GADANG GROUP OF COMPANIES

CODE OF ETHICS & CONDUCT

1. INTRODUCTION

In line with good corporate governance practices, Gadang Holdings Berhad (“GHB”) and its subsidiaries (collectively referred to as “Gadang”, “Group”, “we”, “us” or “our”) are committed to operate the Group’s businesses in an ethical manner and to uphold the highest standards of professionalism and exemplary corporate conduct. This Code of Ethics & Conduct (hereinafter referred to as “Code”) sets out the principles and standards of business ethics and conduct of the Group.

The Code is applicable to Executive Directors of the Group (hereinafter referred to as “EDs”) and Employees (including probationary, contract, permanent, project, temporary employees) (hereinafter referred to as “**Employees**”).

It is the responsibility of EDs and Employees to read and understand the Code. Any violation of the Code may result in disciplinary action, including the termination of employment and, if warranted, legal proceedings or criminal sanctions.

Gadang reserves the right to add, amend, annul, vary or modify the provisions set out in this Code as and when it deems necessary and in the best interest of Gadang. EDs and Employees shall be notified of any changes made to the Code via email or via a memorandum from time to time.

2. BUSINESS CONDUCT & PROFESSIONAL INTEGRITY

Integrity has always been the key value to Gadang. Gadang is committed to act professionally, fairly and with integrity in all its business dealings and relationships. EDs and Employees are expected to devote their full attention and best effort to the business interest of Gadang and to perform their duties diligently and faithfully at all times.

2.1 CONFLICT OF INTEREST

Aligned with Bursa Malaysia’s Conflict of Interest Guidance (ICN 1/2023) issued on 26th May 2023 and foreign laws and regulations at the host countries where foreign subsidiaries operate, for purposes of this paragraph 2.1 on Conflict of Interest, the term EDs will cover GHB Executive Directors while Key Senior Management (“KSM”) and Employees refers to all subsidiary executive directors and Head of Divisions, including those who may subsequently assume roles as consultants or advisors to the Group and Employees.

A conflict of interest (“COI”) is a situation where EDs’, KSM’s or Employees’ outside or private interests, businesses, relationships or activities interfere or appear to interfere with the fairness or integrity of the Group’s business dealings. Conflict of interest is not limited to direct financial interest but also include an indirect financial interest, non-financial interest (e.g., arising from relationships whether family, business or professional interests) or competing loyalties or interests.

EDs, KSM and Employees must not engage, directly or indirectly, in any outside or private business interest, relationship or activities that might conflict detrimentally with the interests of the Group or that might impair or appear to impair their ability to make objective and fair decisions when performing their jobs.

On an annual basis, the Company Secretary (“COSEC”) will issue and collect the COI forms from EDs whilst Group Human Capital (“GHC”) will issue and collect the COI forms from the KSM and Employees. EDs, KSM and Employees are still required to declare even when there is no conflict.

Besides that, on ad-hoc basis, EDs, KSM and Employees have a duty to declare a COI as soon as practicable after the relevant facts have come to his / her knowledge.

GADANG GROUP OF COMPANIES

CODE OF ETHICS & CONDUCT

Failing to disclose a COI situation, providing incomplete and inaccurate information on the COI or failing to comply with an approved action plan to resolve or mitigate the COI is a breach of this Policy and may result in disciplinary action being taken against the person with a conflict, including summary dismissal.

Given the seriousness and intricacies of Bursa Malaysia's enhanced COI requirements and to enable more focus and easier reference for EDs, KSM and Employees, this paragraph on Conflict of Interest is cross-referenced to a comprehensive standalone COI Policy & Procedure bearing reference number (*Ref No: GHC/SOPP/COI/V.02 dated 4th September 2024*) and is available in the Group's Gadang Share Point portal.

2.2 ANTI-BRIBERY AND CORRUPTION

Gadang is committed to acting professionally, fairly and with integrity in all business dealings and relationships. We are committed to: -

- Conduct business in an ethical and honest manner;
- Implement and enforce systems that ensure bribery and corruption is prevented; and
- Take all necessary measures to ensure that our businesses do not participate in corrupt activities and to implement adequate procedures effectively to comply with the provisions of MACC Act 2009 and Section 17A of the MACC (Amendment) Act 2018 and foreign laws and regulations of the host countries where foreign subsidiaries operate.

Bribery is a crime and penalties can be severe including prison sentences and large financial penalties. Depending on the circumstances, these penalties can be applied to a company and its Employees and third parties or a combination of any of them. All EDs and Employees are reminded that he/she will be subjected to stern disciplinary action, including dismissal as well as civil and criminal liability, if he/she is found in violation of Anti-Bribery & Corruption Policy.

Kindly refer Gadang's Anti-Bribery & Corruption Policy for further details.

2.3 INSIDER TRADING

Insider trading is defined as the purchase or sale of a Company's securities effected by or on behalf of a person with knowledge of relevant but non-public material information regarding that Company.

In the context of Malaysian law, insider trading is an offence under the Capital Market and Services Act (CMSA) 2007. Under this act, the offender shall be punished on conviction to imprisonment for a term not exceeding ten years and to a fine of not less than one million ringgit. Foreign laws on insider trading may apply where the information concerns companies listed outside of Malaysia.

EDs and Employees who are in the possession of market sensitive information are not allowed to trade in securities of the Company if that information has not been made public.

EDs or Employees are also prohibited from disclosing any non-public price sensitive information to any third-party, including family members and friends.

Further, EDs and Employees shall not encourage any other person to deal in price-affected securities for personal benefit or for the benefit of others. It is also illegal to spread false information with the intention to manipulate the price of public listed securities. EDs and Employees must ensure that all dealings in the securities of the

GADANG GROUP OF COMPANIES CODE OF ETHICS & CONDUCT

Company are complied with the procedures set out in the Bursa Malaysia Listing Requirements and the law on insider trading.

2.4 ANTI - MONEY LAUNDERING AND FINANCING OF TERRORISM

Gadang is committed to fully comply with the law under the Anti Money Laundering and Anti-Terrorism Financing (Amendment) Act 2014. Gadang does not condone, facilitate or support any activity that is even remotely associated with money laundering or financing of terrorism.

Money laundering could be the consequence of any profit generating crime and is defined as the process of converting money / property, which is derived from illegal activities to give it a legitimate appearance.

It is a very serious crime and the laws governing this type of crime can have extra territorial effect, i.e., the application of the law is extended beyond local borders.

Financing of terrorism is defined as a term that generally refers to carrying out transactions involving funds that may or may not be owned by terrorist, or that have been, or are intended to be, used to assist the commission of terrorism.

Responsibility

To avoid violating the related laws, EDs and Employees are expected to conduct counterparty due diligence to understand the business and background of third parties that Gadang is currently in relationship with or intends to do business with in the future, either on a regular or once-off basis. Third Parties refer to actual or potential clients, advisers, business associates, joint venture partners, agents, vendors, suppliers, distributors, contractors, consultants, customers, government and public bodies and any other third-party service providers or persons who perform services for or on behalf of the Group – this includes their advisors, representatives and officials, politicians and public parties.

EDs and Employees are frequently involved in decision making process concerning third parties, particularly in matters on financial transactions, therefore, they should be properly acquainted with the applicable laws and regulations related to money laundering.

EDs and Employees should be attentive to and report suspicious behaviour by customers, consultants and business partners to the relevant line manager or Head of Department (“HOD”). If notifying the line managers or EDs are not possible or inappropriate for any reason, or not in the best interest of the Group, EDs and Employees can raise the concerns via Gadang’s Whistleblowing Policy.

2.5 FAIR COMPETITION

Gadang is committed in conducting its business activities in accordance with applicable competition laws enforced under the Competition Act 2010 and to compete vigorously and independently at all times.

Gadang prohibits all types of anti-competitive agreements which have as their object or effect, the prevention, restriction or distortion of free and fair competition. Anti-competitive agreements are divided into two (2) categories: vertical and horizontal restraints.

GADANG GROUP OF COMPANIES CODE OF ETHICS & CONDUCT

- a) Horizontal restraints are agreements between companies acting on the same level of trade, i.e., agreements between Gadang and its competitors. Horizontal restraints on key competitive parameters (e.g., prices, quantities, clients, sales territories) will be found unlawful regardless of whether they have actually been implemented and/or have any effect on the market.
- b) Vertical restraints are agreements restricting competition between companies acting on different levels of trade, i.e., agreements between Gadang and its distributors, customers, licensees or suppliers (e.g., market shares of the parties to the agreement and economic justifications) will be found unlawful regardless of whether they have actually been implemented and/or have any effect on the market.

EDs and Employees should not engage with competitors for contractual bidding purposes.

When dealing with competitors and members of trade associations, EDs and Employees should refrain from;

- Entering into any discussion, exchange of information, agreement or understanding with competitors concerning prices, costs, production, clients, bids or marketing;
- Engaging in any discussion at formal meetings with competitors that do not adhere strictly to the topics of meeting agendas; and
- Engaging in any casual or social conversation with competitors that even superficially touch upon such business topics.

EDs and Employees should not make false or defamatory public remarks about a competitor or improperly, unethically or illegally obtain or use proprietary information, intellectual property or trade secrets of a competitor, collaborator or any other third party.

If an ED or Employee suspects that the competition law has been breached, he / she has a duty to consult with the Group Legal Department. Gadang is committed to cooperate with the enforcement authorities in carrying out their law enforcement responsibilities.

2.6 HEALTH, SAFETY AND ENVIRONMENT

Gadang is committed to provide a safe, healthy and conducive workplace while minimising the impact of operations on the environment without sacrificing long-term economic value creation. EDs and Employees must diligently observe and comply with all applicable Health, Safety and Environment (HSE) legislations, policies and procedures set out by the Group. At a minimum, Gadang expects similar commitment is shared and practised by our business partners, contractors and other external stakeholders.

EDs and Employees are responsible for each other's well-being and the safety of general public and are encouraged to promptly report any accidents, injuries, unsafe equipment, hazardous conditions, and breaches of HSE laws at the workplace to the Head – HSE.

Gadang also strives to protect the environment and conserve natural resources by utilising natural resources responsibly and reducing waste and emissions, where practicable.
