2.4 Review Procedures for RRPTs

The following procedures for RRPTs for the Group have been established and adopted. The objective is to ensure that all such transactions including prices will be negotiated and agreed at an arm's length basis, and on normal commercial terms which are not more favorable to the related parties than those generally available to the public, and are not to the detriment of the minority shareholders of the Company as follows:-

1. The sale or purchase of goods and services shall be determined on the basis of the prevailing rates/prices of the goods and services (including preferential rates/prices/discounts accorded to a class or classes of customers of bulk purchases) according to their usual commercial terms and business practices or otherwise in accordance with other applicable industry norms/ considerations.

11. In regards to the approving authority, the MPB Group has in place internal limits of authority ("LOA") approved by the Board, governing business transactions. 16. The Board may at its discretion, adopt new review and disclosure procedures and/or amend the existing procedures to ensure that the RRPTs are at all times on terms consistent with the Group's usual business practices and policies.
17. Further, where any Director has an interest (direct or indirect) in any related party transaction, such Director shall abstain from deliberation and voting on the matter. Shareholders' approval will be sought for the renewal of such mandate at subsequent AGM subject to a satisfactory review by the Board/Audit & Risk Management Committee of its continued application to the RRPTs.

18. None of the Audit & Risk Management Committee Members of MPB have any interest, direct or indirect, in the Proposed Shareholders' Mandate.

3. RATIONALE AND BENEFITS FOR THE PROPOSED SHAREHOLDERS' MANDATE

The RRPTs entered or to be entered into by MPB are all in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are likely to occur with some degree of frequency and may arise at any time, and from time to time. These transactions may be constrained by the time-sensitive nature and confidentiality of such transactions, and it may be impractical to seek shareholders' approval on a case by case basis before entering into them.

The RRPTs to be undertaken will be entered into at arm's length basis and on normal commercial terms, and on terms not more favourable to the Related Parties than those generally available to the public, and are not to the detriment of the minority shareholders. By obtaining the Proposed Shareholders' Mandate and the renewal of the same on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such RRPTs occur can be avoided. This would reduce substantially administrative time, inconvenience and expenses associated with the convening of such meetings, without compromising the corporate objectives of MPB or adversely affecting the business opportunities available to MPB.

The benefits accruing to the MPB Group from the RRPTs, amongst others, stem from the close working relationships with the Related Parties on the RRPTs. These close relationships should ensure timely delivery and provision of services, commitment and reliability of quality services for the Group in order to ensure smooth operation of the day-to-day business of the Group as well as to fully realise the business synergies within the Group.

In addition, part of the RRPTs involve services provided by the MPB Group to the Related Parties, as in the sale of media-related solutions by Omnia and provision of printing services by PTSB, and these transactions will create business opportunities and revenue for the MPB Group.

The principal activities of STMB Group are commercial television broadcasting and video-on-demand services and it operates four free-to-air television stations (TV3, TV9, ntv7 and 8TV). The National Broadcasting Digitalisation Project by the Government of Malaysia involves the digitalisation of television broadcast, known as Digital Terrestrial Television (DTT). This Government initiative is spearheaded by the Ministry of Communications and Multimedia Malaysia and monitored by the Malaysian Communications and Multimedia Commission (MCMC), aimed towards a transition from analogue to digital broadcasting on terrestrial platform for free-to-air television stations. MYTV was appointed by MCMC through a tender process to build, operate and manage the DTT service infrastructure. In view of the Government's initiative to digitise all free-to-air television transmission, the procurement of MYTV's services was necessary to ensure compliance with the national agenda and to ensure the availability of STMB Group's free-to-air television stations.

The principal activities of MPD Group are digital media services and digital publishing through digital media assets. Media Mulia, as the owner and operator of several digital media assets, have granted specific access and licensing rights to MPD Group. This grant of access and license would enable MPD Group to generate additional advertising revenue.

On the revenue sharing with Media Mulia, the transaction arise where there are sale of advertisements by Omnia on media properties-owned by Media Mulia that leverages Omnia's advertising reach to generate additional revenue for both MPB Group and Media Mulia. In exchange for utilising Media Mulia's media properties for the sale of advertisements, a certain amount based on agreed rates from the advertising sales consideration received by Omnia is payable to Media Mulia.

As such, the Proposed Shareholders' Mandate is of paramount importance for the continued success and long term sustainability of MPB Group.

4. FINANCIAL EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate does not have any effect on the share capital of MPB and will have financial effects on the earnings or the net assets of MPB Group to the extent it is allowed to transact with the related parties.

5. STATEMENT FROM AUDIT & RISK MANAGEMENT COMMITTEE

The Audit & Risk Management Committee has reviewed the terms of the Proposed Shareholders' Mandate and is satisfied that the Company has in place adequate procedures and processes to monitor, track and identify the RRPTs in a timely and orderly manner and that the review procedures are sufficient to ensure that the RRPTs will be made at arm's length basis and in accordance with MPB Group's normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and will not be to the detriment of the minority shareholders, and hence, will not be prejudicial to the shareholders or disadvantageous to MPB Group.

6. INTERESTED DIRECTORS, MAJOR SHAREHOLDERS AND PERSONS CONNECTED TO THEM

None of the Company's Directors or persons connected to them have interest in the recurrent related party transactions. Save as disclosed below, none of the other major shareholders and/or persons connected with them, have any interest, direct or indirect, in the RRPTs and Proposed Shareholders' Mandate:-
