#### Malaysian Financial Reporting Standards ("MFRS")

On 19 November 2011, the Malaysian Accounting Standards Board ("MASB") issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS Framework").

The MFRS Framework is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 Agriculture and IC Interpretation 15 Agreements for Construction of Real Estate, including its parent, significant investor and venturer (herein called "Transitioning Entities").

Based on the MASB announcement on 30 June 2012, Transitioning Entities will be allowed to defer the adoption of the new MFRS Framework from the previous adoption date of 1 January 2013 to 1 January 2014. Consequently, the adoption of the MFRS Framework by Transitioning Entities will be mandatory for annual periods beginning on or after 1 January 2014.

However, on 7 August 2013, MASB extended the transitional period for another year, such as the adoption of the MFRS Framework by transitioning entities will be mandatory for annual period beginning on or after 1 January 2015. Thereafter, on 2 September 2014, MASB revised the transition annual period beginning on or after 1 January 2015 to 1 January 2017.

The Group falls within the scope definition of Transitioning Entities and has opted to defer adoption of the new MFRS Framework. Accordingly, the Group will be required to prepare financial statements using the MFRS Framework in its financial statements for the financial year ending 31 May 2018. In presenting its first MFRS financial statements, the Group will be required to restate the comparative financial statements to amounts reflecting the application of MFRS Framework. The majority of the adjustments required on transition will be made retrospectively against opening retained profits.

The Group has yet to complete its assessment of the financial effects of the differences between Financial Reporting Standards and accounting standards under MFRS Framework. Accordingly, the consolidated financial performance and financial position as disclosed in these interim financial statements for the financial year ending 31 May 2015 could be different if prepared under the MFRS Framework.

The Group considers that it is achieving its scheduled milestones and expects to be in a position to fully comply with the requirements of the MFRS Framework for the financial year ending 31 May 2018.

#### **Construction Division**

Revenue for the current quarter increased to RM120.91 million over the corresponding quarter of the preceding year as a result of improved construction progress. However, profit before tax decreased by 26.89% to RM9.02 million mainly due to additional cost for completed projects and increase in operating expenses arising from tax penalty.

Revenue for the current year to date increased slightly to RM318.20 million as compared to RM317.33 million recorded in the preceding year to date. Profit before tax increased to RM26.09 million in the current year to date as a result of improved profit margins achieved for various projects.

#### **Property Division**

Revenue for the current quarter of RM43.62 million and year to date of RM86.07 million increased by 27.41% and 17.45% respectively as compared to the previous year corresponding period. The profit before tax for the current quarter and year to date increased to RM18.70 million and RM28.94 million respectively. This was mainly due to the changes in accounting estimates for revenue recognition treatment for Capital City Project.

#### **Utility Division**

Revenue for the current quarter of RM4.90 million and year to date of RM12.52 million increased by 78.03% and 15.28% respectively as compared to the corresponding period of the preceding year mainly due to new acquisition of indirect subsidiary PT Dewata Bangun Tirta on 5 November 2014.

However, profit before tax for the current quarter and current year to date decreased to RM0.78 million and RM2.35 million respectively as compared to the corresponding period of the preceding year. This was mainly due to the disposal of indirect subsidiary PT Sarana Tirta Rejeki on 21 November 2013, preoperating loss incurred by newly acquired indirect subsidiary PT Ikhwan Mega Power and weakening of Indonesia Rupiah against Ringgit Malaysia, which is the Group's functional currency.

#### **Plantation Division**
