**SUMMARY** 

### WE CONTINUE TO POSITION OURSELVES FOR LONG-TERM SUSTAINABLE GROWTH.

Delivered our best financial performance since listing as we capitalised on strong palm oil prices. Made further headway in our sustainability journey, with a commitment to creating positive ESG impacts for the business and our stakeholders.

Execution of our four Strategic
Thrusts that positively impacted the bottom line, increased efficiency and strengthened our growth potential.

Continue to build up our capabilities in the food value chain to create higher value-add products and unlock synergies present within the Group.

Reaffirmed and communicated FGV's governance framework and reinforced corruption risk management to cultivate a culture that aligns with our PRIDE values.

#### WE ARE STEPPING INTO A NEW FUTURE.

Strengthen and improve our core plantation business and, at the same time, begin making inroads downstream particularly consumer business.

Continuous market growth and expansion of our product offering, both domestically and internationally, and exploring opportunities within Malaysia's dynamic and thriving food industry.

Focus on improving yields, modernising mills, bringing our manpower back to full strength and beyond, as well as accelerating replanting activities.

Explore avenues to advance FGV's decarbonisation endeavours that include harnessing the potential of the circular economy and waste-to-wealth initiatives.

Create innovations that can generate new revenue streams through agriproducts, high-value crops and consumer products beyond oils and fats.

Strive to modify the WRO by the US CBP, continue to obtain RSPO certification of all 67 of FGV's mills and its supply base and our ambition to achieve net zero emissions.
