To: The Shareholders of KUB Malaysia Berhad

Dear Sirs/Madam,

PROPOSED AUTHORITY FOR SHARE BUY-BACK

1. INTRODUCTION

On 28 August 2025, the Board had announced that the Company proposed to seek the approval of its shareholders a mandate for the Company to purchase up to 10% of the issued shares of the Company. The Proposed Share Buy-back is subject to compliance with Section 127 of the Act and any prevailing laws, orders, requirements, guidelines, rules and regulations issued by any relevant authorities at the time of purchase.

The purpose of this Statement is to provide you with the relevant information of the Proposed Share Buy-Back and to seek your approval on the ordinary resolution pertaining to the Proposed Share Buy-Back to be tabled at the forthcoming AGM, which will be held at Mutiara Grand Ballroom, Royale Chulan Damansara, No. 2, Jalan PJU 7/3, Mutiara Damansara, 47810 Petaling Jaya, Selangor on Thursday, 30 October 2025 at 10.00 a.m. The notice of the AGM together with the Form of Proxy is enclosed in the Annual Report of the Company for the FYE 30 June 2025.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS STATEMENT BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED AUTHORITY SHARE BUY-BACK TO BE TABLED AT THE FORTHCOMING AGM

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

On 28 August 2025, the Company is seeking your approval of the authority for our Company to purchase our own Shares representing up to 10% of our issued shares at any point in time, subject to the Act, Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of purchase.

For illustrative purposes, as at LPD, the issued share capital of the Company stood at RM229,339,960 comprising 557,259,962 units ordinary shares. Assuming no further KUB Shares are issued, the maximum number of shares that can be purchased pursuant to the Proposed Share Buy-Back is 55,725,996 KUB Shares.

As at LPD, 199,035,059 RCPS remain unconverted and the RCPS holder is entitled to convert at a conversion price of RM0.60 per RCPS. Assuming the RCPS are converted in full, the maximum number of shares that can be purchased pursuant to the Proposed Share Buy-Back is 23,900,000 KUB Shares in compliance with Paragraph 8.02(1) and Paragraph 12.14 of the Listing Requirements of Bursa Malaysia.

Your approval for the Proposed Share Buy-Back will be effective immediately after the passing of the ordinary resolution to be tabled at the forthcoming AGM and may only continue to be in force until:

- (i) the conclusion of our next AGM, at which time the authority will lapse unless renewed by ordinary resolution at the meeting, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which our next AGM after the date is required by law to be held; or
- (iii) the authority is revoked or varied by ordinary resolution passed by the shareholders in a general meeting;

whichever occurs first.

Your approval for the Proposed Share Buy-Back does not impose an obligation on our Company to purchase our own Shares. Rather, it will allow your Board to exercise the power of our Company to purchase our own Shares at any time within the abovementioned time period.

2.1 Quantum and Funding

The Listing Requirements stipulate that the proposed purchase by a listed company of its own shares must be made wholly out of retained profits of the listed company. Therefore, the maximum amount of funds to be allocated for the Proposed Share Buy-Back shall not exceed the amount stated in the retained profits of the Company.

Shares to be purchased by our Company pursuant to the Proposed Share Buy-Back will be funded using internally generated funds and/or bank borrowings. The maximum funds to be utilised for the purchase of our own Shares cannot exceed the level of retained earnings. Accordingly, our Directors shall allocate an amount of funds which will not be more than the total amount of our retained earnings in respect of any purchase of our own Shares pursuant to the Proposed Share Buy-Back.

Based on our audited financial statements for FYE 30 June 2025, our Company's retained earnings stood at approximately RM295,202,754.

The actual number of Shares to be purchased, the total amount of funds to be utilised, details of borrowings, impact on cash flows and the timing of the purchase(s) will depend on the prevailing equity market conditions and sentiments as well as the financial resources available to our Company at the time of the purchase(s). In the event bank borrowings are taken to fund the purchase of our own Shares pursuant to the Proposed Share Buy-Back, we will ensure that we have the capability to repay such borrowings and that such repayment will not have a material financial effect on our Group's cash flow.

2.2 Treatment of the Purchased Shares

Pursuant to Rule 12.17 of the Listing Requirements, the Company may only purchase its own shares at a price which is not more than 15% above the weighted average market price of the shares for the past 5 markets days immediately preceding the date of purchase.

In accordance with Section 127(4) of the Act, the Purchased Shares may be dealt by the Board in the following manner:

- (a) cancel the Purchased Shares; or
- (b) retain the Purchased Shares as treasury shares; or
- (c) retain part of the Purchased Shares as treasury shares and cancel the remainder.

Accordingly, based on Section 127(7) of the Act, where such Purchased Shares are held as treasury shares, the Directors may, at their discretion:

- (a) distribute the Purchased Shares as dividends to the shareholders, such dividends to be known as 'share dividends'; or
- (b) resell the Purchased Shares or any of the Purchased Shares in accordance with the relevant rules of Bursa Malaysia; or
- (c) transfer the Purchased Shares or any of the Purchased Shares for the purposes of or under an employees' share scheme; or
- (d) transfer the Purchased Shares or any of the Purchased Shares as purchase consideration; or
- (e) cancel the Purchased Shares or any of the said shares; or
- (f) sell, transfer or otherwise use the Purchased Shares for such other purposes as the Minister charged for the responsibility for companies may by order prescribe.

The actual treatment of the Purchased Shares would depend on, *inter-alia*, the prevailing equity market conditions and our financial position at the time of the purchase(s).

Upon each purchase of Shares, an immediate announcement will be made to Bursa Malaysia in respect of the Board's decision on the treatment of the Purchased Shares.

While the Purchased Shares are held as Treasury Shares, the rights attached to them as to voting, dividends and participation in other distributions and otherwise are suspended, and the Treasury Shares shall not be taken into account in calculating the number or percentage of Shares or a class of shares in the Company for any purpose including substantial and major shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on resolution at a meeting of the Shareholders.

2.3 Regulatory Requirements

The Proposed Authority Share Buy-Back is subject to compliance with Section 127 of the Act, Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of purchase.

Based on the Listing Requirements, the Proposed Share Buy-Back is subject to, *inter-alia*, the following rules:

- the public shareholding spread of 25% of the issued shares of our Company is to be maintained at all times;

- the purchase price of our own Shares cannot be more than 15% above the weighted average market price of our Shares for the five (5) market days immediately preceding the date of purchase;
- an immediate announcement will be made to Bursa Malaysia on any purchase of our own Shares as well as any resale or cancellation of the Purchased Shares;
- if subsequently resell on Bursa Malaysia or transfer pursuant to Section 127(7) of the Act, our Company may only resell or transfer the Purchased Shares at:
 - (a) a price which is not less than the weighted average market price of our Shares for the five (5) market days immediately preceding the date of resale; or
 - (b) a discounted price of not more than 5% to the weighted average market price of our Shares for the five (5) market days immediately prior to the resale or transfer provided that:
 - (i) the resale or transfer takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of our Shares being resold or transferred;
- the maximum funds to be utilised for the purchase of our own Shares cannot exceed the level of retained earnings of our Company; and
- the Proposed Share Buy-Back shall only be affected through Bursa Malaysia via its automated trading system and shall exclude any direct business transactions as defined in accordance with the rules of Bursa Malaysia.

3. RATIONALE AND POTENTIAL ADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back if implemented is expected to potentially benefit our Company and our shareholders. The Proposed Share Buy-Back would enable our Group to utilise our surplus financial resources to purchase our own Shares via the open market when appropriate and at prices which the Board views as favourable.

The Proposed Share Buy-Back would effectively reduce the number of Shares carrying voting and participation rights (unless the Purchased Shares are resold on Bursa Malaysia or distributed as share dividends). Consequently (whether the Purchased Shares are held as treasury shares or cancelled), all else being equal, the EPS of our Group may be enhanced as the earnings of our Group would be divided by a reduced number of Shares. The enhancement in EPS, if any, arising from the Proposed Share Buy-Back is expected to benefit our shareholders.

The Purchased Shares can be held as treasury shares and be resold on Bursa Malaysia at a price higher than their cost of purchase and therefore realising a potential gain in reserves without affecting our total issued shares. The treasury shares may also be distributed to our shareholders as share dividends.

The Purchased Shares may also be cancelled at such time(s) when the Board is of the view that there is excess share capital and wish to reduce the number of Shares in circulation.

4. POTENTIAL DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back, if implemented, is expected to reduce the financial resources of our Group. This may result in our Group foregoing better investment opportunities which may emerge in the future and/or any interest income that may be derived from other alternative uses of such funds, such as deposit of funds in interest bearing instruments.

The Proposed Authority Share Buy-Back may also reduce the amount of financial resources available for distribution to our shareholders in the form of dividends as funds are utilised to purchase our own Shares.

Nevertheless, the Proposed Authority Share Buy-Back is not expected to have any potential material disadvantage to our Group and our shareholders, as it will be implemented only after careful consideration of the financial resources of our Group and its resultant impact on our shareholders. The Board is mindful of the interest of our Group and our shareholders and will be prudent with respect to the above exercise.

5. EFFECTS OF THE PROPOSED SHARE BUY-BACK

5.1 Share Capital

The effect of the Proposed Authority Share Buy-Back on our issued shares will depend on the treatment of the Purchased Shares. The Proposed Share Buy-Back will result in a reduction of our issued shares if the Purchased Shares are cancelled.

However, if the Purchased Shares are retained as treasury shares, the Proposed Share Buy-Back will not have any effect on our issued shares. However, the rights attaching to the Purchased Shares as to voting, dividends and participation in other distributions or otherwise are suspended in the manner as set out in Section 2.2 of this Statement.

For illustrative purposes only, in the event the Proposed Share Buy-Back is carried out and assuming that all the Purchased Shares are cancelled, the effect of the Proposed Share Buy-Back on our issued shares is as follows:

Scenario 1 : Assuming no RCPS are converted into Shares prior to the Proposed Share Buy-Back and the Proposed Share Buy-Back is implemented in full

Scenario 2 : Assuming full conversion of the RCPS prior to the Proposed Share Buy-Back and subject to Paragraph 8.02(1) and Paragraph 12.14 of the Listing Requirements of Bursa Malaysia

	Scenario 1 No. of Shares	Scenario 2 No. of Shares
Total number of issued shares as at the LPD	557,259,962	557,259,962
Maximum number of shares to be issued pursuant to the conversion of RCPS	-	199,035,059
Enlarged issued and share capital	557,259,962	756,295,021
Less: Purchased Shares	(55,725,996) [^]	(23,900,000) ^{^^}
Total number of issued shares after the Proposal Share Buy-Back and cancellation	501,533,966	732,395,021

Notes:

[^] Based on 10% of our issued shares that may be purchased under the Scenario 1

^{^^} Based on maximum limit of the Purchased Shares in compliance with Paragraph 8.02(1) and Paragraph 12.14 of the Listing Requirements

5.2 NA and NA per Share

The effect of the Proposed Share Buy-Back on our consolidated NA per Share would depend on the purchase price(s) paid and number of the Purchased Shares. The Proposed Share Buy-Back will reduce the NA per Share at the time of purchase if the purchase price exceeds the NA per Share and conversely will increase the NA per Share at the time of purchase if the purchase price is less than the consolidated NA per Share.

In the case where the Purchased Shares are held as treasury shares and subsequently resold, the consolidated NA per Share will increase if our Company realises a gain from the resale and *vice versa*. If the treasury shares are distributed as share dividends, the consolidated NA of our Company will decrease by the cost of the treasury shares at the point of purchase.

5.3 Working Capital

The Proposed Share Buy-Back, as and when implemented, is likely to reduce the working capital of our Group, the quantum of which depends on, amongst others, the purchase price of the Purchased Shares, the number of Purchased Shares and any associated costs incurred in making the purchase.

For Purchased Shares which are kept as treasury shares, upon their resale, the working capital and the cash flow of our Group may increase with the receipt of the proceeds of the resale. The quantum of the increase in the working capital and cash flow will depend on the actual selling price(s) of the treasury shares and the number of treasury shares resold and any associated costs incurred in undertaking the sale.

5.4 Earnings and EPS

The effects of the Proposed Authority Share Buy-Back on the earnings of our Group would depend on the purchase price(s) and number of Shares purchased as well as the effective funding cost to our Company to finance such purchases and/or loss in interest income to our Group if internally generated funds are utilised. The reduction in the number of Shares applied in the computation of our EPS pursuant to the Proposed Share Buy-Back (whether the Purchased Shares are held as treasury shares or cancelled) may generally, all else being equal, have a positive impact on our EPS for the financial year when the Proposed Share Buy-Back is implemented.

In the case where the Purchased Shares are held as treasury shares and subsequently resold, the extent of the impact to the earnings of our Group will depend on the actual selling price(s), the number of treasury shares resold, the effective funding cost and the gain or loss on disposal, if any.

5.5 Dividends

Assuming the Proposed Authority Share Buy-Back is carried out in full, dividends would be paid on the remaining issued shares of our Company (excluding the Shares already purchased). The Proposed Share Buy-Back may have an impact on our Company's dividend, if any, for FYE 30 June 2025 as it would reduce the cash available which may otherwise be used for dividend payments. Nonetheless, the treasury shares purchased may be distributed as dividends to our shareholders, if the Board so decides.

Any dividends to be declared by our Company in the future would depend on, *inter-alia*, the profitability and cash flow position of our Group.

5.6 Substantial Shareholders' and Directors' Shareholdings

Shares bought back by our Company under the Proposed Share Buy-Back that are retained as treasury shares and/or subsequently cancelled will result in a proportionate increase in the percentage shareholdings of our substantial shareholders. Please refer to Section 9 of this Statement for further details.

5.7 Public Shareholding Spread

The public shareholding spread of our Company according to our Record of Depositors as at the LPD is approximately 37.22%.

Our public shareholding spread would approximately be 30.24% assuming our Company carries out the Proposed Share Buy-Back in full as per Scenario 1 and 25.05% assuming our Company carries out the Proposed Share Buy-Back as per Scenario 2, and that our Shares are purchased from public shareholders.

In this regard, your Board undertakes to purchase Shares only to the extent that our public shareholding spread shall not fall below 25% of our issued shares at all times pursuant to the Proposed Share Buy-Back, in accordance with Paragraph 8.02(1) and Paragraph 12.14 of the Listing Requirements or such other percentages that Bursa Malaysia may stipulate.

6. IMPLICATIONS OF THE PROPOSED SHARE BUY-BACK IN RELATION TO THE CODE

Assuming the number of Shares held by the substantial shareholders and/or persons connected with it remains unchanged, the Proposed Share Buy-Back, if implemented in full, will have no implications in relation to the Code.

The Board is mindful of the requirements of the Code and will continue to do so when making any purchase of our own Shares pursuant to the Proposed Share Buy-Back.

7. APPROVAL REQUIRED

The Proposed Share Buy-Back is conditional upon your approval at the forthcoming AGM.

8. PURCHASE, RESALE, TRANSFER AND CANCELLATION OF TREASURY SHARES MADE IN THE PREVIOUS TWELVE (12) MONTHS

Our Company has not purchased any of our own Shares in the previous twelve (12) months preceding the date of this Statement and therefore, no resale or transfer of the Purchased Shares or cancellation thereof has occurred during the same period.

9. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTEREST

Save for the inadvertent increase in the percentage shareholdings and/or voting rights in our Company as a consequence of the Proposed Share Buy-Back, none of our Directors, substantial shareholders and persons connected with them has any interest, direct and/or indirect, in the Proposed Share Buy-Back and, if any, the resale of the treasury shares.

Based on our Record of Depositors as at the LPD and assuming our Company carries out the Proposed Share Buy-Back in full and that the Shares purchased are from public shareholders, the effect of the Proposed Share Buy-Back on the shareholdings of our Directors and substantial shareholders are set out in the ensuing pages:
