Comparison with preceding year corresponding quarter

For the fourth quarter ended 30 June 2025, the Group recorded revenue of RM49.0 million, an increase of RM42.0 million compared to the corresponding quarter of the previous financial year. The increase was primarily driven by higher revenue contributions from the Construction Division during the current quarter.

For the quarter under review, the Group posted a loss before tax (LBT) of RM3.5 million, compared to a profit before tax of RM2.1 million in the corresponding quarter of the previous financial year. The weaker performance was primarily due to an impairment of property, plant and equipment of RM4.8 million in the Flooring Manufacturing Division, which was partly mitigated by a profit contribution of RM5.9 million from the Construction Division.

Comparison with preceding year corresponding period

The Group recorded revenue of RM91.8 million for the cumulative year ended 30 June 2025, representing an increase of RM59.0 million compared to RM32.8 million in the corresponding period of the previous financial year. The increase was mainly attributable to higher revenue contributions from the Construction Division.

The Group recorded a LBT of RM10.5 million for the financial year ended 30 June 2025, compared to an LBT of RM6.7 million in the previous financial year. The higher loss was primarily due to an impairment of property, plant and equipment amounting to RM4.8 million in the Flooring Manufacturing Division, partially mitigated by a profit contribution of RM5.9 million from the Construction Division. It is noteworthy that the preceding financial year's results also included a reversal of gain arising from the termination of shares of RM7.6 million, which contributed to the comparative loss position.

2. Variation of results against preceding quarter

Despite the higher revenue, the Group recorded a LBT of RM3.5 million compared to an LBT of RM1.5 million in the previous quarter. The higher loss was primarily due to an impairment of property, plant and equipment of RM4.8 million in the Flooring Manufacturing Division, partially offset by a profit contribution of RM5.9 million from the Construction Division.
