1. NOTES TO THE INTERIM FINANCIAL STATEMENTS

1.01 Basis of Preparation

The interim financial statement has been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS") 134: Interim Financial Reporting issued by Malaysian Accounting Standards Board ("MASB") and Paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Malaysia"). The interim financial statements should be read in conjunction with the audited financial statements of the Group for the year ended 31 August 2016.

1.02 Changes in Accounting Policies

The significant accounting policies and methods of computation adopted for the interim financial statements are consistent with those of the audited financial statements for the financial year ended 31 August 2016 except for the new standards amendments to published standards and interpretations as set out below:

ew sumuments to put	Anshed Standards and Interpretations as set out oblow.	Effective for financial periods beginning on or after

Amendments to IC Int		
IC Int 2	Members' Shares in Co-operative Entities & Similar Instruments	1 January 2013

The Group and the Company intend to adopt the above MFRSs when they become effective.

1.02 Changes in Accounting Policies (cont'd)

The initial application of the abovementioned MFRSs are not expected to have any significant impacts on the financial statements of the Group and the Company except as mentioned below:

MFRS 9 Financial Instruments (IFRS 9 issued by IASB in July 2014)

MFRS 9 (IFRS 9 issued by IASB in July 2014) replaces earlier versions of MFRS 9 and introduces a package of improvements which includes a classification and measurement model, a single forward looking 'expected loss' impairment model and a substantially reformed approach to hedge accounting. MFRS 9 when effective will replace MFRS 139 *Financial Instruments: Recognition and Measurement*.

MFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through other comprehensive income and fair value through profit or loss. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in other comprehensive income not recycling. There is now a new expected credit losses model that replaces the incurred loss impairment model used in MFRS 139. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value through profit or loss. MFRS 9 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and hedging instrument and for the 'hedged ratio' to be the same as the one management actually use for risk management purposes. Contemporaneous documentation is still required but is different to that currently prepared under MFRS 139.

The adoption of MFRS 9 will result in a change in accounting policy. The Group is currently examining the financial impact of adopting MFRS 9.

MFRS 15 Revenue from Contracts with Customers

MFRS 15 deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The Standard replaces MFRS 118 *Revenue*, MFRS 111 *Construction Contracts* and related IC Interpretations. The Group is in the process of assessing the impact of this Standard.

1.03 Qualified Audit Report

The auditors' report on the financial statements for the year ended 31 August 2016 was not qualified.
