The Group's revenue was higher at RM21.824 million for the second quarter ended 30 June 2016 as compared to RM11.481 million for the corresponding quarter of the preceding year ended 30 June 2015. This was mainly due to the higher revenue achieved from the roll-out of the Cash Recycling Machine (CRM). As a result, our profit before tax increased from RM1.723 million to RM2.483 million.

For the second quarter end 30 June 2016 the Group's revenue increased by 90% as compared to the corresponding quarter of the preceding year ended 30 June 2015 due to the fulfillment of orders of CRM we received in the first quarter this year. For the same period in comparison our profit before tax increased by 44%.

It is pertinent to note that the delivery lead-time of our CRM is 4 to 5 months from the date of our customers purchase orders. Barring any unforeseen circumstances, for the second half of this year, we will continue to roll out more CRM from our robust order backlog. Nonetheless, our gross margins will be subjected to the foreign exchange rate on the ringgit.

The higher revenue of RM21.824 million for the current quarter ended 30 June 2016 as compared to RM11.134 million for the preceding quarter ended 31 March 2016 is mainly due to the higher roll-out of the Cash Recycling Machine (CRM). As a result, we recorded a higher profit before tax of RM2.483 million for the quarter ended 30 June 2016 compared to the profit before tax of RM1.339 million for the preceding quarter ended 31 March 2016.
