INNOVATIVENESS

- We will go beyond expectations in product design, product development, customer service and sales, to ensure a continuous stream of recurring customers and stakeholders

CORPORATE PROFILE

In 2012, Gabungan AQRS Berhad (“**GBG**”) was listed on the Main Board of Bursa Malaysia, using the listing code GBGAQRS. The Company has its roots in the amalgamation of four successful businesses – three construction and engineering companies: Gabungan Strategik Sdn Bhd (“**GSSB**”), Motibina Sdn Bhd (“**Motibina**”) and Pembinaan Megah Ikhlas Sdn Bhd (“**PMISB**”), as well as AQRS The Building Company Sdn Bhd (“**AQRSTBC**”), a property developer. Each a good, strong Company with a reputable brand.

A transformation which led to the rebirth of GBG

In 2016, GBG initiated a transformation plan which marks the start of a change to build an almost reborn-company. The transformation plan had to be initiated back then as the Group was facing tremendous headwinds, including a dwindling construction order book and a poor financial standing.

We repositioned ourselves to further enhance our value, given the headwinds we faced. Eventually, the success of the transformation plan was evident in 2017, proven by a healthy business growth rate, leading to profitability to the Group and value to its shareholders. Our financial standing has also tremendously improved in 2017, including a balance sheet that is leaner than what it was during its IPO days.

The repositioning of the Group also meant that we had to restructure our brand from 2016, especially against the rest of our competitors. Fast forward to end-2017, we have been successful, evidenced by our construction subsidiary, GSSB having a tall construction order book. In 2017 too, we received our first construction project worth more than a billion Ringgit, the Light Rail Transit 3 (LRT3) job – our largest job to-date.

Our property development division, AQRSTBC has also built a solid portfolio of property development assets that will eventually be high-yielding assets. This include our flagship property development, One Jesselton Waterfront in Kota Kinabalu which will be developed under our subsidiary, GBG Properties (Sabah) Sdn Bhd.

Our precast products manufacturing arm, SEDCO Precast Sdn Bhd is also poised to be of great significance to the Group. SEDCO Precast Sdn Bhd currently operates a precast and IBS product manufacturing facility in Tuaran, Sabah and could be the future supplier of precast products to the Pan Borneo Highway in Sabah.

Values that drive growth are of priority

GBG has considerable talents and a wealth of experience across a broad range of infrastructure products. It is persistent about pursuing better standards in quality to deliver extraordinary products, on time and within budget.

Our capabilities have also been enhanced since the transformation plan was initiated. This is evidenced by our capabilities in securing new, high quality and prominent construction jobs. We have built our expertise in the construction of urban highways (the SUKE highway), urban railways (the LRT3) as well as purpose-built iconic buildings (PPSAS).

GBG is committed to providing exceptional value to its employees, business partners, customers and shareholders by always challenging the norm and going beyond expectations in design, product development, customer service and sales. It aims to nurture and grow empowered communities; by creating a collaborative, respectful and nurturing work environment, and being active, contributing citizens in the communities in which it operates. It strives to ensure the continued success and sustainability of its people, clients and partners, their businesses and brands. GBG is in for the long-term; their aim is to leave a legacy that future generations will benefit from.

ESTABLISHING EXCELLENT INFRASTRUCTURE

By creating the infrastructure that is fundamental to development, we are spearheading Malaysia's advancement. The quality of our work has enabled us to be a trusted contributor to national development.

MANAGEMENT DISCUSSION & ANALYSIS

DEAR SHAREHOLDERS,

In FYE 2019, the main focus of the Group was to further enhance our business plan to ensure that our overall costs are more efficient, executed by the restructuring of the organisation, streamlining our operations and focus on reducing our operating expenses. Having said that, we have been successful given our total operating expenses have reduced by 14.2% in FY 2019 to RM44.1 million. In 4Q19, the management has taken steps to further reduce our total operating expenses in FYE 2020 by another RM17.7 million or 40% lower compared to FYE 2019.

Today, we have created a stronger organisation that is resilient, versatile and vigilant, enabling us to quickly adapt to the changes in business climates. The Board of Directors and Management of GBG has successfully weathered through this challenging period and is positioned to encounter any future turbulence. We continuously improve the fundamentals of our business operations, to ensure that projects are well-managed, in particular, strong cashflow generation and efficient total operating expenses.

Management Discussion & Analysis

(CONT'D)

During the movement control order (MCO) by the government to control the outbreak of Covid-19, the government, via the Ministry of International Trade and Industry (MITI), had granted us approval for our offices and sites to operate. This is as a result of the Group being able to convince MITI that it is capable to handle the strict standard operating procedure (SOP) guidelines that the government has put in place. While the MCO has impacted our business performance, we remain confident that our business sustainability to remain sturdy, as we have already implemented a strategic and prudent management plan, which amongst others include an in-depth review of our financials and business operations by the Board of Directors and management.

In FYE 2019, we registered a total revenue of RM414.0 million, a decrease of 29.3% compared to the previous financial year, with our corresponding profit after tax declining by 43.3% to RM36.9 million. The softer performance in FYE 2019 is mainly attributable to the fact that the Group has yet to secure any jobs for the past 2-years as no new major infrastructure projects were announced as mega projects such as the KL-Singapore High Speed Rail (HSR) and Mass Rapid Transit 3 (MRT3) were deferred. However, with the new government in place, we foresee potentials for these projects to be revived again, and with our track record and capabilities, we could be a potential beneficiary.

The Group constantly strives to improve operational efficiency through a review of business strategies for each reporting division and has yielded favourable results. Our total operating costs declined by 14.2% or RM7.3 million to RM44.1 million in FYE 2019, compared to RM51.4 million recorded in FYE 2018. This was achieved as a result of streamlining our resources while boosting productivity as well as tightening our risk management policies. Another achievement in FYE 2019 is that our total financing cost was reduced by 21.4% to RM4.2 million, almost record low since listing, saving the Group about RM1.2 million in interest expense compared to FYE 2018.

Operating Efficiency

Management Discussion & Analysis

(CONT'D)

We practice prudence debt management, whereby any debt taken up would have to be backed by a strategic repayment plan. As at 31 December 2019, our total debts stood at RM259.2 million, backed by RM139.4 million in cash, representing a net gearing ratio of 0.23x. Dicing to the debts, 73.1% of it are related to construction financing, which will be fully paid once the respective construction projects are completed, while another 3.2% is related to our basecamp facility in Sipitang, which debt repayments are backed by a recurring income stream.

As at 31 December 2019, our net tangible assets stood at RM515.3 million. Since its listing in FYE 2012 up to FYE 2019, the management has created value for shareholders, with its net tangible assets growing by 1.37 times or RM297.7 million. When compared to net tangible assets grown since the transformation plan was initiated in FYE 2016, the Group registered a 101.6% growth or RM259.7 million to RM515.3 million in FYE 2019. In addition, during the period of FYE 2012 to FYE 2019, the Group had distributed a total of RM62.1 million in dividends.

CONSTRUCTION – THE BACKBONE OF GBG

The construction arm, with an unbilled construction orderbook of RM1.8 billion will be able to sustain earnings contribution up to FYE 2023 and would enable it to weather through a recessionary period. Moreover, a bulk of our clients and projects are government-related, eliminating the non-payment risk. While we are on the constant lookout for new construction jobs, we remain vigilant to ensure that future jobs that we are gunning for will have to meet strict operating and financial measure including being value creating for the Group with a healthy generation of cashflows.

In FYE 2019, we finalised and submitted our proposal to the turnkey contractor of our largest construction job, Light Rail Transit 3 (LRT3), which includes the finalisation of design and global variation. The global variation achieved include: a) the optimisation of costs via value engineering, b) omission of the acceleration costs that would further improve profits, and c) the removal of key milestone and completion risks, eliminating liquidated ascertained damage risk.

Our Pusat Pentadbiran Sultan Ahmad Shah involves the construction of the entire Pahang Government state complex in Kuantan, Pahang. The project commenced in December 2016 and was initially expected to complete by first half of 2020. Since a design review and additional scope of works need to be undertaken due to additional requirements by the client, the completion date has been extended by an additional 8 months. The job is now poised to complete by early-2021.

The Sungai Besi Ulu Klang (SUKE) contract that we secured is currently progressing well. However, in the early part of FYE 2019, the work progress was affected by the late possession of certain areas of works and the encountering of substantial uncharted utilities. Nevertheless, all these issues have been resolved and the project is currently progressing well. The project is on track to complete by end-2020.

PROPERTY DEVELOPMENT – OFFICIALLY RELAUNCHED APRIL 2019 – GDV RM1.1 BILLION

The property development division was revived on 26 April 2019, offering three developments worth RM1.1 billion – E'Island Lake Haven, an affordably priced development; The Peak, a freehold-commercial titled development in the Central Business District (CBD) of Johor Bahru; and Contours Melawati Heights, luxury villas in close to the KL CBD. Going against the norm, the division is uniquely structured, with total long-term borrowings of RM15.1 million, representing a long-term debt to GDV ratio of a mere 1.4%.

Since the relaunch of the property development division in April 2019 up to April 2020, the division has secured RM85.2 million in property sales to the Group.

In the future, together with our partner, Suria Capital Holdings Berhad, we would embark on kickstarting our flagship development, One Jesselton Waterfront, an iconic project in Kota Kinabalu City Centre. One Jesselton Waterfront is an integrated waterfront development that would comprise of a shopping mall, a 4-Star Hotel & Spa, serviced residences, luxury condominiums and corporate offices with a total combined GDV of RM1.8 billion.

Additionally, the recent reduction and expectations of further reduction in interest rates would bode well for the sector, particularly for affordable properties. Currently, a bulk of the developments that are currently being offered are within the affordable range, with prices of E'Island Lake Haven starting only from RM268,000 per unit while The Peak, a freehold and commercial titled development, starts from RM520,000 per unit.

IBS – POSITIONED FOR GROWTH

Our IBS Manufacturing business, SEDCO Precast Sdn Bhd (“SEDCO Precast”), which we co-own with the Sabah Economic Development Corporation (SEDCO), continues to be one of the leading precast concrete product manufacturers in Sabah. SEDCO Precast is an IBS-status manufacturer, engaged in the manufacturing and sales of concrete and pre-cast concrete products in Sabah. SEDCO Precast Sdn Bhd operates on an 18.67-acre industrial parcel of land in Tuaran, Sabah and is currently the largest precast concrete supplier in Sabah. We foresee this division to be able to capitalise on the Sabah Pan Borneo Highway mega project from 2H20 onwards.

INVESTMENTS – RECURRING INCOME FROM 2021-2026

The Petronas Basecamp in Sipitang, is part of the Group’s strategy to expand its recurring income base. Currently, we have an agreement with Petronas to provide “base-camp” facilities in Sipitang, Sabah for a tenancy period of 5+5 years, with the first 5-years is set to expire in 1Q21. As at 31 December 2019, 79% of the borrowings of RM40 million that we undertook to build the facility has been paid, and is projected to be fully paid by October 2020. The Group has formally commenced negotiations with Petronas to extend the agreement for another 5-years until 2026. This investment is expected to contribute RM56.8 million in rental income for the Group over the next 5-years.

CONTINUOUS SHAREHOLDERS DISTRIBUTIONS

The Group remains committed to distributing part of cash that is generated from its operations as returns to shareholders, with a minimum payout ratio of 20% based on our dividend policy. In FYE 2019, the Group rewarded its shareholders with a 1.5 sen cash dividend and a dividend in specie on the basis of 2 specie shares for every 100 existing shares owned, which were worth 1.25 sen during the distribution period. The treasury shares that were distributed were shares that were acquired from excess cashflows that were generated by the Group in the first-half of FYE 2018. Since the transformation was initiated in 2016, we have distributed RM48.9 million in dividends to shareholders, including RM8.8 million worth of treasury shares.

Year	Dividend	(RMm)
FY 2013	1.91 sen	6.8
FY 2014	Share dividend of 1 treasury share for every 100 ordinary shares	4.8

FINANCIAL REVIEW

Revenue

In FYE 2019, GBG registered a total revenue of RM414.0 million, a decrease of 29.3% or RM171.3 million, compared to RM585.3 million in the previous financial year. The decrease in Group revenue is due to the recognition of liquidated ascertained damages (LAD) for The Peak in Johor Bahru amounting to RM6.7 million and the fact that the Group has yet to secure any jobs for the past 2-years as no new major infrastructure projects were announced as mega projects such as the KL-Singapore High Speed Rail (HSR) and Mass Rapid Transit 3 (MRT3) were deferred.

The construction division contributed to RM381.1 million or 92% of the Group's revenue in FYE 2019, a RM168.4 million decrease compared from the previous financial year. The decrease in revenue is largely due to lower work progress of LRT3 which was undergoing a review coupled with no new projects secured for the past 2-years. Nevertheless, we have finalized and submitted our proposal to MRCB-George Kent (MRCBGK) which includes global variation to arrive at a final contract value and a new work program for our LRT3 package. Currently, we are waiting for the official approval of our proposal.

The property development division contributed RM21.6 million or 5.2% of the Group's revenue in FYE 2019, a 11.8% or RM2.9 million decrease as a result of the recognition of a negative RM6.7 million revenue for liquidated ascertained damages for The Peak project. Excluding this, the division would have reported a revenue of RM28.3 million. In FYE 2019, revenue from the property development division were mainly contributed by inaugural recognition of revenue of E'Island Lake Haven and The Peak.

Management Discussion & Analysis

(CONT'D)

Profitability

In FYE 2019, the Group reported a profit after tax of RM36.9 million compared to RM65.1 million reported in FYE 2018, a 43% decline as a result of lower work progress for our LRT3 project and the recognition of liquidated ascertained damages (LAD) The Peak amounting to RM6.7 million. In FYE 2019, profits were mainly driven by the construction division.

Gross profit stood at RM83.8 million in FYE 2019. In terms of divisional breakdown, the construction division contributed to a gross profit of RM72.5 million, with significant contributions for the construction division came from the progressive stages of construction for the Sungai Besi - Ulu Kelang (SUKE) Highway, Pusat Pentadbiran Sultan Ahmad Shah (PPSAS) and Light Rail Transit 3 (LRT3) projects. On the flipside, our property development arm recorded negative earnings contribution, mainly due to the abovementioned LAD charge.

Financial Position and Liquidity

As at FYE 2019, our total borrowings stood at RM259.2 million, an 26.0% increase compared to FYE 2018 due to additional project financing that was drawn down for the construction division. In terms of net gearing, the Group's net gearing stood at a healthy 0.23x, an increase from 0.16x in FYE 2018 due to the abovementioned reason. On the other hand, our interest costs have been on a downtrend, whereby in FYE 2019, the Group recorded an interest expense of only RM4.2 million, a 21.4% drop compared to FYE 2018.

Our market capitalisation stood at RM583.6 million, based on a closing price of RM1.18 per share on 31 December 2019. Equity attributable to owners of the parent company was RM515.3 million as at 31 December 2019 with net assets per share of RM1.04.

DIVISIONAL REVIEW

A) CONSTRUCTION

As at 31 December 2019, the Group's outstanding construction order book stood at RM1.8 billion which would sustain our earnings momentum till FYE 2023. Looking ahead, the Group is focusing on ensuring that all ongoing projects are being executed at its most efficient pace, to ensure that cashflow generation and profitability is maximised to its full potential.

SUKE Highway

The estimated value of Package CA3 for the execution and completion of bridge structure works from CH4200 to CH7800 of the SUKE Highway is valued at a contract sum of RM648.5 million. The project commenced on 29 August 2016 and is scheduled to be completed in 2020. The project is currently at 92% stage of completion.

Light Rail Transit 3 (LRT3)

In October 2017, we secured package GS04 of the Light Rail Transit 3 project worth RM1.13 billion, our largest contract to date. The project involves the construction of guideways, stations, park and ride facilities. On 22 February 2019, we announced that our wholly-owned subsidiary, Gabungan Strategik Sdn Bhd executed one (1) separate Novation Agreement with Prasarana and MRCB-George Kent Sdn Bhd (MRCBGK), in which all of the rights, interest, benefits, obligations, duties and liabilities of Prasarana under the LRT 3 Contracts shall be transferred and conveyed absolutely to MRCBGK subject to the terms and conditions as stipulated in the respective Novation Agreement.

In FYE 2019, we finalised and submitted our proposal to the turnkey contractor of our largest construction job, Light Rail Transit 3 (LRT3), which includes the finalisation of design and global variation. The global variation achieved include: a) the optimisation of costs via value engineering, b) omission of the acceleration costs that would further improve profits, and c) the removal of key milestone and completion risks, eliminating liquidated ascertained damage risk.

Pusat Pentadbiran Sultan Ahmad Shah, Kuantan (“PPSAS”)

We secured the RM410.4 million job back in December 2016. The project involves the construction of the entire Pahang Government state complex in Kuantan, Pahang. Currently, the project is at 89% stage of completion and is expected to complete by early-21.

PR1MA Gambang, Kuantan

We were appointed as the turnkey contractor to undertake the construction of residential and retail units of properties under the PR1MA programme for a total contract sum of RM389.2 million. Currently, we have submitted the new development proposal for our PR1MA Gambang construction job that will be in line with the Ministry of Housing and Local Government’s “Dasar Komuniti Negara” initiative that was launched in February 2019.

B) PROPERTY DEVELOPMENT

The property development division was relaunched on 26 April 2019, offering RM1.1 billion in GDV across 3-developments, comprising of E'Island Lake Haven in Puchong (GDV: RM501 million), The Peak in Johor Bahru City Centre (GDV: RM544 million) and Contours Melawati Heights (GDV: RM42 million). During the 8-month period up to 31 December 2019, the property development division has raked in RM80.4 million worth of new property sales.

The Peak, Johor Bahru

The Peak is a high-rise property development in Johor Bahru that underwent a rebranding exercise in April 2019. During the year, we introduced our own rent-to-own scheme for The Peak called "Reside Before You Decide" - an ownership scheme whereby a buyer would be able to 'lock-in' their purchase price for 36 months and use the period to build-up their savings, and at the end of the 36-month period, total rentals that have been paid will go towards reducing the actual loan sum to be applied. Currently, The Peak has 486 units up for sale with a total value of RM478.5 million. We target to monetise this development over the period of year 2020 - 2023. Currently, the development is free of any encumbrances and the net cash proceeds received from the sale of the units will be utilized for dividend payments and business expansion.

E'Island Lake Haven, Puchong

The official launch of our RM501 million GDV E'Island Lake Haven development took place on 26 April 2019, which offers a total of 1,140 units of affordably priced and semi-furnished apartments with sizes starting from 881 square feet. Each apartment would be fitted with kitchen cabinets and wardrobes by Signature Kitchen, 4 air conditioners, and large electrical appliances at an affordable price starting from RM268,000 per unit, with 70% of units being below RM399,000 per unit. The apartments will sit across 4-towers on a 19-acre parcel of land.

We began signing sales and purchase agreements with buyers of E'Island Lake Haven in October 2019. As of 31 December 2019, we have secured 180 units of sales worth about RM75.1 million.

One Jesselton Waterfront, Kota Kinabalu

On 24 January 2020, we signed a supplemental agreement with Suria Capital Holdings Berhad to vary certain terms of our joint-venture agreement in relation to our flagship development, One Jesselton Waterfront in Kota Kinabalu. One Jesselton Waterfront is an integrated waterfront development within Jesselton Waterfront City master plan. It would comprise a 390,000 sq ft Net Lettable Area (NLA) shopping mall, a 4-star Hotel & Spa, a Grade A corporate office tower, 330-units of waterfront condominiums and 325-units of serviced residences. It is poised to become an iconic landscape as the city's new waterfront and premier tourism frontier which is marina focused, complete with its own ferry jetty and international cruise terminal. All these developments are paving the way for the regeneration of the old Jesselton port area.

On the approval process, the Central Planning Board (CPB) has received the feedback from all technical departments for the development and is currently listing the interim development plan (IDP) to be tabled in the next CPB meeting for final approval. Concurrently, we are also in the midst of enhancing the product layout plans for the hotel, waterfront condominiums and serviced residences to meet the international standards.

We have completed all site investigation (S.I.) works on 11 June 2019 which are crucial for the design of the foundation work for the development. The Group is working with world renowned architects, designers and professionals to ensure that One Jesselton Waterfront would be designed in compliance with international seismic requirements.

D) INVESTMENTS

Petronas Basecamp in Sipitang

The Petronas Basecamp in Sipitang, is part of the Group's strategy to expand its recurring income base. Currently, we have an agreement with Petronas to provide "base-camp" facilities in Sipitang, Sabah. As at 31 December 2019, 79% of the borrowings of RM40 million that we undertook to build the facility has been paid, and will be fully paid by October 2020. Our first 5-years is set to expire in 1Q21 and we have commenced negotiations with Petronas to extend the agreement for another 5-years until 2026, generating RM56.8 million in rental income during the period.

MESSAGE FROM THE GROUP CEO

Dear Stakeholders,

At Gabungan AQRS Berhad, we continuously reinforce and improve on our business practices with good corporate governance standards to protect the Group's long-term business activities and ensure that it is being executed in a sustainable manner.

We are constantly improving on our sustainability activities for our current business operations, as well as innovating fresh initiatives which our Group will be undertaking and will benefit from in the coming years.

We continue to be guided by the global recognised trends like the United Nations Sustainable Development Goals ("UN SDGs"), Bursa Malaysia Sustainability Development Guide and Global Reporting Initiative.

Great emphasis is placed on developing the well-being of the local communities where our Group operates. We firmly stand against exploitation of human lives and any forms of discrimination, forced or bonded labour, child labour and human trafficking.

Over the years since our inception, progressive steps have been taken to continuously inculcate good corporate governance practices aimed towards safeguarding the Group's long-term sustainability.

We are confident that with the support and commitment from all stakeholders, the Company is ready and steadfast to reach greater heights as we forge ahead into the next chapter of our successful growth journey.

SUSTAINABILITY GOVERNANCE

Sustainability Principles and Values

We assess and determine our sustainable business practices based on material issues that are relevant to the Group's business operations and by evaluating the risks and opportunities in these selected areas. Accordingly, we have been able to set our sustainability priorities in a holistic approach to strengthen our business growth momentum in a sustainable and balanced manner adhering to three key impact factors:-

Sustainability Areas	Impact Factors
Economic	Expanding our business value chain segments to areas that can contribute towards long-term sustainable growth and bring about positive economic impact to the local communities.
Environment	Supporting green initiatives and eco-friendly practices to protect the overall environment and safeguard the climate change effect.
Social	Empowering our people and developing our talents to scale greater heights besides reaching out to communities in which we operate by giving back to society, especially those in need through regular active engagements.

The sustainability governance structure of Gabungan AQRS Berhad is led by a Management Sustainability Committee which reports to the Risk Management Committee. The Board of Directors is regularly updated and informed of the company's initiatives and its development progress.

■ GBG is committed to fulfill the United Nation's Sustainable Development Goals

ANALYSIS OF MATERIALITY

GBG has gathered the essential information on potential risk areas to determine and identify the material sustainability matters that may affect our business in relation to the economic, environment and social in which our business operates.

Key material areas were identified based on continuous feedbacks and views which were inputs communicated from both external and internal stakeholders.

The internal assessment was based on a 4-step approach as follows:

- 1) Issues identified from Key Risk Areas
- 2) Prioritization risk matrix employed
- 3) Review and feedback communicated by the stakeholders
- 4) Materiality assessment

#GBGforeconomy

GBG believes in value creation proposition and enhancement for our shareholders, employees and the communities in the areas where we operate in. Achievement of the financial targets remains our primary focus without compromising our code of ethics, the expectations of our stakeholders and our commitments towards sustainability. We have during the year incorporated the Anti-Bribery and Anti-Corruption Policy and strengthening the Whistle-Blowing mechanism.

#GBGforenvironment

Global warming and extreme climate changes have caused droughts leading to water shortages, forest fires and massive floods that can cause casualties to affected communities each year. In line with the global agenda towards a greener and sustainable country, GBG is committed towards promoting environmental sustainability, focusing on delivering sustainable developments, enhancing a sustainable society and cultivating a green and safe corporate culture. We continue to take proactive measures in minimising environmental impact through efficient management of our operations in the areas of energy efficiency, responsible waste management and green environment commitment towards promoting environmental sustainability.

Why it matters:

- Our commitment to support the climate change global agenda towards a greener and sustainable country
- Increasing the level of awareness amongst stakeholders and general public to protect the Environment
- For our future investments and sustainable developments
- For our future generation

GBG's Key Focus:

Waste Management

GBG's main business activity is the construction of infrastructures and buildings, and we are aware of its impact on the environment, including waste generation, which results in increased operating expenses to appropriately dispose-off the waste generated. In addition, we practice recycling of materials and re-use them before its eventual disposal as part our routine operations. However, we note that this approach is not applicable to Hazardous / Scheduled Waste management which has a storage limitation period prior to disposal.

Our key focus as a Group is to responsibly manage our waste generation and disposal practices which can lead to cost savings. An activity held during the year to promote and educate employees on the importance of recycling and responsible waste disposal is shown in the photo below. All of these are part of our commitment and contribution towards the environment for the benefit of our future generation.

Energy Management

GBG is implementing energy saving initiatives aimed at reducing energy usage across our business operations. As a start, we monitor and track our energy usage in our office by installing energy saving equipment and devices beside to cultivate the “save energy” culture amongst our staff. When it comes to energy saving initiative, a minor change can have a substantial impact to the environment. By turning off the lights in vacant rooms or turning off the air conditioning units during lunch hours can help us reduce our non-renewable energy which in turn reduce the carbon footprint.

We believe that by cultivating this culture amongst our staff, they will practice energy saving habits in their daily lives, including at home. Such behaviors can have a ripple effect to the bigger goal of conserving energy.

We note that optimizing energy consumption across our projects will not just result in cost savings in the long run but will also be as part of our commitment to minimizing carbon footprint.

■ Green initiative at the Pusat Pentadbiran Sultan Ahmad Shah (“PPSAS”)

■ Our carbon emission was reduced by 18% in 2019 following the energy saving practice in each of our projects

Biodiversity

We acknowledge the critical need to conserve our environment for our current and future generations. Therefore, we continue to increase our efforts in maintaining and conserving our ecosystem and biodiversity through landscaping, conservation of native species, habitat protection and tree planting. For our new development or projects, we continue to maintain and conserve our ecosystem and biodiversity through landscaping and tree planting to leave a positive impact in the locations we operate. For our new development or projects, we continue to maintain and conserve our ecosystem and biodiversity through landscaping and tree planting to leave a positive impact in the development areas that we operate.

Responsible Consumption & Production

The company adopts the following operating processes and practices: -

For corporate office:

- Basic environmental waste elimination control (REDUCE, REUSE & RECYCLE) has been implemented at the offices. The above 3Rs posters has been put up on the notice boards as well as the critical common office areas i.e. photocopier, light & air-cond switches, dustbin etc to promote 3Rs awareness amongst the staff
- Reduce paper usage by storing through digital files to save paper and office space
- Cost savings on administration costs
- Minimise the amount of waste disposal
- Easier retrieval, enhanced security and improve regulatory compliance

For development / project sites:

- Compact Sub-Stations from permanent power supply being used for site operation and site office. The usage of conventional Gen Set has been reduced thus greatly reduce the CO2 emission and noise pollution
- Using recyclable aluminium moulds instead of conventional plywood and timber for concrete casting work
- Adopt the Green Technology in the development projects i.e. Rain Water Harvesting system, Home Automation system, Security Access system via Bluetooth, retaining wall system filled with greenery
- Reduce greenhouse gas emissions that contribute to global climate change
- Minimise the amount of waste disposal
- Convenience and low maintenance cost to the users / residents
- Reduces greenhouse gas emissions that contribute to global climate change

■ Home Automation System - Security Access via Bluetooth

■ Retaining wall system filled with greenery

The above features have been adopted for The Peak and E'Island Lake Haven projects in 2018 and 2019.

Light Rail Transit 3

Light Rail Transit 3 project, which is part of the Land Public Transport Masterplan of the Land Public Transport Commission will provide connectivity to the western part of Greater Kuala Lumpur / Klang Valley.

Connectivity of cities

This project is expected to benefit 74,000 passengers and 500,000 residents across the alignment by improving connectivity and reducing traffic congestion. It is also expected to strengthen communities in Petaling Jaya, Shah Alam and Klang by promoting mixed-use real estate development around its stations.

Less traffic congestions

Ten of the stations on the line will be equipped with parking areas accommodating approximately 6,000 cars. The trains will move at a maximum speed of 80km/h and be capable of transporting up to 36,720 passengers an hour.

The LRT3 will have 26 stations, 5 of which will be integrated stations to provide an enhanced transport link to commuters.

Pusat Pentadbiran Sultan Ahmad Shah, Kuantan (PPSAS)

PPSAS is envisioned to be the new landmark for Pahang and the architecture references the state's identity. The building's key idea is to heighten the sense of patriotism and pride for its people reflected by the most befitting source of inspiration i.e. the Pahang's Coat of Arms.

■ Pusat Pentadbiran Sultan Ahmad Shah, Kuantan (PPSAS)

Sungai Besi - Ulu Kelang Expressway (SUKE)

Malaysia has an annual population growth of 1.4%. As a growing country with exponential growth in the volume of people to the volume of traffic congestion with inevitably 6% to 8% traffic growth projected annually in the city, there is an estimated 200,000 vehicles daily causing the traffic gridlocks on MRR2. Through the SUKE Highway, travelling time is cut down by 50 minutes and lessen fuel consumption by RM7 per day. It is designed to give a smooth journey of speed up to 80 kilometers per hour. SUKE aims to be a more viable alternative to MRR2 by minimizing traffic congestion in Cheras, Pandan Indah and Ampang. SUKE is expected to reduce 30% traffic congestion at MRR2 during peak hour. Users will literally rise above the infamous Cheras's traffic gridlock at the Cheras Kajang Interchange which will provide traffic relief to those who have been enduring this congestion for years.

SUKE's presence in the heart of the city will be a great benefit to the communities within its surrounding areas. It will provide greater convenience by being a bridge that bring people closer socially.

Corporate Social Responsibility

Giving back to the Society

Since the start of the year, many are living in the state of economic uncertainty and with another year of profiting from our projects, we have donated 0.6% of our profit after tax for the donation to the good and worthy cause.

Programme	RM'000
Charity concert "Yannick Bovy celebrates 100 years of Nat King Cole"	100
Donation for Intense Autism Awareness and Fundraising Campaign	60
Gifts for safety day and jersey	34
Contribution for Pertubuhan Seni Anak Sabah and Pertubuhan Kebajikan Sukan	18
Blood donation campaign and social programme	22
Total	234

During the year, a donation of RM60,000 has been made to National Autism Society of Malaysia for Intense Autism Awareness and Fundraising Campaign in year 2019.

National Autism Society provides a range of support services to assist people living with autism which refers to conditions characterized by challenges with social skills, repetitive behavior, speech and nonverbal communication, especially children and family members so that they can reach their full potential, participate in their communities, and lead a meaningful life with dignity.

■ National Autism Society of Malaysia (NASOM), Kuantan

National Autism Society of Malaysia, Kuantan was set up in 2005 under the umbrella of the National Autism Society of Malaysia. It was the first autism centre in the East Coast. It has 2 centres, namely Early Intervention and Pre-Vocational/Vocational Programme serving 60 children who come daily for intervention and 70 children come from Pahang, Johor and Terengganu on a weekly or fortnightly basis for intensive occupational therapy and behavior modification. It also consists of fourteen teacher and two fully qualified occupational therapist. Among the programmes taught are living, reading, writing, mathematic, self help and social skills.

On 5 October 2019, donation has been made to Yayasan MRCB of RM100,000 for the "Yannick Bovy Celebrates 100 Years of Nat King Cole" charity concert held at the Istana Budaya, Kuala Lumpur which was attended by more than 700 guests.

The proceeds were used to help the underprivileged students and needy communities such as refurbishment of schools' facilities, providing educational assistance in the form of tuition classes, UPSR workshops, back to school programme and providing one-year free meals to underprivileged students.

GBG Relief Fund

On 8 May 2020, the Group Chief Executive Officer initiated the setting up a GBG Relief Fund to help the poor and needy to overcome the impact of the economic crisis brought about by the Covid-19 pandemic. Accordingly, countless wage earners undergo a pay-cut or worse still lose their jobs due to retrenchment.

The fundraising exercise for the relief fund is to be collected from the Group's employees, with a desired target contribution amount of approximately RM50,000 to support around 300 families through the provision of ample food supplies and basic necessities to last for about 14 days per family.

This relief fund initiative will not be the last and more opportunities in the future for employees to contribute meaningfully when the occasion arises for us to manifest our compassionate spirit towards the less fortunate.

Going back to school

Going back to school is an exciting time for many children. Unfortunately, there are some family who cannot afford basic schooling items which is a necessity for families with school going children.

GBG has taken these opportunities to demonstrate its love and care to them by contributing uniforms, shoes, socks and stationeries items to bring joy to them.

CSR is a programme to reach out and fulfill the needs and wants of the community.

The programme is to provide exposure and introduction of science to stimulate the interest of children in science and understanding of science concepts.

COMPANY STATEMENT TOWARDS OSH

GBG promises a safe and healthy workplace to all employees. An aligned Occupational Safety & Health Management System (OSHMS) procedures, standards and guidelines are enforced to ensure a safe & healthy working environment to avoid zero fatalities and zero permanent disabilities across all GBG sites.

Safety, Health & Environment (SHE) performance review is carried out to avoid occurrence or re-occurrence of incidents. Our commitment to safety is shared across all levels and project sites.

GBG strives to achieve our OSH objective at all project sites: -

- I. To achieve an average score of 70% on monthly safety and health inspection per year per project
- II. To ensure 100% attendance of staff for a CIDB Green Card Induction per year per project
- III. To achieve zero (0) fatalities and zero (0) permanent disabilities per year per project

TOP MANAGEMENT COMMITMENT TOWARDS OSH

Responsibilities and authorities are assigned and communicated to: -

- a) Ensure OSHMS conforms to ISO 45001 requirements
- b) Ensure SHE best practices are being implemented, maintained and monitored
- c) Collecting, analysing and maintaining statistical analysis of occupational injuries or diseases
- d) Report OSHMS performance

EMPLOYEES COMMITMENT TO SHE REQUIREMENTS

- a) Comply to ISO 45001 requirements
- b) Follow employer's instructions and cooperate with employer
- c) Aware & report safety and health hazards
- d) Wear Personal Protective Equipment (PPE)

Sustainability Statement

(CONT'D)

We are committed to create a healthy, safe and conducive working environment for our employees. We want to provide our employees with more than just a job but an opportunity to thrive and develop their skills in building positively their career.

We are COMMITTED to the establishment of OSH POLICY: -

- Provide safe & healthy working conditions
- Fulfill legal and other requirements
- To eliminate hazards and reduce risks
- Continuous improvements
- The consultation and participation of workers
- Provides framework for setting OSH objectives

PERCENTAGE (%) OF WORKPLACE INSPECTION FOR ALL PROJECT SITE FOR YEAR 2019

Monthly Workplace Inspection

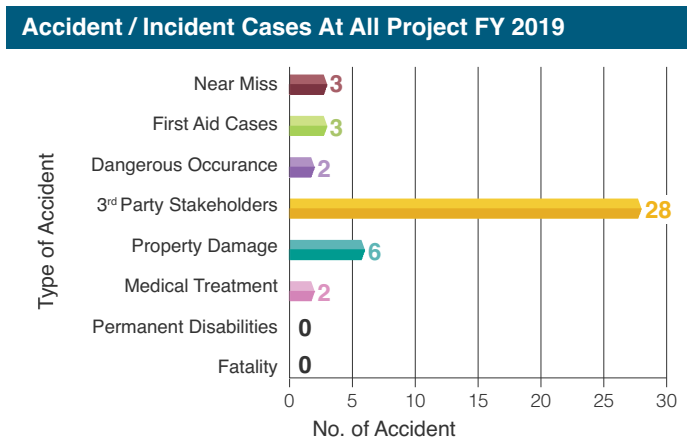

Table above shows that all projects achieved **above 70% score for workplace inspection in 2019**. Apart from this, we can ensure that our worksite have fully implemented the OSH through the monthly inspection endorsed by competent Safety and Health Officer (“SHO”). GBG provides a safe workplace condition and thoroughly investigate any hazards identified at workplace to protect the employees and prevent any near miss or accident.

Sustainability Statement

(CONT'D)

STATISTICS OF ACCIDENT/ INCIDENT REPORT FOR YEAR 2019

From the statistical data above, GBG recorded **zero (0) fatality and zero (0) permanent disabilities** for all projects site in 2019 which in turn achieved our OSH objective. However, if there was any report of near miss at the workplace, these near miss reports were analysed and the root cause ascertained. Following on, the prevention of unsafe act and unsafe condition at our workplace were disseminated to all levels and staffs for implementation and continuous improvement.

Based on the bar chart above, 3rd Party Stakeholder (property damage & public) is the highest incident which occurred at our project site SUKE CA3. However, this is due to the project location site being in the middle of an extremely busy road. However, immediate action and corrective action plan was implemented and monitored to reduce the incident cases such as incident investigation by all parties to rectify the problem and avoid future unwanted event.

What we do to achieve: -

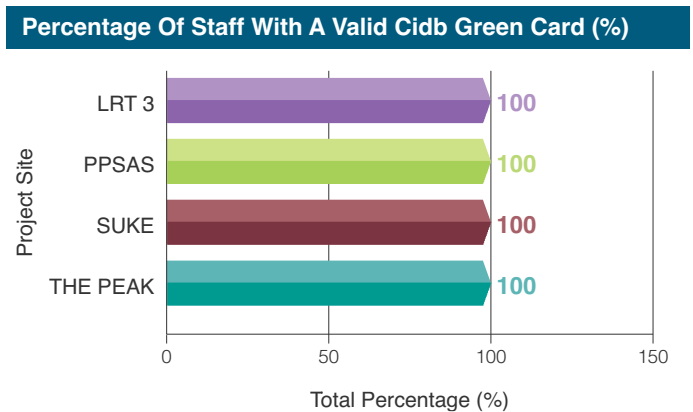

- Conduct OSH awareness, training & competency for staff
- Promoting OSH Campaign such as You-See-You-Act (UCUA) Campaign, Blood Donation Campaign & etc
- Engagement and involvement with authorities as a witness of OSH activities carried out such as BOMBA, DOSH & MOH

TOTAL MANHOURS AND TARGET AT ALL PROJECT SITE UP TO YEAR 2019

PROJECT	TOTAL MANHOURS	TARGET
THE PEAK	4,446,834	4,000,000
SUKE CA3	1,461,230	1,000,000
SUKE TP1	287,270	1,000,000
PPSAS	1,530,850	1,500,000
LRT 3 (GS04)	1,932,920	1,500,000

The table above indicates **all project sites are in progress to achieve the target of zero Lost Time Injury (LTI)**. The target was carried forward in year 2019 to achieve OSH objective by each site project.

PERCENTAGE OF STAFF WITH A VALID CIDB GREEN CARD AT ALL PROJECT SITE FOR YEAR 2019

From the chart above, it is shown that **all project sites achieved 100% staffs who attended the green card class and earned a valid CIDB membership**. All staffs at project site shall require a valid CIDB card to enter the site. By that way, all staffs are in compliance with GBG OSH requirements and thus achieved our OSH Objective for year 2019

Sustainability Statement

(CONT'D)

Action taken by SHE Department to reduce risks at workplace:

1. Eliminate any hazard identified at our workplace and this is taken as a priority in a hierarchy of control
2. Identify the people at risk and monitor the work activities whether high, medium or low risk in order to carry out the risk assessment
3. Evaluate, remove and reduce risks at workplace by providing protection in terms of a safe condition and ensure safety measures taken so that all employees, visitor or any person at workplace are shielded from harm
4. Record all activities, plan the SHE programmes and train all employees, visitor or any person workplace to increase their awareness and knowledge on OSH management system and OSH implementation
5. Review the OSH management system periodically to ensure the system is updated and maintained including the legal and other requirements

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of Directors (“**the Board**”) of Gabungan AQRS Berhad (“**the Company**”) recognises the importance of good corporate governance practices within the Company and its subsidiary companies (“**Group**”) as a fundamental part of discharging its responsibilities to safeguard shareholders’ investments and to protect the interests of all stakeholders.

The Board is aspired and committed to ensure that the applicable principles and recommendations as set out in the Malaysian Code on Corporate Governance (“**MCCG**”) and the Main Market Listing Requirements (“**MMLR**”) of Bursa Malaysia Securities Berhad (“**Bursa Securities**”) respectively are applied throughout the Group so as to enhance the value to our shareholders and other stakeholders as well as to generate long term sustainability and growth.

The Board is pleased to present an overview of the Corporate Governance Overview Statement (“**CG Statement**”), which provides key highlights on how the Company complies with the three (3) principles of the MCCG during the financial year ended 31 December 2019, which are as follows:-

- (a) Principle A : Board Leadership and Effectiveness;
- (b) Principle B : Effective Audit and Risk Management; and
- (c) Principle C : Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

This CG Statement is augmented with a Corporate Governance Report 2019, based on the application of the Group’s corporate governance practices during the financial year ended 31 December 2019. The Corporate Governance Report is available on the website of Bursa Securities together with Company’s Annual Report 2019 and is also posted on the Company’s website (<http://www.gbg.com.my/>).

This CG Statement should also be read in tandem with other statements in this Annual Report (i.e. Statement on Risk Management and Internal Control, Audit Committee Report, Directors’ Responsibility Statement and Sustainability Report) for an all-encompassing understanding of the Group’s corporate governance framework and practices.

PRINCIPLE A : BOARD LEADERSHIP AND EFFECTIVENESS

I. BOARD’S RESPONSIBILITIES

The Board is entrusted for the oversight of overall management of the business affairs of the Group. The Board is responsible for determining all major policies, reviewing the system of internal control, ensuring that effective strategies and management are in place, for assessing the performance of the Group and its Management team. The respective roles and responsibilities of the Board and Management are clearly set out and understood to ensure accountability and ownership by both parties.

In line with its overall responsibility for the proper conduct of the Group’s business, the Board is also responsible for establishing the Group’s business goals and strategic directions, setting operating goals and performance targets for Management and monitoring the achievement of those operating goals and performance targets. The Board also oversees the process of evaluating the adequacy and effectiveness of the system of internal controls and risk management processes.

The Board also mindful of the importance of the establishment of clear roles and responsibilities in discharging its fiduciary and leadership functions including those reserved for the Board’s approval and those which the Board may delegate to the Board Committees and the Management and committed to ethical values and standards. On this note, the Board has defined its Board Charter setting out the roles, duties and responsibilities of the Board, the principles and practices of corporate governance to be followed as well as the key matters reserved for the Board’s approval. The Board has also established Code of Conduct and Ethics and Whistleblowing Policy.

Separation of Positions of the Chairman and Group CEO

The roles of the Chairman and Group CEO are separate and clearly defined, and are held individually by two (2) persons. The Group practises the division of responsibility between the Chairman and Group CEO and there is a balance of power and authority such that no one individual has unfettered powers over decision-making.

The Chairman who is an Independent Non-Executive Director, is responsible for the leadership and governance of the Board, ensuring its effectiveness. He leads the Board effectively and encourages active participation and contribution from all members. He engages directly with the Group CEO to monitor performance and oversees the implementation of strategies.

The Group CEO is responsible for the day-to-day management of the Group's operations and businesses as well as implementation of the Board's policies and decisions.

Qualified and Competent Company Secretary

The Company Secretaries of the Company are competent and suitably qualified to act as Company Secretaries under Section 235 of the Companies Act 2016. Every Director has ready and unrestricted access to the advice and the services of the Company Secretaries in ensuring the effective functioning of the Board. The Company Secretaries ensure that Board policies and procedures are both followed and reviewed regularly and they have the responsibility to ensure that each Director is made aware of and provided with guidance as to their duties, responsibilities and powers. The Company Secretaries also notify the Board of any corporate announcements released to Bursa Securities and the impending restriction on dealing with the securities of the Company prior to the announcement of the quarterly results.

The Company Secretaries play an important advisory role to the Board in relation to the Company's constitution and advise the Board on any updates relating to new statutory and relevant regulatory requirements pertaining to the duties and responsibilities of Directors as and when necessary.

The Board is satisfied with the performance and support rendered by the Company Secretaries to the Board in the discharge of their function.

Whistleblowing Policy

The Company has implemented Whistleblowing policy which provides an avenue and mechanism to all employees and stakeholders of the Group to report concerns about any suspected wrongdoing, inappropriate behaviour or misconduct relating to fraud corrupt practices, and/or abuse, for investigation and Management's action.

The designated persons to liaise with will be Datuk Kamarudin bin Md Ali ("Datuk Kamarudin") and Mr Loo Choo Hong. Datuk Kamarudin assume the role of Senior Independent Non-Executive Director will also act as the designated contact to whom stakeholders' concern or queries may be raised, as an alternative to the formal channel of communication with stakeholders.

Their contact details are in the Whistleblowing Policy which has been published and made available on the Company's website at <http://www.gbg.com.my/>.

Anti-Corruption Policy and Framework

Effective 1 June 2020, the Company has implemented an anti-corruption framework in line with the government's commitment to tackling corruption, improving integrity and implementing good corporate governance pursuant to Section 17A of the Malaysian Anti-Corruption Commission Act which will strengthen the Whistleblowing mechanism.

Board Committees

In order to ensure effective discharge of its functions and responsibilities, the Board has delegated certain responsibilities of the Board to the Board Committees and the Chairman to assist in carrying out its responsibilities and functions. Although specific powers are delegated to the Board Committees, the Board keeps itself abreast of the key issue and decisions made by each Board Committee through the reports by the Chairmen of the Board Committees and the tabling of the minutes of the Board Committee meetings at Board meetings. The ultimate responsibility for decision-making, however, lies with the Board.

II. BOARD COMPOSITION

The Board consist of seven (7) Directors, comprising three (3) Executive Directors and four (4) Independent Non-Executive Directors. The Board composition is in compliance with Paragraph 15.02 of the MMLR of Bursa Securities which states that at least two (2) Directors or 1/3 of the Board, whichever is higher, are independent directors. This is also in line with Practice 4.1 of the MCCG where it requires the Board members comprises of at least of the majority independent directors. The profile of the Directors are as set out in the Directors' Profile in this Annual Report.

In order to drive the Board's leadership and effectiveness, the Board ensures that it has the right board composition in enhancing the Board decision making process. The Executive Directors have direct responsibilities on the day-to-day business operations and frequently attend management meetings wherein operational details and other issues were discussed and considered. Whereas the presence of the independent directors provide guidance, independent views, advice and judgement in ensuring that the strategies proposed are discussed and examined. Together, the Directors bring diverse characteristics which allow a mix of qualifications, skills and experience which are necessary for the successful direction of the Group.

(CONT'D)

Independence

The concept of independence adopted by the Board is in tandem with the definition of an Independent Director in the MMLR. The MMLR's definition of independence includes a series of objective tests such as Independent Director is not an employee of the Company and is not engaged in any type of business dealings with the Company.

The Board assesses the independence of the Independent Non-Executive Directors on an annual basis by taking into account the individual Director's ability to exercise independent judgment at all times and based on the criteria as set out in the MMLR of Bursa Securities. In addition, during the assessment conducted, the Board studied the results of the evaluation and is generally satisfied with its current size, composition as well as the mix of skill sets and the independence of its Independent Non-Executive Directors. None of the Independent Directors has engaged in the day-to-day management of the Company, participated in any business dealings or was involved in any other relationship with the Company (other than in situations permitted by the applicable regulations).

Tenure of Independent Directors

The Board had then reviewed and include the provision of Tenure of Independent Directors in the Board Charter by taking into account the recommendation of the Nomination Committee specifies that an independent director who has reached the threshold of 9 year's tenure will be re-designated as Non-Independent Non-Executive Director, unless he has obtained shareholders' approval to be retained in the Board as Independent Non-Executive Director. If the Board continues to retain the independent Director after twelfth year, annual shareholders' approval must be sought through a two-tier voting process. This is to facilitate the Board renewal and hence, enhancing the effectiveness of the Board.

As at the date of this Overview Statement, none of the Independent Directors has served more than nine (9) years on the Board.

Board Diversity

The Board recognises diversity in the boardroom as an essential component of a good corporate governance. The Board's aim is to have a broad range of approaches, backgrounds, skills and experience represented on the Board and to make appointments on merit, and against objective criteria, with due regard given to the benefits of diversity on the Board, including gender, age and ethnicity. The Board currently has one female director out of 7 directors which makes up to 14.29% of the Board members.

The Board acknowledges the recommendation of the MCCG on gender diversity but believes that the overriding factors in selection of Director must be based on skill, experience, competency and wealth of knowledge, while taking into consideration diversity of the Board. The Group has established a Gender Diversity Policy to formalise its diversity approach as above. Hence, the Company will increase female representation on the Board if appropriate candidates are available when Board vacancies arise.

Corporate Governance Overview Statement

(CONT'D)

The composition of the Board which comprises seven (7) members can be dissected as below:

The Board believes that valuable contribution can be obtained from Directors who have, over a period of time, developed valuable insight of the Company and its business. Their experiences enable them to discharge their duties and responsibilities independently and effectively in the decision-making processes of the Board notwithstanding their tenure on the Board.

The Board also believes that the Directors have a diverse and relevant range of skills, backgrounds, knowledge and experience to ensure effective governance of the business. Hence, the members of the board contribute across industry knowledge, international experience perspective and specific subject matter expertise which the table below sets out the composition of skills and experience of the Board:-

Nomination Committee

The Nomination Committee comprises entirely Independent Non-Executive Directors (“INED”). An Independent Director is appointed as Chairman of the Nomination Committee. The Nomination Committee shall meet at least once a year or as and when deemed fit and necessary.

The key responsibilities of the Nomination Committee are to assist the Board among others, to assess the performance of Directors, as well as to evaluate and recommend suitable candidates for the Board and Senior Management, if necessary.

The Terms of Reference of the Nomination Committee is published on the corporate website of the Company for shareholders' reference at www.gbg.com.my.

Appointments to the Board

The Nomination Committee is responsible for assessing and making recommendations on any new appointments to the Board. Selection of new candidates to be considered for new appointment as director is facilitated through recommendations from the Board members, the Management and/or through independent sources.

In evaluating the suitability of candidates, the Nomination Committee considers, *inter-alia* their character, background, knowledge, integrity, competency, experience, commitment (including time commitment) and potential contribution to the Group, and additionally, in the case of candidates proposed for appointment as INEDs, the candidates' independency must be established. The final decision as to who shall be appointed as Director remains the responsibility of the full Board, after considering the recommendation of the Nomination Committee.

This is consistent with the Group's practice of being an equal opportunity employer where all appointments and employments are based strictly on merit and are not driven by any racial or gender bias. The Company Secretaries have the responsibility of ensuring that relevant procedures relating to the appointment of new Directors are properly executed.

Annual Assessment

The performance evaluations of the Board, Board Committee and individual Directors are conducted by way of self-assessment. The Directors are given a set of questionnaire covering assessments of the Board, Board Committees, individual Director and independence assessments for Independent Directors to provide their feedback, views, commentary and suggestions for improvements.

The results of these self-assessment questionnaires are then compiled by the Company Secretary and tabled to the Nomination Committee for review and recommendation to the Board for notation. A summarised version of the results is provided to the Board of Directors for their information. The criteria that are used in the assessment of the Board include the adequacy of the Board structure, the efficiency and integrity of the Board's operations and the effectiveness of the Board in the discharge of its duties and responsibilities.

Corporate Governance Overview Statement

(CONT'D)

During the financial year ended 31 December 2019, the Nomination Committee held one (1) meeting with full attendance of all its members, to deliberate the following matters:-

- Reviewed the size and composition of the Board and Board Committee;
- Nominated for the re-election of Board members at the forthcoming Annual General Meeting (“AGM”) and recommended to the Board that a resolution for their re-election be tabled at the forthcoming AGM;
- Reviewed annual assessment of the effectiveness and performance of the Board;
- Reviewed and assessed the independence of the Independent Directors based on the criteria set out in the MMLR of Bursa Securities; and
- Reviewed annual assessment of the contribution and performance of each Director, Board Committees as well as the contribution of the INEDs.

The NC upon its assessment of the above, is satisfied that the Board has met the policy on its composition.

Time Commitment

The Board is satisfied with the level of time committed by the Board in discharging their respective duties and roles as Directors of the Company. All the Directors of the Company have complied with the MMLR of Bursa Securities on the maximum number of directorships held in public listed companies.

To facilitate the Directors’ time planning, an annual meeting calendar which provides the schedule dates for meetings of the Board and Board Committees as well as the AGM is prepared and circulated to them before the beginning of every financial year. Additional meetings are convened when urgent and important decisions need to be made between scheduled meetings. This is to ensure the Directors that they allocate sufficient time to discharge their duties effectively.

The Directors remain fully committed in carrying out their duties and responsibilities effectively, as reflected by their attendance at the 6 Board meetings held during the financial year ended 31 December 2019 as follows:-

Name of Director	No. of Meetings Attended/ No. of Meetings Held During Tenure of Office
Y.M. Tunku Alizan bin Raja Muhammad Alias	5/6
Datuk Kamarudin bin Md. Ali	6/6
Dato’ Azizan bin Jaafar	6/6
Dato’ Ow Chee Cheoon	6/6

III. REMUNERATION

Directors & Senior Management's Remuneration

The Remuneration Policy of the Board provides that all Executive Directors and Senior Management are remunerated based on the Group's individual's performances, market conditions and their responsibilities whilst the remuneration of the Non-Executive Directors is determined in accordance with their experience, level of responsibilities assumed in the Board Committees, their attendance and/or special skills and expertise they bring to the Board. The Remuneration Policy of Directors and Senior Management is available for reference at the Company's website at www.gbg.com.my.

The remuneration of the Executive Directors is reviewed and recommended by the Remuneration Committee to the Board for approval. The Independent Non-Executive Directors are remunerated with Directors' fees are subject to shareholders' approval at the AGM annually in accordance with the Company's Constitution and Section 230(1) of the Companies Act, 2016. In view thereof, in terms of recommending the proposed Directors' fees, the Remuneration Committee takes into consideration the qualification, duty and responsibility, and contribution required from a Director in view of the Group's complexity, and also the market rate among the industry. The Board then collectively determines the remuneration for the Independent Non-Executive Directors based on the RC's recommendation. All Directors shall abstain from discussion and decisions on their own remuneration.

The Company also provides Directors' and Officers' Liability Insurance which may provide an indemnity to the fullest extent permitted by the Company Act 2016 and against any liability incurred by them in the discharge of their duties while holding office as Directors and Officers.

PRINCIPLE B : EFFECIVE AUDIT AND RISK MANAGEMENT

I. AUDIT COMMITTEE

The Audit Committee comprises 3 members whom are Independent Non-Executive Directors. All members of the Audit Committee are relatively financially literate, while the Chairman of the Audit Committee is a member of the Malaysian Institute of Accountants. The Board is assisted by the Audit Committee in governing the Group's financial reporting processes and the quality of its financial reporting. The quarterly results and audited financial statements are reviewed by the Audit Committee and the external auditors (for audited financial statements) and approved by the Board before being released to Bursa Securities.

The Audit Committee has full access to both the Internal and External Auditors who in turn, have access at all times to the Chairman of the Audit Committee. The role of the Audit Committee and the numbers of meetings held during the financial year as well as the attendance record of each member are set out in the Audit Committee Report in this Annual Report.

The ToR of the Audit Committee are available for viewing in the Company's corporate website, <http://www.gbg.com.my/>

Relationship with External Auditors

The Audit Committee meets with the External Auditors to discuss their audit plan, audit findings and the Company's financial statements. At least twice a year and whenever necessary, the Audit Committee shall meet with the External Auditors without the presence of Executive Board members or management personnel to allow the Audit Committee and the External Auditors to exchange independent views on matters which need to be brought to the Audit Committee's attention. In addition, the external auditors are also invited to attend the AGM of the Company and are available to answer shareholders' questions on the conduct of the statutory audit and the preparation and content of their audit report.

The Audit Committee considered the non-audit services provided by the External Auditors during the FYE 2019 and concluded that the provision of these services did not compromise the External Auditors' independence and objectivity. The amount of fees paid for these services was not significant when compared to the total fees paid to the External Auditors.

Corporate Governance Overview Statement

(CONT'D)

The External Auditors have confirmed to the Audit Committee that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the independence rules of the MIA.

A summary of activities of the Audit Committee during the financial year under review is set out in the Audit Committee Report of this Annual Report.

II. RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Risk Management Committee is responsible for establishing and maintaining a sound risk management and internal control system approved by the Board to ensure that the shareholders' investments, other stakeholders' interests and assets of the Group are safeguarded. Risk Management Committee evaluates the adequacy and effectiveness of the internal control system by reviewing the actions taken on lapses, recommendations of internal auditors and Management responses.

The Risk Management Committee is also responsible for implementing risk management policies and strategies approved by the Board. It monitors and manages the principal risk exposure by ensuring that the Management has taken the necessary steps to mitigate such risks and recommends action where necessary. The Risk Management Committee is charged with monitoring the effectiveness of risk management systems and is required to report to the Board on any significant risk exposure.

The Statement on Risk Management and Internal Control as set out in this Annual Report provides an overview of the management of risks and state of internal control within the Group.

Internal Audit Function

The Directors acknowledge their responsibility to formulate a system of internal control and risk management. The Board seeks regular assurance on the continuity and effectiveness of the internal control and risks management system through independent review by the Internal Auditors.

The Internal Audit function is carried out by IA Essential Sdn. Bhd. ("IA Essential") an internal audit consulting firm. The Internal Audit function is headed by a Director who is assisted by an audit team comprising Manager and Executives. The Director in Charge is a qualified Accountant while other team members are accounting graduates from local universities. Save for the internal audit service, there is no other engagement between the Group and IA Essential which may create conflict of interest or impair their objectivity and independence.

The outsourced Internal Auditors have conducted their work in consideration of the broad principles of the International Professional Practice Framework of IIA covering the conduct of the audit planning, execution, documentations, communication of findings and consultation with key stakeholders.

The outsourced Internal Auditors report independently and directly to the Audit Committee in respect of the Internal Audit function. The Audit Committee together with the Internal Auditors agreed on the scope and planned Internal Audit activities annually and all audit findings arising therefrom are reported to the Audit Committee.

Further details of the activities of the risk management and internal audit function are set out in the Statement on Risk Management and Internal Control in this Annual Report.

PRINCIPLE C : INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

I. COMMUNICATION WITH STAKEHOLDERS

The Board recognises that information is the lifeblood of capital market and effective communication between the Group and its stakeholders is imperative for informed decision-making. The Group also places strong emphasis on the importance of timely and equitable dissemination of information to shareholders and other stakeholders. Whilst the Group endeavours to provide as much information as possible to its stakeholders, it is mindful of the legal and regulatory framework governing the release of material and price-sensitive information.

The communication channels used in the Company's engagement with its stakeholders include:

- a) The Company's website;
- b) Announcements via Bursa Link;
- c) Annual Reports;
- d) General Meetings; and
- e) Investors, analyst and media briefings.

The practice of disclosure of information is not established just to comply with the requirement of the MMLR of Bursa Securities, but also to adopt the best practices recommended in the MCCG with regard to strengthening engagement and communication with shareholders.

The Directors have general responsibility for taking such steps to safeguard the assets of the Group and of the Company and to prevent and detect fraud and other irregularities.

II. CONDUCT OF GENERAL MEETINGS

The AGM serves as an invaluable platform for shareholders to engage the Board and Senior Management in productive dialogue and provide constructive feedback that contributes to the overall betterment of the Group. During the previous AGM held on year 2019, all Directors were present to provide clear and meaningful response to shareholders' question. The Engagement Partner of the external audit firm was also present at AGM to answer questions from shareholders relating to the external audit process and the attendant outcome. It is customary for Directors to be present early at AGM venue to socialise with shareholders and gather first-hand views which otherwise would not be raised through formalised engagement fora.

The Board has adopted the recommendation of MCCG for the notice of AGM to be given shareholders at least 28 days prior to the meeting. Explanation for each proposed resolution is set out in the Notice of AGM to assist shareholders in making their decisions and exercising their voting rights. In line with Paragraph 8.29(1) of the MMLR, all resolutions set out in the Notice of AGM will be put to vote by poll. The Company will also appoint an independent scrutineer to validate the vote cast in the AGM. The outcome of the AGM will then be announced to Bursa Securities on the same meeting day while the summary of key matters, if any, discussed during the AGM will be posted on the Company's website.

Shareholders who are unable to attend the AGM are advised that they can appoint proxies to attend and vote on their behalf.

COMPLIANCE STATEMENT

This Statement on the Company's CG practices is made in compliance with Paragraph 15.25 of the MMLR and approved by the Board on 21 May 2020.

C. EXTERNAL AUDIT

- (i) On 28 February 2019, the Audit Committee deliberated on the Audit Completion for the financial year ended 31 December 2018 (“**Audit Completion Report**”) with External Auditors, Messrs BDO PLT (“**BDO**”) at its meeting with regards to the significant accounting and audit issues (i.e. findings on areas of significant to auditor’s attention, key audit matters and summary of misstatement) arising from the statutory audit of the Group and the Company for FYE 2018.

In the course of the presentation of the Audit Completion Report, the Audit Committee was also briefed that the Company and the Group were impacted and adopted the Malaysian Financial Reporting Standards (“MFRS”) framework in the preparation of financial statements as follows:-

- MFRS 9 – Financial Instruments; and
- MFRS 15 – Revenue from Contracts with Customers.

The Audit Committee was also updated by BDO in regards to the IFRS Interpretation Committee Tentative Agenda Decision on over time transfer of constructed good.

- (ii) On 28 February 2019, BDO had also confirmed that they are not aware of any matter that impairs their professional independence and will continuously comply with the relevant ethical requirements regarding independence with respect to the audit of the financial statements of the Company and Group for FYE 31 December 2018 in accordance with the Malaysian Institute of Accountants By-Laws (on Professional Conduct and Ethics) and International Ethics Standards Board for Accountant’s Code of Ethics for Professional Accountants.
- (iii) During the review of the Audited Financial Statements of the Group and Company for FYE 31 December 2018 at its meeting on 18 April 2019, the Audit Committee considered the summary of audit adjustments identified during the course of audit and agreed by the Management which presented by BDO to be adjusted in the financial statements for FYE 31 December 2019. The Audit Committee was also briefed on the analysis of uncorrected audit misstatements which did not have material impact to the financial statements for FYE 31 December 2019.
- (iv) On 29 November 2019, the Audit Committee reviewed the Audit Planning for the FYE 31 December 2019 prepared by BDO, outlining engagement and reporting responsibilities, BDO audit approach, materiality and performance materiality, areas of significant auditor attention, and engagement team and reporting deliverables.
- (v) The Audit Committee had met with the external auditors without the presence of the Management staff and the Executive Board members twice (2) on 28 February 2019 and 29 November 2019 respectively, in order to provide the external auditors with an avenue to candidly express any concerns they may have, including those relating to their ability to perform their work without restraint or interference

The Audit Committee also evaluated the performance of the external auditors, their independence and objectivity, their ability to serve the Group in terms of technical competencies and manpower resource sufficiency, as well as the audit fees of the external auditors. After carrying out an evaluation of the performance of the external auditors, the Audit Committee recommended to the Board to propose to shareholders the re-appointment of the external auditors at the forthcoming Tenth Annual General Meeting of the Company.

Audit Committee Report

(CONT'D)

D. INTERNAL AUDIT

- (i) Reviewed the internal audit's scope of work, functions, competency and resources and that it has the necessary authority to carry out its work.
- (ii) Reviewed the internal audit plan to ensure the scope and coverage of the internal audit on the operations of the Group is adequate and comprehensive and that all the risk areas are audited annually.
- (iii) Reviewed the internal audit reports prepared by the outsourced internal auditors and appraised the adequacy and effectiveness of Management's response in resolving the audit issues reported.
- (iv) Reviewed the follow-up internal audit reports prepared by the outsourced internal auditors and monitored the outcome of follow-up audits to ascertain the extent to which agreed action plans have been implemented by Management.

During the financial year under review, the Internal Auditors had conducted the audit activities as per the approved audit plan and presented their Internal Audit reports on 28 February 2019, 17 May 2019, 22 August 2019 and 29 November 2019 respectively to the Audit Committee.

The Audit Committee had two (2) private sessions with the Internal Auditors without the presence of the Management staff and the Executive Board members on 17 May 2019 and 29 November 2019 respectively. Internal Auditors did not highlight any significant internal audit issue to be brought to the Audit Committee's attention.

E. RELATED PARTY TRANSACTIONS

The Audit Committee reviewed the quarterly and make enquiry if there are any recurrent related party transactions ("RRPTs") and to ensure the RRPTs, if any, are on ordinary commercial terms and are not favourable to the related party than is generally available to the public, and that the transactions are not detrimental to the minority party. This is also to ensure in compliance with both in-house procedures and the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

INTERNAL AUDIT FUNCTION

The Internal Audit Function is outsourced to an independent professional services firm, IA Essential Sdn. Bhd., which reports directly to the Audit Committee and has direct access to the Audit Committee Chairman on all internal control and audit issues. The Audit Committee assesses the adequacy of the scope, functions, competency and resources of the Internal Auditors.

The principal role of the Internal Auditors is to undertake independent and regular reviews on the Group's internal controls system so as to provide reasonable assurance on the adequacy, integrity and effectiveness of the Group's system of internal controls, risk management and governance.

The Internal Auditors perform their work in accordance with the principles of the international internal auditing standards covering the conduct of the audit planning, execution, documentations, communication of findings and consultation with key stakeholders on the audit concerns. In order to ensure that the audit focus is on relevant and appropriate risk areas, the internal audit plan was developed in consultation with management taking into consideration the Group's risk profile. The proposed internal audit plan will then be presented to the AC for deliberation and approval before internal audit reviews are carried out. Any significant changes to the internal audit plan will be referred to the Audit Committee for approval prior to the commencement of the internal audit.

The total cost incurred in relation to the conduct of the outsourced internal audit function of the Group for the FYE 2019 amounted to RM107,900 against RM100,000 in FYE 2018.

Audit Committee Report

(CONT'D)

SUMMARY OF WORK OF INTERNAL AUDIT FUNCTION FOR THE FINANCIAL YEAR

The Internal Auditors adopts a risk based auditing approach, guided by the International Professional Practices Framework (IPPF) issued by the Institute of Internal Auditors, prioritising audit assignments based on the Group's business activity, risk management and past audit findings. They evaluated the adequacy and effectiveness of key controls in responding to risks within the organisation's governance, operations and information systems, in terms of:

- Reliability and integrity of financial and operational information;
- Effectiveness and efficiency of operations;
- Safeguarding of assets; and
- Compliance with relevant laws, regulations and contractual obligations.

The findings of the Internal Auditors were highlighted to the relevant management representatives for corrective actions. The Management is responsible for ensuring that corrective actions are taken within the agreed timeframe.

This AC Report has been reviewed by the Audit Committee and approved by the Board on 21 May 2020.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors (“Board”) is pleased to present the Statement on Risk Management and Internal Control for the financial year ended 31 December 2019, issued in compliance with paragraph 15.26(b) of the Main Market Listing Requirements (“MMLR”), Principle B of the Malaysian Code on Corporate Governance, with guidance from the Statement on Risk Management & Internal Control: Guidelines for Directors of Listed Issuers.

A. BOARD’S RESPONSIBILITIES

In accordance with the Malaysian Code of Corporate Governance, the Board being responsible for the Group’s risk management and internal control systems, formulated policies on risk management and internal control and sought assurance that the systems are functioning effectively.

The Board continues to derive its comfort through the following processes in obtaining the relevant and key information on the state of internal control and risk management of the Group:

- Periodic review of financial information covering financial performance and quarterly financial results;
- Risk Management Committee (“RMC”)’s oversight of risk management framework, changes in risk magnitudes and status of management implementation of risk mitigation plan;
- Review the integrity of the financial results and audited financial statements and in consultation with the Audit Committee, management and External Auditors;
- The Audit Committee assessment of the adequacy and effectiveness of internal control based on the internal audit findings presented by the Internal Auditors;
- Group CEO and Group CFO briefings on business, financial and operational performances and updates during the board meetings; and
- Management’s assurance to the Board that the Group’s risk management and internal control systems have been operated adequately and effectively, in all material respects.

B. RISK MANAGEMENT

The Risk Management Committee (“RMC”) to assists the Board to oversee the risk management framework and ensure the implementation of appropriate systems by the management to manage material risk exposure in the Group.

The RMC comprises the following members which are same as last year with the majority of Independent Non-Executive Directors:

Chairman

Mr Muk Sai Tat

(Independent Non-Executive Director)

Members:

Y.M. Tunku Alizan bin Raja Muhammad Alias

(Independent Non-Executive Director and Chairman)

Dato’ Azizan bin Jaafar

(Executive Director and Group Chief Executive Officer)

Dato’ Ow Chee Cheoon

(Executive Director and Group Deputy Chief Executive Officer)

Datuk Kamarudin bin Md Ali

(Senior Independent Non-Executive Director)

Mr. Loo Choo Hong

(Independent Non-Executive Director)

Statement on Risk Management and Internal Control

(CONT'D)

The risk management framework adopted by the Group is consistent with the general principles of the international risk management framework. This risk management framework consists of risk identification, impact assessment, risk profiling and assessment of management action plans.

Structurally, the risk management functions of the Group are organised in two (2) main divisions, namely the Construction and Property Divisions which are headed by the respective Managing Directors of the Construction and Property Divisions.

Similar with previous year, the Group's risk management continued to focus on managing the progress of the construction and property development projects which are critical for ensuring timeliness of delivery of these projects, their cost and cash flows. During the financial year, RMC conducted 4 meetings with both the Construction and Property Divisions to review the overall progress, status of mitigation plans and their effectiveness in managing risks.

Most of the risk management measures and mitigation plans of the Construction Division are embedded in the internal controls of the on-going operating procedures. The details of these internal control procedures are outlined in the next section on **INTERNAL CONTROLS**.

In respect of the Property Division, management has taken mitigation plans to address the risk of decline in demand in property sector. These include collaborating with international realty firms in securing overseas sales; enhancing promotional and marketing activities through advertising in digital and social media tools, newspapers, signages and bunting; on-going participation in property exhibition; and continuously providing staff training on property market information and infrastructure development.

On the other hand, the Group Treasury Function acting as the financial gatekeeper manages the liquidity risk of the Group. In this context, the actual cash flows are constantly benchmarked with the forecast to ensure the adequacy and availability of cash flows to support, fund and sustain the cash flow needs for the Group's current and future projects.

C. INTERNAL CONTROLS

In order to support the risk management framework, following essential systems of internal control are maintained in the Group. These internal controls are operating under and form part of the on-going management systems of ISO 9001:2015 on Quality Management System and ISO 45001:2018 on Occupational Health and Safety Management System.

- i. Management organisation structure defining the management responsibilities and hierarchical structure for planning, executing, controlling and monitoring the business operations;
- ii. Limit of authority and approval facilitating delegation of authority;
- iii. Close monitoring of construction work progress against the work schedule program as well as the contractors' and sub-contractors' performance, productivity and quality of work;
- iv. Tracking of construction costs against the project budgets;
- v. Periodic Safety and Health Committee meetings to enforce safety awareness at site;

Statement on Risk Management and Internal Control

(CONT'D)

- vi. Selection of sub-contractors, suppliers and consultants are evaluated against the price, resources availability, track record and finance capability criteria;
- vii. Performance evaluation of suppliers' and sub-contractors' performance for future reference and selection;
- viii. Review of divisional operating performance by the respective heads of the key management team;
- ix. Legal review to ensure contractual risks are addressed and managed before entering into material contracts or agreements; and
- x. Job descriptions providing understanding to employees of the actions needed in discharging their responsibilities.

D. MANAGEMENT RESPONSIBILITIES AND ASSURANCE

The Management is responsible to identify risks; implementing and maintaining sound systems of risk management and internal control; and monitoring and reporting to the Board of significant control deficiencies and changes in risks that could significantly affect the Group achievement of its objectives and performance.

The Board has received assurance from the Group CEO and Group CFO that, to the best of their knowledge that the Group's risk management and internal control systems are operating adequately and effectively, in all material aspects.

Board Assurance and Limitation

The Board is satisfied that there is ongoing process for identifying, evaluating and managing material risks faced by the Group and the existing level of systems of internal control and risk management is effective to enable the Group to achieve its business objectives. During the current financial year, there were no material losses resulted from significant control weaknesses that would require separate disclosure in this Annual Report.

Despite the above, it should be noted that all risk management and internal control systems could only manage rather than eliminate risks of failure to achieve business objectives. Therefore, the systems of risk management and internal control in the Group can only provide reasonable but not absolute assurance against material misstatements, frauds and losses.

Review of Statement on Risk Management and Internal Control by External Auditors

Pursuant to Paragraph 15.23 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, the External Auditors have reviewed this Statement on Risk Management and Internal Control in accordance with the Audit and Assurance Practice Guide 3 ("AAPG3"): Guidance for Auditors on Engagements to Report on the Statements on Risk Management in and Internal Control included in the Annual Report.

The External Auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in this Annual Report and have reported to the Board that nothing has come to their attention that causes them to believe that this Statement is inconsistent with their understanding of the process adopted by the Board and management in reviewing the adequacy and integrity of the risk management and effectiveness of the systems of risk management and internal control systems of the Group.

This Statement is made in accordance with the resolution of the Board of Directors dated 21 May 2020.

DIRECTORS' RESPONSIBILITY STATEMENT

FOR THE AUDITED FINANCIAL STATEMENTS

The Directors are responsible for ensuring that the annual financial statements of the Group and of the Company are drawn up in accordance with the applicable Malaysian Financial Reporting Standards (MFRS), International Financial Reporting Standards (IFRS), the provision of the Companies Act 2016 and the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. The annual financial statements are prepared with reasonable accuracy from the accounting records of the Group and Company so as to give a true and fair view of the financial position of the Group and the Company as at 31 December 2019, and of the financial performance and cash flows for the financial year then ended.

In preparing the financial statements, the Directors have ensured that:-

- appropriate accounting policies and practices have been adopted and applied consistently;
- the statements are supported by reasonable and prudent judgements and estimates;
- all applicable accounting standards have been followed, subject to any material departure and explained in the financial statements; and
- a going-concern basis has been adopted unless it is inappropriate to presume that the Group will continue its business.

The Directors are also responsible for:-

- Ensuring that the Group and the Company keep proper accounting and other records to enable the explanation of transactions and preparation of financial statements; and
- Taking the necessary steps as are reasonably open to them to ensure appropriate systems are in place to safeguard the assets of the Group and of the Company, and to detect and prevent fraud and other irregularities

The Directors confirmed that they have complied with the above requirements for the annual financial statements for the financial year ended 31 December 2019.

DIRECTORS' BENEFITS

Since the end of the previous financial year, none of the Directors have received or become entitled to receive any benefit (other than those benefits included in the aggregate amount of remuneration received or due and receivable by the Directors as shown in the financial statements) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest, other than the followings:

- (a) any benefit which may be deemed to have arisen by virtue of those transactions entered into in the ordinary course of business as disclosed in Note 35 to the financial statements; and
- (b) certain Directors who received remuneration from the subsidiaries as Directors of the subsidiaries as disclosed in Note 9 to the financial statements.

There were no arrangements during and at the end of the financial year, to which the Company is a party, which had the object of enabling the Directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate except for the warrants issued to the Directors as disclosed in Note 28 to the financial statements.

DIRECTORS' REMUNERATION

The details of Directors' remuneration are disclosed in Note 9 to the financial statements.

INDEMNITY AND INSURANCE FOR OFFICERS AND AUDITORS

The Group and the Company effected Directors' liability insurance during the financial year to protect the Directors of the Group and of the Company against potential costs and liabilities arising from claims brought against the Directors.

During the financial year, the total amount of insurance premium paid for the Directors and the officers of the Group and of the Company is RM19,000.

There were no indemnity given to or insurance effected for the auditors of the Group and of the Company during the financial year.

OTHER STATUTORY INFORMATION REGARDING THE GROUP AND THE COMPANY

(I) AS AT THE END OF THE FINANCIAL YEAR

- (a) Before the financial statements of the Group and of the Company were prepared, the Directors took reasonable steps:
 - (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and have satisfied themselves that all known bad debts has been written off and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets other than debts, which were unlikely to realise their book values in the ordinary course of business have been written down to their estimated realisable values.
- (b) In the opinion of the Directors, the results of the operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature.

Report

(CONT'D)

OTHER STATUTORY INFORMATION REGARDING THE GROUP AND THE COMPANY (continued)**(II) FROM THE END OF THE FINANCIAL YEAR TO THE DATE OF THIS REPORT**

- (c) The Directors are not aware of any circumstances:
 - (i) which would render the amounts written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any material extent;
 - (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; and
 - (iii) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) In the opinion of the Directors:
 - (i) there has not arisen any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made; and
 - (ii) no contingent or other liability has become enforceable, or is likely to become enforceable, within the period of twelve (12) months after the end of the financial year, which would or may affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

(III) AS AT THE DATE OF THIS REPORT

- (e) There are no charges on the assets of the Group and of the Company which have arisen since the end of the financial year to secure the liabilities of any other person.
- (f) There are no contingent liabilities of the Group and of the Company which have arisen since the end of the financial year.
- (g) The Directors are not aware of any circumstances not otherwise dealt with in the report or financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

SIGNIFICANT EVENT SUBSEQUENT TO THE END OF THE REPORTING PERIOD

Significant event subsequent to the end of the reporting period is disclosed in Note 37 to the financial statements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GABUNGAN AQRS BERHAD (INCORPORATED IN MALAYSIA)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Gabungan AQRS Berhad, which comprise the statements of financial position as at 31 December 2019 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 124 to 205.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2019 and of their financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

(a) Revenue recognition for construction contracts and property development

Revenue from construction contracts and property development is set out in Note 6 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgements in determining the satisfaction of performance obligations as stated in the contracts with customers, transaction price allocations and costs in applying the input method to recognise revenue over time, which is based on stage of completion method. The determination of stage of completion requires management to exercise significant judgement in estimating the total costs to complete.

In estimating the budgeted contract costs and budgeted development costs, the Group considered the completeness and accuracy of its cost estimation, including its obligations to contract variations, claims and cost contingencies.

Independent Auditors' Report

TO THE MEMBERS OF GABUNGAN AQRS BERHAD (INCORPORATED IN MALAYSIA) (CONT'D)

Key Audit Matters (continued)

(a) *Revenue recognition for construction contracts and property development (continued)*

Audit response

Our audit procedures included the following:

- (i) Reviewed the terms and conditions of the sales transactions to determine that revenue recognised conforms with the Group policies and the requirements of MFRS 15 *Revenue from Contracts with Customers*;
- (ii) Compared management's estimates of budgeted contract costs and budgeted development costs to relevant supporting documents and recomputed the progress towards complete satisfaction of performance obligations determined by management for revenue recognition based on actual costs incurred up to the end of the reporting period;
- (iii) Inspected documentation to support cost estimates made including contract variations and cost contingencies;
- (iv) Visited project sites and inquired with in-house quantity surveyors and project managers to corroborate the status of the works and the stage of completion; and
- (v) Inspected documentation from technical experts and sub-contractors in relation to variations and claims to corroborate key judgements applied by management.

(b) *Recoverability of trade and other receivables*

The carrying amount of trade and other receivables are set out in Note 23 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement in determining the probability of default by trade and other receivables, appropriate forward looking information and significant increase in credit risk. We focused on the audit risk that the impairment losses on trade and other receivables may be understated and hence, further impairment losses may be required.

Audit response

Our audit procedures included the following:

- (i) Assessed the expected credit loss ("ECL") for portfolios of trade receivables and other receivables based on customer segments, historical information on payment trend and forward-looking information;
- (ii) Recomputed the probability of default using historical data and forward-looking information adjustment applied by the Group;
- (iii) Inquired of management to assess the rationale underlying the relationship between the forward-looking information and expected credit losses;
- (iv) Evaluated the basis set by management for determining cash flows recoverable in credit impaired scenarios; and
- (v) Assessed the appropriateness of the indicators of significant increase in credit risk applied by management and the resultant basis for classification of exposure into respective stages.

Independent Auditors' Report

TO THE MEMBERS OF GABUNGAN AQRS BERHAD (INCORPORATED IN MALAYSIA) (CONT'D)

Key Audit Matters (continued)

(c) *Impairment assessment of the carrying amount of intangible assets*

Included in intangible assets is customer contract with a carrying amount of RM28,564,072, which arose from the acquisition of a subsidiary as disclosed in Note 21 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement and estimates about the future results and key assumptions applied to cash flow projections of the subsidiary in determining the recoverable amount. These key assumptions include forecast growth in future revenues and operating profit margins, as well as determining an appropriate pre-tax discount rate and growth rates.

Audit response

Our audit procedures included the following:

- (i) Reviewed cash flow projections and assessed the reasonableness of the key assumptions in the projections;
- (ii) Evaluated the reasonableness of pre-tax discount rate by comparing to the weighted average cost of capital of the Company and relevant risk factors; and
- (iii) Performed sensitivity analysis of our own to stress test the key assumptions in the impairment model.

(d) *Impairment assessment of the carrying amount of investments in subsidiaries at Company level*

As at 31 December 2019, investments in subsidiaries of the Company were RM322,542,482 net of impairment of RM28,623,124 as disclosed in Note 17 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement and estimates about the future results and key assumptions applied to cash flow projections of the subsidiaries. In this instance, their recoverable amounts are based on their value-in-use method. These key assumptions include budgeted operating profit margins and growth rates as well as determining an appropriate pre-tax discount rate.

Audit response

Our audit procedures included the following:

- (i) Compared cash flow projections against recent performance and historical accuracy of cash flow projections prepared by management and assessed the reasonableness of key assumptions used in the projections;
- (ii) Evaluated the reasonableness of pre-tax discount rate by comparing to the weighted average cost of capital of the Company and relevant risk factors; and
- (iii) Performed sensitivity analysis of our own to stress test the key assumptions in the impairment model.

Independent Auditors' Report

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSs, IFRSs, and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group and of the Company.

Independent Auditors' Report

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also: (continued)

- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

These financial statements are presented in Ringgit Malaysia (“RM”), which is also the functional currency of the Company.

The financial statements were authorised for issue in accordance with a resolution by the Board of Directors on 21 May 2020.

2. PRINCIPAL ACTIVITIES

The principal activity of the Company is investment holding. The principal activities and details of the subsidiaries are set out in Note 17(c) to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

3. BASIS OF PREPARATION

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRSs”), International Financial Reporting Standards (“IFRSs”) and the provisions of the Companies Act 2016 in Malaysia.

The accounting policies adopted are consistent with those of the previous financial year except for the effects of adoption of new MFRS during the financial year. The new MFRSs and Amendments to MFRSs adopted during the financial year are disclosed in Note 36.1 to the financial statements.

The Group and the Company applied MFRS 16 *Leases* for the first time during the current financial year, using the cumulative effect method as at 1 January 2019. Consequently, the comparative information were not restated and are not comparable to the financial information of the current financial year.

The financial statements of the Group and of the Company have been prepared under the historical cost convention except as otherwise stated in the financial statements.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

4. OPERATING SEGMENTS

Gabungan AQRS Berhad and its subsidiaries are principally engaged in construction, property development, property investment, provision of management services and investment holding.

Gabungan AQRS Berhad has arrived at two (2) reportable segments that are organised and managed separately according to the nature of products and services, specific expertise and technologies requirements, which require different business and marketing strategies. The reportable segments are summarised as follows:

(i) Construction

Securing and carrying out construction contracts.

(ii) Property development

Development of residential and commercial properties.

Other operating segments comprise property investment, provision of management services and investment holding.

The Group evaluates performance on the basis of profit or loss from operations before tax not including non-recurring losses, such as restructuring costs and goodwill impairment, if any.

Inter-segment revenue is priced along the same lines as sales to external customers and is eliminated in the consolidated financial statements. These policies have been applied consistently throughout the current and previous financial years.

The above customers are related to the construction segment.

5. CAPITAL AND FINANCIAL RISK MANAGEMENT

(a) Capital management

The primary objective of the capital management of the Group is to ensure that entities of the Group would be able to continue as going concern whilst maximising return to shareholders through the optimisation of the debt and equity ratios. The overall strategy of the Group remains unchanged from that in the previous financial year.

The Group manages its capital structure and makes adjustments to it in response to changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the financial years ended 31 December 2019 and 31 December 2018.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The strategy of the Group is to maintain the balance between debt and equity and to ensure sufficient operating cash flows to repay its liabilities as and when they fall due. The Group includes within net debt, loans and borrowings and lease liabilities, less cash and bank balances (including fixed deposits with licensed banks) and short term funds. Capital represents total equity.

* Gearing ratio is not presented as the Company is in net cash position as at the end of the reporting period.

Pursuant to the requirements of Practice Note No. 17/2005 of Bursa Malaysia Securities Berhad, the Group is required to maintain a consolidated shareholders' equity of not less than or equals to twenty-five percent (25%) of the issued share capital (excluding any treasury shares) and such shareholders' equity is not less than RM40,000,000. The Company has complied with this requirement for the financial year ended 31 December 2019.

The Group is not subject to any other externally imposed capital requirements.

(b) Financial risk management objectives and policies

The financial risk management objective of the Group is to optimise value creation for shareholders whilst minimising the potential adverse impact arising from fluctuations in interest rates and the unpredictability of the financial markets.

The exposure to these risks arises in the normal course of the business of the Group. The overall business strategies of the Group outlines its tolerance to risk and its general risk management philosophy and is determined by the management in accordance with prevailing economic and operating conditions.

The Group is exposed mainly to liquidity and cash flow risk, interest rate risk, credit risk and market price risk. Information on the management of the related exposures is detailed below.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

5. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management objectives and policies (continued)

(i) Liquidity and cash flow risk

The Group actively manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that all operating, investing and financing needs are met. In executing its liquidity risk management strategy, the Group measures and forecasts its cash commitments and maintains a level of cash and cash equivalents deemed adequate to finance the activities of the Group.

The analysis of financial instruments by remaining contractual maturities has been disclosed in Notes 15, 30 and 32 to the financial statements respectively.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments of the Group and of the Company would fluctuate because of changes in market interest rates.

The exposure of the Group and of the Company to interest rate risk arises primarily from its amounts owing from subsidiaries, fixed deposits with licensed banks, loans and borrowings and other payables. The Group borrows at both floating and fixed rates of interest to generate the desired interest profile and to manage the exposure of the Group to interest rate fluctuations.

The interest rate profile and sensitivity analysis of interest rate risk have been disclosed in Notes 23, 26, 27, 30 and 32 to the financial statements respectively.

(iii) Credit risk

Cash deposits and trade receivables could give rise to credit risk which requires the loss to be recognised if a counter party fails to perform as contracted. The counter parties are reputable institutions and organisations. It is the policy of the Group to monitor the financial standing of these counter parties on an ongoing basis to ensure that the Group is exposed to minimal credit risk.

The primary exposure of the Group to credit risk arises through its trade receivables. The trading terms of the Group with its customers are mainly on credit, except for new customers, where deposits in advance are normally required. The credit period is generally for a period of one (1) month, extending up to two (2) months for major customers. Each customer has a maximum credit limit and the Group seeks to maintain strict control over its outstanding receivables via a credit control section to minimise credit risk. Overdue balances are reviewed regularly by senior management.

At the end of each reporting period, the maximum exposure of the Group and of the Company to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

The credit risk concentration profiles have been disclosed in Note 23 to the financial statements.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

5. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management objectives and policies (continued)

(iv) Market price risk

Market price risk is the risk that the fair value or future cash flows of the financial instruments of the Group would fluctuate because of changes in market prices (other than interest or exchange rates).

The Group and the Company are exposed to market price risk arising from other investment and short term funds, which are quoted. These instruments are classified as financial assets designated at fair value through profit or loss.

The sensitivity analysis of market price risk has been disclosed in Notes 25 and 26 to the financial statements respectively.

(v) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument would fluctuate because of changes in foreign exchange rates.

The Company is exposed to foreign currency risk arising from other investment, where the currency denomination differs from the functional currency, RM. Exposure to foreign currency risk is monitored on an ongoing basis by the Company to ensure the net exposure is at an acceptable level.

The sensitivity analysis of foreign currency risk has been disclosed in Note 25 to the financial statements.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

6. REVENUE (continued)

(a) Construction contracts

Revenue from contract works are recognised over the period of the contracts by reference to the progress towards complete satisfaction of that performance obligations. Progress is determined on the proportion of construction contract costs incurred for work performed to date against total estimated construction contract costs where the outcome of the project can be estimated reliably.

Significant judgements are required in determining the stage of completion, the extent of the construction costs incurred, the estimated total construction revenue and costs. In making the judgements, the Group evaluates based on past experience and by relying on the work of specialists.

(b) Property development

The Group recognises revenue from property development over time if it creates an asset with no alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (e.g. by reference to the property development costs incurred to date as a percentage of the estimated total cost of development of the contract).

Significant judgements are required in determining the stage of completion, the extent of the property development costs incurred, the estimated total property development revenue and costs. In making the judgements, the Group evaluates based on past experience and by relying on the work of specialists.

(c) Sale on completed properties

The Group recognises sales at a point in time for the sale of completed properties, when the control of the properties has been transferred to the purchasers, being when the properties have been completed and delivered to the customers and it is probable that the Group will collect the considerations to which it would be entitled to in exchange for the assets sold.

There is no significant financing component in the revenue arising from sale of completed properties as the sales are made on the normal credit terms not exceeding twelve months.

(d) Rental income

Rental income is accounted for on a straight line basis over the lease term of an ongoing lease. The aggregate cost of incentives provided to the lessee is recognised as reduction of rental income over the lease term on a straight line basis.

(e) Dividend income

Dividend income is recognised when the right to receive payment is established.

14. PROPERTY, PLANT AND EQUIPMENT (continued)

- (a) All items of property, plant and equipment (excluding right-of-use assets) are initially recorded at cost. After initial recognition, property, plant and equipment (excluding right-of-use assets) are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated to write off the cost of the assets to their residual values on a straight line basis over their estimated useful lives. The principal annual depreciation rates are as follows:

Leasehold land and buildings	2%
Information technology equipment	20%
Furniture and fittings	8% to 10%
Motor vehicles	20%
Office and computer equipment	10% to 40%
Operation and construction equipment	10% to 20%
Plant, machinery and cabins	10% to 20%

- (b) The right-of-use assets are initially measured at cost, which comprise the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date of the leases.

After initial recognition, right-of-use assets are stated at cost less accumulated depreciation and any accumulated impairment losses, and adjusted for any re-measurement of the lease liabilities.

The right-of-use assets are depreciated on the straight-line basis over the earlier of the estimated useful lives of the right-of-use assets or the end of the lease term. The lease terms of right-of-use assets are as follows:

Land	Up to 89 years
Buildings	Up to 4 years
Machineries	Up to 5 years
Motor vehicles	Up to 5 years

Leasehold land and buildings for which the Group has titles are depreciated on straight line basis over 50 years.

- (c) Included in right-of-use assets of the Group, all machineries and motor vehicles with total carrying amount of RM5,228,783 are subject to fixed charges created to secure certain lease liabilities of the Group.

- (b) Investment properties (excluding right-of-use asset) are initially measured at cost, which includes transaction costs. After initial recognition, investment properties (excluding right-of-use asset) are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated to write off the cost of the investment properties to their residual values on a straight line basis over their estimated useful lives. The principal depreciation period for the investment properties are as follows:

Buildings	2%
Furniture and fittings	10%

- (c) The right-of-use asset are initially measured at cost, which comprise the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date of the leases.

After initial recognition, right-of-use asset are stated at cost less accumulated depreciation and any accumulated impairment losses, and adjusted for any re-measurement of the lease liabilities.

The right-of-use asset are depreciated on the straight-line basis over the earlier of the estimated useful lives of the right-of-use asset or the end of the lease term. The lease terms of right-of-use asset are as follows:

Land	5 years
------	---------

- (d) Investment properties are in respect of the provision of accommodation on base-camp concept that are leased to a third party.
- (e) The Level 3 fair value of investment properties is RM58,998,286 (2018: RM65,994,950). The fair value is estimated using explicit assumptions regarding the benefits and liabilities of ownership over the asset's life.

The duration of the cash flow and the specific timing of inflows and outflows are determined by events such as rent reviews, lease renewal and related lease up periods. The appropriate duration is typically driven by market behaviour that is a characteristic of the class of real property. In the case of investment properties, periodic cash flow is typically estimated as gross income less any other operating and management expenses.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

17. INVESTMENTS IN SUBSIDIARIES (continued)

- (f) Management has made estimates about the future results and key assumptions applied to cash flow projection of a subsidiary in determining their recoverable amounts using the value-in-use model. These key assumptions include forecast growth in future revenues and budgeted gross margins as well as determining an appropriate pre-tax discount rate and growth rates.

	Group	
	2019 %	2018 %
Growth rate	32.00	32.00
Discount rate	12.10	12.10

- (g) Sensitivity to changes in assumptions

With regard to the assessment of value-in-use, management believes that no reasonably possible change in any of the above key assumptions would cause the carrying amount of the CGU to materially exceed their recoverable amounts.

18. INVESTMENT IN AN ASSOCIATE

	Group	
	2019 RM	2018 RM
Unquoted equity shares, at cost	3,322,200	3,322,200

20. DEFERRED TAX (continued)

- (c) The amounts of temporary differences for which no deferred tax assets have been recognised in the statements of financial position are as follows:

	Group	
	2019	2018
	RM	RM
Unabsorbed tax losses, gross		
- Expired by 31 December 2025	30,264,116	31,171,408

21. INTANGIBLE ASSETS (continued)

- (a) Intangible assets are initially measured at cost. After initial recognition, intangible assets are carried at cost less accumulated amortisation and/or any accumulated impairment losses.
- (b) Customer contract relates to a construction project awarded to a subsidiary, which would be amortised based on the unit of production of the construction project.
- (c) Goodwill recognised in a business combination is an asset at the acquisition date and is initially measured at cost. After initial recognition, goodwill is measured at cost less accumulated impairment losses.
- (d) Goodwill has been allocated to the cash-generating units ("CGU") of the Group, according to business segment as follows:

	Group	
	2019 RM	2018 RM
Construction	147,110	1,219,080

- (e) For the purpose of impairment testing, intangible assets are allocated to the operating divisions of the Group which represent the lowest level within the Group at which the intangible assets are monitored for internal management purposes.
- (f) Key assumptions used in value-in-use calculation

The Group determines whether intangible assets are impaired at least on an annual basis. This requires an estimation of the value-in-use of the cash-generating units ("CGU") to which intangible assets are allocated. Estimating a value-in-use amount requires management to make an estimate of the expected future cash flows from the CGU and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

The recoverable amount of a CGU is determined based on value-in-use calculation using cash flow projection based on financial budget approved by management covering a three-year period. The key assumptions used for value-in-use calculation for the business segment are:

	Construction	
	2019 %	2018 %
Growth rate	32.00	32.00
Discount rate	12.10	12.10

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

21. INTANGIBLE ASSETS (continued)

(f) Key assumptions used in value-in-use calculation (continued)

The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of intangible assets:

(i) Growth rate

The growth rate used is determined using a simple average of the annual profit before tax and interest (PBIT) growth rate obtained from projected cash flow approved by management in respect of a construction project. The projected cash flow cover a period of three (3) years and the budgeted inflow is recognised over the period basing on the projected percentage of completion of the construction project. The effect of changes to the parameters is not material to the growth rate used.

(ii) Pre-tax discount rate

The discount rate reflects specific risks relating to the relevant segment.

(g) Sensitivity to changes in assumptions

With regard to the assessment of value-in-use, management believes that no reasonably possible change in any of the above key assumptions would cause the carrying amount of the CGU to materially exceed their recoverable amounts.

(h) During the financial year, an impairment loss of RM1,071,970 has been recognised as the recoverable amount was lower than the carrying amount of intangible assets.

22. INVENTORIES

- (b) Land held for property development is stated at cost less impairment losses, if any. Such land is classified as non-current asset when no significant development work has been carried out or where development activities are not expected to be completed within the normal operating cycle.
- (c) Property development costs not recognised as an expense are recognised as an asset measured at lower of cost and net realisable value. The asset is subsequently credited over to profit or loss and recognised as an expense when the control of the asset is transferred to the customer.
- (d) Leasehold land of the Group represent costs incurred as a consequence of having used the right-of-use assets to produce inventories during the financial year in accordance with MFRS 102 *Inventories*.
- (e) The Group recognises in profit or loss the property development revenue and costs by reference to the progress towards complete satisfaction of that performance obligation at the reporting period. It is measured based on direct measurements of the value transferred by the Group to the customers and the Group's efforts or inputs to the satisfaction of the performance obligation. Significant judgement is required in determining the completeness and accuracy of the budgets and the extent of the costs incurred.
- (f) As at the end of the reporting period, property development costs of the Group with carrying amounts of RM59,872,836 (2018: RM48,356,809) were charged to financial institutions for banking facilities granted to the Group as disclosed in Note 30 to the financial statements.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

22. INVENTORIES (continued)

- (g) As at the end of the reporting period, completed properties of the Group with carrying amounts of RM19,757,362 (2018: Nil) were charged to financial institutions for banking facilities granted to the Group as disclosed in Note 30 to the financial statements.
- (h) Freehold land under development of RM116,312,500 (2018: RM95,750,000) is provided by Pro-Meridian Sdn. Bhd. ("Pro-Meridian"), pursuant to an agreement entered into by a subsidiary, AQRS The Building Company Sdn. Bhd. ("AQRS") with Pro-Meridian on 30 September 2011. In accordance with the agreement, AQRS was granted vacant possession to develop the freehold land.
- (i) Additions to aggregate costs incurred during the financial year include interest expense of RM1,298,367 (2018: RM162,301). Interest is capitalised at rate of 5.78% (2018: 8.53%) per annum.
- (j) Inventories of the Group recognised as cost of sales amounted to RM21,055,779 (2018: RM26,693,017).

	188,989,208	239,588,597	26,926,522	64,185,125

- (a) Total receivables are classified as financial assets measured at amortised cost.
- (b) Trade receivables are non-interest bearing and the normal trade credit terms granted by the Group range from 30 to 60 days (2018: 30 to 60 days). Other credit terms are assessed and approved on a case by case basis. They are recognised at their original invoice amounts, which represent their fair values on initial recognition.
- (c) Amounts owing from related parties arose from the following:

	Group	
	2019 RM	2018 RM
Rental of investment properties	1,703,190	10,048,389
Sales of properties under development	259,488	-

Within one (1) year	34,662,137	50,933,307
Within two (2) years	42,434,200	15,942,105
	77,096,337	66,875,412

- (e) Amounts owing from subsidiaries represent advances, payments made on behalf and dividend receivable, which are unsecured, bear interests at 3% (2018: 3%) per annum and receivable within the next twelve (12) months in cash and cash equivalents.

Sensitivity analysis for amounts owing from subsidiaries as at the end of the reporting period is not presented as fixed rate instruments are not affected by change in interest rates.

No expected credit loss is recognised arising from amounts owing from subsidiaries as it is negligible.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

23. TRADE AND OTHER RECEIVABLES (continued)

- (f) Trade and other receivables are denominated in Ringgit Malaysia.
- (g) Impairment for trade receivables and contract assets that do not contain a significant financing component are recognised based on the simplified approach using the lifetime expected credit losses.

During this process, the probability of non-payment by the trade receivables is adjusted by forward looking information (unemployment rates and inflation rates) and multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such impairments are recorded in a separate impairment account with the loss being recognised within administrative expenses in the consolidated statement of profit or loss and other comprehensive income. On confirmation that the trade receivable would not be collectable, the gross carrying value of the asset would be written off against the associated impairment.

It requires management to exercise significant judgement in determining the probability of default by trade receivables and appropriate forward looking information.

During the financial year, the Group did not renegotiate the terms of any trade receivables.

Management assesses the expected credit losses for portfolios of trade receivables collectively based on customer segments, historical information on payment patterns, terms of payment, concentration maturity, and information about the general economic situation in the country where customer operates.

The individual assessment of impairment of trade receivables are separately assessed when it is probable that cash due will not be received in full.

23. TRADE AND OTHER RECEIVABLES (continued)

- (j) Impairment for other receivables included amounts due from related parties, subsidiaries and equity loan, are recognised based on the general approach within MFRS 9 using the forward looking expected credit loss model. The methodology used to determine the amount of the impairment is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset. The Group defined significant increase in credit risk as more than 30 days past due. As at the end of the reporting period, the Group and the Company assess whether there has been a significant increase in credit risk for financial assets by comparing the risk for default occurring over the expected life with the risk of default since initial recognition. For those in which the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those in which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

The probability of non-payment other receivables are adjusted by forward looking information (unemployment rates and inflation rates) and multiplied by the amount of the expected loss arising from default to determine the twelve month or lifetime expected credit loss for the other receivables.

It requires management to exercise significant judgement in determining the probability of default by other receivables appropriate forward looking information and significant increase in credit risk.

- (a) Construction contracts and property development contracts

Construction contracts and property development contracts represent the timing differences in revenue recognition and the milestone billings. The milestone billings are structured and/or negotiated with customers to reflect physical completion of the contracts.

Contract assets are transferred to receivables when the rights to economic benefits become unconditional. This usually occurs when the Group issues billing to the customer. Contract liabilities are recognised as revenue when performance obligations are satisfied.

25. OTHER INVESTMENT (continued)

- (d) The following table demonstrates the sensitivity of the profit after tax of the Group to a reasonably possible change in the foreign exchange rate against the functional currency of the Group, with all other variables held constant.

	Group	
	2019 RM	2018 RM
USD/RM		
- Strengthen by 1%	1,712	10,093
- Weaken by 1%	(1,712)	(10,093)

- (e) The Group is exposed to the equity price risks arising from quoted outside Malaysia. It is listed on the NYSE American (formerly known as "American Stock Exchange") held for trading purpose. As the Group neither has the intention, nor the historical trend of active trading in the financial instrument, the Directors are of the opinion that the Group is not subject to significant exposure to price risk and accordingly, no sensitivity analysis is being presented at the end of each reporting period.

26. SHORT TERM FUNDS (continued)

- (e) Sensitivity analysis of interest rates for the short term funds at the end of the reporting period, assuming all other variables remain constant is as follows:

	Group		Company	
	2019 RM	2018 RM	2019 RM	2018 RM
Effects of 100 basis points changes to profit after tax				
- Increase by 1% (2018: 1%)	14,610	279,111	12,201	268,775
- Decrease by 1% (2018: 1%)	(14,610)	(279,111)	(12,201)	(268,775)

- (f) The weighted average effective interest rates of the short term funds as at the end of each reporting period are as follows:

	Group		Company	
	2019 %	2018 %	2019 %	2018 %
Short term funds	2.99	2.73	2.99	2.73

- (g) Short term funds are classified as at fair value through profit or loss, and subsequently remeasured to fair value with changes in fair value being recognised in profit or loss. The fair value are determined by reference to the counter parties' quotes at the close of the business at the end of the reporting period and are categorised as Level 1 in fair value hierarchy. There is no transfer between levels in the hierarchy during the financial year.
- (h) Short term funds of the Group and of the Company are exposed to changes in market quoted prices. However, the volatility of short term funds prices is considered low, the Directors are of the opinion that the Group is not subject to significant exposure to price risk and accordingly, no sensitivity analysis is being presented at the end of each reporting period.

Treasury shares

The shareholders of the Company, by an ordinary resolution passed at the 9th Annual General Meeting held on 13 June 2019, granted mandate to the Company to repurchase up to 10% of its existing issued share capital ("Share Buy Back"). The Directors of the Company are committed to enhancing the value of the Company to its shareholders and believe that repurchase plan can be applied in the best interests of the Company and its shareholders.

In the current financial year, the Company resold 6,250,500 of its ordinary shares for a total consideration of RM8,317,037 at an average price of RM1.331 per ordinary share in open market.

In the previous financial year, the Company repurchased 20,049,200 of its ordinary shares from the open market for a total consideration of RM20,682,405 at an average price of RM1.032 per ordinary share and resold 3,570,000 of its ordinary shares for a total consideration of RM5,057,785 at an average price of RM1.417 per ordinary share. The repurchase transactions were financed by internally generated funds. The repurchased shares were held as treasury shares in accordance with the requirement of Section 127 of the Companies Act, 2016 in Malaysia.

The Company has the rights to retain, cancel, resell and/or distribute these shares as dividends. As treasury shares, the rights attached to them as to voting, dividends and participation in any other distributions or otherwise are suspended. Of the total 494,594,267 (2018: 494,594,005) issued ordinary shares as at the end of each reporting period, 1,165,744 (2018: 17,014,702) ordinary shares purchased for RM1,427,468 (2018: RM17,241,864) are held as treasury shares by the Company. The number of outstanding ordinary shares in issue after deducting the treasury shares is 493,428,523 (2018: 477,579,303).

34. CONTINGENT LIABILITIES (continued)

Guarantees (continued)

The Group designates corporate guarantees given to banks for credit facilities granted to third party and subsidiaries as insurance contracts as defined in MFRS 4 *Insurance Contracts*. The Group recognises these insurance contracts as recognised insurance liabilities when there is a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The Directors are of view that the chances of the financial institutions to call upon the guarantees are remote. Accordingly, the fair values of the above guarantees are negligible.

35. RELATED PARTY DISCLOSURES

(a) Identities of related parties

Parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties could be individuals or other entities.

Related parties of the Group include:

Amendments to MFRS 112 <i>Annual Improvements to MFRS Standards 2015 - 2017 Cycle</i>	1 January 2019
Amendments to MFRS 123 <i>Annual Improvements to MFRS Standards 2015 - 2017 Cycle</i>	1 January 2019
Amendments to MFRS 119 <i>Plan Amendment, Curtailment or Settlement</i>	1 January 2019

Adoption of the above Standards did not have any material effect on the financial performance or position of the Group and of the Company except for the adoption of MFRS 16 as described in the following sections.

MFRS 16 Leases

MFRS 16 supersedes MFRS 117 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the financial statements.

Lessor accounting under MFRS 16 is substantially unchanged from MFRS 117. Lessors would continue to classify leases as either operating or finance leases using similar principles as in MFRS 117. Therefore, MFRS 16 does not have a material impact for leases for which the Group is the lessor.

The Group applied MFRS 16 using the modified retrospective approach, for which the cumulative effect of initial application, if any, is recognised in retained earnings as at 1 January 2019. Accordingly, the comparative information presented is not restated.

On adoption of MFRS 16, the Group recognised lease liabilities in relation to leases which had previously been classified as "operating leases" under the principles of MFRS 117. These liabilities were measured at the present value of the remaining lease payments, discounted using the incremental borrowing rate of the Group as of 1 January 2019. The range of incremental borrowing rates of the Group applied to the lease liabilities on 1 January 2019 were 5.85% to 7.12%.

In order to compute the transition impact of MFRS 16, a significant data extraction exercise was undertaken by management to summarise all property and equipment lease data such that the respective inputs could be uploaded into management's model. The incremental borrowing rate method has been adopted where the implicit rate of interest in a lease is not readily determinable.

36. ADOPTION OF NEW MFRSs AND AMENDMENTS TO MFRSs (continued)

36.1 New MFRSs adopted during the current financial year (continued)

MFRS 16 Leases (continued)

For leases previously classified as finance leases, the Group recognised the carrying amount of the lease asset and lease liability immediately before transition as the carrying amount of the right of use asset and the lease liability respectively at the date of initial application. The measurement principles of MFRS 16 are only applied after that date.

In applying MFRS 16 for the first time, the Group has used the following practical expedients permitted by the standard:

- (a) Applying a single discount rate to a portfolio of leases with reasonably similar characteristics;
- (b) Relying on previous assessments on whether leases are onerous as an alternative to performing an impairment review - there were no onerous contracts as at 1 January 2019;
- (c) Accounting for operating leases with a remaining lease term of less than 12 months as at 1 January 2019 and do not contain a purchase option as short-term leases;
- (d) Excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application; and
- (e) Using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The impact on transition is summarised below:

Group	Note	As at 31 December 2018 RM	Impact RM	As at 1 January 2019 RM
Property, plant and equipment	(a)	30,921,974	5,556,950	36,478,924
Investment properties	(a)	33,006,684	463,510	33,470,194
Borrowings		205,706,995	(5,217,913)	200,489,082
Lease liabilities	(b)	-	11,238,373	11,238,373
Company				
Property, plant and equipment	(a)	-	740,815	740,815
Lease liabilities	(b)	-	(740,815)	(740,815)

- (a) The right-of use assets were measured at the amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the financial statements as at 31 December 2018.

Lease liabilities recognised at 1 January 2019	11,238,373	740,815

36.2 New MFRSs that have been issued, but only effective for annual periods beginning on or after 1 January 2020

Title	Effective Date
<i>Amendments to References to the Conceptual Framework in MFRS Standards</i>	1 January 2020
<i>Amendments to MFRS 3 Definition of a Business</i>	1 January 2020
<i>Amendments to MFRS 101 and MFRS 108 Definition of Material</i>	1 January 2020
<i>Amendments to MFRS 9, MFRS 139 and MFRS 7 Interest Rate Benchmark Reform</i>	1 January 2020
<i>MFRS 17 Insurance Contracts</i>	1 January 2021
<i>Amendments to MFRS 101 Classification of Liabilities as Current or Non-current</i>	1 January 2022
<i>Amendments to MFRS 10 and MFRS 128 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	Deferred

The Group does not expect the adoption of the above Standards to have a significant impact on the financial statements.

37. SIGNIFICANT EVENT SUBSEQUENT TO THE END OF THE REPORTING PERIOD

The World Health Organisation declared the 2019 Novel Coronavirus infection ('COVID-19') a pandemic on 11 March 2020. This was followed by the Government of Malaysia issuing a Federal Government Gazette on 18 March 2020, imposing a Movement Control Order ('MCO') effective from 18 March 2020 to 31 March 2020 arising from COVID-19. The MCO was subsequently extended until 12 May 2020, followed by a Conditional MCO until 9 June 2020.

Since these developments occurred subsequent to the end of the reporting period, the COVID-19 pandemic is treated as a non-adjusting event in accordance with MFRS 110 *Events after the Reporting Period*. Consequently, the financial statements for the financial year ended 31 December 2019 do not reflect the effects arising from this non-adjusting event.

Notes to the Financial Statements

31 DECEMBER 2019 (CONT'D)

37. SIGNIFICANT EVENT SUBSEQUENT TO THE END OF THE REPORTING PERIOD (continued)

The financial reporting impact of the COVID-19 pandemic could be significant to the Group due to:

- (a) Reduced consumer demand for goods and services of the Group owing to lost income and/or restrictions on consumers' ability to move freely;
- (b) Lack of investment in capital improvements and construction, thus reducing demand for goods and services of the Group;
- (c) Potential impairment of assets of the Group and Company; and
- (d) Disruption of supply chains due to the restrictions imposed on the movement of people and goods.

The Group is in the process of assessing the financial reporting impact of COVID-19 pandemic since ongoing developments remain uncertain and cannot be reasonably predicted as at the date of authorisation of the financial statements.

The Group anticipates that the potential financial reporting impact of COVID-19 would be recognised in the financial statements of the Group during the financial year ending 31 December 2020.

38. FINANCIAL REPORTING UPDATES

(a) IFRIC Agenda Decision - An assessment of the lease term (IFRS 16)

The IFRS Interpretations Committee ('IFRIC') issued a final agenda decision on 26 November 2019 regarding 'Lease term and useful life of leasehold improvements (IFRS 16 and IAS 16).

The submission to the IFRIC raised a question pertaining the determination of the lease term of a cancellable lease or a renewable lease based on the requirements of IFRS 16.B34.

Based on the final agenda decision, the IFRIC concluded that the determination of the enforceable period of a lease and the lease term itself shall include broad economic circumstances beyond purely commercial terms.

The Group anticipates an increase in lease liabilities and corresponding right-of-use assets arising from the reassessment of the lease term of existing leasing arrangements due to this final agenda decision.

The Group is in the process of implementing the requirements of this final agenda decision and the impact upon adoption is expected to be recognised during the financial year ending 31 December 2020.

(b) IFRIC Agenda Decision - *Over time transfer of constructed good, which may have impacts on the Group's financial statements on adoption*

The IFRS Interpretations Committee ('IFRIC') received a submission about the capitalisation of borrowing costs in relation to the construction of a residential multi-unit real estate development.

Based on the fact pattern described in the submission, the request asked whether the entity has a qualifying asset as defined in IAS 23 *Borrowing Costs* and, therefore, capitalises any directly attributable costs.

The IFRIC concluded in March 2019 that, in the fact pattern described in the request:

- (i) Any receivable and contract asset that the entity recognises is not a qualifying asset.
- (ii) Any inventory (work-in-progress) for unsold units under construction that the entity recognises is also not a qualifying asset because the unsold units are ready for its intended use or sale.

The MASB announced on 20 March 2019 that an entity shall apply the change in accounting policy as a result of this Agenda Decision to financial statements of annual periods beginning on or after 1 July 2020.

The Group is in the process of obtaining new information and adapting its systems to implement this change in accounting policy. The implementation results would be reported during the financial year ending 31 December 2021.
