Dear Sir/ Madam,

PROPOSED BONUS ISSUE OF WARRANTS

1. INTRODUCTION

On 31 May 2024, UOBKH had, on behalf of the Board, announced that the Company proposed to undertake a bonus issue of up to 60,000,000 free Warrants on the basis of 1 Warrant for every 5 existing Yenher Shares held by the Entitled Shareholders on the Entitlement Date.

On 1 July 2024, UOBKH had, on behalf of the Board, announced that Bursa Securities had on even date resolved to approve the following:-

- (i) admission of the Warrants to the Official List of Bursa Securities; and
- (ii) listing and quotation of 60,000,000 Warrants to be issued pursuant to the Proposed Bonus Issue of Warrants and 60,000,000 new Yenher Shares to be issued arising from the exercise of the Warrants on the Main Market of Bursa Securities,

subject to the conditions as disclosed in **Section 8** of this Circular.

THE PURPOSE OF THIS CIRCULAR IS TO PROVIDE YOU WITH THE RELEVANT INFORMATION ON THE PROPOSED BONUS ISSUE OF WARRANTS AS WELL AS TO SEEK YOUR APPROVAL FOR THE RESOLUTION PERTAINING TO THE PROPOSED BONUS ISSUE OF WARRANTS TO BE TABLED AT THE EGM. THE NOTICE OF EGM AND THE FORM OF PROXY ARE ENCLOSED TOGETHER WITH THIS CIRCULAR.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS CIRCULAR TOGETHER WITH THE APPENDIX CONTAINED HEREIN BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED BONUS ISSUE OF WARRANTS TO BE TABLED AT THE EGM.

2. PROPOSED BONUS ISSUE OF WARRANTS

2.1 Basis and number of Warrants to be issued

The Proposed Bonus Issue of Warrants entails the issuance of up to 60,000,000 Warrants, on the basis of 1 Warrant for every 5 existing Shares held by Entitled Shareholders on the Entitlement Date.

As at the LPD, the issued share capital of Yenher is RM177,429,501 comprising 300,000,000 Yenher Shares. As at the LPD, the Company does not retain any treasury shares. Accordingly, a total of up to 60,000,000 Warrants may be issued pursuant to the Proposed Bonus Issue of Warrants. In addition, assuming all the Warrants are exercised, a total of up to 60,000,000 new Shares may be issued therefrom.

The actual number of Warrants to be issued will depend on the number of Yenher Shares in issue on the Entitlement Date.

The entitlement basis for the Proposed Bonus Issue of Warrants was determined after taking into consideration the following:-

- (i) compliance with Paragraph 6.50 of the Listing Requirements, which states that the number of new Yenher Shares that will arise from the exercise of all outstanding convertible equity securities, shall not exceed 50% of the total number of issued Shares (excluding treasury shares and before the exercise of the convertible equity securities) at all times;
- (ii) dilutive effects arising from the full exercise of Warrants on the consolidated EPS and NA per Share of the Company; and
- (iii) amount of proceeds the Company could potentially raise as and when the Warrants are exercised during the exercise period of the Warrants.

The Entitlement Date will be determined and announced at a later date by the Board upon receipt of all relevant approvals.

Fractional entitlements of the Warrants, if any, shall be disregarded and dealt with in such manner as the Board may in its absolute discretion deem fit and expedient, and in the best interest of the Company.

The Proposed Bonus Issue of Warrants is not intended to be implemented in stages over a period of time.

2.2 Basis of determining the exercise price of the Warrants

The Warrants will be issued at no cost to the Entitled Shareholders based on their respective shareholdings in the Company on the Entitlement Date.

The Board has fixed the exercise price of the Warrants at RM1.10 each after taking into consideration, amongst others, the following:-

- (i) the historical price movement of Yenher Shares. The exercise price of RM1.10 represents a premium of approximately 14.68% to the 5-day VWAP of Yenher Shares up to and including the LPD of RM0.9592;
- (ii) the Warrants are exercisable at any time for a tenure of 5 years from the date of issuance, which may provide Yenher's shareholders with an opportunity to participate in the equity of the Company and potentially realise a capital gain in the event of any share price appreciation; and
- (iii) the anticipated potential financial performance of Yenher Group moving forward.

The Board is of the view that the exercise of the Warrants may raise additional funds for the Group in the future, as well as improve the trading liquidity of Yenher Shares with the increase in the number of Shares in issue as and when the Warrants are exercised.

2.3 Ranking of the Warrants and new Yenher Shares to be issued arising from the exercise of the Warrants

The Warrant Holders will not be entitled to any voting rights or right to participate in any form of distribution other than on winding up, compromise or arrangement of Yenher as set out in the Deed Poll and/ or offer of further securities in Yenher until and unless such Warrant Holders exercise their Warrants into new Yenher Shares.

The new Yenher Shares to be issued pursuant to the exercise of the Warrants will, upon allotment and issuance, rank equally in all respects with the existing Yenher Shares, save and except that the new Yenher Shares will not be entitled to any dividends, rights, allotments and/ or any other forms of distribution where the entitlement date precedes the relevant date of allotment and issuance of the new Yenher Shares.

2.4 Listing and quotation of the Warrants and new Yenher Shares to be issued arising from the exercise of the Warrants

Bursa Securities had, vide its letter dated 1 July 2024, approved the admission of the Warrants to the Official List of Bursa Securities and the listing and quotation of up to 60,000,000 Warrants to be issued pursuant to the Proposed Bonus Issue of Warrants and up to 60,000,000 new Yenher Shares to be issued arising from the exercise of the Warrants on the Main Market of Bursa Securities.

2.6 Utilisation of proceeds

The Proposed Bonus Issue of Warrants will not raise any immediate funds for the Company as the Warrants will be issued at no cost to the Entitled Shareholders. The amount of proceeds to be raised would depend on the actual number of Warrants exercised during the exercise period. As such, the exact quantum and timeframe for utilisation of the proceeds to be raised cannot be determined at this juncture.

Nevertheless, the Board anticipates that any proceeds to be raised from the exercise of the Warrants will be utilised by Yenher Group within 12 months from the date of receipt of such proceeds.

Assuming the full exercise of Warrants at the exercise price of RM1.10 per Warrant, the Company is expected to raise gross proceeds of up to RM66.00 million.

Such proceeds to be raised, as and when the Warrants are exercised, are expected to fund the future working capital requirements of the Group in the following manner:-

Details of utilisation for working capital	%
Purchase of raw materials (i.e. feed ingredients used in the production of premixes)	70.0
Production overheads (i.e. tool consumables, maintenance and utilities expenses)	20.0
Staff costs	10.0
	100.0

For information purposes, the proceeds to be raised from the Proposed Bonus Issue of Warrants will be earmarked for the working capital requirements of the Group's manufacturing business. In particular, the Group intends to expand its manufacturing business upon the completion of its new Good Manufacturing Practice ("**GMP**") plant which construction is expected to be completed by June 2025, as outlined in **Section 5.3** of this Circular.

Notwithstanding the above, the proceeds to be used for working capital are subject to the operational requirements of the Group at the point of utilisation, and thus the actual timeframe and breakdown are not determinable at this juncture.

The gross proceeds to be raised from the Proposed Bonus Issue of Warrants will be utilised in the following priority:-

- (i) purchase of raw materials;
- (ii) production overheads; and
- (iii) staff costs.

Pending the utilisation of proceeds raised as and when the Warrants are exercised, such proceeds will be placed in deposits with financial institutions or short-term money market instruments as the Board may deem fit. The interest derived from the deposits with the financial institutions or any gain arising from the short-term money market instruments will also be used as the working capital of the Group.

3. RATIONALE AND JUSTIFICATIONS FOR THE PROPOSED BONUS ISSUE OF WARRANTS

The Proposed Bonus Issue of Warrants aims to reward the existing shareholders of the Company for their loyalty and continuing support, by providing an option to further increase their equity participation in the Company at a pre-determined price over the tenure of the Warrants and to benefit from the future growth and any potential capital appreciation of the Shares arising therefrom.

Further, the Proposed Bonus Issue of Warrants will also strengthen the Company's financial position and capital base, as the Warrants may potentially provide additional working capital as and when the Warrants are exercised without incurring interest costs as compared to bank borrowings.

4. OTHER FUND RAISING EXERCISES IN THE PAST 12 MONTHS

The Company has not undertaken any other fund raising exercises in the 12 months prior to the date of this Circular.

5. INDUSTRY OVERVIEW, OUTLOOK AND FUTURE PROSPECTS OF THE GROUP

5.1 Overview and outlook of the Malaysian economy

The Malaysian economy expanded by 3% in the fourth quarter of 2023 (3Q 2023: 3.3%; 2Q 2023: 2.9%). Household spending remained supported by improving labour market conditions and easing cost pressures. The unemployment rate declined to the prepandemic level of 3.3% while the labour force participation rate was at a historic high in 2023. Meanwhile, growth in investment activity was underpinned by the progressive realisation of multi-year projects and capacity expansion by firms. Exports, however, remained subdued due to prolonged weakness in external demand amid stronger imports. On the supply side, there was a broad-based expansion. The commodities sector grew. This was supported by higher O&G production as well as expansion in the agriculture sector amid improved labour supply. The services and construction sectors continued to expand. The manufacturing sector remained soft from continued weakness in the electrical & electronics ("E&E") industry. In terms of monthly gross domestic product (GDP), December recorded a growth of 1.4%, lower than November (3.8%) and October (3.9%), attributed mainly to the shorter school holiday period during the month and weaker export-oriented manufacturing sector. On a quarter-on-quarter seasonally-adjusted basis, the economy contracted by 2.1% (3Q 2023: +2.6%).

Overall, the 2023 growth for the Malaysian economy normalised to 3.7%, following a strong growth registered in the previous year (2022: 8.7%). Growth moderated amid a challenging external environment. This was due mainly to slower global trade, the global tech downcycle, geopolitical tensions and tighter monetary policies. On the domestic front, despite the lapse of large policy support provided as the economy started to open up in 2022, the continued recovery in economic activity and labour market conditions supported growth in 2023.

(Source: Economic and Financial Developments in Malaysia in the Fourth Quarter of 2023, Bank Negara Malaysia)

For 2024, the economy is projected to grow within the range of 4% to 5%. The growth is envisaged to be broad-based, led by the services sector as intermediate and final services groups are anticipated to rise further driven by sustained domestic consumption and improved export activities. The retail trade, accommodation and restaurants as well as communication segments are expected to increase in line with consumption trend, while the wholesale trade segment and transport and storage subsector will benefit from higher trade-related activities.

The manufacturing sector is expected to accelerate, driven by improved export-oriented industries, particularly in the E&E products, as external demand recovers while the domestic-oriented industries are anticipated to remain favourable in line with robust domestic consumption and investment. The construction sector is expected to grow supported by expansion across all subsectors. Prospects for the agriculture sector remain positive supported by higher production of crude palm oil, other agricultural products, and livestock. The mining sector is estimated to turn around owing to the recovery in the production of natural gas, crude oil, and condensates.

5.2 Overview and outlook of the animal feed and livestock industry in Malaysia

There are pertinent issues confronting the animal feed industry today. The high price of meat, including chicken meat in Malaysia is the result of the increased cost of running the agriculture farming and meat processing industry. Among the 2,300 poultry breeders nationwide, the cost of poultry feed constitutes 70% of the overall expenses, in addition to logistics, labour, utilities and medicines. The market observed the price of poultry feed increased from RM500 per tonne to RM2,500 per tonne over the past few years.

Furthermore, the livestock industry is also facing significant sustainability challenges due to the scarcity of available land for animal grazing and forage production. Farmers are paying up to RM80 for a 50-kilogram bag of cattle feed in 2023 compared to RM45 in January 2022, as livestock feed materials are increasingly imported.

Impacts from the imported raw materials persist, as the global supply of grains and soymeal cannot fully cater to rising demands. This deficiency is further exacerbated by the challenges faced by source countries, which are striving to recover from the post-COVID economic downturn. In addition, these countries encounter difficulties due to extreme weather patterns and geopolitical conflicts that impeded the cultivation of farmland for grain production.

The global animal feed market is projected to grow at a Compound Annual Growth Rate ("**CAGR**") of 3.3% during 2023- 2028, as it reached United States Dollar ("**USD**") 501.9 billion in 2022. The rising demand for meat and animal-based products with the consequent increase in commercial livestock, poultry and aqua farm production represent some of the factors driving the global animal feed market. As for Malaysia, in 2021, the sales value of manufactured prepared animal feeds in Malaysia was approximately RM16.49 billion, more than RM3 billion increase in value compared to the previous year.

On the scope of the pet market, the global pet food market (valued at USD110.5 billion in 2021) is projected to grow to USD163.7 billion by 2029, exhibiting a CAGR of 5.11 per cent, as quoted by Fortune Business Insights. As for Malaysia, a survey by animal market research firm, PetFair, reported ownership of cats at 658,000 and dogs at 398,000 in 2019.

According to the Department of Statistics Malaysia (DOSM), in 2020, about 69.7 per cent of Malaysia's working age (15-64 years) have adopted pets, especially cats and dogs. Pet owners purchasing practices and changing attitudes significantly impacted the pet food industry. The Malaysian Pet Food market is projected to grow at a CAGR of 6.2% to hit USD331.7 million by 2026 as Malaysian pet owners are being more cautious in ensuring their pets receive the best nutrition.

5.3 Future prospects of the Group

Yenher Group is principally involved in the business of manufacturing and distribution of animal health and nutrition products. Complementary to its products are the technical consulting services provided to its customers to enhance the health and promote the growth of their livestock. To further enhance the Group's current products and services, Yenher had placed an emphasis in the expansion of its research and development ("**R&D**") activities such as innovating new products and strengthening its existing product portfolio.

The global economic outlook for the near future remains challenging, attributed to prevailing macroeconomic uncertainties. The Board anticipates a progressive recovery in the livestock industry based on the feedbacks from its customers and industry players. However, challenges still persist in the swine sector due to the African Swine Fever outbreak. Nonetheless, there remains to be growing optimism on improvements in control strategies and market conditions.

For the poultry sector, increasing demand and supply dynamics are fostering a positive outlook. The Group is committed in playing a pivotal role in this recovery by leveraging on its expertise and product offerings to enhance the sector's resilience and growth trajectory.

Yenher Group is focused on capitalising the improving conditions in the livestock sector. Their strategic priorities are to focus on innovation, sustainability, market expansion and operational excellence. Further, Yenher Group will emphasize on meeting the evolving needs of its customers and delivering long-term value to its shareholders, while remaining committed to deliver its promises and meeting expectations.

During the FYE 31 December 2023, Yenher commenced the construction of its new GMP plant. The plant is estimated to increase the Group's production volume by three-fold and consolidate existing manufacturing facilities in a single location, including new office space, R&D centre as well as warehouse. The Group will closely monitor the construction progress of the new GMP plant as part of its business expansion strategy and to ensure the facility is on track towards its completion in June 2025.

Premised on the above, and barring any unforeseen circumstances, the Board is optimistic about the future prospects of the Group. The Board will continue to monitor and review the performance and progress of the Group's operations and financial performance, and to introduce measures to enhance the Group's financials, if required.

The potential effects of the exercise of the Warrants on the future earnings and EPS of the Group will depend upon, amongst others, the number of Warrants exercised at any point in time and the benefits to be accrued to the Group from the utilisation of proceeds raised from the exercise of the Warrants.
