The increase of approximately 7% was primarily due to increase in demand by customers.

Profit before interest and tax	293	657	-55%
Profit before tax	278	642	-57%
Profit after tax	100	282	-64%

For current quarter ended 30 September 2023, the Group recorded a profit before tax of approximately RM0.278 million as compared to RM0.642 million in the immediate preceding quarter ended 30 June 2023. The decrease in profit before taxation compared to the immediate preceding quarter is primarily a result of a lower gross profit margin, with the main factor being the decline in gross profit margin within the Foodservice Equipment Division during the current quarter. Additionally, extra expenses were incurred for participating in trade shows, further contributing to the overall reduction in profitability.

### B3. Prospects

In the face of persistent global economic challenges marked by geopolitical conflicts and inflation, the Group maintains focus on its long-term strategies. With a dedicated management team, confidence abounds in the business model's ability to navigate economic uncertainties. The recent government decision to lift price controls on chicken, effective 1<sup>st</sup> November 2023, is expected to significantly benefit the Animal Health Product Division.

Strategies include workforce investment and multi-skilling to enhance efficiency, cost-effectiveness, supply chain collaborations, and strategic inventory monetization. With expectations of an expansion in the animal health market following the government's decision to lift price controls, the Group is guided towards favourable outcomes by its governance, strategy, and policies.

The Board of Directors is committed to navigating market dynamics, emphasizing the strength of business innovations for sustainable profitability. In the current fragile economy, focus remains on financial discipline for stakeholder returns and responsiveness to market needs. Collectively, these efforts aim to ensure the Group's resilience and success amid challenging economic conditions.
