#### **B1** Review of Performance

### (a) Comparison with preceding year corresponding period

	Individual Quarter		Cu	mulative Perio	d	
	Current Year	Preceding Year	+/-	Current Year	Preceding Year	+/-
	RM'000	RM'000	%	RM'000	RM'000	%

	,					
Profit before tax ("PBT")	2,331	10,289	-77%	6,83	3 25,214	-73%

### **Current Quarter**

The Group's revenue for the current quarter decreased by RM15.44 million or 38% from the same quarter preceding year mainly due to:

- (i) lower recognition of revenue for the existing projects under the construction segment as projects are entering the final phase of completion
- (ii) there was no provisional works during the current quarter under review (3Q2019 : RM1.5 million)

In line with the decrease in revenue, PBT reduced by RM7.96 million or 77% as compared to the corresponding quarter last year.

### Financial period to-date

For the financial period ended 30 September 2020, the Group's revenue declined by RM56.25 million or 48% against the same period for the preceding year. This is mainly due to work stoppages as a result of movement control order imposed by the Government to contain the spread of COVID-19 virus. Additionally, the revenue recognition for the construction segment was lower as most projects are at the tail end stage.

Consequently, the Group's PBT decreased by RM18.38 million or 73% against same period previous year.

Interim financial report for the 3<sup>rd</sup> quarter ended 30<sup>th</sup> September 2020. The figures have not been audited.

#### B1 Review of Performance (cont'd)

## (b) Comparison with Preceding Quarter's Results

	30.9.2020 RM'000	30.6.2020 RM'000	Variance RM'000	Variance %
Revenue:				
- Construction	10,228	2,010	8,218	409%

Total revenue	24,946	12,340	12,606	102%
РВТ	2,331	1,336	995	74%

For the quarter under review, the Group's revenue increased by RM12.61 million or 102% mainly due to resumption of construction and IFM activities following the discontinuance of movement control order in middle of May 2020.

In line with the increase in revenue, PBT rose RM0.99 million or 74% against preceding quarter.

#### **B2** Prospects

The Malaysian economy recorded smaller contraction of 2.7% in third quarter of 2020 (2Q 2020: -17.10%), with construction sector recording a lower negative growth of 12.4% (2Q 2020: -44.5%), signalling recovery ahead. However, the recent hike in COVID-19 cases in the country might hold back growth due to unavoidable reintroduction of conditional movement control order (CMCO) as a measure to contain the spread of Covid-19 virus.

Nonetheless, the Group is confident of its performance for the remaining period up to the end of the financial year 2020, on the back of its remaining orderbooks amounting RM408.68 million and expected completion of corporate proposals as explained in Note B5 in fourth quarter 2020.

The Group strives to operate under strict compliance to Standard Operating Procedures (SOP) to avoid spreading of the virus at sites and to minimize its impact on business activities.
