EXPLANATORY NOTES TO THE STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

The Group's reported results, across the periods, was impacted by the relative movements of Ringgit Malaysia ("RM") against the exchange rates of the countries that the Group operates in. The RM weakened against Singapore Dollars ("SGD") and strengthened against Turkish Lira ("TL") in the current period as compared to the corresponding period last year.

The Group's reported results, across the periods, was also impacted by the relative movements of inflation rates in Turkiye, upon the application of MFRS 129, *Financial Reporting in Hyperinflationary Economies* ("MFRS 129") to the Group's entities in Turkiye. Refer to Section A1(c) and Section A4 for details.

In addition to variances arising from the above-mentioned effects of the relative movement in exchange rates and inflation rates in Turkiye, the following notes explain the major fluctuations in the statement of profit or loss and other comprehensive income for the quarter and year ended 31 December 2023.

Refer to Section B1 for performance review of the Group's major operating segments.

1. FY 2023 revenues were higher as compared to last year due to the strong recovery from core non-COVID-19 revenues as both local and foreign patients returned to seek treatment at the Group's hospitals. The commencement of operations at Atasehir Hospital in September 2022, the continuous ramp-up of operations at GHK Hospital, as well as the acquisitions of Ortopedia Ozel Saglik Hizmetleri Anonim Sirketi ("Ortopedia") on 9 August 2022 and Ozel Kent Saglik Hizmetleri ve Malzemeleri Sanayi Ticaret A.S. ("Kent") on 14 February 2023 also contributed to the increase.
2. FY 2023 other operating income increased mainly due to the gain on disposal of IMU Health of RM872.5 million, Gleneagles Chengdu Hospital of RM116.5 million and Angsana of RM2.4 million. In addition, the Group reversed RM21.3 million lease payable upon termination of the Group's hospital project in Myanmar. These are offset by lower foreign exchange gains of RM91.9 million and lower valuation gains of RM14.4 million on the Group's investment properties.
3. FY 2023 staff costs increased as the Group expands its capacity to cater for higher demand for its services and annual increments. In addition, the consolidation of Ortopedia's and Kent's staff costs upon acquisition contributed to the increase.
4. Q4 2023 and FY 2023 depreciation, amortisation and impairment expense decreased from a high base last year when the Group recognised impairment loss of RM395.0 million mainly relating to assets of Parkway Shanghai Hospital.

This is partially offset by higher depreciation and amortisation expense on the property, plant and equipment, right-of-use assets and intangible assets of the Group's subsidiaries in Turkiye with the increase in inflation rates in Turkiye during the year.

5. Q4 2023 other operating expenses decreased from a high base last year when the Group recognised an impairment of goodwill amounting to RM150.1 million over its clinics in China.

FY 2023 other operating expenses increased mainly due to the higher level of activities and higher cost of operations such as increased utilities costs, increased spend on repairs and maintenance, costs to rebrand the Group's diagnostics business in India to "Agilus Diagnostics" as well as IT-related expenses. In addition, FY 2023 other operating expenses included professional fees in relation to the Group's acquisition and disposal of subsidiaries during the year, as well as donation to support humanitarian efforts for the earthquake victims when a massive earthquake struck Turkiye in February 2023. These are partially offset by the high base last year when the Group recognised an impairment of goodwill amounting to RM150.1 million over its clinics in China.

6. Acibadem Holdings recognised exchange differences arising from the translation of its unhedged foreign currency denominated borrowings, lease liabilities, payables, cash and receivables as finance income or finance cost. Acibadem Holdings manages its foreign exchange exposures by entering into cross currency swaps (“CCS”) and foreign exchange forward contracts. The Group recognised a higher net loss of RM42.7 million in Q4 2023 as compared to a net loss of RM37.9 million in Q4 2022. On the same basis, the Group recognised a higher net loss of RM190.5 million in FY 2023 as compared to net loss of RM126.0 million in FY 2022.

Excluding the above, Q4 2023 and FY 2023 net finance costs increased mainly due to higher prevailing interest rates during 2023 and decrease in capitalisation of borrowing cost for Parkway Shanghai Hospital upon completion of construction. In addition, FY 2022 net finance costs was of a lower base as it included the derecognition of fair value gains on foreign exchange forward contracts, which was entered into in anticipation of the redemption of perpetual securities in July 2022, upon settlement.

7. Refer to Section B5 for details on income tax expenses.
8. The Group’s foreign currency translation differences from foreign operations arise mainly from the translation of the net assets of its Singapore, India and Europe operations.

Parkway Life Real Estate Investment Trust (“PLife REIT”) hedges its interest in the net assets of its Japanese operations. The effective portion of the hedge was recognised as a hedge of net investments in the statement of other comprehensive income, which offsets the foreign currency translation differences from the translation of the net assets of its Japanese operations.

EXPLANATORY NOTES TO THE STATEMENT OF FINANCIAL POSITION

The Group's reported financial position as at 31 December 2023 was impacted by the movements in RM against the exchange rates of the countries that the Group operates in. The RM weakened against SGD and strengthened against TL for the year ended 31 December 2023.

The Group's reported financial position as at 31 December 2023 was also impacted by the movements of the price index in Turkiye, upon the application of MFRS 129 to the Group's entities in Turkiye. Inflation rates in Turkiye increased for the year ended 31 December 2023. Refer to Section A1(c) and Section A4 for details.

In addition to variances arising from the above-mentioned effects of the movement in exchange rates and inflation rates in Turkiye, the following notes explain the major fluctuations in the statement of financial position as at 31 December 2023.

1. Goodwill increased mainly due to acquisition of Kent on 14 February 2023 which resulted in goodwill on acquisition of RM59.4 million, the acquisition of various laboratory businesses in India which resulted in goodwill on acquisition of RM44.0 million, translational effects from a strengthened SGD against RM during the year, and from MFRS 129 effects.
2. Other financial assets increased mainly due to placements in Money Market Funds ("MMF") and investments in unquoted shares of start-up companies.
3. Trade and other receivables increased mainly due to higher revenue and acquisition of Kent.
4. Assets classified as held for sale and liabilities directly associated with assets classified as held for sale decreased upon the completion of the divestment of Gleneagles Chengdu Hospital and IMU Health during the year.
5. Loans and borrowings decreased due to net repayment of loans.
6. Trade and other payables increased due to higher purchases and acquisition of Kent. Current trade and other payables increased mainly due to reclass of liabilities on put options granted to the non-controlling interests Agilus Diagnostics Limited ("Agilus", an indirect subsidiary of IHH) from non-current to current liabilities, offset by the reversals upon exercise of put options by non-controlling interests of Acibadem City Clinic B.V. ("ACC BV", an indirect subsidiary of IHH), and lapse of put options by non-controlling interests of Gleneagles Healthcare India Private Limited ("GHIPL", formerly known as Ravindranath GE Medical Associates Private Limited, an indirect subsidiary of IHH).

**A NOTES TO THE INTERIM FINANCIAL REPORT
FOR THE FOURTH QUARTER AND FINANCIAL YEAR ENDED 31 DECEMBER 2023**

A1 BASIS OF PREPARATION

a) Basis of accounting

These consolidated interim financial report are prepared in accordance with the applicable disclosure provisions of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, MFRS 134, *Interim Financial Reporting* in Malaysia and IAS 34, *Interim Financial Reporting*. They do not include all of the information required for full annual financial statements and should be read in conjunction with the audited consolidated financial statements of the Group for the financial year ended 31 December 2023 (“2023 Audited Financial Statements”).

The 2023 Audited Financial Statements were prepared under Malaysian Financial Reporting Standards (“MFRSs”).

b) Significant accounting policies

The accounting policies and presentation adopted for this consolidated interim financial report are consistent with those adopted for the 2023 Audited Financial Statements.

c) MFRS 129, *Financial Reporting in Hyperinflationary Economies*

The Turkish economy was designated as a hyperinflationary economy starting April 2022. As a result, MFRS 129, *Financial Reporting in Hyperinflationary Economies* has been applied for component entities whose functional currency is the Turkish Lira.

The assets, liabilities, equity items, income and expenses of foreign operations in hyperinflationary economies are translated to RM at the exchange rate at the end of the reporting period. Prior to translating the financial statements of foreign operations in hyperinflationary economies, their financial statements for the current period are restated to account for changes in the general purchasing power of the local currency. The restatement is based on relevant price indices at the end of the reporting period. Amounts shown for prior periods for comparative purposes are not modified.

The application of MFRS 129 includes:

- Adjustment of historical cost non-monetary assets and liabilities for the change in purchasing power caused by inflation from the date of initial recognition to the period end date;
- Adjustment of the income and expenses for inflation during the reporting period;
- The income and expenses are translated at the period-end foreign exchange rate instead of an average rate; and
- Adjustment of the income and expenses to reflect the impact of inflation and exchange rate movement on holding monetary assets and liabilities in local currency.

Hyperinflationary adjustments are based on available data for changes in the Consumer Price Index published by the Turkish Statistical Institute.

Net monetary gain/(loss) arising from hyperinflationary economies is derived as the difference resulting from the restatement of non-monetary assets and liabilities, owners’ equity and items in the statement of profit or loss and other comprehensive income and the adjustment of index linked assets and liabilities.

Refer to Section A4 for the effects of applying MFRS 129 on the Group’s reported results.

Conversely, patient volumes and thus inpatient and outpatient revenue are highest during the winter months in some markets. As the Group is continuously expanding, the effects of seasonality may not be obvious from the Group's financial statements.

¹ The actual number of Fortis Healthcare Limited ("Fortis") shares and the actual number of Fortis Malar Hospitals Limited ("Malar") shares that Northern TK Venture Pte. Ltd. ("NTK") will be acquiring can only be determined at the end of the Fortis Open Offer and Malar Open Offer respectively.

On 13 November 2018, IHH acquired 31.17% equity interest in Fortis through a preferential allotment by Fortis to NTK, an indirect wholly-owned subsidiary of IHH. As a consequence of the preferential allotment by Fortis, NTK is required to carry out the following:

- (i) A mandatory open offer for acquisition of up to 197,025,660 equity shares of face value of INR10 each in Fortis, representing additional 26% of the Expanded Voting Share Capital of Fortis, at a price of not less than INR170 per share ("Fortis Open Offer") or such higher price as required under the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011.

**A NOTES TO THE INTERIM FINANCIAL REPORT
FOR THE FOURTH QUARTER AND FINANCIAL YEAR ENDED 31 DECEMBER 2023**

- (ii) In light of the acquisition of the controlling stake of Fortis, a mandatory open offer for acquisition of up to 4,894,308 fully paid up equity shares of face value of INR10 each in Malar, representing 26% of the paid-up equity shares of Malar at a price of INR58 per share ("Malar Open Offer"). The Malar Open Offer is subject to the completion of the Fortis Open Offer.

On 13 July 2018, NTK, together with IHH and PPL had made a public announcement to all the public shareholders who are eligible to tender their shares in the Fortis Open Offer and Malar Open Offer.

Subsequently on 14 December 2018, the Supreme Court of India passed an order in the matter of "Mr Vinay Prakash Singh v. Sameer Gehlaut & Ors." [Contempt Petition (Civil) No. 2120 of 2018] ("Original Contempt Petition"), directing "status quo with regard to sale of the controlling stake in Fortis Healthcare to Malaysian IHH Healthcare Berhad be maintained" ("Interim Status Quo Order"). Pursuant thereto, decision was taken not to proceed with Fortis Open Offer and Malar Open Offer.

Vide its judgment dated 15 November 2019 ("Judgment"), the Supreme Court of India issued suo-moto contempt notice to, among others, Fortis, and its Registry to register a fresh contempt petition in regard to alleged violation of the Interim Status Quo Order ("Fortis Contempt Petition").

On 22 September 2022, the Supreme Court pronounced the final order and on 23 September 2022, the written judgment was made available. The Supreme Court held, among others, that:

- (i) The Special Leave Petition (Civil) No. 20417 of 2017, the Original Contempt Petition (in which the Interim Status Quo Order was passed) and the Fortis Contempt Petition are disposed of.
- (ii) The Delhi High Court may consider issuing appropriate process and appointing forensic auditor(s) to analyse the transactions entered into between Fortis and RHT Health Trust and other related transactions.
- (iii) It will be open to the Delhi High Court to pass such directions as the facts and circumstances presented before it may justify.

Neither IHH, NTK or PPL are party to Daiichi Sankyo Co. Ltd's ("Daiichi") pending execution proceedings* before the Delhi High Court. Daiichi had moved Delhi High Court requesting the Delhi High Court to pass appropriate directions (in view of the Supreme Court Judgment) in connection with the forensic audit and the execution proceedings are ongoing.

Following the decision of the Supreme Court of India, on 16 November 2022, the Securities and Exchange Board of India ("SEBI") had advised NTK to proceed with the Fortis Open Offer and the Malar Open Offer after obtaining an appropriate order from the Delhi High Court. Based on advice from legal counsel, NTK has made further representations to SEBI in relation to proceeding with the Fortis Open Offer and Malar Open Offer.

*: Daiichi filed execution proceedings before the Delhi High Court to enforce and execute an arbitral award issued in its favour ("Arbitral Award"). Pursuant to the Arbitral Award (which IHH Group is not a party to), Mr. Malvinder Mohan Singh and Mr. Shivinder Mohan Singh ("Singh Brothers") and persons and entities related to them were directed to pay an amount of approximately INR 25.62 billion with interest to Daiichi in connection with a dispute relating to the sale of shares of Ranbaxy Laboratories Limited by the Singh Brothers to Daiichi.

**B ADDITIONAL INFORMATION REQUIRED BY BURSA MALAYIA'S LISTING REQUIREMENTS
FOR THE FOURTH QUARTER AND FINANCIAL YEAR ENDED 31 DECEMBER 2023**

Q4 2023 vs Q4 2022

The Group's Q4 2023 revenue increased 9% while EBITDA was flat over Q4 2022. Excluding effects of MFRS 129, the Group's Q4 2023 revenue and EBITDA increased 11% and 10% respectively over Q4 2022.

The Group's Q4 2023 PATMI excluding exceptional items ("PATMI (Excl EI)") decreased 22% to RM265.5 million as a result of foreign exchange loss recognised and higher net finance costs. In addition, the Group's Q4 2023 PATMI (Excl EI) was eroded by higher depreciation and amortisation on reindexation of assets in Turkiye under MFRS 129 and translational effects from a weakened TL against RM during the period. Excluding effects of MFRS 129, the Group's Q4 2023 PATMI (Excl EI) increased 20% over Q4 2022.

The divestment of IMU Health was completed on 31 March 2023, upon which, IMU Health ceased to contribute to the Group's results.

Hospital and Healthcare

Hospital and Healthcare's Q4 2023 revenue increased 13% to RM5,234.7 million while its Q4 2023 EBITDA increased 10% to RM1,176.2 million. The growth in revenue was mainly due to the strong recovery from core non-COVID-19 revenues as both local and foreign patients returned to seek treatment at the Group's hospitals, a case-mix of more acute patients and price adjustments to counter inflation. The ramp up of operations at Atasehir Hospital which opened in September 2022, the continuous ramp-up of operations at GHK Hospital, as well as the acquisitions of Ortopedia on 9 August 2022 and Kent on 14 February 2023 also contributed to the increase.

Singapore hospital inpatient admissions was flat at 14,997 in Q4 2023 while its revenue per inpatient admission increased 8% to RM62,665. Malaysia hospital inpatient admissions increased 8% to 61,638 in Q4 2023 while its revenue per inpatient admission increased 4% to RM10,151. India hospital inpatient admissions increased 1% to 73,505 in Q4 2023 while its revenue per inpatient admission increased 8% to RM10,929. Turkiye and Europe hospital inpatient admissions increased 2% to 65,691 in Q4 2023 while its revenue per inpatient admission increased 36% to RM11,593 with price adjustments, especially in Turkiye, to counter hyperinflation.

The increase in Hospital and Healthcare's Q4 2023 EBITDA was mainly driven by higher revenue, offset by higher staff cost and other operating expense such as utilities, as well as translational effects from a weakened TL against RM during the period.

IMU Health

The divestment of IMU Health was completed on 31 March 2023, upon which, IMU Health ceased to contribute to the Group's results.

Labs

Labs' Q4 2023 total revenue increased 3% to RM420.2 million while its Q4 2023 EBITDA decreased 30% to RM73.9 million. Labs' Q4 2023 total test volumes increased 10% to 25.8 million. EBITDA decreased mainly due to costs incurred for the rebranding of the diagnostics business in India to "Agilus Diagnostics" as well as higher provision for doubtful debts.

**B ADDITIONAL INFORMATION REQUIRED BY BURSA MALAYIA'S LISTING REQUIREMENTS
FOR THE FOURTH QUARTER AND FINANCIAL YEAR ENDED 31 DECEMBER 2023**

PLife REIT

PLife REIT's Q4 2023 external revenue decreased 1% to RM37.4 million while EBITDA increased 44% to RM87.7 million. EBITDA increased mainly due to contribution from two nursing homes acquired in October 2023, valuation gain of RM5.8 million on investment properties compared to a valuation loss of RM15.4 million in Q4 2022 and higher inter-segment rental income from the hospitals in Singapore.

Others

Q4 2023 revenue decreased 14% to RM1.4 million while EBITDA losses decreased 50% to RM38.9 million. EBITDA losses decreased mainly due to higher inter-segment management fee income from the other business units, lower staff costs and professional fee expenses.

FY 2023 vs FY 2022

The Group's FY 2023 revenue and EBITDA increased 16% and 15% respectively over FY 2022. Excluding effects of MFRS 129, the Group's FY 2023 revenue and EBITDA increased 17% and 15% respectively over FY 2022.

The Group's FY 2023 PATMI (Excl EI) decreased 7% to RM1,279.2 million as a result of higher net finance costs and lower exchange gain. In addition, the Group's FY 2023 PATMI (Excl EI) was eroded by higher depreciation and amortisation on reindexation of assets in Turkiye under MFRS 129, deferred tax recognised on the uplifted carrying value of the reindexed assets and translational effects from a weakened TL against RM during the year. Excluding effects of MFRS 129, the Group's FY 2023 PATMI (Excl EI) increased 17% over FY 2022.

The divestment of IMU Health was completed on 31 March 2023, upon which, IMU Health ceased to contribute to the Group's results.

Hospital and Healthcare

Hospital and Healthcare's FY 2023 revenue increased 21% to RM20,063.1 million while its FY 2023 EBITDA increased 17% to RM4,486.2 million. The growth in revenue was mainly due to the strong recovery from core non-COVID-19 revenues as both local and foreign patients returned to seek treatment at the Group's hospitals, a case-mix of more acute patients and price adjustments to counter inflation. The ramp up of operations at Atasehir Hospital which opened in September 2022, the continuous ramp-up of operations at GHK Hospital, as well as the acquisitions of Ortopedia on 9 August 2022 and Kent on 14 February 2023 also contributed to the increase.

Singapore hospital inpatient admissions decreased 1% to 61,197 in FY 2023 while its revenue per inpatient admission increased 13% to RM59,529. Malaysia hospital inpatient admissions increased 17% to 241,123 in FY 2023 while its revenue per inpatient admission increased 4% to RM9,925. India hospital inpatient admissions was flat in FY 2023 at 299,506 while its revenue per inpatient admission increased 14% to RM10,596. Turkiye and Europe hospital inpatient admissions increased 6% to 249,829 in FY 2023 while its revenue per inpatient admission increased 38% to RM10,703 with price adjustments, especially in Turkiye, to counter hyperinflation.

The increase in Hospital and Healthcare's FY 2023 EBITDA was mainly driven by higher revenue, offset by higher staff cost and other operating expenses such as utilities, as well as translational effects from a weakened TL against RM during the year.

B3 NEXT YEAR FINANCIAL PROSPECTS

The Group is committed to deliver value for all its stakeholders, guided by its “ACE” Framework to Align, Challenge and Empower its people, processes and operations. It is strategically poised to meet the increasing demand for quality healthcare services, and will broaden its reach and enhance its offerings across key regions it operates.

To meet the growing healthcare needs and demand both locally and from the region, the Group's organic growth trajectory is marked to be enhanced by a significant increase in bed capacity of more than 30%, or close to 4,000 beds, over the next five years. This increase would see the addition of new beds across Malaysia, India, Turkiye and Europe, alongside strategic exploration for further growth opportunities across Asia and Europe. The capacity expansion will also encompass facelifts and renovations to existing facilities, building of extensions, new constructions and relocating some of its complementary ancillary services to alternative sites near the hospitals to avail more space for inpatient admissions. On 29 February 2024, the Group completed its acquisition of Timberland Medical Centre in Kuching, Sarawak, strengthening the Group's position as a leading healthcare provider across Malaysia. Additionally, the Gleneagles Global Hospitals in India will undergo a rebranding to become “Gleneagles India” in March 2024.

Besides capacity expansion, the Group is growing its portfolio across the healthcare continuum, from primary care and ambulatory to tertiary hospital services, to provide comprehensive patient care. The broadening of services is complemented by investment in new growth areas, including laboratory and diagnostic business, digital health services and innovative technologies, aimed at enhancing patient care and operational efficiency.

Despite the strong underlying demand for quality healthcare services, the Group is cognisant of the cost pressures arising from sustained inflation. The Group continues to maintain a tight rein on costs and leverage operational synergies from its international network to achieve cost savings to mitigate these pressure, while at the same time, ensuring the delivery of high quality care and value to its patients. The Group is transforming some of its workflows and processes to streamline and optimise operations for greater efficiency.

Meanwhile, the Group continually reviews and strategically re-calibrates its asset portfolio. It will also take steps to turn around the performance of underperforming assets to enable these assets to reach its full potential.

Whilst the Group is mindful of global economic and geo-political headwinds, it is confident of its long-term growth trajectory that is underpinned by its strong fundamentals, driven by its robust expansion initiatives and fueled by healthcare megatrends.

B10 MATERIAL LITIGATIONS

The following are the material litigations of the Group:

1) In respect of Escorts Heart Institute and Research Centre Limited ("EHIRCL"), an indirect subsidiary of IHH:

- (a) The Delhi Development Authority ("DDA") had terminated the lease deeds and allotment letters relating to land parcels on which a hospital of EHIRCL exists. The matter is currently pending before the High Court of Delhi. Consequent to the termination, DDA issued show cause notice and initiated eviction proceedings against EHIRCL. The eviction proceedings initiated before the Estate Officer were challenged before the Supreme Court of India. The Supreme Court of India, vide its order dated 14 November 2019, has quashed the show cause notice for eviction proceedings. Based on external legal counsel advice, EHIRCL will be able to suitably defend the termination of lease deeds and allotment letters and accordingly considers that no adjustments are required to the financial statements.
- (b) In relation to the judgement of the High Court of Delhi relating to provision of free treatment/beds to patients of the economically weaker sections of society, the Directorate of Health Services ("DoHS"), Government of NCT of Delhi, appointed a firm to calculate "unwarranted profits" arising to EHIRCL due to alleged non-compliance. Following various hearings and appeals between 2014 and 2018, DoHS in May 2018, passed an order imposing a demand of INR5.0 billion (equivalent to RM286.0 million) which was challenged by EHIRCL before the High Court of Delhi. Through an order dated 1 June 2018, the High Court of Delhi has issued notice and directed that no coercive steps may be taken subject to EHIRCL depositing a sum of INR50.0 million (equivalent to RM2.9 million) before the DoHS. EHIRCL deposited INR50.0 million (equivalent to RM2.9 million) on 20 June 2018. Matter is sub judice before the High Court of Delhi. Based on its internal assessment and advice from its counsel, on the basis of the documents available, EHIRCL believes that it is in compliance of the conditions of free treatment and free beds to patients of economic weaker sections, has a good case of success. and expects the demand to be set aside.

2) In respect of Northern TK Venture Pte Ltd ("NTK"), an indirect wholly-owned subsidiary of IHH:

- (a) On 16 October 2023, NTK had filed a claim against Daiichi in the Tokyo District Court ("Court") in Japan ("Claim"). NTK's position is that Daiichi has caused losses to NTK by preventing NTK from proceeding with the Fortis Open Offer and the Malar Open Offer. The Claims filed by NTK against Daiichi are tort claims premised on Daiichi's unlawful interference with NTK's trade or business, conspiracy of Daiichi and other persons, malicious falsehood and defamation under the applicable substantive laws. NTK is seeking inter alia the following reliefs from Daiichi in accordance with the applicable substantive laws: (i) JPY 20 billion as damages to NTK; (ii) an injunction to refrain Daiichi from defaming NTK in the future; and (iii) Daiichi to publish a statement its website, and to deliver a statement to SEBI, to vindicate NTK's reputation. NTK has expressly reserved its rights to amend and/or supplement the reliefs it is seeking from Daiichi. Hearings before the court took place on 26 December 2023 and 22 February 2024. The next hearing is scheduled for 14 May 2024. The parties are in the process of submitting preparatory briefs according to the Court's directions.
