordinary shares of the Company standing to the credit of the said Securities Account.
5. Where a member is an Exempt Authorised Nominee which holds ordinary shares in the Company for multiple beneficial owners in one Securities Account ("Omnibus Account"), there is no limit to the number of proxies which the Exempt Authorised Nominee may appoint in respect of each Omnibus Account it holds. Where the Exempt Authorised Nominee appoints two (2) or more proxies to attend and vote at the same meeting, such appointment shall be invalid unless the Exempt Authorised Nominee specifies the proportion of his holdings to be represented by each proxy.
6. The instrument appointing a proxy shall be in writing under the hand of the appointor or his attorney duly authorised in writing or, if the appointor is a corporation, either under the corporation's seal or under the hand of an officer or attorney duly authorised.
7. The instrument appointing a proxy must be deposited at the Poll Administrator's office at Mega Corporate Services Sdn. Bhd, Level 15-2, Bangunan Faber Imperial Court, Jalan Sultan Ismail, 50250 Kuala Lumpur, Wilayah Persekutuan or submit via email to AGM-support.Ralco@megacorp.com.my not less than forty-eight (48) hours before the time appointed for holding the meeting or any adjournment thereof. Kindly refer to the Administrative Notes for further information.
8. Date of Record of Depositors for the purpose of determining Members' entitlement to attend, vote and speak at the 27th AGM is 9 June 2022.
9. Pursuant to Paragraph 8.29A of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, all resolutions set out in the Notice of the 27th AGM will be put to vote on a poll.

EXPLANATORY NOTES ON ORDINARY AND SPECIAL BUSINESS:

(i) Item 1 of the Agenda

Audited Financial Statements for the financial year ended 31 December 2021

This Agenda item is meant for discussion only, as the provisions of Section 248 and Section 340(1)(a) of the Companies Act, 2016 do not require a formal approval of the shareholders for the Audited Financial Statements. Hence, this Agenda item will not be put for voting.

(ii) Ordinary Resolution 1

Pursuant to Section 230(1) of the Companies Act 2016, the fee of the Directors, and any benefits payable to the Directors including any compensation for loss of employment of a director or former director of a public company or a listed company and its subsidiaries, shall be approved at a general meeting. In this respect, the Board agreed that the shareholders' approval shall be sought at the 27th AGM on the Directors' fees for the financial year ended 31 December 2021.

The Directors' fees payable to the Directors of the Company are set out as follows:

	Fee (RM)
Executive Directors	60,000
Non-Executive Directors	143,427

(iii) Ordinary Resolution 2

Pursuant to Section 230(1) of the Companies Act 2016, the fee of the Directors, and any benefits payable to the Directors including any compensation for loss of employment of a director or former director of a public company or a listed company and its subsidiaries, shall be approved at a general meeting. In this respect, the Board agreed that the shareholders' approval shall be sought at the 27th AGM on the Directors' remuneration (excluding the Directors' fees) payable to the Directors of the Company and its subsidiaries for the financial period from 16 June 2022 until 30 June 2023 ("Relevant Period").

The Directors' remuneration (excluding Directors' fees) comprises the allowances and other emoluments payable to the Directors of the Company and its subsidiaries are set out below:

Description	Chairman (RM)	Directors (RM)
Meeting Allowance (per meeting) - Board Committees	500	500
Directors Liability Insurance (per annum)	1,514	9,086

Note:

In determining the estimated total amount of the Directors' remuneration (excluding Directors' fees), the Board considered various factors including the number of scheduled meetings for the Board and Board Committees as well as the number of Directors involved in these meetings.

Payment of Directors' remuneration (excluding Directors' fees) will be made by the Company and its subsidiaries on a monthly basis and/or as and when incurred if the proposed Resolution 2 has been passed at the 27th Annual General Meeting. The Board is of the view that it is just and equitable for the Directors to be paid with such payment on a monthly basis and/or as and when incurred, particularly after they have discharged their responsibilities and rendered their services to the Company throughout the Relevant Period.

(iv) Ordinary Resolutions 3 & 4

Re-election of Directors who retire in accordance with Clause 97.1 of the Company's Constitution

No individual is seeking election as a Director at the forthcoming 27th AGM of the Company.

Pursuant to Clause 97.1 of the Constitution of the Company, Mr. Law Doung Chin and Mr. Ang Seng Wong are standing for re-election as Directors of the Company and being eligible offered themselves for re-election at this 27th AGM of the Company. The profile of the retiring Directors are set out on pages 9 and 10 of the Annual Report. The Board through its Nomination Committee had assessed the retiring Directors, as detailed in the Corporate Governance Overview Statement on page 17 of the Annual Report.

NOTICE OF ANNUAL GENERAL MEETING

(v) Ordinary Resolution 6
Authority to issue and allot shares

The proposed Ordinary Resolution 6, if passed, will give flexibility to the Directors of the Company to issue and allot shares up to a maximum of ten per centum (10%) of the total number of issued shares (excluding treasury shares) of the Company at the time of such issuance of shares and for such purposes as they consider would be in the best interest of the Company without having to convene separate general meetings. This authority, unless revoked or varied at a general meeting, will expire at the conclusion of the next Annual General Meeting of the Company.

This is the renewal of the mandate obtained from the shareholders at the last Annual General Meeting held on 15 June 2021 ("the Previous Mandate"). The Previous Mandate was not utilised and no proceeds were raised.

The purpose of this general mandate is to provide flexibility to the Company for any possible fund raising activities including but not limited to placement of shares for purpose of funding current and/or future investment projects, working capital, repayment of borrowings and/or acquisitions.

(vi) Ordinary Resolution 7
Continuing in Office as an Independent Non-Executive Director – Mr. Law Doung Chin

The Nomination Committee and Board had assessed the independence of Mr. Law Doung Chin, who has served as an Independent Non-Executive Director of the Company for a cumulative term of more than nine years, and had recommended him to continue to act as an Independent Non-Executive Director of the Company based on the following justifications:-

- a. *he fulfilled the criteria under the definition of Independent Director as set out under Paragraph 1.01 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, and thus, he would be able to function as a check and balance, bringing an element of objectivity to the Board;*
- b. *he has been with the Company for more than 9 years and is familiar with the Company's business operations;*
- c. *he has devoted sufficient time and attention to his professional obligations for informed and balanced decision making and had actively participated in board discussion and provided an independent voice to the Board; and*
- d. *he has exercised his due care during his tenure as Independent Non-Executive Director of the Company and carried out his professional duties in the interest of the Company and shareholders.*

The details of Mr. Law Doung Chin is set out on page 9 of the Annual Report.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of Directors of Ralco Corporation Berhad ("the Board") continues to recognise the importance of practising good corporate governance to direct the businesses of the Company and its subsidiaries (together as "the Group") towards enhancing business and long-term value for its shareholders. It remains committed to ensure that the highest standards of accountability and transparency are practised throughout the Group as the underlying principle in discharging its responsibilities.

The Board presents this statement to provide shareholders and investors with an overview of the corporate governance practices of the Company under the leadership of the Board during the financial year 2021. This overview takes guidance from the key corporate governance principles as set out in the Malaysian Code on Corporate Governance 2021 ("MCCG 2021").

This statement is prepared in compliance with the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities") and it is to be read together with the Corporate Governance Report ("CG Report") of the Company which is available at the Company's website at www.ralco.net.

The CG Report provides the details on how the Company has applied each Practice as set out in the MCCG 2021 during the financial year 2021.

PRINCIPLE A- BOARD LEADERSHIP AND EFFECTIVENESS

1.1 Board Responsibilities

The Board is responsible for formulating and reviewing the strategic plans and key policies of the Company, and charting the course of the Group's business operations whilst providing effective oversight of Management's performance, risk assessment and controls and integration of sustainability considerations over business operations. The Board delegates and confers some of its authorities and discretion on the Chairman, Managing Director, and Management as well as on properly constituted Board Committees comprising exclusively Non-Executive Directors.

All members of the Board are aware of their responsibilities to take decision objectively which promote the success of the Group for the benefits of the shareholders and other stakeholders. The roles and responsibilities of the Board are clearly set out in the Board Charter which is available on the Company's website.

The positions of the Chairman and the Managing Director are held by two different individuals. The Chairman of the Board is Dato' Chong Kim Fatt, an Independent Non-Executive Director whilst the Managing Director is Mr. Tan Heng Ta.

There is a clear division of responsibilities between the Chairman of the Board and the Managing Director. The Chairman ensures the smooth and effective functioning of the Board, leads strategic planning at the Board level and instilling good corporate governance practices. The Managing Director and Chief Operating Officer are responsible for implementing the strategic direction approved by the Board for the vision and strategic directions of the Group as well as initiating innovative ideas to create competitive edge and development of business and corporate strategies. The Managing Director is assisted by the Chief Operating Officer for implementing the policies and decisions of the Board while the Chief Operating Officer is primarily accountable for overseeing the day-to-day operations of the Group to ensure the effective running of the Group.

The Board Committees made up of Risk Management Committee, Audit Committee, Nomination Committee and Remuneration Committee; and are entrusted with specific responsibilities to oversee the Group's affairs, with authority to act on behalf of the Board in accordance with their respective Terms of Reference. The Chairman of the relevant Board Committees report to the Board on key issues deliberated by the Board Committees at their respective meetings. The ultimate responsibilities for decision making, however, lies with the Board.

The Chairman of the Board, Dato' Chong Kim Fatt, is not a member of the Audit Committee, Nomination Committee or Remuneration Committee.

PRINCIPLE A- BOARD LEADERSHIP AND EFFECTIVENESS cont'd

1.1 Board Responsibilities cont'd

The Board together with management takes responsibility for the governance of sustainability in the company including setting the company's sustainability strategies priorities and targets. The Board takes into account sustainability considerations when exercising its duties including amongst others the development and implementation of company strategies, business plans, major plans of action and risk management. The Board takes appropriate action to ensure they stay abreast with and understand the sustainability issues relevant to the company and its business, including climate-related risks and opportunities and will include a review of the performance of the Board and senior management in addressing the company's material sustainability risks and opportunities.

The Board has identified Mr. Tan Heng Ta as the designated person within management, to provide dedicated focus to manage sustainability strategically, including the integration of sustainability considerations in the operations of the company.

The following are the Board's principal roles and responsibilities in discharging its leadership function and fiduciary duties towards meeting the goals and objective of the Group:-

1. Business plan and budget;
2. Capital Management and investment policies;
3. Authority limits/levels;
4. Risk Management policies;
5. Declaration of Dividends;
6. Business Continuity Plan;
7. Issuance of new Securities;
8. Business restructuring;
9. Expenditure above a certain limit; and
10. Material acquisitions and disposition of assets.

During the financial year under review, the Board, in addition to the above matters, has reviewed and adopted policies and procedures to be in line with the Companies Act 2016, MCCG 2021 and revisions to the Anti-Money Laundering Act and implemented the following as part of its continuous efforts in enhancing corporate governance:-

1. Adopted IT Security Policy Management;
2. Updated the Terms of Reference of Nomination Committee; and
3. Implementation of the policies and procedures on anti-corruption.

Looking ahead to 2022, the priorities of the Board will be in the following areas:-

1. Implementation/updating the policies and procedures on anti-corruption with the provisions of Section 17A of the Malaysian Anti-Corruption Commission Act 2009 and other regulatory updates, if any;
2. Leverage on technology to broaden its channel of dissemination of information and to enhance the quality of engagement with the shareholders; and
3. Revision of Board Charter to be in line with the latest regulatory requirements, if required.

1.2 Qualified and competent company secretaries

In performing their duties, all Directors have access to the advice and services of two (2) suitably qualified Company Secretaries. The Company Secretaries have been providing guidance to the Board, particularly on corporate governance issues and compliance with relevant policies and procedures, rules and regulatory requirements and ensure good information flow within the Board, Board Committees and Management. The Company Secretary attends all meetings of the Board and Board Committees and guides the Directors on the requirements encapsulated in the Company's Constitution and legislative promulgations such as the Companies Act 2016, MMLR, etc. The Company Secretary shall continue to guide the Directors on the requirements to be observed arising from new regulations and guidelines issued by the authorities.

1.3 Access to information and Advice

All Directors may seek independent professional advice at the Company's expense on specific issues to enable them to discharge their duties, where necessary.

Board Meetings for the ensuing year are scheduled in advance before the end of the current financial year so that the Directors are able to plan ahead and full attendance at Board Meeting.

The notice of agenda together with minutes of the previous meeting and other relevant information will be circulated to the Board at least five (5) days before the meetings. This is to ensure that all Directors have sufficient time to obtain further explanation, where necessary, in order to be fully informed of the matters to be discussed during the meeting. The Board papers contain all relevant information and reports on financial, operational, corporate, regulatory, market developments and minutes of meetings. These documents are comprehensive and include qualitative and quantitative information to enable the Board members to make informed decisions.

The Company Secretaries are entrusted to record the Board's deliberations, in terms of issues discussed, ensures that the deliberations at Board and Board Committee meetings are documented, and subsequently communicated to Management for appropriate actions. The minutes of the previous Board and Board Committee meetings are distributed to the Directors/Committees prior to the meeting for their perusal before confirmation of the minutes at the commencement of the following Board meeting. To facilitate productive and meaningful deliberations, the Directors will comment or request for clarification before the minutes are tabled for confirmation as a correct record of the proceedings of the meeting. Management provides Directors with complete and timely information prior to meetings and on-going basis to enable them making informed decisions.

1.4 Board Charter

In discharging its duties, the Board is constantly mindful of the need to safeguard the interests of the Group's stakeholders. In order to facilitate the effective discharge of its duties, the Board is guided by the Board Charter which was reviewed and revised by the Board on 24 November 2020 and the same has been published on the Company's website.

The Board Charter serves to ensure that all Board members acting on the Group's behalf are aware of their expanding roles and responsibilities. It sets out the strategic intent and specific responsibilities to be discharged by the Board members collectively and individually. It also regulates on how the Board conducts business in accordance with the Corporate Governance principles.

The Board will continue to review the Board Charter periodically to ensure that it is updated in accordance with the needs of the Company and any new regulations that may have impact on the discharge of the Board's responsibilities.

The Board Charter is available on the Group's website at www.ralco.net.

1.5 Formalised ethical standards through Code of Conduct

The Group is committed to achieving and monitoring high standards pertaining to behaviour at work.

The Board is guided by the Company's Code of Conduct & Principles ("Code of Conduct") in discharging its oversight role effectively. The Code of Conduct requires all Directors and Management to observe high ethical business standards, honesty and integrity and to apply these values to all aspects of the Groups' business and professional practice and act in good faith in the best interest of the Company and its shareholders. A summary of the Code of Conduct is available on the Group's website at www.ralco.net.

In addition, all employees are encouraged to report genuine concerns about unethical behaviour or malpractices. Any such concern should be raised with senior management, and an appropriate action will be taken by the Company. If for any reason, it is believed that this is not possible or appropriate, then the concern should be reported to the Senior Independent Non-Executive Director of the Company.

1.6 Whistle Blowing Policy

The Group has developed a Whistle-blowing Policy ("the Policy") to enable employees and any other persons to report instances of unethical behaviour, actual or suspected fraud and/or abuse within the Company. This policy has been disseminated throughout the organisation with briefing by the Human Resources Department on its use by employees.

The Policy facilitates an open and transparent corporate culture within the organisation, promoting accountability and enabling the Group to respond nimbly to changes in environment. It also serves to encourage and provide an alternative means for employees and any other persons ("Reporting Persons") to raise a concern outside the normal reporting channels. Such good faith reporting must not be made recklessly, maliciously, and/or for personal gain. The Policy has been disseminated to all staff and is available on the Group's website at www.ralco.net.

Any party who has reasonable belief that there is serious malpractice relating to any matter disclosed, may direct such complaint and report to the Managing Director of the Company or General Manager of the Company or Chairman of Audit Committee in writing. Management will ensure that any employee of the Company who raises a genuine complaint in good faith shall not be penalised for such disclosure and the identity of such complainant shall be kept confidential.

2.0 Composition of the Board

The Board comprised seven (7) members, of whom five (5) are Independent Non-Executive Directors, one (1) Executive Director and one (1) Managing Director during the financial year 31 December 2021. On 10 February 2021, Mr. Heng Chee Wei was re-designated to Senior Independent Non-Executive Director and Dato' Chong Kim Fatt was appointed as an Independent Non-Executive Director and Chairman of the Board, whilst a second female director Ms Lau Wai Ching was appointed as an Independent Non-Executive Director, having fulfilled the criteria of independence as defined in the MMLR. On 28 February 2022, the Executive Director, Ms. Liang Siew Jiun had resigned due to health reasons. The Board composition was then revised to six (6) members, of whom five (5) are Independent Non-Executive Directors and one (1) Managing Director. The five (5) Independent Non-Executive Directors fulfilled the criteria of independence as defined in the MMLR. The Board composition has met the requirements in the MMLR and the MCCG 2021 as at least half of its members are Independent Directors. The Board members are persons of high calibre and integrity, and provide a wealth of knowledge, experience and skills in the key areas of accountancy, business operations and development, finance and risk management, amongst others.

The size and composition of the Board are reviewed by the Nomination Committee annually, to determine if the Board has the right size and sufficient diversity with independence elements that fit the Company's objectives. The Nomination Committee also aims to maintain a diversity of gender, expertise, skills, ethnicity and attributes among the Directors, so as to form a quality Board that can contribute to more robust decision making and thereby, increase governance and shareholders value.

The Board acknowledges the importance of diversity in boardroom and senior management and has set a target of 30% female directors to be achieved by 2023. The Group strictly adhered to the practice of non-discrimination of any form, whether based on race, age, religion and gender throughout the organisation, which included the selection of Board members.

Based on the review of the Board composition, there were two (2) female directors on the Board of the Company during the financial year 31 December 2021. On 28 February 2022, the Executive Director, Ms Liang Siew Jiun had resigned due to health reasons. The Nomination Committee has been tasked to consider the female representation when a vacancy arises and/or suitable candidates are identified. The Nomination Committee will take steps to ensure that women candidates are sought as part of its recruitment exercise in order to achieve the optimum size with the right diversity. As such, this pursuit will continue to be a priority on the Board agenda in year 2022 and the Company will endeavour to achieve 30% female directors by 2023.

2.0 Composition of the Board cont'd

The appointment of a new Board member will not be guided solely by gender but will also take into account the skills-set, experience and knowledge of the candidate. The Company's prime responsibility in new appointments is always to select the best candidates available. Hence, the normal selection criteria based on an effective blend of competencies, skills, extensive experience and knowledge to strengthen the Board remains a priority.

Hence, the normal selection criteria based on an effective blend of competencies, skills, extensive experience and knowledge to strengthen the Board remains a priority.

In the event of any vacancy in the Board of Directors resulting in non-compliance with Paragraph 15.02(1) of the Main Market Listing Requirements, the Company will fill the vacancy within 3 months.

2.1 Nomination Committee

The present composition of the Nomination Committee comprises exclusively Independent Non-Executive Directors and is chaired by an Independent Director.

A summary of key activities undertaken by the Nomination Committee in discharging its duties during the financial year are set out below:-

- Assessed the contribution of each individual Director;
- Reviewed the Board structure, size, composition and the balance between Executive Directors, Non-Executive Directors and Independent Directors to ensure that the Board has the appropriate mix of skills and experience including core competencies which Directors should bring to the Board and other qualities to function effectively and efficiently;
- Reviewed the independence of Independent Directors;
- Reviewed and assessed the performance and effectiveness of the Board as a whole and Board Committees;
- Reviewed the profile of nominated Director and recommended to the Board the appointment of the said Director;
- Discussed the annual retirement by rotation and re-election of Directors at the forthcoming Annual General Meeting ("AGM") and recommended the same for re-election by the shareholders; and
- Reviewed the performance of the Chief Financial Officer ("CFO").

2.2 Board appointment process

The Nomination Committee is responsible for identifying and recommending suitable candidates for Board membership and also for assessing the performance of the Directors on an ongoing basis and in accordance with the Company's Fit and Proper standards in the Board Charter. The Board will have the ultimate responsibility and final decision on the appointment. This process shall ensure that the Board membership accurately reflects the long-term strategic direction and needs of the Company and determine skills matrix to support strategic direction and needs of the Company.

Management shall then engage broadly to develop a pool of interested potential candidates meeting the skills, expertise, personal qualities and diversity requirements for both the Board and the Committee appointments. Other than the recommendation of the Management, existing board member and major shareholder, the Nomination Committee shall consider other approaches and sources i.e. sourcing from a directors' registry, open advertisements or use of independent search firms to identify the most suitable candidates.

The Nomination Committee evaluates and matches the criteria of the candidate, and will consider diversity, including gender and ethnicity (cultural background), where appropriate, and recommends to the Board for appointment.

In making the selection, the Board is assisted by the Nomination Committee to consider the following aspects:

- Probity, personal integrity, financial integrity and reputation – the person must have the personal qualities such as honesty, integrity, diligence and independence of mind and fairness.
- Competence and capability – the person must have the necessary skills, experience, ability and commitment to carry out the role.

2.2 Board appointment process cont'd

During the financial year 2021, Dato' Chong Kim Fatt was appointed as Chairman/Independent Non-Executive Director and Ms Lau Wai Ching was appointed as an Independent Non-Executive on 10 February 2021. The Nomination Committee had reviewed a list of potential candidates from various sources to identify suitably qualified candidates.

The Nomination Committee had reviewed and assessed the appointment of Dato' Chong Kim Fatt and Ms. Lau Wai Ching based on the criteria of "Fit and Proper Standard" as set out in the Company's Board Charter and had recommended the appointment of Dato' Chong Kim Fatt and Ms Lau Wai Ching as Independent Non-Executive Directors of the Company to the Board for approval.

According to the Constitution of the Company, all Directors are required to submit themselves for re-election at intervals of not more than three (3) years. The Constitution also states that one-third (1/3) of the Board members shall retire from office at the AGM and shall be eligible for re-election at the same AGM. The new Director(s) duly appointed by the Board is then recommended for re-election at the AGM.

Pursuant to Clause 97.1 of the Company's Constitution, Mr. Law Doung Chin and Mr. Ang Seng Wong are subject to retirement at the forthcoming Annual General Meeting ("AGM") respectively and they have expressed their willingness to seek for re-election at the forthcoming AGM.

The Board through its Nomination Committee had assessed the retiring Director, and considered the following:

- i. The Director's performance and effectiveness;
- ii. The Director's level of contribution to the Board deliberations through his skills, experience and strength in qualities; and
- iii. The level of independence demonstrated by the Independent Director, and his ability to act in the best interests of the Company in decision-making.

The Board had conducted an assessment of the Directors of the Company based on the relevant performance criteria and meet the "Fit and Proper" standards as detailed in the Company's Board Charter which include the following:

- i. A person of good character and high integrity and credibility;
- ii. Good business acumen and product knowledge;
- iii. Proven leadership ability and strategic agility;
- iv. Financial knowledge;
- v. Market and global awareness;
- vi. Compliance and legal awareness; and
- vii. Have not been convicted whether within or outside Malaysia of any offence.

Based on the Board evaluation and assessment, the individual Directors (including the retiring Director) met the performance criteria required of an effective and a high-performance Board. In addition, all the Non-Executive Directors have also provided annual declaration/confirmation of independence in 2021 respectively.

Based on the above, the Board approved the Nomination Committee's recommendation that Mr. Law Doung Chin and Mr. Ang Seng Wong who retire in accordance with Clause 97.1 of the Constitution are eligible to stand for re-election. They had abstained from deliberation and decision on their own eligibility to stand for re-election at the relevant Board meeting.

2.3 Tenure of Independent Directors

The Board has not adopted a nine-year policy for Independent Non-Executive Directors. An Independent Director may continue to serve on the Board subject to the director's re-designation as a Non-Independent Director. Otherwise, the Board will justify and seek shareholders' approval at the AGM in the event it retains the director as an Independent Director. If the Board continues to retain the independent director after the ninth year, the Board needs to seek annual shareholders' approval through a two-tier voting process in accordance with the MCCG 2021.

The Nomination Committee will assess the independence of the Independent Directors based on the assessment criteria developed by the Nomination Committee and recommended to the Board for recommendation to the shareholders for approval. Justifications for the Board's recommendation will be provided under the explanatory note as set out in the Notice of AGM.

Currently, there is a long serving Independent Non-Executive Director, Mr Law Doung Chin, who has served for a cumulative term of more than nine years. The Board, on the review and recommendation made by the Nomination Committee, is unanimous in its opinion that the Independent Non-Executive Director has fulfilled the criteria in the definition of an "Independent Director" as set out in Paragraph 1.01 of the MMLR. The Board believes that the independence of the Independent Non-Executive Director remained unimpaired and his judgment over business dealings of the Company was not influenced by the interest of the other Directors or Substantial Shareholders.

Accordingly, the Board has retained Mr Law Doung Chin as Independent Director of the Company notwithstanding his service tenure of more than nine (9) years and will seek shareholders' approval through a two-tier voting process at the forthcoming AGM to support the Board's decision to retain him as Independent Non-Executive Director.

2.4 Annual Assessment

The Board reviews and evaluates its own performance and the performance of its Committees on an annual basis. The Board evaluation comprises a Board Assessment, an Individual Director Assessment and an Assessment of Independence of Independent Directors. The Assessment is based on specific criteria as stated in the performance assessment form adopted by the Nomination Committee.

Based on the above assessment in 2021, the Board is generally satisfied with the level of independence demonstrated by all the Independent Directors and their ability to bring independent and objective judgement to the board deliberations.

The results of the assessment would form the basis of the Nomination Committee's recommendation to the Board for the re-election of Directors at the forthcoming AGM.

To further discharge its duties, the Nomination Committee has assessed the performance of the Chief Financial Officer through performance evaluation form completed by the Board during the financial year.

In addition, the Nomination Committee has reviewed the term of office and performance of the Audit Committee and each of its members and opined that the Audit Committee and all members have carried out their duties in accordance with their terms of reference.

Based on the above assessments, the Nomination Committee was satisfied with the existing Board composition and was of the view that all Directors and Board Committees of the Company had discharged their responsibilities in a commendable manner and has performed competently and effectively. All assessments evaluations carried out by the Nomination Committee in the discharge of all its functions were properly documented.

The Board is of the view that its present size and composition is optimal based on the Group's operations and that it reflects a fair mix of financial, technical and business experience that are important to the stewardship of the Group.

PRINCIPLE B -EFFECTIVE AUDIT AND RISK MANAGEMENT

1. Audit Committee

The Audit Committee is relied upon by the Management to, amongst others, provide advice in the areas of financial reporting, external audit, internal audit process, review of related party transactions as well as conflict of interest situation. The Audit Committee also undertakes to provide oversight on the risk management framework of the Group.

The Audit Committee of the Company comprises solely of Independent Non-Executive Directors. The position of the Chairman of the Audit Committee and the Chairman of the Board are held by two different individuals. The Chairman of the Audit Committee is Mr Ang Seng Wong, an Independent Non-Executive Director whilst the Chairman of the Board is Dato' Chong Kim Fatt, an Independent Non-Executive Director.

The main responsibilities of the Audit Committee are to assist the Board in discharging its statutory and other responsibilities relating to the internal controls, financial and accounting matters, compliance, and business and financial risk management.

The Audit Committee reports to the Board on the results of the audits undertaken by the internal and external auditors, the adequacy of disclosure of information, and the adequacy and effectiveness of the system of risk management and internal control. It reviews the quarterly and annual financial statements with Management and external auditors, reviews and approves the annual audit plans for the internal and external auditors' evaluation of the Group's system of internal control.

The Audit Committee is also responsible for evaluating the cost effectiveness of audits, the independence and objectivity of the external audit, and the nature and extent of the non-audit services provided by the external auditors to ensure that the independence of the external auditors is not compromised. It also makes recommendations to the Board on the appointment or re-appointment of the external auditors.

Annually, the Audit Committee reviews the appointment, performance and remuneration of the External Auditors before recommending them to the shareholders for re-appointment at the AGM. The Audit Committee would have a private discussion with External Auditors without the presence of the Executive Directors and Management of the Group as and when necessary on the matters relating to the Group and its audit activities. As part of the Audit Committee's review processes, the Audit Committee has obtained assurance from the External Auditors confirming that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

Based on the Audit Committee's annual assessment of the External Auditors, the Board is satisfied with the independence, quality of service and adequacy of resources provided by the External Auditors in carrying out the annual audit for financial year 2021. In view thereof, the Board has recommended the re-appointment of the External Auditors for the approval of shareholders at the forthcoming AGM.

The composition of the Audit Committee will be reviewed annually by the Nomination Committee and recommended to the Board for approval.

The Audit Committee and the Risk Management Committee reviewed the results of audits performed by the Internal Auditor based on the approved audit plan and identified risk profile during the financial year. The details of internal audit function is stipulated in the Audit Committee Report on page 29 and 30 of this Annual Report.

2. Risk Management and Internal Control Framework

The Board has the overall responsibility to ensure that sound and effective risk management and internal control systems are maintained, while Management is responsible for designing and implementing risk management and internal control systems to manage risks. Sound and effective systems of risk management and internal control are designed to identify and manage the risk of failure to achieve the business objective.

The Risk Management Committee which comprised of Independent Directors, monitors the Company and Group's risk exposures, the design and operating effectiveness of the underlying risk management and the internal control systems, and would report their findings and risk assessments to the Board after due review of the effectiveness of the Group's risk management and internal control by the Internal Auditor. The Board is satisfied with the performance of the Risk Management Committee in discharging their responsibilities.

The Board confirms that there is an ongoing process for identifying, evaluating and managing significant risks facing the Company and the Company has embedded the risks management into the operating and business processes. These processes are undertaken by all Executive Directors and the Management team members in their course of work. Key matters covering the financial performance, operating and market are reviewed and deliberated in the Risk Management Committee Meetings.

The Board receives assurance from the Managing Director and the Chief Financial Officer, to the best of their knowledge that the Group's risk management and internal control systems are operating adequately and effectively, in all material aspects.

For the financial year under review, the Board is satisfied that the existing level of systems of risk management and internal control are effective to enable the Group to achieve its business objectives and there were no material losses resulted from significant control weaknesses that would require additional disclosure in the Annual Report. Nonetheless, the Board recognises that the systems of risk management and internal control should be continuously improved in line with the evolving business development. It should also be noted that all risk management systems and systems of internal control could only manage rather than eliminate risks of failure to achieve business objectives. Therefore, these systems of risk management and internal control in the Group can only provide reasonable but not absolute assurance against material misstatements, frauds and losses.

PRINCIPLE C - INTEGRITY IN CORPORATE REPORTING & MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

1. Communication with Stakeholders

The Company recognises the importance of prompt and timely dissemination of information to shareholders and investors in order for these stakeholders to be able to make informed investment decisions.

In addition, the Company is committed to ensure its communication with the other shareholders and stakeholders is transparent, timely and with quality disclosures. Hence, the Company actively engages all its stakeholders through the following platforms:-

(a) Corporate Disclosure Policy and Procedures

Corporate disclosure and information are important for the investors and the shareholders. The Board is advised by the Management, Company Secretaries, External Auditors and Internal Auditors on the contents and timely disclosure requirements of the MMLR on the financial results and various announcements.

The Group leverages on its corporate website to disseminate and add depth to its communication with the public. News alert feature in the website is available for public community.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The MCCG 2017 requires listed companies to maintain a sound risk management framework and internal control system to safeguard shareholders' investments and its assets.

This Statement on Risk Management and Internal Control is made pursuant to paragraph 15.26(b) of MMLR of Bursa Securities and as guided by Guidelines for Directors of Listed Issuer – Statement on Risk Management and Internal Control of Bursa Securities. It outlines the key elements of risk management and internal control systems within the Group for the current financial year.

BOARD RESPONSIBILITY

The Board acknowledges the importance of maintaining a sound system of internal control and effective risk management practices in the Group to ensure good corporate governance. The Board affirms its overall responsibility for the Group's system of risk management and internal control and the need to review its adequacy and integrity regularly. The system of internal control covers governance, risk management, financial, strategy, organisational, operational, regulatory and compliance control matters. In view of the inherent limitations in any system of internal control, the Board recognises that this system is designed to manage rather than eliminate the risk of failure to achieve the Group's objectives and the system by its nature can only provide reasonable but not absolute assurance against material misstatement, fraud or loss.

RISK MANAGEMENT FRAMEWORK

The Board recognises that risk management is an integral part of the Group's business operations and the Board maintains continuous commitment in strengthening the Group's risk management framework and processes. The Board is thus committed to continually promote the culture of risk awareness and builds the necessary knowledge in identifying, evaluating, mitigating, monitoring and managing the significant risks on an on-going basis.

The key risk management initiatives undertaken include among others:

- (i) A Risk Management Committee has been established to constantly identify, evaluate and monitor significant risks faced by the Group. It is also responsible for the development of risk mitigation strategies and plans.
- (ii) The Risk Management Committee met on a quarterly basis to discuss and deliberate on the significant risks affecting the Group, including sustainability related matters. Risk profiles, control procedures and status of action plans were presented and deliberated in the Risk Management Committee meetings. Minutes of the meetings of the Risk Management Committee which recorded the deliberations were tabled to the Board for notation at their quarterly meetings. The Risk Management Committee also met with different management teams across the Group on quarterly basis for updates.
- (iii) Board Committees (i.e. Audit Committee, Remuneration Committee and Nomination Committee) have been established to carry out duties and responsibilities delegated by the Board and are governed by written terms of reference. Meetings of Board of Directors and respective Board Committees are carried out on scheduled basis to review the performance of the Group, from financial and operational perspective. Business plans and business strategies are proposed by the Managing Director to the Board for their review and approval after taking into account risk consideration and responses.
- (iv) Day-to-day risk management of the individual operating units is delegated to the Managing Director and respective senior managements. In this regard, the Managing Director is responsible for timely identification of the Group's risks of each business units and implementation of systems to manage these risks. Periodic meetings are held to assess and monitor the Group's risk as well as to discuss, deliberate and appropriately address matters associated with strategic, financial and operational facets of the Group. Any significant weaknesses identified during the review together with the improvement measures to strengthen the internal controls were reported to the Audit Committee.
- (v) Formation of operational policies and procedures by the Management with a view of establishing group wide operational standards in order for all operating units to work cohesively towards achieving the business objectives of the Group. For accounting systems and financial processes, efforts are being taken to ensure consistency in the Group as a whole.

RISK MANAGEMENT FRAMEWORK cont'd

The key risk management initiatives undertaken include among others: cont'd

- (vi) The Audit Committee reviews on a quarterly basis the quarterly unaudited financial results to monitor the Group's progress towards achieving the Group's business objectives. Authority is given to the Audit Committee members to investigate and report on any areas of improvement for the betterment of the Group.
- (vii) Regular interactive meetings between the external and internal auditors to identify and rectify any weakness in the system of internal controls. The Board on a timely basis would be informed of any matters brought up in the Audit Committee meetings.

INTERNAL AUDIT FUNCTION

The Group has an inhouse internal audit function headed by Mr. Ken Teh Kian Lang, a MIA member with more than 20 years of internal audit work experience. The internal audit function reporting to the Audit Committee, provides an independent assessment to the adequacy, efficiency and effectiveness of the Group's internal control system. The internal auditor reports directly to the Audit Committee and the risk-based internal audit plans are tabled to the Audit Committee on an annual basis for review and approval.

During the year under review, the internal auditor assessed the adequacy and effectiveness of the Group's key business areas in terms of governance, risk assessment and system of internal control. Internal audit reports are presented to the Audit Committee on a quarterly basis, highlighting findings, recommendations and agreed action plans to improve the system of internal controls. Such reporting also includes follow-up reviews on significant audit issues that are performed to assess the status of implementation. Based on the internal audit reviews conducted, weaknesses identified in internal controls have been appropriately mitigated and senior management will continue to ensure that appropriate action is taken to enhance and strengthen the internal control environment.

KEY ELEMENTS OF RISK MANAGEMENT AND INTERNAL CONTROL

The Board is committed to maintaining a strong internal control structure for the proper conduct of the Group's business operations and of the view that the system of internal controls in place for the year under review and up to the date of issuance of the financial statements. The key elements include:-

- the responsibilities of the committees to the Board and management are clearly defined in the organisation structure to ensure the effective discharge of their roles and responsibilities towards the Group.
- the limits of authority of the Group has been defined and adopted accordingly.
- policies and controls for the Group's operations have been defined and adopted. Procedures are also in place to ensure that assets are subject to proper physical controls.
- monthly and periodic reporting structures have been put in place on key financial and operational statistics.
- the Group's internal audit function is an on-going review process of the operations to assess the effectiveness of the control environment and to highlight significant risks as well as areas requiring improvements. Follow up reviews on previous audit reports are carried out to ensure that appropriate actions are taken to address internal control weaknesses highlighted.
- the Audit Committee meets regularly to review the adequacy, integrity and effectiveness of the system of internal control of the Group, discuss risk management issues and ensures that weaknesses controls highlighted are appropriately addressed by the management.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

Cont'd

CONCLUSION

Several internal control improvements and risk areas were identified by the internal auditor during the financial year ended 31 December 2021. These were reviewed by the Audit Committee and Board and were closely monitored by Management to ensure the integrity of internal controls and minimisation of risks. The Board is committed to an effective internal control system and is of the view that there is continuous process in evaluation and managing risks faced by the Group. In addition, the Board has also received assurance from the Managing Director and CFO with regard to the adequacy and effectiveness of the Group risk management and internal control system in place throughout the financial year.

Based on the foregoing, the Board is of the opinion that the system of internal controls are generally satisfactory and has not resulted in any material loss, contingencies or uncertainties that would require disclosure in the Group's Annual Report.

REVIEW BY EXTERNAL AUDITORS

Pursuant to Paragraph 15.23 of MMLR of Bursa Securities, the external auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in the Annual Report for the year ended 31 December 2021. Based on their review, the external auditors have reported to the Board that nothing has come to their attention that has caused them to believe that this Statement is inconsistent with their understanding of the process the Board has adopted in the review of the adequacy and integrity of the system of internal control of the Group.

MANAGEMENT DISCUSSION & ANALYSIS

ON BEHALF OF THE BOARD OF DIRECTORS OF RALCO CORPORATION BERHAD, IT IS OUR PLEASURE TO PRESENT TO YOU THE MANAGEMENT DISCUSSION AND ANALYSIS (“MDA”) ON THE GROUP. THE OBJECTIVE OF THIS MDA IS TO PROVIDE SHAREHOLDERS WITH A BETTER UNDERSTANDING AND AN OVERVIEW OF THE GROUP’S BUSINESS, OPERATIONS, FINANCIAL POSITION IN YEAR 2021 AND OUTLOOK FOR THE YEAR 2022.

1. OVERVIEW

Ralco started 29 years ago as a small plastic manufacturer renting a small factory in Kajang, Selangor with one unit of blow molding machine and three (3) sets of molds to manufacture medium and big size containers catering mainly for both the local and Singapore markets. From its humble beginnings, it has over the years grown to be one of the key plastic blow molding and injection molding manufacturer of industrial pails, jerrycans and parts in Malaysia

Products

Our product lines comprise mainly Jerrycans (blow molding) and Pails (injection molding) in various sizes. Jerrycans are widely used for the packing of liquid form of chemicals, medical products as well as for edible oils, while pails are utilized predominantly for the packing of paints for both household and industrial use.

In addition, as part of our continuous customer’s service program and in our efforts to provide one stop solution, we also offer customized services such as designing, printing and labelling, such as heat transfer, based on specific requirements from our customers.

Markets

The Group’s turnover is mainly contributed from domestic market and approximately 17% to 22% from other regional markets.

Manufacturing Bases

Our Head Office and the main plant are located in the Nilai Industrial Estate, in the state of Negeri Sembilan. Our factory at Nilai was built on a land measuring 4.51 acres with a total build-up area of approximately 141,000 sq. ft. with a total workforce of approximately 150 people and more than 40 machines.

Ralco has another manufacturing plant which is strategically located in Skudai, the Southern State of Johor. The Johor plant is a single storey detached factory cum 2-storey office annexe situated on approximately 44,000 sq. ft. of industrial land with a build-up area of approximately 26,000 sq. ft.

The Johor plant has a total workforce of approximately 45 employees and 14 units of blow molding machines. It caters to the needs of our customers in the southern region of Malaysia and for our regional customers.

2. BUSINESS REVIEW

During the year under review, the Group’s revenue decreased slightly as compared to the previous year. The decrease in revenue was mainly due to the drop in produces delivery during the period of the Covid-19 pandemic and slow taking delivery of the products following the hike in raw material prices. During the lock down period, the economic activities significantly reduced arising from the restrictions imposed on business activities.

In addition, the fluctuation of resin price has an impact to the performance of the Group as resin is the main cost component for the manufacture of plastic products. The price of resin continued its upward trend after MCO and showing no sign of abating as at the financial year ended 31 December 2021. This has posted a challenge to the management in adjusting the selling price while negotiating with our existing customers.

In addition, the operation of the Group has been continuously affected by the shortage of foreign workers. We have adopted several measures to retain our local workers and also to extend the existing foreign workers’ contracts. The measures adopted include offering improved remuneration package and working environment. The Group strives to optimize the production capacity through pooling the human resources whilst containing the high labour cost.

MANAGEMENT DISCUSSION & ANALYSIS

Cont'd

2. BUSINESS REVIEW cont'd

To achieve higher productivity, the Group will continue to upgrade and replace old machineries progressively to ensure that the machines operate at their optimum capacity. The Group had invested approximately RM1.6 million in 4 new machineries during the financial year ended 2021.

The Group strives to expand its customer base and diversify our product range into higher value-added products which can contribute better profit margins. We will continue to adopt a more collaborative approach with our customers as well as stakeholders by improving our efficiency in plant production and timely delivery of produces to our customers.

3. FINANCIAL REVIEW

Revenue

The Group's revenue decreased by RM2.6 million or 5.0% to RM50.5 million for the current financial year 2021 as compared to RM53.2 million recorded in the previous year. The decrease in revenue was mainly due to the reason mentioned in business review above.

Cost of Sales

Total cost of sales of the Group for the current financial year was RM43.3 million against RM46.2 million incurred in the previous financial year. This was mainly due to the decrease in sales volume, declining factory overheads as well as lower labour costs.

Other Income

Other income increased to RM1.5 million for the financial year ended 31 December 2021 as compared to RM0.7 million recorded in the previous financial year. The increase in other income was mainly contributed from the recovery of bad debt amounted RM0.7 million.

Other Operating Expenses

In tandem with the decrease in turnover, lower selling and distribution expenses was recorded for the current financial year. The Group registered an increase in administrative expenses in current financial year mainly due to the increase in medical fee on fighting the pandemic Covid-19 and revision of salary to retain the employees.

Finance Costs

The financial cost of the Group decreased marginally to RM0.9 million in the current financial year from RM1.0 million in the previous financial year. This mainly due to certain machines purchased under installment plan were fully paid.

Taxation

The Group's effective tax rate was lower than the statutory tax rate mainly due to the crystallisation of deferred tax liabilities on depreciation of revalued assets during the year. The Group has available unabsorbed tax losses, unutilized capital allowances and reinvestment allowances to off-set against its business income except the rental income.

Profit after Tax

The Group posted a profit after taxation of RM1.0 million for the current financial year ended 31 December 2021 as compared to a profit of RM0.1 million registered in the previous financial year. This was mainly due to the recovery of bad debts and operational cost control.

MANAGEMENT DISCUSSION & ANALYSIS

Cont'd

3. FINANCIAL REVIEW cont'd

Liquidity and Capital Resources

The Group cash position stood at RM3.0 million as at 31 December 2021 as compared to RM3.7 million as at 31 December 2020.

The net cash generated from operating profit before working capital changes was RM4.0 million as compared to RM3.7 million generated in the previous financial year. This was mainly due to better business performance as mentioned above.

Material Litigation

Ralco's wholly-owned subsidiary, Ralco Respack Polybag Sdn Bhd ("RRPSB") had filed a writ of summons against Respack Manufacturing Sdn Bhd ("the Defendant") at the Shah Alam High Court on 21 February 2020 to recover long overdue amount of RM1,541,795.35 from the Defendant which included the interests at the rate of 1.5% per month until 31 Jan 2020 and interest at the rate of 5% per annum on the amount claimed from the filing date of the writ of summons until the date of full settlement with costs.

The Court has directed the Plaintiff and Defendant to file and exchange the witness statement of all witnesses on or before 25 April 2022. The Trial date has been fixed on 17 May 2022 and the hearing will be by way of zoom.

4. DIVIDEND

No dividend has been proposed by the Board for the financial year ended 31 December 2021.

5. FUTURE OUTLOOK

The manufacturing and sale of industrial pails and jerrycans will still be the Group's core business in year 2022.

The volatility in world crude oil prices coupled with the volatility in the foreign currency exchange rates will continue to affect the raw material prices which may cause an increase in our overall cost of production. Furthermore, the Group is expected to face costs pressure from higher manufacturing costs and transport costs. The ongoing Covid-19 pandemic will continue to cause a lot of uncertainty into the global economic outlook. In order to mitigate these factors, it is crucial for us to endeavour to strengthen our competitiveness through the continued acquisition of the appropriate technologies, enhancing skills training, improving productivity and our enhance marketing capabilities.

Thus, the Board of Directors maintain a cautious outlook for the Group's performance in the coming financial year 2022.

SUSTAINABILITY STATEMENT

COMMITMENT TO SUSTAINABILITY

Ralco Corporation Bhd and its subsidiaries ("Group") are cognisant of the importance of sustainability in doing the business. We are committed to develop and secure a sustainable future while maintaining an equitable balance between the expectations of a wide range of stakeholders and continuing to create value for our shareholders. To ensure our sustainability efforts are focused on issues that matter most to our stakeholders, we have categorised our commitment into three (3) core pillars:

Economy - Creating shareholders and business value

Environment - Managing the impacts from business

Social - Responsibility to stakeholders

Governance Structure

We do not have a Sustainability Committee at the Board Level, however the Risk Management Committee ("RMC") has taken up the role and responsibilities of the Sustainability Committee. The Group MD plays the role of Chief Sustainability Officer ("CSO"), reporting directly to the RMC on any sustainability matters. The RMC oversees the strategies, policies, initiatives, targets and performance of the Group to ensure that the Group's business is conducted in a sustainable manner. The CSO is assisted by Risk Management Committee ("RMC") which oversees the implementation of the organisation's sustainability approach. Each business unit has its own Risk Management and Sustainability Working Group ("RMSWG") which allows RMC to leverage existing initiatives to identify material sustainability matters in respect of our three (3) core pillars concerning their respective business units, providing and collecting information, overseeing and ensuring integration of sustainability management into their respective business processes.

Scope and Basis

This Sustainability Statement has been developed based on the Sustainability Reporting Guide. The guidelines look beyond financial performance and corporate governance practices which are outlined in this annual report, to examine our non-financial performance relating to our internal and external communities as well as the environment.

Stakeholders' Engagement

We have identified certain stakeholders relevant to our operations and different platforms will be used to engage with all the different stakeholder groups, as indicated in the table below. We have yet to formally engage with all the stakeholders and as we progress, more stakeholders will be identified.

Materiality Assessment

A Materiality Assessment is a stakeholder engagement exercise designed to gauge Ralco's most noteworthy economic, environmental and social impacts that may be important to stakeholders. The process helps us to identify, prioritise, validate and review the most significant areas on the basis of their impact on the business and the importance of these areas from stakeholders' perspectives.

The materiality matrix table will show outcome of Ralco's materiality assessment. Sustainability key matters have been rated on a scale of low, medium and high for the significant Group's Economic, Environmental and Social ("EES") impacts and the influence of stakeholder's assessment and decisions.

➤ ECONOMIC

2021 was a challenging year due to the Covid-19 Pandemic. However, our business operations were not materially affected by the numerous Movement Control Orders implemented by the Government. The management will focus on improving productivity and enhancing market share. Further explanation of our financial performance can be referred to the Management Discussion and Analysis section of this Annual Report.

The management will endeavour to create long-term value for our stakeholder and achieve sustainable business by delivering quality products.

(i) Corporate Governance and Risk Management

In order to ensure sound corporate governance and ethical business conducts are being practiced across the business operations, the Group has in place several policies with key notes as follows: -

Corporate Code of Conduct & Ethics ("Code")	<p>This code of business conduct and principles serves to guide the operational standards that all the employees of RALCO Group of Companies follow, irrespective of locations. It complements the approach to corporate governance and corporate responsibility.</p> <p>It prescribes values and principles that the Company commits to uphold to ensure that business practices and dealings that the Company has relationships with, whether internal or external are governed by honesty, integrity and respect.</p> <ul style="list-style-type: none"> o Employees are required to act honestly and legally at all times; o To ensure confidentiality of the Group's information; o To avoid any conducts that could risk or damage the Group's reputation; o To avoid personal interest being ahead of the Group's interest. o All applicable laws, rules and regulations must be adhered to accordingly. o Any conflict of interest must be avoided/disclosed promptly. o Disclosure of confidential information to unauthorised personnel and insider trading are strictly prohibited. o All employees must not engage in any fraudulent or dishonest activity. o Discrimination and harassment in workplace are prohibited.

(i) Corporate Governance and Risk Management cont'd

In order to ensure sound corporate governance and ethical business conducts are being practiced across the business operations, the Group has in place several policies with key notes as follows: - cont'd

Anti-bribery and Corruption Policy ("ABCP")	<p>The Group are committed to carry out business dealings with integrity, trustworthiness and fairness. It avoids and discourage completely the practices of bribery and corruption of all forms in the company's daily operations. The Group has embraced a Zero Tolerance approach against all forms of bribery and corruption and takes a strong stance against such acts. Employees who refuse to pay or receive bribes or participate in any acts of corruption will not be penalised even if such refusal may result in the Company losing its business or not meeting its targets.</p> <p>The Group's Anti-Bribery and Anti-Corruption Policy ("this Policy") leverages the core principles set out in the Group's Code of Business Conduct. The scenarios provided within this Policy do not limit the boundaries of the Policy which may be extended to cover all circumstances relating to bribery. Compliance to the Policy is mandatory and will be monitored.</p>
Whistle Blowing Policy	<p>Whistle Blowing Policy adopted by the Group is a specific means by which any Employees or Stakeholders (i.e. shareholders/customers/suppliers) can report or disclose through established channels, genuine concerns about unethical behaviour, malpractices, illegal acts or failure to comply with regulatory requirements ("reportable misconduct") that is taking place/has taken place/may take place in the future; of which they become aware and to provide protection for the party, who report allegations of such malpractice/misconduct/ wrongdoings.</p> <p>In case reporting to the management is a concern, then the concerns can be reported directly to the Chairman of Audit Committee. Name : Ang Seng Wong Email : adrianangsib@gmail.com</p>

The Code, ABCP and Whistle Blowing Policy are available for viewing on our website at www.ralco.net.

During the financial year 2021, no employees had been disciplined or dismissed, no contracts with suppliers or customers being terminated, nor have any public cases been brought against Ralco and its employees due to non-compliance with our Code, ABCP and/or any laws and regulations.

Risk Management Committee conducted risk assessment on an annual basis to identify and mitigate significant risks that are affecting our business operations. Our Committee is overseeing the risk management process of the Group in order to safeguard the interest of our various stakeholders. The details are discussed in the Statement on Risk Management and Internal Control in this Annual Report.

(ii) Quality Assurance

As a manufacturer of Jerrycans and Pails, Ralco placed utmost emphasis and commitment to deliver quality products to our customers. We apply stringent operating standards and quality controls in our quality management system in our business operations. In achieving the highest quality standards of products and services, we have been accredited to ISO 9001 : 2015 by SIRIM QAS International Sdn Bhd.

➤ ENVIRONMENT

The Group is mindful of the impact that its expanding operations can have on the environment and seeks to reduce the impact through effective and efficient management of resources including effluent and waste management practices.

(i) Waste Disposal

As a manufacturer, Ralco recognises its duty and responsibility in managing waste and effluent. We embed sustainability practices into our business processes to operate more efficiently and work towards minimising waste and effluent to the best of our ability. We ensure waste is disposed safely and recycled in compliance with the required regulations.

(i) Waste Disposal cont'd

We have standard operating procedures to store and dispose scheduled wastes which are toxic and dangerous according to the Department of Environment ("DOE") requirements. Without proper and effective management control, it can lead to serious environmental pollution which has long-term effect on human health and damage to the environmental ecosystem. Currently, we manage our scheduled wastes by sending it to licensed collectors to ensure our scheduled wastes undergo proper recovery, recycling and disposal process. Our scheduled waste management process is managed by our own competent employees.

	FY 2021	FY 2020
Schedule Waste Generated	4.9 Mts	3.9 Mts
General Waste	9.8 Mts	8.1 Mts

(ii) Energy Management

Conservation of resources is an important priority for manufacturing business. We made conscious effort in improving our manufacturing processes and are continuously working towards reducing the use of energy throughout the division. We have invested in servo systems in some production machines to reduce energy consumption. In addition, halogen lights were replaced with LED lighting which consumes lower energy.

The Group has also invested in a solar PV Retrofitted Grid Connected System in year 2017 with the objective to contribute to climate change mitigation by reducing GHG emission into the atmosphere. Total solar energy generated during the year was as below:

	FY 2021	FY 2020
Solar power generated (kWh)	359,064	342,452

(iii) Occupational Safety and Health

The Management views occupational safety and health at work environment for employees with utmost importance. Various actions are implemented to ensure workplace safety, such as:

- Enforcement of Safety and Health Policies and any regulation under Occupational Safety and Health Act (OSHA) 1994 and Factories and Machinery Act (FMA) 1967 to ensure safety guidance compliance;
- Frequent inspection and safety walkabout for detection of unsafe act and unsafe conditions;
- Liaise with Department of Occupational Safety and Health for Safety Audit and Inspection especially to renew Machine Certificates (Lift Hoist, Overhead Crane and Air Receiver tank);
- Requirement for sourcing experience contractors for maintenance work and Permit to work;
- Conduct job orientation and safety induction for new hired machine operators and conduct continuous on job training for new and existing operators.
- Conducting Hazard Identification, Risk Assessment and Risk Control (HIRARC) for Standard Operating Procedure for all Job Scope;

➤ SOCIAL SUSTAINABILITY

(i) Employee Health and Safety – COVID-19

The Group is mindful of the COVID -19 Pandemic and its impact on both the health of the people and operations. In FY2021, the Group spent RM116,104 in conducting Polymerase Chain Reaction ("PCR") tests and implementing preventive measures in the company. The Group also conducts COVID-19 Antigen test on all employee fortnightly. He/She shall be self-quarantine at home as per the guidelines if tested positive. The Group complies to Kementerian Kesihatan Malaysia ("KKM") guidelines, as follow:

- Daily checking and recording of body temperature at factory entrance;
- Provide hand sanitizer, fogging smoke machine and face masks in all Department, and mandatory wearing face mask in common area and during office hour;
- Sanitation and cleaning everyday and antigen testing bi-weekly;
- Social distancing of minimum 1 meter;
- Air ventilation in meeting room and sanitise before and after meeting; and
- Provide free vaccination and PCR tests to all employees

The Group will continue to adhere and comply with SOP implemented internally and the guidelines from KKM.

(ii) Training and Education

We believe that our people are driving force of our business, thus, we put significant attention into workplace that improve the performance of people. The Group sponsored the participation of our skilled employees and managerial staff to seminars and workshops to enhance their technical competency and to promote skill development. The Group also provides various in-house job-related training to employees focusing mainly on productivity and respective fields of expertise to strengthen their skills set and knowledge in areas related to the Group's operations. The Group also showed its concern for the well-being of society by reaching out to the under-privileged group by providing job opportunity to the disabled personnel. We also provide internship programs for students from local institutions of higher learning.

Moving forward, our talent management strategy aims to polish our employees' knowledge and skills gaps with necessary on job trainings. We belief these initiatives will provide our employees to develop their career in company.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021

1. PRINCIPAL ACTIVITIES

The principal activities of the Company are investment holding and the provision of management services to its subsidiaries.

The principal activities of the subsidiaries are indicated in Note 8 to the financial statements.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs") issued by the Malaysian Accounting Standards Board ("MASB"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The financial statements of the Group and of the Company have been prepared under the historical cost convention unless otherwise stated in the financial statements.

The preparation of financial statements requires the directors to make estimates and assumptions that affect the reported amount of assets, liabilities, revenue and expenses and disclosure of contingent assets and liabilities. In addition, the directors are also required to exercise their judgement in the process of applying the accounting policies. The areas involving such judgements, estimates and assumptions are disclosed in Note 5. Although these estimates and assumptions are based on the directors' best knowledge of events and actions, actual results could differ from those estimates.

(b) Basis of consolidation

(i) Subsidiaries

A subsidiary is an entity controlled by the Group, i.e. the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its current ability to direct the entity's relevant activities (power over the investee).

The existence and effect of potential voting rights that the Group has the practical ability to exercise (i.e. substantive rights) are considered when assessing whether the Group controls another entity.

The Group's financial statements incorporate the results, cash flows, assets and liabilities of Ralco Corporation Berhad and all of its directly and indirectly controlled subsidiaries. Subsidiaries are consolidated from the effective date of acquisition, which is the date on which the Group effectively obtains control of the acquired business, until that control ceases.

The non-controlling interests in the net assets and net results of consolidated subsidiaries are shown separately in the consolidated statement of financial position and consolidated statement of profit or loss, and consolidated statement of comprehensive income.

Total comprehensive income (i.e. profit or loss and each component of other comprehensive income) is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interest in a subsidiary that do not result in the Group losing control are accounted for as transactions with owners in their capacity as owners (i.e. equity transactions). The carrying amounts of the Group's and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the parent.

3. SIGNIFICANT ACCOUNTING POLICIES cont'd

(b) Basis of consolidation cont'd

(i) Subsidiaries cont'd

Upon loss of control of a subsidiary, the Group's profit or loss is calculated as the difference between (i) the fair value of the consideration received and of any investment retained in the former subsidiary and (ii) the previous carrying amount of the assets (including any goodwill) and liabilities of the subsidiary and any non-controlling interests.

Investment in subsidiaries is measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investments includes transaction costs.

(ii) Business combinations

The Group applies the acquisition method to account for all acquired businesses, whereby the identifiable assets acquired and the liabilities assumed are measured at their acquisition-date fair values (with few exceptions as required by MFRS 3 *Business Combinations*).

The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, the liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group.

Acquisition-related costs (e.g. finder's fees, consulting fees, administrative costs, etc.) are recognised as expenses in the periods in which the costs are incurred and the services are received.

On acquisition date, goodwill is measured as the excess of the aggregate of consideration transferred, any non-controlling interests in the acquiree, and acquisition-date fair value of the Group's previously held equity interest in the acquiree (if business combination achieved in stages) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

If, after appropriate reassessment, the amount as calculated above is negative, it is recognised immediately in profit or loss as a bargain purchase gain.

At acquisition date, non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. This choice of measurement is made separately for each business combination. Other components of non-controlling interests are measured at their acquisition-date fair values, unless otherwise required by MFRS.

The acquisition-date fair value of any contingent consideration is recognised as part of the consideration transferred by the Group in exchange for the acquiree. Changes in the fair value of contingent consideration that result from additional information obtained during the measurement period (maximum one year from the acquisition date) about facts and circumstances that existed at the acquisition date are adjusted retrospectively against goodwill. Other changes resulting from events after the acquisition date are adjusted at each reporting date, only when the contingent consideration is classified as an asset or a liability, and the adjustment is recognised in profit or loss.

In a business combination achieved in stages, the Group remeasures its previously held equity interest in the acquiree at its acquisition-date fair value and any resulting gain or loss is recognised in profit or loss. If any, changes in the value of the Group's equity interest in the acquiree that have been previously recognised in other comprehensive income are reclassified to profit or loss, if appropriate had that interest been disposed of directly.

3. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

(b) Basis of consolidation *cont'd*

(iii) Transactions eliminated on consolidation

All intragroup transactions, balances, income and expenses are eliminated in full on consolidation.

Unrealised gains arising from transactions with equity-accounted associates and joint ventures are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(c) Property, plant and equipment and depreciation

On initial recognition, items of property, plant and equipment are recognised at cost, which includes the purchase price as well as any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, and the cost of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. Cost also may include transfers from equity of any gain or loss on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

The cost of property, plant and equipment recognised as a result of a business combination is based on fair value at acquisition date. The fair value of property is the estimated amount for which a property could be exchanged between knowledgeable willing parties in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion. The fair value of other items of plant and equipment is based on the quoted market prices for similar items when available and replacement cost when appropriate.

Significant components of individual assets have different useful lives, they are accounted for as a separate item (major components) of property, plant and equipment and depreciated separately.

After initial recognition, items of property, plant and equipment are carried at cost less any accumulated depreciation and any accumulated impairment losses.

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group or the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

Subsequently, leasehold lands and buildings are measured at fair value less accumulated depreciation and impairment losses recognised after the date of the revaluation. Valuations are performed with sufficient regularity to ensure that the carrying amount does not differ materially from the fair value of the buildings at the reporting date. All other property, plant and equipment are measured at cost less accumulated depreciation and any accumulated losses.

Any revaluation surplus is recognised in other comprehensive income and accumulated in equity under the asset revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss, in which case the increase is recognised in profit or loss. A revaluation deficit is recognised in profit or loss, except to the extent that it offsets an existing surplus on the same asset carried in the asset revaluation reserve.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021

3. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

(c) Property, plant and equipment and depreciation *cont'd*

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. The revaluation surplus included in the asset revaluation reserve in respect of an asset is transferred directly to retained earnings on retirement or disposal of the asset.

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over its useful economic life as follows:

Building	26 years
Factory building on leasehold land	2%
Furniture and fittings	10%
Leasehold land	71 - 893 years
Motor vehicles	20%
Office equipment	10% - 33%
Plant and machinery	5% - 10%
Renovation	20%

Leasehold land and buildings stated at valuation are revalued by the directors based on the valuation reports of independent professional valuers with additional valuation in the periods where market conditions indicate that the carrying values of the revalued assets differ materially from the market value.

Freehold land is not depreciated. Property, plant and equipment under construction are not depreciated until the assets are ready for their intended use.

Useful lives, residual values and depreciation methods are reviewed, and adjusted if appropriate, at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(d) Leases

(i) Definition of a lease

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the customer has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the customer has the right to direct the use of the asset. The customer has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the customer has the right to direct the use of the asset if either the customer has the right to operate the asset; or the customer designed the asset in a way that predetermines how and for what purpose it will be used.

3. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

(d) Leases *cont'd*

(i) Definition of a lease *cont'd*

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Group is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

(ii) Recognition and initial measurement

(i) As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the respective Group entities' incremental borrowing rate. Generally, the Group entities use their incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments less any incentive receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate at the commencement date;
- amounts expected to be payable under a residual value guarantee;
- the exercise price under a purchase option that the Group is reasonably certain to exercise; and
- penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The Group excludes variable lease payments that linked to future performance or usage of the underlying asset from the lease liability. Instead, these payments are recognised in profit or loss in the period in which the performance or use occurs.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Group has applied Amendment to MFRS 16 *Leases – COVID-19 Related Rent Concessions*. The Group applies the practical expedient allowing it not to assess whether eligible rent concessions that are a direct consequence of the COVID-19 pandemic are lease modifications. The Group applies the practical expedient consistently to contracts with similar characteristics and in similar circumstances. For rent concessions in leases to which the Group chooses not to apply the practical expedient, or that do not qualify for the practical expedient, the Group assesses whether there is a lease modification.

31 DECEMBER 2021

3. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

(d) Leases *cont'd*

(ii) Recognition and initial measurement *cont'd*

(ii) As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease.

If an arrangement contains lease and non-lease components, the Group applies MFRS 15 to allocate the consideration in the contract based on the stand-alone selling prices.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. It assesses the lease classification of a sublease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sublease as an operating lease.

(iii) Subsequent measurement

(i) As a lessee

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use asset are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a revision of in-substance fixed lease payments, or if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

(ii) As a lessor

The Group recognises lease payments received under operating leases as income on straight-line basis over the lease term as part of "other income".

(e) Goodwill

Goodwill arising from business combination is acquired in a business combination as an asset at the accounting date and is initially measured at cost being the excess of the cost of business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities. Following the initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is not amortised but instead reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. Gains or losses on disposal of an entity include the carrying amount of goodwill relating to the entity sold.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021

Cont'd

3. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

(f) Impairment of non-financial assets

The carrying amounts of assets other than financial assets excluding the investments in subsidiaries, deferred tax assets and inventories are reviewed at the end of each reporting date to determine whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated. For goodwill that has an indefinite useful life, the recoverable amount is estimated at each reporting date or more frequently when indicators of impairment are identified.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups. Impairment losses are charged to the statement of profit or loss except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit or groups of units on a pro rata basis.

The recoverable amount of an asset or cash-generating unit is the higher of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments to the time value of money and the risks specific to the asset.

An impairment loss in respect of goodwill, if any, is not reversed. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Reversals of impairment losses are credited to the statement of profit or loss and other comprehensive income in the financial year in which the reversals are recognised.

Any subsequent increase in recoverable amount of an asset is recognised as reversal of previous impairment loss and should not exceed the carrying amount that would have been determined, net of amortisation or depreciation, had no impairment loss been previously recognised for the asset.

(g) Inventories

Inventories are carried in the statement of financial position at the lower of cost and net realisable value. Cost is determined on a weighted average cost formula. Cost comprises the landed costs of goods purchased and in the case of work-in-progress and finished goods, comprises cost of materials, direct labour, other direct charges and an appropriate proportion of production overhead.

Write-down is made for obsolete and slow-moving items based on their expected future use and net realisable value.

Net realisable value is the estimated sales price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(h) Financial instruments

(i) Initial recognition and measurement

The Group and the Company recognise a financial asset or a financial liability in the statement of financial position when, and only when, an entity in the Group and the Company become a party to the contractual provisions of the instruments.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021

Cont'd

3. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

(h) Financial instruments *cont'd*

(i) Initial recognition and measurement *cont'd*

If a contract is a host financial liability or a non-financial host contract that contains an embedded derivative, the Group and the Company assess whether the embedded derivative shall be separated from the host contract on the basis of the economic characteristics and risks of the embedded derivative and the host contract at the date when the Group and the Company become a party to the contract. If the embedded derivative is not closely related to the host contract, it is separated from the host contract and accounted for as a stand-alone derivative. The Group and the Company do not make a subsequent reassessment of the contract unless there is a change in the terms of the contract that significantly modifies the expected cash flows or when there is a reclassification of a financial liability out of the fair value through profit or loss category. Embedded derivatives in host financial assets are not separated.

On initial recognition, all financial assets (including intra-group loans and advances) and financial liabilities (including intra-group payables and government loans at below market interest rates) are measured at fair value plus transaction costs if the financial asset or financial liability is not measured at fair value through profit or loss. For instruments measured at fair value through profit or loss, transaction costs are expensed to profit or loss when incurred.

(ii) Derecognition of financial instruments

For derecognition purposes, the Group and the Company first determine whether a financial asset or a financial liability should be derecognised in its entirety as a single item or derecognised part-by-part of a single item or of a group of similar items.

A financial asset, whether as a single item or as a part, is derecognised when, and only when, the contractual rights to receive the cash flows from the financial asset expire, or when the Group and the Company transfer the contractual rights to receive cash flows of the financial asset, including circumstances when the Group and the Company act only as a collecting agent of the transferee, and retain no significant risks and rewards of ownership of the financial asset or no continuing involvement in the control of the financial asset transferred.

A financial liability is derecognised when, and only when, it is legally extinguished, which is either when the obligation specified in the contract is discharged or cancelled or expires. A substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. For this purpose, the Group and the Company consider a modification as substantial if the present value of the revised cash flows of the modified terms discounted at the original effective interest rate is different by 10% or more when compared with the carrying amount of the original liability.

(iii) Financial assets

For the purpose of subsequent measurement, the Group and the Company classify financial assets into three measurement categories, namely: (i) financial assets at amortised cost ("AC"); (ii) financial assets at fair value through other comprehensive income ("FVOCI") and (iii) financial assets at fair value through profit or loss ("FVPL"). The classification is based on the Group's and the Company's business model objective for managing the financial assets and the contractual cash flow characteristics of the financial instruments.

3. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

(h) Financial instruments *cont'd*

(iii) Financial assets *cont'd*

After initial recognition, the Group and the Company measure financial assets, as follow:

(i) Financial assets at AC

A financial asset is measured at amortised cost if: (a) it is held within the Group's and the Company's business objective to hold the asset only to collect contractual cash flows, and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest in principal outstanding.

(ii) Financial assets at FVOCI

A financial asset is measured at FVOCI if: (a) it is held within the Groups' and the Company's business objective to hold the asset both to collect contractual cash flows and selling the financial asset, and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest in principal outstanding.

(iii) Financial assets at FVPL

A financial asset is measured at FVPL if it is an equity investment, held for trading (including derivative assets) or if it does not meet any of the condition specified for the AC or FVOCI model.

Other than financial assets measured at fair value through profit or loss, all other financial assets are subject to review for impairment in accordance with Note 3(h)(vii).

(iv) Financial liabilities

After initial recognition, the Group and the Company measure all financial liabilities at amortised cost using the effective interest method, except for:

(i) Financial liabilities at fair value through profit or loss (including derivatives that are liabilities) are measured at fair value.

(ii) Financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies. Paragraph 3.2.15 and 3.2.17 of MFRS 9 apply to the measurement of such financial liabilities.

(iii) Financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at higher of: (a) the amount of the loss allowance; and (b) the amount initially recognised less, when appropriate, the cumulative of income recognised in accordance with the principles in MFRS 15 *Revenue from Contracts with Customers*.

(v) Fair value measurement

The fair value of a financial asset or a financial liability is determined by reference to the quoted market price in an active market, and in the absence of an observable market price, by a valuation technique as described in Note 3(t).

(h) Financial instruments *cont'd*

(vi) Recognition of gains and losses

Fair value changes of financial assets and financial liabilities classified as at fair value through profit or loss are recognised in profit or loss when they arise.

For financial assets mandatorily measured at FVOCI, interest income (calculated using the effective interest rate method), impairment losses, and exchange gains or loss are recognised in profit or loss. All other gains or losses are recognised in other comprehensive income and retained in a fair value reserve. On derecognition of the financial assets, the cumulative gain or loss recognised in OCI is reclassified to profit or loss as a reclassification adjustment.

For financial assets and financial liabilities carried at amortised cost, interest income and interest expense are recognised in profit or loss using the effective interest method. A gain or loss is recognised in profit or loss only when the financial asset or financial liability is derecognised or impaired, and through the amortisation process of the instrument.

(vii) Impairment of financial assets

The Group and the Company apply the expected credit loss model of MFRS 9 to recognise impairment losses of financial assets measured at amortised cost or at fair value through other comprehensive income. Except for trade receivables, a 12-month expected credit loss is recognised in profit or loss on the date of origination or purchase of the financial assets. At the end of each reporting period, the Group and the Company assess whether there has been a significant increase in credit risk of a financial asset since its initial recognition or at the end of the prior period. Other than for financial assets which are considered to be of low risk grade, a lifetime expected credit loss is recognised if there has been a significant increase in credit risk since initial recognition. For trade receivables, the Group and the Company have availed the exception to the 12-month ECL requirement to recognise only lifetime expected credit losses.

The assessment of whether credit risk has increased significantly is based on quantitative and qualitative information that include financial evaluation of the creditworthiness of the debtors or issuers of the instruments, ageing of receivables, defaults and past due amounts, past experiences with the debtors, current conditions and reasonable forecast of future economic conditions. For operational simplifications: (a) a 12-month expected credit loss is maintained for financial assets which investment grades that are considered as low credit risk, irrespective of whether credit risk has increased significantly or not; and (b) credit risk is considered to have increase significantly if payments are more than 30 days past due if no other borrower-specific information is available without undue cost or effort.

The expected credit loss (ECL) is measured using an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes, discounted for the time value of money and applying reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions, and forecast of future economic conditions. The ECL for a financial asset (when assessed individually) or a group of financial assets (when assessed collectively) is measured at the present value of the probability-weighted expected cash shortfalls over life of the financial asset or group of financial assets. When a financial asset is determined as credit-impaired (based on objective evidence of impairment), the lifetime ECL is determined individually.

For trade receivable, the lifetime ECL is determined at the end of each reporting period using a provision matrix. For each significant receivable, individual lifetime ECL is assessed separately. For significant receivables which are not impaired and for all other receivables, they are grouped into risk classes by type of customers and businesses, and the ageing of the receivables. Collective lifetime ECLs are determined using past loss rates, which are updated for effects of current conditions and reasonable forecasts for future economic conditions. In the event that the economic or industry outlook is expected to worsen, the past loss rates are increased to reflect the worsening economic conditions.

(i) Cash and cash equivalents

Cash and cash equivalents include cash and bank balances and deposits which have a short maturity (three months or less) that are readily convertible to cash and are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows only, cash and cash equivalents are presented net of bank overdrafts.

(j) Foreign currencies transactions and balances

Foreign currency monetary assets and liabilities are translated into the functional currency of the concerned entity of the Group using the exchange rates at the reporting date. Gains and losses arising from changes in exchange rates after the date of the transaction are recognised in profit or loss (except when deferred in other comprehensive income as qualifying cash flow hedges).

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Translation differences on non-monetary items that are measured at fair value in a foreign currency (e.g. available-for-sale equity instruments) are translated using the exchange rates at the date when the fair value is determined.

(k) Equity

Equity instruments are contracts that give a residual interest in the net assets of the Group and the Company. Ordinary shares are classified as equity. Equity instruments are recognised at the amount of proceeds received net of costs directly attributable to the transaction.

(i) Dividend distribution

Dividends are recognised as liabilities when they are declared (i.e. the dividends are appropriately authorised and no longer at the discretion of the entity). Typically, dividends are recognised as liabilities in the period in which their distribution is approved at the Shareholders' Annual General Meeting. Interim dividends are recognised when paid.

(ii) Distribution of assets to owners of the Company

The Group and the Company measure a liability to distribute assets as a dividend to the owners of the Company at the fair value of the assets to be distributed. The carrying amount of the dividend is remeasured at each reporting period and at the settlement date, with any changes recognised directly in equity as adjustments to the amount of the distribution. On settlement of the transaction, the Group and the Company recognises the difference, if any, between the carrying amount of the assets distributed and the carrying amount of the liability in profit or loss.

(l) Provisions

Where, at reporting date, the Group and the Company have a present obligation (legal or constructive) as a result of a past event and it is probable that the Group and the Company will settle the obligation, a provision is made in the statement of financial position. Provisions are made using best estimates of the amount required to settle the obligation and are discounted to present values using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. Changes in estimates are reflected in profit or loss in the period they arise.

(m) Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group and the Company. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group and the Company do not recognise a contingent liability but discloses its existence in the financial statements.

A contingent asset is not recognised in the financial statements but is disclosed where the inflow of the economic benefits is probable.

(n) Employees benefits

(i) Short-term benefit

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group and the Company. Short term accumulating compensated absence such as paid annual leave are recognised when services are rendered by employees and short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined contribution plan

As required by law, companies in Malaysia make contributions to the Employees' Provident Fund ("EPF"). The contributions are recognised as a liability after deducting any contribution already paid and as an expense in profit or loss in the period in which the employee render their services. Once the contributions have been paid, the Group and the Company have no further payment obligations.

(o) Revenue recognition

(i) Revenue from contracts with customers

The Group's and the Company's revenue comprises provision of management services, sales of plastic bottles, containers, boxes, crates and related materials, supplying of renewable energy, manufacturing of and trading in plastic materials and all related products and investment holding.

Revenue from a sale of goods is recognised at a point in time when control of the goods is passed to the customer, which is the point in time when the significant risks and rewards are transferred to the customer and the transaction has met the probability of inflows and measurement reliability requirements of MFRS 15.

The Group and the Company measure revenue from a sale of goods transaction at the fair value of the consideration received or receivables, which is usually the invoice price, net of a trade discounts and volume rebates given to the customer. If the transaction price includes variable considerations, the Group and the Company use the expected value method by estimating the sum of probability-weighted amounts in a range of possible consideration amounts, or the most likely outcome method, depending on which method the Group and the Company expect to better predict the amount of consideration to which it is entitled.

Revenue from supplying of renewable energy is recognised over time as the customer simultaneously receive and consume the benefits provided by the Group's performance when electricity is delivered based on contractual terms stipulated in the contract with customer. The electricity is delivered to the off-taker, based on the invoiced value of sale of electricity computed at a pre-determined rate. This revenue also includes an estimated value of the electricity delivered from the date of their last meter reading and period end. Accrued unbilled revenues are reversed in the following month when actual billings occur.

(ii) Rental income

Rental income is recognised on a time-proportion basis that takes into account the effective yield on the asset on a straight-line basis over the lease term.

(iii) Interest income

Interest income is recognised as it accrues using the effective interest method in profit or loss.

(iv) Management fees

Management fees are recognised on an accrual basis when services are rendered.

(p) Borrowing costs

Interest on borrowings to finance the purchase and development of a self-constructed qualifying asset (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use or sale) is included in the cost of the asset until such time as the assets are substantially ready for use or sale. Such borrowing costs are capitalised net of any investment income earned on the temporary investment of funds that are surplus pending such expenditure.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(q) Income taxes

Tax currently payable is calculated using the tax rates in force or substantively enacted at the reporting date. Taxable profit differs from accounting profit either because some income and expenses are never taxable or deductible, or because the time pattern that they are taxable or deductible differs between tax law and their accounting treatment.

Using the statement of financial position liability method, deferred tax is recognised in respect of all temporary differences between the carrying value of assets and liabilities in the statement of financial position and the corresponding tax base, with the exception of goodwill not deductible for tax purposes and temporary differences arising on initial recognition of assets and liabilities that do not affect taxable or accounting profit.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are recognised only to the extent that the Group and the Company consider that it is probable (i.e. more likely than not) that there will be sufficient taxable profits available for the asset to be utilised within the same tax jurisdiction.

Deferred tax assets and liabilities are offset only when there is a legally enforceable right to offset current tax assets against current tax liabilities, they relate to the same tax authority and the Group's and the Company's intention is to settle the amounts on a net basis.

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except if it arises from transactions or events that are recognised in other comprehensive income or directly in equity. In this case, the tax is recognised in other comprehensive income or directly in equity, respectively. Where tax arises from the initial accounting for a business combination, it is included in the accounting for the business combination.

Since the Group is able to control the timing of the reversal of the temporary difference associated with interests in subsidiaries, associates and joint arrangements, a deferred tax liability is recognised only when it is probable that the temporary difference will reverse in the foreseeable future mainly because of a dividend distribution.

(r) Earnings per ordinary share

The Group presents basic and diluted earnings per share data for its ordinary shares ("EPS").

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise convertible notes and share options granted to employees.

(s) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Chief Operating Decision Maker, which in this case is the Managing Director of the Group, to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

(t) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, the Group and the Company use market observable data to the extent possible. If the fair value of an asset or a liability is not directly observable, it is estimated by the Group and the Company (working closely with external qualified valuers) using valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs (e.g. by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset/liability that market

Fair values are categorised into different levels in a fair value hierarchy based on the degree to which the inputs to the measurement are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Transfers between levels of the fair value hierarchy are recognised by the Group and the Company at the end of the reporting period during which the change occurred.

4. ADOPTION OF MFRSs, AMENDMENTS TO MFRSs AND INTERPRETATIONS

4.1 Amendments to MFRSs adopted

For the preparation of the financial statements, the following amendments to the MFRSs issued by the MASB are mandatory for the first time for the financial year beginning on or after 1 January 2021:

- Amendments to MFRS 9 *Financial Instruments*, MFRS 139 *Financial Instruments: Recognition and Measurement*, MFRS 7 *Financial Instruments: Disclosure*, MFRS 4 *Insurance Contracts* and MFRS 16 *Leases – Interest Rate Benchmark Reform Phase 2*

During the financial year, the Group and the Company have early adopted the Amendment to MFRS 16 *Leases – COVID-19-Related Rent Concessions beyond 30 June 2021*.

The adoption of the above-mentioned amendments to MFRSs has no significant impact on the financial statements of the Group and the Company.

4.2 Amendments to MFRSs not yet effective

The following are amendments to the MFRSs that have been issued by the MASB up to the date of the issuance of the Group's and the Company's financial statements but have not been adopted by the Group and the Company:

Amendments to MFRSs effective for annual periods beginning on or after 1 January 2022

- Amendments to MFRS 3 *Business Combinations – Reference to the Conceptual Framework*
- Amendments to MFRS 116 *Property, Plant and Equipment – Proceeds before Intended Use*
- Amendments to MFRS 137 *Provisions, Contingent Liabilities and Contingent Assets – Onerous Contracts – Cost of Fulfilling a Contract*
- Annual Improvements to MFRS Standards 2018–2020

Amendments to MFRSs effective for annual periods beginning on or after 1 January 2023

- Amendments to MFRS 101 *Presentation of Financial Statements – Classification of Liabilities as Current or Non-current*
- Amendments to MFRS 101 *Presentation of Financial Statements – Disclosure of Accounting Policies*
- Amendments to MFRS 108 *Accounting Policies, Changes in Accounting Estimates and Errors – Definition of Accounting Estimates*
- Amendments to MFRS 112 *Income Taxes – Deferred Tax related to Assets and Liabilities arising from a Single Transaction*

Amendments to MFRSs effective for annual periods beginning on or after a date yet to be confirmed

- Amendments to MFRS 10 *Consolidated Financial Statements* and MFRS 128 *Investment in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The directors anticipate that the above-mentioned amendments will be adopted by the Group and the Company when they become effective.

4.3 MFRSs and Amendments to MFRSs not adopted

MFRS 17 *Insurance Contracts*, Amendments to MFRS 17 *Insurance Contracts*, and Amendment to MFRS 17 *Insurance Contracts – Initial Application of MFRS 17 and MFRS 9 Financial Instruments – Comparative Information* are not expected to be applicable to the Group and the Company.

5. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

In preparing its financial statements, the Group and the Company have made significant judgements, estimates and assumptions that impact on the carrying value of certain assets and liabilities, income and expenses as well as other information reported in the notes. The Group and the Company periodically monitor such estimates and assumptions and make sure they incorporate all relevant information available at the date when financial statements are prepared. However, this does not prevent actual figures differing from estimates.

The judgements made in the process of applying the Group's and the Company's accounting policies that have the most significant effect on the amounts recognised in the financial statements, and the estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021

Cont'd

5. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS *cont'd*

(a) Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the coronavirus (COVID-19) pandemic has had, or may have, on the Group and the Company based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the Group and the Company operate. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the Group and the Company unfavourably as at the reporting date or subsequently as a result of the COVID-19 pandemic.

(b) Depreciation of property, plant and equipment and right-of-use assets

The cost of an item of property, plant and equipment and right-of-use asset is depreciated on a straight-line method or another systematic method that reflects the consumption of the economic benefits of the asset over its useful life. Estimates are applied in the selection of the depreciation method, the useful lives and the residual values. The actual consumption of the economic benefits of the property, plant and equipment and right-of-use asset may differ from the estimates applied.

The management estimated the useful lives of machineries and moulds to be 20 years after operation efficiency review conducted in January 2020. These are common life expectancies applied in plastic industry. Any changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised.

(c) Measurement of lease liabilities and right-of-use assets

The measurement of a lease liability and the corresponding right-of-use asset includes in-substance fixed payments, variable lease payments linked to an inflation-related index or rate, estimates of lease term, option to purchase, payments under residual value guarantee and penalties for early termination. The actual payments may not coincide with these estimates. The Group reassesses the lease liability for any change in the estimates and a corresponding adjustment is made to the right-of-use asset.

(d) Loss allowances of financial assets

The Group and the Company recognise impairment losses for trade receivables under the expected credit loss model. Individually significant trade receivables are tested for impairment separately by estimating the cash flows expected to be recoverable. All others are grouped into credit risk classes and tested for impairment collectively, using the Group's and the Company's past experience of loss statistics, ageing of past due amounts, current economic trends, the impact of the coronavirus (COVID-19) pandemic and forward-looking information that is available. The actual eventual losses may be different from the allowance made and this may affect the Group's and the Company's financial positions and results.

(e) Net realisable value of inventories

Inventories are stated at the lower of cost and net realisable value. The cost of inventories is written down to their estimated realisable value when their cost may no longer be recoverable such as when inventories are damaged or become wholly or partly obsolete or their selling prices have declined. In any case, the realisable value represents the best estimate of the recoverable amount, is based on the most reliable evidence available at the reporting date and inherently involves estimates regarding the future expected realisable value. The benchmarks for determining the amount of write-downs to net realisable value include ageing analysis, technical assessment and subsequent events. In general, such an evaluation process requires significant judgement and may materially affect the carrying amount of inventories at the reporting date (as reflected in Note 9).

5. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS *cont'd*

(f) Fair value measurement

Some of the Group's and the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Group and the Company use market-observable data to the extent it is available. Where Level 1 inputs are not available (e.g. for unquoted investments), the Group and the Company work closely with external qualified valuers who perform the valuation, based on agreed appropriate valuation techniques and inputs to the model (e.g. use of the market comparable approach that reflects recent transaction prices for similar instruments, discounted cash flow analysis, option pricing models refined to reflect the issuer's specific circumstances). Prices determined then by the valuers are used by the Group and the Company without adjustment.

Changes in the fair value of assets and liabilities and their causes are quarterly analysed by the Group's and the Company's Board of Directors. Such valuations require the Group and the Company to select among a range of different valuation methodologies and to make estimates about expected future cash flows and discount rates.

(g) Deferred tax estimation

Recognition of deferred tax assets and liabilities involves making a series of assumptions. As far as deferred tax assets are concerned, their realisation ultimately depends on taxable profits being available in the future. Deferred tax assets are recognised only when it is probable that taxable profits will be available against which the deferred tax asset can be utilised and it is probable that the entity will earn sufficient taxable profit in future periods to benefit from a reduction in tax payments. This involves the Group and the Company making assumptions within its overall tax-planning activities and periodically reassessing them in order to reflect changed circumstances as well as tax regulations. Moreover, the measurement of a deferred tax asset or liability reflects the manner in which the entity expects to recover the asset's carrying value or settle the liability.

(h) Contingencies

Contingent liabilities of the Group and the Company are not recognised but disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote.

Contingent liabilities represent possible obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. They are not recognised because it is not probable that an outflow of resources will be required to settle the obligation and the amount of the obligation cannot be measured with sufficient reliability.

Inevitably, the determination that the possibility that an outflow of resources embodying economic benefits is remote and that the occurrence or non-occurrence of one or more uncertain future events is not wholly within the control of the Group and the Company requires significant judgement.

(i) Functional currency

The financial statements are prepared in the functional currency of the Group and the Company of Ringgit Malaysia, which is the currency of the primary economic environment in which the Group and the Company operate. Factors considered by management when determining the functional currency include the competitive forces and regulations affecting the sales price, the currency used to acquire raw materials, labour, services and supplies, and sources of financing. Based on the factors considered, the Group and the Company have determined that Ringgit Malaysia to be its functional currency.

The Group leases a number of warehouses and hostels and owned the revalued leasehold lands and buildings.

(a) Short-term leases and low value assets

For short-term leases with lease term of 12 months or less and for leases of low-value assets of less than RM50,000 (2020: RM50,000), the Group has availed the exemption in MFRS 16 not to recognise the right-of-use assets and lease liabilities. Instead, payments made for these leases are recognised as expense when incurred (Note 26).

(b) Significant judgements and assumptions in relation to leases

The Group applied judgement and assumptions in determining the incremental borrowing rate of the respective leases. Group entities first determine the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

(c) The Group's leasehold lands and buildings were stated at fair value, which have been determined based on valuation performed by independent professional valuers using "Market Value" or Market Comparison approach as at 31 December 2018. There has been no change to the valuation technique during the financial year.

30. OPERATING SEGMENTS

Two reportable segments, as described below, are the Group's strategic business units. For each of the strategic business units, the Group's Managing Director reviews internal management reports on at least a quarterly basis. The following summary describes the operation in each of the Group's reportable segments:

Plastic products - manufacturing and sale of plastic products
Others - trading of furniture and supply of renewable energy

Performance is measured based on segment profit/ (loss) before tax, interest and depreciation as included in the internal management reports that are reviewed by the Group's Managing Director, who is the Group's Chief Operating Decision Maker. Segment profit/ (loss) is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Segment assets

The total of segment asset is measured based on all assets (including goodwill) of a segment, as included in the internal management reports that are reviewed by the Group's Managing Director. Segment total asset is used to measure the return of assets of each segment.

Segment liabilities

Segment liabilities information is neither included in the internal management reports nor provided regularly to the Managing Director. Hence no disclosure is made on segment liability.

32. FINANCIAL RISK MANAGEMENT

The Group and the Company are exposed to the following risks from its use of financial instruments:

- (i) Credit risk
- (ii) Liquidity risk
- (iii) Market risk

(i) Credit risk

Credit risk is the risk of a financial loss to the Group and the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group and the Company's exposure to credit risk arises principally from its receivables from customers, other receivables and subsidiaries.

(a) Receivables

The Group and the Company's sales to customers are on credit terms of 30 to 90 days. The management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on customers requiring credit over a certain amount. Based on the credit evaluation, the customers are rated into three risk categories, namely low risk, medium risk and high risk.

As at the end of the reporting period, the maximum exposure to credit risk arising from the receivable is represented by the carrying amounts in the statements of financial position.

Management has taken reasonable steps to ensure that receivables that are neither past due nor impaired are stated at their realisable values. The Group and the Company use ageing analysis to monitor the credit quality of the receivables. Any receivables having significant balances past due more than 90 days, which are deemed to have higher credit risk, are monitored individually.

32. FINANCIAL RISK MANAGEMENT cont'd

(i) Credit risk cont'd

(a) Receivables cont'd

When an account is more than 90 days past due, the credit risk is considered to have increased significantly since the initial recognition. The Group and the Company identify as a default account if it is more than 365 days past due and the customer is having significant financial difficulties (analysed by financial measures of reported losses, negative cash flows, and qualitative evaluation of the customer's characteristics). The Group and the Company classify an impaired receivable when a customer is in default, in liquidation or other financial reorganisation.

For each significant receivable that is credit-impaired, individual lifetime ECL is recognised using the probability of default technique. The inputs used are: (i) the percent chance of default, and (ii) the expected cash shortfalls. The lifetime ECL is measured at the probability-weighted expected cash shortfalls by reference to the Group's and the Company's past experience, current conditions and forecast of future economic benefits.

For significant receivables that are not individually credit-impaired and all other receivables, the Group and the Company use a provision matrix that categorise the different risk classes (low risk, medium risk and high risk) and the ageing profiles. The collective lifetime ECLs are measured based on the Company's past lost rate experiences, current conditions and forecast of future economic conditions. The past lost rates are adjusted upward in the measurement in worsening current conditions and forecasts of future macroeconomic conditions.

A receivable is written off only if there is no reasonable expectation of recovery. This is when an account is 365 days past due or the customer is experiencing significant financial difficulties, undertaking financial reorganisation or has gone bankrupt.

The ageing analysis of trade receivables as at the end of the reporting period was:

32. FINANCIAL RISK MANAGEMENT *cont'd*

(i) Credit risk *cont'd*

(c) Inter-company balances

The Company provides unsecured loans and advances to subsidiaries. The Company monitors the results of the subsidiaries regularly.

As at end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

Loans and advances are only provided to subsidiaries which are wholly owned by the Company.

As at the end of the reporting period, adequate impairment loss are made on loans and advances to the subsidiaries that are not recoverable.

(d) Financial guarantees

The Group and the Company provide unsecured financial guarantees to the third party and banks in respect of banking facilities granted to a subsidiary.

The Group and the Company monitor on an on-going basis the results of the subsidiary and repayments made by the subsidiary.

The maximum exposure to credit risk amounts to RM3,581,605 (2020: RM3,723,801) representing the outstanding banking facilities of the subsidiary as at end of the reporting period.

(ii) Liquidity risk

Liquidity risk is the risk that the Group and the Company will not be able to meet its financial obligations as they fall due. The Group and the Company's exposure to liquidity risk arise principally from its various payables and borrowings.

The Group and the Company maintain a level of cash and cash equivalents deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

*As at end of the reporting period, there was no indication that the subsidiary would default on repayment. Hence, the financial guarantees have not been recognised in the financial statement. The disclosure represents the maximum amount that is required to be settled in the event of the triggering event.

It is expected that all the liabilities will be paid at their contractual maturity. The operating activity is expected to generate sufficient cash inflows in order to meet such cash commitments.

(iii) Market risk

(a) Currency risk

The Group is exposed to foreign currency risk on revenue and cost of goods sold that are denominated in a currency other than the functional currency of the Group. The currencies giving rise to this risk are primarily United States Dollar (USD) and Singapore Dollar (SGD). The Group does not hedge the exposures to foreign currencies. The management monitors the foreign currency exposure on an on-going basis.

(b) Interest rate risk

The Group's fixed and variable rate borrowings are exposed to a risk of change in their fair value due to changes in interest rates. Short term receivables and payables are not significantly exposed to interest rate risk.

The interest rate profile of the Group's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period was:

	GROUP 2021 RM	2020 RM
Fixed rate instruments		
Financial liabilities	16,327,936	16,032,625
Floating rate instruments		
Financial liabilities	2,656,680	3,199,744

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

Fair value sensitivity for variable rate instruments

A sensitivity analysis has been performed based on the outstanding floating rate bank borrowings of the Group as at 31 December 2021. If interest rates were to increase or decrease by 50 basis points with all other variables held constant, the Company's profit before taxation would decrease or increase by RM13,283 (2020: RM15,999).

Policy of transfer between levels

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Level 1 fair value

Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical financial assets or liabilities that the entity can access at the measurement date.

Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the financial assets or liabilities, either directly or indirectly.

Transfer between Level 1 and Level 2 fair values

There has been no transfer between Level 1 and 2 fair values during the financial year (2020: no transfer in either directions).

Financial instruments not carried at fair value

Type	Valuation technique
Lease liabilities/ Amount owing to related parties	Discounted cash flows using a rate based on the current market rate of borrowing of the Group at the reporting date.

Valuation process applied by the Group for Level 3 fair value

The Group has established control framework in respect to the measurement of fair values of financial instruments. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Managing Director. The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

34. CAPITAL MANAGEMENT

The Group's objectives when managing capital is to maintain a strong capital base and safeguard the Group's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The directors monitor and determine to maintain an optimal debt-to-equity ratio.

During 2021, the Group's strategy, which was unchanged from 2020, was to maintain the debt-to-equity ratio at the lower end range within 0.2 to 1.00. The debt-to-equity ratios as at 31 December 2021 and 31 December 2020 were as follows:

	GROUP

- (a) The Group issued a sealed Writ and Statement of Claim on 7 November 2018 to claim against one of its customers to recover long overdue principal amount of RM708,989 together with interests as at 31 December 2018.

However, the customer filed a counter-claim on 31 December 2018 for quality of goods delivered and relevant damages suffered.

The High Court of Johor Bahru has on 31 January 2021, given its Decision in favour of the Group, whereby the Court has allowed the Group's claim and dismissed the customer's counterclaim with cost of RM30,000 payable by the customer to the Group.

The Group has reversed the full impairment of RM647,681 made for the amount due from the customer as disclosed in Note 26 after full settlement made by the customer on 7 May 2021.

- (b) A subsidiary of the Group has filed a legal claim against its sole customer on 3 March 2020 to recover long overdue principal amount of RM1,337,165 together with interests as at 31 December 2019. The said customer has filed a Statement of Defense as well as Counterclaim subsequently.

The Court had directed the parties to file and exchange witness statement on or before 25 April 2022 and the trial dates have been fixed on 17 May 2022 to 20 May 2022.

The quantum of claim and counter-claim are subject to dispute and are to be determined by the court upon examination of witnesses and evidences led through trail. The outcome of the claims between the Group and the customer is uncertain.

37. RELATED PARTY DISCLOSURES

For the purposes of these financial statements, parties are considered to be related to the Group and the Company if the Group or the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group or the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Related parties also include key management personnel defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group either directly or indirectly. The key management personnel include all the directors of the Group and the Company.

38. SIGNIFICANT EVENT DURING THE REPORTING PERIOD

On 13 January 2021, the pressure of COVID-19 on the country's healthcare system led to the reintroduction of Movement Control Order 2.0 ("MCO 2.0") restrictions across various Malaysian states and federal territories.

On 10 May 2021, in view of the rise in daily COVID-19 cases, the Government of Malaysia had decided to take a stricter measure and agreed to enforce Movement Control Order ("MCO 3.0") nationwide in Malaysia, effective from 12 May 2021 to 7 June 2021 to curb the infection among the public.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF RALCO CORPORATION BERHAD

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Ralco Corporation Berhad, which comprise the statements of financial position as at 31 December 2021 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 50 to 102.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2021, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters – Revenue (Note 24)	How our audit addressed the key audit matters
<p>Revenue recognition is a presumed fraud risk as the Group may be under pressure by external parties (i.e. expectations by shareholders and market analysts) and internal parties (i.e. performance of management). This may lead to potential over recognition of revenue.</p> <p>The Group's revenue is mainly contributed by supplying blowing and injection products to the essential sectors such as medical and food packaging and non-essential sectors such as construction, household and consumer goods.</p>	<p>In this area, our audit procedures were performed as follows with no exception noted:</p> <ul style="list-style-type: none"> (a) Obtained an understanding of the relevant internal controls over the process of recording revenue and cost of sales; (b) Reviewed the Group's strategy on market positioning; (c) Understood the selling price setting policy of the Group on major plastic products supplied in essential and non-essential sector;

<p>Due to stiff competition in the plastic industry and restrictions on operating capacity by re- impositions of Movement Control Order (“MCO 2.0” and “MCO 3.0”) implemented by the Government of Malaysia throughout certain periods during the financial year, the Group may face challenges in:</p> <ul style="list-style-type: none"> (a) adjusting the selling price of plastic products supplied to essential and non- essential sector in order to maintain/ increase its market shares under competitive market forces; (b) reduced demands from customer as a result of business activities of non-essential customers were not allowed to operate during MCO 2.0 and MCO 3.0; and (c) achieving cost effectiveness after reduced demands from non-essential customers during MCO 2.0 and MCO 3.0. <p>This could lead to decrease in gross profit margin if the adjustment of selling price is not reflective of the actual situation faced by the Group.</p>	<p>In this area, our audit procedures were performed as follows with no exception noted: <i>cont'd</i></p> <ul style="list-style-type: none"> (d) Performed gross profit margin review; (e) Performed substantive testing to ascertain that the revenue was fairly stated; and (f) Assessed cut-off procedures implemented by management to ascertain that sales are recorded in the proper financial period.

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises Directors' Report and Statement on Risk Management and Internal Control, which we obtained prior to the date of this auditors' report, and other sections included in the annual report, which are expected to be made available to us after that date. Other information does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Auditors' Responsibilities for the Audit of the Financial Statements cont'd

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.
