The interim financial statements are unaudited and have been prepared in accordance with the MFRS 134 Interim Financial Reporting and Paragraph 9.22 and Appendix 9B of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”).

The interim financial statements should be read in conjunction with the audited financial statements of My E.G. Services Bhd and its subsidiaries (“the Group”) for the financial period ended 30 September 2018.

As announced to Bursa Malaysia on 13 June 2018, the Company has changed its financial year end from 30 June to 30 September. Consequently, the comparative figures are not comparable for the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidation statement of changes in equity, condensed consolidated statement of cash flows and the related notes.

The same accounting policies and methods of computation adopted in these interim financial statements are consistent with the annual financial statements for the financial period ended 30 September 2018.

During the current financial period, the Group has adopted the following new accounting standards and/or interpretations (including the consequential amendments, if any):-

**MFRSs and/or IC Interpretations (Including The Consequential Amendments)**

MFRS 9 Financial Instruments (IFRS 9 as issued by IASB in July 2014)

Amendments to MFRS 2: Classification and Measurement of Share-based Payment Transactions

Amendments to MFRS 4: Applying MFRS 9 Financial Instruments with MFRS 4 Insurance Contracts

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) did not have any material impact on the Group’s financial statements.

#### **A1. Basis of Preparation (Cont'd)**

The Group has not applied in advance the following accounting standards and/or interpretations (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial period:-

<b>MFRSs and/or IC Interpretations (Including The Consequential Amendments)</b>	<b>Effective Date</b>

#### **A2. Auditors' Report on Preceding Annual Financial Statements**

The auditors' report on the financial statements for the financial period ended 30 September 2018 was not qualified.

#### **A3. Seasonal and Cyclical Factors**

The Group's business operation result was previously subjected to seasonality factors as the demand for new driving licences generally increases in the first half of the calendar year (i.e the Second and Third Financial Quarters) due mainly to the long school holidays after the Government exams, where most 16-20 year olds would obtain their driving licences between the months of January to June. Therefore, revenue related to the "Jabatan Pengangkutan Jalan Malaysia" ("JPJ") in the first half of the calendar year (January – June) has historically been approximately 50% higher than the JPJ-related revenue recorded for the second half of the calendar year (July – December). However, the seasonal impact of JPJ test taking revenue is diminishing since Financial Year ("FY") ended 30 June 2015 as revenue from other services increasingly contribute to a larger proportion of group revenue.

#### **A4. Unusual Items Affecting Assets, Liabilities, Equity, Net Income or Cash Flow**

There were no unusual items affecting the assets, liabilities, equity, net income or cash flow of the Group during the current financial quarter under review, that are unusual by reason of their nature, size or incidence.

## Explanatory Notes Pursuant To Appendix 9B Of The Main Market Listing Requirements Of Bursa Malaysia Securities Berhad

### B1. Performance of the Group

The Group posted Revenue and Profit after Taxation ("PAT") of RM121.74 million and RM58.20 million respectively for the second financial quarter ("Q2 FY2019"). For the year to date period ended 31 March 2019 ("6M FY2019"), the Group recorded Revenue of RM237.97 million and PAT of RM116.32 million respectively.

The contribution of Revenue and PAT achieved for the quarter and year to date period is primarily attributable to:

- (i) concession related services such as Immigration and JPJ related and ancillary services; and
- (ii) commercial services such as motor vehicle trading related services, financing services, sale of tax monitoring system as well as contribution from Cardbiz Group which principally is involved in the deployment of payment solutions and hardware and merchant acquiring services.

Our Group's main expenses for the quarter and year to date period comprise primarily of the following:

- (i) personnel related expenses and operating expenses;
- (ii) advertising and promotion expenses;
- (iii) maintenance and operating expenses for MYEG Tower;
- (iv) interest expense arising from the term loan to finance MYEG's newly acquired building ("MYEG Tower"); and
- (v) depreciation and amortisation charges.

### B2. Comparison with Preceding Quarter's Results

	Q2 2019 RM'000	Q1 2019 RM'000	Changes %
Revenue	121,738	116,233	4.74
Operating Profit	70,444	67,573	4.25
Profit Before Interest and Taxation	63,592	60,692	4.78
Profit Before Taxation	62,026	59,136	4.89
Profit After Taxation	58,201	58,123	0.13
Profit attributable to Ordinary Equity Holders of the Parent	58,028	58,656	(1.07)

For the Quarter under review, the Group recorded a Revenue of RM121.74 million, a marginal increase of RM5.51 million (4.74%) as compared to Q1 FY2019 revenue of RM116.23 million. The increase is primarily due to increase in commercial services such as financing services, sale of tax monitoring system as well as contribution from Cardbiz Group which is principally involved in the deployment of payment solutions and hardware and merchant acquiring services.

The Group achieved PAT of RM58.20 million in Q2 FY2019, as compared to Q1 FY2019 PAT of RM58.12 million. The marginal increase of 0.13% was primarily due to the increase in revenue from commercial services which was offset by a higher taxation in Q2 FY2019.

### B3. Prospect of the Group

For the financial year ending (“FYE”) 30 September 2019, MYEG will continue to introduce innovative services leveraging on new technology to drive our growth for FYE2019.

We are also expanding our regional presence in Asia with the recent introduction of new joint ventures and services in the Republic of the Philippines, the People’s Republic of Bangladesh and the Republic of Indonesia. We are bringing our technology and expertise to these countries and hope to introduce innovative services which will enhance the efficiency in these new markets and allow us to tap on the continuous growth of transactions where the population in these countries are becoming more tech savvy. MYEG’s Board of Directors (“The Board”) is cautiously optimistic that these are the new markets which potentially may contribute to our organic growth for FYE2019 onwards.

At the same time, the Board will continue to work closely with the Government to continue rolling out new e-government services whilst maintaining the service level of the current services which will continue to benefit the Malaysian public, consistent with the new coalition Government’s manifesto.

In view of abolishment of the Goods and Services Tax (“GST”) regime in September 2018, the Board wishes to clarify that necessary impairments were made, in FY2018, on the investments as well as capital expenditure incurred on the tax monitoring system which were supposed to be rolled out under the GST regime. However, the Board is confident that there will be opportunities available to the Company to roll out similar systems in other countries which we are present and to re-deploy the system built and assets purchased (which the value had been impaired) in these countries.

Barring any unforeseen circumstances, the Board are cautiously optimistic that the long-term outlook for MYEG continues to remain positive as we continuously introduce innovative services as well as embarking on a regional expansion.

### B4. Variance from Profit Forecast

Not applicable as there was no financial forecast issued for the current financial period.

### B5. Taxation

The taxation figures are as follows:

	Individual Quarter 3 months ended			Cumulative Quarter 6 months ended

Deferred taxation	(5)	-	-	(14)	-	-
	<u>3,825</u>	<u>-</u>	<u>-</u>	<u>4,838</u>	<u>-</u>	<u>-</u>

The effective tax rate for the current taxation for cumulative year to date is 3.99% as compared to the statutory tax rate of 24%. The lower effective tax rate is primarily because a significant proportion of the Group’s revenue and PBT are mainly contributed by MY EG Sdn Bhd (“EGSB”).
