3. DETAILS OF THE RECURRENT RELATED PARTY TRANSACTIONS

OFIH is an investment holding company whose wholly owned subsidiary namely OFI is principally engaged in the manufacturing and marketing for oversea market with wide range of snack food and confectioneries under brand names (*amongst others*) **ZESS, ROTA, SUPER RING** and **JACKER**.

Based on the financial year ended 31 March 2025, the Group's market constitution in terms of turnover includes approximately 37% of domestic sales and the remaining 63% of export/international sales including that of to Hong Kong, China, Japan, USA, Middle East, Taiwan, Mauritius and ASEAN countries. The distribution, sales and marketing of OFI's products in Malaysia are undertaken by OFM, a wholly owned subsidiary of OFI. OFI products are marketed through a network of dealers throughout the country. As at 16 July 2025, there are approximately 335 independent distributors and wholesalers in Peninsular Malaysia and 5 in East Malaysia. Furthermore to that, it is noted that Syarikat Perniagaan Chong Mah Sdn Bhd, one of OFIH's major shareholder, is also one of the main distributors for the Group.

It is anticipated that the Group and Syarikat Perniagaan Chong Mah Sdn Bhd would, in the ordinary course of business, enter into the related party transactions as mentioned in Section 3.1 below. It is likely that such transactions will occur with some degree of frequency and could arise at any time.

In view of the time-sensitive, confidential and frequent nature of such related party transactions, the Board is seeking shareholders' approval for the Proposed Renewal of RRPT Mandate for the Group to enter into transactions in the normal course of business within the classes of Related Parties set out in Section 3.1 below, provided such transactions are entered into at arm's length and on normal commercial terms which are not more favourable to the related party than those generally available to the public and which will not be to the detriment of the minority shareholders. The related party transactions will also be subjected to the review procedures set out in Section 4 below.

b) Nature of Recurrent Related Party Transactions

The Proposed Renewal of RRPT Mandate will enable OFIH Group to undertake sales of snack food and confectionery products to Chong Mah by OFM for a total estimated value up to RM7.5 million from the date this shareholders' mandate is obtained until the conclusion of the next AGM of the Company. The value was arrived at after taking into consideration the total actual value of OFIH Group's sales with Chong Mah from the date of the existing mandate obtained to 16 July 2025 which was RM1,206,167.42 and the estimated value of RM7.5 million as indicated in the preceding year's circular. The transactions were conducted at arm's length so as to ensure that there is no question of conflict of interest involved. Furthermore, there was no deviation whereby the actual value transacted did not exceed the estimated value by 10% or more. Nevertheless, the estimated value mentioned above is subject to change depending on the demand of the products.

3.2 Rationale for the Proposed Renewal of RRPT Mandate

a) Rationale

The related party transactions entered or to be entered into by the Group are all in the ordinary course of business. There are recurring transactions of revenue or trading nature, which are likely to occur with some degree of frequency and at any time from time to time.

In view of the time-sensitive nature and frequency of these transactions, it is impractical to seek shareholders' approval on a case-by-case basis before entering such related party transactions. As such, the Board seeks shareholders' mandate pursuant and subject to Paragraph 10.09 of the Listing Requirements for the related party transactions described in Section 3.1 above to allow the Group to enter into such recurrent related party transactions made on an arms' length basis and on normal commercial terms, which are not prejudicial to the interests of the shareholders whatsoever.

By obtaining the Proposed Renewal of RRPT Mandate on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when related party transactions recurs will not arise. As such, this will inevitably reduce substantial administrative time, inconvenience and expenses associated with the convening of such meeting, without compromising the corporate objectives of the Group or adversely affecting the business opportunities available to the Group.

b) Benefits

OFIH Group has a long-standing business relationship with Chong Mah. Chong Mah has been involved in the trading of snack food, confectioneries and other preserved foods for more than 30 years. Over the years Chong Mah has established a large clientele base. The transactions entered by the Group with Chong Mah is purely a normal sales transaction which enable Chong Mah to act as a marketing and distributing arm for OFIH Group's products, thus enables the Group's products to penetrate into Chong Mah's clientele base. This in return will generate income and contributes to the profitability of the Group. There's no amount due and owing to the Group by Chong Mah pursuant to the RRPT which exceeded the credit term given.

4. REVIEW METHODS OR PROCEDURES FOR RECURRENT RELATED PARTY TRANSACTIONS

To ensure that such Recurrent Related Party Transactions ("RRPT") are conducted at arm's length and on normal commercial terms consistent with the Group's usual business practices and policies and will not in any manner whatsoever be prejudicial to shareholders, the management will ensure that transactions with the related party will only be entered into after due consideration on the quotation of price, level of service, quality of products, the corporate objectives of the Group, the requirement to protect market shares for its products in its local and overseas markets and other relevant factors. There are no specific thresholds for approval of RRPT within the Group but the above serves as guideline for determination by the appropriate level of authority as determined by senior management and/or the Board from time to time.

Besides, at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of produces/services and/or quantities. In view of the wide customer base in our business, there is no issue on any difficulties or impossibilities of obtaining quotation or comparative pricing from unrelated third parties.

Furtherance to the above, where any Directors have an interest (direct or indirect) in any related party transaction, such Director (or his alternate, where applicable) shall abstain from voting on the matter. Likewise, where any member of the Risk Management and Audit Committee is interested in any transaction subject to the review of the said Committee, the member shall abstain from voting on any matter relating to any decisions to be taken by the said Committee in respect of such transaction.

Pursuant to Paragraph 10.09 of the Listing Requirements, in a meeting to obtain shareholders' mandate, the interested directors, interested major shareholders or interested persons connected with a director or major shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such director or major shareholder, must not vote on the resolution approving the transactions. An interested director or interested major shareholder must ensure that persons connected with him abstain from voting on the resolution approving transactions. Interested directors shall also abstain from deliberating at board meetings in respect of the related party transactions in which they are interested.

Disclosure will be made in the annual report of the Company of the aggregate value of transactions conducted pursuant to the Proposed Renewal of RRPT Mandate during the financial year. Disclosure will also be made in the annual reports for subsequent financial years during which the shareholders' mandate remain in force.

The Proposed Renewal of RRPT Mandate, if approved at the AGM, will continue until the conclusion of the next AGM of the Company. Thereafter, approval shall be sought for the renewal of such mandate at each subsequent AGM subject to the satisfactory review by the Risk Management and Audit Committee.

The following will be implemented and observed in order to achieve the above:-

- (i) To notify the Company's subsidiaries of the Mandated Related Party and that all Recurrent Related Party Transactions are required to be undertaken on an arm's length basis and on normal commercial terms and on terms not more favourable to the related parties than those generally available to the public and not to the detriment of the minority shareholders;
- (ii) All Recurrent Related Party Transactions will be reviewed by those who have no interest whatsoever in the respective transactions;
- (iii) A register will be maintained by the Company to record all Recurrent Related Party Transactions which are entered into pursuant to the Proposed Renewal of RRPT Mandate;
- (iv) The annual internal audit plan shall incorporate a review of all Recurrent Related Party Transactions entered into pursuant to the Proposed Renewal of RRPT Mandate to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions are adhered to;
- (v) The Board and Risk Management and Audit Committee shall review the internal audit reports to ascertain that the guidelines and procedures established to monitor Recurrent Related Party Transactions have been complied with and the review shall be done at every quarter together with the review of the financial results;
- (vi) The Board and the Risk Management and Audit Committee have reviewed the procedures and shall continue to review the procedures as and when required, with the authority to sub-delegate to individuals or committees within the Company, as they deem appropriate; and
- (vii) The price quoted to the related party is in accordance to the selling policy of the Company basically takes into consideration the length of relationship, the financial standing and the quantity purchased by the purchaser from time to time.

5. STATEMENT FROM RISK MANAGEMENT AND AUDIT COMMITTEE

The Risk Management and Audit Committee has the overall responsibility of determining whether the procedures for reviewing the relevant Recurrent Related Party Transactions are appropriate. The Risk Management and Audit Committee has the authority to delegate such responsibility to such individuals within the Company as it shall deem fit. The Risk Management and Audit Committee will continue to call for half yearly reviews to ascertain whether the methods, procedures and guidelines established to monitor and ascertain that the Recurrent Related Party Transactions have been complied with. If it is determined that the methods and/or procedures stated in Section 4 are inadequate to ensure that the (i) Recurrent Related Party Transactions will be conducted at arm's length and on normal commercial terms, and (ii) such transactions are not prejudicial to the interests of the shareholders, the Company will obtain a fresh shareholders' mandate based on new methods and procedures.

The Risk Management and Audit Committee shall also have the discretion to request for additional limits to be allowed or for additional procedures to be followed if it considers such a request to be appropriate. In that event, such additional limits or procedures may be implemented without the approval of shareholders, provided that they are more stringent than any existing limits or procedures.

The Risk Management and Audit Committee of the Company has seen and reviewed the terms of the Proposed Renewal of RRPT Mandate and the procedures mentioned in Section 4 above. The Risk Management and Audit Committee is satisfied that the review procedures for Recurrent Related Party Transactions, as well as the half-yearly reviews to be made by the Risk Management and Audit Committee in relation thereto, are sufficient to ensure that the Recurrent Related Party Transactions will be made at arm's length and in accordance with the Group's normal commercial terms which are not more favourable to the related party than those generally available to the public and will not be to the detriment of the minority shareholders, and hence, not prejudicial to the shareholders nor disadvantageous to the Group and are not to the detriment of the minority shareholders.

1. INTRODUCTION

At the 28th AGM of the Company held on 28 August 2024, the Company have obtained shareholders' approval to undertake the purchase of up to ten per centum (10%) of the total number of issued shares of the Company. The said authority shall lapse at the conclusion of the forthcoming AGM, unless the authority is further renewed.

On 25 July 2025, the Company announced its intention to seek approval from its shareholders for the Proposed Renewal of Share Buy-Back Authority at the forthcoming Twenty-Ninth (29th) AGM to be convened to purchase its own shares representing up to ten percent (10%) of the total number of issued shares of the Company.

The purpose of this Statement is to provide you with relevant details and information of the Proposed Renewal of Share Buy-Back Authority, together with the Board's recommendation and to seek your approval for the Ordinary Resolution in connection to the Proposed Renewal of Share Buy-Back Authority to be tabled at the forthcoming 29th AGM to be convened on Wednesday, 27 August 2025 at 2.30 p.m. of the Company. Notice of which is set out on page 2 to 7 of the Annual Report 2025 of the Company.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Company proposes to seek approval from the shareholders of the Company at the forthcoming 29th AGM for the renewal of authority for the proposed purchase of the Company's own shares from time to time up to ten percent (10%) of the total number of issued shares of the Company for the time being quoted on the Main Market of Bursa Securities.

In accordance with the provisions of Section 127 of the Act and other prevailing laws, rules, regulations, orders, guidelines and requirements governing the purchase of a company's own shares, the Company may, subject to the approval of its shareholders and the Constitution, purchase its own Shares listed on the Main Market of Bursa Securities through its appointed stockbroker(s) to be appointed at a later date.

The authority from shareholders, if renewed, shall be effective upon passing of the ordinary resolution for the Proposed Renewal of Share Buy-Back Authority at the 29th AGM of the Company to be convened and will continue to be in force until:-

- (a) the conclusion of the next AGM of the Company at which time the authority will lapse, unless by ordinary resolution passed at the next AGM, the authority is renewed, either unconditionally or subject to conditions; or

- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in general meeting,

whichever occurs first.

2.1 Quantum

The maximum aggregate number of Shares which may be purchased by the Company shall not exceed ten percent (10%) of the total number of issued shares of the Company at any point in time.

As at LPD, the issued and paid-up share capital of the Company is RM120,000,000 comprising 240,000,000 OFIH Shares. The Proposed Share Buy-Back will then enable the Company to purchase up to 24,000,000 OFIH Shares, representing up to ten percent (10%) of the total number of issued shares of the Company.

The actual number of OFIH Shares to be purchased by the Company pursuant to the Proposed Share Buy-Back, will depend on, inter alia, market conditions and sentiments of Bursa Securities as well as the retained profits and financial resources available to the Company at the time of the purchase(s).

2.2 Funding

The Proposed Share Buy-Back will be funded through internally generated funds and/or bank borrowings or a combination of both. In the event that the Company intends to purchase its own shares using bank borrowings, the Board shall ensure that the Company shall have sufficient funds to repay the bank borrowings and interest expense and that the repayment would not have any material effect on the cash flow of the Company.

The maximum amount of funds to be allocated for the Proposed Share Buy-Back shall not exceed the aggregate of retained profits of the Company based on the latest audited financial statements and/or the latest management accounts of the Company (where applicable) available. As at 31 March 2025, being the latest available audited financial statements, the audited retained profits of the Company amounted to RM5,385,924.00.

Based on the unaudited announced financial results for the fourth quarter that ended 31 March 2026, the retained profits of the Company amounted to RM RM5,385,924.00.

2.3 Regulatory Requirements

The Proposed Renewal of the Share Buy-Back Authority is subject to the following requirements: -

- (a) The public shareholding spread of 25% of the total listed Shares (excluding treasury shares) of the Company is to be maintained at all times;
- (b) The purchase price of the Purchased Shares cannot be more than fifteen percent (15%) above the weighted average market price for OFIH Shares for the five (5) Market Days immediately prior to each purchase; and
- (c) If the Purchased Shares are subsequently resold on Bursa Securities, the selling price of the said Purchased Shares has to be:-
 - (i) not less than the weighted average market price of the OFIH Shares for the five (5) Market Days immediately prior to the resale; or

- (ii) not lower than five percent (5%) to the weighted average market price for the OFIH Shares for the five (5) Market Days immediately prior to the resale provided that:-
 - (aa) the resale takes place not earlier than thirty (30) days from the date of purchase; and
 - (bb) the resale price is not less than the cost of purchase of the Purchased Shares being resold.

2.4 Treatment of Purchased Shares

In accordance with Section 127 of the Act, the Company would be able to deal with the Purchased Shares in the following manner:-

- (a) the Purchased Shares could be cancelled; or
- (b) the Purchased Shares could be retained as treasury shares where the Directors of the Company may:-
 - i) distribute the shares as dividends to shareholders, such dividends to be known as "share dividends";
 - ii) resell the shares or any of the shares in accordance with the prevailing Main Market Listing Requirements of Bursa Securities;
 - iii) transfer the shares, or any of the shares for the purposes of or under an employees' share scheme;
 - iv) transfer the shares, or any of the shares as purchase consideration;
 - v) cancel the shares of any of the shares; or
 - vi) sell, transfer or otherwise use the shares for such other purposes as the Minister may by order prescribe,
- (c) the Purchased Shares could in part be retained as treasury shares and in part be cancelled.

While the Purchased Shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in any other distributions and otherwise will be suspended. The treasury shares shall not be taken into account in calculating the number or percentage of Shares or of a class of shares in the Company for any purpose, including without limiting the generality of this provision, the provisions of any law or requirement of the Constitution of the Company or the Listing Requirements on substantial shareholdings, take-overs, notices, the requisitioning of meetings, the quorum for a meeting and the results of a vote on a resolution at a meeting.

In the event that the Board decides to cancel the treasury shares, the issued capital of the Company shall be diminished by the shares so cancelled and the amount by which the Company's issued capital is diminished shall be transferred to the capital redemption reserve of the Company. The cancellation of the shares shall not be deemed to be a reduction of share capital within the meaning of the Act.

In the event the Company retains the Purchased Shares as treasury shares, it may distribute the treasury shares as dividends to the shareholders and/or resell the Purchased Shares and utilise the proceeds for any feasible investment opportunity arising in the future, or as working capital. The treatment of OFIH Shares so purchased and held as treasury shares, whether distributed as dividends, resold on the stock market of Bursa Securities or cancelled by the Company, will in turn depend on the availability of retained profits and cash flow of the Company.

As at the date of these Circular and Statement, the Board has yet to make a decision with regard to the treatment of the Purchased Shares, whether to retain as treasury shares or cancel them. Nevertheless, the Board will take into consideration the effect of such treatment on the OFIH Group in arriving at its decision. In addition, an immediate announcement will be made to Bursa Securities upon each purchase, cancellation and/or resale of Shares pursuant to the Proposed Renewal of Share Buy-Back Authority.

2.5 Public Shareholding Spread

As at LPD, the public shareholding spread of the Company was 34.14%. The public shareholding spread is expected to be reduced to 26.82% assuming the Proposed Share Buy-Back is 24,000,000 OFIH Shares with the purchase from the market and all the OFIH Shares so purchased are cancelled. The Company will not undertake any share buy-back if that will result in breach of Paragraph 8.02(1) of the Listing Requirements which requires the Company to maintain a shareholding spread of at least 25% of its total listed shares. The Board is mindful of the shareholding spread requirement and will continue to be mindful of the requirement when making any purchase of OFIH Shares by the Company.

3.0 RATIONALE FOR THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority, if implemented, is expected to have the following potential benefits to the Company and its shareholders:

- (a) the Company is able to utilise its surplus financial resources which are not immediately required for other uses to purchase its own shares from the open market;
- (b) where the Purchased Shares are retained as Treasury Shares, the Board would have an option to distribute the Purchased Shares as shares dividends to reward shareholders of the Company;
- (c) the Purchased Shares may be held as Treasury Shares and resold in the open market to reap potential capital appreciation of the Shares without affecting the total issued and paid-up share capital of the Company;
- (d) the Company may be able to reduce any unwarranted volatility of its Shares and assist to stabilise the supply, demand and price of its Shares in the open market, thereby supporting the fundamental value of its Shares; and
- (e) Where the Directors resolve to cancel the OFIH Shares so purchased, the Company expects to enhance the EPS of the Group as a result of a lower number of OFIH Shares being taken into account for the purpose of computing the EPS, thereby enabling long term and genuine investors to enjoy any potential corresponding increase in the value of their investments in the Company.

4.0 POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The potential advantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:-

- (a) allows the Company to utilise its financial resources to enhance the value of shareholders' investments in the Company if there are no immediate use, to purchase the OFIH Shares;
- (b) the Proposed Share Buy-Back may also stabilise the supply and demand of OFIH Shares traded on the stock market of Bursa Securities and mitigate the volatility of OFIH Share prices. The stability of OFIH Share prices is important to maintain investors' confidence to facilitate future fundraising exercises of the Company via the equity market;
- (c) the Proposed Share Buy-Back will provide opportunities for the Company to increase its financial resources if the purchased OFIH Shares which are retained as treasury shares are resold at prices higher than the purchase prices;
- (d) the resultant reduction of share capital base (in respect of Shares so purchased are then cancelled) is expected to improve the EPS, the NA per Share as well as the probability of declaring a higher quantum of dividend in future; and
- (e) in the event the treasury shares are distributed as share dividends, it will serve to reward the shareholders of OFIH.

The potential disadvantages of the Proposed of Share Buy-Back to the Company and its shareholders are as follows:-

- (a) the purchase of OFIH Shares pursuant to the Proposed Share Buy-Back, will reduce the financial resources of the Company and may result in the OFIH Group foregoing better investment opportunities that may emerge in the future;
- (b) the purchase may result in a reduction of the amount reserves available for distribution as dividends and/or bonus issue(s) to the shareholders if OFIH Shares so purchased are cancelled; and
- (c) in the event the Proposed Share Buy-Back is funded by bank borrowings, the Company's net cash flow may also decline due to the interest costs associated with such borrowings.

Nevertheless, the Proposed Share Buy-Back is not expected to have any potential material disadvantages to the Company and its shareholders, as any share buy-back will be undertaken only after in-depth consideration of the financial resources of OFIH and the resultant impact on its shareholders. The Board, in exercising any decision in implementing the Proposed Share Buy-Back will be mindful of the interests of the Company and its shareholders.

5.0 PURCHASE OF SHARES AND RESALE AND/OR CANCELLATION OF TREASURY SHARES IN THE PREVIOUS TWELVE (12) MONTHS

The Company had not made any purchase, resale and/or cancellation of treasury shares of the Company in the previous twelve (12) months preceding this Statement.

6.0 FINANCIAL EFFECTS TO THE PROPOSED SHARE BUY-BACK

The effects of the Proposed Share Buy-Back on the share capital, NA, earnings, working capital and dividends are set out below:-

6.1 Share Capital

The effect of the Proposed Share Buy-Back on the issued and paid-up share capital of the Company will depend on whether the Purchased Shares are cancelled or retained as treasury shares.

Based on the issued and paid-up share capital of the Company as at LPD, and assuming that the maximum number of OFIH Shares (of up to ten percent (10%) of the total number of issued shares of the Company) authorised under the Proposed Share Buy-Back are purchased and cancelled, it will result in the issued and paid-up share capital of the Company being reduced as follows:-

	No. of OFIH Shares	RM
Existing issued and Paid-up Share Capital as at LPD	240,000,000	RM120,000,000.00
Assuming all the Purchased Shares pursuant to the Proposed Share Buy-Back are cancelled	(24,000,000)	(RM12,000,000.00)
Resultant issued and Paid-up Ordinary Share Capital	216,000,000	RM108,000,000.00

Conversely, if the Purchased Shares are retained as treasury shares, the Proposed Share Buy-Back will not have any effect on the issued and paid-up share capital of OFIH. Nevertheless, certain rights attached to the OFIH Shares such as voting, dividends and participation in other distributions will be suspended while they are held as treasury shares.

6.2 NA

The Proposed Share Buy-Back, if carried out, may increase or decrease the NA per Share depending on the purchase price(s) of the Shares to be purchased. The NA per Share will increase if the purchase price is less than the audited NA per Share but will decrease if the purchase price exceeds the audited NA per Share at the time the Shares are purchased.

For the Shares so purchased and kept as treasury shares, upon resale, the NA per Share will increase if the gain of the Shares resold has been realised. However, the quantum of the increase in NA per Share will depend on the selling prices of the treasury shares and the number of treasury shares resold.

6.3 Earnings

The effects of the Proposed Share Buy-Back on the earnings and EPS of the Group will depend on the purchase price(s) of the Shares, the quantum of Shares to be bought back and the effective funding cost to the Group to finance the Purchased Shares or any loss in interest income to the Group. Where the Shares so purchased are to be cancelled, the EPS of the Group will generally, all else being equal, increase as a result of the reduction in the issued and paid-up share capital of the Company.

6.4 Working Capital

The Proposed Share Buy-Back, if carried out, will reduce the working capital of OFIH Group. The quantum of the reduction of the working capital of OFIH Group would depend on the purchase price(s), number of shares purchased and the effective funding cost thereof.

However, for the Shares so purchased and kept as treasury shares, upon resale at a higher selling price than the initial purchase price, the working capital of OFIH Group will increase. Again the quantum of the increase in the working capital will depend on the number of treasury shares resold and the selling price.

6.5 Dividends

The Proposed Share Buy-Back, if carried out, may impact the Company's dividend policy as it may reduce the cash available, which may otherwise be used for the dividend payment. Nonetheless, if the shares purchased are retained as treasury shares, the dividend rate will also be increased with the suspension of the rights attaching to the Treasury Shares as to dividend entitlement. Moreover, the treasury shares so purchased may be distributed as dividends to shareholders of the Company if the Company so decides.

Notes:-

8.0 IMPLICATIONS OF THE CODE

Pursuant to Practice Note 9 of the Code, in the event the Proposed Share Buy-Back results in any major shareholder and/or persons acting in concert with him:

- (a) holding more than thirty-three per centum (33%) of the voting shares or voting rights in the Company, the affected major shareholder and/or persons acting in concert with him will be obliged to make a mandatory offer for the remaining OFIH Shares not held by him; or
- (b) who already holds more than thirty-three per centum (33%) but not more than fifty per centum (50%) of the voting shares or voting rights in OFIH, increases his holding of the voting shares or voting rights of the Company by more than two per centum (2%) in any six (6) months period, the affected major shareholder and/or persons acting in concert with him will be obliged to make a mandatory offer for the remaining OFIH Shares not held by him.

Based on the shareholdings of the Substantial Shareholders as at LPD and assuming the purchase of the Company's own shares is carried out in full, the share buy-back exercise does not have any implication on the Code, the effects on the Substantial Shareholders are set out in Part B, Section 7.0 of this Statement.

As the Board has no intention for the Proposed Share Buy-Back to trigger the obligation to undertake a mandatory general offer under the Code by any of its substantial shareholders and/or parties acting in concert with them, the Board will ensure that only such number of OFIH Shares are purchased, retained as Treasury Shares, cancelled or distributed such that the Code will not be triggered.

The Board is aware of the requirements of the Code and will be mindful of the requirements when making any purchase of OFIH Shares pursuant to the Proposed Share Buy-Back.
