COMPANY'S PROFILE

The Company was established in 1983 under the name of Concrete Engineering Products Sdn Bhd with the objective of producing high quality concrete engineering products to meet the needs of the rapidly developing Malaysia and other ASEAN countries.

In May 1991, the Company assumed the name of Concrete Engineering Products Berhad when it was converted into a public listed company. In January 1992, the Company was officially listed on the Kuala Lumpur Stock Exchange board, (now known as Bursa Malaysia).

The Company currently operates five factories which are strategically located in Peninsular Malaysia. All factories are fully certified with both the requirements of SIRIM QAS International's MS ISO 9001:2000 (Quality Management Systems for the Manufacture of Prestensioned Spun Concrete Piles and Poles), and IKRAM QA Services' MS 1314: Part 4: 2004 (Product Certification for Class A, B and C of Precast Prestensioned Spun Concrete Piles from 250mm to 1,000mm diameters).

Since its founding, the Company has been constantly striving for product excellence and today enjoys the reputation of being one of the market leaders in this region for prestressed concrete piles and poles. The Company currently exports substantial quantities of its products to the overseas markets covering Singapore, Indonesia, Myanmar and the Gulf region.

CHAIRMAN'S STATEMENT AND REVIEW OF OPERATIONS

Dear Shareholders

On behalf of the Board of Directors of Concrete Engineering Products Berhad (“CEPCO”), I am pleased to present the Thirty-Second Annual Report and Financial Statements of the Group and the Company for the financial year ended 31 August 2016.

We have chosen the theme “Keeping our Focus and Direction” for our Annual Report to reflect our resoluteness on leveraging our core strengths and remaining focus on carrying out business strategies to achieve our goals for the coming year.

CHAIRMAN'S STATEMENT AND REVIEW OF OPERATIONS (CONT'D)

BUSINESS ENVIRONMENT

The construction industry continues to flourish amid the relatively lean times for Malaysia. The sector is the fastest growing GDP component in the first half of 2016 at 8.8% growth, with civil engineering at 20% growth progress yearly. This augurs well for the Group as it has successfully secured contracts to supply spun piles to major projects like the coal fired electricity power plant at Jimah, Port Dickson, and Petronas's refinery and petrochemical project at Pengerang, Johor.

On the export front, ASEAN countries which make up the bulk of the markets for the Group, are heading into another year of subdued economic outlook as the external demand has decreased. The slower-than-expected economic recovery of the two largest countries in the world—the USA and China, the downside risk from Brexit spill over on European Union, and lower oil price which is weighing in on the revenues of oil producing nations are expected to result in another challenging year for us to increase our exports.

FINANCIAL REVIEW

During the year, the Company faces challenges on the local front from intense competition for a share of a smaller pie. Cost pressure from the hike in electricity tariff, minimum wages implementation and fluctuating steel prices have put a squeeze on our profit margin.

Revenue for the year has dropped by 13.5% from RM222.5 million last year to RM192.40 million for the financial year. However, despite the challenging economic climate, the company has achieved a 12% growth in local sales to RM156 million for the financial year arising from major infrastructure jobs in the Peninsular, and the increased participation in development projects in the East Malaysia market. Export sales has however dropped by 56% to RM36 million, mainly due to lesser overseas projects. The appreciation of the US Dollars against ASEAN currencies also affects the decision of customers to move forward the completion of their projects.

Net profit after tax increased by 407% to RM12 million on the back of extraordinary gain of RM4.9 million compared to a loss of RM15.4 million from investment in quoted sales valuation in the previous year.

PROSPECTS FOR THE YEAR

The construction sector is projected to grow by 6.4%, benefiting from the implementation of the Eleventh Malaysia Plan projects and is the only bright spot among other sectors in our lacklustre economic outlook.

During the recently announced 2017 budget, the construction sector has been given another boost with the Government reiterating its commitment to major projects

that are underway, including the Pan Borneo Highway and the five economic corridors comprising Iskandar Malaysia, the East Coast Economic Region, the Sabah Development Corridor and the Sarawak Corridor of Renewable Energy. We have been able to gain a foothold and partake in infrastructure projects such as the Pan Borneo Highway, transmission line at Tanjung Manis, and piping and associated facilities at Petronas LNG Complex, Bintulu. We will continue to foster the relationship with our East Malaysia counterparts to boost our presence in the region. Recently, the government has also announced a slew of infrastructure related construction projects notably a 620 km rail line spanning the East Coast of Peninsular Malaysia which is expected to start in early 2017.

Recognising the importance of export sales to bolster our revenue base, we will continue to develop new markets such as in Myanmar and Nigeria. At the same time, we will build new relationships and engage foreign partners to cultivate and further strengthen our overseas presence and revenue base in Indonesia, Singapore, Brunei and Maldives.

BOARD CHANGES

Mr Khoo Kay Ong has resigned as an Executive Director on 25 October 2016 and remains on the Board as a Non-Independent and Non-Executive Director. Mr Khoo had served as Executive Director on the Board for five (5) years and played a key role in leading our technical and engineering division to the high standards and quality achieved by our products. He will continue to provide his technical expertise and consultancy support to the Company in his capacity as a Non-Independent and Non-Executive Director.

APPRECIATION

Having the right team is the key to the success of our organisation, as reflected in the Group's resilience and ability to deliver a steady performance in a rather difficult year for any business to navigate. On behalf of the Board, I would like to convey our deepest thanks to all my fellow Board members, employees and management of the Group for persevering through the relentless pace of competition and adapting to the rapid changes in the industry.

I would also like to express our appreciation to all shareholders for your continued interest and investment in our Group and I look forward to sharing with you a long and fruitful relationship.

Abdul Khudus bin Mohd Naaim
Chairman

CORPORATE SOCIAL RESPONSIBILITY

CEPCO is deeply committed to growth and profitability in a sustainable manner within our operations. We hold ourselves accountable to our stakeholders and are dedicated to delivering value to them while conducting our operations in a conscientious manner. Despite the economic challenges, CEPCO continues to implement our corporate responsibilities in our workplace and community.

We focus on lending a helping hand and reaching out to others through various forms of social aid. For the current financial year, we sponsored one unit of the Prodigy Desktop to National Council for the Blind, Malaysia (NCBM). This is a touch-controlled personal vision assistant system, aimed at restoring and maintaining independence for people living with vision loss.

We also supplied to Cancerlink Foundation the wooden flooring for their Therapy Hall and Music room, as well as a computer for their office work. We hope that our contribution will assist in making the activities for the members more enjoyable.

STATEMENT ON CORPORATE GOVERNANCE

The Board of Directors of Concrete Engineering Products Berhad is committed towards the adoption of principles and best practices as enshrined in the Malaysian Code of Corporate Governance (“MCCG”) throughout the Group. It is recognised that the adoption of the highest standards of governance is imperative for the enhancement of shareholders’ value. The Group has adopted and complied with the principles and best practices set out in the MCCG 2012 throughout the financial year ended 31 August 2016.

The Board is pleased to present the following report on the application of principles and in compliance with best practices as set out in the MCCG.

STATEMENT ON CORPORATE GOVERNANCE (CONT'D)

THE BOARD OF DIRECTORS

Board Composition and Balance

During the financial year under review, the Board consists of six (6) members, comprising one (1) Executive Director, one (1) Non-Independent and Non-Executive Director, and four (4) Independent Non-Executive Directors. This composition fulfils the requirements as set out under the Main Market Listing Requirements ("Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa Securities"), which stipulate that at least two (2) Directors or one-third of the Board, whichever is the higher, to be independent Directors. The profile of each Director is presented on pages 5 to 7 of the Annual Report. The Directors, with their diverse backgrounds and specialisations, collectively bring with them a wide range of experience and expertise in areas such as engineering, entrepreneurship, finance, taxation, accounting and audit, legal and economics.

The presence of the Independent Directors shall provide unbiased and independent views and judgement in the decision making process at the Board level and to ensure that no significant decisions and policies are made by any individual, and that the interest of minority shareholders are safeguarded.

The positions of the Chairman and the Managing Director are held by two (2) individuals. There is a clear division of responsibilities between the Chairman and the Managing Director which will ensure a balance of power and authority. Generally, the Chairman is responsible for the orderly conduct and working of the Board while the Managing Director is responsible for the day to day management of the Group as well as to implement policies and strategies adopted by the Board. The Board exercises its responsibilities collectively.

All the Directors have given their undertaking to comply with the Listing Requirements of Bursa Securities.

Roles and Responsibilities

The Board recognises its roles and responsibilities in charting the strategic direction of the Company and has assumed the following principle responsibilities in discharging its fiduciary and leadership functions:

- 1) Reviews and adopts a strategic plan for the Company and addresses the sustainability of the Group's business.
- 2) Oversees the conduct of the Group's business and evaluates whether its business is being properly managed.
- 3) Identifies principal risks faced by the Group and ensures the implementation of appropriate internal controls and mitigation measures to address such risks.
- 4) Succession planning by ensuring all candidates appointed to senior management positions are of sufficient calibre.
- 5) Oversees the development and implementation of a shareholder communications policy.
- 6) Reviews the adequacy and the integrity of the Group's internal control, management information systems and regulatory compliance.

The Managing Director is responsible to ensure the management adheres to the guidelines and policies set by the Board.

The Directors have full access to information pertaining to all matters requiring the Board's decision. Prior to any Board meeting, all Directors shall be furnished with proper board papers which contain the necessary information for each of the meeting agenda in advance to enable the Directors to obtain further explanations, where necessary, in order to be properly briefed before the meeting. Matters to be discussed are not limited to financial performance of the Group but also to address major investment decisions as well as operational issues and problems encountered by the Group.

To assist in the discharge of its stewardship role, the Board has established Board Committees, namely Audit Committee, Nomination Committee and Remuneration Committee. These Committees examine specific issues within their respective terms of reference as approved by the Board, and report to the Board with their recommendations. The ultimate responsibility for decision making, however, lies with the Board.

STATEMENT ON CORPORATE GOVERNANCE (CONT'D)

Board Appointment Process

The Group has implemented procedures for the nomination and election of Directors via Nomination Committee. The Nomination Committee is responsible for identifying and recommending suitable candidates for appointment to the Board and Board Committees, and also performance appraisal of the Directors.

The Nomination Committee was established on 30 May 2002. When appointing new Directors, the Committee is provided with the curriculum vitae of the candidates for consideration. The Nomination Committee is responsible for reviewing the balance, size and composition of the Board and Board committees, having regard to the required blend of skills, experience, independence and diversity to ensure they operate effectively. The appointment is then finalised after discussions at the Board meeting.

Re-election

In accordance with the Company's Articles of Association, all Directors shall retire from office at least once in every three (3) years and a retiring Director is eligible for re-election. The election of each Director is voted on separately and the process provides an opportunity for the shareholders to renew their mandates. In order to assist the shareholders in their decision, sufficient information such as personal profiles, meeting attendance and the shareholdings in the Company for each Director are furnished in the Annual Report.

The Articles further provide that all newly appointed Directors shall retire from office but shall be eligible for re-election in the next Annual General Meeting subsequent to their appointment.

Directors over seventy (70) years of age are required to submit themselves for re-appointment annually in accordance with Section 129(6) of the Companies Act 1965.

The names of the Directors of the Company who are seeking re-election or re-appointment at the Thirty-Second Annual General Meeting of the Company to be held on 18 January 2017 are set out in the Notice of Annual General Meeting.

Tenure of Independent Directors

The Board has recommended to retain the Independent Directors who have exceeded nine (9) years and shall seek shareholders' approval at the forthcoming Annual General Meeting.

Board Meetings

Board meetings are held at least four (4) times a year. Additional meeting would be convened when urgent and important decisions need to be made between scheduled meetings or via circular resolutions. During the financial year, the Board held five (5) meetings and the details of attendance of the Directors at the Board meetings were as follows:

Date of Meetings

- 1) 28 October 2015
- 2) 14 December 2015
- 3) 26 January 2016
- 4) 21 April 2016
- 5) 26 July 2016

Directors	Meetings Attendance
Abdul Khudus bin Mohd Naaim	4/5
Leong Kway Wah	5/5
Khoo Kay Ong	5/5
Davinia a/p Rajadurai	5/5
Dennis Xavier	5/5
To' Puan Seri Hajjah Nur Rahmah binti Mohd Zain	3/5

All meetings were held at 22nd Floor Menara Promet (KH), Jalan Sultan Ismail, 50250 Kuala Lumpur.

STATEMENT ON CORPORATE GOVERNANCE (CONT'D)

Board meetings are scheduled in advance at the beginning of each calendar year to enable the Directors to plan and adjust their timetables to ensure good attendance and the expected degree of attention given to the Board agenda.

During the course of a meeting, the Board deliberates and considers on matters including the Group's financial performance, business review and operating performance to date against the annual budget and business strategies. The Audit Committee also reports the outcome of committee meetings to the Board and such reports are incorporated as part of the minutes of the Board meetings.

Where a potential conflict of interest arises, it is a mandatory practice for the Director concerned to declare his or her interest and abstain from decision making process.

Supply and Access to Information

All Directors have full and timely access to all information with regards to the Group.

The agenda and reports for each Board meeting are circulated to the members of the Board prior to the meeting, thus allowing sufficient time for detailed review and consideration.

Senior management staff may be invited to attend the Board meetings to provide detailed explanations and clarifications on issues that are considered during the meetings.

All members of the Board have direct and unrestricted access to the management, and advice and services of the Company Secretary in furtherance of their duties. The Directors may seek external professional advice, if required.

Directors' Training

Directors of the Company undergo continuous training to equip themselves to effectively discharge their duties as Directors. For that purpose, they ensure their attendance at training programmes prescribed by Bursa Securities from time to time. The Company also provides briefings for new members of the Board to ensure they have a comprehensive understanding on the operations of the Group and the Company.

All Directors have attended the Mandatory Accreditation Programme ("MAP") and have been attending Continuous Education Programme ("CEP") prescribed by Bursa Securities from time to time.

Conferences, seminars and training programmes attended by members of the Board during the financial year under review were as follows:

No	Name of Training Programme
1)	Accounting & GST Training
2)	Board Reward & Recognition
3)	Building Effective Finance Function from Reporting to Analytics to Strategic
4)	Input Insolvency Conference 2016
5)	MIA International Accountants Conference 2015
6)	Pengurusan dan Pentadbiran Koperasi (Wajib1)
7)	2016 Budget Seminar

The Company Secretary normally circulates the relevant statutory and regulatory requirements from time to time for the Board's reference and briefs the Board on the updates, where applicable. The Financial Controller and External Auditors also brief the Board members on any changes to the Malaysian Financial Reporting Standards that may affect the Group's financial statements for the financial year under review.

Board Charter

The Board Charter was established in 2002 to set out strategic intent and outline the Board's structure and procedures, roles and responsibilities and relationship of the Board to the Management in accordance with the MCCG. The Board recognises the importance of the Board Charter and will take steps to enhance it as recommended by the MCCG 2012.

STATEMENT ON CORPORATE GOVERNANCE (CONT'D)

BOARD COMMITTEES

The Board has set up three (3) Board Committees namely Audit, Nomination and Remuneration Committees. These Committees are delegated with specific powers and responsibilities to support the role of the Board in providing assurance and accountability to its shareholders. All Committees have their own terms of reference.

Audit Committee

The Audit Committee's terms of reference, which outline the Committee's functions, responsibilities and duties, are contained in the Audit Committee Report.

During the year, the Audit Committee has, inter alia, performed the following functions:

- 1) Reviewed the Group's quarterly and annual financial statements.
- 2) Reviewed recurrent related party transactions of the Group.
- 3) Deliberated on the implications and effects of the relevant Financial Reporting Standards which came into effect during the year.
- 4) Reviewed and deliberated on the findings of the Internal Audit Function.

The Committee also appraises on significant risk, control, regulatory and financial matters that may come to the attention of the External Auditors in the course of their examination.

The Committee is aware of the risk, management, control and governance processes relating to critical corporate and operational areas. It will closely monitor any recommendations made in order to obtain assurance that all key risk and control concerns have been duly addressed.

Remuneration Committee

Primary function

The Remuneration Committee was established on 30 May 2002. Its primary function is to set the policy framework and recommends to the Board on remuneration packages and benefits extended to the Directors. Directors' remunerations are aligned with the business strategies and long term objectives of the Company. This would ensure the rewards are linked to their performance and contributions to the Group's growth and profitability in order to attract, retain and motivate the Company's Directors.

The Remuneration Committee also ensures that the level of remuneration of the Executive Director is linked to the level of responsibilities undertaken and his contribution to the effective functioning of the Board.

The Non-Executive Directors of the Company are paid a fixed annual fee for serving on the Board, which is determined by the Board as a whole, subject to shareholders' approval at the Annual General Meeting. The Director concerned shall abstain from deliberations and voting on decisions in respect of his/her individual remuneration package. The aggregate Directors' remuneration paid or payable to the Directors of the Company is on page 53 of the Annual Report.

Member

The present members of the Remuneration Committee of the Company are:

Davinia a/p Rajadurai	Chairman
Abdul Khudus bin Mohd Naaim	Member
Dennis Xavier	Member

The Company Secretary is the secretary to the Remuneration Committee.

Nomination Committee

Primary function

The Nomination Committee was established on 30 May 2002. The Nomination Committee is primarily responsible for

STATEMENT ON CORPORATE GOVERNANCE (CONT'D)

constantly assessing the overall effectiveness of the Board and Board committees and makes recommendation to the Board for any new candidate as Board member or Board committee member. In addition, the Nomination Committee also performs introduction briefing for new Board members with regards to the overall operations and corporate objectives of the Group and continues to ensure that the Board members undergo the necessary MAP and CEP prescribed by Bursa Securities.

As Board diversity is concerned, the Board does not intend to develop any specific policy on targets for women Directors. The Board believes that the on-boarding process of Directors should not be based on any gender discrimination. As such, the evaluation of suitable candidates is solely based on the candidates' competency, character, time commitment, integrity and experience in meeting the needs of the Company, including, where appropriate, the ability of the candidates to act as Independent Non-Executive Directors.

The actual decision as to who shall be nominated should be the responsibility of the full Board after considering the recommendations of the Nomination Committee.

Member

The present members of the Nomination Committee of the Company are:

RELATIONS WITH SHAREHOLDERS

Communication

The Group is fully aware of the importance of effective and timely communication with shareholders and investors and the Board endeavours to make timely release of annual reports, quarterly reports and any announcements on material corporate exercises which are the primary mode of disseminating information on Group's business activities and financial performance.

The Company also maintains a website (<http://www.cepc.com.my>) through which shareholders and general public can obtain up-to-date information, view Company's products, activities and communicate directly with the management.

The Annual General Meeting

The Annual General Meeting ("AGM") represents the principle communication channel and dialogue with the shareholders. Shareholders are encouraged to participate in a subsequent Question and Answer session. The External Auditors attend the AGM upon invitation to provide their professional and independent clarification on issues raised by the shareholders.

Each item of the special business in the Notice of the AGM would be accompanied with a full explanation of the effects of the proposed resolution.

The results of all the resolutions as set out in the Notice of the AGM would be announced on the same date as the AGM via Bursa link, which is accessible on both websites of the Company and Bursa Securities.

A press conference is normally held immediately after the meeting to facilitate media queries on the Group's financial performance and operations.

Where Extraordinary General Meetings are held to obtain shareholders' approval on certain business or corporate proposals, comprehensive circulars to shareholders would be sent within prescribed deadlines in accordance with the statutory and regulatory requirements.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Board of Directors (“Board”) is responsible for the adequacy and effectiveness of the Group’s risk management and internal control system. The Board recognises the importance of good corporate governance and is committed in maintaining a sound system of internal control to safeguard shareholders’ investment and the Group’s assets. In doing so, the Board acknowledges its responsibility to identify major risks faced by the Group and ensure that relevant internal controls are in place in order to manage these risks.

In view of the above, the Board is pleased to provide the following Statement on Risk Management and Internal Control which outlines the nature and scope of internal controls of the Group during the year pursuant to Paragraph 15.26(b) of the Listing Requirements of Bursa Securities.

The Board fully understands its responsibility to maintain a sound system of internal control and ensure accurate information to be presented in the financial statements. The Board also acknowledges its ultimate responsibility for the Group’s system of internal control, which includes the establishment of an appropriate control environment and framework, as well as reviewing its adequacy and integrity. The system of internal control is designed to manage rather than eliminate the risk of failure in achieving its business objectives.

In pursuing the business objectives, internal controls can only provide reasonable but not absolute assurance against material misstatement, loss or fraud. As such, the Board recognises that a sound system of internal control is an important part of managing risks in an effort to attain a balanced achievement of its business objectives, and operational efficiency and effectiveness.

The Board has received assurance from the Managing Director and the Financial Controller that the Group’s risk management and internal control system is operating adequately and effectively in all material aspects. The Board is of the view that the risk management and internal control system in the Group are satisfactory and have been successful in their functions with no significant problems noted during the period under review.

THE RISK MANAGEMENT PROCESS

The Board has endeavoured to identify the relevant major risks faced by the Group on a regular basis and in order to prevent the occurrence of the identified risks or mitigate the impact of these risks so as to ensure that the Group achieves its business goals.

In managing the major risks, the Board has always carried out necessary preliminary studies and evaluation on various projects which will be undertaken by the Group. This entails proper delegation of duties and responsibilities from the Board to the Managing Director and Senior Management (“Management”) in running the main operating functions of the Group within its strategic business plans.

In this respect, the Management comprises personnel with many years of hands-on experience who are able to identify business risks relevant to the Group and design the appropriate internal controls to manage these risks.

At the same time, the Management also attends various management and operation meetings in order to discuss matters of concern in relation to various projects undertaken by the Group as well as any obstacles in achieving the Group’s strategic business plans.

The Management has also adopted the open discussion approach in the day-to-day running of the Group. This has enabled various major business risks being identified easily and dealt with in a prompt manner.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

KEY ELEMENTS OF THE GROUP'S INTERNAL CONTROLS

The Group has incorporated various key elements into its system of internal control in order to safeguard shareholders' investment and the Group's assets by:

- 1) Giving authority to the Board Committee members to investigate and report on any areas of improvement for the betterment of the Group.
- 2) Performing in depth study on major variances and deliberating irregularities in the Board meetings and Audit Committee meetings so as to identify the causes of the problems and formulate solutions to resolve them.
- 3) Arranging regular interactive meetings with the External Auditors, Internal Auditors and/or other consultants to identify and rectify any weaknesses in the system of internal control. The Board would also be informed on the matters brought up at the Audit Committee meetings on a timely basis.
- 4) Delegating necessary authority to the Managing Director in order for him to play a major role as the link between the Board and the Management in implementing the Board's expectation of effective system of internal control and managing the Group's various operations.
- 5) Determining proactive actions to create awareness on the importance of employees' and line management's involvements in the system of internal control as well as risk management by providing various training courses, seminars and workshops conducted by the external consultants.
- 6) Keeping the Management informed on the development of action plans for enhancing system of internal control and allowing various management personnel to have access to important information for better decision making.
- 7) Making frequent on-site visits to the business and operations premises by the Management personnel so as to acquire a first-hand view on various operational matters and addressing the issues accordingly.
- 8) Monitoring key commercial, operational and financial risks through reviewing the system of internal control and other operational structures so as to ensure that reasonable assurance on the effectiveness and efficiency of the same will mitigate the various risks faced by the Group to an appropriate level acceptable to the Board.

INTERNAL AUDIT FUNCTIONS AND EFFECTIVENESS OF INTERNAL CONTROL

The Group's internal audit function is outsourced to an independent audit firm, Messrs Crowe Horwath. The duty of the internal audit is to examine and evaluate major processes of operations of the Group in order to assist the Board in the effective discharge of the Board's responsibilities. The total cost incurred for the outsourced internal audit functions in respect of the financial year ended 31 August 2016 amounted to RM81,905.70.

During the financial year under review, the Internal Auditors carried out reviews on the core areas based on the approved internal audit plan to assess the adequacy and effectiveness of internal controls within the Group.

The Internal Auditor will report directly to the Audit Committee. Being an independent third party, the Internal Auditor is able to perform the internal audit function with impartiality, proficiency and due professional care.

The internal audit function facilitates the Board in carrying out its responsibility to review and evaluate the adequacy and integrity of the Group's internal control system. The full Board, through the Audit Committee, will meet to review, discuss and direct actions on matters pertaining to the Internal Auditor's report, which among other matters, include findings relating to the adequacy and integrity of the internal control system of the Group. Internal audit will be carried out annually to provide independent assessments on the sufficiency, efficiency and effectiveness of the Group's internal control system in anticipating potential risk exposures over key business systems and processes and in controlling the proper conduct of business within the Group.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

The Internal Auditor adopts a risk-based approach and prepares its audit strategy and plan based on the risk profiles of the Group. The audit plan will be presented to the Audit Committee for approval annually. The resulting reports from the audits undertaken will be reviewed by the Audit Committee and then forwarded to the operational management for attention and necessary corrective actions. The operational management is responsible for ensuring the corrective actions on reported weaknesses are taken within the required time frame.

ADDITIONAL INFORMATION

Apart from internal audit, the Board has put in place an organisation structure with formally defined lines of responsibility and delegation of authority. A process of hierarchical reporting has been established which provides for a documented and auditable trail of accountability. The monitoring and management of the Group is delegated to the Managing Director and senior operational management. The Managing Director, through his involvement in the business operations and attendance at the Management level meetings, manages and monitors the Group's financial performance, key business indicators, operational effectiveness and efficiency. The Managing Director also discusses and resolves significant business issues and ensures compliance with applicable laws, regulations, rules, directives and guidelines. The Management meetings serve as a two-way platform for the Board, through the Managing Director, to communicate and address significant matters in relation to the Group's business and financial affairs, and provide update on significant changes in the business and the external environment that may result in any significant risks.

Internal control procedures have been set out in a series of standard operating practice manuals and business process manuals to serve as guidance for proper measures to be undertaken and are subject to regular review, enhancement and improvement.

CONCLUSION

The Board is of the opinion that the system of risk management and internal control that has been instituted throughout the Group is satisfactory and has not resulted in any material losses, contingencies or uncertainties that would require disclosure in the Company's Annual Report 2016. The Board will continue to review and take measures to strengthen the internal control environment from time to time based on the recommendations proposed by the Internal Auditors.

The Board recognises that the development of the system of internal control is an ongoing process as part of its efforts in managing the risk faced by the Group. Consequently, the Board maintains an ongoing commitment to further strengthen the control environment within the Group.

This Statement is made on behalf of the Board in accordance with a resolution of the Directors dated 15 November 2016.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are required by the Companies Act 1965 ("the Act") to ensure that the financial statements prepared for each financial year give a true and fair view of the financial position of the Group and the Company as at the end of the financial year and of the financial performance and cash flows of the Group and the Company for the year then ended. As required by the Act and the Listing Requirements of Bursa Securities, the financial statements have been prepared in accordance with Financial Reporting Standards in Malaysia and the provisions of the Act.

The Directors consider that in preparing the financial statements for the financial year ended 31 August 2016 set out on pages 35 to 74, the Group has used appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, and ensured that all applicable approved accounting standards have been followed.

The Directors have ensured that the accounting records kept by the Group and the Company have been properly kept in accordance with the provisions of the Act, which disclose with reasonable accuracy the financial position of the Group and of the Company.

This Statement is made on behalf of the Board in accordance with a resolution of the Directors dated 15 November 2016.

DIRECTORS' REPORT (CONT'D)

Other statutory information

- (a) Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the Directors took reasonable steps:
 - (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that there were no known bad debts and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the Directors are not aware of any circumstances which would render:
 - (i) it necessary to write off any bad debts or the amount of the provision for doubtful debts inadequate to any substantial extent; and
 - (ii) the values attributed to current assets in the financial statements of the Group and of the Company misleading.
- (c) At the date of this report, the Directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.
- (e) At the date of this report, there does not exist:
 - (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability of the Group or of the Company which has arisen since the end of the financial year.
- (f) In the opinion of the Directors:
 - (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations when they fall due; and
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Company for the financial year in which this report is made.

INDEPENDENT AUDITORS' REPORT

to the Members of Concrete Engineering Products Berhad (Incorporated in Malaysia)

Report on the financial statements

We have audited the financial statements of Concrete Engineering Products Berhad, which comprise the statements of financial position as at 31 August 2016 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 35 to 74.

Directors' responsibility for the financial statements

The Directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 August 2016 and of their financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia.

Report on other legal and regulatory requirements

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- (b) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.
- (c) The auditors' reports on the financial statements of the subsidiaries were not subject to any qualification and did not include any comment required to be made under Section 174(3) of the Act.

NOTES TO THE FINANCIAL STATEMENTS

31 August 2016

1. Corporate information

The Company is a public limited liability company, incorporated and domiciled in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad ("Bursa Malaysia"). The registered office and principal place of business of the Company is located at 22nd Floor, Menara KH, Jalan Sultan Ismail, 50250 Kuala Lumpur.

The principal activities of the Company consist of manufacturing and distribution of prestressed spun concrete piles and poles. The subsidiaries are dormant. There have been no significant changes in the nature of the principal activities during the year.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on 15 November 2016.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act 1965 in Malaysia.

The financial statements of the Group and of the Company have been prepared on a historical cost basis, unless otherwise disclosed in the significant accounting policies below or other notes to the financial statements.

The financial statements are presented in Ringgit Malaysia ("RM") which is also the functional currency of the Group and of the Company.

2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except as follows:

On 1 September 2015, the Group and the Company have adopted the following new and amended MFRS and IC Interpretations:

Description	Effective for annual periods beginning on or after
Amendments to MFRS 116 and MFRS 138: Clarification of Acceptable Methods of Depreciation and Amortisation	1 January 2016
Amendments to MFRS 116 and MFRS 141: Agriculture: Bearer Plants	1 January 2016
Amendments to MFRS 11: Accounting for Acquisitions of Interests In Joint Operations	1 January 2016
Amendments to MFRS 127: Equity Method in Separate Financial Statements	1 January 2016
Amendments to MFRS 101: Disclosure Initiatives	1 January 2016
Amendments to MFRS 10, MFRS 12 and MFRS 128: Investment Entities: Applying the Consolidation Exception	1 January 2016
MFRS 14 Regulatory Deferral Accounts	1 January 2016
Annual improvements to MFRSs 2012 - 2014 Cycle	1 January 2016

The application of these amendments has had no material impact on the financial results and disclosures in the Group and the Company's financial statements.

Pronouncements yet in effect

The following pronouncements that have been issued by MASB will become effective in future financial reporting periods and have not been adopted by the Group or the Company:

Description	Effective for annual periods beginning on or after
MFRS 107 Disclosures Initiatives (Amendments to MFRS 107)	1 January 2017
MFRS 112 Recognition of Deferred Tax for Unrealised Losses (Amendments to MFRS 112)	1 January 2017
MFRS 15 Revenue from Contracts with Customers	1 January 2018
MFRS 9 Financial Instruments	1 January 2018
MFRS 2 Classification and Measurement of Share-based Payment Transactions (Amendments to MFRS 2)	1 January 2018
MFRS 16 Leases	1 January 2019
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred

The initial applications of the above are expected to have no significant impact on the financial statements of the Group and the Company in the period of initial application except for those discussed below:

(i) MFRS 15 Revenue from Contracts with Customers

MFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFR 118 Revenue, MFRS 111 Construction Contracts and the related interpretations when it becomes effective.

The core principle of MFRS 15 is that an entity should recognise revenue which depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

Either a full or modified retrospective application is required for annual periods beginning on or after 1 January 2018 with early adoption permitted. The Directors are in the process of assessing the impact of MFRS 15 application on the amounts reported and disclosures made in the Group's and the Company's financial statements.

(ii) MFRS 9 Financial Instruments

In November 2014, MASB issued the final version of MFRS 9 Financial Instruments which reflects all phases of the financial instruments project and replaces MFRS 139 Financial Instruments: Recognition and Measurement and all previous versions of MFRS 9. The standard introduces new requirements for classification and measurement, impairment and hedge accounting. MFRS 9 is effective for annual periods beginning on or after 1 January 2018, with early application permitted. Retrospective application is required, but comparative information is not compulsory. The adoption of MFRS 9 will have an effect on the classification and measurement of the Group's and the Company's financial assets, but no impact on the classification and measurement of the Group's and the Company's financial liabilities.

31 August 2016

2. Significant accounting policies (cont'd)

2.3 Summary of significant accounting policies

(a) Subsidiaries and basis of consolidation

(i) Subsidiaries

Subsidiaries are entities controlled by the Company.

The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Control exists when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control when such rights are substantive. The Group considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

(ii) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the reporting date. The financial statements of the subsidiaries are prepared for the same reporting date as the Company. Consistent accounting policies are applied for like transactions and events in similar circumstances.

The Company controls an investee if and only if the Company has all the following:

- (i) power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) exposure, or rights, to variable returns from its investment with the investee; and
- (iii) the ability to use its power over the investee to affect its returns.

When the Company has less than a majority of the voting rights of an investee, the Company considers the following in assessing whether or not the Company's voting rights in an investee are sufficient to give it power over the investee:

- (i) The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- (ii) Potential voting rights held by the Company, other vote holders or other parties;
- (iii) Rights arising from other contractual arrangements; and
- (iv) Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

Losses within a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

2. Significant accounting policies (cont'd)

2.3 Summary of significant accounting policies (cont'd)

(a) Subsidiaries and basis of consolidation (cont'd)

(ii) Basis of consolidation (cont'd)

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. The resulting difference is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary and any non-controlling interest, is recognised in profit or loss. The subsidiary's cumulative gain or loss which has been recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss or where applicable, transferred directly to retained earnings. The fair value of any investment retained in the former subsidiary at the date control is lost is regarded as the cost on initial recognition of the investment.

(b) Property, plant and equipment and depreciation

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised with any corresponding gain or loss recognised in profit or loss accordingly. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation of property, plant and equipment is provided for on a straight-line basis to write off the cost of each assets to its residual value over its estimated useful life as follows:

Leasehold land	27 - 83 years
Buildings	25 - 50 years
Plant and machinery	5 years
Motor vehicles	5 years
Office, factory and laboratory equipment	5 - 7 years
Furniture, fixtures and fittings	5 - 7 years

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. The difference between the net disposal proceeds, if any, and the net carrying amount is recognised in income statement.

2. Significant accounting policies (cont'd)

2.3 Summary of significant accounting policies (cont'd)

(c) Investment properties

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value. Fair value is arrived at by reference to market evidence of transaction prices for similar properties and is performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued.

Gain or loss arising from changes in the fair values of investment properties is recognised in profit or loss in the year in which it arises.

Investment properties are derecognised when either they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Any gain or loss on the retirement or disposal of an investment property is recognised in profit or loss in the year in which it arises.

(d) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of finished goods are determined using the first-in-first-out method whilst for the raw materials, the weighted average method.

Cost includes actual cost of materials and incidentals in bringing inventories into store and in the case of manufactured inventories and work in progress, it also includes direct labour and attributable production overheads.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(e) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Group's and of the Company's cash management.

(f) Impairment of non-financial assets

The Group and the Company assess at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Group and the Company make an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis. Impairment losses are recognised in profit or loss.

2. Significant accounting policies (cont'd)

2.3 Summary of significant accounting policies (cont'd)

(f) Impairment of non-financial assets (cont'd)

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

(g) Financial assets

Financial assets are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

The Group and the Company determine the classification of their financial assets at initial recognition, and the categories include financial assets at fair value through profit or loss and loans and receivables.

(i) Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss if they are held for trading or are designated as such upon initial recognition. Financial assets held for trading are derivatives (including separated embedded derivatives) or financial assets acquired principally for the purpose of selling in the near term. The financial assets at fair value through profit or loss comprise other investments.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss do not include exchange differences, interest and dividend income. Exchange differences, interest and dividend income on financial assets at fair value through profit or loss are recognised separately in profit or loss as part of other losses or other income.

Financial assets at fair value through profit or loss could be presented as current or non-current. Financial assets that are held primarily for trading purposes are presented as current whereas financial assets that are not held primarily for trading purposes are presented as current or non-current based on the settlement date.

(ii) Loans and receivables

Financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. These loans and receivables comprise trade and other receivables, amount due from subsidiaries, deposits with licensed banks and cash and bank balances.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Loans and receivables are classified as current assets, except for those having maturity dates later than 12 months after the reporting date which are classified as non-current.

2. Significant accounting policies (cont'd)

2.3 Summary of significant accounting policies (cont'd)

(g) Financial assets (cont'd)

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned. All regular way purchases or sales of financial assets are recognised or derecognised on the trade date, i.e. the date that the Group and the Company commit to purchase or sell the asset.

(h) Impairment of financial assets

The Group and the Company assess at each reporting date whether there is any objective evidence that a financial asset is impaired.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group and the Company consider factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

For certain categories of financial assets, such as trade receivables, assets that are assessed not to be impaired individually are subsequently assessed for impairment on a collective basis based on similar risk characteristics. Objective evidence of impairment for a portfolio of receivables could include the Group's and the Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio which past the average credit period and observable changes in national or local economic conditions that correlate with default on receivables.

If any such evidence exists, the amount of impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The impairment loss is recognised in profit or loss.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable becomes uncollectible, it is written off against the allowance account.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

(i) Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities are recognised in the statement of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument. Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

(i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

2.3 Summary of significant accounting policies (cont'd)

(i) Financial liabilities (cont'd)

(i) Financial liabilities at fair value through profit or loss (cont'd)

Financial liabilities held for trading include derivatives entered into by the Group and the Company that do not meet the hedge accounting criteria. Derivative liabilities are initially measured at fair value and subsequently stated at fair value, with any resultant gains or losses recognised in profit or loss. Net gains or losses on derivatives include exchange differences.

The Group and the Company have not designated any financial liabilities at fair value through profit or loss.

(ii) Other financial liabilities

The Group's and the Company's other financial liabilities include trade payables, other payables and loans and borrowings.

Trade and other payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Group and the Company have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

A financial liability is derecognised when the obligation under the liability is extinguished. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

(j) Foreign currencies

(i) Functional and presentation currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is also the Company's functional currency.

(ii) Foreign currency transactions

Transactions in foreign currencies are measured in the functional currency of the Company and its subsidiaries and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates at the date when the fair value was determined.

(j) Foreign currencies (cont'd)

(ii) Foreign currency transactions (cont'd)

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

(k) Provisions

Provisions are recognised when the Group and the Company have a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(l) Leases

(i) As lessee

Finance leases, which transfer to the Group and the Company substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Lease assets are depreciated over the estimated useful life of the asset. However, if there is no reasonable certainty that the Group and the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life and the lease term.

Operating lease payments are recognised as an expense in profit or loss on a straight line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight line basis.

(ii) As lessor

Leases where the Group and the Company retains substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note 2.3 (n)(ii).

(m) Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale.

2.3 Summary of significant accounting policies (cont'd)

(m) Borrowing costs (cont'd)

All other borrowing costs are recognised in profit or loss in the period they are incurred. Borrowing costs consist of interest and other costs that the Group and the Company incurred in connection with the borrowing of funds.

(n) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the Company and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable.

(i) Sale of goods

Revenue from sale of goods is recognised upon the transfer of significant risk and rewards of ownership of the goods to the customer. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(ii) Rental and interest income

Rental and interest income is recognised on accrual basis.

(o) Employee benefits

(i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group and of the Company. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined contribution plans

The Group and the Company participate in the national pension schemes as defined by the laws of the countries in which it has operations. The Malaysian companies in the Group make contributions to the Employee Provident Fund in Malaysia, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

(p) Income taxes

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences. Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(q) Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance.

(r) Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future event not wholly within the control of the Group and of the Company.

Contingent liabilities and assets are not recognised in the statements of financial position of the Group and of the Company.

(s) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group and the Company after deducting all of its liabilities. Ordinary shares are equity instruments.

Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

2.4 Significant accounting estimates and judgements

The preparation of the Group's and the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

(a) Judgements made in applying accounting policies

Classification between operating lease and finance lease for leasehold land

The Group and the Company have developed certain criteria based on MFRS 117 in making judgement whether a leasehold land should be classified either as operating lease or finance lease.

Finance lease is a lease that transfers substantially all the risks and rewards incidental to ownership of an assets and operating lease is a lease that does not transfer substantially all the risks and rewards incidental to ownership. If the leasehold land meets the criteria of the finance lease, the lease will be classified as property, plant and equipment if it is for own use or will be classified as investment property if it is to earn rentals or for capital appreciation or both.

The Group and the Company evaluated based on the terms and conditions of the arrangement, whether the land were operating leases or finance leases and judged that it retains all the significant risk and reward of these properties, thus accounted for as finance leases.

(b) Key sources of estimation uncertainty

(i) Useful lives of property, plant and equipment

The Group and the Company estimate the useful lives of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives of the property, plant and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescences and legal or other limits on the use of the relevant assets. In addition, the estimation of the useful lives of property, plant and equipment is based on internal technical evaluation and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in the estimate of useful lives and residual values of property, plant and equipment brought about by changes in factors mentioned above. The Group and the Company also perform annual review of the assumptions made on useful lives and residual values to ensure that they continue to be valid.

(ii) Provision for impairment losses

The Group and the Company make a provision for impairment losses based on an assessment of receivables recovery. Provisions are applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. In assessing the extent of irrecoverable debts, management has given due consideration to all pertinent information relating to the ability of the debtors to settle the debts. Where the expectation is different from the original estimate, such difference will impact the carrying value of the receivables.

(iii) Valuation of investment properties

The investment properties of the Group and the Company are measured at fair value. This requires an estimation of the fair values.

The fair values of investment properties have been derived using the sales comparison approach. Judgement is required in selecting any comparable properties which have been sold or are being offered for sale and making adjustments for factors which affect value such as location and accessibility, market conditions, property size and other relevant characteristics.

10. Investment properties (cont'd)

Fair value information

Fair values of investment properties are categorised as follows:

	Level 1 RM'000	Level 2 RM'000	Level 3 RM'000	Total RM'000
Group				
2016				
- Shoplots	-	-	6,840,000	6,840,000
- Apartments	-	-	1,380,000	1,380,000
- Houses	-	-	3,075,000	3,075,000

- Houses	-	-	3,075,000	3,075,000
	-	-	11,060,000	11,060,000

Level 1 fair value

Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical investment properties that the entity can assess at the measurement date.

Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the investment property, either directly or indirectly.

Level 3 fair value

Level 3 fair value is estimated using unobservable inputs for the investment property.

Level 3 fair values of investment properties have been generally derived using the sales comparison approach with adjustments made for differences such as location, size, condition, accessibility and design ("adjustment factors") and are categorised as Level 3 in the fair value hierarchy. The significant unobservable inputs for this category of investment properties are the adjustment factors, range between -55% and 88% (2015: -20% and 54%) of the respective comparative prices.

Sensitivity analysis

The increase in the price per square feet of comparable properties in the surrounding vicinity will result in an increase of fair value of these properties.

Remuneration of non-executive Directors is disclosed in Note 6.

26. Financial instruments

Classification of financial instruments

Financial assets and financial liabilities are measured on an ongoing basis either at fair value or at amortised cost. The principal accounting policies of the Group described how the classes of financial instruments are measured, and how income and expenses, including fair value gains and losses, are recognised. The following table analysed the financial assets and liabilities at the reporting date by the classes of financial instruments to which they are assigned, and therefore by the measurement basis.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

31 August 2016

27. Fair value of financial instruments

(a) Determination of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair values:

	Note
Receivables	14
Amount due from subsidiaries	15
Deposits with licensed banks	16
Cash and bank balances	
Borrowings (current and non-current)	20
Payables	23

The carrying amounts of these financial assets and liabilities are reasonable approximation of fair values due to the relatively short term nature of these financial instruments.

The carrying amount of the current portion of borrowings are reasonable approximations of fair value due to the insignificant impact of discounting.

The fair value of non-current loans and borrowings are estimated by discounting expected future cash flows at market incremental lending rate for similar types of lending or borrowing arrangements at the reporting date.

The fair value of quoted other investments is determined directly by reference to their published market price at the reporting date.

(b) Fair value hierarchy

The Group's and the Company's financial instruments carried at fair value are analysed as follows:

Level 1:	Quoted prices (unadjusted) in active markets for identical assets or liabilities
Level 2:	Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
Level 3:	Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

As at reporting date, the Group's and the Company's other investments are classified as Level 1. The Group and the Company do not have any financial instrument classified as Level 2 and Level 3 as at 31 August 2016.

There was no material transfer between Level 1, Level 2 and Level 3 during the financial year.

28. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and market price risk.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For cash and bank balances, the Group and the Company minimise credit risk by dealing exclusively with reputable financial institutions.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

31 August 2016

28. Financial risk management objectives and policies (cont'd)

(a) Credit risk (cont'd)

The Group's and the Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group and the Company trade only with recognised and creditworthy third parties. It is the Group's and the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's and the Company's exposure to bad debts is not significant.

Exposure to credit risk

At the reporting date, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

(b) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The Group's and the Company's liquidity risk management policy is to maintain sufficient liquid financial assets and stand-by credit facilities with several banks.

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and the Company's liabilities at the reporting date based on contractual undiscounted repayment obligations.

(c) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises primarily from their borrowings.

The investments in financial assets including fixed deposits are mainly short term in nature and they are not held for speculative purposes.

The Group and the Company manage interest rate exposure by using a mix of fixed and floating rate debts and actively reviewing the debt portfolio, taking into account the investment holding period and nature of its assets.

Interest rate sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Group's and the Company's profit before tax (through the impact on floating rate borrowings).

(d) Market price risk

Market price risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market prices.

The Group and the Company are exposed to equity price risk arising from its investment in quoted equity instruments. The quoted equity instruments in Malaysia are listed on Bursa Malaysia. These instruments are classified as fair value through profit or loss financial assets. The Group and the Company do not have exposure to commodity price risk.

Market price sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in market price, with all other variables held constant, of the Group's and the Company's profit before tax (through the impact on fair value through profit or loss).

Market price decrease by 5%	(1,887,860)

(e) Foreign currency risk

The Group and the Company are exposed to transactional currency risk primarily through sales and purchases that are denominated in a currency other than the functional currency of the operations to which they relate. The currencies giving rise to this risk are primarily United States Dollars (USD), United Arab Emirates Dirham (AED) and Singapore Dollars (SGD). Foreign exchange exposures in transactional currencies other than functional currencies of the operating entities are kept to an acceptable level.

29. Capital management

The primary objective of the Group's and the Company's capital management is to maintain a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group and the Company manage its capital structure and make adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group and the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 August 2016 and 31 August 2015.

The Group and the Company monitor capital using debt to equity ratio, which is total debts divided by total equity.

NOTES:

Appointment of Proxy

1. A member of the Company entitled to attend and vote at the meeting is entitled to appoint a proxy or proxies to attend and vote in his/her stead. A proxy need not be a member of the Company and the provisions of Section 149(1)(b) of the Act shall not apply.
2. The instrument appointing a proxy shall be in writing under the hand of the appointor or his/her attorney duly authorised in writing, or if the appointor is a corporation, either under its Common Seal or signed by an officer or attorney duly authorised.
3. Where a member appoints more than one proxy, the appointments shall be invalid unless he/she specifies the proportions of his/her shareholdings to be represented by each proxy.
4. The instrument appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a certified copy of that power or authority shall be deposited at the Registrar's Office at 22nd Floor Menara Promet (KH), Jalan Sultan Ismail, 50250 Kuala Lumpur, not less than forty-eight (48) hours before the time for holding the meeting or any adjournment thereof.
5. A member whose name appears in the Record of Depositors as at 13 January 2017 shall be regarded as Member of the Company entitled to attend the Annual General Meeting or appoint a proxy to attend and vote on his/her behalf.
6. Any alteration in the Form of Proxy must be initialled.

NOTICE OF ANNUAL GENERAL MEETING (CONT'D)

EXPLANATORY NOTES ON SPECIAL BUSINESS

7. Continuing in Office as Independent Non-Executive Directors - Resolutions 5 (a) & (b)

The Malaysian Code on Corporate Governance 2012 recommends that shareholders' approval be sought in the event that the Company intends to retain an Independent Non-Executive Director who has served in that capacity for more than nine (9) years.

In relation thereto, the Board, through the Nomination and Remuneration Committee, has assessed the Independent of Davinia a/p Rajadurai and Dennis Xavier who have served as Independent Non-Executive Directors of the Company for a cumulative term of more than nine (9) years.

The Board recommends that Davinia a/p Rajadurai and Dennis Xavier to continue to act as Independent Non-Executive Directors of the Company for the following reasons:

- a) They fulfil the criteria as Independent Directors as defined in the Main Market Listing Requirements of Bursa Securities, and therefore are able to bring independent and objective judgement to the Board.
- b) Their vast experiences in the legal background enable them to provide the Board with a diverse set of experience, expertise, skills and competence.
- c) They understand the Company's business operations which allow them to participate actively and contribute positively during deliberations or discussions at both the Committee and Board meetings.
- d) They devote sufficient time and effort and attend all the Committees and Board meetings for informed and balanced decision making.
- e) They exercise due care as Independent Directors of the Company and carry out their professional and fiduciary duties in the interest of the Company and its shareholders.

8. Resolution 6

To Empower the Directors of the Company to Issue Shares Pursuant to Section 132D of the Companies Act 1965

The proposed resolution 6, if passed, will give a renewed mandate to the Directors of the Company to issue ordinary shares of the Company from time to time provided the aggregate number of shares issued pursuant to this resolution does not exceed 10% of the issued capital of the Company for the time being ("Renewed Mandate"). The Renewed Mandate, unless revoked or varied at a general meeting, will expire at the conclusion of the next Annual General Meeting of the Company.

As at the date of this Notice, no new shares in the Company were issued pursuant to the mandate granted to the Directors at the last Annual General Meeting held on 24 February 2016 and which will lapse at the conclusion of the Thirty-Second Annual General Meeting.

The Renewed Mandate will enable the Directors to take swift action in case of, inter alia, a need for corporate exercises, or in the event of business opportunities, or other arising circumstances which involve the issue of new shares, and to avoid delay and cost in convening general meetings to approve such issue of shares.

STATEMENT ACCOMPANYING NOTICE OF ANNUAL GENERAL MEETING

1. The Directors standing for re-election at the Thirty-Second Annual General Meeting of the Company are:

Pursuant to Article 96 of the Company's Articles of Association

- Khoo Kay Ong
- Davinia a/p Rajadurai

2. The profiles of the Directors who are standing for re-election are set out on page 6 of the Annual Report.
3. The above named Directors do not hold any interest in the securities of the Company.
