To: The shareholders of Bright

Dear Sir/Madam,

PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

1. INTRODUCTION

On 19th December 2024 our Board announced its intention to seek our shareholders' approval for renewal of authority for the Proposed Share Buy-Back at the forthcoming AGM.

The purpose of this Statement is to provide you with the relevant information on the Proposed Renewal of Authority for Share Buy-Back, to set out our Board's recommendation and to seek your approval for the resolution pertaining to the Proposed Renewal of Authority for Share Buy-Back to be tabled at our forthcoming AGM.

YOU ARE ADVISED TO READ AND CONSIDER THE CONTENTS AND APPENDIX OF THIS CIRCULAR CAREFULLY BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK AT OUR FORTHCOMING AGM.

2. DETAILS OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

At the Thirty-Sixth AGM held on 24th January 2024, the Company obtained its shareholders' approval to undertake the purchase of up to 10% of its total number of issued shares, subject to compliance with

Section 127 of the Act and prevailing laws, regulations, orders, guidelines and requirements issued by the relevant authorities.

2.1 Quantum

As at the LPD, the total number of issued shares of our Company was 205,330,894 ordinary shares, including 500 retained as treasury shares. The maximum aggregate number of shares which may be purchased by our Company is up to 20,532,589 Shares.

The actual number of shares to be purchased and the timing of the purchase will depend on, *inter alia*, market conditions, sentiments of the stock market as well as the retained profits and financial resources available to the Company. The decision whether to retain the Purchased Shares as treasury shares, or to cancel the Shares purchased or a combination of both, will be made by the Board at the appropriate time

2.2 Duration

The authority obtained by the Board for the purchase of Bright Shares may only continue to be in force until:

- a) the conclusion of the next AGM of our Company at which time such authority shall lapse unless by ordinary resolution passed at that AGM, the authority is renewed, either unconditionally or subject to conditions;
 - b) the expiration of the period within which the next AGM of our Company is required by law to be held; or
 - c) revoked or varied by ordinary resolution passed by our shareholders in a general meeting,
- whichever occurs first.

Accordingly, in view of the expiry of the abovementioned approval of the shareholders at the conclusion of the forthcoming AGM, our Board proposes to seek for shareholders' approval for the Proposed Renewal of Authority for Share Buy-Back at the forthcoming AGM.

2.3 Funding

The funding for the Proposed Share Buy-Back will be from internally generated funds and/or borrowings, the proportion of which will depend on the quantum of purchase consideration, the availability of internal generated funds and borrowings, and repayment capabilities of the Company at the time of purchase.

The proposed Share Buy-Back is not expected to have a material impact on the cash flow position of the Company. The Board will ensure that the Company satisfies the solvency test as stated in Section 112(2) of the Act before implementing the Proposed Share Buy-Back.

The maximum amount of funds to be allocated by the Company pursuant to the Proposed Share Buy-Back shall not exceed the sum of retained profits of the Company. Based on our latest consolidated financial statements for the financial year ended 31 August 2024, the retained profits were RM26,194,797.

2.4 Treatment of Purchased Shares

Pursuant to the Section 127(4) of the Act, the Board may deal with the purchased shares in the following manner:

- a) to cancel the shares so repurchased;
- b) to retain the purchased shares as treasury shares; or
- c) to retain part of treasury shares and cancel the remainder of the shares.

Pursuant to the Section 127(7) of the Act, the Board may at its discretion:

- a) distribute the shares as dividends to shareholders;
- b) resell the shares or any of the shares in accordance with the Listing Requirements;
- c) transfer the shares, or any of the shares for the purposes of or under an employees' share scheme;
- d) transfer the shares, or any of the shares as purchase consideration;
- e) cancel the shares or any of the shares; or
- f) sell, transfer or otherwise use the shares for such other purpose as the Minister may by order prescribe.

In the event that the purchased share are held as treasury shares, the rights attached to them as to voting, dividends and participation in any other distribution and otherwise are suspended, and the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including the determination of substantial shareholdings, takeovers, notices, the requisitioning of meeting, the quorum for meeting and the result of a vote on resolution(s) at meetings.

An immediate announcement will be made to Bursa Securities upon each purchase and treatment of the purchased shares.

2.5 Pricing

Pursuant to the Listing Requirements, the Company may only purchase Bright Shares on Bursa Securities at a price which is not more than fifteen percent (15%) above the weighted average market price of Bright Shares for the five (5) market days immediately before the purchase.

2.6 Public Shareholding Spread

Based on the Record of Depositors of the Company as at LPD, 127,216,798 Shares representing 61.96% of our issued shares were held by the public shareholders.

3. RATIONALE AND BENEFITS OF THE PROPOSED SHARE-BUY-BACK

The Proposed Share Buy-Back, if implemented, is expected to have the following potential benefits to the Company and shareholders:

- (a) the Proposed Share Buy-Back would provide to the Company with an additional option of utilising our surplus financial resources to purchase Bright Shares at prices which are favourable;
- (b) the Proposed Share Buy-Back may stabilise the supply and demand of Bright Shares and support its fundamental value;
- (c) with the ability to maintain the stability of Bright Shares through the Proposed Share Buy-Back, investors' confidence in Bright Shares is expected to be enhanced;

- (d) if the Purchased Shares are held as treasury shares, the Company may have the opportunity to realise a potential gain if these shares are resold on Bursa Securities at a higher price than the purchase price;
- (e) treasury shares may also be distributed as share dividends to reward the shareholders; and
- (f) the Proposed Share Buy-Back will result in a lower number of Shares being used for the purpose of computing EPS, if the Purchased Shares are subsequently cancelled or during the period such Shares are held as treasury shares. Therefore, the Proposed Share Buy-Back will improve EPS of the Company.

4. RISK ASSESSMENT OF THE PROPOSED SHARE-BUY-BACK

The Proposed Share Buy-back, if implemented, would reduce the financial resources of the Company. This may result in the Company having to forego future investment opportunities and/or any interest income that may be derived from the deposit of such funds in interest bearing instruments. It may also result in the reduction of financial resources available for distribution in the form of cash dividends to shareholders.

Notwithstanding the above, the Board is of the view that the Proposed Share Buy-Back is not expected to have any potential material disadvantage to the Company and its shareholders. The Proposed Share Buy-Back will be implemented only after cautious consideration of the financial resources of the Company and its resultant impacts to the Company and the shareholders.

5. EFFECTS OF THE PROPOSED SHARE-BUY-BACK

The pro-forma effects of the Proposed Share Buy-Back on the Company are as follows:

5.1 Share capital

The pro-forma effects of the Proposed Share Buy-Back on our issued and paid-up share capital are set out as follows:

	No. of Shares
Existing number of issued shares as at LPD	205,330,894
Less: Proposed Share Buy-Back (10%)	(20,533,089)
Total issued shares after the Proposed Share Buy-Back	<u>184,797,805</u>

5.2 NA per Share and gearing

The effect of the Proposed Share Buy-Back on the NA per Share of our Company will depend on, *inter alia*, purchase price, number of Purchased Shares, effective cost of funding and the treatment of the Purchased Shares.

The effects of the Proposed Share Buy-Back on the gearing of the Company will depend on the amount of borrowings utilized to fund the purchase of Bright Shares. Any borrowing utilized to fund the such purchase will increase the gearing of the Company.

5.3 Working capital

The Proposed Share Buy-Back, as and when implemented, will reduce the cash and cash balances as well as working capital of the Company, the quantum of which will depend on, *inter alia*, purchase price and number of Purchased Shares.

For any Purchased Share which is kept as treasury share, upon resale, the working capital of the Company will increase upon the receipt of the proceeds of the resale. The quantum of the increase in the working capital will depend on the actual selling price of the treasury shares and the number of treasury shares sold.

5.4 EPS

The effects of the Proposed Share Buy-Back on the EPS of the Company will depend on, *inter alia*, purchase price, number of Purchased Shares, effective cost of funding and any loss in interest income to the Company or the opportunity cost in relation to other investment opportunities.

5.5 Dividend

The Proposed Share Buy-Back may have an impact the Company's dividend payment, if any, as it may reduce the cash available which may otherwise be used for dividend payments. The Board will have the option of distributing the treasury shares as share dividends to the shareholders.

6. SUBSTANTIAL SHAREHOLDERS' AND DIRECTORS' SHAREHOLDINGS
